Proposed by Nanabhai N. Katrak, Esq., seconded by Ibrahim Rahimtoolla, Esq.—

No. 316. "That Dr. Cowasjee Hormusjee do take the chair."

Carried.

The minutes of the meeting held on the 31st ultimo were signed.

In accordance with notice of motion, it was

Proposed by Fazulbhoy Visram, Esq., C.I.E.—

No. 317. "That Bhalchandra Krishna Bhatawadekar, Esq., be appointed Chairman of the Standing Committee for the year 1897-98."

The motion was seconded by T. W. Cuffe, Esq., and *carried with acclamation.*

The seal of the Corporation was affixed to deed of contract (1) with Messrs. Richardson and Cruddas for the supply of four steam engines for flushing gullies and (2) with Messrs. Macbeth Brothers & Co. for supplying and fixing a windmill and pump in the compound of the drainage office at Foras Road.

The seal of the Corporation was affixed to the following 69 Municipal Debentures :—25 attested duplicate debentures of the Tansa Water Works Loan, Nos. 9643/44, 9745/46 to 9755/56, 14851/52, 14855/56, 19268/69 to 19286/37, 19308/9, 19310/11, 19531/32 to 19537/38, of Rs. 1,000 each; 4 ditto ditto of the Bombay Municipal

Sanitary Works Loan of 1888, Nos. 303/4, 311/12, 313/14 and 733/34, of Rs. 1,000 each; 7 ditto ditto ditto ditto, Nos. 531/40, 1331/40 to 1381/90, of Rs. 5,000 each; 2 subdivided debentures of the Tansa Water Works Loan Nos. 28911 and 28912, of Rs. 500 each; 31 attested duplicate debentures of the Bombay Municipal Sanitary Works Loan of 1885, Nos. 145 NN, 146 NN, 677 NN, 843 NN, 844 NN, 964 NN, 965 NN, 1223 NN, 1294 NN, 1438 NN, 1439 NN, 1440 NN, 2165 to 2168 NN, 2348 NN, 2349 NN, 2512 NN, 2568 NN, 2637 NN, 2641 NN, 3109 NN, 3246 NN to 3249 NN, 3251 NN, 7458 NN, 7459 NN, and 7469 NN, of Rs. 500 each.

No. 320. *Resolved*: "That sanction be given to the cutting-off of water connections as per list accompanying the Commissioner's memorandum No. 623, dated this day."

No. 321. *Resolved*: "That, as applied for by the Commissioner in his letter to the Secretary, No. 150, dated 2nd instant, sanction be given to the acceptance of the tender of Messrs. John Fleming & Co. for the supply of a 14-horse power (nominal) double cylinder high-pressure stationary steam engine and boiler for the Workshops at the cost of Rs. 6,900 as provided for in the Budget Estimates for the current year."

No. 322. *Resolved*: "That, as applied for by the Commissioner in his letter to the Secretary, No. 147, dated 2nd instant, sanction be given, under the terms of Section 69 (*e*) of the Municipal Act, to the variation of contract with Messrs. Richardson & Cruddas for the supply of cast-iron pipes and fittings, whereby the period for the completion of the contract may be extended from 12th December 1896 to 6th February 1897."

No. 323. *Resolved*: "That, as applied for by the Commissioner in his letter to the Secretary, No. 146, dated 2nd instant, sanction be given to the payment, from 1st March last, until such time as the special sanitary measures are discontinued, of allowances to the three Senior Audit Clerks, Chief Accountant's Office, for the Health, Drainage, and Water Works branches, of Rs. 20 per mensem each. The charge to be debited to the grants for the suppression of the plague."

Considered letter to the Commissioner, No. 14, dated 1st instant, as under :—

SIR,—As it will take some time to prepare detailed statements of the unexpended balances of the various lapsed grants (Revenue and Loan) for 1896-97 and previous years which require to be renewed during 1897-98, and as the sums legally due must be paid and works in progress carried on to completion, may I request the favour of your obtaining sanction of the Standing Committee, under section 132 of the Municipal Act, to the payments in the following cases out of the lapsed grants for 1896-97 :—(1) Payments for sanctioned works already done and for establishment and labour already employed. (2) Payment for stores, stationery and other supplies already bought or used and for printing advertisements and other contingent charges. (3) Payment of charges for interest and repayment of loans which became due in 1896-97 but which still remain unpaid owing to the parties not having applied for payment. (4) Adjustment of inter-departmental charges. (5) Payments towards completion of works (still in progress or not yet undertaken up to the limits of the grants already sanctioned. (6) Payments on account of pensions which became due in 1896-97, but which were not drawn by the parties on account of illness or other causes. (7) Payments of compensation for plots of land taken up for street improvements, new roads, &c.

2. An approximate detailed statement of the unexpended balances of the grants for 1895-96 and previous years which are required for payment in 1897-98 will be submitted as early as practicable for the sanction of the Standing Committee and the Corporation.

3. Full detailed statements of the balances of the various grants requiring renewal will be submitted for the sanction of the Standing Committee as soon as the statements called for this day from the different heads of departments are received and the accounts for 1896-97 are finally closed.—I have, &c.,

SORABJI NAVAROJI COOPER, Chief Accountant.

No. 191 of 2ND APRIL 1897.

Forwarded to the Standing Committee for favour of sanction.

P. C. H. SNOW, Commissioner.

Resolved : "That, as applied for by the Commissioner in his memorandum to the Secretary, No. 191, dated 2nd instant, and pending the submission of the detailed statements of the unexpended balances of the various lapsed grants (Revenue and Loan) for 1896-97, sanction be given, under the terms of section 132 of the Municipal Act, to the following payments : (*a*) For sanctioned works already done and for establishment and

No. 324.

labour already employed; (*b*) for stores, stationery, and other supplies already bought or used, and for printing, advertisements, and other contingent charges; (*c*) of charges for interest and repayment of loans which became due in 1896-97; (*d*) towards completion of works still in progress or not yet undertaken up to the limits of the grants already sanctioned; (*e*) on account of pensions which became due in 1896-97, but which were not drawn by the parties on account of illness or other causes; (*f*) payments of compensation for plots of land taken up for street improvement, new roads, &c.

"That sanction be also given to the adjustment of inter-departmental charges provided that the sanctioned grants under each budget head are not exceeded and that the unexpended portion of each grant is applied only to payments under that grant."

Considered letter to the Secretary, No. 28644, dated 31st ultimo, from the Commissioner as under :—

SIR,—I have the honour to state that the Corporation Resolution No. 14090 of the 15th instant, apparently passed in reference to my letter No. 26361 of the 8th idem, submitting proposals for the sanction of the Standing Committee and the Corporation in regard to the purchase of land for the extension of the Sewree Cemetery, does not contain any provision for the purchase of the ground in question and for the payment of the necessary funds on that account pending the raising of a loan.

2. The Corporation however, under their Resolution No. 14435 of the 25th instant, para. 4, have sanctioned the payment of Rs. 84,668 for the purchase of land for the Sewree Cemetery including charges for filling in by advances from surplus balances to be subsequently adjusted when the loan of Rs. 25 lakhs is raised.

3. I may point out that in para. 4 of my letter No. 26361 of the 8th instant I stated as follows :—

"In the Loan Works Budget for 1897-98 a sum of Rs. 84,668 has been provided for the extension of the burial ground at Sewree. The amount has been entered in the statement accompanying my application for sanction to the raising of a loan of 23¼ lakhs. It will thus be seen that a provision will have to be made for Rs. 2,443, being the difference between the estimated amount and the amount provided for in the Budget. This will be defrayed as follows :—

Rs. 1,983 from the margin included in the proposed 23¼ lakhs loan.

Rs. 460 from such savings as may be effected on the different works included in the 23¼ lakhs loan, for which I request the sanction of the Standing Committee and the Corporation."

4. As the estimated amount required in connection with the ground required for the extension of this cemetery is Rs. 87,111, and, as the Corporation Resolutions quoted above do not sanction the proposal described in para. 3 of this letter, I request the necessary sanction of the Standing Committee and the Corporation to the same.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 325. *Resolved* : "That letter to the Secretary, No. 28644, dated 31st ultimo, from the Commissioner be forwarded to the Corporation with reference to their Resolutions Nos. 12034, 12035, 14090, and 14435 of 1896-97 and with the recommendation that sanction be given to the grant of Rs. 2,443 for contingent charges in connection with the acquisition of land for the extension of Sewree Cemetery, making the total grant for the work Rs. 87,111. That the additional grant of Rs. 2,443 be met as follows : Rs. 1,983 from the margin included in the proposed loan of Rs. 25,00,000 and Rs. 460 from savings to be effected on the different works included in the said loan."

No. 326. *Resolved* : "That letter to the Secretary, No. 148, dated 2nd instant, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the grant of Rs. 9,000 from Surplus Cash Balance to provide for the salary of the Deputy Commissioner for six months from 3rd ultimo."

Considered again letter to the Secretary, No. 28568, dated 30th ultimo, from the Commissioner, requesting sanction to the pay of Mr. Easdon, House Surgeon, Gokuldas Tejpal Hospital, being increased from Rs. 300 to Rs. 400 per mensem from 1st instant.

No. 327. *Resolved* : "That letter from the Commissioner to the Secretary, No. 28568, dated 30th instant, and accompaniment thereto, be forwarded to the Corporation with the recommendation that sanction be given to the pay of Mr. Easdon, House Surgeon, Gokuldas Tejpal Hospital, being increased from Rs. 300 to Rs. 400 per mensem from 1st April 1897."

Considered again letter to the Secretary, No. 27201, dated 16th ultimo, from the Commissioner, requesting sanction to the carrying out (1) of the improvements in

existing side drains along Bhoiwada Cross Road and a portion of Bhoiwada and (2) of the construction of new side drains along portions of Dadar Road and improvements in the existing water-course from Dadar Road under the Railways to a point between Elphinstone Road and Dadar Railway Station. The charge to be met by advances from Surplus Cash Balance or other loan funds pending inclusion of the amount in any future loan the raising of which may be sanctioned.

Proposed by Nanabhai N. Katrak, Esq., seconded by T. W. Cuffe, Esq.—

No. 328. "That letter to the Secretary, No. 27201, dated 16th ultimo, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the carrying out of the improvements in existing side drains as under at a cost of Rs. 30,475 and as detailed in the estimates accompanying the letter, *viz.*, (1) along Bhoiwada Cross Road and a portion of Bhoiwada Road, (2) new side drains along portions of Dadar Road and improvements in the existing water course from Dadar Road, under the Railways to a point between Elphinstone Road and Dadar Railway Station.

"The charge to be met by advances from Surplus Cash Balance or other loan funds pending inclusion of the amount in any future loan the raising of which may be sanctioned.

"That in the opinion of the Standing Committee these drains should be so constructed as to allow, as far as possible, of their being utilized for surface drainage from such time as the districts in question are provided with a complete system of sewerage."

Carried.

Proposed by R. H. Vincent, Esq., C.I.E., seconded by Nanabhai N. Katrak, Esq.—

No. 329. "That, with reference to their Resolution No. 241, dated 5th instant, the Corporation be recommended to sanction the grant of Rs. 5,000 from Surplus Cash Balance for the cost of illuminating and enclosing the address of congratulation from the Corpor-

ation to Her Imperial Majesty the Queen-Empress on the occasion of the celebration of the Diamond Jubilee of her reign.

"That the Chairman be requested to apply to the Corporation to consider this Resolution as urgent business at their meeting to be held to-morrow."

Carried.

Read letter, No. 625, dated this day, from the Commissioner to the Secretary as under :—

SIR,—I have the honour to state that the Collector of Thana has applied to me on behalf of the Thana Municipality for a supply of water from the Tansa main by a 6" pipe. 2.—In the 1st instance he stated that the Bombay Municipality should give water free to the extent of 100,000 gallons per diem from April to June and thereafter at the rate of 4 annas per 1,000 gallons on the ground that the population of Thana has been increased to the extent of at least 10 per cent. by the immigration of fugitives from the plague-stricken districts in Bombay, who are paying water rate but receive no water in Bombay, while they use water at Thana and pay nothing for it. 3.—In a further letter he writes to me as follows: "The water in the Pokhram Tank is failing, and, unless the Bombay Municipality come to the aid of Thana, there may be serious difficulty in the next two months. It is hoped that the offer of the Municipality to pay the same rates as Kurla will induce the Corporation to give water at least as a temporary measure." 4.—The Executive Engineer reports that, taking into consideration the special circumstances of the case, if it is decided that Thana may be allowed to have a supply of water, it could be given by making a connection with a clearing sluice on the 48" Tansa main near the Pokhram Road. 5.—As there is no danger of a short supply of water in Bombay, I recommend that the Municipality at Thana be supplied with water at the rate of rupee one per 1,000 gallons, provided they bear the expenses of connection and meter. The concession should be in force for three months only. Under the circumstances I request the sanction of the Corporation to the proposal.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : "That letter from the Commissioner to the Secretary, No. 625, of this day's date, be forwarded to the Corporation with the recommendation that the Commissioner be authorized to supply water to the Thana Municipality up to the end of June next at the rate of twelve annas per 1,000 gallons on condition that the said Municipality pays all charges of connection with the Tansa main and delivery of the water as well as of meter hire and of disconnection charges.

No. 330.

"That the Chairman be requested to apply to the Corporation at their meeting to be held to-morrow to consider this resolution as urgent business."

Read letter to the Secretary, No. 145, dated 2nd instant, from the Commissioner as under :—

SIR,—I have the honour to forward copy of letter No. 4006, dated 29th March 1897, from the Special Drainage Engineer and to request the sanction of the Corporation to Mr. Smith's proposals as therein contained. The Corporation decided to wait and see how the Shone system worked in Colaba before sanctioning the provision of the necessary machinery for extending it to the remaining sectional sewerage districts of the City south of Elphinstone Road. Sufficient connections have been made in Colaba and sufficient work got out of the Shone system there to afford a thorough test, and the Special Drainage Engineer, who has been in constant charge and supervision of this work, is thoroughly satisfied with the results. I need hardly point out to the Corporation the extreme need and urgency of continuing the drainage system and the disastrous consequences which may at any time ensue from leaving densely-inhabited districts choked with sewage and sullage, and I therefore request early sanction to the Special Drainage Engineer's proposal.—I have, &c., P. C. H. SNOW, Commissioner.

No. S.D.-4006 of 29TH MARCH 1897.

To THE MUNICIPAL COMMISSIONER.

SIR,—In continuation of my letter No. S.D.-2277 of 5th December 1896, and with reference to your memo. No. 11271 of 9th September 1896, I have the honour to again address you on the subject of the sewerage of the Mazagon sectional sewerage district and the provision of engines, boilers and cast-iron mains for that district and all other sectional districts south of Elphinstone Road. 2.—In my No. S.D.-2277 of 5th December 1896, I pointed out that for several reasons it appeared to me that the choice of the Corporation is practically limited to the Shone system and in your No. 11271 of 9th September 1896 you concurred in that view. 3.—When my proposals were before the Corporation in 1895, the Committee appointed by the Corporation to consider the subject (which Committee included several eminent Engineers) reported favourably upon my proposals involving the extension of the Shone system. 4.—Since then we have had the practical experience of Colaba, and I have no hesitation in affirming in the strongest possible manner that the working of the system there has been pre-eminently satisfactory. 5.—There are now connected at Colaba 20 houses besides the Tramway stable, the air compressor station, the nightsoil depôt, the large municipal laterines near the nightsoil

depôt and the Colaba Railway Terminus. 6.—The discharge of the nightsoil of the bulk of the population of Colaba from the depôt is in itself a very severe test, for, to use the words of the Health Officer in one of his reports, "it must be recollected that the sewer system (by the deposit of fæce in the manner adopted)" is tried as no other system in the world is tried. 7.—It appears to me that no further test can be required and that the time has now come when the Corporation should have no further hesitation in proceeding, according to my proposals with the sewerage of the Mazagon sectional district and the obtainment of machinery required for the sectional districts generally. 8.—Provision for these works has been made in the current Budget, at page 52 whereof they stand as follows:—

Machinery for the sewerage of the Parel, the Old Race Course, the Malabar Hill and Cumballa Hill, the Elphinstone Reclamation and the Fergusson Road and Chinchpokli Sectional Districts (on the Shone system)	Rs.	8,77,625
Mazagon District (Sectional)	,,	3,30,072
Total ...Rs.		12,07,697

9.—Numerous small projects for the temporary alleviation of nuisances in the various districts concerned are continually being taken up and the expenditure on further projects of the kind would be obviated if the comprehensive system were adopted.—I have, &c., JAMES W. SMITH, Special Drainage Engineer.

No. 331. *Resolved*: "That letter to the Secretary, No. 145, dated 2nd instant, and letter No. S.D-4006, dated 29th March last, from the Special Drainage Engineer be forwarded to the Corporation with the recommendation that sanction be given to the sewerage of the Mazagon sectional district being proceeded with and to the purchase of the machinery required for the sewerage of that district and of the sectional districts generally—namely, purchase of machinery for the sewerage of the Parel, Mazagon, the Old Race Course, Malabar Hill and Khambala Hill, Elphinstone Reclamation, the Fergusson Road and Chinchpokli Sectional Districts on the Shone system, Rs. 8,77,625; Sewerage of Mazagon District Sectional, Rs. 3,30,072; total Rs. 12,07,697. The cost to be met from the budget provision for the current year (Loan Works to be provided out of loan).

"That the Chairman be requested to apply to the Corporation at their meeting called for to-morrow to consider this resolution as urgent business."

Proposed by Cowasjee Hormusjee, Esq., seconded by K. M. Shroff, Esq.—

"That the consideration of the following be further postponed until next week:—Letter to the Secretary, No. 26338, dated 8th ultimo, from the Commissioner, requesting sanction to the expenditure of Rs. 2,50,000 to provide for the purchase of land and construction of certain new roads in Agripada district; the amount to be met from the sale proceeds of surplus and taken up thereat as realized from time to time."

No. 332.

Carried.

Resolved: "That the following be *recorded*:—Memorandum No. 28660, dated 31st ultimo, from the Commissioner, forwarding letter to himself, No. $\frac{W}{\frac{12331}{115}}$ dated 30th idem, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost (1), Rs. 16,856-13-11, of departmental works and (2), Rs. 2,817-1-11, of private works done up to 28th March 1897 in respect of the alterations of the water-supply in the various parts of the City in connection with the special measures adopted for the suppression of the bubonic plague."

No. 333.

The consideration of the Corporation's Resolution, No. 265 of the 5th instant, regarding the Commissioner's proposal for the raising of a loan of Rs. 50,00,000 was postponed until the next meeting of the Standing Committee.

The consideration of letter No. 617 of this day's date from the Deputy Commissioner to the Secretary, forwarding letter No. $\frac{W}{\frac{152}{68}}$, dated 6th instant, from the Acting Deputy Executive Engineer, Water Works, on the subject of the levy of water rates by meter measurement and the hire of meters during 1897-98 was postponed for a fortnight, and it was agreed that in the mean time the papers be circulated to the Standing Committee.

Read letter, dated 1st instant, to the Chairman as under:—

RESPECTED SIRS,—I, the undersigned, most humbly and respectfully beg to inform your honours that in 1st and 2nd Edulji Cooper Street there is one buffalo stable opposite my house and the other

stable is by the side of the house which are very injurious to the health. One box of about 3′ high and 3′ long has been kept in the stable which is daily to be filled in with buffaloes, during and whilst the same to be removed by 3 o'clock at night and early in the morning it is caused very stingy nuisance and owing to this we could get no rest in our house, also a dust cart has been placed opposite my house which is a second nuisance. That many people died in neighbouring houses and some people died in Parsee Framji Chakloo.

Under these circumstances may I now beg to request and pray your honours will kindly cause an immediate inquiry to be made into this matter that the above buffaloes' stables may be removed therefrom and that the fear of bubonic plague will be avoided.

For which act of kindness I shall feel highly obliged.—I beg, &c.,

BORA MAHOMEDALI DAWOODJI,
1st Edulji Cooper Street.

Resolved: "That the following be referred to the Commissioner for favour of remarks :—Letter to the Chairman, dated 1st instant, from Bora Mahomed Ali Dawoodji requesting that the buffalo stables in 1st and 2nd Edulji Cooper Streets may be removed therefrom."

No. 335.

Read letter, dated 2nd instant, to the Chairman of the Standing Committee and the Corporation :—

SIRS,—I have the honour to place before you copies of correspondence which has taken place between myself, the Municipal Commissioner, the Health Officer, the Executive Engineer, and the Drainage Engineer of the Municipality on the subject of a drain for the conveyance of well water from a well situated near my premises in Khetwadi 5th Lane. This drain was an old one, but was destroyed by one Mr. C. C. Borges as far back as the month of October last while building his new house in the above-mentioned lane. This drain being an old casement, the said Mr. Borges had no right to destory it, and he having done so, he is clearly bound to provide a similar casement in his own premises. The Standing Committee will see from the correspondence that the force of this argument is admitted by the Municipal authorities, but they have not restrained the said Mr. Borges from building over the drain; on the contrary they have allowed him to freely build over the drain, and have consoled me with the idea that they would take action under section 258 of the Municipal Act after the said Mr. Borges completes his new building. The new building is now completed to all practical purposes, but as there seem to be no

signs of any action being taken by the Municipality in the matter, I most respectfully pray to the Standing Committee for redress, and beg that the said Mr. Borges should be compelled to restore the old casement or provide a new one.

I need hardly point out that it would have been easier for the Municipality to take action when the building work was newly started rather after its completion. Awaiting the favour of an early reply, I beg, &c., ADERJI COWASJI COOPER, 4th and 5th Khetwadi Lane.

No. 336. *Resolved* : " That the following be referred to the Commissioner for favour of remarks :—Letter, dated 2nd instant, from Mr. Aderji Cowasji Cooper on the subject of a drain near his premises at Khetwadi 4th and 5th Lanes for the carriage of water from a well thereat."

No. 337. *Resolved* : " That the following be forwarded to the Commissioner for favour of remarks in continuation of the Committee's Resolution No. 13708 of the 10th ultimo:—Further letter to the President, dated 1st instant, from Mr. Nadershaw H. Sukhia, L. M. & S., on the subject of the improvement of the condition of the City."

No. 338. *Resolved* : " That the following be *recorded* :—Memorandum No. 28659, dated 31st ultimo, from the Deputy Commissioner, forwarding, for information of the Standing Committee, letter to himself, No. $\frac{W.}{\frac{12241}{531}}$, dated 27th idem, from the Acting Deputy Executive Engineer, Water Works, reporting that a burst occurred on the 48″ main at new Wari Bunder Road near the Mazagon Bridge on the 20th March 1897, and that the repairs were completed on the 22nd idem and the water again turned on at 9 p.m. the same day."

In accordance with notice of motion, it was proposed by Kaikhosro N. Kabraji, Esq.—

No. 339. " That the Municipal Commissioner be requested to report (1) whether the huts and houses in the City are now being inspected by Municipal officers systematically and on what system if any ; (2) whether he has passed any orders on the subject, and to submit copies of such orders if any; (3) whether any houses have already been destroyed by the Municipality under such orders, and, if so, how many ; (4) whether the Plague

Committee have given any instructions on the subject; (5) whether the Health Officer or the Executive Engineer have represented the inadvisability of the wholesale destruction of houses and huts until new buildings are constructed by private individuals or until accommodation is afforded by the Municipality for the people that may be driven out of such houses and huts, and, if so, to submit copies of their reports; and (6) whether any such wholesale destruction of houses and huts is intended to be proceeded with and, if so, on what principle."

The motion was seconded by K. M. Shroff, Esq., and *carried.*

The following returns were read and *recorded*:—

No. 340. Returns of fires at Arthur Bunder (Lower Colaba) and Arthur Bunder (The Fort Press), forwarded with the Commissioner's memorandum No. 90, dated 1st April 1897.*

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 4th April 1897.†

No. 341. *Resolved* : "That, as applied for by the Commissioner in his memorandum No. 632 of 1897-98, sanction be given to the payment of an advance of Rs. 35,000 to Mr. Sitaram Laksman for work done under his contract dated 5th November 1895 for sewerage works in and for a portion of the Umberkhadi sewerage district.

"That this payment is sanctioned without prejudice to the rights of the Corporation under the terms of the said contract."

No. 342. *Resolved* : "That, as applied for by the Commissioner in his letter to the Secretary, No. 400, dated 5th instant, sanction be given to the purchase from Messrs. Leopold & Co. of disinfectants of different descriptions required in connection with the measures for the suppression of the bubonic plague in excess of the contract quantities specified in the contract on payment of 5 per cent. extra over the rates sanctioned by the Committee in their Resolution No. 9946 of the 23rd December last."

* *See* Appendix C. † *See* Appendix B.

Resolved : "That the following be *recorded* :—Letter
No. 343. to the Secretary, No. 398, dated 5th instant, from the Commissioner, stating, with reference to the Standing Committee's Resolution No. 13686, of the 10th ultimo, that Messrs. No. 618. *Resolved* : "That the following be *recorded* :—Memorandum to the Secretary, No. 618, dated 7th instant, from the Commissioner, forwarding letter to himself from the Chief Accountant, No. 117, of same date, reporting that 4 per cent. Bombay Port Trust Bonds for Rs. 5,00,000, repayable in 1922, have been repurchased from the Bank of Bengal at par, and a contract for the sale of the same to the Bank on 1st June next at 100-9-4 per cent. has also been furnished by the Municipal Brokers, Messrs. Merwanji and Byramji, whereby the Municipality will obtain net interest on the sum of Rs. 5,00,000, at 3½ per cent. per annum. The contract for the sale of the bonds is subject to the conditions mentioned in the Standing Committee's Resolution No. 14673 of the 31st ultimo as regards the sale of the bonds to the Bank of Bengal earlier than 1st June 1897, as may be required from time to time."

Considered letter from the Commissioner to the Secretary, No. 679, of the 8th instant, as follows :—

SIR,—I have the honour to state that the Health Officer has brought to my notice the urgent necessity of connecting the houses on Khambala Hill with the new sewers constructed in that district with the view to the abolition of the present objectionable cesspools. There are about 200 houses in the district, which will have to be connected. The cost of the street drainage connections of these houses amounts to about Rs. 7,000, and this can be met from the grant of Rs. 1,00,000 sanctioned by the Corporation for the purpose. A grant of Rs. 1,620, as shown below, will, however, be required for additional survey and supervising staff as the establishment already sanctioned for house connection work for Colaba, Mandvi and Parel Sewerage districts will not be available for this work. The additional staff required is as under :—

	Rs.
One Inspector who should be a plumber	125
One Plumber	75
One Mistri	40
Two Surveyors, at Rs. 80 each	160
One Tracer...	30
One Clerk	30
Eight Lascars	80
Per month, Rs. ...	540
For 3 months, Rs. 540×3=1620	

I request the sanction of the Standing Committee to the employment of this establishment and to its cost for 3 months, namely, Rs. 1,620, being met out of the contingency provision for the Khambala Hill Sewerage Works.—I have, &c., P. C. H. SNOW, Commissioner.

No. 619. *Resolved* : "That, as applied for by the Commissioner in his letter to the Secretary, No. 679, dated 8th instant, sanction be given to the employment of the following establishment required for the survey and supervision of the work of street drainage connections of about 200 houses on Khambala Hill with the new sewers constructed in that district for three months:—One Inspector (who should be a Plumber), Rs. 125; one Plumber, Rs. 75; one Mistri, Rs. 40; two Surveyors at Rs. 80 each, Rs. 160; one Tracer, Rs. 30; one Clerk, Rs. 30; eight lascars, Rs. 80; total Rs. 540 per mensem, or Rs. 1,620 for three months. The charge to be debited to the contingent provision for the Khambala Hill Sewerage works."

No. 620. *Resolved* : "That, with reference to the Deputy Commissioner's letter to the Secretary, No. 576, dated 7th instant, the Standing Committee approve,

Read letter No. 1056, dated 13th instant, from the Commissioner to the Secretary as under :—

SIR,—In the current year's budget a sum of Rs. 2,500 has been provided to meet the expenses of purchasing firewood for cremating dead bodies at the Haines Road Cemetery. 2.—The Acting Health Officer reports that during the last month 574 dead bodies were cremated at this cemetery and that 521 khandies of firewood were consumed at a cost of Rs. 1,872-5-6. 3.—The balance now available is Rs. 627-10-6, which will not be sufficient to meet further charges, and, taking into consideration the present state of the public health, it cannot be stated what amount will be required up to the end of the year. The Acting Health Officer requests that provision should be made for three months for the present on the basis of the last month's expenditure, reserving the balance shown above for further requirements. 4.—Under the circumstances I request the sanction of the Standing Committee and the Corporation to supplement the grant by Rs. 5,600, to be defrayed from the Surplus Cash Balance.—I have &c.,

P. C. H. SNOW, Commissioner.

Resolved : "That letter to the Secretary, No. 1056, dated 13th instant, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the grant of Rs. 5,600 from Surplus Cash Balance to provide for the estimated additional charges during the ensuing three months on account of wood for cremation purposes."

Read letter No. 1264, dated this day, from the Commissioner to the Secretary as under :—

SIR,—I have the honour to forward herewith a copy of letter, dated the 15th ultimo, from Messrs. Cursetjee & Sons in regard to the compensation they claim for selling 127 pairs of bullocks to the Municipality. As the Executive Health Officer recommends that the contractors should be compensated, taking into consideration the present state of the market, I request the sanction of the Standing Committee to the payment of the amount of Rs. 825-8-0 to them out of my discretional contingent grant.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 1106.

KIRKEE, 15*th March* 1897.

To THE EXECUTIVE HEALTH OFFICER,
Municipality of Bombay.

SIR,—With reference to your letter No. 45081, dated the 10th instant, regarding the compensation claimed by us on account of the enhanced rates of fodder for the bullocks recently supplied to your department owing to the prevailing scarcity in the Deccan, we beg to inform you that the ordinary cost of feeding alone with hay and kurbee in a *fair* season comes to about 9 to 10 rupees per pair per month, whilst during these days of scarcity the cost comes to 16 to 17 rupees per month. The rates for dry kurbee and hay that generally rule in this district in the fair season are as follows :—Hay, 9 to 10 rupees per 1,000 lbs. ; kurbee, 25 to 30 rupees per 1,000 bundles. The present rates for these in the Poona district have gone up to more than 60 per cent. *higher* since October last. Consequently the difference comes to Rs. 6-8-0 per pair, at which rate we expect to be compensated, *viz.*, Rs. 825-8-0 for the 127 pairs supplied, and this, we trust, you will find a moderate estimate. We had to keep each lot of bullocks feeding for nearly a month in order to improve their condition. Trusting our application will meet with your favourable consideration.—We are, &c.,

CURSETJEE & SONS.

Resolved : "That, with reference to letter to the Secretary, No. 1264, dated this day, from the Commissioner, the Standing Committee approve of the payment from the grant for Discretional Contingencies of the sum of Rs. 825-8-0 to Messrs. Cursetjee & Sons of Kirkee in respect of additional expenses incurred by them in supplying the Corporation with the 127 pairs of bullocks referred to in Messrs. Cursetjee & Sons' letter to the Health Officer, No. 1106, of 15th March last."

No. 633.

Read letter No. 945, dated 12th instant, from the Commissioner, to the Secretary, as under :—

SIR,—I have the honour to state that, in consequence of the transfer of Mr. C. C. James, Drainage Engineer, to the Plague Committee, Mr. J. W. Smith, Special Drainage Engineer, has been placed in charge of the Drainage Department in addition to his own duties from the 9th ultimo. For this extra work he is under the rules entitled to a monthly allowance of Rs. 350 in addition to his own salary, to the payment of which I request the sanction of the Standing Committee.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved: "That, as applied for by the Commissioner in his letter to the Secretary, No. 945, dated 12th instant, sanction be given to the payment of an allowance of Rs. 350 per month from 9th ultimo to Mr. J. W. Smith, Special Drainage Engineer, while in charge of the Drainage Department in addition to his own duties in consequence of the transfer of the services of Mr. C. C. James, Drainage Engineer, to the Plague Committee. The charge to be debited to savings in the pay of the Deputy Executive Engineer, Drainage, whilst so transferred."

No. 634.

Resolved: "That, as applied for by the Commissioner in his letter to the Secretary, No. 1186, of this day's date, sanction be given to the acceptance of the tender of Messrs. Sullemanjee Ali Mahomad & Co., the only tender received for the construction of sewerage works in Bapty Road and in a portion of the old Race Course District at the cost of Rs. 35,846."

No. 635.

Resolved: "That, as applied for by the Commissioner in his letter to the Secretary, No. 1184, of this day's date, sanction be given, under the terms of section 69 (*e*) of the Municipal Act, to the variation of the contract with Messrs. Littlewood and Pallonjee for the work of covering the storage basin of Bhandarwada (John Hay Grant) Reservoir and constructing filters over the basin, whereby the contractors may be allowed to withdraw the sum of Rs. 6,863-0-6 retained as additional security for the performance of their contract on their depositing with the Corporation in lieu thereof Government promissory notes of the value of Rs. 6,800."

No. 636.

Read letter No. 1183, dated this day, from the Commissioner to the Secretary as under:—

SIR,—I have the honour to state that, on account of the outbreak of the bubonic plague in the quarters occupied by the Municipal halalkhors in Peru Lane, I considered it advisable to remove these people from them and to provide accommodation for them elsewhere.

2. The chawls with open ground bearing Ward Nos. 3593-94 and 3595-96, Umarkhari Road, belonging to Mr. Keshowjee Kalianji, were accordingly occupied from the 6th February last at a monthly rental of Rs. 279 inclusive of Municipal taxes, the owner agreeing to do all the repairs required to the building including tile-turning, lime washing, dammering, &c.

3. At present these chawls have been occupied by 192 halalkhors belonging to the Health Department and 6 halalkhors belonging to the Drainage Department. They are charged rent at the rate of Annas 10 per month per head, which amounts to Rs. 123-12-0 per mensem. It is, however, expected that more people will be accommodated there.

4. Before the chawls were occupied by the halalkhors, I had to agree to lease them for a period of five years, and, as the owner is willing to give the Municipality option to renew the lease for a further period of five years, I request the sanction of the Standing Committee and the Corporation to the proposal of leasing them for a period of five years with option to renew the lease for a further term of five years, the rent at the rate of Rs. 279 per month being met from the Surplus Cash Balance from the date of their occupation to the end of the current financial year. Provision for rent for 1898-99 will be made in the Budget of that year.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 637. *Resolved* : "That letter to the Secretary from the Commissioner, No. 1183, of this day's date, be forwarded to the Corporation, with the recommendation that sanction be given to a lease being entered into with Mr. Keshowjee Kalianjee for the occupancy of chawls with open ground bearing ward Nos. 3593-94 and 3595-96, Umarkhadi Road, for the period of five years from 6th February last at the monthly rental of Rs. 279 inclusive of taxes, required for halalkhors of the Health Department. The lessor to bind himself to execute all necessary repairs to the building, to provide for tile-turning, lime-washing, dammering, &c., and the Corporation to have the option of renewing the lease for a further period at the rental above specified.

"That the Corporation be further recommended to sanction the payment of Rs. 3,577-2-10 from surplus cash balance to provide for the rent of the said premises from 6th February last to the end of the current year."

No. 638. *Resolved* : "That, as applied for by the Commissioner in his memorandum to the Secretary, No. 1238, of this day's date, sanction be given to the acceptance of the tender of Messrs. Vithal Sayana & Co., the lowest of the tenders received, for the work of improving the side drains in the Khetwadi district at schedule rates aggregating Rs. 38,528-10-6."

Read letter from the Commissioner to the Secretary, No. 1265, of this day's date, and accompaniment thereto, as under :—

SIR,—I have the honour to forward herewith a copy of the Executive Engineer's letter No. 452 of the 10th instant, and to request the decision of the Standing Committee as to whether the tender of Messrs. Sorabji Shapurji & Co. for the supply of castings during 1897-98 should be accepted on the terms mentioned by them. I may state that I see no objection to accept the offer.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 452 OF 10TH APRIL 1897.

To THE MUNICIPAL COMMISSIONER.

SIR,—I have the honour to state that, as no tenders for the supply of iron castings during the year 1897-98 were received in response to the advertisements in the local papers, the firms mentioned in the margin were specially requested to submit their tenders for the supply.

Messrs. Sorabji Shapurji & Co.
" Richardson & Cruddas.
" Alcock, Ashdown & Co.
" George Gahagan & Co.
The Napier Foundry Iron Works.

The Napier Foundry and Iron Works and Messrs. Alcock, Ashdown & Co. have sent no reply. Messrs. George Gahagan & Co. state that they are not in a position to enter into a fixed contract this year. Messrs. Richardson & Cruddas and Messrs. Sorabji Shapurji & Co. are the only firms who have sent in their tenders. The accompanying statement marked $\frac{I.C.}{7949}$ shows in a comparative form the rates quoted by these firms for each description of iron castings.

Messrs. Sorabji Shapurji & Co. request that, in view of the present unsettled state of the market and the difficulty of obtaining labour, the clause, draft of which accompanies their letter T. No. 397, dated 6th April 1897, should be inserted in the contract.

In like manner Messrs. Richardson & Cruddas state that "it must also be understood that all our tenders are submitted, subject to the condition that we are not prevented from executing such contracts by circumstances beyond our control such as labour difficulties on account of plague and any similar cause." This firm have besides made their tender on the basis of an agreement for two years.

The rates tendered by Messrs. Sorabji Shapurji & Co. being more favourable, I beg to recommend the acceptance of the same.—I have, &c., M. C. MARZBAN, Executive Engineer.

Resolved : "That the consideration of letter from the Commissioner to the Secretary, No. 1265, of this day's date, and accompaniment thereto, be postponed until the next meeting."

No. 639.

Resolved: "That the list of irrecoverable bills for taxes forwarded to the Secretary with the Deputy Commissioner's letter No. 1263 of this day's date, be circulated to the Committee."

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 18th April 1897.*

Read letter to the Secretary, No. 1407, dated this day, from the Commissioner as under :—

SIR,—I have the honour to state that, in accordance with the Resolution of the Standing Committee No. 13256, dated 3rd March 1897, tenders were invited by advertisement in the local papers for the supply of coal during the year 1897-98 under an annual contract.

Only one tender from Mr. Bomonji Edulji Kassinath was received in response to the advertisements; but as the rates quoted therein were only for Powell's Duffryn Cardiff unscreened coal and for Indian coals, it was not forwarded to the Standing Committee for consideration.

Messrs. Dadabhai Hormusji & Co., to whom annual contracts for the supply of coal were let in former years on several occasions were thereupon interviewed by the Executive Engineer, and they have agreed to supply coal required by the Municipality during the year 1897-98 at the schedule rates mentioned in the accompanying tender.

These rates include all charges for taking delivery from the ships in lighters, carting the coal to the different stations and there unloading, weighing and stacking the same in such manner and place as directed.

The rates appear to me to be reasonable. If the Standing Committe are of the same opinion, the tender may be accepted without again inviting fresh tenders by advertisement, as it will save a great deal of trouble and inconvenience now experienced in purchasing coal from time to time. In submitting their tender, Messrs. Dadabhai Hormusji & Co. object to clause 7 of the contract accompanying the tender.

Under this clause the contractors are bound to meet all demands of the Municipality, while the latter are free to obtain their supplies from other sources if they choose to do so. The effect of this would be that, while the Municipality would be free to obtain coal from other persons when the market rates are lower than those of Messsrs. Dadabhai Hormusji & Co., the contractors could be called upon to supply coal at their prices when the market rates are equal to or higher than theirs.

* *See* Appendix B.

The contractors' contention appears to me to be reasonable, and clause 7 may, I think, be deleted.

They also object to clause 5 of the contract, which provides that in cases of dispute as regards quality of coal supplied, the decision of the Municipal Commissioner shall be final and binding on the contractors. Messrs. Dadabhai Hormusji & Co. propose that such disputes should be settled by two surveyors—one to be nominated by them and the other by the Municipality.

I do not approve of this proposal. It is not likely that any serious disputes will arise in this respect. Messrs. Dadabhai Hormusji & Co. have had experience in former years that the Municipality deals fairly with the contractors and they will be asked not to press for this matter; but if they insist on the arbitration clause being inserted, it may be considered.—I have, &c.,

P. C. H. SNOW, Commissioner.

Proposed by Cowasjee Hormusjee, Esq.—

That, with reference to the Commissioner's letter to the Secretary, No. 1407, dated this day, and the Standing Committee's Resolution No. 13256 of the 3rd ultimo, the Committee accord their sanction to the acceptance of the offer of Messrs. Dadabhai Hormusji & Co. for the supply of coal during the year 1897-98 at the following rates :—

	At the Municipal Workshops.	At the Love Grove Pumping Station.	At the Colaba Air-compressing Station.
	Rs. a. p.	Rs. a. p.	Rs. a. p.

Indian coal { Singareni ...	14 4 0	15 0 0	14 12 0
Indian coal { Sibpur	14 4 0	15 0 0	14 12 0

That sanction be given to the omission of the following clause (7) of the usual form of contract for the supply of coal:—

Seventh.—That the Corporation shall be under no obligation to purchase from the Contractor all or any of the said descriptions of coal specified in the said tender, but only such coal and in such quantities as may from time to time be indented for on the Contractor by the said officers in charge of the different departments of the Municipality authorized to make indents, who have the option of purchasing any coal from the market or other Contractors or elsewhere.

That, under the terms of section 72 (3) of the Municipal Act, the Committee dispense with the invitation of tenders, which would otherwise be necessary, as only one tender was received by the Commissioner in response to the advertisement lately published inviting offers for the supply of coal.

Not seconded.

Proposed by T. W. Cuffe, Esq., seconded by Nanabhai N. Katrak, Esq.—

"That the consideration of letter from the Commissioner to the Secretary, No. 1407, of this day on the question of the supply of coal be postponed until the next meeting."

No. 792.

Carried.

Resolved: "That sanction be given to the cutting off of water connections as per list accompanying the Commissioner's memorandum No. 1427, dated this day."

Read letter No. 1592, dated 23rd instant, from the Commissioner to the Secretary as under :—

SIR,—I have the honour to forward herewith a copy of the Executive Engineer's letter No. 327 of the 8th instant, and to request the sanction of the Standing Committee and the Corporation not to levy the fees under the circumstances explained by the Executive Engineer.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 327 OF 8TH APRIL 1897.

TO THE MUNICIPAL COMMISSIONER.

SIR,—I have the honour to state that the Port Trustees propose to erect quarters on the Elphinstone Estate for segregating their employés before the rains. The plans of the buildings have been approved of by this department and the work is, I am informed, to be pushed on and completed without delay.

The Trustees have applied to me for the use of portions of the footpaths on Argyle and Clive Roads and also a portion of the Clive Road itself for depositing building materials of the quarters above mentioned. The required permission has been granted.

Usually, the Municipality charge a fee of anna one per square yard per day for Municipal ground for depositing building materials. As, however, the Port Trustees have recently given to the Municipality the use of their ground free of charge for the erection of segregation huts, and as the quarters proposed to be erected by them will prevent overcrowding and improve the City to a certain extent, I am of opinion that fee should not be charged.

The favour of your instructions in the matter is solicited.—I have, &c.,

M. C. MURZBAN, Executive Engineer.

Resolved : " That letter to the Secretary, No. 1592, dated 23rd instant, from the Commissioner and accompaniment thereto be forwarded to the Corporation with the recommendation that, under the

No. 991.

circumstances stated by the Executive Engineer, the Port Trustees be exempted from the payment which would otherwise be chargeable to them in respect of the deposit of building materials on portions of the footpaths, Argyle and Clive Roads, for the erection of quarters on the Elphinstone Estate for the segregation of work-people employed by the Trustees."

Proposed by Professor O. V. Müller, seconded by Fazulbhoy Visram, Esq., C.I.E.—

That, with reference to the Commissioner's letter to the Secretary, No. 1407, dated 21st instant, and the Standing Committee's Resolution No. 13256 of the 3rd ultimo, sanction be given to the acceptance of the offer of Messrs. Dadabhai Hormusji & Co. for the supply of coal for six months (during the year 1897-98) at the following rates :—

	At the Municipal Workshops.	At the Love Grove Pumping Station.	At the Colaba Air-compressing Station.
	Rs. a. p.	Rs. a. p.	Rs. a. p.

Indian coal { Singareni ...	14 4 0	15 0 0	14 12 0
Indian coal { Silpur... ...	14 4 0	15 0 0	14 12 0

That sanction be given to the omission of the following clause (7) of the usual form of contract for the supply of coal :—

Seventh.—That the Corporation shall be under no obligation to purchase from the Contractor all or any of the said descriptions of coal specified in the said tender, but only such coal and in such quantities as may from time to time be indented for on the Contractor by the said officers in charge of the different departments of the Municipality authorized to make indents, who have the option of purchasing any coal from the market or other Contractors or elsewhere.

That, under the terms of section 72 (3) of the Municipal Act, the Committee dispense with the invitation for tenders which would otherwise be necessary, as only one tender was received by the Commissioner in response to the advertisement lately published inviting offers for the supply of coal.

Amendment proposed by A. G. Viegas, Esq.—

That, in the opinion of the Standing Committee, the present system of purchasing coal should be continued until further notice.

Not seconded.

Amendment proposed by T. W. Cuffe, Esq., seconded by Ebrahim Rahimtoola, Esq.—

That the question of the acceptance of a tender for the supply of English coal be deferred, and that the Commissioner be asked to advertise for fresh tenders for twelve months' supply.

The *amendment* was *lost*, the votes being 2 *for* and 6 *against*.

Amendment proposed by Cowasjee Hormusjee, Esq., seconded by R. H. Vincent, Esq., C.I.E.—

That, with reference to the Commissioner's letter to the Secretary, No. 1407, dated this day, and the Standing Committee's Resolution No. 13256 of the 3rd ultimo, the Committee accord their sanction to the acceptance of the offer of Messrs. Dadabhai Hormusji & Co. for the supply of coal during the year 1897-98 at the following rates :—

	At the Municipal Workshops.	At the Love Grove Pumping Station.	At the Colaba Air-compressing Station.

Indian coal { Sibpur	14 4 0	15 0 0	14 12 0

That sanction be given to the omission of the following clause (7) of the usual form of contract for the supply of coal :—

Seventh.—That the Corporation shall be under no obligation to purchase from the Contractor all or any of the said descriptions of coal specified in the said tender, but only such coal and in such quantities as may from time to time be indented for on the Contractor by the said

officers in charge of the different departments of the Municipality authorized to make indents, who have the option of purchasing any coal from the market or other Contractors or elsewhere.

That, under the terms of section 72 (3) of the Municipal Act, the Committee dispense with the invitation for tenders which would otherwise be necessary, as only one tender was received by the Commissioner in response to the advertisement lately published inviting offers for the supply of coal.

Rider proposed by K. M. Shroff, Esq.—

That the tenderers be informed that in the opinion of the Standing Committee the rates for screened coal are very high.

The rider was accepted as a part of the amendment.

On a division, both the amendment and the original proposition were lost.

No. 993. *Resolved* : "That the consideration of the Corporation's Resolution No. 265 of the 5th instant on the subject of the raising of a loan of Rs. 50,00,000 for expenditure in connection with the suppression of the bubonic plague be further postponed for one week."

Resolved: "That the following be referred to the Commissioner for favour of remarks in continuation of the Committee's Resolutions Nos. 13708, 14243, and 337, dated 10th and 24th ultimo and 7th instant :—Further letter to the Secretary, dated 23rd instant, from Mr. Nadershaw H. Sukhia, L. M. & S., on the subject of the improvement of the condition of the City." No. 997.

In accordance with notice of motion, it was proposed by T. W. Cuffe, Esq.—

"That the Commissioner be asked to furnish a return showing the cost to the Municipality of bringing the meat from the Bandora Slaughter House to Bombay." No. 998.

The motion was duly seconded and *carried*.

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 25th April 1897.*

Read the following letter No. 1871, dated 26th instant, from the Commissioner to the Secretary as under :—

SIR,—I have the honour to forward herewith a copy of Government Resolution No. $\frac{2002}{1462}$ P. of the 12th instant, General Department, and to request the sanction of the Standing Committee and the Corporation to the payment to Government of Rs. 500 per month, being the amount of Municipal contribution towards the salary of Professor Haffkine from the date he took over charge of his work in Bombay. The amount will be debited to the Plague grant.—I have, &c.,

Bubonic Plague.

Pay and allowances of Mr. W. M. Haffkine.

General Department, Bombay Castle,

No. $\frac{2002}{1462}$ P. 12th April 1897.

Letter from the Municipal Commissioner for the City of Bombay, No. 21028, dated the 13th January 1897 :—

"I have the honour to request an expression of the views of Government on the following matter. Professor Haffkine, who is working here, has, I understand, been paid partially in the way of

* *See* Appendix **B**.

expenses incurred by the Government of India and the Government of Bombay. Lately he has incurred a much enhanced expenditure for the purchase of 50 or 60 horses, their keep, &c., which I am obtaining sanction to defray out of the bubonic grants. He has also requested that Dr. Surveyor may be appointed his Assistant on Rs. 500 a month : this matter I am also obtaining sanction for. I want to ascertain clearly from Government whether they or the Government of India intend to contribute to Professor Haffkine's expenditure, as I am informed has been the case in the past, or whether all such expenses should be defrayed in future by this Municipality."

Letter from the Municipal Commissioner for the City of Bombay, No. 21880, dated the 19th January 1897 :

"I have the honour to inform you that I had an interview with Professor Haffkine yesterday, in which he pointed out to me that he was conducting laborious, dangerous, and difficult work in Bombay in connection with the preparation of prophylactic vaccine and antitoxic serum. As far as I can ascertain, the Government of India ordered or advised Professor Haffkine to come here, and I am therefore in doubt, without the instructions of Government, as to what course to pursue in regard to paying a monthly salary or otherwise remunerating Professor Haffkine. He had, I understand, so far been paid nothing in the way of personal salary and is living on his private means, and I gather from him that he would be willing to accept and considers that he ought to receive a salary. On asking him what he thought would be a fair rate of remuneration, he stated that, taking all the circumstances into consideration, Rs. 2,000 a month would be the proper amount.

"If Government consider that any such expenditure should be borne wholly by this Municipality during Professor Haffkine's stay here, I must approach the Standing Committee and Corporation accordingly, as clearly to persist in utilizing Professor Haffkine's services without paying him in return would be unjustifiable. I would point out, however, that both the work he is engaged on and the discoveries it will in all probability lead to partake of an Imperial nature and concern the good of the Empire at large. I am therefore in doubt as to whether it would be the right course to ask the Corporation to bear the whole cost of Professor Haffkine's emoluments ; as it is, I am sanctioning a heavy expenditure for the prosecution of his various researches and experiments. I would point out that I consider the salary suggested rather high, and it would be interesting to ascertain what the Government of India were going to offer the Professor if he took charge of the Pasteur Institute when started."

Letter from the Surgeon-General with the Government of Bombay, No. 748, dated the 22nd January 1897 :

"With reference to your No. 362, dated 21st instant, I have the honour to state, for the information of Government, that both

Mr. Haffkine and Dr. Surveyor are members of the Research Committee, and that the Committee has always given its help and advice to the Municipality, and I see no reason why this procedure should not be continued.

"2. I think Rs. 1,500 a month sufficient pay for Mr. Haffkine, seeing that he has been given a skilled Assistant on Rs. 500 a month, and as the Municipality have agreed to pay Dr. Surveyor Rs. 500 a month; and as Mr. Haffkine's researches are of imperial interest, I beg to recommend that Government and the Municipality should equally divide the cost of his proposed monthly salary."

Letter to the Government of India, Home Department, No. 312-P., dated the 15th February 1897:—

"I am to inform you that a question has been raised as to the salary Mr. Haffkine should receive whilst working in Bombay.

"It is understood by this Government that Mr. Haffkine is a delegate from the Government of India to be a member of the Scientific Research Committee, and that he is also doing independent work and that his salary is a matter with which the Government of India alone are concerned.

"I am to request that the Government of Bombay may be informed whether this understanding is correct."

Telegram to the Government of India, No. 525, dated the 26th February 1897:—

"Your telegram No. 127 of the 24th. Please say whether as far as Government India are concerned Mr. Haffkine is at liberty to receive remuneration also from authority other than Government India."

Telegram from the Government of India, dated the 5th March 1897:—

No. 818, Sanitary. Your telegram 525-P., dated 26th. Mr. Haffkine is working under an agreement with Government of India as to allowances, and until they know precisely what remuneration it is proposed he should receive from other authority, they cannot say whether it is consistent with that arrangement. Please inform Government of India what Government of Bombay would propose."

Telegram to the Government of India, dated the 15th March 1897:—

"No. 908-P. This Government strongly recommend that Mr. Haffkine, in addition to the allowance from the Government of India, should receive Rupees 1,500 per month. This Govern-

ment might pay two-thirds and the Bombay Municipality one-third. Mr. Haffkine's services much appreciated. Please reply by wire."

Letter from the Government of India, Home Department, Sanitary, No. 1094, dated the 26th March 1897 :—

"I am directed to refer to the correspondence ending with your telegram No. 908-P., dated the 15th instant, regarding the grant of a suitable remuneration to M. Haffkine for the work he is now performing in Bombay.

"2. In reply, I am to say that the Government of India agree with the Government of Bombay that M. Haffkine's arduous and much-appreciated services are deserving of substantial remuneration, and they consider that he should be granted salary at the rate of Rs. 2,000 a month with effect from the date on which he commenced work in Bombay, instead of the allowance of Rs. 15 a day which he is now receiving. The Government of India also agree that the salary should be paid partly by the Government and partly by the Municipality, and that the Municipal contribution should be Rs. 500 a month.

"3. It appears to the Governor-General in Council that there is some objection to the proposed arrangement under which part of the remuneration M. Haffkine is to receive from the Government would be paid from Imperial and part from Provincial Revenues. Such an arrangement would be opposed to the principles in which the revenues are administered, and the Government of India would prefer, under present circumstances, that the Government contribution should be charged to Imperial Revenues in the same way as the allowance which M. Haffkine at present receives."

RESOLUTION.—The foregoing letter from the Government of India should be communicated to the officers concerned for information.

2. The Municipal Corporation of the City of Bombay should be asked to pay the suggested contribution of Rs. 500.

J. DEC. ATKINS,
Secretary to Government.

No. 999. "That letter to the Secretary, No. 1871, dated 26th instant, from the Commissioner and Government Resolution No. $\frac{2062}{1462}$ P., General Department, dated 12th instant, be forwarded to the Corporation with the recommendation that sanction be given to the payment to Government of Rs. 500 per mensem as the Municipal contribution towards the salary of Professor Haffkine while engaged in Bombay in the preparation of prophylactic vaccine and antitoxic serum for the bubonic plague.

The contribution of Rs. 500 per mensem to be payable from 8th October 1896, the date when Professor Haffkine took charge of his duties in Bombay and the charge to be debited to the grants sanctioned by the Corporation for the carrying out of the special measures for the suppression of the plague."

Carried.

Read letter to the Secretary, No. 2147, dated this day, from the Commissioner as under :—

SIR,—I have the honour to state that Messrs. Leopold and Company, contractors for the supply of disinfectants, tendered for the supply of cresol at the rate of Rs. 2-10-0 per gallon, but they now state that they are unable to supply it, but, in lieu thereof, they are willing to supply sanitary fluid at the same rate.

The Acting Health Officer reports that as "sanitary fluid" is practically the same as cresol, he has agreed to accept it.

Under the circumstances I request the sanction of the Standing Committee to substitute sanitary fluid for cresol in the contract.—I have, &c.,

P. C. H. SNOW, Commissioner.

Resolved : "That, as applied for by the Commissioner in his letter to the Secretary, No. 2147, dated this day, sanction be given, under the terms of section 69 (*e*) of the Municipal Act, to the variation of the contract with Messrs. Leopold and Company for the supply of disinfectants whereby 'sanitary fluid' may be supplied by the contractors in place of cresol."

COWASJEE HORMUSJEE, Esq., G.G.M.C. ; T. W. CUFFE, Esq ; FAZULBHOY VISRAM, Esq., C.I.E. ; IBRAHIM RAHIMTOOLLA, Esq. ; KAIKHOSRO N. KABRAJI, Esq. ; K. M. SHROFF, Esq. ; PROFESSOR O. V. MULLER, M. A. ; NANABHAI NAVROJI KATRAK, Esq., L. M. & S. ; ACCACIO G. VIEGAS, Esq., L.M. & S. ; R. H. VINCENT, Esq., C.I.E.

P. C. H. SNOW, Esq., I.C.S., Commissioner ; the DEPUTY COMMISSIONER ; and the SECRETARY.

The minutes of the meeting held on the 28th ultimo were signed.

The seal of the Corporation was affixed (1) to deed of conveyance from the Corporation to Mr. Dhurumsey Soonderdas of 3,048·80 square yards or thereabout of Municipal land at Gilder Street ; (2) to deed of conveyance from the Corporation to Borah Tyab Ali Jewakhan of 178·50 square yards or thereabout of Municipal land at Morland Road ; and (3) to deed of contract with Messrs. Salley Mahomed Dharamsi & Co. for the privilege of skinning and disposing of the carcases of dead animals at Kurla.

No. 1200. *Resolved* : "That sanction be given to the cutting off of water connections as per list accompanying the Commissioner's memorandum No. 2760, dated this day."

No. 1201. *Resolved* : "That, as applied for by the Commissioner in his memorandum No. 2421, dated 30th ultimo, sanction be given, under the terms of section 351 (2) of Bombay Municipal Act, III of 1888, to the removal of the following structure built without permission :—

Name of Owner.	Where.
Mr. Dhunjibhai Navroji, one of the Trustees of the Free Church Mission.	Shed at Parsiwada 2nd Street."

Read letter No. 2335, dated 29th ultimo, from the Commissioner to the Secretary as under:—

SIR,—With reference to Corporation Resolution No. 14435 of 25th March 1897, sanctioning the cost of purchasing land for the extension of the Sewri Cemetery, I have the honour to state that negotiations were opened with the owner of the land. He demands a rate of Rs. 5 per square yard. The Executive Engineer considers this rate unreasonable and exorbitant and, as the owner does not seem inclined to reduce it, the purchase will have to be made under the provisions of the Land Acquisition Act. I have, therefore, to request the sanction of the Standing Committee to my applying to Government to acquire the land under the provisions of the aforesaid Act.—I have, &c., P. C. H. SNOW, Commissioner.

No. 1202. *Resolved*: "That, with reference to the Commissioner's letter to the Secretary, No. 2335, dated 29th April 1897, the Standing Committee approve, under the terms of section 91 of the Municipal Act III of 1888, of application being made to Government for the taking up under the Land Acquisition Act of 30,875 square yards or thereabout of ground situated to the north of Sewri Christian Cemetery, the property of Mr. Kuberdas Kanji, and shown in red colour on the tracing marked A, dated this day, and filed in supplement to Minute Books, the said land being required for the extension of the cemetery."

No. 1203. *Resolved*: "That the following be *recorded*:—Letter to the Secretary, No. 2484, dated 1st instant, from the Deputy Commissioner, stating that he has authorized the purchase of a horse for the Fire Brigade at a cost of Rs. 450 in place of one sent to Pinjrapol on 29th March last."

No. 1204. *Resolved*: "That the following be forwarded to the Corporation:—Memorandum to the Secretary, No. 2478, dated 1st instant, from the Deputy Commissioner, reporting the writing off, under the Stock Rules, of Rs. 600, being the book-value of a horse of the Fire Brigade purchased on the 27th February 1894 and sent to Pinjrapol on the 29th March 1897."*

* The horse was suffering from the navicular disease and his age, when purchased, was 7 years.

Considered letter to the Secretary, No. 2169, dated 28th ultimo, from the Commissioner as under :—

SIR,—I have the honour to state that the late Mr. Thomas Glover, the Senior Inspector of the Health Department, who died on the 1st January 1897, drew a personal allowance of Rs. 50 per month from the 1st December 1884, when he was made Senior Inspector in succession to the late Inspector Kent, to whom the allowance was first granted. (2) Inspector A. G. Hallums, who has been in the Municipal service since the 5th December 1867, has been appointed to succeed Inspector Glover. He is a good and reliable Inspector and has been of great use during the prevailing epidemic. (3) Under the circumstances, I request the sanction of the Standing Committee and the Corporation to the continuance, from the 1st March last, of the personal allowance, drawn by Inspector Glover, to Inspector Hallums. There is Budget provision for this allowance.—I have, &c.,—P. C. H. SNOW, Commissioner.

Proposed by R. H. Vincent, Esq., seconded by Fazulbhoy Visram, Esq., C.I.E.—

"That letter to the Secretary, No. 2169, dated 28th ultimo from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the payment, from 1st March 1897, of personal allowance of Rs. 50 per mensem to Mr. A. G. Hallums, Inspector, Health Department, who has been appointed to succeed the late Mr. Thomas Glover, the Senior Inspector, who as such was paid the same allowance. The charge to be debited to the Budget grant for allowance to the Senior Inspector."

No. 1205.

Amendment proposed by K. M. Shroff, Esq., seconded by Kaikhosro N. Kabraji, Esq.—

That, in consideration of the services rendered by Mr. A. G. Hallums in connection with the plague in Mandvi, he be allowed an honorarium of Rs. 500 instead of the personal allowance proposed.

On a division, the amendment was *lost*, the votes being 2 *for* and a majority *against* it.

The original motion was *carried*.

Considered letter to the Commissioner, No. 435, dated 3rd instant, from the Chief Accountant as under :—

SIR,—With reference to para. 2 of this office No. 14, dated the 1st ultimo, I have the honour to forward the accompanying two lists, marked A and B, aggregating Rs. 99,460 and Rs. 17,38,280 respectively, showing approximately the unexpended balances of the grants for 1895-96 and previous years payable out of current revenue and loan funds which are likely to be required for payment during the current official year. (2).—The above lists have been roughly prepared from such information as can be obtained from the records of this office and will have to be carefully revised when the detailed lists called for from Heads of Departments on the 1st ultimo are received and scrutinized by this office and the accounts for 1896-97 are finally closed. (3).—It is requested that very early sanction of the Standing Committee and the Corporation be obtained to payments being made on account of the above grants pending the submission of the detailed final lists.—I have, &c.,

SORABJI NAVROJI COOPER, Chief Accountant.

No. 2710 OF 4TH MAY 1897.

Forwarded to the Municipal Secretary, in continuation of this office No. 191 of 2nd April 1897, for favour of sanction of the Standing Committee and the Corporation.

No. L.R.-653 of 1897.

Bombay Collector's Office, *3rd April* 1897.

To The MUNICIPAL COMMISSIONER, Bombay.

Sir,—With reference to your letter No. 21991, dated the 28th January 1897, I am directed to inform you that, as matters stand, Government see no reason why the collection of rent should be deferred.

I am further directed to collect rent from the Municipality at the revised rate proposed in Government letter No. R-105, dated the 27th August 1895, to the Municipal Commissioner from 1st April 1895, for the area concerned, which is about 30,000 square yards, after deducting the portion to be given on a more favourable tenure. I therefore request that you will be good enough to pay into this office, as soon as possible, Rs. 11,929-3-4 on account of half the rent of the land in question from 1st April 1895 to 31st March 1896 instead of the Rs. 102-8-7 claimed in my letter No. L.R.-39, dated the 6th January 1897. The details of the amount now demanded are—

	Rs.	a.	p.
Half of the rent of the land measuring 30,000 square yards at the revised rate from 1st April 1895 to 31st March 1896	12,000	0	0
Deduct—Rent for 19,687 square yards from 1st April 1895 to 8th December 1895 recovered at the old rate	70	12	8
	Rs. 11,929	3	4

I am further directed to state that, if you desire it, this amount may be paid under protest or without prejudice, but that payment must be made at once.—I have, &c.,

J. M. CAMPBELL, Collector.

No. 307 OF 23RD APRIL 1897.

TO THE MUNICIPAL COMMISSIONER.

A provision of Rs. 10,300, as per margin, was made in the last year's Budget on account of increased rent for the Government land occupied by the Municipal Workshops and the Health Department.

Rent of Government land occupied by the Workshops, &c.	Rs.	5,500
" Incinerator	"	210
" A & B Ward Stables and Chawls, P. H. Department	"	4,950
	Rs.	10,300

The above amount will have to be renewed during the current year, with the exception of Rs. 5,500 for rent of ground for Workshops, which will have to be met by an additional grant from surplus cash balance, which would be enhanced by the profit for last year being larger by the amount of the rent in consequence of the amount thereof not being debited in the past year's accounts as a Workshop charge.

The difference between the amount claimed by the Collector and that of the grants which would lapse is Rs. 1,629-3-4, for which an additional grant from surplus cash balance will have to be obtained with the sanction of the Standing Committee and Corporation.

As, however, the question of the land is still under the consideration of the Corporation and Government, I do not think we can pay to the Collector even the amount already budgetted for without the sanction of the former body.

The Collector will, therefore, have to be informed of our inability, under the above circumstances, to comply with his request before submitting his letter for the consideration of the Standing Committee and Corporation.

SORABJI N. COOPER, Chief Accountant.

Resolved: "That, with reference to the Commissioner's letter to the Secretary, No. 1263, dated 14th ultimo, the Standing Committee approve, under the terms of section 216 of Bombay Municipal Act, III of 1888, of the writing off of Rs. 76-6-0, being the amount of irrecoverable bills in respect of wheel-tax for the quarter ending 31st March 1897." No. 1208.

Resolved: "That, with reference to the Commissioner's memorandum No. 1874, dated 26th ultimo, the Standing Committee approve, under the terms of section 381 of the Municipal Act, of a notice in writing being served on Gulam Hussein Nuraj Mistry requiring him to cleanse the well at his premises at Malakwadi, the condition of which well is offensive." No. 1209.

Resolved: "That, with reference to the Commissioner's memorandum No. 2047, dated 27th ultimo, the Standing Committee approve, under the terms of section 381 of the Municipal Act, of a notice in writing being issued to Mr. Balabhai Bapuji Patel, requiring him to fill up with sweet earth the well at his premises at No. 36, Kavasji Patel Tank Road, as the well is within 8 feet of privies and the water in the well is unfit for domestic purposes." 1st October 1896 to 3rd February 1897.
1st November 1896 to 31st March 1897.

No. 2467 OF 1ST MAY 1897.

Forwarded to the Standing Committee for information.

P. C. H. SNOW, Commissioner.

Resolved: "That memorandum No. 2467, dated 1st instant, from the Commissioner, and statements forwarded therewith, be printed on the minutes of this day's meeting and brought on for consideration at the next meeting."

No. 1211.

Resolved: "That the following be *recorded*:—"Memorandum No. 1900, dated 26th April 1897, from the Commissioner, forwarding letter to himself, No. $\frac{W\text{-}574}{115}$, dated 24th idem, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost (1), Rs. 21,559-7-1, of departmental works, and (2), Rs. 3,863-15-8, of private works done up to 18th of the same, in respect of the alterations of the water-supply in the various parts of the City in connection with the special measures adopted for the suppression of the bubonic plague."

No. 1212.

"Memorandum No. 2405, dated 30th idem, from the Commissioner, forwarding letter to himself, No. $\frac{W}{\frac{748}{115}}$, dated 28th of the same, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost (1), Rs. 21,867-13-8, of departmental works, and (2), Rs. 2,863-15-8, of private works done up to 25th ditto in respect of the alterations of the water-supply in the various parts of the City in connection with the special measures adopted for the suppression of the bubonic plague; these statements including all previous expenditure under these two heads."

Proposed by Professor Muller, seconded by Kaikhosro N. Kabraji, Esq.—

"That, with reference to the Corporation's Resolution No. 265 of the 5th ultimo, forwarding letter from the Private Secretary to His Excellency the Governor, dated 2nd idem, the following be submitted to the Corporation in continuation of the Standing Committee's Resolution No. 14140 of the 17th March last.

No. 1213.

"That, in the opinion of the Standing Committee, it will be necessary to raise a loan to meet the heavy expenditure on account of the bubonic plague.

"That, as the suppression of the plague is admittedly a matter of more than local concern, His Excellency the Governor in Council be requested to ascertain from the Government of India what would be the contribution from Imperial or Provincial Exchequer towards the repayment of the loan.

"That, until the receipt of the Government of India's reply, the raising of the loan and the settlement of the various details in connection therewith be deferred, and that in the meantime the Corporation be recommended to address Government informing them that the Commissioner has applied for a loan of 50 lakhs, and expressing the earnest hope of the Corporation that His Excellency the Governor will strongly urge upon the Government of India the necessity of sanctioning the grant of a fair and reasonable contribution towards the repayment of the loan."

Carried.

Resolved: "That the following be *recorded*:—Memo-
No. 1214. randum No. 2084, dated 27th April 1897, from the Commissioner, reporting, with reference to the Standing Committee's Resolution No. 4484, dated 3rd October 1888, the transfers made on the 14th April 1897 to the Municipal General Pass-Book (*a*) from the 15¾ Lakhs Sewerage, Wari Bunder, &c., Roads, Burial Ground and certain Water Works Loan Deposit Account, Rs. 1,00,000; (*b*) from the Worn-out Water Mains Renewal Fund Deposit Account, Rs. 6,505-6-8; (*c*) from the Net Premia, &c., on different Municipal Loans Deposit Account, Rs. 4,503-12-0; (*d*) from the Municipal Buildings Fire Insurance Fund Deposit Account, Rs. 500-6-8; on 15th idem, (*a*) from the 15¾ Lakhs Sewerage, Wari Bunder, &c., Roads, Burial Ground and certain Water Works Loan Deposit Account, Rs. 50,000."*

No. 1215.

Considered the following :—

BOMBAY, 15*th January* 1897.

To THE PRESIDENT AND MEMBERS OF THE MUNICIPAL CORPORATION.

GENTLEMEN,—We the undersigned licensed stable-keepers of the town of Bombay, beg to keep the few lines before you and pray the following :—

On account of present plague and famine in Bombay, the locality of town is decreased. Three-fourths have already left Bombay. Since last two months we are without any business. Our grooms have left their services and absconded, the grains and hay are dearer than any other years, and on account of all these things we don't get any customers and therefore we can't keep our establishments. We had sent our carriages and horses in the auction for sale. There too we do not get any purchasers.

Our profession is not like the victorias and raklas. They can earn something even by driving in the streets, but we are not allowed to stir from the stable.

† The Chief Accountant, in his letter to the Commissioner, No. 374, dated 29th April 1897, reports that the balance remaining to the credit of the above deposit accounts, after effecting the transfers now reported, stands as under :—

In 3½ per cent. Government Paper for	Rs.	2,00,000 =	Rs. 2,00,750
„ 4 per cent. Port Trust Bonds	„	„ 2,00,000 =	„ 2,00,000
			Rs. 4,00,750

We must depend upon the customers who will come inquiring at our stables. (There are no such customers.) We don't earn now-a-days sufficient for rent of stables and for our establishment; on the contrary we are undergoing heavy debts.

Under the above circumstances, we humbly request you to exempt us from the municipal taxes till the Bombay is fully localited and we have customers.

Hoping our petition will be considered kindly.—We beg, &c.,

No. 2149 OF 1897-89.

BOMBAY, 28*th April* 1897.

To THE MUNICIPAL SECRETARY.

SIR,—With reference to the Standing Committee's Resolution No. 10981 of 20th January last, I have the honour to state that I know of no section under which the Municipality can grant exemption from taxation, and even, if they could, I should be disinclined to recommend any concession to the applicants who belong to a class in considerably better circumstances than the Victoria drivers,—I have, &c.,

J. H. DuBOULAY, Deputy Commissioner.

Resolved: "That, with reference to letter to the President and Members of the Corporation, dated 15th January 1897, from Messrs. Cavasji Hormusji, Manekji Nusserwanji and other licensed stable-keepers, the Standing Committee beg to report that the applicants' request to be exempted from the tax in question cannot be complied with."

No. 1216.

The consideration of the Progress Report up to the end of December 1896 of new works in course of construction was postponed till next week.

The consideration of the Commissioner's letter No. 617, of the 7th ultimo, on the subject of the levy of water-rates by meter measurement and the hire of meters during 1897-98 was further postponed.

The following return was read and *recorded*:—

Return of fires at 82 Baroda Street, 80 Baroda Street, Ahmedabad Street, 67 Chinchbunder Road (1st Cross Lane), Matoonga, and Gorupdeo Road (Alexandra Mill), forwarded with the Commissioner's memorandum No. 2100, dated 27th April 1897.*

No. 1217.

* *See* Appendix C.

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 2nd May 1897.*

No. 1218. *Resolved* : "That, as applied for by the Deputy Commissioner in his letter to the Secretary, No. 2561, dated 3rd instant, sanction be given to the acceptance of the tender of Messrs. John Fleming & Co., the lowest of the four tenders, received for the supply of canvas hose, &c., required for the Fire Brigade at rates aggregating Rs. 8,973-8-0."

No. 1219. *Resolved* : "That the following be *recorded* :—Letter to the Secretary, No. 2598, dated 3rd instant, from the Commissioner, reporting that he has sold to Sayed Mahomed bin Yakoob Sab for Rs. 110 and Rs. 60 respectively the rights of removing cowdung from the Kamathipura and Agripada Milch Cattle Stables for the current year."

No. 250 of 1897-98.

Bombay, 28*th April* 1897.

To The MUNICIPAL COMMISSIONER

(Through the Deputy Commissioner).

Sir,—I have the honour to inform you that the stalls in the new Bhuleshwar Market were put up to auction yesterday, as will be seen from the two statements herewith attached.

2. Statement A shows the number of stalls sold by the auctioneers yesterday afternoon, and Statement B shows the number of stalls (thirty) sold by auction departmentally this forenoon in the office of the Superintendent of Markets.

3. My object in reserving thirty stalls for auction departmentally was to give a chance to some twenty-five to thirty old women who had many of them been occupying stalls in the old Bhuleshwar Market for about twenty years and who, owing to the fearful crush at the sale, could get nowhere near the auctioneers to bid. This morning at the sale in the office, these women bid as much for the stalls as they would have fetched if they had been auctioned off yesterday. The positions of the stalls are not prominent.

4. The competition yesterday was very keen, and in many instances stalls fetched almost treble their rentals, and I very much fear that in another quarter or two these stalls will be vacated owing to the rents being so high.—I have, &c.,

DOUGLAS BENNETT,
Superintendent of Markets, Slaughter Houses, &c.

No. 2670 OF 1897-98.

Forwarded to the Municipal Secretary for favour of sanction of the Standing Committee.

J. H. DuBOULAY, Deputy Commissioner.

4th May 1897.

No. 1220. *Resolved* : "That, with reference to the Deputy Commissioner's memorandum to the Secretary, No. 2670, of the 4th instant, the Standing Committee approve, under the terms of Bombay Municipal Act, III of 1888, of the levy of stallage rents in the New Market, Bhuleshwar, as per the lists forwarded with the memorandum."

No. 1221. *Resolved.* "That, as applied for by the Commissioner in his letter to the Secretary, No. 2774, dated this day, sanction be given to the acceptance of the tender of Mr. Pallonjee Eduljee Plumber, the lowest of the three tenders, received for supplying and laying 9″ cast-iron water mains at Warli Road, for removing the existing 3″ water main therefrom, and for works in connection therewith at schedule rates aggregating Rs. 48,611-6-0 *plus* Rs. 931-8-0 for ironwork to be supplied by the Municipality, Rs. 4,350 for road repair charges, and Rs. 5,388-2-0 for contingencies and establishment.

"That sanction be also given to the cost of these works, *viz.*, Rs. 59,281, being apportioned as under or in the proportion of 45 and 55 per cent. respectively : Rs. 26,676 against the grant of Rs. 27,000 sanctioned by the Corporation under their Resolution No. 2274 of the 11th June 1896 out of loan funds ; Rs. 32,605 against the Worn-out Water Main Renewal Fund Investment amounting to over 3 lakhs of rupees."

Read letter No. 2686, dated 4th instant, from the Commissioner to the Secretary as under :—

SIR,—The Corporation, under their Resolution No. 6984 of the 12th October 1896, sanctioned a sum of Rs. 27,092 for providing the necessary appliances for producing electrolyzed sea-water containing 50,000 grammes of chlorine per twenty-four hours for the purpose of flushing drains and sewers as well as for disinfecting houses, gullies, &c.

2. The installation was accordingly obtained through Messrs. Richardson & Cruddas at a cost of Rs. 23,550 and put up at the Carnac Bunder Night soil Depôt.

3. The Executive Engineer states that the scheme as projected by the Drainage Engineer is to provide a dynamo and electrolyzers to be worked by a portable steam engine which was used for driving the machinery in the Workshops and a centrifugal pump worked by the same engine to suck water from the sea by means of an old pipe laid a long time ago, first for the purpose of discharging night soil into the sea and afterwards for drawing water from it to flush the night soil depôt.

4. To work the installation, the portable engine above referred to has been removed from the Workshops. On working the electrolyzing plant it was found that the suction-pipe was leaking and would not perform its function. As part of the pipe is laid under the overbridge, it is not practicable to ascertain the point or points at which it is leaking, and therefore the original proposal of sucking water from the sea by means of this pipe and the centrifugal pump fixed at the depôt had to be abandoned.

5. The Executive Engineer, therefore, proposes two ways of getting over the difficulty as follows :—

(*a*) To put up an engine and the centrifugal pump near the sea end of the pipe to pump up the water there and force it through the old pipe to the installation, so that the pipe, instead of being a suction pipe, will be a delivery pipe.

(*b*) To put up the centrifugal pump near the sea end of the pipe and a dynamo in the depôt ; the latter to be worked by the portable engine to produce electric power which would be transmitted by overhead wires to an electric motor to work the centrifugal pump, the pump and the motor being placed in an underground chamber near the Bunder.

6. As the monthly working expenses of the proposal marked "(*b*)" are small, the Executive Engineer recommends it for adoption and states that it will take at least 6 months before the arrangement can be carried out, and that in the meantime proposal marked "(*a*)" should be adopted by utilizing a 4" centrifugal pump and engine belonging to the Workshops. Mr. Murzban says : " I make this proposal in order that before the next monsoon the result of the working of the electrolyzing apparatus may be known and before Mr. Cooper, the Patentee's Agent, who is now in Bombay to watch and advise us on the proper use of the plant, leaves the city."

7. The sanction of the Standing Committee and the Corporation is therefore requested to the expenditure of Rs. 9,691 out of Surplus Cash Balance as follows :—

(*a*)	Initial cost of providing for the electrical transmission of power to Carnac Bunder	Rs. 4,200
(*b*)	Working with the temporary pumping plant during May and June at Rs. 1,033 per month as per accompanying Statement marked "D"	„ 2,066
(*c*)	Working with the permanent pumping plant from October to February at Rs. 685 per month as per accompanying Statement marked "E"	„ 3,425
	Total ...	Rs. 9,691

8. I may point out that the expenses above enumerated are for working the machinery for 12 hours with the result that only 25,000 grammes of chlorine will be produced per day. If 50,000 grammes of chlorine are to be produced, the plant will have to be worked night and day at double the cost given above. I must at the same time state here that the old iron pipe which has been laid under ground for a long time has probably corroded and may fail at any time, in which case a new pipe will have to be laid at an estimated cost of Rs. 6,000. The centrifugal pump also, which is proposed to be temporarily used for pumping up the sea-water, is kept in hand for being used in cases of bursts of water mains, &c., and it may be required for that purpose at any time, in which case the working of the electrolyzing machinery will temporarily cease.—I have, &c.,

P. C. H. SNOW, Commissioner.

The seal of the Corporation was affixed to the following 30 Municipal Debentures :—2 attested duplicate debentures of the Bombay Municipal Sanitary Works Loan of 1885, Nos. 231 N.N. and 1736 N.N., of Rs. 500 each ; 12 attested duplicate debentures of the Bombay Municipal Loan of 1878, Nos. 2364, 2373, 2381 to 2384, 2390, 2394 and 2395, and 2397 to 2399, of Rs. 500 each ; 14 attested duplicate debentures of the Tansa Water Works Loan, Nos. 447 to 450, 628, 3315 and 3316, 3401 and 3402, 3496, 4094 to 4096, of Rs. 500 each, and No. 13079/80 of Rs. 1,000; 2 consolidated debentures of the Tansa Water Works Loan, Nos. 5342 to 5345, of Rs. 2,000, and Nos. 5301 to 5306, of Rs. 3,000.

No. 1621. *Resolved*: "That sanction be given to the cutting off of water connections as per list accompanying the Commissioner's memorandum No. 3331, dated this day."

No. 1622. *Resolved*: "That the following be *recorded*:—Letter to the Secretary, No. 2837, dated 6th instant, from the Commissioner, reporting that he has accepted the tender of Mr. Abdul Hussen Kikabhai, the lowest of four tenders received for repairing, painting,

and altering Municipal kerosine oil street lamps in different parts of the city for the year 1897-98, as also for supplying and fixing new posts and lamps at rates aggregating Rs. 1,452."

Resolved: "That the following be *recorded*:—Letter to the Secretary, No. 3051, dated 8th instant, from the Commissioner, reporting that he has sanctioned the employment of five extra clerks—one at Rs. 40 and four at Rs. 30 each—for a period of four months in order to bring the tabulation work of the Health Department up to date, as the Health Officer reports that, owing to the great pressure of work incident on the prevalence of the plague, the work of the Registration Branch of the Health Office has fallen into very serious arrears. The cost to be met from the grant sanctioned for the suppression of the plague."

No. 1623.

Read letter to the Secretary, No. 3121, dated 10th instant, from the Commissioner as under :—

SIR,—I have the honor to state that, in order to carry out systematically the condemnation of insanitary houses, I have directed that Surgeon-Lieutenant-Colonel Kirtikar and the Executive Engineer should take up Kamathipura Section and go completely through it, reporting all the necessary structural alterations, &c.

The Executive Engineer reports that to carry out this work satisfactorily it will be necessary to entertain for the present the following establishment :—

One Assistant Engineer on Rs. 400 per month.
One Inspector on Rs. 125 per month.
One Clerk on Rs. 40 per month.

He also proposes to give an allowance of Rs. 20 per month from the 1st March last to Correspondence Clerk Mr. M. M. Banaji of his department.

Looking to the importance of the subject, I have sanctioned the establishment asked for by the Executive Engineer in anticipation of the sanction of the Standing Committee and the Corporation, which I now ask for. I also request the sanction of the Standing Committee to the payment of an allowance at the rate of Rs. 20 per month to Mr. M. M. Banaji from the 1st March last on account of the extra work thrown on him in connection with the plague.

The whole of the expenditure will be debited to the Plague grant.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 3340 OF 1897-98.

BOMBAY, *12th May* 1897.

To THE MUNICIPAL SECRETARY.

SIR,—In continuation of this office No. 3121 of the 11th instant, I have the honor to state that the Executive Engineer now reports that, the work in Kamathipura having been started, it has been found necessary to employ at least two Inspectors on Rs. 100 each from the 3rd instant and that the services of a clerk will not be required. Under the circumstances the sanction of the Standing Committee will be required for the employment of two Inspectors on Rs. 100 each per month instead of one on Rs. 125 per month in addition to the other establishment, omitting the clerk on Rs. 40 per month.—I have, &c.,

P. C. H. SNOW, Commissioner.

Resolved: "That letters to the Secretary, No. 3121 and No. 3340, dated 10th and 12th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the engagement of the following establishment for employment under the Executive Engineer and Surgeon-Lieutenant-Colonel Kanoba R. Kirtikar in the work of surveying insanitary houses in the Kamathipura section, reporting on all necessary structural alterations of the buildings therein and condemning insanitary dwellings :—

No. 1624.

One Assistant Engineer on Rs. 400 per month from the 5th instant.

Two Inspectors on Rs. 100 per month each from the 3rd instant.

Allowance to Mr. M. M. Banaji, Correspondence Clerk of the Engineer's Department, at the rate of Rs. 20 per month from 1st March 1897.

"The cost to be debited to the grants sanctioned for the suppression of the plague."

Read letter to the Secretary, No. 3244, dated 11th instant, from the Commissioner as under :—

SIR,—In continuation of this office No. 3081 of the 8th instant, I have the honor to request the sanction of the Standing Committee, subject to the approval of the Corporation, to the purchase of the ground measuring 823 acres or thereabouts at Chimbur belonging to Mr. Ardesir Cursetjee Cama required for the deposit of the town sweepings of Bombay, to apply to Government for its acquisition under the provisions of the Land Acquisition Act.—I have, &c.,

P. C. H. SNOW, Commissioner.

Resolved : "That, with reference to the Commissioner's
No. 1625. letter to the Secretary, No. 3244, dated 11th instant (and subject to the approval of the Corporation of the purchase of the property in question), the Standing Committee approve, under the terms of section 91 of the Municipal Act, III of 1888, of application being made to Government for the taking up, under the terms of the Land Acquisition Act, of 823 acres and 4 guntas of ground or thereabout at Chimbur, the property of Mr. Ardesir Cursetji Cama and shown within green coloured lines on the tracing marked A, dated this day and filed in supplement to Minute Books, the said land being required for the deposit of the town sweepings of Bombay.

"That the Chairman be requested to ask the Corporation at their meeting to be held to-morrow to consider this Resolution as urgent business."

Read letter to the Secretary, No. 3341, dated this day, from the Commissioner as under :—

SIR,—The Corporation, under their Resolution No. 264 of the 5th ultimo in para. 2, sanctioned a grant of Rs. 3,00,000 from Surplus Cash Balance to provide for expenditure to be incurred by the Plague Committee. Against this amount the Chief Accountant states payments have been made to the extent of about Rs. 2,85,000.

2. The Chairman of the Plague Committee has requested me to deposit a further sum of Rs. 2,00,000 into the Bank of Bombay to the credit of the Committee.

3. I therefore request the sanction of the Standing Committee and the Corporation to a further grant of rupees two lakhs from Surplus Cash Balance.—I have, &c.,

P. C. H. SNOW, Commissioner.

Resolved : "That letter to the Secretary, No. 3341, dated
No. 1626. 12th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the further grant of Rs. 2,00,000 from Surplus Cash Balance to provide for further expenditure to be incurred by the Commissioner and the Plague Committee.

"That the Chairman be requested to apply to the Corporation at their meeting to be held to-morrow to consider this Resolution as urgent business."

Resolved : "That, as applied for by the Commissioner in his letter to the Secretary, No. 3127, dated 10th instant, sanction be given, under the terms of section 69 (*e*) of the Municipal Act, to the variation of contract with Messrs. Sullemanji Mulla Abdul Ali & Co. for the construction of stormwater drain with manholes and water gullies from Wellington Fountain *via* the Bandstand to the sea, whereby Messrs. Sullemanji Mulla Abdul Ali & Co. may be entrusted, in continuation of such contract, with the works (1) of constructing stormwater drains with water gullies from a point in Rampart Row opposite the Elphinstone College at the cost of Rs. 5,550 and (2) of constructing stormwater drain in Wodehouse Road from a point near the Young Men's Christian Association buildings at a cost of Rs. 5,977, the charges for these two additional drains being debited to the grants sanctioned by the Corporation in their Resolution No. 12033 of the 4th February last.

No. 1627.

"That, under the terms of section 72 (3) of the Municipal Act, the Standing Committee dispense with the invitation of tenders for the above works which would otherwise be necessary, as these two additional works will form part of the contract for surface drainage from the Wellington Fountain *via* the Bandstand."

Resolved : "That letter to the Secretary, No. 2922, dated 7th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the grant of Rs. 87-8-0 from Surplus Cash Balance for the payment of rent for the telephone connection with the Municipal Workshops for the second half of 1896-97, the bill for which charge was not sent in by the Telephone Company until the 27th March last."

No. 1628.

Proposed by R. H. Vincent, Esq., C.I.E., seconded by Fazulbhoy Visram, Esq., C.I.E.—

"That, with reference to the Commissioner's memorandum No. 2729, dated 5th instant, the Standing Committee approve, under the terms of section 381 of the Municipal Act, of a notice in writing being served on Mr. Damodardas Tapidas requiring him to fill up tank on his premises Nos. 85, 87, Parel Road, as the tank is foul and causing a nuisance."

No. 1629.

Amendment proposed by Cowasjee Hormusjee, Esq., seconded by Kaikhosro N. Kabraji, Esq.—

That the consideration of the Commissioner's memorandum No. 2729 of the 5th instant be postponed, and that in the meantime the Commissioner be asked to state whether the well in question cannot be cleaned out instead of being filled up.

After discussion, the *amendment* was *withdrawn*, and the *original motion* was *carried*.

No. 1630. *Resolved*: "That, with reference to the Commissioner's memorandum No. 3076, dated 8th instant, the Standing Committee approve, under the terms of section 381 of the Municipal Act, of a notice in writing being issued to Sirdar Venayek Dhondiraj Bivalkar requiring him to cleanse the well on his property at No. 4, Khetwadi Main Road, as the water in the well is very offensive and causes a nuisance."

No. 1631. *Resolved*: "That, with reference to the Commissioner's memorandum No. 3077, dated 8th instant, the Standing Committee approve, under the terms of section 381 of the Municipal Act, of a notice in writing being issued to Mr. Jehangir Cooverji Gheewala requiring him to cleanse the well at his house, Girgam Back Road, the condition of which well is offensive and causes a nuisance."

No. 1632. *Resolved*: "That, with reference to their Resolution No. 1413 of the 6th instant, the Corporation be recommended to sanction the payment of Rs. 60,147 as an advance from Surplus Cash Balance pending the inclusion of the amount in a loan to be hereafter raised to provide for the cost of two sites of land required for burning and burial grounds at Mahim, namely, (1) situated at the southern end of the sands adjoining Warli and consisting of portions of two plots bearing new survey Nos. 1674 and 1670 adjacent to the sea and admeasuring 10,000 square yards or thereabout, the estimated cost of which, including the cost of an enclosure wall of rubble and lime masonry 4' high, is Rs. 29,373 and (2) situated at the northern or Mahim extremity of the sands, and including two plots of ground bearing new survey Nos. 1555 and 1559, admeasuring in all 10,082 square yards or there-

about, the cost of which, including land and wall four feet high, is estimated at Rs. 30,774.

"The advance of Rs. 60,147 to be adjusted to the debit of the said loan when raised."

Resolved: "That the following be *recorded*:—Memorandum No. 2881, dated 6th instant, from the Deputy Commissioner, forwarding letter to himself, No. W $\frac{261}{115}$, dated 5th idem, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost (1), Rs. 22,004-13-11, of departmental works, and (2), Rs. 2,863-15-8, of private works done up to 2nd May 1897 in respect of the alterations of the water-supply in the various parts of the city in connection with the special measures adopted for the suppression of the bubonic plague, these statements including all previous expenditure under these two heads." No. 1633.

Resolved: "That, with reference to the Commissioner's letter to the Secretary, No. 2759, dated 5th instant, the Standing Committee approve, under the terms of section 230 of the Municipal Act, of an order in writing being issued to His Highness Aga Akber Sha authorizing him to carry a drain from his premises situate at Elphinstone Road into, through, or under land thereat belonging, or alleged to belong, to Mr. Kharsetjee Behramjee, to the Municipal drain in Carroll Road in the manner shown in red colour on the tracing marked B, dated this day and filed in supplement to minute books, and on the following conditions: (1) that His Highness shall pay to Mr. Kharsetjee Behramjee Pesikaka Rs. 150 for the use of the drain, and (2) that His Highness shall himself bear the cost of repairs, maintenance, &c., of the piece of drain between his drain and the Municipal sewer." No. 1634.

Resolved: "That the following be referred to the Commissioner for favour of remarks:—Letter to the Chairman and Members of the Corporation, dated 10th instant, from Mr. Bhaisur Kesheo Pitha appealing against the enhanced valuation in respect of his property, Ward No. 733, Street Nos. 55-59, Dhobi Lane." No. 1635.

Resolved: "That the consideration of the progress report of works to the end of December 1896 be postponed until the next meeting."

No. 1636.

In accordance with notice of motion, it was proposed by Accacio G. Viegas, Esq.—

That the Municipal Commissioner be requested to state what measures he has taken, or proposes to take, to minimise the danger to public health arising during the monsoon from the Byculla Flats.

Not seconded.

The following returns were read and *recorded* :—

No. 1638. Returns of fires at Foras Road, Middle Colaba (Sassoon Press), forwarded with the Commissioner's memoranda Nos. 2667 and 2752, dated 4th and 5th May 1897.*

Read letter to the President and Members of the Corporation, dated 10th instant, from licensed stablekeepers as under :—

GENTLEMEN,—With reference to our petition dated the 15th of January 1897, regarding the exemption to us from the Municipal taxes owing to the present plague and famine we respectfully beg to remind you on the very subject and request that an early attention shall be paid by you. In this state of plague and famine many stablekeepers are obliged to go in the Insolvent Court as the business is totally broken down. We therefore highly hope you will be so kind as to pay an immediate attention and grant us exemption from the Municipal taxes.—We have, &c.,

COWASJEE HORMUSJEE & others,
Stablekeepers, Pydhowni.

Resolved: "That, with reference to further letter to the President, dated 10th instant, from licensed stablekeepers applying for exemption from payment of municipal taxes, the Corporation be referred to the Standing Committee Resolution No. 1216 of the 5th instant."

No. 1639.

* *See* Appendix C.

The following statement was laid on the table :—
Statement of the height of water in the Vehar, Tulsi, Pawai and Tansa Lakes for the week ending 9th May 1897.*

Resolved : "That memorandum No. 3278, dated 11th instant, from the Commissioner forwarding letter to himself, No. 511, of the 6th idem, from the Chief Accountant, and accompaniments thereto as under be printed on the minutes of this day's meeting and brought on for consideration at the next meeting :—

No. 1640.

SIR,—In continuation of this office No. 5217, dated 9th March 1897, and with reference to the Standing Committee's Resolution No. 14241, dated the 24th idem, I have the honor to forward herewith, for the information of the Standing Committee and the Corporation, two statements, marked A and B, showing the expenditure passed and paid from the commencement of the bubonic plague up to the 31st March last and from 1st April to 1st May 1897 respectively, including the expenditure paid by the Plague Committee up to the latter date. 2.—Copies of the statements have been sent this day to the Chairman, Plague Committee, for the information of Government.—I have, &c., SORABJEE NAVAROJEE COOPER, Chief Accountant."

Resolved : " That the following be forwarded to the Corporation :—Letter to the Secretary, No. 3342, dated this day, from the Commissioner as under :—

No. 1641.

SIR,—I have the honour to report, for the information of the Standing Committee, that foot-and-mouth disease has broken out in a severe epidemic form amongst the bullocks of the Health Department. Yesterday there were 77 cases in the Bullock Hospital at Sankli Street. The Acting Health Officer has been directed to take all necessary precautions in the matter.—I have, &c., P. C. H. SNOW, Commissioner."

Read letter to the Secretary, No. 3167, dated this day, from the Commissioner as under :—

SIR,—With reference to Corporation Resolution No. 12921 of 6th February 1896, sanctioning a sum of Rs. 7,629 for opening out the existing water-course behind Mr. Cama's property at Parel Road and constructing a covered drain thereat, I have the honour to state that Messrs. Merwanji Muncherji Cama and Hormusji Muncherji Cama object to the construction of the drain on the ground that the water-course referred to is a public passage giving access to the adjoining properties and as such should not be interfered with. In support of his statement Mr. Hormusji Muncherji Cama produced the title-deeds of his property, and it is found that in all the plans accompanying the deeds the words "Road to Mahim" had been written on the strip of land in question. The matter was thereupon referred to the Collector of Land Revenue, who however is not able to state anything definitely on the point. The Municipal Solicitors also think that it is not advisable to persist in the proposal to construct the drain over the strip of land in question. I forward herewith a copy of the Municipal Solicitors' letter on the subject. 2.—Under the circumstances the idea of improving the open water-course has been abandoned. The Special Drainage Engineer, however, proposes to construct the drain in the Municipal Road, which forms part of the original proposal, at a cost of Rs. 4,714. The carrying out of this part of the work would to a certain extent mitigate the nuisance of flooding. I concur in the Special Drainage

Engineer's proposals. 3.—Offers were accordingly invited from several well-known contractors who have satisfactorily carried out municipal works. Two tenders have been received—one from Mr. Sayaji Naguji and the other from Messrs. Sullemanji Mulla Abdulali & Co. I have accepted the offer of Mr. Sayaji Naguji at Rs. 3408·100 (exclusive of road repairs and contingencies, Rs. 396 and Rs. 28 respectively), as it is the lower of the two. 4.—I have to request the sanction of the Standing Committee to dispense with the invitation of tenders by public advertisement.—I have, &c., P. C. H. SNOW, Commissioner.

30, ESPLANADE ROAD,
BOMBAY, 22*nd March* 1897.

To JAMES W. SMITH, ESQ.,
Special Drainage Engineer, Municipality.

SIR,—We have the honour to return the correspondence forwarded under your No. S.D. 3824, dated the 26th February last and to state that we do not consider that it is advisable to persist in the proposal to construct an open drain over the strip of land in question to the west of Messrs. Cama's property at Parel in such a manner as to prevent or seriously interfere with the passage or access which seems to have been enjoyed at any rate for a considerable time past over that strip. The facts appear to be that in the Register Book of Colonel Laughton, as well as on all Messrs. Cama's old plans and deeds, the land in question is shown as a passage or path or road, although in an old plan of Bombay, which is amongst the Municipal records as well as on the plan endorsed on an old Foras receipt issued from the Collector's office in 1852, it is shown as a water-course or drain. Probably it was in former days an old water-course, which silted up in course of time, and was used as a passage, but it would seem for many years past to have performed the functions of a passage rather than of a drain or water-course, and it appears to us almost certain from such evidence as is available that the owners of property abutting on it and probably the public also have acquired a right of way over it—that it has in fact become a "street" within the meaning of section 3 (*w*) of the Municipal Act. We do not think it could be successfully contended that it is one of

the Municipal drains which are vested in the Corporation. The Commissioner, of course, has power, when authorized by the Corporation, to construct a municipal "drain through, across, or under any street," but in the exercise of that power "as little damage as can be shall be done and compensation shall be paid by the Commissioner to any person who sustains damage by the exercise of such power" [section 222 (1) and (3)]. Consequently, if the user of the strip of land in question as a passage was prevented by its being turned into an open drain, we think that Messrs. Cama and any others who could show they were prejudicially affected might be able to support heavy claims for compensation.—We have, &c.,

No. 1643. *Resolved*: "That memorandum No. 3158, dated 11th instant, from the Commissioner, forwarding letter to himself, No. 526, dated 7th idem, from the Chief Accountant as under, be *recorded* on the minutes of this day's meeting:—

SIR,—I have the honour to forward, for transmission to the Standing Committee, a return for the quarter ending 31st March 1897 as compared with the corresponding quarters for the previous year, as required by the then Town Council's Resolution No. 465, dated 1st June 1887, with a list of additional grants, amounting to Rs. 3,16,970-4-7, sanctioned by the Corporation during the quarter. 2.—While framing the budget estimates for 1897-98 surplus revenue to the extent of Rs. 1,80,000 and savings in expenditure to the extent of Rs. 60,000 were anticipated and were accordingly taken credit for in that Budget. 3.—Owing to the bubonic plague the revenue collected up to 31st March last, as per the last weekly statement for the past year, shows a deficit of nearly 6 lakhs, of which about 2½ lakhs, the sum by which the estimated out-

standings of rates and taxes at the close of the past year have been larger, are expected to be recovered during the current year. There would thus be a net deficit of income of about Rs. 4 lakhs. 4.—The savings on expenditure are estimated to amount to about 2 lakhs, or Rs. 1,40,000 in excess of the amount of Rs. 60,000 taken credit for in the current year's Budget. This will reduce the deficit pointed out in the preceding para. to about 2½ lakhs. 5.—In the budget for 1897-98 a sum of Rs. 5,63,362 was allowed for additional grants sanctioned and to be sanctioned by the Corporation up to the end of the past official year. The additional grants sanctioned by the Corporation up to 31st March 1897 however amounted to Rs. 6,13,651-6-8, or Rs. 50,289-6-8 in excess of the amount reserved. Thus the net probable loss of the past year would amount to say 3 lakhs. 6.—Further additional grants, aggregating Rs. 7,03,295-10-9 including 6 lakhs for plague charges sanctioned by the Corporation during last month, would reduce the closing balance of nearly 19 lakhs shown in the budget for 1897-98 by about 10 lakhs—that is to say to Rs. 9 lakhs. 7.—This last-mentioned balance will probably be more than absorbed by further grants in connection with plague charges and deficit in revenue of the current year if the epidemic extend much beyond the end of the current month.—I have, &c.,

SORABJI NAVAROJI COOPER, Chief Accountant.

No. 3158 OF 11TH MAY 1897.

Forwarded to the Standing Committee for information.

P. C. H. SNOW, Commissioner.

Resolved: "That, with reference to the Deputy Commissioner's letter to the Secretary, No. 617, dated 7th ultimo, the Standing Committee, under the terms of sections 169, 170, and 276 of the Municipal Act, III of 1888, (1) sanction the levy of the following

No. 1644.

charges for water-supply by meter measurement during the year 1897-98 ; (2) approve of compounded rates as under being charged for water-supply during the said period ; and (3) sanction the rent and arrangements for the supply and use of municipal meters during the said year at the rates hereinafter set forth :—

I. Under section 169 (*a*) of the Act the Standing Committee direct that in the several cases hereinafter in clauses 1 to 6 mentioned, instead of levying the water-tax in respect of the several premises liable thereto under section 141, the Commissioner may charge for the water supplied to such premises by measurement at the respective rates hereinafter prescribed by the Standing Committee in that behalf :—

1. *Where Water is supplied for trade and other than domestic purposes.*—In cases in which water is used for other than domestic purposes, a Municipal meter shall be affixed and water paid for by measurement at the rate of 12 annas per 1,000 gallons exclusive of the hire of meters. Provided (1) that for supplies to latrines only of premises the charge shall be at 6 annas per 1,000 gallons ; (2) that the minimum charge to be made half-yearly in respect of any such premises shall in no case be less than half the amount which would be payable for such half-year if the water-tax were levied according to the rateable value of the premises.

2. *Where Water is supplied through meter for domestic purposes.*—It shall be at the option of any owner to apply to have a Municipal meter fixed to his premises and to be charged by measurement at 12 annas per 1,000 gallons. Provided (1) that for supplies to the latrines only of such premises the charge shall be at 6 annas per 1,000 gallons and (2) that the minimum charge to be made half-yearly in respect of any such premises shall in no case be less than half the amount which would be payable for such half-year if the water-tax were levied according to the rateable value of the premises. The hire of the meter to be paid by the owner.

3. *Dining Places and Jamatkhanas.*—Dining places and jamatkhanas shall be supplied through Municipal meters and shall pay at the rate of annas 8 per 1,000 gallons for the water consumed, in addition to the hire of meter.

4. *Milch-cattle Stables.*—Milch-cattle stables shall be supplied through meters fixed and maintained by the Municipality (the consumer being liable to make good any damage to the meter fixed on the property) and shall be charged for half-yearly at the rate of annas 6 per 1,000 gallons of water consumed, provided that the minimum charge to be made half-yearly in respect of any

such premises shall in no case be less than the amount which would be payable for such half-year if the water-tax were levied according to the rateable value of the premises.

5. *Gymkhanas.*—Gymkhanas shall be supplied through meters fixed and maintained by the Municipality and shall be charged for half-yearly at the rate of annas 6 per 1,000 gallons for the water consumed.

6. *Bungalows with gardens or other domestic buildings.**—In the case of bungalows with gardens (or other domestic buildings where in the opinion of the Engineer water is wasted or misused), experimental meters shall be fixed, and whenever the value of the water consumed half-yearly, reckoned at 6 annas per 1,000 gallons, exceeds by 25 per cent. the amount of the water-tax on the assessed value, the water shall be charged for by measurement at 6 annas per 1,000 gallons. Meters to be fixed and maintained by the Municipality, the consumer being liable to make good any damage to the meter fixed on the property.

II. Under section 169 (*b*) of the Act, the Standing Committee hereby approve of the Commissioner's compounding for the supply of water in the following cases and upon the terms hereinafter expressed :—

1. *Religious, Charitable and Educational Institutions.*—Religious, Charitable, and Educational Institutions, including all buildings in and of the classes mentioned in the list attached hereto headed "Religious, Charitable and Educational Institutions" shall pay by compounded sums as follows :—

(*a*) In cases in which the Deputy Executive Engineer, Water Works, shall certify that the consumption is so trifling that it will not be worth while to fix a meter, a compounded sum of Rs. 5 per annum shall be paid, provided that, where the probable consumption is less than 20,000 gallons per annum, the institution shall be entirely exempted.

(*b*) In the case of Religious and Charitable Institutions under Government a triennial permanent sum in each case based upon the previous three years' meter readings shall be charged.

(*c*) In all other cases a meter is to be fixed and maintained by the Municipality (the consumer being liable to make good any damage to the meter fixed on the property) and a compounded sum levied quarterly in advance, such sum to be based on three years' average consumption at an assumed rate of 4 annas per

* With reference to para. 6, it was proposed by Nanabhai N. Katrak, Esq., seconded by Kaikhosro N. Kabraji, Esq., that the proposal to affix experimental meters as herein provided be approved.

To this an *amendment* was moved by A. G. Viegas, Esq., seconded by Ebrahim Rahimtoola, Esq., as follows :—That the fixing of meters as an experimental measure should only be carried out in the cases of houses with gardens.

The amendment was *lost*, the votes being 2 *for* and 5 *against* it.

The original motion was *carried*.

1,000 gallons, and when information as to a three-year average is not available, such sum similarly calculated to be based on present actual consumption as soon as ascertained.

2. *Clubs.*—Clubs shall be supplied through Municipal meters and shall pay (1) the meter hire and (2) compounded sums quarterly in advance based on the value of the water consumed in the three preceding years at 8 annas per 1,000 gallons.

III. Where, under the Act, water-tax would be leviable in respect of any premises from the Secretary of State for India in Council or from the Trustees of the Port of Bombay, the Standing Committee do hereby, under section 170 of the Act, prescribe the respective rates at which the Commissioner shall charge for water supplied by measurement to such premises as follows :—

1. *Government Properties.*—All supplies to Government properties (except Religious and Charitable Institutions under Government which are dealt with under class II, clause 1) shall be through meter, and the respective rates at which the same shall be charged for shall be the rates for the time being chargeable in respect of similar properties under either of the foregoing provisions of this Resolution, provided that, if Government undertake the collection of the sums due for water-supply from all Government bungalows, the supply to such bungalows shall be through meters fixed and maintained by the Municipality, and the charge shall be a sum equal to the water-tax on value, a deduction of 8·6 per centum being allowed if payment be made half-yearly in advance.

2. *Port Trust Properties.*—All supplies to properties of the Trustees of the Port of Bombay shall be through meter, and the respective rates at which the same shall be charged for shall, except in the case of the public latrines specified in the list attached to this Resolution, be the rates for the time being chargeable in respect of similar properties under either of the foregoing provisions of this resolution, subject to a refund of 8 annas per 1,000 gallons for water consumed at the public troughs and drinking places specified in the list of cattle-troughs and fountains attached to this resolution. In the case of the public latrines specified in the list attached to this Resolution the rate shall be 12 annas per 1,000 gallons subject to a refund of 4 annas per 1,000 gallons.

IV. The Standing Committee prescribe, with reference to the supply of water to Municipal properties and works, that, except in the cases hereinafter specified under the head of "Exceptions," the water shall be charged for at 10 annas per 1,000 gallons consumed and the hire of the meters, such charge being debited against the department taking the supply.

Exceptions.

(1) New works under construction to be charged by measurement at the rate of 4 annas per 1,000 gallons. Hire for meter to be paid by the department.

(2) Road watering.

(3) Public latrines to be charged by measurement at the rate of 4 annas per 1,000 gallons. Hire for meter to be paid by the department.

(4) Public urinals to be charged by measurement at the rate of 4 annas per 1,000 gallons. Hire for meter to be paid by the department.

(5) Extinguishing fires.

(6) Flushing chambers for drains and sewers to be charged by measurement at the rate of 4 annas per 1,000 gallons. Hire for meter to be paid by the department.

(7) Flushing gullies and open side drains to be charged by measurement at the rate of 4 annas per 1,000 gallons. Hire for meter to be paid by the department.

(8) Water Works offices, stores, reservoirs, and residences.

(9) Public gardens to be charged for at 4 annas per 1,000 gallons. Meters free.

V. The Standing Committee, under the terms of section 276 of the said Act, hereby prescribe the following scale of rents to be charged as from 1st April 1897 for Municipal meters let on hire to consumers :—

BOMBAY, 19*th May* 1897.

AT the meeting of the Standing Committee held this day, there were present:

BHALCHANDRA KRISHNA BHATAWADEKAR, Esq., L.M., *Chairman.*

THE HON'BLE MR. ABDALLA M. DHARAMSI, B.A., LL.B.; COWASJEE HORMUSJEE, Esq., C.C.M.C.; T. W. CUFFE, Esq.; FAZULBHOY VISRAM, Esq., C.I.E.; IBRAHIM RAHIMTOOLA, Esq.; KAIKHOSRO N. KABRAJI, Esq.; K. M. SHROFF, Esq.; NANABHAI NAVROJI KATRAK, Esq., L.M. & S.; ACCACIO G. VIEGAS, Esq., L. M. & S.; R. H. VINCENT, Esq., C.I.E.

P. C. H. SNOW, Esq., I.C.S., Commissioner; the DEPUTY COMMISSIONER; the EXECUTIVE ENGINEER; the DRAINAGE ENGINEER on special duty; and the SECRETARY.

The minutes of the meeting held on the 12th instant were signed.

The seal of the Corporation was affixed (1) to deed of conveyance from the Corporation to Khoja Mowjibhai Hirji of two pieces of Municipal land, namely, one of 355·64 square yards or thereabout at Morland Road, and the other of 534 square yards or thereabout at the junction of Morland and Ripon Roads ; (2) to deeds of contract (*a*) with Mr. Usmankhan Ahmedkhan for the supply of kids, fowls, eggs, &c., for the zoological collection, Victoria Gardens, (*b*) with Messrs. Ahmed Moosa & Co. for the supply of earth for covering cutchra deposits during the year 1897-98, (*c*) with Mr. Sorabji Jamshedji for winding and repairing municipal clocks during the year 1897-98, (*d*) with Messrs. Garlick & Co. for the supply of cast-iron pipes and fittings required for house-connection work in Kala Chowki Road and other places, and (*e*) with Messrs. Richardson & Cruddas for the supply of 1,000 lbs. of dermatine valve faces for the Love Grove Pumping Station at the rate of Rs. 3-5-0 per lb.

No. 1888.

Resolved : "That sanction be given to the cutting off of water connections as per list accompanying the Commissioner's memorandum, No. 3958, dated this day."

Read letter No. 1627 of the 7th instant from the Executive Engineer to the Commissioner as under :—

SIR,—I have the honour to forward the accompanying plan of Sonapur Lane, and to state that Messrs. Dhondu Coli and Ramji Coli while rebuilding their house have also built over the portion scored red on the plan and lying within the regular line of the street. This portion of the ground admeasures 25·28 square yards, and I estimate its value at the rate of Rs. 10 per square yard, or Rs. 252-12-10 in all. (2) It is said that the owners were misled by their mistri in executing the work within the regular line of the street. (3) As would appear from the plan, this particular portion of the land is not used for carriage traffic, being blocked at its west side by the wall of the Mahomedan burial-ground. The houses on either side of the building in question have not also yet been set back. There will therefore be no particular advantage in enforcing the set-back at present, and as the owners are willing to sell the land to the Municipality at half its present value and to take it back on a lease from them and also to remove the work within the set-back line and give up the ground to the Municipality for street improvement without claiming any compensation when either of the houses on its sides is set back, I beg to recommend that the request may be granted. (4) As the amount of the compensation is Rs. 126-6-5, it will be necessary to obtain the

sanction of the Standing Committee alone to the proposal according to the opinion recently given by counsel. (5) The principal conditions will be :—(1) That the owners will pay an annual rental in advance to the Municipality calculated at 6 per cent. on the total amount to be paid to them for the absolute purchase of the land, such rent to be paid by them until such time as the house on either side of their property becomes liable to be set back. (2) That, on the happening of the above event, the owners will remove the superstructure which they have built over the ground lying within the regular line of the street and make the ground over to the Municipality clear of all encumbrances and without claiming any compensation for it. (3) That the owners will pay the cost of preparing, stamping, and registering, &c., the required agreement.—I have, &c.,

M. C. MURZBAN, Executive Engineer.

No. 3280 OF 11TH MAY 1897.

Forwarded to the Standing Committee for favour of sanction.

P. C. H. SNOW, Commissioner.

Proposed by K. M. Shroff, Esq., seconded by R. H. Vincent, Esq., C.I.E.—

"That, with reference to his memorandum No. 3280 of the 11th instant, the Commissioner be requested to enforce the set-back of house No. 63-65, Old Sonapore Lane, the property of Messrs. Dhondu Coli and Ramji Coli, as shown in pink scored lines on the tracing accompanying the memorandum."

No. 1889.

Carried.

Read letter No. 1673, dated 7th instant, from the Executive Engineer to the Municipal Commissioner as under:—

SIR,—I have the honour to bring to your notice that this department has served a notice under section 354 of the Municipal Act on Mr. Abdulla Hadji Dawood for renewing the south-west corner bay of his house at Jackeria Musjid Street, as the same is in a ruinous state. The owner has since shored up the ruinous portion as well as the whole of the front of his house which projects over the street, and has applied to me for permission to remove the projection and to rebuild the front wall over the existing posts and beams. (2) A portion of this house lies within the regular line of the street, which line is shown in red on the accompanying plan, and the work proposed to be done will therefore be also within this line. The red dotted line on the same plan indicates the line of the projection, and the scored portion shows the wall proposed to be built in lieu of the wall projecting over the street. (3) From the plan it will also be observed that if the set-back were enforced to its full extent now a recess will be formed in front of the building, as the houses on

either side of it have not yet been set back, and a very heavy compensation will have to be paid for the structure. The best course, therefore, appears to be to acquire the set-back now and to give it back with the structure on a lease to the party. (4) The ground admeasures 6·98 square yards, and its value at the rate of Rs. 30 per square yard will be Rs. 209·40. The value of the structure is estimated at Rs. 493, which will make a total compensation of Rs. 702 to be payable by the Municipality. (5) I beg, therefore, to recommend that the sanction of the Standing Committee be obtained to the taking up of 6·98 square yards of land lying within the regular line at Rs. 30 per square yard and to the payment to Mr. Abdalla of a sum of Rs. 493 for the structure standing on the said ground after the projection is removed, and also to the said ground being given on a lease to the owner on the understanding that he will pay an annual rental to the Municipality in advance calculated at 6 per cent. on the total amount to be paid to him for the absolute purchase of the land and structure; such rent to be paid by him until such time as the houses on either side of the property become liable to be set back. It should also be understood that Mr. Abdalla will pay the cost of stamping and registering the agreement, and that when either house adjoining his property becomes liable to be set back, he will remove the superstructure standing within the regular line of the street and make over the said 6·98 square yards of land to the Municipality clear of all encumbrances.—I have, &c.,

BOMBAY, 15*th May* 1897.

To H. W. BARROW, Esq., Municipal Secretary, Bombay.

RESPECTED SIR,—It is with extreme regret that I learnt from your No. 14202, dated the 18th March last, that my services have been dispensed with on the ground that I did not apply for an

extension of leave in time. I beg most respectfully to submit that I did not flee from Bombay on account of the plague. My wife died in January last of that fell disease. It was because there was nobody to look after my helpless children after the death of their mother that I applied on the 8th January last for leave, which you were pleased to grant for a fortnight, *i.e.*, up to the 22nd idem. Soon after reaching my native place I fell ill, and was therefore obliged to apply for an extension, which was granted up to 21st February last. As I continued to be ill, I prayed for a further extension and wrote to you on the 20th idem, but the letter, which was supported by a certificate from the village patel about my illness, could not be posted in time owing to the Post Office being considerably away from my native village, *i.e.*, at a distance of about 18 miles, and to there being no assistance available.

Fully expecting that I would get a favourable reply, I was surprised to learn from your above number that the Standing Committee were pleased to dispense with my services. As I was confined to my bed and did not stay away without permission, and as I tried my utmost to obtain extension of leave considering that the Post Office was far away from my village and I being seriously ill, the order of the Standing Committee is, I feel, a great hardship on one who has served them honestly, faithfully and zealously for the last about 22 years. I append a certificate from the village patel about my illness, which will show you that I did not feign illness.

I need not state that even some of those who went away without permission on account of the plague-scare in the other departments of the Municipality have been reinstated. Mine is not such a case, and it is a great hardship that I should be visited with such a severe punishment. I beg most respectfully, therefore, that you will be pleased to recommend me to the Standing Committee for being allowed to resume my duties as Havildar in their office. By your kindly complying with my humble request I, with my family consisting of children who look to me for support, shall feel ever grateful.—I beg, &c.,

HARI SURYAJI, Havildar.

Proposed by A. G. Viegas, Esq., seconded by Kaikhosro N. Kabraji, Esq.—

No. 1901. "That the resolution of the Standing Committee No. 13709, dated 10th March 1897, be rescinded so far as it affects Hari Suryaji and that he be reinstated."

Amendment proposed by K. M. Shroff, Esq.—

"That if Hari Suryaji is eligible for pension he be placed on the pension list."

Not seconded.

The original motion was *carried*.

Read letter No. 3164, dated 11th instant, from the Commissioner to the Secretary, as under :—

SIR,—The Standing Committee, under their Resolution No. 13841 of the 26th February 1896, resolved that, in their opinion, the whole of the Tansa duct line should be cleared and kept clear of all growth of trees. 2.—The Water Engineer reports that along the 15th mile in Mandolla Division all the trees have been cut down and rooted out for the whole width of the duct at a cost of Rs. 385-6-3, and that along the 45th mile in Salsette Division the trees were only cut down to the ground at a cost of Rs. 114-6-0. The length of the duct now requiring clearing is 21 miles. 3.—From the rate of expenditure given above, it will be seen that to cut down and root out the trees over an area of one mile will cost about Rs. 400. The total cost of the work is therefore estimated at Rs. 8,400. 4.—I therefore request further opinion of the Standing Committee as to whether it is their desire to incur this expenditure in the present time of financial pressure. 5.—The value of the trees, shrubs and roots removed from the two miles is about Rs. 20. 6.—I think that the work should be done gradually, as circumstances permit, out of the Water Works overtime and temporary labour grant every year.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 1902. *Resolved* : "That the following be *recorded* with the expression of the Standing Committee's concurrence with the Commissioner that the work of clearing jungle and timber from the line of the Tansa pipe line should be completed gradually, a small amount being entered in the Budget for that purpose each year :—Letter to the Secretary, No. 3164, dated 11th instant, from the Commissioner, reporting, with reference to the Standing Committee's resolution, No. 13841 of the 26th February 1897, as to the clearing of the whole of the Tansa duct line of all growth of trees."

No. 1903. *Resolved* : "That the consideration of the following be postponed until the next meeting :—Memorandum No. 3278, dated 11th instant, from the Commissioner, forwarding letter to himself, No. 511 of the 6th idem, from the Chief Accountant, enclosing two statements, marked A and B, showing the expenditure passed and paid on account of the bubonic plague, (1) from the commencement up to the 31st March last and (2) from 1st April to 1st May 1897, respectively, including expenditure by the Plague Committee."

Resolved : "That memorandum No. 2467, dated 1st instant, from the Commissioner forwarding statement of the different loan and reserve fund balances up to 31st March 1897, be *recorded*."

No. 1904.

Consider Progress Reports of new works in course of construction up to end of December 1896.*

On the proposal of Cowasjee Hormusjee, Esq., it was agreed that the Commissioner be asked to state, with reference to Items Nos. 77 and 85 of the Progress Report, how it is that the sum of Rs. 56,728 is set down to be utilized in the laying of a 9″ Main in Warli Road, while Item No. 77 states that the amount of the grant for renewing the main there with a 9″ pipe in place of the existing 3″ main is Rs. 27,000 only.

No. 1905.

On the motion of Nanabhai N. Katrak, Esq., it was *resolved* that the Commissioner be asked to state when the works referred to in Item No. 21, Health Department, Bullocks Stables and Quarters, &c., are likely to be commenced, and further, with reference to Item No. 73, why there has been such delay in carrying out the improvements of the outlet towers at Vehar and Tulsi, which were understood to be urgent works.

No. 1906.

It was further *agreed* that the Commissioner be asked to give some explanation regarding Item No. 33, Mechanical Stokers at Love Grove, and Item No. 30, Catchpit on the Mint Road sewer, &c., especially regarding the nature of the complaints on the part of inhabitants of the locality of that road.

No. 1906-A

Resolved : "That the Progress Report up to the end of December 1896, of new works in course of construction, be *recorded*."

No. 1907.

Read the following :—

BELLA VISTA, CUMBALLA HILL,
BOMBAY, 17*th May* 1897.

MY DEAR DR. BHALCHANDRA,—As promised I now put in writing the reasons which induced me to oppose the proposal for the following by-law as brought before the Corporation at their meeting held on the 13th instant.

* *See* Appendix D.

"By-law made by the Municipal Corporation of the City of Bombay under the authority of Section 461, clause (*a*) of the City of Bombay Municipal Act, 1888, subject to the confirmation of Government under Section 463 of the same.

"The Joint Schools Committee constituted under the provisions of Section 39 of the City of Bombay Act, 1888, are hereby invested with the powers and duties of suitably accommodating schools for primary education within the City of Bombay and are empowered to enter into leases of premises to be occupied by such schools. Provided, however, that the said Committee shall not enter into any lease of a building for a period longer than one year without obtaining the previous sanction of the Corporation, and provided also that no one lease shall be entered into which involves an expenditure of Rs. 5,000 per annum or upwards without the previous sanction of the Standing Committee, and that the total expenditure to be incurred in connection with any such leases shall not exceed the amount entered in the Budget provision in any one year, without such previous sanction as last aforesaid."

As explained, such a by-law is not required nor asked by the Joint Schools Committee. The Committee already leases buildings for periods of one year and more, and there is no limit to the rental save that which the Committee themselves put on after taking into consideration the accommodation, &c., provided, so that the proposed by-law instead of helping them would only impose an unnecessary restriction on their action, such restriction not being in existence at present. Moreover, it will be admitted that no cause has been shown for such a change.

The facts, as the Standing Committee will remember, are :—

On the 30th September 1895 the Joint Schools Committee in submitting their Budget for the ensuing year asked the Municipal Commissioner to enter in the Municipal Budget for 1896-97 an additional contribution from the Municipality of Rs. 50,000 for the provision of improved school accommodation. This amount was not included in the Budget, as the Standing Committee were of opinion that it was for the Corporation to decide whether they were prepared to incur loan charges to that extent.

Later on, on 15th November 1895, His Excellency the Governor Lord Sandhurst visited some of the Municipal Schools and thereafter on the 24th November 1895 desired that a joint note be prepared by the Hon'ble Mr. T. B. Kirkham and myself laying before him "the facts of the situation and its history with any suggestion we may feel inclined to make."

This letter was placed before the Joint Schools Committee on the 4th December 1895, when the following resolution was passed by them.

Resolved : "That the Chairman is requested to convey to His Excellency the best thanks of the Committee for the valued communication and to add that the Committee, while fully endorsing

His Excellency's views regarding insufficient and insanitary accommodation in many of the primary schools of Bombay, were quite prepared to hear of His Lordship's impressions as to the unsuitability of the buildings. That the Chairman be further requested to act on the suggestion made by His Excellency and prepare, in conjunction with the Hon'ble Mr. Kirkham, the joint note asked for. While the note was under preparation, on the motion of the Hon'ble Mr. P. M. Mehta, the Corporation resolved, on the 20th January 1896, 'That a fund to be called "The School Building Fund" be established for the purpose of providing proper buildings for primary schools, and that monies should be drawn from it from time to time as proportional Government contributions are provided, and that the contribution to the fund be fixed for the present year at Rs. 50,000.'

"That the total grant in respect of expenditure for the year as contribution towards the cost of education be adopted at Rs. 1,39,795, and that of that amount a sum of Rs. 50,000 be credited to a separate fund to be called 'The School Building Fund' to which additions may be made from year to year, such fund to be utilized for the purpose of providing proper buildings for primary schools, and moneys wherefrom shall be drawn from time to time as the Corporation may sanction, and as proportional Government contributions may be provided."

Before this resolution was before Government the joint note had been prepared and laid before His Excellency the Governor (17th February 1896).

It suggested the raising of a loan of 10 to 15 lakhs payable in 10 to 15 years as the best method of supplying speedily specially built houses for some of the worst located schools in the crowded parts of the city.

While the joint note was under consideration the Corporation passed the following resolution on 9th March 1896 :—

"That the President be requested to write to Government informing them that the Corporation have started a Primary School Building Fund to which they are prepared to add as far as their finances may permit, and inquire if Government will be ready to contribute their supplemental grants in that behalf, with as little delay as possible, to enable the Corporation to take the work systematically in hand at once, especially bearing in mind the increasing value of land in the city."

And in accordance with that Resolution a letter was addressed to Government on the 12th March 1896, who replied on the 3rd July 1896.

In the meantime, seeing that some years must elapse before they can get properly-built school-houses in the crowded localities, as there will be difficulties in acquiring land, pulling down old buildings and providing the large funds necessary, the Committee

decided not to wait, but to enter into negotiations for leasing buildings possessing sufficient accommodation, which could readily be altered as regards air and light to the requirements of their respective schools. As a first step towards this, they have asked the Municipal Solicitors to prepare a draft lease, setting forth the terms and conditions upon which the Committee are prepared to hire such houses for a period of, say, five years.

Previous to the receipt of this draft of lease from the Solicitors, the Government reply to the Corporation's letter of the 12th March 1896 was received, in which Mr. Secretary Logan stated :—

2. Considering for these reasons that there is a special need for meeting the wishes of the Corporation on this occasion, His Excellency the Governor in Council is prepared to sanction a grant-in-aid to the Bombay Municipality of Rs. 50,000. This sum, I am to say, will be placed at the disposal of the Corporation, subject to the usual conditions regarding building grants for primary schools.

3. I am at the same time to invite attention to the provision of clause 2 (*c*) of section 120, Bombay Act III of 1888, which require that the Corporation shall in each year provide for the aid of primary education out of its General Revenues a contribution which, with school fees added to it, shall be equal to double the Government grant.

4. Your letter under reply has led Government to give consideration to the possibilities of further grants-in-aid when that now promised is exhausted. This is a matter about which it would be premature to make too definite a statement at present, but there are two conditions which are likely to make it impossible for Government to contribute large sums annually towards the building of primary schools in the City of Bombay. The first is the uncertainty of provincial finances. The second is that it is incumbent on Government to dispose of the amount they are able to set aside for building grants with a due regard for the equitable claims of the Presidency as a whole. The anticipations of the Joint Schools Committee, so to say, were realised, and they asked the Solicitors to expedite the draft lease agreement. The draft was obtained through the Municipal Commissioner on the 23rd July and was discussed at the meeting of the Joint Schools Committee held on the 5th August 1896. It was observed that the lease was prepared in the name of the Corporation as the Solicitors were of opinion " that such leases must be entered into by the Corporation itself inasmuch as no express power of entering into leases of premises for schools is given to the Committee by the Act, which indeed evidently contemplates that the Corporation shall provide the necessary accommodation unless and until the Committee are invested with that power." " The Joint Schools Committee thought that the omission in the by-laws of any special reference to the subject of renting school buildings does not deprive the Committee of the power of discharg-

ing this necessary part of their functions." They therefore resolved on the 5th August 1896:—"That the Solicitors be asked to substitute in the draft the name of the Joint Schools Committee for that of the Corporation wherever that word is employed therein."

The Solicitors were also asked to revise the form of lease in consultation with the Chairman, and that it be for a sufficiently long period of years, to induce Trust and other bodies who invest their funds in Government Securities might find it worth their while to tender.

While this was receiving the attention of the Solicitors the Corporation, on the application of the Hon'ble Mr. P. M. Mehta, gave priority to the consideration of the Government letter of the 3rd July, which was discussed on the 17th August, further discussion being deferred to the 24th August, when the following Resolution was passed :—

"That letter to the President, No. 1216, Educational Department, No. 5340. dated 3rd July 1896, from Mr. Acting Secretary Logan be *recorded*.

"2. That the Corporation tender their best thanks to Government for sanctioning a building grant to the Municipality of Rs. 50,000.

"3. That the Corporation feel at the same time bound to point out that they do not understand the reference in the said letter to the provisions of clause 2 (*c*) of section 120 of the Municipal Act of 1888, that the said section does not apply to building grants, and that Government themselves have recognised such principle in the building grant for the Bhuleshwar School.

"4. That, with reference to the contemplated school in Tank Street, the Corporation intend to appoint a Committee to frame proposals for utilizing the building fund for primary schools.

"5. That the Corporation regret that Government think that there are circumstances, which are likely to make it impossible for Government to contribute large sums annually towards the building of primary schools in Bombay.

"6. That the Corporation desire to point out that, previous to the passing of the Municipal Act, 1888, when there was no legal obligation on the Corporation for the maintenance of primary education and the care of primary education in the City of Bombay vested in Government, no building grants for the construction of primary schools were ever made, though such grants for primary schools were largely made for the rest of the Presidency.

"7. That the inability of Government to contribute a moiety of the cost equally with the Corporation will unfortunately result in defeating the object which both Government and the Corporation have at heart.

"8. That, under these circumstances, the Corporation request Government to inform them if, in case the Corporation raise a loan of, say, from 10 to 15 lakhs for building primary schools, Government, will be pleased to undertake to contribute a moiety of the annual payment for interest and sinking fund."

While matters stood thus between the Corporation and Government the Joint Schools Committee devoted themselves to the question of the leases and finally obtained (duly approved) from the Solicitors on the 15th September 1896—

(*a*) Draft of advertisement.
(*b*) Form of application.
(*c*) Information for landlords.
(*d*) Draft of agreement for lease.

All these papers were forwarded to the Corporation on the 19th October 1896.

As the Solicitors maintained that the Joint Schools Committee were not in a position to enter into leases in the absence of a specific by-law empowering them so to do, the Committee requested that

"they may be invested by the Corporation with the necessary authority in that behalf."

On the 25th November 1896 the Corporation referred the matter to the Standing Committee and the Municipal Commissioner for report.

They in their turn referred it to the Municipal Solicitors, who on the 20th March 1897 gave it as their opinion that—"We have the honour to state that we can see no objection to the Joint Schools Committee being invested by by-law under sections 461 (*u*) and 39 (10) of the Municipal Act with the powers of the Corporation in regard to the leasing of premises for the accommodation of schools for primary education. The administration of the School Fund being in the hands of the Joint Schools Committee, that Committee would seem to be obviously a proper authority to decide what premises are required for the schools and on what terms they should be taken, and to take leases when those terms are arranged, nor did we in our letter of January 14th for a moment intend to suggest any doubt on this point."

Thereafter the Standing Committee on the 31st March last passed the following Resolution :—

"That memorandum from the Commissioner to the Secretary, No. 28007 of the 25th instant, and letter from the Municipal Solicitors forwarded therewith, be submitted to the Corporation, with reference to their Resolution No. 8269 of 16th December last, and with the recommendation that the Joint Schools Committee be invested by by-law with powers of the Corporation in regard to the leasing of premises for the accommodation of schools for primary education."

This Resolution, it will be seen, contemplated the Joint Schools Committee being invested by a by-law having powers of the Corporation in regard to the leasing of premises for the accommodation of schools for primary education ; in other words it would place the Joint Schools Committee in the place of the Corporation in this matter. It recommends no limit to the period of leases nor to the rents.

The Joint Schools Committee propose to invite tenders from owners of buildings for leases of their premises to make them suitable to the requirements of the schools as per draft of agreement for lease. The Committee expects that they can obtain offers at about 5½ per cent. gross on cost of land and buildings, or say 4·13 per cent. net.

For these reasons I would suggest for the consideration of the Standing Committee (before whom you will kindly place this letter) the advisability of omitting from the draft by-law all reference as to the periods of leases or, if that be not acceptable, to substitute the words " fifteen years " for the " words one year."

I trust the Standing Committee will see their way to meet this request and thus enable the Joint Schools Committee to obtain the necessary sanction of the Corporation.—Yours, &c.,

NOWROSJEE N. WADIA.

DR. BHALCHANDRA KRISHNA, L.M.,

Chairman of the Standing Comtee. of the Munl. Corpn. of Bombay

Proposed by Nanabhai N. Katrak, Esq., seconded by Fazulbhai Visram, Esq., C.I.E.—

That, with reference to their Resolution No. 1828 of the 13th instant, the Corporation be informed that the Standing Committee do not think it desirable to recommend that any alteration should be made by the draft by-law relating to leases to be entered into by the Joint Schools Committee.

Amendment proposed by the Hon'ble Mr. Abdalla M. Dharamsi, seconded by K. M. Shroff, Esq.—

" That the consideration of letter to the Chairman from
No. 1908. the Hon'ble Mr. Nowrosji N. Wadia, C.I.E., regarding proposed draft by-laws be postponed until the next meeting."

On a division, there were five votes for and five votes against the amendment, which was carried by the casting vote of the Chairman.

Read letter No. 3410, dated 13th instant, to the Special Drainage Engineer as under:—

SIR,—I have the honour to request that you will inform me without delay whether any temporary channels can be dug on the Flats to drain off water during the monsoon at a small cost.—I have, &c.,

P. C. H. SNOW, Commissioner.

Also letter No. S. D. 322 of the 14th instant to the Commissioner as under :—

SIR,—With reference to your No. 3410, dated 13th May 1897, I have the honour to observe that there are already several channels on the Flats to drain off the surface water into the open main drain, but the utility of them is reduced by the flood waters which remain often for days together in that drain.

As any other drains which might be made at present could be connected only with the same main drain, there would be no material advantage in increasing the number.

What is required is very deep channels and greater facilities for discharging flood waters into the sea than are afforded by the Love Grove sluices.

The construction of such deep channels and the provision of larger and lower sluices are works of magnitude which will take considerable time in execution and cannot prudently be set about until I have completed the surveys and estimates, for which a staff has been granted to me under your No. 961, dated 12th April 1897.—I have, &c.,

JAMES W. SMITH, M. INST. C. E.,
Special Drainage Engineer.

No. 3710 OF 17TH MAY 1897.

Forwarded, with compliments, to the Municipal Secretary for the information of the Standing Committee as the question was raised at the last meeting.

P. C. H. SNOW, Commissioner.

Resolved : "That memorandum to the Secretary, No. 3710, dated 17th instant, from the Commissioner forwarding letter to himself, No. S. D. 322, of the 14th idem, from the Special Drainage Engineer containing observations regarding the draining off of water on the Flats be *recorded*."

No. 1909.

The following notice of motion given by A. G. Viegas, Esq., was *withdrawn* :—

That the Municipal Commissioner be requested to state (1) whether the existing channels on the Flats are sufficient to carry off the storm-water; (2) if not, whether they could be supplemented or their efficiency increased before the break of the monsoon; and (3) the probable date of the taking in hand and completion of the drain to cut off the Flats from the rest of the city as recommended by Mr. Baldwin Latham.

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai and Tansa Lakes for the week ending 16th May 1897.*

No. 1911. *Resolved* : "That, with reference to the Commissioner's memorandum No. 3844, dated 18th instant, the Standing Committee approve, under the terms of section 28 (*a*) of the Municipal Act, of the payment of Rs. 94, being the amount of allowance to Polling Officers, clerk, and peons as per list accompanying the memorandum. The amount to be met from the grant for election expenses."

No. 1912. *Resolved* : "That the following be forwarded to the Commissioner in continuation of the Standing Committee's Resolution No. 1629 of the 12th instant for favour of remarks :—Letter to the Chairman, dated this day, from Mr. Damoderdas Tapidas, as under :—

GENTLEMEN,—I have the honour to forward herewith copy of a letter addressed by me to the Municipal Commissioner on the 17th instant, with reference to your Resolution passed on the 12th instant. I have to request you to be good enough to ask the Commissioner to defer action until the facts mentioned in my said letter have been fully investigated.—I have, &c., DAMODERDAS TAPIDAS."

NO. 2, DALAL STREET, FORT,
BOMBAY, 17*th May* 1897.

TO THE MUNICIPAL COMMISSIONER,
Bombay Municipality.

SIR,—I have the honour to bring to your notice the circumstance that the Municipal Standing Committee has sanctioned the filling up of the so-called "Tank" on my premises Nos. 85-87, Chinch-

* *See* Appendix C.

pockly, Parel Road, and to state that it is not a tank as it has been erroneously called by the Health Department, but it is *pucca-built well* and is used for irrigation purposes and for which the Municipality makes a charge upon the property. I had the honour to clear this misimpression in my letter of 21st December last, addressed to the Health Officer. It is quite clean and has no bad influence whatever upon the atmosphere. I have the honour therefore to request you to countermand your orders to fill it up if you have issued any, or refrain from issuing them if not issued till now.—I have, &c., DAMODERDAS TAPIDAS.

Resolved: "That the following be *recorded*:—Letter to the Secretary, No. 3941, dated 18th instant, from the Commissioner as under:—

No. 1913.

SIR,—I have the honour to report for the information of the Standing Committee that, in order to enable Professor W. M. Haffkine to carry on his researches in connection with the bubonic plague, I have had the bungalow occupied by him at Malabar Hill and known as the "Cliff" fitted. The bill of Messrs. Ahmed Dewji and Bros., Furniture Merchants, amounts to Rs. 3,499 and that of the Gas Company to Rs. 372-14-7. The whole amount will be debited to the plague grant. I may mention that when the furniture and fittings will no longer be required they will be sold and, I hope, will realize a fair price.—I have, &c., P. C. H. SNOW, Commissioner."

Resolved: "That the following be *recorded*:—Letter to the Secretary, No. 3964, dated this day, from the Commissioner as under:—

No. 1914.

SIR,—I have the honour to report for the information of the Standing Committee that I have accepted the offers of Messrs. Sagaji Ramji and Tukaram Daji at Rs. 7,000 and Rs. 5,000 for the right of cultivating vegetables, &c., at the Coorla and Tardeo flats, respectively, during the current year. At the auction sale of the rights the offers were Rs. 6,500 and Rs. 5,000 for the Coorla Flats and Tardeo Flats, respectively, but they subsequently increased their offer for Coorla to Rs. 7,000. It does not seem likely that we can now get better terms. The amounts realized for these rights in past years are as follows:—

Years.	Coorla.	Tardeo Flats.
1894-95 ...	...Rs. 9,000	Rs. 10,000
1895-96 ...	... „ 8,725	„ 11,000
1896-97 ...	... „ 7,000	„ 8,000

I have, &c., P. C. H. SNOW, Commissioner."

Read the following memorandum No. W.$\frac{1413}{75}$ of to-day's date, to the Commissioner, through the Executive Engineer and the Chief Accountant :—

SIR,—I have the honour to forward herewith a tabulated statement regarding the offers for the work to be done to the Tansa pipe embankment between Godauli and Balcomb. These tenders were received—one before and two after the postponement of the date of receiving tenders. It will be seen that one contractor, Sitaram Laxmon, has submitted two tenders—one before the postponement for receiving tenders was announced and another after the postponement. The original tender, which was sent in before the postponement, is very much lower than either of the tenders which were received after the postponement, although the terms in the specification were made less stringent for the second tenders. It will also be seen that this contractor in his second tender has increased his rates to such an extent as to make the total amount of the second tender about 42 per cent. more than the total amount of the first. In his first tender this contractor also objects to be bound to complete any of the works required within the term of two months as was originally specified, and in his second tender he does not make any reduction in consequence of the extension of one month which was granted. Further, in his first tender he requires that the time for completion shall be extended to 12 months including the monsoon. I do not think the terms of his first tender can be accepted, and the rates in the case of his second tender are much too high. Messrs. Littlewood and Pallonji are the lower tenderers in the second series, but their rates work out to a total amount which is Rs. 3,200 in excess of my estimate. They also state that they cannot do the work for a less period than 12 months including the monsoon, and they will not even bind themselves to do the stone embankment within the specified time. Under these circumstances I did not think it advisable to recommend the acceptance of either of the tenders. I then modified the terms of the specification regarding completion of the work, informing the original contractors of the change, and, after consultation with you, I invited, by circular, offers from other well-known contractors, with the result that replies were received from two firms, one of which was informal and cannot be considered. The other offer by Bhaskar Shivram works out to a total which is about 5 per cent. less than the office estimate. I have consulted with the Executive Engineer regarding this matter, and he agrees with me that the tender of Bhaskar Shivram be recommended for acceptance. I have, therefore, to ask you to obtain the sanction of the Standing Committee to the work being given to contractor Bhaskar Shivram at rates aggregating to Rs. 53,737 *plus* 10 per cent. contingencies for establishment and contingencies.—I have, &c.,

HOWARD NEWTON, C.E., Acting Water Engineer.

Read also memorandum No. 727, without date, from the Chief Accountant, as under :—

The original tenders and offers referred to by the Acting Water Engineer have not been received in this office. For want of sufficient time this office had not been able to check the figures given in the accompanying statement. 2.—The grants sanctioned in Corporation's Resolution No. 12511, dated 11th February 1897, for the works in question aggregate Rs. 62,115 as per margin. 3.—If the Executive Engineer be of opinion that, under the circumstances stated by the Acting Water Engineer, it is advisable to accept Mr. Bhaskar Shivram's offer, and if you approve of the proposal, sanction of the Standing Committee will have to be obtained to the work being entrusted to Mr. Bhaskar at the rates tendered by him aggregating Rs. 53,737-8-0 *plus* Rs. 5,373-8-0 for establishment and contingencies at 10 per cent., or a total of Rs. 59,111 against the sanctioned grant of Rs. 62,115. 4.—No rates appear to have been obtained from Mr. Bhaskar for the last five items mentioned in the comparative statement submitted by the Acting Water Engineer, and it would be well if Mr. Bhaskar were made to accept, at any rate, the lowest rates of the other tenderers for these items if he could not be induced to reduce them.—SORABJI NAVROJI COOPER, Chief Accountant.

BOMBAY, 26*th May* 1897.

AT the meeting of the Standing Committee held this day, there were present:

BHALCHANDRA KRISHNA BHATAWADEKAR, Esq., L.M., *Chairman.*

THE HON'BLE MR. ABDALLA M. DHARAMSI, B.A., LL.B.; T. W. CUFFE, Esq.; FAZULBHOY VISRAM, Esq., C.I.E.; KAIKHOSRO N. KABRAJI, Esq.; K. M. SHROFF, Esq; NANABHAI NAVROJI KATRAK, Esq., L.M. & S.; R. H. VINCENT, Esq., C.I.E.

P. C. H. SNOW, Esq., I.C.S., Commissioner; the DEPUTY COMMISSIONER; and the SECRETARY.

The minutes of the meeting held on the 19th instant. were signed.

The seal of the Corporation was affixed to lease entered into with Mr Keshowjee Kalianjee for the occupancy of chawls with open ground for halalkhors of the Health Department, bearing Ward Nos. 3593-94 and 3595-96, Umerkhadi Road, for the period of five years, from 6th February last, at the monthly rental of Rs. 279, inclusive of taxes.

The seal of the Corporation was also affixed to 19 attested duplicate debentures of the Tansa Water Works Loan—two of Rs. 5,000 each, Nos. 11671/80 & 11681/90; nine of Rs. 1,000 each, Nos. 9797/98, 13055/56, 13057/58, 13389/90 to 13395/96, 14637/8 & 17339/40; and eight of Rs. 500 each, Nos. 13971, 14057, 14058, 17255 to 17259.

Resolved: "That sanction be given to the cutting off of water connections as per list accompanying the Commissioner's memorandum No. 4479, dated this day." No. 1977.

Resolved: "That, as applied for by the Commissioner in his letter to the Secretary, No. 3760, dated 17th instant, sanction be given to the acceptance of the tender of Mr. Esmail Ebrahim Lokhundwala, the lowest of the three tenders received, for the supply during the current year of firewood for cremation purposes at Tank Bunder burning ground at the rate of Rs. 4-9-0 per khandy." No. 1978.

Read letter to the Secretary, No. 3942, dated 18th instant, from the Commissioner as under:—

SIR,—I have the honour to state that the Executive Engineer reports that the present stock of Kerosine Oil is expected to last till about the middle of the next month, and that it is necessary to

purchase more oil now. 2.—Offers were invited by him from the following firms :—(1) The Standard Oil Co.; (2) Messrs. Graham & Co.; (3) Messrs. Visram Ebrahim & Co.; (4) Messrs. Munji Nathoobhoy & Co.; (5) Messrs. Hiptoola Shaik Adam & Co. Out of these the Standard Oil Co. have tendered for the supply of 150° oil, and Messrs. Graham & Co. have quoted rates for the Russian Kerosine oil of 125°, but, as the Executive Engineer does not recommend its use for street lighting, their offer is not taken into consideration. 3.—The Standard Oil Co. offer to supply 4,000 cases of snow-flake oil of two tins each in one lot at Rs. 5-2-2 per case, delivery being taken at their godowns in each case. 4.—I may state that the last batch of 2,000 cases of white-rose oil was purchased from this firm at the rate of Rs. 5-1-2 per case of two tins. 5.—Under the circumstances I request the sanction of the Standing Committee to the purchse of 4,000 cases of snow-flake oil 150° proof from the Standard Oil Co. at Rs. 5-2-2 per case of two tins with Rs. 150 for carting the cases from the Company's godown to the Municipal Stores at Bellasis Road. 6.—The sanction of the Standing Committee is also requested to dispense with the formalities of entering into a contract, &c., as the Company declines to enter into an agreement unless the Municipality bear the stamp charges. 7.—The total cost will be debited, in the first instance, to the Engineer's reserve stock and subsequently adjusted by debit to kerosine oil lighting as the oil is issued for lighting purposes from time to time.—I have, &c., P. C. H. SNOW, Commissioner.

No. 1979.

Resolved: "That, with reference to letter to the Secretary, No. 3942, dated 18th instant, from the Commissioner sanction be given to the acceptance of the offer of the Standard Oil Company for the supply of 4,000 cases of kerosine oil, snow-flake brand, 150 degrees proof, at Rs. 5-2-2 per case of two tins *plus* Rs. 150 for cost of carting the cases from the Company's godowns at Powder Works Bunder to the Municipal Stores at Bellasis Road. The total cost, Rs. 20,541-10-8 *plus* Rs. 150 for cartage, to be debited, in the first instance, to the grant for reserve stock, Engineer's Department, and subsequently adjusted by debit to the grant for kerosine oil lighting as the oil is issued for lighting purposes from time to time.

"That, under the terms of section 72 (3) of the Municipal Act, the Standing Committee dispense with the invitation for tenders, which would otherwise be necessary, as the said Company's offer is the lowest of the five offers received and is considered advantageous to the Municipality."

No. 1980. *Resolved*: "That sanction be given to the expenditure of Rs. 11-1-0 from the grants for the suppression of the bubonic plague to provide for cost of a suit of clothing for a peon in the Corporation and Standing Committee's Office to replace clothes that were worn by a peon who died of the plague on 27th April last."

No. 1981. *Resolved*: "That the following be forwarded to the Corporation :—Memorandum to the Secretary, No. 4063, dated 20th instant, from the Commissioner, reporting the writing-off, under the stock rules, of Rs. 13,218-9-0 from the Live Stock Return of the Health Department, being the book-value of 52 bullocks that died, 1 that was destroyed, and 145 that were sent to Pinjrapol, during the quarter ending 28th February 1897."*

No. 1982. *Resolved*: "That, with reference to the Deputy Commissioner's letter to the Secretary, No. 4021, dated 19th instant, the Standing Committee approve under the terms of section 517 (1) (*j*) of the Municipal Act, III of 1888, of the filing of suit, under the terms of section 211 of the Act, in the Court of Small Causes against Mr. Raghunath Makund for the recovery of Rs. 1,579-3-0 on account of wheel and property taxes due by him up to 31st March 1897 in respect of properties as per list accompanying the said letter."

No. 1983. *Resolved*: "That the following be *recorded* :—Memorandum No. 4157, dated 20th instant, from the Deputy Commissioner, forwarding letter to himself, No. W.$\frac{1244}{115}$, dated 12th idem, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost, (1) Rs. 22,633-12-4, of departmental works, and (2) Rs. 2,863-15-8, of private works

done up to 9th May 1897 in respect of the alterations of the water-supply in various parts of the City in connection with the special measures adopted for the suppression of the bubonic plague, these statements including all previous expenditure under these two heads."

Resolved: "That the following be forwarded to the Corporation for information :—Memorandum No. 3278, dated 11th instant, from the Commissioner, forwarding letter to himself, No. 511, of the 6th idem, from the Chief Accountant, enclosing two statements, marked A and B, showing the expenditure passed and paid on account of the bubonic plague (1) up to the 31st March last, and (2) from 1st April to 1st May 1897, respectively, including expenditure by the Plague Committee."

No. 1984.

Read letter to the Secretary, No. 3880, dated 18th instant, from the Commissioner as under :—

SIR,—In reply to Standing Committee's Resolution No. 339, dated 7th April 1897, I have the honour to forward a list showing the number of houses, sheds and huts vacated or demolished. 2.—As regards the huts and sheds operated on, they were systematically inspected by the Executive Engineer's Department and one or other of the Health Officer's. The destruction of houses has not yet commenced, though several will shortly be pulled down in Piru Lane ; but systematic and regular inspection for condemnation has commenced. The Executive Engineer and Surgeon-Lieutenant-Colonel Kirtikar are at work in Kamathipura and the Executive Engineer is also taking up Dhobi Talao under my orders. Further operation in this direction will shortly be undertaken as soon as the staff can be got together, a matter which has caused the greatest difficulty. 3.—The view of the Plague Committee was, that demolition should not be actively proceeded with before the rains in view of the uncertainty as to the number of the returning population and possible difficulty in housing them. When, therefore, the destruction of a certain number of the most obviously insanitary and dangerous huts and sheds had been accomplished, matters were not pushed further. 4.—I am unable to state the number of the population of the huts and sheds destroyed, as many of them were empty at the time. But I should consider that from 1,500 to 2,000 people may have had their tenements burned or pulled down. Many of these persons have left Bombay and will probably not return until after the Diwali. No wholesale demolition of houses, such as that referred to in the last paragraph of the resolution, was ever attempted or contemplated at the present time. Such operations require minute and careful

inspection house-by-house and will proceed by degrees. 5.—As regards the difficulty of finding accommodation, neither the Health Officer, the Executive Engineer or myself anticipate that it will occur. Taking the population of the City on the 1st of June at about 700,000—if so much—it is certain that, with the usual exodus for the Kharif and Rabi cultivation, it can hardly be expected to increase much this side of the Divali when, if there is happily no recrudescence of the plague, the City may be expected to resume its normal condition. The Colaba Company, the Hon'ble Mr. Wadia and the Port Trust are all erecting chawls for the housing of poor employés, and the matter of housing some of our halalkhors who have been dispossessed is engaging the attention of the Executive Engineer. I do not therefore, as stated above, consider that, with the present population, there will be any particular lack of accommodation though cases of individual hardships may occur.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved: "That letter to the Secretary, No. 3880, dated 18th instant, from the Commissioner and list forwarded therewith, showing the number of houses, sheds and huts vacated or demolished, &c., in Bombay during the plague be *recorded*."

No. 1985.

On the motion of the Hon'ble Mr. Abdalla M. Dharamsi, the consideration of the Corporation's Resolution No. 1828, of the 13th instant, and letter to the Chairman, dated 17th idem, from the Hon'ble Mr. Nowrosjee N. Wadia, C.I.E., on the question of the proposed by-law relating to the leasing of premises for schools was further postponed till next meeting.

Resolved : "That the following be referred to the Commissioner for favour of remarks :—Letter to the President, dated 20th May 1897, from Messrs. Edgelow and Gulabchand, on behalf of Mr. Dhondiba Krishnaji, the owner of a private market at Parel Road, objecting to the levy of Rs. 640 per annum for municipal charges in respect of such market, as sanctioned by the Corporation's Resolution No. 11346 of the 25th January last, and contending that the charge is neither justified under the Municipal Act nor under the By-laws. Adding that the charge of Rs. 640, together with Rs. 279, the amount of assessment, or Rs. 919 a year in all, is equal to forty-six per cent. of the gross revenue of the property; and asking that the resolution may be cancelled or amended so far as the market in question is concerned."

No. 1986.

Read memorandum to the Secretary, No. 3770, dated 17th instant, from the Commissioner, forwarding, with reference to the Standing Committee's Resolution No. 335, of 7th ultimo, memorandum to himself, No. 5286, dated 14th instant, from the Acting Health Officer as under :—

Memorandum.—There has been a dispute between the complainant and Gowli Madar Jani relative to a right of way, and it ended in a High Court suit. The stable has been in existence for a number of years, whereas the complainant's house is of quite recent construction. The stable has been licensed. If complainant feels aggrieved, he should go to a court of law.—J. LEASK, Acting Health Officer.

Resolved : "That, in reply to his letter to the Chairman, dated 1st ultimo, on the subject of the removal of buffalo stables erected in First and Second Edulji Cooper Streets, Mr. Borah Mahomed Ali Dawoodji be informed that the stables have been in existence for a number of years and have been licensed, whereas the complainant's house is of quite recent construction. If complainant feels aggrieved, he can apply to a court of law."

No. 1987.

The following returns were read and *recorded*:—Returns of fires at Fergusson Road (Presidency Mill), Carroll Road (David Mills), and Lohar Chawl Street, forwarded with the Deputy Commissioner's memorandum No. 3718, dated 17th May 1897, and Commissioner's memorandum No. 3959, dated 19th May 1897.*

No. 1988.

* *See* Appendix C.

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai and Tansa Lakes for the week ending 23rd May 1897.*

The seal of the Corporation was affixed to deed of contract with Messrs. J. Fleming & Co. for the supply of rubber-lined canvas hose, suctions and rubber-washers for steamers of the Fire Brigade.

Read letter to the Secretary, No. 4387, dated 25th instant, from the Commissioner, as under :—

SIR,—The Corporation, under their Resolution No. 263 of the 5th April 1897, supplemented the grant of Rs. 6,000 provided in the current year's budget for adopting special measures in the event of an outbreak of epidemic diseases by Rs. 10,000, making the amount Rs. 16,000. Against this the expenditure passed up to the 18th instant, including last year's liabilities, amounts to Rs. 17,113-15-6, thus causing an excess of Rs. 1,113-15-6. 2.—The Acting Health Officer reports that Dr. Choksy, the Medical Officer in charge of the Hospital, is of opinion that an additional grant of at least Rs. 20,000 will be necessary to defray the hospital expenses until the end of the current financial year. 3.—Under the circumstances I request the sanction of the Standing Committee and the Corporation to further supplement the grant by Rs. 20,000 to be paid out of Surplus Cash Balance.—I have, &c., P. C. H. SNOW, Commssioner.

No. 1990. *Resolved* : " That letter to the Secretary, No. 4387, dated 25th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the further grant of Rs. 20,000 from Surplus Cash Balance to meet expenditure up to the end of the current financial year on the Hospital for Infectious Diseases, Arthur Road."

No. 1991. *Resolved* : " That the following be *recorded* :—Letter to the Secretary, No. 4386, dated 25th instant, from the Commissioner stating that, consequent on the outbreak of foot-and-mouth disease among Municipal cattle, he has appointed Mr. H. A. Foy, a qualified Veterinary Graduate, to inspect all milch cattle and bullock stables on a salary of Rs. 150 per mensem, the charge being debited to the grant for Discretional Contingencies."

* *See* Appendix **B**.

Read letter to the Secretary, No. 4285, dated 22nd instant, from the Commissioner as under :—

SIR,—I have the honour to state that Dr. Haffkine reports he has secured Dr. K. M. Kalapesi's services for half a day daily from the first February last on a salary of Rs. 125 per mensem to assist him in his laboratory work and now proposes to engage his whole time services on Rs. 250 *plus* conveyance allowance of Rs. 50. I have, therefore, to request the sanction of the Standing Committee to this arrangement, the cost of which will be debited to the plague grant.

I may mention that Dr. Surveyor has not been able, owing to ill-health, to work regularly with Dr. Haffkine. I have, however, allowed him to retain his appointment on the understanding that he foregoes his pay for the time he has been incapacitated.—I have, &c., P. C. H. SNOW, Commissioner.

No. 1992. *Resolved* : "That, as applied for by the Commissioner in his letter to the Secretary, No. 4285, dated 22nd instant, sanction be given to the employment of Mr. K. M. Kalapesi on a salary of Rs. 250 per mensem *plus* Rs. 50, conveyance allowance, as Assistant to Professor Haffkine in his laboratory work. The cost to be debited to the grants sanctioned for the suppression of the plague."

No. 1993. *Resolved* : "That, as applied for by the Commissioner in his memorandum No. 4286, dated 22nd instant, sanction be given to the expenditure of Rs. 41 per mensem for grain compensation to 1 havildar, 5 peons and 35 lascars employed under the Special Drainage Engineer as under :—

Mazagon, &c., Sectional Sewerage Districts (Shone System)—Havildar 1 ; Peons 5. *Fergusson Road Sewerage Works*—Lascars 6. *Old Race Course Sewerage Works*—Lascars 6. *Girgam Storm-water Drain*—Lascars 4. *Khetwadi Storm-water Drain*—Lascars 4. *Wellington Fountain Storm-water Drain*—Lascars 6. *Colaba House Connection Works*—Lascars 3. *Survey of the Flats*—Lascars 6. Total 41.

The cost for six months from March to August 1897, Rs. 246, to be met from the contingent grants for the different loan works from which these 41 persons are paid."

No. 1994. *Resolved* : "That the following be *recorded* :—Memorandum No. 4349, dated 22nd instant, from the Deputy Commissioner, forwarding letter to himself, No. W.$\frac{1394}{115}$, dated 18th idem, from the Acting Deputy Executive Engineer, Water Works, enclosing two

statements showing the cost, (1) Rs. 23,038-11-11, of departmental works, and, (2) Rs. 2,863-15-8, of private works done up to 16th May 1897 in respect of the alterations of the water-supply in various parts of the city in connection with the special measures adopted for the suppression of the bubonic plague, these statements including all previous expenditure under these two heads."

No. 1995. The following return was read and *recorded* :—Return of fire at Tarwady (Chowpatty Road), forwarded with the Deputy Commissioner's memorandum No. 4288, dated 22nd May 1897.*

No. 1996. *Resolved* : "That the following be *recorded* :—Memorandum to the Secretary, No. 4458, dated this day, from the Commissioner, reporting the various purchases of supplies and stores for the Arthur and Grant Road Hospitals during the prevalence of the bubonic plague as enumerated in letter to himself, No. 811, dated 25th instant, from the Chief Accountant, as under :—

SIR,—With reference to the expenditure incurred in 1896-97, on account of the usual fixed grant of Rs. 6,000 and the additional grants of Rs. 6,000 and Rs. 10,000 from Surplus Cash Balance, sanctioned by the Corporation under their Resolution Nos. 11338 and 263 of 25th January and 5th April 1897 in connection with the Hospital for Infectious Diseases, Arthur Road, consequent on the prevalence of the bubonic plague, I have the honour to point out that the bills,* marginally noted, on account of diet, clothing, bedding, stores and medicines, &c., supplied by Mr. Dosabhoy Framji Dubash and Messrs. Leopold & Co. from December 1896 to March 1897 to this hospital as well as to the Grant Road Hospital amount to more than Rupees five hundred in each case.

2. Mr. Dosabhoy Framji Dubash is the contractor of the Leper Asylum and has been supplying since many years provisions and stores to the Arthur Road Hospital.

The monthly bills received by this office on account of such supplies previous to the outbreak of the plague amounted generally to a few hundred rupees, but since this outbreak these supplies have much increased on account of the increase in the number of patients treated in the hospital.

3. Messrs. Leopold & Co. have also supplied medicines to the Arthur Road Hospital from December 1896 to March 1897, bills for which also exceed in each case Rs. 500.

4. May I, therefore, request the favour of your reporting the purchases to the Standing Committee.—I have, &c.,

SORABJI NAVROJI COOPER, Chief Accountant."

Read letter to the Secretary, No. 4486, dated this day, from the Commissioner as under :—

SIR,—As complaints have been received from Messrs. Craigie Lynch & Owen, on behalf of the Trustees of the Hon'ble Byramjee Jeejeebhoy Trust Settlement and the Mazagon Spinning and Manufacturing Company, that, on account of the filling in of the ground acquired by the Municipality for the Mahomedan Burial Ground at Tank Bunder, storm-water from their clients' properties would be obstructed, I have authorized the Executive Engineer, in anticipation of the sanction of the Standing Committee, to carry out the necessary drainage arrangements as the monsoon is approaching at a cost of Rs. 1,979, for which I now request the sanction of the Standing Committee. This amount will be defrayed from the savings in the grant for filling in the Port Trust Land.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : " That, as applied for by the Commissioner in his letter to the Secretary, No. 4486, dated this day, sanction be given to the construction of surface drainage work on the ground acquired by the Municipality for the Mahomedan Burial Ground at Tank Bunder. The cost of the drainage, Rs. 1,979, to be debited to the savings in the grant for filling in of the land taken up for this cemetery from the Port Trustees."

No. 1997.

Resolved : " That, as applied for by the Commissioner in his letter to the Secretary, No. 4485, dated this day, sanction be given to the payment of an allowance of Rs. 30 per mensem from 20th to 29th

January 1897 and from 10th February to 10th March 1887 to Mr. A. Hurley, Paving Inspector, Engineer's Department, in addition to his salary of Rs. 100 per mensem, the allowance being for the period during which he lived in a tent and worked in connection with the plague in Warli, Mahim and Sion. The charge to be debited to the grants sanctioned for the suppression of the plague."

Read application, dated 25th instant, to the Chairman through the Secretary as under :—

HONOURED SIR,—Now that the Standing Committee have passed a resolution re-instating Hari Suryaji as Havildar, Standing Committee's Office, I beg most humbly to submit the following facts for the kind consideration of the body over which you have the honour to preside. (2) I have been long in the service of Municipality, and I feel sure that the Secretary will testify to the fact that I have always done my work faithfully and zealously. I need not add that I looked upon my promotion with a grateful feeling. (3) In view of the above resolution, which has reduced me to my former position of sepoy, I beg most respectfully to state that during the critical time of the plague when the population of Bombay fled from the City in numbers for fear of their lives, I had many an offer outside the Municipality of a liberal salary which would have fully compensated me even if I had forfeited my claim on pension. But when I was raised to a higher grade, I had two-fold inducements to continue in the Municipal service—one the rise in salary and the prospects of an increase of salary year after year till the maximum of Rs. 15 per mensem reached, and the other that my service was duly appreciated. Under these circumstances and considering that I have rendered service to the Municipality most faithfully against many a disadvantage and stood true to my work under difficulties, I request most humbly that the Standing Committee will be pleased to compensate me in any way that they may be pleased to, for which act of kindness I shall ever pray for your long life and prosperity.—I beg, &c., (Signature of Shanker Madhoo.)

Resolved : "That, as special case and in consideration of his deserving conduct, Shanker Madhoo be granted an allowance of Rs. 12, that being the difference for six months from 1st June next between his wages as a peon on Rs. 12 per mensem and the wages which he drew during the time he held the appointment of Havildar, Corporation and Standing Committee's Office.

No. 1999.

"That, as the Commissioner consents to defray this charge from his grant for Discretional Contingencies, it be paid therefrom accordingly."

Resolved : " That, consequent on the re-instatement of Hari Suryaji as Havildar from the 19th instant, the wages of the peons in the Corporation and Standing Committee's Office from that date be re-arranged and sanctioned as follows from the 20th instant :—

BOMBAY, *2nd June* 1897.

AT the meeting of the Standing Committee held this day there were present :—

BHALCHANDRA KRISHNA BHATAWADEKAR, Esq., L.M., *Chairman.*

THE HON'BLE MR. ABDALLA M. DHARAMSI, B.A., LL.B. ; COWASJEE HORMUSJEE, Esq., G.G.M.C. ; T. W. CUFFE, Esq. ; FAZULBHOY VISRAM, Esq., C.I.E.; KAIKHOSHRO N. KABRAJI, Esq. ; K. M. SHROFF, Esq.; NANABHAI NAVROJI KATRAK, Esq., L.M. & S. ; R. H. VINCENT, Esq., C.I.E.

P. C. H. SNOW, Esq., I.C.S., Commissioner, and the SECRETARY.

The minutes of the meeting held on the 26th ultimo were signed.

The seal of the Corporation was affixed (1) to deed of conveyance from the Corporation to Mr. Abdool Rahiman Khan Mahomed by way of exchange of property at Ripon Road ; (2) to lease entered into with Mr. Moosa Hassum of bungalow at Ridge Road, Malabar Hill, known as the " Cliff," occupied by Professor Haffkine for the preparation of prophylactic inoculations against the plague, for a period of six months from 21st March 1897 at a rent of Rs. 400 per mensem ; and (3) to deed of contract (*a*) with Sha Mahomed Sheroobhoy for the supply of beef and mutton for the zoological collection, Victoria Gardens, during the year 1897-98, (*b*) in duplicate with Messrs. Vithul Sayana & Co. for the improvement of the road-side drains in the Khetwadi district, and (*c*) with Messrs. Dewram Keshaoji & Co. for annual repairs, petty works and supply of labour and materials during the year 1897-98.

Resolved: "That sanction be given to the cutting off of water-connections as per list accompanying the Commissioner's memorandum No. 5025, dated this day."

No. 2294.

Resolved: "That the following be *recorded* :—Letter to the Secretary, No. 4819, dated 29th ultimo, from the Commissioner reporting that he has sanctioned the purchase from Messrs. Dadabhai Hormusji & Co., whose rate was the lowest offered, of 150 tons Cardiff coal required for the Colaba Drainage Compressor Station at Rs. 23-4-0 per ton ; the cost, Rs. 3,487-8-0, to be debited to the grant for coal, section III, maintenance of the station. That, under the terms of section 72 (3) of the Municipal Act, the Standing Committee dispense with the invitation for tenders in this case which otherwise would have been necessary as the coal is urgently required for the station."

No. 2295.

Resolved: "That, as applied for by the Commissioner in his letter to the Secretary, No. 4825, dated 29th ultimo, sanction be given, under the terms of section 69 (*e*) of the Municipal Act, to the variation of contract with Messrs. John Fleming & Co. for the supply of 20 tons of chloride of lime, whereby the contract time for the delivery of the same may be extended from 28th February to 24th April 1897."

No. 2296.

Resolved: "That, as applied for by the Commissioner in his memorandum to the Secretary, No. 4742, dated 29th ultimo, sanction be given to the interest accruing on 3½ per cent. Government paper, in which the School Building Fund has been invested, being likewise invested from time to time by transferring 3½ per cent. Government paper from the surplus cash investments on amounts equal in value to those of the interest realized or by purchasing 3½ per cent. Government paper from the market whenever necessary until the fund is actually required for expenditure on school buildings."

No. 2297.

Resolved: "That the following be *recorded* :—Memorandum No. 4730, dated 29th May 1897, from the Commissioner, reporting, with reference to the Standing Committee's Resolution No. 4484, dated 3rd October 1888, the following transfers made to the Municipal General Fund Pass Book :—On 18th May 1897, (*a*) from the 15¾ Lakhs Sewerage, Wari Bunder, &c.,

No. 2298.

Roads, Burial-ground, and certain Water Works Loan Deposit Account, Rs. 50,000; and (*b*) on 22nd idem, from the 15¾ Lakhs Sewerage, Wari Bunder, &c., Roads, Burial-ground, and certain Water Works Loan Deposit Account, Rs. 50,000."*

Resolved; "That, as recommended by the Secretary, sanction be given to one month's privilege leave to Mr. Narayan R. Damle, Clerk, Corporation and Standing Committee's Office, from 3rd instant in extension of the leave granted to him on the 3rd ultimo."

No. 2299.

Considered again the following :—

Resolution of the Corporation, No. 1828, dated 13th ultimo, as under :—

That the draft by-law now before the meeting regarding the leasing of premises for schools be referred back to the Standing Committee for reconsideration as to the period of leases which the Joint Schools Committee should be empowered to enter into.

Letter to the Chairman, dated 17th instant, from the Hon'ble Mr. Nowrosji N. Wadia, C.I.E., on the question of the proposed by-law, suggesting for consideration of the Committee the advisability of omitting from the draft by-law all reference as to the period of leases, or, if that be not acceptable, the insertion of the words "fifteen years" for the words "one year."

With the permission of the Chairman and members of the Standing Committee, the Hon'ble Mr. Wadia attended the meeting and explained the necessity the Joint Schools Committee feel of being empowered to enter into long leases of buildings required as schools.

Proposed by the Hon'ble Mr. Abdulla M. Dharamsi, seconded by T. W. Cuffe, Esq.—

"That, with reference to their Resolution No. 1828 of the 13th ultimo, the Corporation be informed that the Standing Committee, having heard the views of the Joint Schools Committee and carefully con-

sidered the question of the period of leases which that Committee should be empowered to enter into, are of opinion that there should be no limitation of such period.

"The Standing Committee therefore recommend the Corporation to pass the following Resolution :—

"That, with reference to letter, No. 973, of the 19th October last, from the Joint Schools Committee and the Municipal Solicitors' letter of the 20th March last forwarded with the Standing Committee's Resolution No. 14704 of the 31st idem, notice be given that, pursuant to the provisions of section 465 of the City of Bombay Municipal Act, 1888, it is the intention of the Municipal Corporation of the said City at a meeting to be held here on to take into consideration the following draft by-law in respect of investing the Joint Schools Committee constituted under the terms of section 39 of the City of Bombay Municipal Act, 1888, with the powers and duties hereunder specified :—

"*By-law made by the Municipal Corporation of the City of Bombay under the authority of section 461, clause (a), of the City of Bombay Municipal Act,* 1888, *subject to the confirmation of Government under section 463 of the same.*

"The Joint Schools Committee constituted under the provisions of section 39 of the City of Bombay Act, 1888, are hereby invested with the powers and duties of suitably accommodating schools for primary education within the City of Bombay and are empowered to enter into leases of premises to be occupied by such schools. Provided, however, that no one lease shall be entered into which involves an expenditure of Rs. 5,000 per annum or upwards without the previous sanction of the Standing Committee and that the total expenditure to be incurred in any one year in connection with any such leases shall not exceed the amount entered in the budget provision for that year without such previous sanction as last aforesaid.

"Provided also that every lease entered into by the Joint Schools Committee for a period exceeding three years shall be specially reported to the Corporation by the said Committee.

"That the Chairman be asked to apply to the Corporation to consider this Resolution as urgent business at their meeting to be held to-morrow."

the Race Course is flooded and great damage ensues. To remedy this, the Special Drainage Engineer proposes to make another opening fitted with a sluice in the bank of the reservoir. The cost of this work is estimated at Rs. 2,112 as per accompanying estimate, and, as I consider it necessary, I request the sanction of the Standing Committee and the Corporation to defray the expenditure out of surplus cash balance.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : "That letter to the Secretary, No. 4896, dated 31st ultimo, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the grant of Rs. 2,112 from surplus cash balance for cost of constructing a culvert with penstock in the eastern bank of the storm water reservoir on the Flats to provide for the escape of stormwater.

Read letter No. 4901, dated 31st ultimo, from the Commissioner to the Secretary as under :—

SIR,—With reference to Standing Committee Resolution No. 12924 of 24th February 1897, I have the honour to report that the contractor declines to carry out the work of constructing a third block of chawls for lascars at Tansa Lake. It will be remembered that the original contract arranged for the completion of the work by 1st April 1896. The period was extended to 30th June 1896 at the request of the Executive Engineer, and the contractor duly completed all the work that was entrusted to him up to that time. The papers showed that a large amount of extra work was being carried out, and revised estimates were called for on 24th April 1896. A statement of deviations was submitted on 20th June 1896 and had to be referred back to the Executive Engineer as it showed variation of design by the addition of a third chawl and an excess over the sanctioned contract amount. After the monsoon was over, the Executive Engineer on 22nd December 1896 submitted fresh revised estimates. As they still involved an excess over the sanctioned amount, some further correspondence took place, but the excess was eventually sanctioned in the Standing Committee's Resolution under reference. Notice to complete the third chawl was accordingly given to the contractor on the 12th March 1897, and he, on account of the delay in issuing the order which has been explained above, declines to do so. The Water Engineer, the Executive Engineer, and the Chief Accountant are all of opinion that, under the Solicitors' opinion lately given in a similar case in regard to the Bhandarwada Reservoir, we cannot compel him to

do the work, and under all the circumstances there is nothing unreasonable in his refusal. I have accordingly authorized its completion departmentally, and request the sanction of the Standing Committee to the contract terms being varied so as to relieve the contractor of the responsibility of carrying out the above work and to his contract deposit being returned to him on the expiration of the maintenance period for the work already completed by him.—I have, &c., P. C. H. SNOW, Commissioner.

No. 2306. *Resolved* : " That, as applied for by the Commissioner in his letter to the Secretary, No. 4901, dated 31st ultimo, sanction be given, under the terms of section 69 (*e*) of the Municipal Act, to the variation of contract with Mr. Framji Sorabji for the construction of chawls for lascars at Tansa Lake whereby the contractor may be relieved of the responsibility of constructing a third chawl thereat and the deposit lodged by the contractor may be refunded to him on the expiration of the maintenance period for the work he has already completed under his said contract."

No. 2307. *Resolved* : " That, as applied for by the Commissioner in his letter to the Secretary, No. 4926, dated 1st instant, sanction be given, under the terms of section 69 (*e*) of the Municipal Act, to the variation of contract with Messrs. P. Nasarwanji & Co. for the supply of coal deliverable at the Municipal Workshops whereby the contract time for the delivery of the said supply may be extended from 3rd April to 12th May 1897."

No. 2308. *Resolved* : " That, with reference to the Deputy Commissioner's letter to the Secretary, No. 4963, dated 1st instant, the Standing Committee approve, under the terms of section 517 (1) (*j*) of the Municipal Act, III of 1888, of the filing of suit, under the terms of section 211 of the Act, in the Court of Small Causes against the proprietor of the Wahalan Mills for the recovery of Rs. 1,205-3-2 on account of general, halalkhor, and water taxes due by him for the first and second halves of 1896-97 as per list accompanying the said letter."

No. 2309. *Resolved* : " That, with reference to the Deputy Commissioner's letter to the Secretary, No. 4969, dated 1st instant, the Standing Committee approve, under the terms of section 169 (2) of the Municipal Act, III

of 1888, of the charge of Rs. 2 per diem from 22nd March last, being made against the Bombay Tramway Company for water drawn by them from Municipal hydrants during the work of renewing the Company's tram lines between Jail Road and Byculla Bridge."

Read letter to the Secretary, No. 4964, dated 31st ultimo, from the Commissioner as under :—

SIR,—I have the honour to state that the Corporation, under their Resolution No. 7940 of 9th November last, sanctioned the continuance up to 31st March 1897 of the establishment employed in connection with the completion of the School and Market building at Bhuleshwar at a monthly cost of Rs. 315. The Executive Engineer reports that the building has so far been completed as to allow of the stalls being occupied on the 1st May 1897. Some minor works however, such as fixing the gates, supplying water tanks, &c., have still to be done, which will probably be completed by the end of May. This will not interfere with taking the final measurements of the work, preparing the final certificate and closing the accounts thereof. He states that it will be necessary to keep for this purpose the present establishment up to the end of June next. The question as to whether the cost of the establishment charges, &c., after the 31st January last, which is the sanctioned period for the completion of the work, should be recovered from the contractors or not is under my consideration. In the meantime I request the sanction of the Standing Committee and the Corporation to the continuance of the establishment up to the end of June 1897 at a monthly cost of Rs. 315 and to the cost being met out of savings in the contingency provision for the work, as there is no sufficient saving to meet the same in the amount apportioned for establishment for the work.—I have, &c., J. H. DUBOULAY, Deputy Commissioner.

Resolved : " That letter to the Secretary, No. 4964, dated 31st ultimo, from the Commissioner be forwarded to the Corporation with reference to their Resolution No. 7940 of 9th November 1896 and with the recommendation that sanction be given to the continuance up to the end of June 1897 of the establishment employed for the completion of the school and market building at Bhuleshwar Road at a monthly cost of Rs. 315 ; the cost to be met by an advance from savings in the provision for contingencies for the work, pending the settlement of the question as to the liability of the contractors for the building of the market and school for charges in connection therewith since the 31st January last."

Read letter to the Commissioner, No. 2794, of 31st ultimo, as under :—

SIR,—I have the honour to forward the accompanying quotations in original and two tabulated statements marked $\frac{T.C.L.}{79592}$ & $\frac{T.C.W.}{79592}$ for the supply of coal to the Love Grove Pumping Station and Municipal Workshops respectively. 2.—In view of the approaching monsoon, I would propose to purchase for Love Grove the maximum quantity which can be stored, viz., 1,250 tons. This quantity, with what we have in hand, will last approximately up to the middle of October. 3.—For the Workshops an addition of 500 tons to the present stock will last approximately for the same period. 4.—It will be seen that the quotations of Messrs. Sullemanjee Mulla Abdool Ali & Co. are the lowest for all quantities of coal, except for the supply of Deshgur, to the Workshops, where Mr. H. F. Good quotes 2 annas per ton less, and though the above firm cannot be classed amongst the regular importers and coal brokers, precautions can be taken to ensure that only coal of good quality and correct description is delivered in the event of their quotations being accepted. 5.—It will also be observed from the conditions regarding date of delivery made by other tenderers that there are no old stocks of the descriptions of coal required lying on the Bunders, so that the coal delivered would in any case be freshly imported. 6.—I would therefore beg to recommend that the following quantity of coal be purchased from Messrs. Sullemanji Mulla Abdul Ali & Co. at the rates specified.

For Love Grove Pumping Station.

500 tons Sibpur coal at Rs. 14 per ton delivered at station.

500 tons Barria Coal Co.'s Anthracite, a seam coal, at Rs. 14 per ton, delivered at the station.

250 tons Deshgur coal at Rs. 14-8-0 per ton delivered at the station.

For the Municipal Workshop Stores.

500 tons Barria Coal Co.'s anthracite, a seam coal, at Rs. 14 per ton delivered.

7. The total cost of the above supply to Love Grove, viz., Rs. 17,625, can be met from the grant under Section 2-B, Maintenance of Love Grove Pumping Station, and the cost of the supply to the Workshop, *viz.*, Rs. 7,000, can be met from the advance of Rs. 25,000 for the purchase of stores by the Inspector of Stores to be subsequently adjusted against indents. 8.—Messrs. Sullemanji Mulla Abdul Ali and Co., as will be seen from the accompanying letter dated 27th instant, promise to complete delivery of any coal that may be ordered from them by the end of June and will make an allowance of two per cent. on all coal delivered in a wet state.—I have, &c., M. C. MARZBAN, Executive Engineer.

No. 5040 OF 2ND JUNE 1897.

Copy forwarded to the Municipal Secretary for favour of sanction of the Standing Committee to the Executive Engineer's proposal. The cost of coal for Workshops can be met from the Workshop advance grant for stores, &c.—P. C. H. SNOW, Commissioner.

Resolved : "That, as applied for by the Commissioner in his memorandum to the Secretary, No. 5040, dated this day, sanction be given to the purchase of coal from Messrs. Sullemanji Mulla Abdoolali & Co. for the Love Grove Pumping Station and the Municipal Workshops respectively at the following rates :—

No. 2311.

For Love Grove Pumping Station.

500 tons of Sibpur coal at Rs. 14 per ton, delivered at the station.

500 tons Barria Coal Co.'s anthracite seam coal, at Rs. 14 per ton, delivered at the station.

250 tons Deshgur coal at Rs. 14-8-0 per ton, delivered at the station.

The total cost, Rs. 17,625, to be met from the grant for section 2-B, Maintenance of the station.

For the Municipal Workshop Stores.

500 tons Barria Coal Co.'s anthracite coal at Rs. 14 per ton, delivered at the stores.

The cost, Rs. 7,000, to be met from the grant for the purchase of stores, &c., for the Workshops.

"That, under the terms of section 72 (3) of the Municipal Act, III of 1888, the Standing Committee dispense with the invitation for tenders which would otherwise be necessary as the offer of Messrs. Sullemanji Mulla Abdoolali & Co. is the lowest of the seven offers received and the coal in question is required at once."

Mr. Cuffe drew attention to the fact that on the 1st instant, in going through the vouchers for the cheques he signed, he found the most objectionable practice on the part of some contractors, especially one large contractor, of submitting bills for goods supplied

No. 2312.

and work done for much larger amounts than were actually payable, the result being that much unnecessary labour and waste of time devolved on the Municipal departments concerned, especially the Chief Accountant's Department, in auditing and correcting such bills. The bills themselves, after the corrections and reductions that had to be made in them, formed anything but satisfactory vouchers, and he therefore proposed that it be suggested to the Commissioner to issue instructions to the heads of departments of the Municipality to return to contractors or others all such bills as contain larger quantities or amounts than are really payable, with the intimation that such bills will not be considered until they are amended and the proper quantities and amounts actually due are correctly shown in the bills.

The Committee expressed their concurrence with Mr. Cuffe's proposal, and the Secretary was requested to address the Commissioner accordingly.

BOMBAY, *9th June* 1897.

AT the meeting of the Standing Committee held this day, there were present :

BHALCHANDRA KRISHNA BHATAWADEKAR, Esq., L.M., *Chairman.*

THE HON'BLE MR. ABDALLA M. DHARAMSI, B.A., LL.B.; COWASJEE HORMUSJEE, Esq., G.G.M.C.; T. W. CUFFE, Esq.; FAZULBHOY VISRAM, Esq., C.I.E.; IBRAHIM RAHIMTOOLA, Esq.; KAIKHOSRO N. KABRAJI, Esq.; K. M. SHROFF, Esq.; NANABHAI NAVROJI KATRAK, Esq., L.M.&S.; ACCACIO G. VIEGAS, Esq., L.M.&S.; R. H. VINCENT, Esq., C.I.E.

P. C. H. SNOW, Esq., I.C.S., Commissioner; and the SECRETARY.

The minutes of the meeting held on the 2nd instant were signed.

The seal of the Corporation was affixed (1) to deed of conveyance from the Corporation to Messrs. Tyab Ali Ahmedji, Abdul Ali Ahmedji, and Abdul Hussein Ahmedji, of 570·94 square yards, or thereabout, of Municipal land marked on the tracing attached to the deed as plot No. 15 at Connaught Road ; and (2) to deed of conveyance from ditto to Mr. Tyab Ali Mahomed Ali, of 832·67 square yards, or thereabout, marked on the tracing attached to the deed as plot No. 18 at the junction of Connaught and Sussex Roads.

Resolved : "That sanction be given to the cutting off of water-connections as per list accompanying the Deputy Commissioner's memorandum No. 5648, dated this day."

No. 2524.

Resolved : "That the following be forwarded to the Corporation :—Memorandum to the Secretary, No. 5064, dated 2nd instant, from the Commissioner forwarding copy of letter to himself, No. 7552, of the 31st ultimo, from Mr. J. Leask and Surgeon-Lieutenant-Colonel T. S. Weir, stating that that day, after office hours, they delivered over and received charge of the office of Health Officer."

No. 2525.

Resolved : "That, as applied for by the Commissioner in his letter to the Secretary, No. 4966, dated 1st instant, sanction be given to the payment of Rs. 297-12-0 to Mr. Joseph Cooper, Inspector of Drains, for conveyance charges incurred by him during the months of December 1896 and January, February, and March 1897 in supervising, in addition to his ordinary duties, the lime-washing of houses during the carrying out of the measures for the suppression of the bubonic plague. The cost to be met from plague charges."

No. 2526.

Resolved : "That, as applied for by the Commissioner in his letter to the Secretary, No. 5198, dated 4th instant, sanction be given to the continuance, during 1897-98, of the arrangement of payment, as occasion arises from time to time, of overtime wages to workmen of the Municipal Workshops, labour staff, and of the Water Works Department, including lascars, watchmen, maistries, linemen and assistant linemen. The charges to be met from the grants for overtime and temporary labour, Workshops, and Water Works."

No. 2527.

Read letter to the Secretary, No. 5072, dated 2nd instant, from the Commissioner, as under :—

SIR,—I have the honour to state that the Executive Engineer has brought to my notice the urgent necessity of a telephone instrument being provided at the residence of the Assistant Engineer, Mechanical Branch, in order that he may receive immediate intimation of any break-down or any defect occurring in the working of the Love Grove Pumping Station or the Colaba Air Compressor Station. At present such mishaps have to be commu-

nicated through the telephone connection at the Workshops. But the Assistant, Mechanical Branch, states that this is a very inconvenient arrangement as it involves a good deal of delay. I concur with the Executive Engineer and request the sanction of the Corporation to the provision of a telephone connection to the residence of the Assistant Engineer, Mechanical Branch. The annual charges for the connection is Rs. 175. The amount for the current year can be met by a transfer from Section 4, Contingencies and Stores, to Section 9, Telephonic Connections, Maintenance of Love Grove Pumping Station, to which I request the sanction of the Standing Committee. Provision for the amount will be made in the next year's and future Budgets.—I have, &c., P. C. H. SNOW, Commissioner.

Proposed by Fazulbhoy Visram, Esq., C.I.E., seconded by Cowasjee Hormusjee, Esq.—

No. 2528. "That letter to the Secretary, No. 5072, dated 2nd instant, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the provision of a telephonic connection with the residence of the Assistant Engineer, Mechanical Branch, at a cost of Rs. 175 per annum.

"That sanction be given to the transfer of Rs. 175 from savings in the grant for Section 4, Contingencies and Stores, to Section 9, Telephonic Connections, Maintenance of Love Grove Pumping Station, to meet the cost for the current year of this connection."

Carried.

No. 2529. *Resolved*: "That, with reference to the Commissioner's memorandum No. 5269, dated 4th instant, the Standing Committee approve, under terms of section 381 of the Municipal Act, III of 1888, of notice in writing being served on Mr. Bhimrao Atmaram requiring him to fill up, with sweet earth, the well at his house Nos. 72-78, Thakurdwar Road, as the water in the well is reported by the District Medical Officer, No. 5 District, to be putrid, and as such water causes a nuisance."

Considered letter to the Secretary, No. 5204, dated 4th instant, from the Commissioner, as under:—

SIR,—I have the honour to forward the accompanying statement showing the number of halalkhors employed at each of the private plague hospitals. As these hospitals have been started at great

expense to the Communities concerned, I do not consider that they should be further burdened with the charges for service rendered. I therefore request the sanction of the Standing Committee and the Corporation to forego such charges and to debit them to the plague grant.—I have, &c., P. C. H. SNOW, Commissioner.

No. 2530. *Resolved*: "That letter to the Secretary, No. 5204, dated 4th instant, from the Commissioner and accompaniment thereto be forwarded to the Corporation with the recommendation that sanction be given (1) to the remission of charges for halalkhors employed at the private hospitals for plague as per following list, and (2) to the debit of the charges in question to the grants for the suppression of the plague :—

Property No.	Names of Hospitals.	No. of Halalkhors employed.
1	Colaba Plague Hospital	4
2	Khoja Mohola Hospital	2
3	Cutchi Memon Hospital	2
4	Mahomedan Khatri Hospital	1
5	Musjid Street Mahomedan Hospital	2
6	Churni Road Plague Hospital	8
7	Narel Wadi Hospital	2
8	Waree Bunder Hospital	4
9	Khoja Hospital	2

13	Kamathipura Plague Hospital	2
14	Modikhana Plague Hospital	2
15	Parel Road Parsi Hospital	3
16	Sussex Road Hindu Hospital	3"

No. 2531. *Resolved*: "That the following be *recorded*:—Memorandum No. 4948, dated 1st instant, from the Deputy Commissioner, forwarding letter to himself, No. W. $\frac{1788}{115}$, dated 28th ultimo, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost (1), Rs. 23,283-5-11, of departmental works, and (2), Rs. 2,863-15-8, of private works done up to 23rd May 1897 in respect of the alterations of the water-supply in various parts of the City in connection with the special measures adopted for the suppression of the bubonic plague; these statements including all previous expenditure under these two heads."

No. 2532. *Resolved*: "That, with reference to letter of the 20th ultimo from Mr. Abdulchand on the subject of the tenancy of stall No. 32, Arthur Crawford Market, the Standing Committee adhere to their Resolution No. 11837 of the 3rd February last, to the effect that no further application from him on the same subject will be considered by the Committee."

No. 2533. *Resolved*: "That, with reference to letter to the President, dated 2nd September last, from Messrs. Jetha Visram, Govind Visram and 40 others, requesting the removal of alleged nuisance caused by the storage on the export wharf of Carnac Bunder of bundles and cases of tea in raw skins, the Standing Committee beg to report that the alleged nuisance does not appear to be one with which the Municipality should interfere as the tea merchants are merely carrying on their business of preparing the packages for export in the open, and not in dwelling houses.

"That a similar complaint was made by practically the same persons in October 1894 to the Custom authorities who declined to interfere with the practice of packing tea chests in raw skins.

"That the Health Department also declined to interfere and referred the complainants to the Port Trustees."

No. 2534. The following returns were read and *recorded*:—Returns of fires at Bardan Street, Mandvi, Haines Road, Mori Road, Mahim, Kamathipura 2nd Street, and Malet Bunder, forwarded with the Deputy Commissioner's memoranda Nos. 4960 and 4995, dated 1st and 2nd June 1897.*

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 6th June 1897.†

No. 2535. *Resolved*: "That the following be referred to the Commissioner for favour of remarks :—Letter to the President, dated 8th instant, from Mr. Govindji Ramji complaining of urinal close to his house at Khoja Street and requesting the removal of the same."

SIR,—I have the honour to state that the Assessment Department experiences great difficulty in collecting the halalkhor tax in respect of Government bungalows occupied by Government officers on account of the constant changes of tenancy. Some of the officers remain in occupation only for a month or two, and then proceed to England or elsewhere where they are practically not accessible. 2.—I may mention that the tax in these cases is leviable under section 172 (2) & (3) at special rates with reference to the actual cost of collection, removal and disposal of excrementitious and polluted matter from the premises. 3.—After some correspondence on the subject with Government, they have agreed to collect the tax on behalf of the Municipality in advance on the conditions mentioned in the accompanying Government Resolution No. 2886 of the 26th ultimo, General Department. 4.—A similar arrangement has been sanctioned by the Standing Committee under their Resolution No. 8148 of the 22nd November 1893 for the collection of the water tax in respect of Government properties similarly occupied, and as it greatly facilitates and ensures the collection work of the Assessment Department, I request the sanction of the Standing Committee to approve of the arrangement made in respect of the collection of the halalkhor tax as described in the Government Resolution named above.—I have, &c, J. H. DUBOULAY, Deputy Commissioner.

General Department. BOMBAY CASTLE,

No. 2886. 26th May 1897.

Letter from the Chief Engineer, Bombay Command, Military Works, No. 5889, dated the 22nd October 1896—

"With reference to Government Resolution No. 3949, dated 4th September 1896, I have the honour to say that the question of recovering halalkhor tax from officers at Bombay by the agency of the Military Works Department has been referred to the Director-General of Military Works for sanction, and the Examiner of Military Works Accounts has directed the Executive Engineer, Bombay Division, not to take action in the matter pending further orders. So I have asked the Assessor and Collector of Municipal Taxes to continue to collect the halalkhor tax as heretofore for the present.

"2. Meanwhile I have the honour to submit extract from memorandum No. R.—438, dated 19th October 1896, from the Executive Engineer, Bombay Division, Military Works, and to enquire, with reference thereto, whether the Municipality will be prepared, as is suggested by the Executive Engineer, to make a somewhat similar arrangement to that which has been agreed to in the case of the water tax."

Letter from the Municipal Commissioner for the City of Bombay, No. 2058, dated the 27th April 1897—

"With reference to your memorandum No. 4827, dated 29th October last, I have the honour to refer you to the Government Resolution No. 1994 of 12th April 1897, under which the matter under discussion has since been finally settled. As regards the proposals of the Executive Engineer, Bombay Division, Military Works, I have the honour to say that, in consideration of Government undertaking to pay the halalkhor tax *in advance* in respect of the Government bungalows occupied by Government officers, I should have no objection to make an allowance of 8 per cent. in the amount of the tax on account of vacancies and to abolish fractions of 2 annas in fixing the amount due in each case—sums up to and including odd annas being reduced to the even number of annas next below and sums above odd numbers of annas being increased to the even number of annas next above, for instance,—

As.	p.

"On hearing from Government of their approving of the above arrangement, I will refer the matter to the Standing Committee for their sanction."

RESOLUTION.—The proposed arrangement, if approved by the Standing Committee, will be sanctioned by Government.

J. DEC. ATKINS, Secretary to Government.

No. 2536. *Resolved*: "That, with reference to the Deputy Commissioner's letter to the Secretary, No. 5474, dated 8th instant, the Standing Committee hereby approve, under the terms of section 172 (2) & (3) of the Municipal Act, III of 1888, of arrangement being made with Government of the collection of halalkhor tax in advance in the case of Government bungalows occupied by Government officers as described in Resolution No. 2886, General Department, dated 26th May 1897."

Read letter to the Secretary, No. 5651, dated this day, from the Commissioner as under :—

SIR,—I have the honour to request the sanction of the Standing Committee and the Corporation to provide a telephonic connection at the Sankli Tank Bullock Hospital at a cost of Rs. 175 per annum. This hospital is also a station for hearses and ambulance-vans, and it is very necessary that it should have a telephonic communication. The cost for the current year will be met by a transfer from the savings in the grant under the head "Conservancy Branch, 2, Labour, A, Scavengering." Provision for the next year will be made in the Budget for 1898-99.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : "That letter to the Secretary, No. 5651, dated this day, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the provision of a telephonic connection with the bullock hospital, Sankli Tank, at a cost of Rs. 175 per annum. The charge for the current year to be met from savings in the grant for Conservancy Branch, 2, Labour, A, Scavengering."

Considered letter to the Secretary, No. 5729, dated 10th instant, from the Commissioner as under :—

Sir,—I have the honour to state that Inspector Moore of the Police living in the quarters provided for him at the Byculla Police Station having complained of the inconvenience caused on account of the halalkhor woman passing through his living and sleeping apartments while removing the closet utensils, the Commissioner of Police has requested me to remedy the state of things. It is therefore proposed to provide water carriage arrangements which will remove the cause of complaint. The cost of this work is estimated at Rs. 584. As the Commissioner of Police states that Government have agreed to pay additional rental on this expenditure calculated at 5 per cent., I request the sanction of the Standing Committee and the Corporation to defray it out of surplus cash balance.—I have, &c.,

P. C. H. SNOW, Commissioner.

Resolved: "That letter to the Secretary, No. 5729, dated 10th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the expenditure of Rs. 584 from surplus cash balance to meet the cost of providing water closet in the quarters occupied by the Police Inspector at the Byculla Police Station, Government agreeing to pay additional rental on this outlay calculated at 5 per cent."

No. 2598.

Resolved: "That the following be *recorded* :—Memorandum to the Secretary, No. 5526, dated 8th instant, from the Commissioner, reporting, with reference to the Standing Committee's Resolution No. 4484, of the 3rd October 1888, the following transfers made to the Municipal General Fund Pass Book, on the 1st instant :—(*a*) from the 15¾ Lakhs Sewerage Wari

be taken as the cost of the measures adopted for stamping out the plague. Items Nos. 18, 19, and 21, aggregating Rs. 33,715-0-5, as per margin, are recoverable from the owners of the houses in the Mandvi District where the fittings had to be removed and replaced. Such of the expenditure, however, as cannot be recovered from the owners concerned, will have to be taken as additional cost of the measures adopted for suppressing the plague. The expenditure as per Statement B was entirely incurred in connection with the measures for suppressing the plague. As the accompanying statements and this report give all the particulars of the expenditure paid up to the 29th ultimo in connection with the plague, the details called for in your No. 4898 dated the 28th idem with regard to the expenditure paid up to 1st May 1897, would not now seem to be necessary.—SORABJI NAVROJI COOPER, Chief Accountant.

Resolved : "That memorandum from the Commissioner
No. 2601. to the Secretary, No. 5752, dated 10th instant, and statements regarding the expenditure on plague charges, forwarded therewith, be printed on the minutes of this day's meeting and brought on for consideration at the next meeting."

Resolved : "That the following be forwarded to the Com-
No. 2602. missioner for disposal :—Letter to the 'Chairman,' City Corporation, Bombay, without date, from Mr. R. J. Oudish applying for the post of 'Overseer' or 'Sub-Overseer' in the Conservancy Branch."

The following return was read and *recorded* :—Return
No. 2603. of fires at Fergusson Road, (Jamshed Mill), and Mount Road, Mazagon, with the Deputy Commissioner's memorandum No. 5728, dated 10th June 1897.*

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai and Tansa Lakes for the week ending 13th June 1897.†

Read letter to the Secretary, No. 6060, dated 14th instant, from the Commissioner as under :—

SIR,—With reference to Corporation Resolution No. 2418 of 3rd June 1897, I have the honour to state that, in addition to the staff therein mentioned, I have sanctioned the employment of three more Inspectors for the work of inspection of insanitary houses in the city on a salary of Rs. 100 each per month. As the work proceeds, it will be necessary to employ one or two more Inspectors and a few lascars. I now request the sanction of the Standing Committee and the Corporation to the employment of the three Inspectors above referred to. The cost will be debited to the plague grant. The Inspectors were engaged from the following dates : first from 20th May 1897, second from 2nd June 1897, third from 5th June 1897.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : "That letter to the Secretary, No. 6060,
No. 2604. dated 14th instant, from the Commissioner be forwarded to the Corporation with reference to their Resolution No. 2418 of the 3rd instant, sanctioning the employment of an establishment at a monthly cost of

* *See* Appendix C. † *See* Appendix B.

Rs. 620 for the survey of insanitary dwellings in Kamathipura, and with the recommendation that sanction be given to the employment of three additional Inspectors on a salary of Rs. 100 each, namely, one from 20th May 1897, one from 2nd June 1897, and one from 5th June 1897. The cost to be debited to the grants sanctioned for the suppression of the plague."

No. 2605. *Resolved* : "That the following be *recorded* :—Letter to the Secretary, No. 6100, dated 14th instant, from the Commissioner, reporting that he has sanctioned the purchase from Messrs. John Fleming & Co. of 6 solid drawn brass tubes weighing 125 lbs. each for sheathing the pump rods of engines Nos. 2 and 3, Love Grove Station, at the rate of annas 12 per lb. The total cost, Rs. 562-8-0, to be met from the grant for Section 3, Repairs to Machinery of the Station."

No. 2606. *Resolved* : "That, as applied for by the Commissioner in his memorandum No. 6062, dated 14th instant, and, under the terms of section 81(*a*) of the Municipal Act, the Corporation be recommended to fix the amount of (1) the security to be furnished by the senior Book-keeper in charge of the Ledger, Chief Accountant's office, at Rs. 3,000, and (2) the security to be furnished by the junior Book-keepers and junior Audit clerks, same office, at Rs. 500 each.

"That such security be either deposit of cash, or public securities or surety bonds from holders of immoveable property in Bombay, or the guarantee of a Company or Association existing for the purpose of giving such guarantee."

No. 2607. *Resolved* : "That, with reference to the Commissioner's letter to the Secretary, No. 6055, dated 14th instant, the Standing Committee approve, under the terms of section 381 of the Municipal Act, III of 1888, of notice in writing being served on Mr. Ismailbhai Khairaj requiring him to fill up the water-hole belonging to him at Dharavi Road, as the hole causes a nuisance."

No. 2608. *Resolved* : "That the following be *recorded* :—Memoranda Nos. 6106 and 6211, dated 14th and 15th instant, from the Commissioner, forwarding statements showing that no set-backs of pro-

perties were sanctioned by him under section 298 of the Municipal Act during the months of April and May 1897."

Considered again letter dated Bangalore, 8th January last, from Mr. R. Charlesworth suggesting preventive measures regarding the prevalence of bubonic plague in the city.

Read memorandum to the Commissioner, No. 8479, dated 10th instant, as under :—

Memo.—This is one of the innumerable suggestions we have received, and our experience has been that it is almost as valueless as most of the recommendations made to us. The recommendation is to burn limestone in the streets and in houses. The burning of limestone in the streets could have no effect, and for the inside of house we have more effective agents.

T. S. WEIR, Health Officer.

No. 6059 of 1897-98.

BOMBAY, 14*th June* 1897.

Copy forwarded, with compliments, to the Municipal Secretary, in reference to the Standing Committee Resolution No. 10544 of the 13th January 1897.

P. C. H. SNOW, Commissioner.

Resolved : "That the Standing Committee beg to report that, with the approval of the Corporation, Mr. Charlesworth might be informed in reply to his letter, dated 8th January last, that such remedies as are considered the most effective have already been applied in Bombay for dealing with the plague."

No. 2609.

Read letter to the Secretary, No. 6252, dated 15th instant, from the Commissioner as under :—

SIR,—I have the honour to state that, in response to the invitation of tenders for the supply of stoneware pipes, junctions, &c., required for the Mazagon Sewerage District, two tenders from the following firms have been received :—(1) Messrs. Richardson & Cruddas, (2) Messrs. Garlick & Co. 2.—The specification issued to the tenderers stipulated that the pipes shall be manufactured by one of the leading English manufacturers. 3.—

Messrs. Garlick & Co. have, however, offered to supply Jabalpore pipes, and their tender is lower by Rs. 977 as will appear from the accompanying tabulation than that of Messrs. Richardson & Cruddas, who have tendered for the supply of pipes manufactured by Messrs. Doulton & Co.. 4.—As the tender of Messrs. Garlick & Co. is not in accordance with the specification and is only about 2½ per cent. below the tender of Messrs. Richardson & Cruddas, the Special Drainage Engineer recommends the acceptance of the tender of the latter firm. 5.—I may mention that eight days after the time for receiving tenders Messrs. Richardson & Cruddas reduced their tendered prices by 5 per cent. and the present proposal is based on the reduced prices. 6.—Under the circumstances described I think that the tender of Messrs. Richardson & Cruddas should be accepted, and request the sanction of the Standing Committee accordingly, charging Rs. 2,351 to the grants for machinery, &c., for the various Sectional Districts and Rs. 35,320 to the grant for the Mazagon Sectional Sewerage District.—I have, &c., P. C. H. SNOW, Commissioner.

No. 2610.

Resolved: "That, as applied for by the Commissioner in his letter to the Secretary, No. 6252, dated 15th instant, sanction be given to the acceptance of the tender of Messrs. Richardson & Cruddas for the supply of the following stoneware pipes and junctions required for the Mazagon Sewerage District at rates aggregating Rs. 37,671-6-7. The cost thereof to be debited (1), Rs. 2,351, to the grant for machinery, &c., for the various sectional districts, and (2), Rs. 35,320, to the grant for the Mazagon Sectional Sewerage District :—

Read letter to the Commissioner, No. 1198, dated 16th instant, from the Chief Accountant, as under :—

SIR,—With reference to the Corporation's Resolution No. 1824, dated the 13th ultimo, sanctioning a further grant of Rs. 2 lakhs to provide for additional expenditure by the Municipality and the Plague Committee in connection with the suppression of the Bubonic Plague, I have the honour to report that, against the total sum of Rs. 5 lakhs sanctioned for expenditure from March 1897, the total payments made up to date aggregate Rs. 4,37,874-11-4 as shown below, leaving a balance of Rs. 62,125-4-8.

Amounts placed at the disposal of the Plague Committee from 9th March 1897 to 15th June 1897	Rs.	3,05,500	0 0
Amounts paid by the Municipality from 1st April to 15th June 1897 on account of Plague expenses, from 1st March 1897..	,,	1,32,374	11 4
	Rs.	4,37,874	11 4

In addition to the above payments Rs. 87,500 have been advanced from 1st March 1897 to the following officers in connection with the plauge measures :—

	Rs.
To the Executive Engineer for constructing sheds, hospitals, &c.	58,000

"That memorandum to the Secretary, No. 6383, dated 17th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the further grant of Rs. 2,00,000, from Surplus Cash Balance to provide for additional expenditure incurred and to be incurred by the Commissioner and the Plague Committee in suppressing the Bubonic Plague."

No. 2888.

Carried.

Read letter to the Commissioner No. 2237, dated 1st instant, from the Deputy Executive Engineer, Drainage, as under :—

SIR,—With reference to the Standing Committee's Résolution No. 8319 of 18th November 1896, directing that no fee for supervision and the use of tools and plant in connection with the work executed at Mandvi in connection with the special measures for the suppression of the bubonic plague be charged to house-owners, I have the honour to request the favour of your sanction to the salaries of the Storekeeper and the Clerical Staff being debited to the

plague grant and not charged to the house-owners, as these persons were not engaged solely on the work at Mandvi, but were also attending to other works in connection with the plague.—2. I would also request the favour of your sanction to the salaries of the supervising plumbers, timekeepers, surveyors and clerks, being not charged to the work of treating down-take pipes and improving the drainage arrangements of the plague-affected houses in various parts of the city as they were engaged most of their time on limewashing work; and further of your obtaining the approval of the Standing Committee to the scope of their Resolution No. 8319, of 18th November 1896, being extended to this work also.—I have, &c.,

JAMES W. SMITH, M.I.C.E.,
Deputy Executive Engineer, Drainage.

No. 6731 OF 1897-98.

BOMBAY, 19*th June* 1897.

Copy forwarded to the Standing Committee for favour of sanction to the Drainage Engineer's proposal.

J. H. DUBOULAY, for Municipal Commissioner.

No. 2889. *Resolved*: "That, with reference to letter No. D. 2237, dated 1st instant, from the Deputy Executive Engineer, Drainage, forwarded with the Commissioner's memorandum No. 6731 of the 19th idem, the Standing Committee sanction the charging of the salaries of the Storekeeper and the clerical staff employed in the suppression of the plague in Mandvi Ward to the grants for plague charges. That sanction be given to the salaries of the supervising plumbers, timekeepers, surveyors and clerks employed in the treatment of drainage down-take pipes and the drainage of plague-affected houses, being also charged to the same grants."

No. 2890. *Resolved*: "That the following be *recorded*:—Memorandum No. 6573, dated 18th instant, from the Deputy Commissioner, forwarding letter to himself, No. W.-2165—115, dated 10th idem, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost (1), Rs. 24,474-13-2, of departmental works; and (2), Rs. 2,870-11-9, of private works done up to 6th June 1897, in respect of the alterations of the water-supply in various parts of the City in connection with the special measures adopted for the suppression of the bubonic plague, these statements including all previous expenditure under these two heads."

Resolved: "That the following be forwarded to the Corporation for information:—Memorandum to the Secretary, No. 5752, dated 10th instant, from the Commissioner, forwarding memorandum to himself, No. 1086, dated 9th idem, from the Chief Accountant, enclosing two statements, marked A and B, showing the expenditure passed and paid by the Municipality and Plague Committee up to 29th May last, and detailing the expenditure incurred on account of permanent works and that incurred for the suppression of the plague."* No. 2891.

Resolved: "That, as applied for by the Deputy Commissioner in his letter to the Secretary, No. 6520, dated 18th instant, and under the terms of Rule 23 of the Pension Regulations, Fire Brigade, sanction be given to the payment from 1st December 1896 of a monthly pension of Rs. 26-10-8 to Sheik Mahomed Bagdadi, late Engineer, Municipal Fire Brigade, who has been retired from the service in consequence of injuries received while in the execution of his duties. No. 2892.

"That this charge be met as under:—Rs. 80 by a grant from Surplus Cash Balance for pension from 1st December 1896 to 28th February 1897, and Rs. 320 from the grant for pensions and gratuities for the current year.

"That the Corporation be recommended to sanction the grant of Rs. 80 from Surplus Cash Balance accordingly."

Read letter to the Secretary, No. 6378, dated 17th instant, from the Commissioner as under:—

SIR,—I have the honour to report that Dr. Purshotum Naranji Davda, one of the medical officers attached to the Arthur Road Hospital, died of plague on the 1st May last. He caught the disease while in the execution of his duties. Dr. Choksy, under whom he was working, says that Dr. Davda was a very zealous and painstaking officer and he devoted all his energies to thorough and conscientious work, and that he was completely satisfied with his work. Bai Manbai, widow of the deceased, has applied for a gratuity, but as the deceased was only temporarily employed and was not a contributor to the Pension Fund, she is not entitled to any compassionate allowance. The Executive Health Officer, however,

* On the suggestion of Nanabhai Navroji Katrak, Esq., it was agreed that the Commissioner be asked to favour the Standing Committee with a statement showing which of the charges incurred on behalf of house-owners can be recovered from them. In reply to a question by Cowasjee Hormusjee, Esq., the Commissioner stated that all charges incurred on account of the suppression of the plague outside the limits of the City, which have been defrayed from the grants sanctioned by the Corporation, will be recovered from Government, the Native States or the authorities concerned and credited to the Municipal Fund.

states that a gratuity of one month's pay, Rs. 250, may be paid to the widow. Under the circumstances, I request the sanction of the Standing Committee and the Corporation to the payment of the sum recommended by the Executive Health Officer to the widow of the deceased under proviso to Pension Rule 22. The amount will be debited to the plague grant.—I have, &c., P. C. H. SNOW, Commissioner.

Proposed by R. H. Vincent, Esq., C.I.E., seconded by K. M. Shroff, Esq.—

No. 2893. "That letter to the Secretary, No. 6378, dated 17th instant, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given, under the terms of the proviso to Rule 22 of the Pension Regulations, to the payment of compassionate allowance of Rs. 1,000 to Bai Manbai, widow of Mr. Purshotum Narayen Davda, one of the medical officers lately attached to the Arthur Road Hospital, who was attacked by bubonic plague while in the execution of his duties and died thereof on 1st May last. The cost to be debited to the grants for the suppression of the plague."

Carried.

No. 2894. *Resolved*: "That, with reference to the Commissioner's letter to the Secretary, No. 6393, dated 17th instant, the Standing Committee approve, under the terms of section 230 of the Bombay Municipal Act, III of 1888, of an order in writing being issued to Mr. John Marshall, Manager of the Bombay Flour Mill Co., authorizing him to drain the said mill premises situate at Victoria Cross Lane, into, through, or under land thereat belonging, or alleged to belong, to Messrs. David Sassoon & Co., to the Municipal drain at Victoria Road, in the manner shown in red line on the plan accompanying the letter on condition that, whenever the drain so to be constructed by the said Company becomes choked or injured the same shall be cleaned or repaired by the Company at their own expense."

No. 2895. *Resolved*: "That the following be *recorded*:—Memorandum to the Secretary, No. 6297, dated 16th instant, from the Commissioner, reporting, with reference to the Standing Committee's Resolution No. 4484, of the 3rd October 1888, the following transfers

made to the Municipal General Fund Pass Book, on the 10th instant :—(*a*) From the 12 Lakhs Drainage and Water Works Loan Deposit Account, Rs. 1,835-3-0 ; (*b*) from the Surplus Cash Deposit Account, Rs. 1,922-9-0 ; (*c*) from the School Building Fund Deposit Account, Rs. 1,040-9-9."*

No. 2896. *Resolved* : "That the following be *recorded* :—Memorandum No. 6321, dated 16th instant, from the Commissioner, forwarding letter to himself, No. 3570, of the 14th idem, from the Executive Engineer, reporting that no houses or portions of houses fell in the city during the months of March and April 1897."

Considered the following :—

* The Chief Accountant, in his letter No. 1192, dated 15th June 1897, reports to the Commissioner that the balances remaining to the credit of the above deposit accounts, after effecting the transfers now reported, stand as under :—

(*a*)	In 3½ % Government Paper for	Rs.	1,05,000 =	Rs.	1,04,606 4 0
(*b*)	In 3½ % Government Paper for	Rs.	1,09,000 =	Rs.	1,13,212 8 0
	In 5 % Municipal Debentures for	Rs.	14,64,000 =	Rs.	14,64,000 0 0
	In current accounts at 2 per cent. interest per annum with the Hongkong and Shanghai Banking Coporation and the Comptoir National d'Escompte de Paris			Rs.	2,000 0 0
				Rs.	15,79,212 8 0
(*c*)	In 3½ % Government Paper for	Rs.	48,500 =	Rs.	49,876 9 0
	In Cash		.. ..	,,	257 12 11
				Rs.	50,134 5 11

4. Funds are also required by us to meet further plague expenses and the four* instalments required by the B. B. & C. I. Railway Company on account of the work of constructing wagons, &c., for the disposal of town sweepings entrusted to them, two of which have already become overdue.

* First Instalment	due	15th May 1897	Rs.	1,00,000
Second	do.	15th June 1897	"	75,000
Third	do.	15th July 1897	"	75,000
Fourth	do.	15th August 1897	"	54,203
			Rs.	3,04,203

5. Thus we shall require a sum of about 10 lakhs to meet the above payments before we raise the second instalment of 5¾ lakhs of the 15¾ lakhs loan already sanctioned by Government and the first instalment of Rs. 9 lakhs of the 25 lakhs loan, to the raising of which sanction has already been applied for by us.

6. It would not be advisable for us to raise the above loans until the money market becomes easy. We shall have to watch the money market, so that on a suitable opportunity we can float our loans at profit. But until the loans are so raised, funds will have to be provided for the above expenses.

7. The Standing Committee, in their Resolution No. 14157, dated 17th March 1897, have authorized the sale from time to time of 3½ per cent. Government Paper to the extent of Rs. 3,00,000 from surplus cash or loan funds investments as may be found necessary. Against this limit paper for Rs. 1,01,500 have already been sold up to date as reported in this office Nos. 5534 and 1240, dated 25th March 1897 and 17th June 1897, respectively, leaving an available balance of Rs. 1,98,500.

8. To meet a portion of the above payments, it would be well if sanction of the Standing Committee were obtained at their next meeting to further sales, when required, of Government paper of the value of Rs. 2,65,500. This will absorb the whole of the Government paper of Rs. 4,64,000 now in our hands.

9. As regards the balance of the funds required by us, sanction of the Standing Committee will at the same time have to be obtained to our either addressing Government to advance the necessary funds to us pending the raising of our loans, or to our making arrangements with the Bank of Bombay, allowing us to overdraw our daily balances on the security of our 5 per cent. bonds, to be returned to us when the money overdrawn is replaced by us on the raising of the above loans, charging interest on the overdrawn amounts at the Bank's fixed rate of interest, or to our selling to the Bank of Bombay [which would be more in accord with the provisions of section 122 (2)] about 5 or 6 lakhs of the Municipal paper of our surplus fund investments, which amount to Rs. 14,64,000 at par, and repurchase it when funds are available at such rate as would give interest at their ruling rate for loans to the public for the period the paper remains with them.—I have, &c.,

SORABJI NAVAROJI COOPER, Chief Accountant.

No. 6950 OF 23RD JUNE 1897.

Forwarded to the Standing Committee for favour of sanction to the sale of the Government paper of the value referred to in para. 8 of the Chief Accountant's memorandum. Their decision is also requested as to which of the courses suggested by the Chief Accountant in para. 9 should be adopted.

J. H. DuBOULAY,
for Commissioner.

Proposed by R. H. Vincent, Esq., C.I.E., seconded by Nanabhai N. Katrak, Esq.—

"That, with reference to memorandum from the Deputy Commissioner, No. 6950, dated 23rd instant, giving cover to letter No. 1282 of 19th idem from the Chief Accountant to the Commissioner, sanction be given to the sale of Government paper of the value of Rs. 2,65,000 now standing to the credit of Loan Funds and Surplus Cash.

No. 2897.

"That sanction be given to the sale to the Bombay Bank, or any other Bank in Bombay as may be required from time to time, of paper belonging to Surplus Funds Investments at par, the said bonds for Rs. 6,00,000 to be repurchased from time to time from the Bank when funds are available at such rates as will give interest to the Bank at their ruling rates for loans to the public, during the period for which the paper remains with the Bank.

"That the Commissioner be requested to address Government, asking them to expedite the passing of an Act amending Act III of 1888, so as to legalize the negotiability of the Corporation's bonds as applied for in the President's letters to Government in the Legislative Department, No. 7448 of 22nd October 1896, and No. 12770 of 18th February last."

Carried.

Considered letter to the Secretary, No. 6730, dated 19th instant, from the Commissioner, as under :—

SIR,—With reference to item No. 41 of the Progress Report of new works for the period ending June 1896 and the Resolution of Standing Committee No. 6375 of 23rd September 1896, I have the honour to make the following observations with regard to the enquiry made by the Standing Committee, as to whether the proposed road from Vehar to Tulsi is actually required, or whether the proposed outlay can be avoided.

2. In the Budget of the year 1894-95 the Corporation sanctioned the construction of a road from Vehar to Tulsi with a light tramway. The cost of this work was estimated by the late Water Engineer, Mr. Tomlinson, at Rs. 25,000. The loan for the work has already been raised, but no expenditure has been incurred as yet, with the exception of a small sum of Rs. 471-3-6 spent in the year 1895-96 for making surveys, &c. It has, however, been renewed from year to year.

3. The proposal consisted of the construction of a complete roadway with a light tramway on it, for the conveyance of pipes and other materials from the Vehar dam to the Tulsi dam. Instead, however, of a complete road and tramway, as sanctioned by the Corporation, Mr. Tomlinson submitted, in January 1896, a proposal to construct only a tramway on the pipe line itself from the north-west or opposite end of Vehar Lake to a distance of about $1\frac{1}{6}$ miles towards Tulsi. This was only a part of the whole distance, which is about $3\frac{1}{2}$ miles between the two dams.

4. With a view, however, to complete the distance Mr. Tomlinson proposed the construction of a raft to carry the materials across the Vehar Lake, *i. e.*, from the Vehar dam to the commencement of the proposed tram line above mentioned.

5. The first part of the proposal, *viz.*, the tramway was estimated to cost Rs. 20,000, and the second one, *viz.*, the raft, Rs. 650.

6. The Executive Engineer was unable to recommend the adoption of the proposal for two reasons, *viz.* :—

(1) That it was not advisable to construct the tram line on the pipe line itself, as, in the event of an accident taking place on the line, the carriage of the materials could not be properly carried out, and (2) that the project did not include a tramway for the entire distance, *viz.*, $3\frac{1}{2}$ miles between the two dams, as sanctioned by the Corporation.

7. Mr. Tomlinson was thereupon requested to submit a project for a road and a tramway for the whole distance, but for reasons unknown to this office he was unable to do so.

8. The Executive Engineer now reports that Mr. Newton, the present Water Engineer, has inspected the site of the proposed road, and that, taking the estimate previously prepared by Mr. Tomlinson as a basis, he finds that the cost of constructing a tramway *alongside* the pipe embankment for the whole distance between Vehar and Tulsi, will not be less than Rs. 50,000—that is, about double the amount voted by the Corporation.

9. If the Standing Committee and the Corporation are prepared to spend this amount, the Executive Engineer will be requested to submit a project for this work without delay.

10. Should, however, the Corporation consider it inadvisable to incur such a large expenditure, it would still be desirable to provide some means of communication and facilities for quickly transporting pipes and other materials between the places named above.

11. With this view the Executive Engineer suggests that a good cart-track, with easy gradients, should be constructed from the Vehar to the Tulsi dam, the track to run *by the side* of the pipe line as far as the gradient would permit. He also proposes that the pipes along this proposed track, which are underground, should be uncovered and kept exposed in future, so as to offer complete facilities for inspection and repair.

12. The cost of carrying out these two proposals is roughly estimated at Rs. 27,000.

13. If the Standing Committee and the Corporation are inclined to adopt this alternative proposal, the Executive Engineer will be requested to put the matter in hand.

14. In the event of either of the two proposals abovementioned being sanctioned, it will be necessary to employ a small establishment to prepare the project, the cost of which will be met from the sanctioned grant. It will also be necessary to supplement the grant already made to the extent of the estimated amount of either of the two proposals that may be approved.—I have, &c.,

J. H. DuBOULAY, *for* Commissioner.

No. 2898. *Resolved:* "That letter to the Secretary, No. 6730, dated 19th instant, from the Commissioner, on the question of proposed road from Vehar to Tulsi, be printed on the minute of this day's meeting and brought on for consideration at the next meeting."

No. 2899. *Resolved*: "That, with reference to their petition, dated 16th instant, Maruty Gayappa Gajabhai and others be informed that the Corporation, by their Resolution No. 529 of the 8th April last, decided that hawkers of boots and shoes cannot be provided with accommodation for the sale of their wares on the public footpath."

Considered the following :—

BOMBAY, 10*th May* 1897.

To the CHAIRMAN and the MEMBERS of the
MUNICIPAL CORPORATION, Bombay.

SIRS,—I beg to submit to you the following few lines, in the hope that you will be good enough to pay your favourable attention.

During the months of December, January and February, owing to the plague, I had been to my native country. In my absence the Assessor and Collector of Municipal Rates and Taxes appears to have issued a notice increasing the valuation of my property, Ward No. 733, Street No. 5759, situate at Dhobi Lane, from Rs. 360 to Rs. 510. The said notice never reached me, but was handed over to a tenant of mine who resided in my said house. I returned to Bombay on the 22nd of February last, and on my tenant informing me of the receipt of the notice, I at once applied to the Assessor and Collector that the increase of valuation was unreasonable, as I only received Rs. 24 per month, and besides, I had in my occupation place worth about Rs. 6 a month. The Assessor has now sent me a reply in which he informs me that my application not having been made within 15 days from the date of his notice, the valuation fixed by him cannot be altered. I beg to point out that I not having known of the notice that was given by the Assessor, until I returned to Bombay in February, I could not have appealed against the valuation within the 15 days' time.

I therefore beg to appeal to you, and pray that you will take my case into your kind consideration, and reduce the valuation now fixed.—I have, &c.,

(The mark of Bhaisur Keshao Pitha.)

No. 6296 of 1897-98.

BOMBAY, 16*th June* 1897.

TO THE MUNICIPAL SECRETARY.

SIR,—With reference to Standing Committee's Resolution No. 1635 of 12th May 1897, I have the honour to report that as the notice of increased valuation did not appear to have been served on the petitioner personally, the Assessor was requested to enquire into the valuation of the property. He accordingly investigated the case in the presence of the petitioner and proposes to reduce the valuation from Rs. 510 to 450 gross, which I have sanctioned as the valuation for the current year.—I have, &c.,

J. H. DUBOULAY, Deputy Commissioner.

No. 2900.

Resolved : " That, with reference to letter to the Corporation, dated 10th ultimo, from Mr. Bhaisur Kesheo Pitha, the Corporation be informed that the Deputy Commissioner reports that as the notice of the increased valuation of property, Ward No. 733, Street Nos. 55-59, Dhobie Lane, did not appear to have been served on the applicant personally, the Assessor was requested to enquire into the valuation of the property. The Assessor accordingly investigated the case in the presence of the

applicant and proposed to reduce the valuation from Rs. 510 to Rs. 450 gross, which valuation has been sanctioned by the Deputy Commissioner for the current year."

Considered memorandum No. 5711, dated 9th instant, to the Executive Health Officer, as under :—

Memo.—The Executive Health Officer is requested to send water analyses reports for submission to the Standing Committee as before. If the Executive Health Officer has no time now he can state the reasons.

P. C. H. SNOW, Commissioner.

No. 9083 OF 1897-98.

BOMBAY, 16*th June* 1897.

TO THE MUNICIPAL COMMISSIONER.

SIR,—With reference to your memo. No. 5711 of the 10th instant, I have the honour to inform you that it will be impossible for me to make an analysis until after the preparation of the Annual and Special Reports have been completed. I must give all my time to statistical work.

J. LEASK, *for* Health Officer.

No. 6557 OF 1897-98

BOMBAY, 18*th June* 1897.

Copy forwarded with compliments to the Municipal Secretary for information. The Commissioner would remark that urgent and very heavy reporting work is now demanding all Dr. Weir's time and would, therefore, request that further presentation of water analyses may be deferred.

P. C. H. SNOW, Commissioner.

Resolved : " That, under the circumstances stated in the Commissioner's memorandum to the Secretary, No. 6557, dated 18th instant, the Standing Committee agreed to the further presentation of water analyses being deferred."

No. 2901.

The following returns were read and *recorded* :—

No. 2902. Returns of fires at Bhoiwar Lane Fort, No. 381, Abdool Rahiman Street, and Tardeo Road, forwarded with the Deputy Commissioner's memoranda Nos. 6185 and 6552, dated 15th and 18th June 1897.*

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 20th June 1897.†

Read letter to the Secretary, No. 7022, dated 24th instant, from the Commissioner, as under :—

SIR,—I have the honour to state that the Agent, B. B. & C. I. Railway, wrote to me on the 27th April 1897 to deposit with the Company Rs. 3,04,203 in four instalments, as given below, for the work of constructing platforms and sidings near the Mahalakshmi station in connection with the scheme for the transportation of cutchra to Chimbur and also for the construction of the necessary wagons and brake-vans for the same purpose :—

By	15th May	... Rs.	1,00,000
„	15th June	... „	75,000
„	15th July	... „	75,000
„	15th August	... „	54,203

2. After some correspondence, I have arranged with the Agent, subject to the sanction of Government, for payment of such sums as may be required from time to time to pay their actual monthly expenses in connection with the works on his previously intimating the probable amount required for payment in each month.

3. To this arrangement I request the sanction of the Standing Committee and also to the works in question being entrusted to the B. B. & C. I. Railway Company without inviting tenders for the same by public advertisement and without entering into a written contract or paying the required deposit.—I have, &c.,

P. C. H. SNOW, Commissioner.

Resolved : "That, as applied for by the Commissioner in

No. 2903. his letter to the Secretary, No. 7022, dated 24th instant, sanction be given, subject to the sanction of Government, to an arrangement being entered into with the Agent, B. B. & C. I. Railway Company, for the payment to him by advances from surplus balances pending the raising of the necessary loan of such sums as may be required, from time to time, for defraying the Company's actual monthly expenses in connection with the construction

of platforms and sidings near the Mahalakshmi Railway station for the transport of town sweepings to Chimbur, the provision of wagons and brake-vans, and subject to the Agent's previously intimating the probable amount required for such payment in each month.

"That sanction be also given to the construction of the said platforms, the provisions of wagons, brake-vans and other appliances, and to the conveyance by the said Company of the town sweepings from Mahalakshmi to Chimbur.

"That, under the terms of section 72 (3) of the Municipal Act, the Standing Committee dispense with the invitation for tenders which would otherwise be necessary, as the B. B. & C. I. Railway Company is the only body which can carry out the works in question from Mahalakshmi and on the conditions required by the Municipality."

Read letter to the Secretary, No. 6999, dated 23rd instant, from the Deputy Commissioner as under :—

SIR,—I have the honour to state that the Chief Officer, Fire Brigade, has brought to my notice the urgent necessity of providing additional ventilation to the Laskars' quarters at Gowalia Tank, Fire Brigade Station, as the rooms at present are dark and close. The Health Officer is also of opinion that this is necessary. It is, therefore, proposed to put in additional windows at an estimated cost of Rs. 359, and I request the sanction of the Standing Committee and the Corporation to this being met by a grant from surplus cash.—I have, &c.,

J. H. DuBOULAY, Deputy Commissioner.

Resolved : "That letter to the Secretary, No. 6999, dated 23rd instant, from the Deputy Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the expenditure of Rs. 359 from the surplus cash balance to meet the cost of providing additional windows in the quarters at Gowalia Tank Fire Brigade Station occupied by the lascars of the Brigade.

No. 2904.

"That the Chairman be asked to apply to the Corporation, at their meeting called for the 28th instant, to consider this resolution as urgent business."

Read letter to the Commissioner, No. 3373, dated 10th instant, as under :—

SIR,—I have the honour to forward the accompanying plan showing in yellow lines the extension of Khara Tank Street from Khoja Street to Duncan Road as sanctioned by the Corporation (*vide* Resolution No. 7745 of 13th March 1890). 2.—Mr. Kara Lalji, owner of house No. 245-247, Duncan Road, having proposed to raise two additional floors over an existing building shown in red on the plan, he has been prevented by this department from doing so on the ground that the said house is required for the improvement of the street. 3.—It is very desirable in my opinion that this improvement should be effected, and the opportunity now offered should not therefore, I think, be lost. 4.—I estimate the value of the property including the land admeasuring 161·88 square yards or thereabout at Rs. 8,000. 5.—It must at the same time be pointed out that the improvement will not be complete until the other houses also situated within the yellow lines shown on the accompanying plan are acquired and the ground occupied by them thrown into the road-way. 6.—As the owner is pressing this department either to take up the property or allow him to proceed with the work, I have to request the favour of your placing this matter before the Corporation at as early a date as possible during the next month and obtaining their sanction to its acquisition for the sum of Rs. 8,000 above mentioned. If the owner does not accept this sum, the property will have to be acquired under the Land Acquisition Act, and I have to request that the sanction of the Corporation may be obtained to the adoption of that course also in the event of the private negotiations failing.—I have, &c.,—M. C. MURZBAN, Executive Engineer.

No. 6991 OF 1897-98.

BOMBAY, 23*rd June* 1897.

Copy forwarded to the Municipal Secretary for favour of the sanction of the Corporation to the purchase of the property in question and to the cost of the purchase being paid out of Surplus Cash Balance.—J. H. DUBOULAY, *for* Commissioner.

Resolved : "That memorandum to the Secretary, No. 6991, dated 23rd instant, from the Deputy Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the purchase of house Nos. 245—247, Duncan Road, owned by Mr. Kara Lalji, the site of which is required for the line of the new street in extension of Khara Street from Duncan Road to Khojah Street, the construction of which was sanctioned by the Corporation on the 13th March 1890.

No. 2905.

"That, in the event of private negotiations failing, the Commissioner be authorized, under the terms of section 91 of the Municipal Act, III of 1888, to apply to Government for the taking up of the property in question shown in red colour on the tracing marked A, dated this day, and filed in supplement to Minute Books, under the terms of the Land Acquisition Act.

"That the Corporation be recommended to sanction the grant of Rs. 8,000 from Surplus Cash Balance to provide for the cost of purchase of the said property.

"That the Chairman be asked to apply to the Corporation to consider this resolution as urgent business at their meeting called for the 28th instant."

BOMBAY, 30*th June* 1897.

AT the meeting of the Standing Committee held this day, there were present :—

BHALCHANDRA KRISHNA BHATAWADEKAR, Esq., L.M., Chairman.
THE HON'BLE MR. ABDALLA M. DHARAMSI, B.A., LL.B.; COWASJEE HORMUSJEE, Esq., C.C.M.C.; T. W. CUFFE, Esq.; FAZULBHOY VISRAM, Esq., C.I.E.; IBRAHIM RAHIMTOOLA, Esq.; KAIKHOSRO N. KABRAJI, Esq.; K. M. SHROFF, Esq.; PROFESSOR O. V. MULLER, M.A.; NANABHAI NAVROJI KATRAK, Esq., L. M. & S.; ACCACIO G. VIEGAS, Esq., L. M. & S.; R. H. VINCENT, Esq., C.I.E.

P. C. H. SNOW, Esq., I.C.S., Commissioner; the DEPUTY COMMISSIONER; the EXECUTIVE ENGINEER; and the SECRETARY.

The minutes of the meeting held on the 25th instant were signed.

The seal of the Corporation was affixed (1) to lease with Bai Perozbai, widow of Dhunjibhai Dosabhai Mama, of stables and chawls at Foras Road for a period of three years from 1st March 1897 at a monthly rent of Rs. 350, and (2) to deed of contract with Mr. Dewram Keshavji for the construction of a storm-water drain with manholes and water entrances in the newly-acquired ground at the Victoria Gardens.

Resolved : "That sanction be given to the cutting off of water connections as per list accompanying the Deputy Commissioner's memorandum No. 7646, dated this day."

No. 3131.

Resolved : "That the following be *recorded* :—Letter to the Secretary, No. 6877, dated 23rd instant, from the Deputy Commissioner, forwarding the following return of the sale of the rights of cultivating

No. 3132.

Resolved : "That the following be *recorded* :—Letter to the Secretary, No. 7090, dated 25th instant, from the Commissioner, reporting that he has authorized the Special Drainage Engineer to purchase from Messrs. Garlick & Co: 2,570 running feet 9" half-round pipes and 5,750 running feet 6" half-round pipes required for the road-side drains in Bhoiwada Cross Road and a portion of Dadur Road at the following rates :— No. 3133.

9" Half-round pipes at annas 9 per running foot.
6" Do. do. at annas 5 and pies 3 per running foot.

The total cost, Rs. 3,332, to be met from the grant for the construction of the drains.

"That, under the terms of section 72 (3) of the Municipal Act, the Standing Committee dispense with the invitation for tenders, which would otherwise be necessary, as the offer of Messrs. Garlick is the lower of the two offers received and is considered advantageous to the Municipality."

Resolved : "That the following *be recorded* :—Letter to the Secretary, No. 7203, dated 26th instant, from the Commissioner, reporting that, with a view to Mr. Ranooji Raoji being prevented from acquiring a right of light and air over the Municipal land near the Kurla Railway Station, through which the 32" water main runs, and adjoining which land a house has recently been built by him with five windows and two openings in the west wall of the house overlooking the land in question, he (the Commissioner) has entered into an agreement with Mr. Ranooji Raoji on the following conditions :— No. 3134.

(1) That he shall pay the Bombay Municipality annually a sum of Rs. 4.

(2) That he shall not make any more openings or windows in the wall of the said house without the previous consent of the Commissioner.

(3) That this agreement shall terminate on the Commissioner giving a month's notice to Mr. Ranooji Raoji."

Resolved : "That, with reference to the Commissioner's letter to the Secretary, No. 7201, dated 25th instant, and under the terms of section 92 (*b*) of the Municipal Act, III of 1888, sanction be given to the acceptance of the offer of Rs. 1,500 made at public auction by Mr. Jewaji Salubhai for the purchase and removal of the materials of house Nos. 21-23, Dockyard Road, Mazagon, which property including land was recently taken up by the Municipality for part of the site of Wari Bunder Road from Bai Cooverbai, widow of Mr. Dinsha Shapurji Karani." No. 3135.

Considered letter to the Secretary, No. 7042, dated 24th instant, from the Deputy Commissioner as under :—

SIR,—I have the honour to forward herewith a statement showing certain works which are required to be carried out at the Sankli Tank Fire Brigade Station. The total cost of the works amounts to

No. 3138. *Resolved* : " That, with reference to letter to the Secretary, No. 7179, dated 25th instant, from the Commissioner, the Corporation be recommended to sanction the employment of a ramosi for night duty at the Mahomedan Cemetery, Tank Bunder, at Rs. 11-4-0 per mensem *plus* Rs. 1-8-0 for grain compensation as long as such compensation continues to be payable, the cost for the current year being charged, as arranged by the Commissioner, to the grant for discretional contingencies."

Resolved: "That the following be *recorded* :—Memo-
No. 3139. randum to the Secretary, No. 7018, dated 24th instant, from the Commissioner, reporting, with reference to the Standing Committee's Resolution No. 4484 of the 3rd October 1888, the following transfer made to the Municipal General Fund Pass Book on the 16th instant from the 15¾ lakhs Sewerage, Wari Bunder, &c., Roads, Burial Ground and certain Water Works Loan Deposit Account, Rs. 50,000."*

Considered again letter to the Secretary, No. 6730, dated 19th instant, from the Commissioner on the question of the proposed road from Vehar to Tulsi.

Proposed by R. H. Vincent, Esq., C.I.E., seconded by Professor O. V. Muller—

"That letter to the Secretary, No. 6730, dated 19th
No. 3140. instant, from the Commissioner be forwarded to the Corporation with reference to the sum of Rs. 25,000, included in the loan of Rs. 23,25,000 and with the recommendation that, for the reasons stated in the letter, sanction be given to the construction of a cart-track only in place of the proposed tramway from Vehar to the Tulsi Dam, the track to run by the side of the pipe line as far as the gradients will permit, the pipes alongside the track which are under ground being uncovered and kept exposed in future so as to offer complete facilities for inspection and repair. The cost of the cart-track, Rs. 27,000, to be met as follows : Rs. 25,000 from the renewed grant for the construction of the proposed tramway and Rs. 2,000 from savings that have accrued on other loan works in the event of the revised estimates prepared after proper survey exceeding the original amount of Rs. 25,000 provided for the work in the said loan."

Amendment proposed by T. W. Cuffe, Esq., seconded by Nanabhai N. Katrak, Esq.—

That the consideration of the Commissioner's letter to the Secretary, No. 6930, of the 19th instant, be postponed.

* The Chief Accountant, in his letter No. 1332, dated 23rd June 1897, reports to the Commissioner that the balance remaining to the credit of the above deposit accounts, after effecting the transfer now reported, stands as under :—

(a) In 3½ per cent. Government Paper for Rs. 1,50,000	Rs.	1,50,562 8 0
In Cash	"	2,154 15 8
	Rs.	1,52,717 7 8

On a division, the amendment was *lost*, the votes being 4 *for* and 6 *against*.

The original motion was *carried*, the votes being 7 *for* (*against* none).

No. 3141. *Resolved*: "That the following be *recorded*:—Memorandum No. 7084, dated 25th instant, from the Deputy Commissioner, forwarding letter to himself, No. W.-2312—115, dated 15th idem, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost (1), Rs. 24,564-1-11, of departmental works, and (2), Rs. 2,872-0-7, of private works, done up to 13th June 1897, in respect of the alterations of the water-supply in various parts of the City, in connection with the special measures adopted for the suppression of the bubonic plague, these statements including all previous expenditure under these two heads."

No. 3142. *Resolved*: "That the following be referred to the Commissioner for favour of remarks:—Petition to the President from Messrs. Tukaram Ramji, Shivaji Lingu Jaya, and other house-owners and residents of Kamathipura, dated 21st instant, stating that in January last, owing to the prevalence of the plague, water-pipes of houses thereat were disconnected and stand-pipes erected in the streets by the Municipality, with the result that water for household purposes had to be brought from the stand-pipes; adding that the system involves disadvantages to the petitioners, and requesting that the former system may be resorted to in that district."

The following statement was laid on the table:—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 27th June 1897.*

No. 3143. *Resolved*: "That, with reference to the Standing Committee's Resolution No. 2304 of 2nd instant, sanctioning the transfer of Rs. 40 to provide for cost of waterproof clothing for the havildar and peons, Corporation and Standing Committee's Office, sanction be now given to the purchase of eight short-coats and eight umbrellas in place of waterproof clothing specified in the above resolution."

* *See* Appendix **B.**

No. 3144. *Resolved*: "That, with reference to the Commissioner's memorandum to the Secretary, No. 6733, dated 19th instant, the Commissioner be informed that the grant of Rs. 12 sanctioned in the Committee's Resolution No. 1999 of the 26th ultimo to Shankar Mahadoo is intended to be the equivalent of the difference for six months between his wages as a peon on Rs. 12 per mensem and that of the pay of havildar on Rs. 14 per mensem."

Read letter to the Secretary, No. 7393, dated 29th instant, from the Commissioner as under:—

SIR,—I have the honour to state that, in order to cope with the press of registration work at the Sonapur Burning and Burial Grounds during the prevalence of the plague, Dr. Shantaram Vithal, one of the Registrars, was directed on 27th December 1896 to render assistance. The Health Officer reports that "his services have been of great value and have been willingly rendered at a very critical time," and is of opinion, in which I concur, that he should be given an allowance of Rs. 150 per mensem from the above-mentioned date. I therefore request the sanction of the Standing Committee to this proposal and to the cost being met from the plague grants. Dr. Shantaram's services will be dispensed with from the 1st proximo.—I have, &c., P. C. H. SNOW, Commissioner.

No. 3145. *Resolved*: "That, as applied for by the Commissioner in his letter to the Secretary, No. 7393, dated 29th instant, sanction be given to the payment of an allowance of Rs. 150 per mensem from 27th December 1896 to 1st July 1897 to Mr. Shantaram Vithal, G.G.M.C., one of the Registrars of Births and Deaths, in consideration of the valuable assistance rendered by him during the plague at the Sonapur Burning and Burial Grounds. The charge to be met from the grants for plague charges."

No. 3146. *Resolved*: "That the following be *recorded*:—Memorandum No. 7402, dated 29th instant, from the Commissioner, forwarding letter to himself, No. 1468, of the 28th idem, from the Chief Accountant as under:—

SIR,—With reference to the Standing Committee's Resolution No. 4484, dated 3rd October 1888, I have the honour to request that you will be pleased to report for the information of that body the following transfer made to the Municipal General Fund Pass

Book during the past week :—On 26th June 1897, from the 15½ lakhs Sewerage, Wari Bunder, &c., Roads, Burial Ground and certain Water Works Loan Deposit Account, Rs. 2,154-15-3.

2. The balance remaining to the credit of the above deposit account, after effecting the transfer now reported, stands as under :—

In 3½ per cent. Government paper for Rs. 1,50,000 = Rs. 1,50,562-8-0."

I have, &c., SORABJI NAVAROJI COOPER, Chief Accountant.

No. 3147. Letter, dated 25th instant, from Mr. Abdul Chand was placed before the Committee, and it was decided, in accordance with their Resolution No. 2532 of the 9th instant, as per margin, that no notice be taken of the letter in question.

No. 2532. "That with reference to letter of the 20th ultimo from Mr. Abdul Chand on the subject of the tenancy of stall No. 32, Arthur Crawford Market, the Standing Committee adhere to their Resolution No. 11837 of the 3rd February last to the effect that no further application from him on the same subject will be considered by the Committee."

No. 3148. *Resolved* : "That, as applied for by the Commissioner in his letter to the Secretary, No. 7541, dated this day, sanction be given to the acceptance of the tender of Messrs. Richardson & Cruddas, the lowest of the four tenders received, for the supply of cast-iron pipes and sundry fittings required for the Drainage Department at rates aggregating Rs. 16,490-12-3. The cost to be met from the advance of Rs. 60,000 sanctioned in the Corporation's Resolution No. 14437 of the 25th March 1897."

No. 3149. *Resolved* : "That the following be *recorded* :—Letter to the Secretary, No. 7518, dated 29th instant, from the Deputy Commissioner as follows :—

SIR,—I have the honour to report, for the information of the Standing Committee, that I have hired two compartments of the chawl at Arthur Road belonging to Mr. Esubjee Adamjee from the 1st April to the 28th February 1898 at the rate of Rs. 14-8-0 per month. The compartments will be used as residences for two Sub-Inspectors of F and G Wards and for two sluicemen of the Water Works Department, and also as an office for placing pressure recorder and pressure gauges and the telephone. The charge will be met from Section III, Contingencies, &c., Water Works Department.—I have, &c., J. H. DUBOULAY, Deputy Commissioner."

Read letter No. 7538, dated 29th instant, from the Commissioner, to the Secretary as under :—

SIR,—In continuation of my No. 6060 of 14th June 1897, I have the honour to state that one more Inspector has been engaged for the work of inspection of insanitary houses from the 24th instant on a salary of Rs. 100 per month, and to request the sanction of the Standing Committee and the Corporation to his employment. The cost will be debited to the plague grant.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : " That letter to the Secretary, No. 7538, dated 29th instant, from the Commissioner, be forwarded to the Corporation, in continuation of the Standing Committee's Resolution No. 2604 of the 16th idem, and, with reference to the Corporation's Resolution No. 2418 of the 3rd ditto, with the recommendation that sanction be given to the employment of an additional Inspector for the survey of insanitary houses in Kamathipura on a salary of Rs. 100 per mensem from 24th June 1897. The cost to be debited to the grants for the plague charges."

No. 3150.

Resolved : " That, with reference to the Commissioner's letter to the Secretary, No. 7649, dated this day, the Standing Committee approve, under the terms of section 230 of the Municipal Act, III of 1888, of an order in writing being issued to the Agents of the Great Eastern Mill, Parel Road, authorizing them to drain the mill premises thereat, into, through, or under, land thereat, belonging, or alleged to belong, to Bai Jainabai, to the Municipal drain at Sussex Road in the manner shown in green lines on the accompanying plan marked $\frac{S.A.}{16\text{-}12\text{-}96}$, on condition that Bai Jainabai shall be allowed to make drainage connections from her adjoining chawls with the drain to be laid by the Great Eastern Mill Company."

No. 3151.

Resolved : "That the following be *recorded* :—Memo-
No. 3152. randum, No. 7648, dated this day, from the Commissioner, forwarding letter to himself, No. 10802, dated 29th idem, from the Health Officer, as under :—

SIR,—I have the honour to report for your information that there has been a slight increase in the total deaths for the past fortnight as will be seen from the following statement :—

	For week ending 22nd June 1897.	For week ending 29th June 1897.

Of this disinfectant, the Health Officer reports as follows: 'One of the ingredients it contains is perchloride of mercury, which we have been using largely, but, combined with this, there are also other valuable germicides.' The cost to be debited to the grants for plague charges.

No. 3560.

"That the Commissioner be asked to furnish a report by the Health Officer as to the experience of the last-named officer of the effects and value of this disinfectant.

"That the Health Officer be also asked to state the quantity contained in each box."

Carried.

Resolved: "That the following be *recorded* :—Letter to the Secretary, No. 7656, dated 30th ultimo, from the Deputy Commissioner, reporting that he has accepted the offer of Mr. Laxumon Kamaji of Rs. 190 for the right of cutting grass on the Municipal land on the Tulsi pipe line between Mahim and Mahaluxmi from 29th June 1897 to 31st May 1898."*

No. 3561.

Read letter to the Secretary, No. 7922, dated 3rd instant, from the Commissioner as under :—

SIR,—I have the honour to state that the Health Officer considers it necessary that the portion of the Haines Road Cemetery used for burial purposes since September last should be covered over with a layer of good earth of one foot depth. The quantity of earth required is estimated to be 1,631 brass, and the present contractors, Messrs. Ahmed Moosa & Co., offer to supply it at Rs. 2-10-0 per brass. The total cost of the supply is Rs. 4,281-6-0. I request the sanction of the Standing Committee to its being met out of the plague grant and the supply being obtained from Messrs. Ahmed Moosa & Co. without inviting tenders by public advertisement.—I have, &c., P. C. H. SNOW, Commissioner.

* The right was sold last year for Rs. 173-9-8 including General Tax.

Resolved: "That, as applied for by the Commissioner in his letter to the Secretary, No. 7922, dated 3rd instant, sanction be given to the acceptance of the offer of Messrs. Ahmed Moosa & Co. for the supply of 1,631 brass of earth for covering the portion of Haines Road Cemetery used for burial purposes since September last at the rate of Rs. 2-10-0 per brass. The total cost for the supply, Rs. 4,281-6-0, to be met from the grants for plague charges.

No. 3562.

"That, under the terms of section 72 (3) of the Municipal Act, the Standing Committee dispense with the invitation for tenders, which would otherwise be necessary, as the offer of Messrs. Ahmed Moosa & Co. is considered advantageous to the Municipality."

Resolved: "That, as applied for by the Commissioner in his letter to the Secretary, No. 7650, dated 30th ultimo, sanction be given, under the terms of section 69 (*e*) of Bombay Act, III of 1888, to the variation of contract with Messrs. Dadabhai Hormusji & Co. for the supply of 150 tons Cardiff coal at the Colaba Drainage Air Compressor Station, whereby the contract time for the completion of the delivery of the same may be extended from 5th to 8th June 1897."

No. 3563.

Read letter to the Secretary, No. 7857, dated 2nd instant, from the Commissioner as under :—

SIR,—I have the honour to forward herewith a copy of letter No. 4303 of the 20th ultimo, from the Chairman, Plague Committee, for the information of the Standing Committee with reference to the remarks which fell from some of the members on Friday last, while I requested the sanction of the Standing Committee and the Corporation to sanction a further grant of two lakhs to meet the expenses in connection with measures adopted for suppressing the plague and to state that at present I have placed Rs. 25,000 to the credit of the Plague Committee at the Bank of Bombay.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 4303 OF 28TH JUNE 1897.

TO THE MUNICIPAL COMMISSIONER.

SIR,—In continuation of this office No. 2710-P, dated the 10th May 1897, I have the honour to request the favour of your depositing a further sum of Rs. 2,00,000 (two lakhs), probably the last

demand, in the Bombay Bank to the credit of the Plague Committee, at a very early date.—I have, &c., W. GATACRE, Brigadier-General, Chairman, Plague Committee.

No. 3564. *Resolved* : "That letter to the Secretary, No. 7857, dated 2nd instant, from the Commissioner, giving cover to letter No. 4303, of the 28th ultimo, from the Plague Committee, be *recorded*."

Considered the following :—

BOMBAY, *20th May* 1897.

To THE PRESIDENT OF THE
MUNICIPAL CORPORATION OF THE CITY OF BOMBAY.

SIR,—We have the honour to address this communication to you on behalf of our client Mr. Dhondiba Krishnaji.

Our client is the owner of a piece of land situated at Parel Road, near Byculla, bearing Ward Nos. 7592-7595 and Street No. (1) (4), and upon which a vegetable market has been established for the last 35 years or more. A notice, dated the 23rd March 1897, and bearing No. 3271 of 1896-97, under the signature of Mr. Douglas Bennet, Superintendent of Markets, requiring our client to take out a license for the said vegetable market and to pay a fee of Rs. 640 per annum therefor within a month, was served on a relative of his on his behalf on the 29th idem. The notice was also accompanied by a copy of the by-laws under section 461 and of the regulations under section 406 of the City of Bombay Municipal Act. The license fee of Rs. 640 demanded in the said notice appears to have been sanctioned by the Corporation in their resolution No. 11346 of the 25th January 1897. A copy of the said resolution is annexed hereto. We find therefrom that sanction has been accorded to the Municipal Commissioner to make certain charges under two separate heads against the owners of the 18 private markets mentioned therein, the highest charge being Rs. 1,151 in respect of the Adamji Peerbhoy Market and the next highest being Rs. 640 in respect of our client's market. This sum of Rs. 640 consists of two separate items, *viz.*, (*a*) Rs. 190, being the charge for supervision, calculated at about 10 per cent. on the assessed gross value of the premises; and (*b*) Rs. 450, being the charge for the removal of market rubbish.

We are instructed to submit that neither charge is justified under the City of Bombay Municipal Act, III of 1888, nor under the by-laws and regulations before us. As to the charge of Rs. 190, regulation 3 framed under section 406 of the said Act provides that our client should employ and keep on duty so many peons or ramosees as the Commissioner shall prescribe for the purpose of maintaining order and preventing nuisances, &c. Our client complied

with this regulation until a few years ago, when the Commissioner seems to have superseded this arrangement and to have employed two peons of his own, for whose services our client was charged Rs. 240 a year. We do not know if this new arrangement was ever sanctioned as required by the Act, but our client did not object to the arrangement. It now appears, however, that the actual cost to the Municipality for such supervision amounts to Rs. 190 only a year. We are instructed to submit that it is inconsistent with the provisions of the Municipal Act to levy any separate tax for regulating the supervision of private markets. Without prejudice, however, to the above contention, our client is prepared to pay Rs. 190 a year as a license fee, being the charges incurred under this head. As to the second charge of Rs. 450, we submit that sections 365 and 367 of that Act make it incumbent upon the Commissioner to take measures for securing the removal of sweepings from, and the draining of, all streets and premises, and also to provide and appoint public receptacles, depôts and places for the temporary deposit or final disposal of refuse, rubbish, &c. ; but no authority is vested in the Corporation by the said Act to make any special charge for so doing. These scavenging and other charges our client respectfully urges should be defrayed by the Municipality out of the property and general taxes, and should not be an extra charge against him. He cannot be called upon to pay twice over for the same Municipal services. Our client's duty in respect of the rubbish accumulating on his premises ceases on his depositing the same in public or private receptacles as provided for in section 368 and regulation 5 under section 406, and he is not bound, under the Municipal Act, to separately pay for, or contribute to, the costs of the removal of such rubbish from these receptacles to Worli or any other place. Our client submits that it is not within the power of the Cprporation to levy a separate charge for the removal of rubbish from the private or public receptacles in which it may be temporarily deposited under the disguise of a licensing fee.

Without prejudice to the above contentions, we submit the scavenging charge of Rs. 450 is in any case excessive. It is more than that charged for any other market in the list given at the foot of the said resolution, and is more than double that charged for the Adamji Peerbhoy and Cheera Bazar Markets, which, we understand, are admittedly larger than that belonging to our client. The gross assessed value of the Adamji Peerbhoy and Cheera Bazar Markets are Rs. 9,000 and Rs. 3,960 a year respectively, whereas that of our client's market is only Rs. 2,000 a year. The two above-mentioned markets and others in the said list are moreover kept open for the whole day. Mutton and fish are sold there in addition to vegetables and fruits, whereas our client's market is purely a vegetable market and is used as such in the morning only between the hours of 5 and 8, during which hours wholesale dealers in vegetables and fruits vend their goods to merchants. Very little rubbish or kutchra is caused by the sale of

these articles—decidedly much less than in the case of the markets referred to above. Moreover, our client employs private sweepers of his own, who remove the whole of kutchra every day and deposit it in a receptacle erected on the premises by him at his own expense for the purpose, wherefrom the Municipal carts remove it, there being no public receptacles provided by the Municipality near the premises for the deposit or disposal of rubbish. Rs. 450 is, therefore, in any case an unnecessarily high charge for the removal of this dry kutchra, and, compared with the charges made to other markets, is inequitable. We are also instructed to suggest that the whole of this kutchra should be burnt on the premises, and the ashes only removed, which would considerably reduce the quantity. Our client has himself issued directions to his servants to burn the kutchra on the premises for the present. Our client further points out that this license fee of Rs. 640 *plus* the annual property rates which he pays for the said premises, *viz.*, Rs. 279, making together the sum of Rs. 919 a year, is equal to 46 per cent. of the gross revenue.

Our client, therefore, prays that you will be good enough to place this letter before the Corporation at the next meeting, so that they may, in the light of the information recorded above, reconsider their said resolution, and cancel or amend the same, so far as it effects our client's market, as the nature of the case may require.

EDGELOW & GULABCHAND,
Attorneys for Mr. Dhondiba Krishnaji.

No. 7909 OF 1897-98.

BOMBAY, *3rd July* 1897.

To THE MUNICIPAL SECRETARY.

SIR,—With reference to Standing Committee Resolution No. 1986 of 26th May 1897, I have the honour to observe that Mr. Dhondiba Krishnaji's Solicitors appear to have been misled by the form of Corporation Resolution No. 11346 of 25th January 1897 into thinking that the sum of Rs. 640 consists of a charge of Rs. 190 for supervision and of Rs. 450 for removal of market rubbish. As a matter of fact, the sum of Rs. 640 is a license fee, and has been fixed at the absolute discretion of the Corporation.

2. The sums of Rs. 190 and Rs. 450 are, it is true, the estimated cost to the Municipality of supervision and scavenging, respectively, and the fact that the Corporation contented itself with a fee *based* on the actual cost without attempting to make any profit out of the markets is merely evidence of their moderation.

3. If the Solicitors were able to show that our estimates of the cost were seriously mistaken, there might be ground for a reconsideration of the fee, but they do not attempt to do this in regard to the cost of supervision.

4. In regard to the cost of scavenging, I may remark that our Solicitors are not in agreement with Messrs. Edgelow and Gulabchand as to our power to levy a separate charge for removal of rubbish, but inasmuch as we do not at present levy any such charge the point is not of importance.

5. As to the charge being excessive, I quote the following extracts from a report from the Health Officer :—

"The Parel Road market is the only private market in the city where vegetables and fruit are sold wholesale.

"The Solicitors admit that wholesale dealers attend. It is "the only place of the kind in the city where vegetables and fruit "are sold wholesale. There are also a certain number of retail "dealers.

"The quantity of refuse removed from this market was ascer- "tained to be two cart-loads per day, and these were charged for "at the rate of 9 annas per cart-load. Taking two cart-loads per "day all the year round, gives 730 cart-loads at a total cost of "Rs. 410-10-0. The refuse removed from the Adamjee Peerbhai "and Chora Bazaar Markets is of an entirely different character. "The markets are very large, but the business conducted in them "is totally different from the vegetable and fruit market under "reference. The quantity of refuse removed from these two markets "is about one cart-load per day, and the estimate in regard to "them is upon that basis."

It seems that in rounding off the figure Rs. 410-10 to Rs. 450, an unnecessarily high figure has, through a misunderstanding, been taken, and I see no objection to the Corporation—purely as a matter of grace—reducing the fee from Rs. 640 to Rs. 600-0-0. In conclusion, I have the honour to report that the Health Officer does not consider it would be practicable to dispose of the refuse by burning.—I have, &c., J. H. DuBOULAY, Deputy Commissioner.

Proposed by Professor O. V. Muller, seconded by T. W. Cuffe, Esq.—

No. 3565. "That, with reference to letter to the President, dated 20th May last, from Messrs. Edgelow and Gulabchand, on behalf of Mr. Dhondiba Krishnaji, the owner of a private market at Parel Road, the Standing Committee beg to report that, with the approval of the Corporation, Messrs. Edgelow and Gulabchand might be informed that the sum of Rs. 640, levied from their client, Mr. Dhondiba Krishnaji, is license fee in respect of the private market, and that such fee is chargeable at the discretion of the Corporation.

"That in the present case the amount of the license fee was fixed after due consideration of all the circumtances, and cannot be reduced."

Carried.

No. 3566. *Resolved*: "That the following be referred to the Commissioner for favour of remarks:—Letter to the Chairman, dated 2nd instant, from Messrs. Chitnis, Motilal, and Malivi, on behalf of Mr. Vasudeo Venayekrao, protesting against the authority given to Mr. Balwant Sukharam to drain his premises at Charni Road, Girgam, through the land belonging to their client, into the Municipal drain thereat."

No. 3567. *Resolved*: "That the following be *recorded*:—Memorandum No. 7657, dated 30th ultimo, from the Deputy Commissioner, forwarding letter to himself, No. W.-2564—115, dated 24th idem, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost—(1), Rs. 24,967-0-8, of departmental works, and (2), Rs. 2,873-13-7, of private works done up to 20th June 1897, in respect of the alterations of the water-supply in various parts of the City in connection with the special measures adopted for the suppression of the bubonic plague, these statements including all previous expenditure under these two heads."

No. 3568. *Resolved*: "That, with reference to their Resolution No. 3519 of 5th instant, the Corporation be recommended to sanction the grant of Rs. 3,000 from Surplus Cash Balance to provide for the salary during six months of the current year of a teacher of Sanitary Engineering and Plumbing in the Victoria Jubilee Technical Institute."

No. 3569. The following return was read and *recorded*:—Return of fire at Clare Road, Byculla, forwarded with the Deputy Commissioner's memorandum No. 7575, dated 30th June 1897.*

The following statement was laid on the table:—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 4th July 1897.†

* *See* Appendix C. † *See* Appendix B.

Resolved : "That the following be *recorded* :—Letter to
No. 3570. the Secretary, No. 8236, dated 6th instant, from the Commissioner as under :—

SIR,—I have the honour to report for the information of the standing Committee that on the recommendation of the Health Officer I sanctioned in April last the employment of two sub-inspectors on Rs. 30 each, one hearse-driver on Rs. 15, and one peon on Rs. 9 per mensem respectively in connection with plague operations. The cost will be debited to the plague grants.—I have, &c., P. C. H. SNOW, Commissioner."

The seal of the Corporation was affixed to deed of contract
No. 3571. with Mr. Pallonji Edulji for supplying and laying 4" new cast-iron water mains in various places.

The following return was read and *recorded* :—
No. 3572. Return of fire at Matharpakadi Road, Mazagaon Mill, forwarded with the Deputy Commissioner's memorandum No. 8076, dated 5th July 1897.*

Resolved : "That the following be *recorded* :—Memoran-
No 3573. dum to the Secretary, No. 8206, dated 6th instant, from the Commissioner forwarding letter to himself, No. 1610 of the 5th idem, from the Chief Accountant reporting that a further lot of $3\frac{1}{2}$ per cent. Government Paper for Rs. 1,50,000, belonging to the $15\frac{3}{4}$ Lakhs Loan Deposit Account, was sold on the 3rd of per same at $101\frac{1}{8}$ per cent. against the cost price of $100\frac{3}{8}$ the cent."

Read letter to the Secretary, No. 8271, dated this day, from the Commissioner as under :—

SIR,—I have the honour to state that in September last the Secretary and Curator, Victoria and Albert Museum, brought to my notice that a portion of the ornamental plaster of the ceiling above the Museum staircase suddenly gave way and broke the cast-iron fancy railings of the staircase in one or two places. Similar accidents occurred also in 1889 and 1892. 2.—He also reported that the leakage through the terrace-roof of the Museum was increasing year by year, and that, if the whole roof was not made thoroughly watertight, the accidents would become more frequent and cause serious damage. 3.—The Executive Engineer reports that the leakage in the terrace-roof cannot be stopped entirely as the "Koba" flooring laid over it is very old and cracks will constantly appear in it. He

* *See* Appendix C.

recommends that the existing chunam flooring should be removed and that the whole of the floor over the terrace should be paved with Indian patent stone 1" thick at an estimated cost of Rs. 3,992 as per estimate forwarded herewith. 4.—As it is proposed to carry out the work after the monsoon, I request the sanction of the Standing Committee and the Corporation to defray the expenditure of Rs. 3,992 out of surplus cash balance,—I have, &c. P. C. H. SNOW, Commissioner,

Proposed by R. H. Vincent, Esq., C.I.E., seconded by Fazulbhoy Visram, Esq., C.I.E.—

No. 3574. "That letter to the Secretary, No. 8271, dated this day, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the grant of Rs. 3,992 from surplus cash balance, to meet the estimated cost of removing the existing chunam covering of the terrace-roofing, Victoria and Albert Museum, and of re-covering the terrace with Indian patent stone."

Carried.

Read letter to the Secretary, No. 8097, dated 6th instant, from the Commissioner as under :—

SIR,—With reference to Corporation Resolution No. 13646 of 8th March 1897, sanctioning the construction of an enclosure wall 6 feet high at the new Burial Ground for Mahomedans and Jews at Tank Bunder at a cost of Rs. 13,533, I have the honour to state that, as the above work was urgent, I considered it advisable to divide it between two contractors, Messrs. Teju Kaya & Co. and Sullemanji Mulla Abdulali & Co., whose rates are nearly similar as per their letters sent herewith. The amount of work done by each firm is as follows :—

Messrs. Teju Kaya & Co.	Rs.	8,186	14 5
Messrs. Sullemanji Abdulali & Co. ...	„	5,227	1 7
Making a total of...	Rs.	13,414	0 0

Under the circumstances above mentioned, I request the sanction of the Standing Committee to this arrangement and to the invitation of tenders by public advertisement being dispensed with.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : No. 3575. "That, with reference to the Commissioner's letter to the Secretary, No. 8097, dated 6th instant, the Standing Committee sanction the work of building enclosure walls 6 feet high round the

new Burial Grounds for Mahomedans and Jews at Tank Bunder being divided between two contractors as under :—

Messrs. Teju Kaya & Co.	... Rs.	8,186	14 5
Messrs. Sullemanji Abdulali & Co.	... „	5,227	0 0
	Rs.	13,414	0 0

The charge to be debited to the grant of Rs. 13,533 sanctioned by the Corporation in their Resolution No. 13646 of the 8th March last.

"That, under the terms of section 72 (3) of the Municipal Act, the Standing Committee dispense with the invitation for tenders, which would otherwise be necessary, as the work in question was urgent and the above terms were considered advantageous to the Municipality."

No. 3576. The Commissioner reported, with reference to the Committee's Resolution No. 2897 of 25th ultimo, the arrangements which have been made, subject to the sanction of the Committee, with the Bank of Bombay regarding the financing of the advance to the Municipality of Rs. 6,00,000 required for meeting current and loan charges, and the arrangements were now sanctioned by the Committee (*see* papers in the Secretary's file of confidential papers marked 280).

BOMBAY, 14*th July* 1897.

No. 3637.

* The rent sanctioned for this stall by the Standing Committee in their Resolution No. 7202 of the 22nd October 1890 was Rs. 33 per quarter.

† Last year this right was sold for Rs. 8-11-0.

Considered letter to the Sceretary, No. 8485, dated 8th instant frcm, the Commissioner as under:—

SIR,—I have the honour to state that the date of termination of the contract period for completing the work of constructing the Bhuleshwar Market and Schools was fixed for the 14th November 1896. This period was, however, extended to the 31st January 1897, as certain extra works had to be executed in the foundations owing to the yielding nature of the soil and as the work was considerably retarded by the heavy rains of the last year. 2.—Fair progress was made with the work until the plague broke out in a virulent form and a large number of workmen and artificers left Bombay. The work was in consequence at a standstill for some time. 3.—The Executive Engineer reports that, as soon as people began to return to Bombay, the contractors collected the necessary workmen and artificers and proceeded with the work with all possible despatch. The market portion of the work was accordingly completed and occupied on the 1st May last, and the whole building was completely finished by the end of that month. 4.—Taking into consideration the difficulties the contractors had to contend with and the fact that they did their best to complete the work as expeditiously as possible, but were prevented from doing so from causes over which they had no control, and, as the work has been satisfactorily carried out, I request the sanction of the Standing Committee to extend the contract period to the end of May 1897 without imposing any fine on the contractors. 5.—In this connection I may mention that provision for the payment of rent for the temporary Bhuleshwar Market was made in the last year's budget up to the end of February 1897. Rent at the rate of Rs. 500 per month has to be paid to the Pinjrapol authorities for the months of March and April last. I, therefore, request the sanction of the Standing Committee and the Corporation to defray this expenditure out of Surplus Cash Balance.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved: "That, as applied for by the Commissioner in his letter to the Secretary, No. 8485, dated 8th instant, sanction be given, under the terms of section 69 (*e*) of the Municipal Act, to the variation of contract with Messrs. Bhasker 'Shivram and Dhondiba Hanmuntrao Barde for the construction of the Bhuleshwar Market and School buildings, whereby the contract period for the completion of the work may be further extended from 31st January to the end of May 1897 without the infliction of any fine on the contractors.

No. 3638.

"That the Corporation be recommended to sanction the expenditure of Rs. 1,000 from Surplus Cash Balance to provide the payment to the Pinjrapol authorities of rent

of their buildings temporarily occupied as market for two months, from 1st March to 30th April 1897, at the rate of Rs. 500 per mensem."

Resolved : "That, with reference to letter from the Commissioner to the Secretary, No. 8648, dated 10th instant, the Standing Committee approve, under the terms of section 91 of the Municipal Act, III of 1888, of application being made to Government for the taking up, under the Land Acquisition Act, of 39·89 square yards or thereabout of land, with building standing thereon, situate at Wari Bunder Road, the property of Bai Bhikaiji, required for the construction of the northern approach of the new road from Wari Bunder to Gunpowder Street."

No. 3639.

Read letter to the Deputy Commissioner, No. 1038, dated 3rd instant, from the Superintendent of Markets and Slaughter Houses as under :—

SIR,—I have the honour to inform you that on the expiration of the last quarter—that is, on the 30th June—ninety-three stalls were thrown up by their holders in the new Bhuleshwar Market. 2.—I anticipated this at the time that the market was completed and the general auction took place (see this office No. 250, of 28th April 1897, para. 4). 3.—Yesterday I held a departmental auction of the above-mentioned vacant stalls, and many of them, in the heat of competition, again went up at high rentals and most probably would be thrown up at the end of the present quarter, the difference between the rents realised during the last quarter and for the present quarter of the stalls in question being only Rs. 513. 4.—I would not be surprised to find that for the next two or three quarters stalls perhaps lesser in number than the present number will have to be put up to auction at the expiration of each quarter, and this will go on until the stall-holders are in a position to find that, after paying their rents, they have some surplus on which they can maintain themselves. 5.—I would also mention that since the first auction two new stalls have been added to the number of stalls in the market and which have realised Rs. 11 each per quarter. There is also an enclosed space at the entrance to the market which was put up and knocked down for Rs. 25 per quarter. The place is to be used for sale of lemons. 6.—The favour of an early sanction is requested to the letting of the stalls at the rents they realized at yesterday's sale as is shown in the list appended.—I have, &c., DOUGLAS BENNETT, Superintendent of Markets and Slaughter Houses, &c.

No. 8709 OF 12TH JULY 1897.

Forwarded to the Standing Committee with reference to Standing Committee's Resolution No. 1220 of the 5th May last for favor of sanction.

Resolved : "That, with reference to the Deputy Commissioner's memorandum No. 8709, dated 12th instant, the Standing Committee approve, under the terms of section 407 of Bombay Act, III of 1888, of the levy of charges for the occupation of stalls in the new Market, Bhuleshwar, as per list forwarded with the memorandum."

No. 3640.

Resolved ; "That, as applied for by the Commissioner in his letter to the Secretary, No. 8545, dated 9th instant, and under the terms of Rule 15 (*c*) of the Pension Regulations, sanction be given to the payment from 8th April 1897 of a monthly pension of Rs. 5-6-7 to Rama Jevan, late laskar in the Streets and Building Branch, Engineer's Department, the amount for the current year being debited to the grant for Pensions and Gratuities for 1897-98."

Read letter to the Secretary, No. 8664, dated 10th instant, from the Commissioner as under :—

SIR,—I have the honour to state that the Health Officer reports that very frequent complaints are made by the residents of Malabar Hill regarding the imperfect and irregular cleaning of cesspools and that the service can only be improved by the help of additional labour as the work has all to be done by hand and the contents of cesspools carried a long distance to the sea owing to the absence of drains or any intermediate means of disposal. With a view to ascertain if the evil complained of could be remedied by the conversion of the existing road-side drains into semi-ovoid shape, I obtained an estimate from the Special Drainage Engineer. The estimate amounts to over a lakh of rupees, but I cannot advise the adoption of the scheme as the outlay is very heavy and the money would absolutely be wasted when the sectional drainage (the machinery for which has already been sanctioned) is completed. The Health Officer informs me that he will require 25 extra halalkhors for the more efficient emptying of the cesspools on Malabar Hill. I have therefore to request the sanction of the Standing Committee and the Corporation to the 25 men being employed at a monthly cost of Rs. 287-8-0 and the amount up to the end of the current year being met out of Surplus Cash Balance.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : "That letter to the Secretary, No. 8664, dated 10th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the employment, from 10th August 1897 to 1st March next, of 25 halalkhors for the more efficient emptying of cesspools on Malabar Hill at a cost of Rs. 287-8-0 per mensem. The charge, Rs. 1,929-0-6, to be debited to Surplus Cash Balance."

Considered letter to the Secretary, No. 8432, dated 8th instant, from the Commissioner as under :—

SIR,—I have the honour to state that the following staff was sanctioned in connection with the work of laying 4" mains in different parts of the City and 9" main in Warli Road for a period of six months :—

	Rs.
1 Inspector	100
1 Sub-Inspector	35
1 Clerk	30
Allowance to Senior Audit Clerk, Chief Accountant's Office	25

Total Rs. 190 × 6=1,140

2. The contract period for the mains in question terminates, however, eight months from the date of receipt of the written order to commence the works. The orders for the respective works were given to the Contractors on the 10th and 20th May respectively.

3. The Water Engineer now requests sanction to employ the following establishment from the 8th April 1897 to 15th March 1898 :—

	Rs.	a.	p.
1 Inspector on Rs. 100 per month	1,125	0	10
1 Tracer „ 25 „	281	4	3
2 Lascars „ 10 each per month	225	0	2
	1,631	5	3
1 Clerk on Rs. 45 per month from 10th June 1897 to 15th March 1898	413	4	5
Allowance of Rs. 25 per month to the Senior Audit Clerk in the Chief Accountant's Office	237	1	7
	2,281	11	3

4. As the increased establishment is necessary for the proper supervision of the work, and as it is not possible to have both the works completed within the period originally anticipated, I request the sanction of the Standing Committee to the approval of the revised establishment for the works in question, the excess amount being debited to the contingency provision for the respective works.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved: "That, as applied for by the Commissioner in his letter to the Secretary, No. 8482, dated 8th instant, sanction be given to the employment of the following establishment from the 8th April 1897 to

No. 3643.

15th March 1898 for the supervision of the work of laying 4″ water mains in different parts of the City and 9″ main in Warli Road :—

the excess, Rs. 1,141-11-3, over the sanctioned grant being debited to the provision for contingencies for the respective works on which these persons are employed."

Read letter to the Secretary, No. 8486, dated 8th instant, from the Commissioner as under :—

SIR,—I have the honour to state that the Collector of Bombay has now preferred a claim of Rs. 12,000, being half the rent of the land on the Esplanade occupied by the Municipal Workshops, &c., from 1st April 1896 to 31st March 1897. A provision of Rs. 10,300 has been made in the current year's budget for rent of the land in question. The difference between the amount claimed by the Collector and the budget provision above referred to is Rs. 1,700. I request the sanction of the Standing Committee and the Corporation to this amount being met out of Surplus Cash Balance. As the question of the tenancy of the land is still under the consideration of Government and the Corporation, the amount of rent claimed will be paid under protest and without prejudice to the claims of the Corporation.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : " That letter to the Secretary, No. 8486, dated 8th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the grant of Rs. 1,700 from Surplus Cash Balance to provide for the difference between the sum of Rs. 12,000 claimed by the Collector of Bombay for rent of land on the Esplanade occupied by the Municipal Workshops, &c., from 1st April 1896 to 31st March 1897, and the sum of Rs. 10,300 provided in the budget for the current year for the rent of the land in question.

No. 3644.

"That the Rs. 1,700 additional be paid under protest and without prejudice to the Corporation's claim in the matter of the land."

Resolved: "That the following be *recorded*:—Memorandum No. 8711, dated 12th instant, from the Deputy Commissioner, forwarding letter to himself, No. W.-2810—115, dated 24th ultimo, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost (1), Rs. 25,157-13-7, of Departmental works, and (2), Rs. 2,877-6-5, of private works done up to 27th June 1897 in respect of the alterations of the water-supply in various parts of the City in connection with the special measures adopted for the suppression of the bubonic plague, these statements including all previous expenditure under these two heads."

SIR,—I have the honour to state that Veterinary-Major Mills, the Principal of the Veterinary College, has addressed me on behalf of Mr. N. D. Dhakmarwala, a Graduate of the College, who worked with Dr. Haffkine at the Sewri Lazaretto with a view to his being granted an honorarium for his services.

Mr. N. D. Dhakmarwala assisted Dr. Haffkine for a period of two months from 15th October last, after which he was compelled to go on leave, his health having been impaired by the extra labour this duty entailed. I am of opinion that he should be granted a sum of Rs. 150 in recognition of his services and request the sanction of the Standing Committee and Corporation thereto and to the cost being debited to the plague grants.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved: "That letter to the Secretary, No. 8663, dated 10th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the payment of an honorarium of Rs. 150 to Mr. N. D. Dhakmarwala, Graduate of the Veterinary College, for services under Professor Haffkine at the Sewri Lazaretto from 15th October to 15th December 1896. BOMBAY, *12th July* 1897.

To THE CHAIRMAN AND MEMBERS OF THE MUNICIPAL STANDING COMMITTEE.

GENTLEMEN,—Under instructions from our client, Mr. Abdalla Hajee Dawood, we have the honour to address you as follows :—Our client is the owner of a large house situate at Jakaria Masjid Street, bearing Nos. 345-347. A portion of the south-west corner of our client's said house fronting the road being considered by the Municipal authorities to be in a weak condition, a requisition was made

upon our client to pull down and remove the same. A small portion of our client's house, which is a large five-storied house, falls within the street improvement line, and the portion within the regular line of the street is about four feet at the southern end and about 2½ feet at the northern end. If the south-west corner is removed, no work would be allowed to be done within the regular line, and the result would be that the house will have to be set back. Our client pointed out to the Executive Engineer, who personally visited the premises, that enforcing this small set-back would necessitate the whole of the house, which in other respects is a substantial one, being altered. To give your Committee an idea of the alterations, we shall mention one or two things. For instance, the present otla of the house is eight feet deep. The enforcing of the set-back will cut off four feet from the otla at one end. A new otla eight feet deep will have to be made, and this will require that the main wall at the back of the otla should be removed and set back four feet and a new wall built. The removal of this wall will result in all the upper floor rooms being altered. In fact the arrangement of the whole house will be altered. Then, again, the ground floor staircase, which commences from behind the otla, will have to be set back, and this will necessitate alteration in the position of the staircases on the upper floors. Moreover, our client's house is a party-wall house. It is one whole house, half of which belongs to our client and the other half to his uncle, the two houses being divided by a party-wall. The alterations to our client's house would result in considerable damage being done to his uncle's house. So far as the otla is concerned, there is one continuous otla for both the houses, and some of the posts on the otla as well as some of the posts and beams on the upper floors are common to both the houses, and it will be extremely difficult to touch the one house without damaging the other. Mr. Murzban was satisfied of this and our client proposed to him that, in view of the fact that the set-back was not important, our client should be allowed to repair the south-west corner and remove the cause of the complaint, as otherwise the Municipality would have to pay a very large sum by way of compensation. Our client estimates that the compensation payable to him for the building would be about Rs. 8,000 to Rs. 9,000, whereas the land to be acquired would come to only between six and seven yards and the value whereof will be insignificant compared to the amount of compensation payable for damage to the building. Our client's house is in line with the adjoining buildings, and no improvement would be really made to the street by setting back the house to a small extent. There would only be a small recess. Having regard to all the circumstances, our client's proposal, it seems to us, was very fair and reasonable, *viz.*, that he would enter into an agreement to set back his house when the neighbouring houses were set back without claiming any compensation for the superstructure.

We understand that Mr. Murzban was agreeable to this and, subject to the sanction of the Standing Committee, was willing to accept this. The matter was then sent up to the Standing Committee for their

sanction, and they passed a resolution that, in accordance with their general resolution in matters of set-backs, all set-backs must be enforced as they occurred and that no agreement should be accepted as hitherto. The Executive Engineer has therefore written to our client expressing his inability to accept our client's proposal. Our client thinks that, if all the circumstances of his case had been properly understood, your Committee would have in this case deemed it prudent not to enforce the set-back more for the protection of Municipal interests and money rather than for the convenience of our client.

We are, therefore, instructed to lay the facts once more before your Committee and to invite a reconsideration of their decision in view of the facts and circumstances stated in this letter. Should the Standing Committee think it proper to adhere to their resolution, we are instructed to give notice that our client will claim from the Municipality and hold them liable for all the damage that will be caused to his house, including the cost of making all the alterations which will be rendered necessary by reason of the set-back being enforced.—We have, &c.,

No. 3648. "That a Sub-Committee consisting of Mr. Vincent, Mr. Ibrahim Rahimtoolla, and Mr. Viegas be appointed to report whether the set back of house Nos. 345-347, Jakeria Street, should be enforced or not."

Carried.

In accordance with notice of motion, it was proposed by Kaikhosro N. Kabraji, Esq.—

No. 3649. "That the Commissioner be requested to submit to the Standing Committee a report from the Health Officer on the working of the apparatus invented by Mr. Dadabhoy J. Soonawalla for disinfecting by means of chlorine gas during the prevalence of the plague in Bombay; also as to whether it had received at the hands of the Health Department a fair and full trial; what success, if any, attended it; and, if so, whether it is the intention to utilize it more largely than the other ordinary disinfectants now in use."

The motion was seconded by K. M. Shroff, Esq., and *carried.*

To THE MUNICIPAL COMMISSIONER.

SIR,—I have the honour to state that when the first two mechanical stokers were fixed at the Love Grove Pumping Station, it was thought advisable to try how they worked before the other two were put up. Experiments were therefore made with the following results :—

(*a*) That lump coal could not be used with the stokers ; (*b*) that the lumps had to be broken by hand or otherwise reduced to the size of ordinary road-metal before it could be used in the stokers ; (*c*) that a large quantity of fine coal passed through the bars without being consumed by the fire ; (*d*) that the cost of working the furnace was thus increased by the extra labour which had to be employed for breaking the lumps into small size, and by the wastage of fine coal passing through without being properly consumed in the furnace ; (*e*) that to work the stokers economically, it would be necessary to obtain slack coal; and (*f*) that, as slack coal could not be obtained in Bombay at rates sufficiently low, the mechanical stokers cannot be worked with economy. 2.—Under the circumstances it would be advisable not to put up the remaining two sets of stokers, but to try and dispose of all of them as soon as opportunity presents itself. 3.—As regards the catchpit on the Mint Road Sewer, I have the honour to state that, at the time when plague was raging, so great and so general was the dread among the public of the harm which was supposed to arise from openings made in the sewers that some people had intimated their intention to leave the premises in which they were residing if the drains near them were opened. It was, therefore, considered advisable to postpone the construction of the catchpit until more favourable times. It is now proposed to put the work in hand after the rains.—I have, &c.,

SIR,—I have the honour to inform you that the Standing Committee at their meeting of the 9th instant passed the following Resolution :—"That the Commissioner be requested to obtain a report of the results of the operations carried on at the Sewri Lazaretto up to date." I have, therefore, to request the favour of your forwarding to this Office your report on the subject. The Standing

Committee wish to ascertain how long and to what extent you propose to continue your operations in view of the large number of animals kept up and the great expense connected therewith. They also wish to know whether the animals purchased for you have been utilized in the preparation of the prophylactic or are only intended for the preparation of curative serum.—I have, &c.,

To PROFESSOR W. M. HAFFKINE.

SIR,—I have the honour to inform you that the Standing Committee have asked me to ascertain from you what your future course of procedure is likely to be, as in view of the cessation of the plague and the general reduction of plague establishment and arrangements it becomes necessary to have some definite intelligence regarding the work and experiments you are engaged on. 2.—You are aware that I have, with the approval of the Standing Committee, sanctioned from time to time large sums of money on the up-keep of various animals for your special purposes, also on the bungalow you occupy on Malabar Hill, &c. The Standing Committee, with every reason, wish to know in what direction your experiments are now tending and how long they are likely to last. I also, as resposible for the expenditure, wish to be accurately informed as to your views on the whole matter, and also as to your proposed future movements and length of sojourn in Bombay, as it is necessary to decide definitely how long the present heavy expenditure is to continue or whether it should now cease. 3.—An early reply is kindly requested.—I have, &c.,

To THE MUNICIPAL COMMISSIONER,

BOMBAY.

10*th July* 1897.

SIR,—With reference to your letters, No. 6072, dated 14th June last, and No. 8347 of 7th instant, I have the honour to state that the operations at Sewri were intended for the trial of an antitoxic serum treatment in plague on lines similar to those worked out in diphtheria. The information which has been published at that time about the Amoy experiments of Dr. Yersin had created the expectation that the principle which in diphtheria had effected the reduction of mortality to about half of its usual extent, will give in plague an infinitely higher amount of success, reducing the case mortality from about 90 per cent. to 7. It was in this expectation that I adopted the suggestion made to me by the Executive Health Officer to start at Sewri the manufacturing of antitoxic serum, which requires long months of preparation, on a large scale, at once. In a couple of months a considerable number of the treated animals have been brought to a high degree of immunity, and their serum, when

tried on infected animals, was found to arrest the development of the disease in them. At this stage of preparation, and while I had still a limited amount of serum, I attempted on several occasions the application of the treatment to human patients. I chose for that purpose individuals in which the severity of the disease did not leave hope of its yielding to the ordinary treatment, expecting that the drug will manifest its power by assisting the physician in such cases. On no stage of my efforts could I obtain any clear results to that effect. I have then resolved to prepare for the trial of this treatment a large amount of serum which would be tested in the same manner as it was done in the case of diphtheria, *viz.*, by its application to a very large number of cases—severe and mild—and by comparing the mortality amongst them with the mortality amongst a similar group of patients not so treated, for there remained the possibility of the therapeutic serum without producing clear effect in every case, influencing, however, the general mortality to an appreciable extent similar to the results in diphtheria. The preparation of the *anti-diphtheritic* serum requires the treatment of animals for over four months. In the case of *plague* Dr. Yersin stated that the preparation takes him over six months. In Bombay, where in the beginning neither laboratory accommodation nor the necessary staff was prepared for this kind of work, and while the largest part of our time was absorbed by investigation, and when the prophylactic treatment was worked out by its application, the present epidemic was over before the above plan could be carried out. I have got now at Sewri a number of animals in a high degree of immunity. These animals can yield at once an amount of serum sufficient for many hundreds of patients, and afterwards this amount can be obtained from them time after time again, the animals remaining as sound and strong and fit for work, as they were before the treatment. Reckoning upon the final expiration of the epidemic, these animals can be sold off at once. Should, however, a recrudescence of plague occur during the next season, and if the serum now accumulated and tried on the plan abovementioned show any favourable effect, the loss of these animals possessing a power which it has taken many months to be created in them may have to be regretted. I propose, therefore, that the staff at Sewri should be maintained by the Municipality for other two months. In case the plague does not reappear in Bombay and does not develop in any part of India, the animals should be sold off. On the other hand, if the plague has left Bombay definitely, but still lingers on in the country, I should then propose to the Government to take over the Sewri establishment and maintain it at their cost. The laboratory at the Cliff is at present engaged in further investigation of the plague prophylactic and the storing up of the prophylactic material matured during the last month. As regards my further movements, the instructions which I have received recently from the Government of India are to the effect of my keeping my head-quarters in Bombay and continuing for the present my work here.—I have, &c.,

Sir,—In forwarding the accompanying papers I beg to observe that there is a large quantity of materials that require to be weighed daily at the Workshops Stores. At present the articles for the use of the Municipal Workshops are weighed in a small beam-scale of the capacity to weigh up to 2½ cwts. at a time and which is found to be very inconvenient for weighing heavy articles. As we have to weigh, receive and deliver large quantities of coal, heavy iron castings and other equally heavy stores, and as our present platform weighbridge scale is much worn out having been constantly used for upwards of 15 years and is now unserviceable, it is desirable that we should purchase a weighbridge scale which has the advantage of weighing larger and heavier articles at a much smaller cost of labour, &c., and a great saving of time ; and with that view I beg to forward the accompanying quotations and tabulated statement showing the rates tendered by different firms for the supply of a three-ton weighbridge. Messrs. Kurva and Kajiji's quotation of Rs. 500 is the next lowest, and as the Assistant Engineer, Mechanical Branch,

states in his No. 745 that the size and the platform are suitable for our requirements and recommends its acceptance, I beg to request the favour of your sanction thereto. The cost of the weighbridge will have to be met, with the sanction of the Standing Committee and the Corporation, out of the Workshops profits for the current year.—I have, &c., SORABJI NAVROJI COOPER, Chief Accountant.

No. 8766 of 12th July 1867.

Copy forwarded to the Municipal Secretary for favour of sanction of the Standing Committee and the Corporation to meet the cost of the weighbridge out of the Workshops profits for the current year. The weighbridge will be purchased from Messrs. Kurva & Kajiji for Rs. 500.

P. C. H. SNOW, Commissioner.

No. 745 of 1897-98.

Bombay, 18*th June* 1897.

To The INSPECTOR of MUNICIPAL STORES.

Sir,—Referring to your No. 119, dated 20th March 1897, I have the honour to forward herewith quotations in original and a tabulated statement of the same for the supply of a three-ton weighbridge for the Municipal Stores. 2.—It will be seen that Mr. F. W. Shallis's quotation of Rs. 450 is the lowest, but I cannot recommend its acceptance as the platform is of an unsuitable size for cart-weighing purposes. 3.—Messrs. Kurva & Kajiji's quotation of Rs. 500 is the next lowest, and as the size of the platform is suitable for our requirements, I would recommend its acceptance. I have examined the scale in question and find that it is according to the attached illustration. It has the advantage of being practically self-contained, which reduces the expense of foundations to a very small amount and it is of good quality and workmanship.—I have, &c.,

B. H. HEWETT, *Assistant Executive Engineer, Mechanical Branch.*

No. 3654.

Resolved: "That memorandum to the Secretary, No. 8766, dated 12th instant, from the Commissioner and the papers sent therewith be forwarded to the Corporation with the recommendation that sanction be given to the payment of Rs. 500 from the profits of the Municipal Workshops for the current year to meet the cost of weighbridge for the Workshops Stores to be purchased from Messrs. Kurva & Kajiji."

Read letter to the Secretary, No. 8763, dated 12th instant, from the Commissioner as under :—

SIR,—I have the honour to state that the Executive Health Officer purchased during the months of May and June last from Messrs. Cursetjee & Sons, of Kirkee, 107 pairs of bullocks at the following rates :—

38½ pairs at 165 per pair.
68½ „ 135 „

Messrs. Cursetji & Sons have now preferred a bill for Rs. 695-8-0 for feeding compensation on account of the scarcity of fodder, &c., at the rate of Rs. 6-8-0 per pair. As I consider that the claim set up by the contractors is reasonable, I request the sanction of the Standing Committee and the Corporation to its payment from Surplus Cash Balance. I may state that any one acquainted with the fodder conditions prevailing in the Deccan during the last six months must know these are *bonâ fide* charges.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 3655. *Resolved* : " That letter to the Secretary, No. 8763, dated 12th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the expenditure of Rs. 695-8-0 from Surplus Cash Balance for payment of the claim made by Messrs. Cursetji & Sons, of Kirkee, for feeding, at the rate of Rs. 6-8-0 per pair, 107 pairs of bullocks purchased for the Health Department in May and June 1897."

No. 3656. *Resolved:* " That, as applied for by the Commissioner in his letter to the Secretary, No. 8769, dated 12th instant, sanction be given, under the terms of section 69 (e) of the Municipal Act, to the variation of contract with Mr. Bahmanji Edulji Kashinath for the supply of 100 tons of Singarini coal and 400 tons of Sibpur coal, deliverable at the Love Grove Pumping Station, whereby the contract time for the delivery of the same may be extended from the 8th May to the 4th June 1897."

Read letter to the Secretary, No. 8967, dated this day, from the Commissioner as under :—

Sir,—I have the honour to state that the six months period of the Deputy Commissioner's appointment expires on the 2nd September next and to request the sanction of the Standing Committee and the Corporation to extend it for six months more, the amount of his salary being debited to Surplus Cash Balance.—I have &c., P. C. H. SNOW, Commissioner.

Proposed by R. H. Vincent, Esq., C.I.E., seconded by Fazulbhoy Visram, Esq., C.I.E.—

That letter No. 8967, dated 14th instant, from the Commissioner to the Secretary be forwarded to the Corporation with the recommendation that Mr. J. H. DuBoulay, I.C.S., be re-appointed as Deputy Commissioner for six months from the 2nd September next, and that sanction be given to the payment of Rs. 9,000 from Surplus Cash Balance to meet the pay of the appointment during that period.

Amendment moved by K. M. Shroff, Esq., seconded by Kaikhosro N. Kabraji, Esq.—

"That letter No. 8967 of this day's date from the Com-
No. 3660. missioner to the Secretary be forwarded on to the Corporation."

Read letter to the Commissioner, No. 4993, dated 13th instant from the Executive Engineer as under :—

Sir,—In returning the two tenders from Messrs. Sullimanji Mulla Abdulali and Co., forwarded by the Chief Accountant, for the construction of two sheds in the yard of the Bandora Slaughter Houses and filling in quarry-holes therein, I have the honour to forward herewith two Statements marked T-2s/7977 and T.F.Q.H. 7977, showing in a tabulated form the quantity, rate and amount of

each item of the works in each of the tenders. The final results are given below, showing the amounts of the tenders as compared with those of this office estimates exclusive of contingencies :—

Particulars of work.	Amount of					
	Estimate.			Tender.		
	Rs.	a.	p.	Rs.	a.	p.
Constructing two sheds in the Bandora Slaughter House Yard	5,074	5	6	5,486	6	4
Filling in quarry-holes in the Bandora Slaughter House Yard	3,797	7	10	4,113	15	2

As the amounts of tenders for both the works are in excess of those of this office estimates, I cannot recommend the acceptance of any of these tenders. Having sent for the tenderers, I have at a personal interview succeeded in persuading them to undertake the work at the rates of this office estimate *minus* 3 per cent. The annual repair contractor is also willing to undertake the work on the same conditions, but, as already reported in this office No. 4465 of 2nd July 1897, he is not able to cope with even the works which he has already on hand and is very dilatory. I cannot recommend the works in question being let to him. Under the circumstances I recommend the acceptance of the offer of Messrs. Sullimanji Mulla Abdulali & Co. at 3 per cent. below the rates of this office estimates.—*I* have, &c., M. C. MURZBAN, Executive Engineer.

BOMBAY, *14th July* 1897.

Copy forwarded to the Municipal Secretary for favour of sanction of the Standing Committee to the acceptance of the tender of Messrs. Sullimanji Mulla Abdulali & Co. at 3 per cent. below the rates fixed by the Executive Engineer.

P. C. H. SNOW, Commissioner.

No. 3661.

Resolved: "That, as applied for by the Commissioner in his memorandum to the Secretary, No. 9103, dated this day, sanction be given to the acceptance of the tender of Messrs. Sullimanji Mulla Abulali & Co., the lower of the two tenders received, for the construction of two sheds in the yard of the Bandora Slaughter Houses and for filling in quarry-holes therein at three per cent. below the rates fixed by the Executive Engineer for the works."

BOMBAY, 21*st July* 1897.

AT the meeting of the Standing Committee held this day, there were present:

BHALCHANDRA KRISHNA BHATAWADEKAR, Esq., L.M., Chairman.

THE HON'BLE Mr. ABDALLA M. DHARAMSI, B.A., LL.B.; COWASJEE HORMUSJEE, Esq., C.C.M.C.; T. W. CUFFE, Esq.; FAZULBHOY VISRAM Esq., C.I.E.; IBRAHIM RAHIMTOOLA, Esq.; KAIKHOSRO NOWROJI KABRAJI, Esq.; K. M. SHROFF, Esq.; PROFESSOR O. V. MULLER, M.A.; NANABHAI NAVROJI KATRAK, Esq., L.M. & S.; ACCACIO G. VIEGAS, Esq., L.M.&S.; R. H. VINCENT, Esq., C.I.E.

P. C. H. SNOW, Esq., I.C.S., Commissioner; the DEPUTY COMMISSIONER; the EXECUTIVE ENGINEER; and the SECRETARY.

The minutes of the meeting held on the 14th instant were signed.

The seal of the Corporation was affixed (1) to three leases, (*a*) with Mr. Dawoodbhoy Ebrahim of chawl at Stable Street for a period of five years from 1st March 1897 at a monthly rent of Rs. 242; (*b*) with ditto of chawl at Jairajbhoy Street for ditto from ditto at a monthly rent of Rs. 100; and (*c*) with ditto of chawl at Bapty Road for ditto from ditto at a monthly rent of Rs. 47, occupied by bigaries of the Health Department: and (2) to deed of contract with Mr. Abdul Hussein Kikabhai for repairing and painting Municipal kerosine oil street lanterns, brackets, and posts in different parts of the city during 1897-98.

Resolved: "That sanction be given to the cutting off of water connections as per list accompanying the Deputy Commissioner's memorandum No. 9803 dated this day."

BOMBAY, 14*th July* 1897.

To H. W. BARROW, Esq., Municipal Secretary.

SIR,—I have the honour to inform you that I have not signed the cheque No. 4323 because I have some misgivings as to my power of signing it. So far as I remember, I do not know that either the Standing Committee or the Corporation have sanctioned the compensation for houses destroyed by the Municipality either generally or specifically, and, as it is a large constitutional question, I request the favour of your submitting this letter before the next meeting of the Standing Committee for their consideration.—Yours faithfully,

NANABHAI NAVROJI KATRAK.

No. 9260 OF 1897-98.

BOMBAY, *16th July* 1897.

To THE MUNICIPAL SECRETARY.

SIR,—With reference to your No. 3628 of the 15th instant, I have the honour to forward herewith a copy of the Government Notification No. 228-P of the 17th February 1897 under the Epidemic Diseases Act. Section 9 of the Notification deals with the matter in question. The property in question is to be demolished under that section and the valuation has been effected accordingly. The compensation is now due to the parties and must be paid by the Municipality. Whether the Corporation choose ultimately to have such expenditure debited to loan, if admissible, or plague grants is a matter for subsequent adjustment. I am at a loss to understand what Dr. Katrak means by a constitutional question. It is a simple case of procedure under the Epidemic Diseases Act Notification.—I have, &c.,

P. C. H. SNOW, Commissioner.

Proposed by the Hon'ble Mr. Abdalla M. Dharamsi, seconded by Kaikhosro N. Kabraji, Esq.—

No. 3818. "That, with reference to letter from Mr. Nanabhai N. Katrak to the Secretary, dated 14th instant, and letter No. 9260 of 16th idem from the Commissioner, sanction be given to the countersigning by a member of the Standing Committee of the cheque on the Municipal Fund, No. 4323, therein alluded to, the amount of the cheque being a charge obligatory on the Corporation under the terms of para. IX of Government Notification No. $\frac{870}{345}$ P, of 17th February last, issued under the provisions of the Epidemic Diseases Act, III of 1897, of the Government of India."

Carried.

No. 3819. *Resolved*: "That the following be *recorded*:—Letter to the Secretary, No. 9410, dated 16th instant, from the Commissioner, reporting that he has accepted the offers of Mr. Sayana Rajana and Mr. Laxu-

man Ragoo of Rs. 75 *plus* Rs. 5-11-10 for general tax and Rs. 80 *plus* Rs. 6-1-11 for general tax, respectively, for the following rights for the year ending 31st March 1897 :—(1) of cultivating vegetables and cutting grass on Municipal land adjoining the DeLisle and Arthur Roads—area about 11,788 square yards; and (2) of ditto on ditto adjoining Ripon Road and Gilder Street lately acquired from Sir A. D. Sassoon—area about 27,976 square yards."*

No. 3820. *Resolved*: "That the following be *recorded* :—Letter to the Secretary, No. 9290, dated 16th instant, from the Commissioner, reporting that he has accepted the offer of Messrs. George Gahagan & Co., the lower of the two offers received, for the supply of penstock for stormwater drainage on the Flats at Rs. 752. The cost to be debited to the grant of Rs. 2,112, sanctioned in the Corporation's Resolution No. 2421 of the 3rd ultimo."

No. 3821. *Resolved*: "That, as applied for by the Commissioner in his letter to the Secretary, No. 8968, dated 14th instant, sanction be given, under the terms of section 69 (*e*) of the Municipal Act, III of 1888, to the variation of contract with Messrs. Sullemanji Mulla Abdul Ali & Co. for the supply of cement, whereby the contract time for the delivery of the same may be extended from 1st January and 1st February last to 1st May and 5th June 1897 respectively."

No. 3822. *Resolved*: "That, with reference to the Commissioner's letter to the Secretary, No. 8969, dated 4th instant, and under the terms of section 92 (*b*) of the Municipal Act, III of 1888, sanction be given to the acceptance of the offer of Rs. 810 made by Mr. Esmailji Ebrahimji for the purchase and removal of materials of three buildings Nos. 10, 3-5 and 12, Police Court Lane, Fort, taken up by the Municipality for the improvement of that thoroughfare."

No. 3823. *Resolved*: "That, with reference to the Deputy Commissioner's letter to the Secretary, No. 9390, dated 16th instant, the Standing Committee approve, under the terms of section 216 of Bombay Municipal Act,

* These rights last year realized Rs. 60 and Rs. 150 respectively.

III of 1888, of the writing off of Rs. 19-11-0, being the amount of irrecoverable bills in respect of wheel and property taxes for the quarter ending 30th June 1897 due by Mr. J. A. Yates, Mr. Gulam Huson Kalyan, and Mr. Ibrahim Jusub."

No. 3824. *Resolved* : "That, with reference to the Deputy Commissioner's letter to the Secretary, No. 9102, dated 14th instant, the Standing Committee approve, under the terms of section 517 (1) (*j*) of the Municipal Act, III of 1888, of the filing of suit, under the terms of section 211 of the Act, in the Court of Small Causes against Messrs. Fakrudin Sheik Abdula and Dadamia Sheik Abdula for the recovery of Rs. 68-2-4 on account of property tax and notice fee due by them in respect of property, Ward No. 3673, Street Nos. 22-23, Dongri Street, as per list accompanying the letter."

No. 3825. *Resolved* : "That, with reference to the Commissioner's memorandum No. 9261, dated 16th instant, the Standing Committee approve, under the terms of section 381 of the Municipal Act, III of 1888, of notice in writing being served on Mr. Hormasji Merwanji Cama requiring him to fill up a tank owned by him and situate in the compound of the Parsi temporary Fever Hospital, Parel Road, as the tank causes a nuisance and has been reported on by the District Medical Officer and complained of by the Medical Officer of the Hospital."

Read letter to the Secretary, No. 9474, dated 17th instant, from the Commissioner as under :—

SIR,—At the meeting of the Corporation on May 13th, attention was drawn to the great waste of water from stand-pipes in certain parts of the city.

2. The evil is sufficiently obvious and, apart from the danger to health, unless it is in some way checked, it is to be feared that the Municipality may be involved in enormous expenditure to satisfy the rapidly-increasing demand for water for flushing in connection with house-connections.

3. The only satisfactory remedy that suggests itself lies in the utilization of waste-preventing taps. It is extremely difficult to find a pattern which will defy the artifices of those who object to the trouble of turning a tap on or off as required. Mr. Newton, however, reports not unfavourably of some self-closing taps procured from Messrs. Gahagan & Co. of this city, and I have authorized him to purchase twenty-four more for experimental purposes.

4. Even this tap has its defects, and it is desirable to test other inventions. Mr. Newton is himself the inventor of a patent stand-pipe which has been introduced at Singapur since he came to Bombay. The Special Drainage Engineer speaks exceedingly highly of the design, and I am anxious to give it a trial in Bombay.

5. Accordingly, with the approval of the Standing Committee, I propose to obtain quotations from Messrs. Tylor & Sons, of London, the Manufacturers, and purchase five or six. The purchase will be reported to the Standing Committee.—I have, &c., P. C. H. SNOW, Commissioner.

No. 3826. *Resolved* : " That, with reference to the Commissioner's letter to the Secretary, No. 9474, dated 17th instant, regarding the great waste of water from stand-pipes in certain parts of the city, the Standing Committee approve of quotations being obtained from Messrs. Tylor and Sons, of London, for the supply of five or six of the patent stand-pipes invented by Mr. H. Newton for use experimentally in the prevention of such waste."

No. 3827. *Resolved* : " That the following be *recorded* :—Memorandum No. 9210, dated 15th instant, from the Deputy Commissioner, forwarding letter to himself, No. W.-3104—115, dated 8th idem, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost (1), Rs. 25,757, of Departmental works, and (2), Rs. 2,882-10-10, of private works done up to 4th July 1897 in respect of the alterations of the water-supply in various parts of the city in connection with the special measures adopted for the suppression of the bubonic plague, these statements including all previous expenditure under these two heads."

BOMBAY, 12*th July* 1897.

THE MUNICIPAL COMMISSIONER.

SIR,—I have the honour to forward herewith a summarised report on the experiment of preventive inoculation against plague made upon 7,905 persons in Bombay between the 10th of January and the 11th of July 1897. This report does not include the occurrences in Her Majesty's House of Correction, Byculla, which have been communicated to you already comparatively with the occurrences amongst the non-inoculated present in the Jail during the outbreak.—I have, &c., W. M. HAFFKINE.

No. 8970 OF 14TH JULY 1897.

Copy forwarded to the Standing Committee for information.

P. C. H. SNOW, Commissioner.

SUMMARISED REPORT on the experiment of Preventive Inoculation against Plague made on 7,905 Persons in Bombay between the 10th of January and the 10th of July 1897.

The following number of persons have been inoculated against the plague at the different inoculation stations in Bombay :—

At the Petit Laboratory or by the Medical Officers deputed from there	5,104
At H. H. Aga Khan's Bungalow, Love Lane ...	1,844
At the St. George's Hospital	198
At the Gokuldas Tejpal Hospital	31
Inoculations performed at private houses—	
By Dr. Dimmock	46
„ Dr. Childe	136
„ Dr. McCabe Dallas	215
„ Dr. K. S. Engineer	76
„ Dr. Murphy	87
„ Dr. Kalapesi	148
„ Dr. Trilokekar	26
Total of persons inoculated in Bombay... ...	7,905

A detailed report on the inoculated, classified according to races and occupation, will be sent in later on.

2. The following occurrences of plague took place amogst the inoculated in Bombay :—

I. *Fatal cases.*—A Parsee lad reported to have developed plague within about 12 hours after inoculation, but likely to have been unwell already at the time of inoculation, died on the fourth day. 2.—A Hindu pleader from Thana came for inoculation after feeling first plaguelike symptoms; inoculated on 20th March 1897; died on 21st night.

II. *Attacks ending in Recovery* :—A female servant of Surgeon-Major Dimmock attacked with plague twelve days after inoculation; recovered. 2.—A dhobie of Surgeon-Major Dimmock attacked with plague seventeen days after inoculation; recovered. 3.—A patient inoculated by Dr. Murphy developed gland and fever on fourth day after inoculation; symptoms disappeared within a week. 4.—A patient inoculated by Dr. Murphy contracted plague six days after inoculation; recovered in a few days. 5.—A servant of Brigade-Surgn.-Lieut.-Col. Arnott attacked with plague next day after inoculation; sent to hospital; recovered. 6.—A mali of Surgn.-Lieut.-Col. Hatch attacked 12 days after inoculation; recovered. 7.—Hindu child from Mora attacked 17 days after inoculation; improved from the next day; recovered. 8.—Hindu female, Mora, attacked a fortnight after inoculation; improved from the third day; recovered. 9.—Mr. Noronah, 29½ years, Assistant Superintendent, P. W. Department, Bombay, inoculated on 1st and 13th March 1897; attacked on 8th April; on 12th fever diminished considerably; patient recovered. 10.—One Khoja Mahomedan inoculated at Love Lane, attacked on the day of inoculation with plague; recovered. 11.—Edalji Hormasji, 11

years, Mora, attacked twenty-seven days after inoculation; improved after two days; bubo disappeared after a week. 12.—Ardesir Jijibhoy, 10 years, attacked on fifth day after inoculation; recovered. 13.—Parsee lad, 20 years, reported to have had two attacks of plague before inoculation—one severe, the second milder; third attack followed 5 weeks after inoculation; fever disappeared after one day, gland remaining for several days longer. 14.—Ahilya Anant, 7 years, female, from Sion, developed gland and fever thee months after inoculation; improved from next day; recovered. 15.—Ardesir Pestonji Baria, male, 48 years, attacked one month after inoculation; improved and recovered after three days' illness. 16.—Raojee Bhana, male, 16 years, inoculated on 13th April 1897, admitted to the Charni Road Hospital in fever with a swollen gland; fever disappeared in four days, gland lasted longer, but gradually disappeared also.

III.—*A case of death from cause other than plague following soon after inoculation.*—Anant Bhikaji Paranjpe, Brahmin Teacher from Bandora, got an attack of hemiplegiæ two days after inoculation, and died on 11th day. Reports from three Medical Officers, who treated the patient, are to the effect that the attack was unconnected with plague nor with the inoculation.

Summary.—Of the 7,905 individuals inoculated in Bombay (*a*) two died from plague, having had symptoms of the disease on them when inoculated, or being attacked within 12 hours after inoculation; (*b*) sixteen were attacked with plague more than one day after inoculation, and all recovered; (*c*) one died from a disease developed two days after inoculation without any connection being apparent with the fact of inoculation.

Read letter to the Secretary, No. 9801, dated this day, from the Commissioner, as under:—

SIR,—I have the honour to draw the Standing Committee's attention to the serious rise in the mortality during the last week, though I am glad to be able to say to-day that there is a considerable decrease. The principal causes of the increased mortality are Phthisis, Fevers, Diseases of the Respiratory system, Diarrhœa, and Dysentery. The classification of deaths is shown in the accompanying marginal table and the chief excess has occurred amongst Mahomedans and Hindus other than Jains and Brahmins. The Executive Health Officer considers that there are grounds for apprehending a serious recrudescence of bubonic plague. I have lately had occasion to consult the Health Officer with regard to making any possible reductions in the existing extra strength of the Health Department, but I am now of opinion that it would be most unwise to take any such steps, as considerable reductions have already been effected in the extra staff employed by the Plague Committee, and for the next three months at least the situation must not only be carefully watched but we should be prepared for all emergencies. I would remind the Standing Committee that in the early stages of the epidemic constant reference was made to the excess of mortality over the average in the month of August last, and that the excess was ascribed to unrecognized cases of plague. If that view be accepted as correct, and I believe it to be so, it is equally applicable to the present state of affairs. It is, I consider, almost certain that plague is present under several guises without the ordinary external symptoms being visible and it will, I fear, be impossible in many cases (however strong the suspicion) to say that they are bubonic except where a *post mortem* has been held and the result further confirmed by bacteriological examination. If the mortality remains as high as latterly, it will probably be necessary to reopen the Grant Road Hospital, and in any case, I think, the Standing Committee will agree with me that the Health Department must be kept at full extra strength for the present.—I have, &c., F. C. H. SNOW, Commissioner.

Read letter to the Secretary, No. 10031, dated 23rd instant, from the Commissioner as under :—

SIR,—I have the honour to state that the Standing Committee, under their Resolution No. 1997 of 26th May 1897, sanctioned the work of constructing a storm-water drain on the ground acquired by the Municipality for the Mahomedan Burial Ground at Tank Bunder at a cost of Rs. 1,979. The Executive Engineer reports that, when the above estimate for the work was prepared, it was intended to pass the

storm-water through a drain belonging to Sir D. M. Petit, Bart. Sir Dinshaw has, however, blocked up his drain, and objects to the Municipality carrying the storm-water through his drain. It is, therefore, necessary to construct a new drain inside the compound wall on the east of the Mahomedan Burial Ground at Reay Road as shown by red dotted lines on the annexed plan marked A. The cost of doing this additional work amounts to Rs. 2,678.

I request the sanction of the Standing Committee to the above work being carried out and to its cost being met out of savings in the grant for filling in the Port Trust land.

The work will be carried out departmentally as it is urgent.—I have, &c., P. C. H. SNOW, Commissioner.

No. 3931. *Resolved* : " That, as applied for by the Commissioner in his letter to the Secretary, No. 10031, dated 23rd instant, sanction be given, subject to the approval of the Corporation, to the transfer of Rs. 2,678 from savings in the grant for filling up land acquired from the Port Trust for the Mahomedan Burial Ground, Reay Road, to grant for drainage of the ground as shown in red dotted lines on the plan marked A attached to the letter. The construction of the drain to be carried out departmentally."*

No. 3932. *Resolved* : " That, with reference to the Commissioner's memorandum No. 9910, dated 22nd instant, the Standing Committee approve, under the terms of section 381 of the Municipal Act, III of 1888, of notice in writing being served on Bai Gopicabai, widow of Jagannath Gopinath, requiring her to clean the well at her property at No. 10-B, Damar Lane, as the water in the well causes a nuisance."

No. 3933. *Resolved* : " That, with reference to the Commissioner's memorandum No. 10012, dated 23rd instant, the Standing Committee approve, under the terms of section 381 of the Municipal Act, III of 1888, of notice in writing being served on Mr. Manishankar Harishanker requiring him to fill up, with good sweet earth, the well at his premises at No. 70, Carpenter First Street, as the well is very foul and causes a nuisance."

No. 3934. *Resolved* : " That, with reference to the Commissioner's memorandum No. 9926, dated 22nd instant, the Standing Committee approve, under the terms of section 381 of the Municipal Act, III of 1888, of notices in writing being issued (1) on Mr. Keshev

* See Resolution of the Standing Committee, No. 1997, of the 26th May last.

Dharamsi requiring him to close well at Nos. 14-26, Kumbarwada Street; and (2) on Mr. Oomersi Ladha Khatoor, requiring him to close well at No. 33 and Sub-No. 1, Duncan Road, as the said wells are causing nuisances and have been condemned by the Medical Officer, District No. 4."

Read letter to the Secretary, No. 10024, dated 23rd instant, from the Commissioner as under :—

SIR,—I have the honour to state that in June 1896 at the emergent reservoir near the Wellington Fountain water was found frequently overflowing from the manholes thereof and from the manholes on the pipe sewer leading to Apollo Street and on the pipe sewer in Mayo Road. The reason of this overflow was that the pipe sewers were not carrying away the water as rapidly as it was raised from the ejector stations as they (the pipe sewers) were obstructed partly with road detritus and partly with an accumulation of water from the preceding rainfall. To prevent a recurrence of the overflow, I sanctioned the immediate construction of a new 12″ stoneware pipe sewer from the emergent reservoir to the manhole in Apollo Street and the work was entrusted to Messrs. Sullemanji Mulla Abdulali & Co. at the rates of their Mazagon contract.

The cost of the work amounts to Rs. 3,189, and I request the sanction of the Standing Committee and the Corporation to its being met out of the savings on the grants sanctioned for the Colaba sewerage works.—I have, &c., P. C. H. SNOW, Commissioner.

No. 3935. *Resolved* : "That letter to the Secretary, No. 10024, dated 23rd instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the expenditure of Rs. 3,189 by transfer from the savings in the grant for the Colaba sewerage works to the grant for surface drainage, Wellington Fountain, to Back Bay *via* the Bandstand to provide for cost of 12″ stoneware pipe sewer from the emergent reservoir to the manhole in Apollo Street."

No. 3936. *Resolved* : "That letter to the Secretary, No. 9989, dated 22nd instant, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the refund, to the B. B. & C. I. Railway Company, of Rs. 6, being the difference between the rates for the hire of 1½″ and 1¼″ metres now in use, and of 2″ and 1½″ meters originally intended to be used for the connection of the latrines at the Church Gate and Colaba new Railway Stations."

No. 3937. *Resolved* :—"That the following be *recorded* :—Memorandum to the Secretary, No. 10057, dated 23rd instant, from the Deputy Commissioner, forwarding letter to himself, No. W-3402—115, dated 15th idem, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost (1) Rs. 25,875-15-3, of departmental works, and (2), Rs. 2,887-14-7, of private works done up to 11th July 1897 in respect of the alterations of the water-supply in various parts of the City in connection with the special measures adopted for the suppression of the bubonic plague, these statements including all previous expenditure under these two heads."

No. 3938. *Resolved* : "That the following be *recorded* :—Letter to the Secretary, No. 9984, dated 22nd instant, from the Commissioner, reporting that he has taken over from the Plague Committee eight ambulance coolies from 29th June last, who are to do duty at the Chinchpokli and Mahalaxmi stations both day and night and to convey to the Infectious Diseases Hospital telegrams from Inspecting Officers at Bandora, Kalyan, &c., and, on receipt of such telegrams, to take the ambulances to the stations for conveyance of patients to the hospital. The coolies will be paid at the rate of annas 7 per day and grain compensation at the rate already sanctioned by the Corporation. The cost to be debited to the grant for plague charges."

No. 3939. *Resolved* : "That sanction be given to the payment of Rs. 6-8-10 to Keshev Babaji, late peon, Standing Committee and Corporation's office, from 1st to 9th January 1897, both days inclusive, being the amount of his wages during that period."

No. 3940. *Resolved* : "That the following be *recorded* :—Memorandum to the Secretary, No. 10090, dated 24th instant, from the Commissioner, reporting, with reference to the Standing Committee's Resolution No. 4484 of the 3rd October 1888, the following transfers on the 13th instant :—(*a*) From the 12 Lakhs Drainage and Water Works Loan Deposit Account, Rs. 1,128-8-8 ; (*b*) from the Rs. 10,08,500 Miscellaneous Works Loan Deposit Account, Rs. 2,104-9-5 ; on the 14th idem (*c*)

No. 3941.

Resolved : "That, in reply to letter to the Chairman, dated 2nd instant, on behalf of Mr. Vasudeo Venayekrao, protesting against the authority given to Mr. Balwant Sakharam to drain his premises at Charni Road, Girgam, through land belonging to Mr. Vasudeo Venayekrao, into the Municipal drain thereat, Messrs. Chitnis, Motital and Malvi be informed that the Standing Committee see no reason to modify the terms of their Resolution No. 627 of 14th April last, authorising Mr. Balwant Sakharam to drain the premises in question in the manner suggested by the Commissioner in his letter to the Secretary, No. 782, of 9th April last."

Read letter to the Secretary, No. 10249, dated 26th instant, from the Commissioner as under :—

No. 3948. of fire at Khetwadi Main Road, forwarded with the Commissioner's memorandum No. 9814, dated 22nd July 1897.*

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai and Tansa Lakes for the week ending 25th July 1897.†

In accordance with notice of motion, it was proposed by Accacio G. Viegas, Esq.—

That it is highly desirable that Government should appoint an independent Committee of experts to enquire into and investigate the cause or causes of increased mortality in the city.

That the Commissioner be asked to communicate to Government the Committee's request.

The Chairman ruled that this proposition was out of order.

Resolved : "That memorandum to the Secretary,
No. 3950. No. 10446, dated this day, from the Commissioner and the accompaniment thereto relating to the demolition of buildings and sheds in connection with the measures taken for the suppression of the plague be circulated."

Read letter to the Secretary, No. 10427, dated this day, from the Commissioner as under :—

SIR,— I have the honour to state that, at the request of the Plague Committee, the Executive Engineer, Municipality, has executed departmentally certain works, such as the building of hospital wards, &c., for private parties in connection with the plague. I do not consider that the usual 15 per cent. supervision charge, &c., should be recovered from the parties in such cases, and request the sanction of the Standing Committee to its being foregone. I forward herewith a list of the works.—P. C. H. SNOW, Commissioner.

Resolved : "That letter to the Secretary, No. 10427, dated
No. 3951. this day, from the Commissioner be forwarded to the Corporation with recommendation that sanction be given to the remission of 15 per cent. for supervision charges for works executed by the Municipality

Read letter to the Secretary, No. 10487, dated this day, from the Commissioner as under :—

SIR,—I regret to report, for the information of the Standing Committee, the death of Mr. H. Newton, Acting Deputy Executive Engineer, Water Works, which occurred early on the morning of the 27th July. I wish to place on record my sense of the great loss the Municipality has sustained by the untimely decease of one of their most capable Officers.—I have, &c., P. C. H. SNOW, Commissioner.

No. 3955. *Resolved* : " That, with reference to letter from the Commissioner to the Secretary, No. 10487, of this day's date, the Standing Committee desire to place on record their high appreciation of the services of the late Mr. Howard Newton, Deputy Executive Engineer, Water Works, and their sense of the loss which the Corporation have sustained by his death,

" That a copy of this resolution be forwarded to the widow of the deceased gentleman with the expression of the Committee's condolence with her in her deep affliction."

No. 3956. *Resolved* : " That, as applied for by the Deputy Commissioner in his letter to the Secretary, dated this day, sanction be given, under the terms of section 92 (*b*) of the Municipal Act, III of 1888, to the acceptance of the tender of Messrs. S. F. Lungrana & Co., the only

tender received, for the right of selling to the public refreshment at the Refreshment Room in the Victoria Gardens for a period of 3 years, from 1st proximo, on payment of Rs. 150 per annum *plus* Rs. 25 per annum as rent for the use of the room."

It was agreed that the next meeting of the Committee be held at 4 p.m. on Tuesday, the 3rd proximo.

BOMBAY, *29th July* 1897.

AT the special meeting of the Standing Committee, held this day, for the consideration of the question of the reorganization of the Health Department, there were present :

THE HON'BLE MR. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., *Chairman.*

THE HON'BLE MR. ABDALLA M. DHARAMSI, B.A., LL.B.; COWASJEE HORMUSJEE, Esq., C.C.M.C.; T. W. CUFFE, Esq.; FAZULBHOY VISRAM, Esq., C.I.E.; IBRAHIM RAHIMTOOLA, Esq.; K. M. SHROFF, Esq.; PROFESSOR O. V. MULLER, M.A.; NANABHAI NAVROJI KATRAK, Esq., L.M. & S.; ACCACIO G. VIEGAS, Esq., L.M.& S.; R. H. VINCENT, Esq., C.I.E.

P. C. H. SNOW, Esq., I.C.S., Commissioner; the DEPUTY COMMISSIONER; the ASSISTANT HEALTH OFFICER; and the SECRETARY.

Read letter, dated this day, to the Secretary from Mr. Kaikhosro N. Kabraji apologising for non-attendance owing to illness, which had also prevented his attendance at the meeting on the 28th instant.

In dealing with the report of the Committee of the Corporation, dated 15th June last, it was agreed to consider the various points included therein in the order followed in the report.

Considered the first of these, *viz.*:

"That, for the effectual re-organization of the Health Department, provision be made for the decentralization thereof."

This proposal was agreed to by the Committee.

Considered No. 2—

"That the City be divided into four divisions as shown on the annexed map."

Proposed by Accacio G. Viegas, Esq., seconded by Nanabhai N. Katrak, Esq.—

"That the City should be divided into seven divisions, these being recast taking into consideration, as far as possible, the population and area of each part of the City."

Amendment, proposed by Professor O. V. Muller, seconded by Fazulbhoy Visram, Esq., C.I.E.—

"That the resolution of the Committee be adopted and the City be divided into four divisions as recommended by the Committee."

On a division the amendment was *carried* as a substantive motion.

Considered No. 3 as follows :—

"That these four divisions be placed in charge of four assistants, denominated Divisional Health Officers, they being duly qualified medical men or persons possessed of sanitary experience, a salary of Rs. 1,000 per mensem as a minimum and of Rs. 1,200 as a maximum being attached to each appointment."

Proposed by Cowasjee Hormusjee, Esq., seconded by R. H. Vincent, Esq., C.I.E.—

"That the four divisions be placed in charge of four assistants denominated Divisional Health Officers, they being duly qualified medical men or persons possessed of sanitary experience, a salary of Rs. 600 per mensem as a minimum and of Rs. 1,000 as a maximum being attached to each appointment."*

Amendment moved by Nanabhai N. Katrak, Esq., seconded by K. M. Shroff, Esq.—

"That each of these four divisions be placed in charge of a Deputy Health Officer, and the Commissioner be requested to subdivide important wards and to give the assistance of another Deputy to the Deputy Health Officer in charge, so that the total number of Deputy Health Officers may not exceed seven."

The amendment was *lost*, the votes being 4 *for* and 5 *against*.

The original motion was *carried*.

* On the suggestion of Mr. Vincent, the figures "Rs. 600 and Rs. 1,000" were inserted in place of the figures "Rs. 1,000 and Rs. 1,200" respectively.

Considered No. 4, *viz.* :

"Each Divisional Officer to reside within his own district."

This was agreed to.

Considered No. 5, *viz.* :

"That provision be made for the really efficient inspection of milch cattle and milch cattle stables by duly qualified Veterinary Surgeons."

Read the following letter from Veterinary-Major Mills:—

THE CHAIRMAN, STANDING COMMITTEE,

Bombay Municipality.

SIR,—I have the honour to invite your earnest attention to the recommendations made by me in the proceedings of the Committee for the reorganization of the Health Department and which is now before you and your colleagues for consideration.

2. I am strongly of the opinion that the present opportunity should not be lost in giving attention to the really efficient inspection of milch cattle and their sheds and that the inspection of meat and poultry be placed in the hands of persons qualified to do so. To the most casual observer the present system of inspection is not based on efficient grounds. No one except a qualified and thoroughly trained Veterinary Surgeon (M.R.C.V.S.) can possess the requisite knowledge for such important work. This is a subject which strikes especially that portion of it bearing on the supervision of milch cattle at the very foundation of the health of the people of this city, not only in the present but in the future. It is well known that many diseases are transmissible from the cow to man, especially that frightful scourge tuberculosis—not to mention the sickness that is liable to occur from the use of milk derived from cows suffering from other ailments. That dairy cattle do suffer from tuberculosis is beyond all doubt, and when the udder is affected, milk from such a source has been shown to possess virulent infective properties when given to susceptible persons. Tuberculous meat too, but in a lesser degree because of the cooking it undergoes, is liable to convey the disease to man. The only means of preventing these forms of human infection is that all milch cattle should be systematically examined and, if necessary, subjected to the tuberculin test; should they re-act to this test, then immediate isolation should be enforced. All slaughter cattles should be carefully inspected before being killed and their carcasses afterwards.

3. That an enlightened and wealthy city like Bombay should be without a Veterinary Health Department seems to me wrong. The intimate connection there exists between the diseases of men and animals both in causation and effect is such that the skilled Veterinarian can no longer be ignored if we wish to keep the city healthy

and to lessen mortality. I feel sure that the employment of a well-trained Veterinary Surgeon with a suitable staff under him would be an inestimable boon in Bombay. It is palpable that the Municipality itself would benefit by such a department more especially in reference to the large animal (Qy. annual) loss that takes place amongst its bullocks. I would suggest that the department should be composed of one qualified Veterinary Surgeon (M.R.C.V.S.) to be denominated "Head Veterinary Health Officer" on a salary of Rs. 500 per mensem rising to Rs. 800 per mensem by annual increments of Rs. 30 with conveyance allowance of Rs. 50 per mensem and four graduates of the Bombay Veterinary College—*i.e.*, one for each division of the city—as Veterinary Inspectors, each on a salary of Rs. 100 per mensem rising to Rs. 200 by annual increments of Rs. 10 with conveyance allowance of Rs. 20 per mensem.—I have, &c.,

JAS. MILLS, Veterinary-Major, A.V.D.

BOMBAY, *26th July* 1897.

Proposed by Nanabhai N. Katrak, Esq., seconded by K. M. Shroff, Esq.—

"That the consideration of item No. 5 and Veterinary-Major Mill's letter be postponed and that in the meantime Commissioner be asked to favour the Committee with his views on the subject."

No. 3998.

Carried.

Considered No. 6, *viz.*:

"That the present appointments of Registrars of Births and Deaths be abolished and that the duties of such Registrars be performed by the Deputy Health Officers who have been appointed under the authority of the Corporation's Resolution No. 8510 of the 19th November 1896."

Proposed by Nanabhai N. Katrak, Esq., seconded by Ibrahim Rahimtoola, Esq.—

"That the Commissioner be requested to report verbally* in a general way as to the respective duties and kind of work required from (1) the Divisional Officers, (2) the Deputy Health Officers, and (3) the Health Inspectors; and also what further staff will be required if the Deputy Health Officers are required to do the work of Registrars."

Carried.

The Committee then adjourned.

It was agreed that the next meeting of the Committee be held on Friday, the 6th proximo, at 3-30 p.m.

* The word "verbally" was inserted on the suggestion of Professor Muller, seconded by Fazulbhoy Visram, Esq., C.I.E.

BOMBAY, *3rd August* 1897.

AT the meeting of the Standing Committee held this day, there were present :

THE HON'BLE MR. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M.S., *Chairman.*

THE HON'BLE MR. ABDALLA M. DHARAMSI, B.A., LL.B.; COWASJEE HORMUSJEE, Esq., C.C.M.C.; T. W. CUFFE, Esq.; FAZULBHOY VISRAM, Esq., C.I.E.; IBRAHIM RAHIMTOOLLA, Esq.; KAIKHOSRO N. KABRAJI, Esq.; K. M. P. C. H. SNOW, Esq., I.C.S., Commissioner; the ACTING CHIEF ACCOUNTANT; and the SECRETARY.

The signing of the minutes of the meetings held on the 28th and 29th ultimo was postponed.

No. 4092. *Resolved* : " That sanction be given to the cutting off of water connections as per list accompanying the Deputy Commissioner's memorandum No. 10960, dated this day."

No. 4093. *Resolved* : " That, as applied for by the Commissioner in his memorandum to the Secretary, No. 10482, dated 28th ultimo, sanction be given, under the terms of section 351 (2) of the Municipal Act, to the removal of the following structure built without permission :—

Name of Owner.	Where.
Mr. Jetha Visram	Sheds at No. 7, Elphinstone Road."

No. 4094. *Resolved* : " That the following be *recorded* :—Letter to the Secretary, No. 10571, dated 29th ultimo, from the Deputy Commissioner, stating (with reference to the Standing Committee's Resolution No. 11428 of the 27th January last, regarding the purchase from Messrs. Norris & Co., London, of 24 tins of hose cement at a cost of £60, debitable to the grants, for plague charges) that the actual cost amounts to £60-13-3. The excess, 13*s.* 3*d.*, and import duty, Rs. 50-7-2, to be met from the same grants."

No. 4095. *Resolved* : " That the following be *recorded* :—Letter to the Secretary, No. 10647, dated 29th ultimo, from the Commissioner, reporting that he has sanctioned the purchase from Messrs. John Fleming & Co.,

the lowest of the four quotations received, of a dynamo and motor for working the electrolyzer at a cost of Rs. 1,998. The cost to be met from the grant sanctioned by the Corporation in their Resolution No. 1396, dated 6th May 1897."

Considered the following :—

PROPOSED SET-BACK IN JAKERIA STREET.

BOMBAY, 28*th July* 1897.

The majority of the Sub-Committee appointed on the 14th instant, as per margin, beg to report that, after having inspected the premises in question and carefully considered the matter, they are of opinion that the set-back of house Nos. 345-347, Jakeria Street, should be enforced.

That a Sub-Committee consisting of Mr. Vincent, Mr. Ibrahim Rahimtoola and Mr. Viegas be appointed to report whether the set-back of house Nos. 345-347, Jakeria Street, should be enforced or not.

R. H. VINCENT.
ACCACIO G. VIEGAS.

I cannot join my colleagues in recommending the enforcement of the set-back, as I do not think adequate consideration was given to the financial aspect of the question. It appears from section 301, sub-section 1, that the Municipality is liable, in addition to the value of the land, for any loss, damage or expense sustained by the party in consequence of enforcing the set-back. What the total amount of such liability will be, cannot be ascertained, but in my opinion it is bound to be pretty heavy. Admitting that there will be some improvement in the road, I do not think it will be of sufficient importance to justify the heavy cost which is sure to be several times the value of the vacant ground. When the owner of the house has offered to pass an agreement undertaking to set-back the house without claiming any compensation for the superstructure whenever the adjoining houses have been set-back, I think such offer should be accepted. At present there are two alternatives before the Standing Committee, viz. :

(1) To accept an agreement from the owner of the house on the lines above mentioned.

(2) To enforce the set-back.

The Municipal Commissioner, after carefully considering the question in all its aspects, came to the conclusion that the first alternative should be adopted, and he recommended the Standing Committee to that effect. I am in perfect accord with him. The cost which will have to be incurred if the set-back is enforced will, in my opinion, be out of all proportion to the proposed improvement, and when we have another alternative, which is in every way preferable, I do not see why it should not be adopted.

IBRAHIM RAHIMTOOLA.

Read letter, dated 2nd instant, to the Secretary from Messrs. Thakurdas, Dharamsi and Cama as follows :—

SIR,—In continuation of our letter of the 12th ultimo addressed to the Chairman and other members of the Standing Committee on the subject of the set-back of our client, Mr. Abdalla Dawood's house at Jackeria Musjid Street, we have the honour to inform you that our client has got his property surveyed by his Engineers and obtained an estimate of the cost of alterations which will be rendered necessary in consequence of the set-back being enforced. The estimate comes to Rs. 6,337-8-0 in addition to the value of the land. Our client's Engineer will be prepared to see the Executive Engineer and satisfy him as to the amount of damages our client will suffer and the compensation he will be entitled to, if the Executive Engineer makes an appointment for the purpose. The estimate does not include the damages which will be caused to the adjoining house which the owner thereof will claim from the Municipality. We have to request you to place this letter before the Standing Committee when the question of the set-back comes again for consideration.—We have, &c., THAKURDAS, DHARAMSI, and CAMA.

Proposed by R. H. Vincent, Esq., C.I.E., seconded by Accacio G. Viegas, Esq.—

That the Standing Committee adhere to the terms of their Resolution No. 1890 of the 19th May last.

Amendment, proposed by Fazulbhoy Visram, Esq., C.I.E., seconded by Ibrahim Rahimtoola, Esq.—

"That the set-back of property Nos. 345—347, Jakeria Street, the property of Mr. Abdalla Haji Dawood, be not enforced, and that an agreement be entered into with him as per the terms of the Executive Engineer's letter to the Commissioner, No. 1673, of the 7th May last."

No. 4096.

The original motion was *withdrawn* and the amendment was *carried* as a substantive motion.

Read letter to the Secretary, No. 10728, dated 30th ultimo, from the Commissioner as under :—

SIR,—In the current year's Budget of the Health Department a sum of Rs. 1,000 has been provided for constructing two vans for the removal of patients suffering from infectious diseases. 2.—The Executive Health Officer reports that the hearses in his charge are now in a bad state of repair and require thorough overhauling, and as of late there have been several accidents it is necessary that they should be put in proper order as soon as possible. He, therefore, proposes to utilize the abovementioned amount for that purpose. 3.—As six shigrams have lately been purchased for the conveyance

of sick people to hospital, there is no necessity at present for new vans. I, therefore, request the sanction of the Standing Committee and the Corporation to the Health Officer's proposal.—I have, &c., P. C. H. SNOW, Commissioner.

No. 4097. *Resolved*: "That, with reference to letter from the Commissioner to the Secretary, No. 10728, of 30th ultimo, and subject to the sanction of the Corporation, sanction be given to the transfer of Rs. 1,000 entered in the Budget grant for the Health Department for the current year for the construction of two vans for the conveyance of patients suffering from infectious diseases to the Budget grant for Cemeteries, Maintenance of Hearses (same department), to provide for the repair of hearses."

No. 4098. *Resolved*: "That the following be forwarded to the Corporation:—Memorandum to the Secretary, No. 10737, dated 31st ultimo, from the Commissioner, reporting the writing-off, under the stock rules, of Rs. 7,597-11-6 from the live stock return of the Health Department, being the book value of 37 bullocks that died and 74 that were sent to Pinjrapol during the quarter ending 31st May 1897."*

No. 4099. *Resolved*: "That the following be *recorded*:— Memorandum No. 10670, dated 30th ultimo, from the Deputy Commissioner, forwarding letter to himself, No. W-3780—115, dated 23rd idem, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost (1), Rs. 25,963-12-1, of departmental works, and (2), Rs. 2,887-14-7, of private works done up to 18th July 1897 in respect of the alterations of the water-supply in various parts of the City in connection with special measures adopted for the suppression of the bubonic plague, these statements including all previous expenditure under these two heads."

No. 4100. *Resolved*: "That the following be *recorded*:—Memorandum No. 10481, dated 28th ultimo, from the Commissioner, reporting, with reference to the Standing Committee's Resolution No. 4484 of the 3rd

October 1888, the following transfers made to the Municipal General Fund Pass Book on the 2nd ultimo : (*a*) from the Surplus Cash Deposit Account, Rs. 50,000 ; and (*b*) from ditto ditto Rs. 703-10-10."*

No. 4101. *Resolved* : "That the following be forwarded to the Commissioner :—Letter to the Secretary, dated 28th ultimo, from Messrs. Nanabhai R. Ranina and A. Thomson, Municipal Auditors, forwarding three Appendices, A, B & C, forming part of their Annual Report on the Municipal Accounts for the year 1896-97, now under preparation, under the terms of section 137 (1) of the Municipal Act, III of 1888, and containing the result of their scrutiny of the outstanding bills on account of rates and taxes on the 31st day of March 1897."

In accordance with notice of motion, it was proposed by Accacio G. Viegas, Esq.—

That the Commissioner be requested to show, as far as he can, in the weekly and, if possible, in the daily mortality returns the number of deaths amongst the arrivals from the famine-stricken districts.

After discussion, the proposal was *withdrawn*.

In accordance with notice of motion, it was proposed by Accacio G. Viegas, Esq.—

No. 4103. "That the attention of the Commissioner be drawn to the increasing prevalence of obnoxious smells in the native quarters of the City and to the great importance of keeping the sewers, house-connections and drains in the City in good working order and the house-gullies clean."†

"That the attention of the Commissioner be drawn to the increasing prevalence of obnoxious smells in the native quarters of the City and to the great importance of keeping the sewers, house-connections, house-gullies and drains in the City in good working order."

The motion was seconded by Nanabhai N. Katrak, Esq., and *carried*.

The following returns were read and *recorded*:—Returns of fires at Paidhowni Road and 1st Bhoiwada Street, forwarded with the Deputy Commissioner's memoranda Nos. 10445 and 10646, dated 28th and 29th July 1897.* No. 4104.

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai and Tansa Lakes for the week ending 1st August 1897.†

Read letter No. 10798, dated 31st ultimo, from the Commissioner to the Secretary, as under :—

SIR,—With reference to the Corporation Resolution No. 3101, dated 28th June 1897, sanctioning a grant of Rs. 2 lakhs in addition to Rs. 5 lakhs previously sanctioned to provide for additional expenditure incurred by the Plague Committee and the Municipality in connection with the supression of the Bubonic Plague, I have the honour to state that the Acting Chief Accountant reports that, against the total grant of Rs. 7 lakhs sanctioned for plague expenditure from March last, payments to the extent of Rs. 6,57,415-11-1 have already been made up to date, as under :—

	Rs.	a.	p.
Amount placed at the disposal of the Plague Committee	4,34,500	0	0
Amount paid by the Municipality	2,22,915	11	1
Rs.	6,57,415	11	1

2.—In addition to the above payments, Rs. 76,110 have been advanced to the following officers for expenses in connection with the plague :—

To the Executive Engineer for constructing sheds, hospitals, &c.	Rs.	58,000
To Veterinary-Major Mills for expenses in connection with researches at the Sewri Lazaretto	„	10,610
To the Health Officer for contingent expenses ...	„	2,500
To the Drainage Engineer for labour and charges ...	„	5,000
	Rs.	76,110

3.—Thus the total payment, including the advances to Municipal officers, &c., would amount to Rs. 7,33,525-11-1, or Rs. 33,525-11-1 in excess of the sum of Rs. 7 lakhs already sanctioned by the Corporation. 4.—The late Chairman of the Plague Committee in his No. 4303, dated 28th June 1897, applying for a further sum of Rs. 2 lakhs to be placed at the disposal of the Committee, had stated that this was probably the last demand. Against this sum Rs. 75,000 only have been advanced up to date, and the balance of Rs. 1,25,000 will have to be advanced in instalments of

* *See* Appendix C. † *See* Appendix B.

Rs. 25,000 each, as required by the Committee from time to time. 5.—I therefore request that the Standing Committee will recommend the Corporation to sanction a further grant of Rs. 3 lakhs from Surplus Cash Balance as under :—

	Rs.	a.	p.
To provide for the excess referred to in para. 3 ...	33,525	11	1
To provide for the balance to be placed at the disposal of the Plague Committee	1,25,000	0	0
To provide for further expenditure incurred and to be incurred by the Municipality... ...	1,41,474	4	11
Rs.	3,00,000	0	0

6.—It is requested that this matter may be laid before the Corporation at an early date as an urgent item.—I have, &c., P. C. H. SNOW, Commissioner.

Read also letter No. 10920, dated this day, from the Commissioner to the Secretary as under :—

SIR,—In continuation of this office No. 10798 of the 31st ultimo, I have the honour to forward herewith a copy of letter No. 4942 of the 30th idem, from the Chairman, Plague Committee, and to state that, for the present, I do not propose to ask the Standing Committee and the Corporation to sanction a grant of more than Rs. 3 lakhs as already applied for.—P. C. H. SNOW, Commissioner.

No. 4942 OF 30TH JULY 1897.

To THE MUNICIPAL COMMISSIONER,

BOMBAY.

SIR,—The Corporation under their No. 1491, dated 15th March 1897, passed a resolution that Government should be asked to direct that the expenditure of the Plague Committee should, under no circumstances, exceed five lakhs of rupees without reference to, and sanction of, that body. 2.—Since the appointment of the Committee up to date we have received from you Rs. 4,55,000, out of which the following expenses have been incurred up to the 26th June 1897, as per statements already submitted to Standing Committee and Government—

	Rs.	a.	p.
Paid up to the above date	2,68,841	10	11
Advanced to local authorities	48,784	3	10
Advanced to outside authorities	19,590	15	3
Rs.	3,37,216	14	0
Add— Paid, and to be paid during the current month ...	95,783	2	0
Rs.	4,33,000	0	0
Add— Liabilities incurred, but not paid	27,000	0	0
Rs.	4,60,000	0	0

3.—Taking into consideration the high mortality, and the prevalence of cholera, we have decided, with your approval, to re-open the Grant Road, Jalai and Wari Bandar Hospitals. 4.—As it is not possible under the present circumstances to slacken our efforts as regards disinfecting and cleaning of affected houses, and as it is not known how long the present high mortality may continue, it becomes somewhat difficult to state with accuracy what further amount will probably be required by this Committee in taking preventive measures against plague and cholera. Roughly speaking, however, I think about two lakhs of rupees more will be required, if the present operations are to be continued in full force until the end of the rains. 5.—May I, therefore, request the favour of your obtaining the requisite sanction to meet such liabilities as may be incurred by the Committee in future.—I have, &c.,

J. M. CAMPBELL, Chairman, Plague Committee.

No. 4105.

Resolved: "That letters to the Secretary, Nos. 10798 and 10920, dated 31st ultimo and this day, respectively, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the further grant of Rs. 3,00,000 from Surplus Cash Balance to provide for expenditure incurred and to be incurred, by the Municipality and the Plague Committee in the suppression of the Bubonic Plague.

"That the Chairman be requested to apply to the Corporation to consider this resolution at their next meeting, as urgent business."

Read letter to the Commissioner, No. 15375, dated 2nd instant, as under :—

SIR,—I notice in the reported discussion in the Standing Committee on Wednesday on the proposal of Veterinary-Major Mills to have an increased Veterinary Department, that Mr. Shroff is reported to have said that "the suggestion, if carried out, would cause a great saving to the Municipality, who suffer loss to the extent of Rs. 20,000 or 25,000 on account of the death of Municipal bullocks every year, which would not be the case if an efficient staff was employed to look after them."

I am at a loss to know upon what information the statement was based. We have two Veterinary Officers—the senior, though not a graduate, is a man of very great experience, and has been Veterinary Inspector since 1873, and the assistant is a graduate of the Veterinary College.

We have at present 1,982 animals and the casualities by mortality and casting amount to only 5·7 per cent. for the quarter ending 31st May 1897.

The mortality for the last three years is as under :—

Year.	Loss of animals per cent.	Value.
		Rs. a. p.
1894	11·9	17,035 11 0
1895	10·7	15,679 6 4
1896	16·9	25,903 0 8

I believe the Health Department cattle are well looked after, and our mortality, I believe, is very much less than that of the bazaar draught cattle, while the work is very much heavier. The cause of any abnormal mortality and sickness amongst the Health Department cattle is solely due to overwork, and this can only be remedied by a very large reserve of animals. The annual cost of the extra staff now proposed by Veterinary-Major Mills will come to Rs. 19,200 exclusive of the attendant expenditure and subordinate staff, so that it is not clear how the great saving anticipated by Mr. Shroff can be effected.—I have, &c., T. S. WEIR, Health Officer.

No. 10918 OF 3RD AUGUST 1897.

Read the following :—

BOMBAY, *31st July* 1897.

The Sub-Committee appointed on the 3rd March 1897, as per margin, beg to report that they are agreed as to the necessity of providing a Fire Brigade Station for Mandvi, and are of opinion that the building should be erected on the plot of Municipal land at present occupied by the Engineer's Department as a road metal depôt, shown in pink colour within A, B, C, and D on the tracing A, appended hereto. This site has also met

"That a Sub-Committee, consisting of Dr. Viegas, the Hon'ble Mr. Dharamsi and Mr. Vincent, be appointed to inspect sites for Fire Brigade Station for Mandvi and to report as to the most suitable site."

with the approval of the Chief of the Fire Brigade. As, however, there is no proper access to this site at present, it would be necessary before the same could be utilized, to acquire a strip of land marked GF on the same tracing and shown in yellow colour. This strip of ground is at present occupied by the remnants of an old house. The estimated cost of constructing the Fire Brigade Station and of acquiring the land required for giving access to the building as above, and also for acquiring a piece of Government land to be utilized as a metal depôt when the Fire Brigade Station is constructed, is Rs.1,06,487-0-0.* The balance remaining to the credit of the Rs. 4,00,000 raised by loan for the provision of new fire stations is only Rs. 59,964, and the Sub-Committee, having regard to the present reduced condition of the Municipal Fund consequent on the heavy charges which have been incurred and are being incurred on the suppression of the plague, do not feel justified in recommending any present expenditure on the proposed new fire station.

*(a) Fire Brigade Station Building	Rs.	44,610
(b) Filling in the site of the station to a depth of 8 feet..	"	1,035
(c) Wall to retain the filling in	"	2,124
(d) Acquisition of private property coloured yellow, including 15 per cent. for compulsory acquisition	"	28,737
(e) Acquisition of Government vacant land, coloured green	"	19,400
	Rs.	96,806
Add—10 per cent. contingencies	"	9,681
	Rs.	1,06,487

Under these circumstances, the Sub-Committee are of opinion that, whenever the owner of the remains of the old house (shown in yellow colour on the tracing) applies to the Municipality for permission to rebuild on the site thereof, the Executive Engineer should report to the Commissioner with a view to the acquisition of the same.

BOMBAY, *6th August* 1897.

AT the special meeting of the Standing Committee held this day there were present :

THE HON'BLE Mr. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., *Chairman.*

THE HON'BLE MR. ABDALLA M. DHARAMSI, B.A., LL.B.; COWASJEE HORMUSJEE, Esq., G.G.M.C.; T. W. CUFFE, Esq.; IBRAHIM RAHIMTOOLA, Esq.; KAIKHOSRO N. KABRAJI, Esq.; K. M. SHROFF, Esq.; PROFESSOR O. V. MULLER, M.A.; NANABHAI N. KATRAK, Esq., L.M. & S.; ACCACIO G. VIEGAS, Esq., L.M & S.

P. C. H. SNOW, Esq., I.C.S., Commissioner; the ASSISTANT HEALTH OFFICER; and the SECRETARY.

The minutes of the meetings held on the 28th and 29th ultimo were signed.

A letter, dated Poona 5th instant, was received from Mr. Fazulbhoy Visram, C.I.E., apologizing for non-attendance.

Mr. E. H. Hankin (Bacteriologist to the Government of the N.-W. Provinces) was present during part of the proceedings on the invitation of the Committee.

Considered again the report of the Committee of the Corporation, dated 15th June 1897, regarding the proposed reorganization of the Health Department.

Item No. 5.—That provision be made for the really efficient inspection of milch cattle and milch cattle stables by duly qualified Veterinary Surgeons.

Read memorandum to the Commissioner, No. 15759, dated 5th instant, as under :—

I have already, in view of an opinion expressed at the recent Committee meeting, asked that the two Veterinary Inspectors each on Rs. 125 with Rs. 25 allowance, may be included in the reorganization scheme. I quite agree with Veterinary-Major Mills in regard to the principles he has laid down ; but the question is whether, considering the urgent wants which have to be remedied, as for instance " drainage," the expenditure proposed ought to be recommended. About half the island of Bombay is lying in sewage and water at the present moment. I do not recommend the increase in the Veterinary Department because of tuberculosis amongst cattle ; for that condition has been guarded against by the ventilation of milch cattle stables. Veterinary Inspectors working jointly with the Medical Officers of the Municipality, would be most useful in the examination of meat and food and the places where animals are slaughtered.

I must point out, however, that before the creation of a large medical and veterinary staff, a laboratory must be equipped. This is the first essential ; without a laboratory for research nothing can be done. As Veterinary-Major Mills has stated and as I have stated in many of my reports, epidemic diseases amongst human beings and animals are very closely related, and to investigate them there must be a laboratory on a very large scale—not a laboratory merely for water analysis, but a laboratory for the examination of diseased conditions in human beings, animals, and the vegetable kingdom. There are some questions of the greatest importance which would require years for their investigation. In my letter No. 15375 of 2nd August 1897, I have pointed that the cost of this proposed veterinary staff would be as much or more than the value of the Municipal cattle cast or periodically dying. An increased veterinary establishment must mean an increase in the expenditure on bullocks as the conditions under which they were allowed to work would, even if unnecessary, be more rigurously insisted on.—T. S. WEIR, Health Officer.

No. 11355 of 1897-98.

BOMBAY, 6*th August* 1897.

Copy forwarded to the Municipal Secretary in reference to the Standing Committee's Resolution No. 3998 of the 29th ultimo and in continuation of this office No. 6918 of the 3rd instant.

P. C. H. SNOW, Commissioner.

After discussion it was agreed that the principle of Item No. 5, as above, be approved generally.

Item No. 6.—That the present appointments of Registrars of Births and Deaths be abolished and that the duties of such Registrars be performed by the Deputy Health Officers who have been appointed under the authority of the Corporation's Resolution No. 8510 of the 19th November 1896.

The following revised rules for the guidance and careful attention of the Deputy Health Officers were handed in and circulated to the Committee :—

The Deputy Health Officers are to be on duty every morning at the ward stables or offices between half-past six and half-past seven o'clock, and in the afternoon at two o'clock so as to obtain information.

Their first duty shall be the inspection of all buildings in which deaths from any cause have been reported and the supervision of the measures now in progress for the treatment of buildings in which cases of bubonic fever and other diseases have occurred.

They are to give special attention to the conservancy of their districts. All nuisances and offences under the Municipal Act noticed by the Deputy Health Officers are to be reported by them in the usual form for the necessary action.

The Deputy Health Officers shall check with the Ward Inspectors all notices and be prepared to give evidence in the Police Courts.

The Deputy Health Officers shall carefully study the powers which, under the Municipal Act, have been delegated to them.

They shall inform themselves respecting all influences affecting or threatening to affect injuriously the public health within their wards.

They shall inquire into and ascertain by such means as are at their disposal the causes, origin, and distribution of disease within their wards, and ascertain to what extent the same have depended on conditions capable of removal or mitigation.

They shall, by inspection of their wards, both systematically at fixed periods and at intervals, as occasion may require, keep themselves informed of the conditions unfavorable to health existing therein.

On receiving information of the outbreak of any contagious, infectious, or epidemic disease of a dangerous character within their wards, they shall visit the spot without delay and inquire into the causes and circumstances of such outbreak, and advise the persons competent to act as to the measures which may appear to them to be required to prevent the extension of the disease, and, so far as they may be authorized, assist in the execution of same.

On receiving information from the Inspector of the Ward that their intervention is required in consequence of the existence of any nuisance injurious to health or of any overcrowding in a house, they shall, as early as practicable, take such steps as may be authorized by the Municipal Act in that behalf as the circumstances of the case may justify and require.

On receiving notice of the existence of any nuisance within their wards, or of the breach of any bye-laws or regulations for the suppression of nuisances, they shall, as early as practicable, visit the spot and inquire into such alleged nuisance or breach of bye-laws or regulations.

They shall report to the Health Officer or Assistant Health Officer any noxious or offensive business, trades or manufactories established within their wards, and the breach or non-observance of any bye-laws or regulations made in respect of the same.

They shall, from time to time and forthwith upon complaint, visit and inspect the shops and places kept or used for the sale of articles of food and examine anything which may be therein, and in case any article therein should appear to them to be intended for the food of man and to be unfit for such food, they shall cause the same to be seized and take such other proceedings as may be necessary in order to have the same dealt with by a Magistrate.

They shall give immediate notice to the Health Officer or Assistant Health Officer of the occurrence within their Wards of any contagious, infectious, or epidemic disease of a dangerous character, and whenever it shall appear to them that the intervention of Health Officer or Assistant Health Officer is necessary in consequence of the existence of any nuisance injurious to health or of any overcrowding in a house, they shall forthwith inform them of the same.

They shall enter, from day to day, in a form provided, particulars of their inspections and of the action taken by them in the execution of their duties. They shall also keep a book or books to be provided by the Health Department, so arranged as to form, as far as possible, a continuous record of the sanitary condition of each of the premises in respect of which any action has been taken under the Municipal Act, and shall keep any other systematic records that the Health Officer may direct.

T. S. WEIR, Executive Health Officer.

Resolved : That, as the Standing Committee are informed that the whole subject of the reorganization of the Registration Branch is under discussion and the details thereof have yet to be decided on, the Committee are not at present in a position to make any recommendations in the matter.

Item No. 7.—That under the new scheme the Health Officer's duties generally should be to act as Chief Sanitary Officer and Adviser of the Commissioner, that he should be responsible for the preparation of vital statistics, the preparation of all reports, quarterly and annual, and of the laboratory, analytical and bacteriological work in connection with the testing of water and examination of all kinds of food and drink intended for human consumption.

Proposed by Accacio G. Viegas, Esq.—

That a trained sanitary expert be brought from England and that he should be entrusted with the reorganization of the Health Department.

The Chairman ruled that this proposal was out of order and could not be put to the meeting.

Proposed by Nanabhai N. Katrak, Esq.—

That, under the new scheme, the Health Officer should be a sanitary expert possessing a complete knowledge of sanitation as required in the present state of the science and that he should be able to carry on the work of analysis and bacteriological examination.

The Chairman ruled that this proposal was also out of order.

Proposed by Kaikhosro N. Kabraji, Esq., seconded by Cowasjee Hormusjee, Esq.—

That Item No. 7 stand as proposed by the Committee of the Corporation.

Amendment, proposed by the Hon'ble Mr. Abdalla M. Dharamsi, seconded by Ibrahim Rahimtoola, Esq.—

That, in the opinion of the Standing Committee, on the appointment of Health Officer becoming vacant, the head of the department should be a sanitary expert possessing a competent knowledge of sanitation as required in the present state of science and should be able to carry on the work of analysis.

This amendment was accepted as a rider to the original motion, which, as thus amended, was *carried* (Mr. Katrak dissenting).

Item No. 8.—That a fully equipped laboratory should be established and a competent analyst, who should also be a bacteriologist, employed under the Health Officer, in order to provide for the regular examination of articles intended for use as human food or drink.

Proposed by Professor O. V. Muller.—

That as regards bacteriology and bacteriological analysis, Government should be approached with a view to some arrangement, by which the Corporation could share with Government the cost and so obtain the services, when required, of a fully qualified bacteriologist.

Not seconded.

Proposed by Nanabhai N. Katrak, Esq., seconded by Kaikhosro N. Kabraji, Esq.—

That Item No. 8 remain as proposed by the Committee.

The Standing Committee here asked Mr. Hankin to favour them with his opinion as to the probable initial cost of establishing a bacteriological laboratory in Bombay including the equipment of the same, (but not including the cost of any special building for the laboratory), and the annual charges of maintaining such an institution, including the pay of a bacteriologist and analyst.

Mr. Hankin suggested that perhaps the Corporation might find the most advantageous course to be, to enter into an arrangement with Government for the employment

of a qualified bacteriologist in the Grant Medical College, whose services would be partly at the disposal of the Municipality. It was difficult for him (Mr. Hankin) to give anything like an exact estimate of the cost of establishing and maintaining a municipal bacteriological laboratory, but he thought the figures might be approximately taken as follows :— Rs. 10,000 to Rs. 20,000 for cost of fitting up a laboratory and about Rs. 18,000 a year for maintenance, namely Rs. 1,000 a month for the salary of the bacteriologist (at starting) and Rs. 500 per mensem for subordinate establishment and stores, &c.

Proposed by T. W. Cuffe, Esq., seconded by K. M. Shroff, Esq.—

That the consideration of Item No. 8 be postponed until the next meeting and that in the meantime the Commissioner be asked to favour the Committee with his opinion whether, having regard to the present condition of the municipal finances, he considers it imperatively necessary that provision should be made for the establishment and maintenance of a laboratory at present.

Carried.

It was agreed that a special meeting for the further consideration of the Committee's report be held on Tuesday, the 10th instant, at 4 p.m.

BOMBAY, 10*th August* 1897.

AT the special meeting of the Standing Committee held this day there were present :

THE HON'BLE MR. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., *Chairman.*

THE HON'BLE MR. ABDALLA M. DHARAMSI, B.A., LL.B. ; COWASJEE HORMUSJEE, Esq., C.C.M.C. ; T. W. CUFFE, Esq. ; FAZULBHOY VISRAM, Esq., C.I.E.; IBRAHIM RAHIMTOOLA, Esq. ; KAIKHOSRO N. KABRAJI, Esq. ; K. M. SHROFF, Esq. ; PROFESSOR O. V. MULLER, M.A. ; NANABHAI NAVROSJI KATRAK, Esq., L.M.& S. ; ACCACIO G. VIEGAS, Esq., L.M.& S.

P. C. H. SNOW, Esq., I.C.S., Commissioner ; the ASSISTANT HEALTH OFFICER; and the SECRETARY.

The signing of the minutes of the meetings held on the 3rd and 6th instant was postponed.

Proposed by Professor O. V. Muller, seconded by Fazulbhoy Visram, Esq., C.I.E—

"That the question of the proposed establishment of a bacteriological laboratory and the appointment of a competent bacteriologist and analyst be deferred until the next budget estimates are considered."

Carried.

With reference to the class of persons employed as Inspectors, the Committee are of opinion that, as occasion arises, the persons so appointed should, as far as possible, be in the possession of diplomas in sanitation.

The Committee considered the schedule of appointments proposed by the Commissioner for the re-organized staff, and at the same time considered a contrasted statement prepared for them by Mr. Ibrahim Rahimtoola, showing the present cost and the proposed cost under each head of expenditure.

The Chairman, on behalf of the Committee, thanked Mr. Ibrahim Rahimtoola for the trouble he had taken in the preparation of these figures, and for his courtsey in furnishing each member of the Committee with a copy of the same.

Office Establishment.

On the proposal of Professor O. V. Muller, seconded by Fazulbhoy Visram, Esq., C.I.E., it was agreed that the present appointment of Assistant Health Officer be abolished under the new scheme.

Resolved: "That the maximum cost per annum of the superior staff be passed as under:—

1 Health Officer	Rs. 18,000
4 Divisional Health Officers at Rs. 1,000 per mensem	„ 48,000
7 Deputy Health Officers—1 at Rs. 300 and 6 at Rs. 250 per mensem	„ 21,600"

Inferior Office Staff.—In the course of discussion the opinion was expressed that the proposed scale would be in excess of requirements, and, on the motion of Ibrahim Rahimtoola, Esq., seconded by Accacio G. Viegas, Esq., it was—

Resolved: "That the Commissioner be asked to reconsider the estimate with a view to such reductions being made as are practicable under the scheme of re-organization in the clerical staff of the Health Officer as also in that for the offices of the Divisional Officers." No. 4503.

OUTDOOR ESTABLISHMENT.

Resolved: "That, in the opinion of the Committee, the Inspectors and Sub-Inspectors should, as far as practicable, be required to reside within their own district."

Resolved: "That, as recommended by the Commissioner at the instance of the Assistant Health Officer, the number of Patels be increased in the schedule from 21 to 30."

Scavenging Establishment.—This item was agreed to at Rs. 5,04,546 as entered in the schedule, the Committee expressing the opinion that the employment of mules, when they can be obtained, and of ponies might be tried experimentally in place of bullocks.

Drain-cleaning.—This establishment was passed at Rs. 1,97,112 as entered in the schedule.

Tank Conservancy.—This establishment was passed at Rs. 4,860 as entered in the schedule.

Gully-flushing.—This establishment was passed at Rs. 24,108 as entered in the schedule.

The Committee adjourned, and the next special meeting was fixed for Friday, the 13th instant, at 4 p.m.

BOMBAY, 11*th August* 1897.

Dated, *4th August* 1897.

FROM MONSR. W. M. HAFFKINE, C.I.E.,
TO THE MUNICIPAL COMMISSIONER.

SIR,—I have the honour to state that I have instituted inquiries upon 67 samples of water collected on the 2nd and 3rd instant

from Ghatkopar (Tansa), Vehar Lake and Vehar Filters, from Fire Hydrants in the City, the Malabar Hill Filters and from tanks, gutters and private standpipes, selected in the most infected parts of the Byculla district. I shall let you know the results of these observations as soon as completed. I regret, however, to state that I am just now engaged in very urgent work at Lanowli, where plague has broken out in a virulent form, and that the Government have directed my efforts to a similar outbreak at Karad, recommending me to concentrate my attention on those two places. These circumstances will unfortunately prevent me from devoting to the problem of investigation of the Bombay waters the serious attention which they call for just now, but I shall do my best to attend to it as fully as my frequent absence from Bombay will permit.—I have, &c.,

W. M. HAFFKINE.

No. 11479 OF 7TH AUGUST 1897.

Copy forwarded with compliments to the Municipal Secretary for the information of the Standing Committee.

P. C. H. SNOW, Commissioner.

No. 4530. *Resolved* : "That memorandum to the Secretary, No. 11497, dated 7th instant, from the Commissioner and letter, dated 4th idem, from Monsr. W. M. Haffkine, C.I.E., on the question of the bacteriological examination of Tansa, Vehar and Tulsi waters, and of rain-water falling in Bombay be *recorded*."

No. 4531. The following return was read and *recorded*:—Return of fire at No. 346, Kalbadevi Road, forwarded with the Deputy Commissioner's memorandum No. 10816, dated 31st July 1897.*

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 8th August 1897.†

No. 4532. *Resolved* : "That, as applied for by the Commissioner, in his letter to the Secretary, No. 11683, dated 10th instant, sanction be given, under the terms of Section 69 (*e*) of the Municipal Act, III of 1888, to the variation of contract with Mr. Shankerrao Baba Mandrupkar for the supply of house number-plates, whereby the contract period may be extended from the 31st May last to 31st July 1898."

Read letter No. 11815, dated 10th instant, from the Commissioner to the Secretary as under :—

SIR,—I have the honour to forward herewith copy of letter No. 11768 of the 7th ultimo from the Executive Health Officer and to state that, under the circumstances mentioned by him, the cases of the Sub-Inspectors referred to deserve consideration as they appear to have contracted the disease while in discharge of their respective duties. I therefore request the sanction of the Standing Committee and the Corporation to the proposal of the Executive Health Officer, namely, that the pay these Sub-Inspectors would have drawn if on duty may be defrayed from the plague grant.—I have, &c., P. C. H. SNOW, Commissioner.

No. 11768 OF 1897-98.

BOMBAY, *7th July* 1897.

To

THE MUNICIPAL COMMISSIONER

(through the Chief Accountant).

SIR,—I have the honour to inform you that the following temporary Sub-Inspectors of this department were seriously ill in hospital and off-duty and to request the favour of your instructions as to the pay they should be allowed whilst absent from duty : I.—Sub-Inspector Arthur Luxa was admitted into the European General Hospital on the 23rd March 1897 and discharged on the 16th May 1897 ; suffered from bubonic plague for 55 days ; was allowed to resume duty on the 19th idem. The pay of this Sub-Inspector is Rs. 60 per mensem. Medical certificate attached. II.—Sub-Inspector Ernest Faulkner was admitted into the European General Hospital on the 9th of May and discharged 11th June ; suffered from bubonic plague for 34 days. He was allowed to resume duty on the 12th idem. His pay is Rs. 20 per mensem. The medical certificate in his case is sent herewith. III.—Sub-Inspector Walter Clarke was admitted into the European General Hospital on the 4th May and discharged from the hospital on the 7th idem ; suffered from dysentery for 24 days. He was allowed to resume duty on the 2nd June, as Surgeon-Lieutenant-Colonel Hamilton, the District Medical Officer, No. 4, under whom he was working, recommended leave to be granted him from the 27th May to 1st June, as the Sub-Inspector was very weak when discharged from the hospital. The pay of this man is Rs. 60. Medical certificate attached. IV.—Sub-Inspector Jacob Ezekiel was suffering from fever in the European General Hospital for 12 days and died on the 22nd June 1897. His pay was Rs. 20 per mensem. It would be very hard to refuse pay altogether to these men, but to give full pay to temporary men off-duty is also not the rule, because temporary men are not entitled to sick or privilege leave ; but I think I am

justified in recommending that Sub-Inspectors Messrs. Luxa, Faulkner and Clarke be allowed full pay for the period they were off-duty as they undoubtedly contracted disease while on duty. They will have to pay hospital charges. The fourth Sub-Inspector Ezekiel who died in the European General Hospital should be considered as being on leave on full pay for the period he was in hospital.

These cases show the danger of the work, and the men or their relatives ought to be generously dealt with.—I have, &c.,

T. S. WEIR, Health Officer.

No. 4533. *Resolved*: "That letter to the Secretary, No. 11815, dated 10th instant, from the Commissioner and accompaniments thereto be forwarded to the Corporation with the recommendation that sanction be given to the payment of full salaries to four temporary Sub-Inspectors as undermentioned while under treatment in the European General Hospital suffering from bubonic plague and dysentery, which diseases they contracted in the discharge of their respective duties :—

Sub-Inspector Arthur Luxa, at Rs. 60 per mensem, for 55 days from 23rd March to 16th May 1897, both days inclusive, Rs. 108-6-3.

Sub-Inspector Ernest Faulkner, at Rs. 20 per mensem, for 34 days from 9th May to 11th June 1897, both days inclusive, Rs. 22-2-9.

Sub-Inspector Walter Clarke, at Rs. 60 per mensem, for 29 days from 4th May to 1st June 1897, both days inclusive, Rs. 56-3-1.

Sub-Inspector Jacob Ezekiel, Rs. 20 per mensem, for 12 days from 11th to 22nd June 1897, both days inclusive, Rs. 8.

The charge, Rs. 194-12-1, to be debited to the grants for plague charges."

No. 4534. *Resolved* : "That, as applied for by the Commissioner in his memorandum No. 11855, dated this day, sanction be given to the transfer of Rs. 56-8-9 from savings in the budget grant, Accounts and Audit Establishment, to Section I, Establishment to Commissioner's General Office, winding up clocks, &c., to meet the cost of acting arrangement made during the absence of the clerk for printing and stationery, last-mentioned establishment, on privilege leave for 2 months and 11 days."

Resolved : " That the following be circulated to the Committee of the Corporation appointed on the question of the adulteration of food, drink and drugs :—Memorandum to the Secretary, No. 11837, dated this day, from the Commissioner, forwarding letter to himself, No. 16144, of the 9th instant, from the Health Officer as under :—

No. 4535.

I do not think the proposals contained in the recommendations of the Committee appointed by the Corporation on the 10th September 1894 to report on the provisions of the draft bills for the prevention of the adulteration of ghee and embodied in their report of the 4th February 1895 are comprehensive enough.

The adulteration of food is a very big question, not only from a sanitary point of view, but from an economic point of view. The exact procedure must be laid down, because it must be remembered that the analysis is but the last measure in a series of executive actions commencing with the inspection of the place where food is exposed.

On the 2nd June 1896, I submitted a draft Food and Drugs Adulteration Act, which, I believe, is on the file of the Committee. I suggest that this draft be referred to the Municipal Solicitors for opinion and revision. The adulteration of ghee is a special matter, not only of sanitary urgency, but of urgency from a social point of view.

The adulteration of food is a much wider question.

In regard to the question of analysis, I am of opinion, *first*, that the Municipality should maintain a large laboratory for research ; *second*, that a portion of the duty of this laboratory should be the analysis of food and of all articles sent by the Health Department. In fact, the laboratory should be a portion of the sanitary organization of the City to advise on all matters sent for investigation. As to the investigation of these matters, it should be a duty incumbent on the laboratory, taking precedence of other work. This is a very big question and far beyond the scope of food analysis. I look upon the establishment of a large laboratory for research and analytical work of the highest importance. The laboratory should be well manned and appointed—if any serious work is to be done with a laboratory for research—under the control of a Director. There can be no question of subordination. The Director in his work can only be controlled by his own genius, for discoveries are not to be made by order nor within fixed periods.

I understand that the adulteration of ghee was taken up separately because it was a matter which, for obvious reasons, should and ought to be treated as one of special urgency.

All the food stuffs are adulterated, the chief adulteration being dirt, under which I include dust, &c., earthy matter is systematically mixed. During the plague operations I found a godown filled with

sweepings, and I was told that the sweepings had been collected from different grain-godowns and were brought here in order to be sifted and mixed with clean grain.

There was no secret whatever; the people in the godown told me that the sweeping, which consisted of many different food stuffs mixed with dirt and refuse, was intended for adulteration. In Mandvi I destroyed a large quantity of sweepings that were intended for adulteration. I am prepared to state that in the retail shops for the poorer classes there is a systematic adulteration of food stuffs with sweepings, chiefly from or near the wholesale godowns.—T. S. WEIR, Health Officer.

11*th August* 1897.

Copy forwarded to the Municipal Secretary with reference to his No. 3324 of 1st July last.

P. C. H. SNOW, Commissioner."

Read the following letter, No. 11864, from the Commissioner to the Secretary, dated 11th August 1897, as under :—

SIR,—I have the honour to state that, in response to the invitation of tenders for the construction of storm-water drain in Thomas Street and Lower Colaba Road, the following tenders have been received :—

Mr. Ali Mahomed Cassam...	Rs.	10,528
Mr. Sitaram Laksumun	„	10,226
Messrs. Sullimanji Mulla Abdulali & Co.	„	9,662
Mr. Sayaji Naguji	„	9,248

The Special Drainage Engineer reports that the tender of Mr. Sayaji Naguji is the lowest so far as the amount is concerned, but the time he requires for the completion of the work is five months from the date of order. The next higher tenderers, Messrs. Sullimanji Mulla Abdulali & Co., omitted to fill in the time for completion, but they since have written, alluding to the omission and offering to complete the work within two-and-a-half months from the date of order. Under the circumstances the only two tenders, worth considering, are those of Mr. Sayaji Naguji and Messrs. Sullimanji Mulla Abdulali & Co. Although the tender of Mr. Sayaji Naguji is Rs. 414 lower than that of Messrs. Sullimanji Mulla Abdulali & Co., the small difference in the amount disappears when the time of completion (involving, as it does, longer supervision) is considered. Under these circumstances I think the tender of Messrs. Sullimanji Mulla Abdulali & Co., amounting to Rs. 9,662, may be accepted, and request the sanction of the Standing Committee to the proposal.

The cost of the work will be met out of the amount sanctioned by the Corporation for the purpose in their Resolution No. 12033 of 4th February 1897.—I have, &c.,

P. C. H. SNOW, Commissioner.

Resolved : "That the Commissioner be asked to inform the Committee whether Mr. Sayaji Nagnji will bind himself to complete the works referred to in Mr. Snow's letter to the Secretary, No. 11864 of this day's date, within two months and a half from the date of order to commence work being given to the contractor and at the tendered rate of Rs. 9,248."

No. 4536.

Read letter to the Secretary, No. 11856, dated this day, from the Commissioner, as under :—

SIR,—In reply to Standing Committee's Resolution No. 14236, dated 24th March 1897, I have the honour to inform you that the Solicitors' opinion on the Corporation Resolution is to the effect that Dr. Choksey cannot continue to discharge the duties of Medical Officer to the Leper Asylum, but that his whole time must be devoted to Municipal work. (2) Until the reorganization scheme has advanced further, and the method of birth and death registration has been settled, I am not prepared to say how Dr. Choksey is to be designated, as that would depend very much on the duties devolved upon him. (3) The Corporation's Resolution, No. 14093, is dated the 15th March 1897, and I presume that it is the wish of that body to consider the full-time services of Dr. Choksey as having been at their disposal on the permanent staff from the 1st April last, although he has not yet resigned his Leper Asylum duties. It must be remembered in this connection that Dr. Choksey has been doing arduous work for many months at the Arthur Road Hospital. I should, therefore, consider Dr. Choksey as entitled to a salary of Rs. 700 from the 1st April 1897, and the Rs. 7,700, necessary to defray this salary for eleven months, can be met, with the sanction of the Standing Committee and Corporation, as follows : Rs. 2,145 from the provision made in the Fire Brigade Budget for one Surgeon (Rs. 150 + 45 per month) ; Rs. 1,650 from the Infectious Diseases Grant (Rs. 150 per month); Rs. 3,905 by an additional grant from Surplus Cash Balance (Rs. 355 per month). As soon as the present high mortality is over and the reorganization scheme is settled, there will be no difficulty in fully employing Dr. Choksey's services in the interests of the Municipality.—I have, &c., P. C. H. SNOW, Commissioner.

Proposed by Accacio G. Viegas, Esq.—

That the Municipal Commissioner be requested to obtain Municipal Solicitors' opinion as to whether, having regard to sections 79 and 80, the Resolution of the Corporation,

No. 14093, is legal, and whether the salary of this new officer can be paid from a date prior to the date of the alteration of the schedule in case the appointment is legal.

Not seconded.

Resolved : "That the consideration of letter from the Commissioner to the Secretary, No. 11856, of this day's date, be postponed until next week, and that in the meantime the Commissioner be asked to send in the schedule of appointments as referred to in Corporation's Resolution No. 14093 of 15th March last."

No. 4537.

Considered the list of Outstanding Business dated 1st July 1897.

Item No. 1.—Letter, dated 15th February 1894, from Mr. Sundernath D. Khote, regarding the construction of a new road at Banganga Tank. Sub-Committee appointed to consider the proposal (11th July 1894). Report referred back for reconsideration, with estimates submitted by the Commissioner (20th March 1895). Memorandum No. 29840, dated 28th March 1895, from the Commissioner thereon (3rd April 1895). Petition, dated 22nd April last, from residents of Walkeshwar, and report of the Acting Commissioner thereon. Referred to the Sub-Committee (26th June 1895).

Struck out, the question having already been practically negatived.

Item No. 2.—Letter, dated 3rd July 1895, from the Secretary, the Khatau Makanji S. and W. Co., Ld., on the subject of certain sheds erected by the Municipality in close proximity to the mill premises. Referred to the Commissioner for report (3rd July 1895). The Acting Commissioner asked to furnish an estimate of the cost of putting up corrugated iron sheds in place of cadjan sheds (14th August 1895). The Commissioner asked to expedite his report (29th July 1896).

The Commissioner was asked to report on this question.

Item No. 3.—Memorandum from Mr. Saisha R. Naidoo on the subject of offer to erect a drinking fountain at the junction of Hornby and Paltan Roads. Referred to the Acting Commissioner for remarks (4th December 1895).

Struck out, the question having already been disposed of.

Item No. 4.—Letter to the Corporation, dated 17th April 1896, from Mr. Currimbux Alli, regarding the set-back of his premises situate at Khetwadi 9th Lane. Referred to the Commissioner for report (1st July 1896).

The consideration of this question was postponed.

Item No. 5.—The Commissioner asked to state whether it will be feasible for the Committee to be supplied with a copy of the weekly mortuary returns of the City before it is published in the *Bombay Government Gazette* (27th May 1896).

The Commissioner was asked to favour the Committee with his remarks on the question as early as convenient.

Item No. 6.—Letter No. 3807, dated 28th May 1896, from the Commissioner, regarding the construction, at Sankli Tank, of quarters for the staff which it is proposed to employ in order to equip one of the extra Fire Brigade engines. Returned to the Commissioner for further report (3rd June 1896). The Commissioner asked to expedite his report (29th July 1896).

Struck out, as the Committee have already reported on the question of the Mandvi Fire Brigade Station.

Item No. 7.—Resolution of the Corporation, No. 3826, dated 9th July 1896, as under :—"That the following be referred to the Standing Committee for report :—Memorandum No. 4534, dated 10th June 1896, from the Commissioner, submitting a plan and estimate for constructing two markets at Chaopati—one for fish and mutton, and the other for fruit and vegetables." Referred to the Commissioner for report (10th July 1896). The Commissioner asked to ascertain whether the plot of Government land shown on the tracing as No. 14 cannot be acquired as the site for the proposed new market (5th August 1896).

Postponed, the question being under consideration.

The Commissioner was asked to favour the Committee with his remarks on items 8 to 14 as under :—

Item No. 8.—Letter, dated 12th June 1896, from Hadji Tar Mahomed Hadji Abdul Latiff, regarding the set-back of his property No. 21, New Bengalpura Street. Referred to the Commissioner for report (29th July 1896).

Item No. 9.—Letter, dated 6th August 1896, from Mr. Sorabji B. Kapadia on behalf of his client Mr. Dhondiba Krishnaji Mehr on the subject of the filling in of a well at Haines Road (12th August 1896).

Item No. 10.—Letter to the Corporation from Mr. Koober-das Harichand, complaining of the levy of special halalkhor charges in respect of his properties at Gilder Street (26th August 1896).

Item No. 11.—Mahim Customs House—Road from, to old Mahim Fort. Sub-Committee appointed to visit the site of the proposed road from Mahim Bazaar Road to the Health Department Stables at Mahim, and to report whether the lane in question belongs to Government (9th September 1896).

Item No. 12.—The Commissioner asked to draw up under Section 357 of the Act, and submit to the Committee, a schedule of rates for the various description of plumber's work.

Item No. 13.—Memorandum No. 11641, dated 17th September 1896, from the Commissioner, requesting sanction to the transfer of Rs. 211 to provide for the cost of fencing with barbed wire municipal vacant land at the Kamathipura Stables in order to prevent the fouling of the land in question. Referred back to the Commissioner for report as to whether some efficient kind of fencing other than barbed wire can be used for fencing purposes (23rd September 1896).

Item No. 14.—The Commissioner asked to state whether the chawls for the market bigaries have been completed for Rs. 8,047-6-5, and whether the balance of the grant for the work will be saved (23rd September 1896).

Item No. 15.—The Commissioner asked to give details as to what progress has actually been made with regard to the provision of chawls and stables for the Health Department in E Ward (23rd September 1896).

On the motion of Nanabhai N. Katrak, Esq., seconded by Kaikhosro N. Kabraji, Esq., it was—

Resolved: "That a Sub-Committee consisting of the following gentlemen be appointed to consider and report on the subject : Professor Muller, Mr. Fazulbhai Visram, and Mr. K. M. Shroff."

Item No. 16.—The Commissioner asked to explain the delay in pushing on with the work of improving the outlet towers at Vehar and Tulsi (23rd September 1896).

The Commissioner was asked to favour the Committee with his remarks on the subject.

Item No. 17.—The Commissioner asked to explain the object of raising subsoil water in Kamathipura (23rd September 1896).

Struck out, as the question has already been reported on by the Commissioner.

The Committee then adjourned to Wednesday, the 18th instant, at 3 p.m.

HEAD OFFICE.

Office Establishment—Inferior Staff.

Read the following :—

No. 12037 OF 1897-98.

BOMBAY, 13*th August* 1897.

To THE MUNICIPAL SECRETARY.

SIR,—With reference to the Standing Committee's request to revise the clerical establishment for the Health Department under the reorganization scheme, I have the honour to report that I have carefully considered the matter and have recast the proposals made in the schedule for the District Officers, and also submit a statement of staff for the Head Office.

2. In remodelling a department such as the Health Department is in view of the radical change in working, which it is proposed to introduce by the system of decentralization now under consideration, it is a difficult matter to estimate with any exactness what clerical staff will be necessary, and the establishments I propose now must be clearly understood to be tentative. Practical efficiency must not be sacrificed to mistaken economy, and I have based my estimates upon that view.

3. Each district will dispose of its own ordinary correspondence, complaints, plans for buildings, departmental references, pay abstracts, contractors' accounts, and departmental charges without reference to the Head Office.

4. Daily money payments, daily returns, statements for different departments must continue to come into the Head Office where the budget statement will also be prepared, and there must necessarily be frequent references between the Executive Health Officer and the District Officers, as well as departmental correspondence between the Municipal Commissioner and the Executive Health Officer and other Municipal Officers, Public Departments, and the general public, so that it will be necessary to provide the Executive Health Officer and the District Officers with reasonable assistance, and I propose the following for approval :—

Head Office.

Chief Clerk at Rs. 250 rising to Rs. 300 by Rs. 10 a year	Rs. 300
Accountant at Rs. 65 to Rs. 80 (the present Clerk to remain)	„ 80
Statistical Clerk at Rs. 50 to Rs. 60 by Rs. 2	„ 60
Laboratory and Analysis Clerk at Rs. 40 to Rs. 50 by Rs. 2	„ 50
Record Clerk (the present Clerk to remain)	„ 48
Registering and Despatch Clerk at Rs. 35 to Rs. 40 by Re. 1	„ 40
Correspondence and Copying Clerks 2, at Rs. 30 to Rs. 35 by Re. 1	„ 70
Correspondence and Copying Clerks, 1 at Rs. 25 and 1 at Rs. 20	„ 45
Havildar at Rs. 15	„ 15
Peons — 1 at Rs. 12, 2 at Rs. 11, 2 at Rs. 10, and 1 at Rs. 9...	„ 63
	Total Rs. 771

as against Rs. 921 per mensem in the schedule for the existing establishment.

5. As it has been decided to recommend the abolition of the post of Assistant Health Officer, it will be necessary to give the Executive Health Officer a capable and efficient Office Manager or Chief Clerk, and I have put down a salary for this officer at Rs. 250 rising to Rs. 300 per mensem by annual increments of Rs. 10. I may mention here that the Executive Health Officer, Dr. Weir, has frequently pointed out the necessity for such an appointment.

6. In view also of the appointment of an Analyst, I have provided for a Clerk to deal specially with the references and work of that branch.

District Office Staff.

Head Clerk and Accountant at Rs. 125 to Rs. 150 by Rs. 5 ..	Rs. 150
Accounts Clerk at Rs. 50 to Rs. 75 by Rs. 5	„ 75
Records and Stores Clerk at Rs. 40 to Rs. 50 by Rs. 2 ...	„ 50
Notice and Summons Clerk at Rs. 30 to Rs. 40 by Re. 1 ...	„ 40
Plans, License and Statistics Clerk at Rs. 30 to Rs. 40 by Rs. 2	„ 40
Register and Despatch Clerk at Rs. 30 to Rs. 40 by Rs. 2 ...	„ 40

Correspondence Clerks.

1 at Rs. 30	Rs. 30
1 at Rs. 25	„ 25
1 at Rs. 20	„ 20
Havildar at Rs 13 to Rs. 15 by Re. 1	„ 15

Peons.

1 at Rs. 12	Rs. 12	
1 at Rs. 11	„ 11	
1 at Rs. 10	„ 10	
1 at Rs. 9	„ 9	
2 at Rs. 8	„ 16	
		Rs. 58
		„ 543

as against Rs. 745 in the schedule of proposed establishment.

7. I have not dealt with the Registration Branch of the Health Officer's Establishment, because as I have informed the Standing Committee the question of Birth and Death Registration is under consideration, and it would be premature to make any proposals regarding this part of the Health Department. When matters are further advanced, I will consider what staff will be required.

The Standing Committee might be inclined in view of the savings effected to reconsider the point of the reduction in the salaries of the Divisional Health Officers.—I have, &c.,

P. C. H. SNOW, Commissioner.

On the motion of the Hon'ble Mr. Abdalla M. Dharamsi, seconded by K. M. Shroff, Esq., it was—

Resolved : "That the offices of Chief Clerk and Accountant be combined and entered at the salary of Rs. 200 per mensem rising to Rs. 250 per mensem by annual increments of Rs. 10 per mensem."

It was agreed that the appointment of Laboratory and Analysis Clerk on Rs. 40 to Rs. 50 be *struck out* for the present.

Proposed by the Hon'ble Mr. Abdalla M. Dharamsi, seconded by K. M. Shroff, Esq.—

That 1 Correspondence and Copying Clerk on Rs. 30 and 2 Clerks on Rs. 25 per mensem be entered.

After discussion, it was agreed that 2 Clerks on Rs. 30 to Rs. 35 one on Rs. 25, and one on Rs. 20 be entered.

The staff, as thus passed, is as follows :—

1 Chief Clerk and Accountant combined at Rs. 200 rising to Rs. 250 by annual increments of Rs. 10	Rs.	250
1 Statistical Clerk at Rs. 50 to Rs. 60 by Rs. 2 ...	„	60
1 Record Clerk (the present Clerk to remain) ...	„	48
1 Registering and Despatch Clerk at Rs. 35 to Rs. 40 by Re. 1	„	40
2 Correspondence and Copying Clerks at Rs. 30 to Rs. 35 by Re. 1	„	70
1 Correspondence and Copying Clerk at Rs. 25 and 1 at Rs. 20	„	45
Havildar at Rs. 15	„	15
6 Peons—1 at Rs. 12, 2 at Rs. 11, 2 at Rs. 10 and 1 at Rs. 9	„	63
Total ...	Rs.	591

District Office Staff:—This staff was passed as proposed by the Commissioner in his letter No. 12037 of to-day's date as follows:—

Head Clerk and Accountant at Rs. 125 to Rs. 150 by Rs. 5	Rs.	150
Accounts Clerk at Rs. 50 to Rs. 75 by Rs. 5 ...	„	75

Laboratory.

Read the following letter No. 16377, dated 10th instant, from the Health Officer, to the Commissioner :—

Memo.—There is no question as to the public necessity for the establishment of a laboratory for scientific research into disease causes. I use the word "research" with deliberation, as I mean by it the performance of such works as were done by different commissions sent here by European Governments to study plague. This is scientific research, the object of which is to advance knowledge of disease, and it can only be carried out in a large well-appointed laboratory by a staff of specialists. We have seen here what is necessary in regard to one disease, and even then how little knowledge in a few months can be acquired by the most able workers. The length of time required for the investigation of even one disease amongst animals may be realized from the period Lingard has been studying "surrah" in India. It does not seem to be thoroughly understood or grasped that all exact modern knowledge of disease depends on experiment, and that the value of experiment depends on the number of repetitions attended by similar results. I am now using nearly the words of one of the scientific men who was lately amongst us.

There are questions of supreme importance to be investigated, the course of which will take years ; for instance, (1) the existence or not of a specific organism in our water-supply allied to Koch's bacillus ; (2) the influence of malarial tracts around the lakes supplying the city with water on the quality of the water-supply. These two questions are of the first importance to the city. Then, there is the question of the relation between the incidence of specific diseases amongst human beings and animals to be studied. There are local questions within the city to be studied. One, I need not say of the most importance, is the influence of the different seasons on local diseases. A laboratory for scientific research must not be confounded with a laboratory for the examination of food, nor the appointment of an Analyst. These are totally different matters. Whether one Analyst or seven Analysts are appointed for the examination of food, it does not in the least affect the question of a laboratory for scientific research. We have seen now in our city what is considered necessary by one of the wisest and most economical of European Governments for the study of one disease, and if all that we have seen is necessary, as it undoubtedly is, it tells us what we must do ; we must first have a staff of at least two most competent workers with a large trained laboratory staff ; secondly,

a laboratory must be built with stables and grounds for animals, and the laboratory must be fitted up with the best apparatus. I need not go into details of expenditure. I think the proper course is to come to a conclusion whether, say, a lakh of rupees a year can be given for a laboratory. If that amount can be given, then let Government be approached and asked to contribute. The establishment of a laboratory cannot affect the question of carrying out a number of urgent works; undoubtedly, the most urgent of these works are the completion of the drainage surface and underground, the removal of the storm-water and of the sewage. Nearly one half the Island is still undrained. A large portion of the other half is imperfectly drained; this means a question of the population being poisoned by organic vapours from the ground. The completion of the drainage therefore is, with a gravitation of the population to the undrained and lowest portions of the Island, the question of the first importance. It is a question of air and soil poisoning. The second question of the greatest importance is the ventilation of localities and houses. The third is the conservancy of the water-supply.

In conclusion, in my opinion, the most urgent work is the completion of the drainage, or, in other words, the removal from the city of the liquids that pollute the surface of the ground or soak into the soil and lower the health of the population exposed to them.

T. S. WEIR, Health Officer.

No. 11933 OF 1897-98.

BOMBAY, 13*th August* 1897.

Copy forwarded, with compliments, to the Municipal Secretary with reference to Standing Committee's Resolution No. 4297 dated 6th instant. There can be no doubt of the correctness of Dr. Weir's view that a laboratory for scientific research is quite a thing apart from one for food analysis, &c., and it is further clear that the cost of the former will be very heavy and the latter moderately so. While the necessity for such institutions is undoubted, the financial condition is such as to deter me from making any proposal until the budget comes on for discussion or subsequent thereto.

P. C. H. SNOW, Commissioner.

It was agreed that the Secretary be requested to prepare a draft report for the Committee, embodying their proposals, and that, when completed, the same be circulated with a view to the final meeting of the Committee being held on the subject.

BOMBAY, 18*th August* 1897.

AT the meeting of the Standing Committee held this day, there were present :

THE HON'BLE MR. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., *Chairman.*

THE HON'BLE MR. ABDALLA M. DHARAMSI, B.A., LL.B.; COWASJEE HORMUSJEE, Esq., G.G.M.C.; T. W. CUFFE, Esq.; FAZULBHOY VISRAM, Esq., C.I.E.; H. G. GELL, Esq.; IBRAHIM RAHIMTOOLA, Esq.; KAIKHOSRO N. KABRAJI, Esq.; K. M. SHROFF, Esq.; PROFESSOR O. V. MULLER, M.A.; NANABHAI NAVROJI KATRAK, Esq., L.M.&S.; ACCACIO G. VIEGAS, Esq., L.M &S.

P. C. H. SNOW, Esq., I.C.S., Commissioner; and the SECRETARY.

The minutes of the meetings held on the 10th and 11th instant were signed.

No. 4792. *Resolved* : "That the following be *recorded* :—Government Resolution No. 4348, General Department, dated 10th instant, appointing Mr. H. G. Gell as a member of the Standing Committee, *vice* Mr. R. H. Vincent, C.I.E., resigned."

The seal of the Corporation was affixed (1) to agreement with Mr. Esmail Ebrahim Lokhandwalla for the right of selling to the Municipality firewood suitable for cremation purposes at the Burning Ground, Tank Bunder, for a period of one year from 17th June 1897, at the rate of Rs. 4-9-0 per khandi of 28 maunds ; (2) to deed of contract with Messrs. John Fleming & Co. for the supply of six solid-drawn brass tubes for sheathing the pump rods of engines Nos. 2 and 3, Love Grove Pumping Station; and (3) with Messrs. John Fleming & Co. for the supply of a 14 N.H.P. double cylinder high pressure stationary steam engine and boiler for the Municipal Workshops at a cost of Rs. 6,950.

The seal of the Corporation was affixed to the following 45 Municipal Debentures, aggregating Rs. 22,500 :— 45 attested duplicates of Tansa Water Works Loan, Nos. 3917 and 18, 13691, 14375 to 14391, 13692, 13848, 13849 to 13855, 14367 to 14374, 14392 to 14398, and 14399, for Rs. 500 each.

No. 4796. *Resolved* : "That sanction be given to the cutting off of water connections as per list accompanying the Deputy Commissioner's memorandum No. 12474, dated this day."

Resolved : "That the following be *recorded* :—Letter
No. 4797. to the Secretary, No. 12128, dated 14th instant, from the Commissioner, reporting that he has sold to Narayen Arjoon, for Rs. 50, the right for three months, from August to October 1897, of cutting grass on vacant land, Victoria Gardens." *

Resolved : "That the following be *recorded* :—Letter
No. 4798. to the Secretary, No. 12189, dated 16th instant, from the Commissioner, reporting that he has sold to Mr. Basapa Malu Saibu for Rs. 80 the right, up to 31st October next, of cutting and removing grass on Municipal land at Mount Road, Ward Nos. 4864, 4871, which land was recently purchased from Mr. Rustomji Jamasji Ashburner."

Read letter to the Commissioner, No. 5586, dated 26th ultimo, from the Executive Engineer as under :—

SIR,—I have the honour to report that one Mr. Burjorji Bezonji Daruvalla having submitted a proposal to erect a building on about 66 square yards, or thereabout, of his ground situated in Ardasir Dady Street in Khetwadi, popularly known as Islampura, and coloured yellow on the accompanying plan, enquiry was made of the Health Officer before disposing of the said plan as to whether the ground would be required for any Municipal purpose, as it adjoins the Municipal night-soil depôt in that street. The Health Officer has stated that the ground would be useful as a dust-bin, cart-stand or a Municipal Halalkhore chawl, and requested me to lay the matter before you for your approval and for obtaining the sanction of the Corporation. 2.—On enquiries made of the owner, it appears that he bought the ground at a Sheriff's auction in April 1896 for Rs. 1,225, and the expenses of transfer, &c., cost him Rs. 110, making a total of Rs. 1,335. The owner has produced receipts for this amount. He, however, demands Rs. 1,500 for the land, which price is in my opinion fair, as the value of ground is increasing, and, if the land were acquired under the Land Acquisition Act, the Municipality will have to pay 15 per cent. extra for compulsory acquisition. The Health Officer was informed of the price demanded, and he has stated that the ground should be acquired at that price. 3.—In the front of the ground now proposed to be acquired there is a plot of ground belonging to Government, admeasuring about 31 square yards which is scored red on the plan. The whole of this plot, except a very small strip marked A, measuring about 3 square yards stands within the regular line of the street. The Collector of Bombay is willing to give this ground to the Municipality at Rs. 20 per square yard. At this rate its value will be 31×20=Rs. 620. Considering that Mr. Daruvalla paid Rs. 1,335 for 66 square yards of back land purchased by him at the Sheriff's auction,

* This right last year, for a period of 12 months, realised Rs. 825.

inclusive of expenses of transfer, &c., which gives a rate of Rs. 20 per square yard to the land, the price of Rs. 20 per square yard now demanded by the Collector for the frontage ground is, in my opinion, fair, and it is advisable to acquire it for street improvement. 4.—I beg now to request that your sanction may be accorded (*a*) to the acquisition of 31 square yards, or thereabout, of Government ground from the Collector at the rate of Rs. 20 per square yard, the cost of this acquisition being met from the street improvement grant; and (*b*) that the sanction of the Corporation may be obtained to the acquisition of Mr. Daruvalla's land admeasuring about 66 square yards for the sum of Rs. 1,500, all expenses of transfer, &c., being shared equally by Mr. Daruvalla and the Municipality, and the cost of such acquisition being met from surplus cash balance or such other grant as the Chief Accountant may suggest. 5.—It will be noticed from the plan that a small strip marked "A" of the Collector's ground, admeasuring about 3 square yards, lies without the regular line of the street and that a small strip of Mr. Daruvalla's land, measuring about 2 square yards and marked "B," lies within the regular line of the street. As the areas of the two pieces are nearly the same, the strip "A" will be thrown into Mr. Daruvalla's ground to be purchased for the Health Department and that marked "B" thrown into the roadway after both grounds are acquired.—I have, &c., M. C. MURZBAN, Executive Engineer.

No. 12186 OF 1897-98.

BOMBAY, 16*th August* 1897.

Copy forwarded to the Municipal Secretary for favour of sanction of the Standing Committee and the Corporation to the acquisition of Mr. Daruvalla's land measuring about 66 square yards at the price mentioned by the Executive Engineer and to its cost and a moiety of the expenses of transfer, &c., being met from surplus cash balance.

P. C. H. SNOW, Commissioner.

Proposed by Cowasjee Hormusjee, Esq., seconded by Nanabhai N. Katrak, Esq.—

No. 4799. "That memorandum to the Secretary, No. 12186, dated 16th instant, from the Commissioner be forwarded to the Corporation with the following recommendation: That sanction be given to the taking up, at the cost of Rs. 1,500, of the undermentioned plot of land required for the Health Department, adjoining Municipal night-soil depôt, *viz.*, 66 square yards, or thereabout, situate at Ardasir Dady Street, Khetwadi, the property of Mr. Burjorji Bezonji Daruvalla, shown in yellow colour on the tracing marked "A," dated this day and filed in supplement to minute books; all expenses of transfer of the ground, &c., to

be shared equally by Mr. Daruvalla and the Municipality. The cost of the ground, share of the expenses of transfer, &c., to be met from surplus cash balance."

Carried.

No. 4800. *Resolved*: "That, as applied for by the Commissioner in his letter to the Secretary, No. 12310, dated 16th instant, sanction be given, under the terms of section 69 (*e*) of the Municipal Act, III of 1888, to the variation of contract with Mr. Sitaram Lakshuman for the construction of Umerkhadi sewerage works, whereby the contract period for the completion may be extended from 6th September 1896 to 9th January 1897, and the maintenance period of 12 months be reckoned from the last-mentioned date, the contractor being held liable, in lieu of fine at the rate of Rs. 50 per diem as provided in the contract, for the whole cost of the extra establishment, amounting to Rs. 1,143-8-9, incurred by the Municipality on account of the non-completion of the works by the 6th of September as aforesaid."

No. 4801. *Resolved*: "That, with reference to their Resolution No. 4462 of the 9th instant, the Corporation be recommended to sanction the payment of Rs. 9,000, from surplus cash balance, for the pay of the Deputy Municipal Commissioner for a further period of six months from 2nd September next."

Proposed by Fazulbhoy Visram, Esq., C.I.E., seconded by K. M. Shroff, Esq.—

No. 4802. "That letter to the Secretary, No. 11856, dated 11th instant, from the Commissioner be forwarded to the Corporation with reference to their Resolution No. 14093 of the 15th March last, as per margin, and with the recommendation that provision for the salary of Mr. N. H. Choksey at Rs. 700 per mensem for eleven months from 1st April last—total Rs. 7,700—be made as follows:—Rs. 2,145

No. 14093. "That having regard to the varied and valuable services of Dr. N. H. Choksey to the Municipality, the Corporation request the Municipal Commissioner to engage the full-time services of Dr. Choksey on the permanent staff under a designation to be fixed by the Commissioner on a salary of Rs. 700 per mensem rising to Rs. 900 by biennial increments of Rs. 100, and desire that such appointment should be included in the schedule, and request the Commissioner and the Standing Committee to amend the schedule accordingly.

"That on the recommendation of the Standing Committee, the Corporation will be prepared to increase the budget grant of the Health Department for the ensuing year by adding thereto the amount of Dr. Choksey's salary.

"That Dr. Choksey should devote the whole of his time to Municipal work, continuing to attend to his present Fire Brigade duties and remain in charge of the Arthur Road Hospital while the epidemic lasts, and thereafter perform such duties in connection with the Hospital or the Health Department as may from time to time be entrusted to him by the Municipal Commissioner."

from the pay of a Surgeon entered in the Fire Brigade Budget (Rs. 150 × Rs. 45 per month); Rs. 1,650 from the grant for infectious diseases (Rs. 150 per month); Rs. 3,905 from surplus cash balance (Rs. 355 per month).

"That the schedule under section 79 as now placed before the Standing Committee, containing the following addition, be sanctioned :—*Public Health Department—General Supervision, Section* 1.—Extra Assistant Health Officer (designation subject to variation)."

Carried, with one dissentient.

Resolved: "That, as applied for by the Commissioner in his memorandum to the Secretary, No.11399, dated 7th instant, sanction be given, under the terms of section 69 (*e*) of the Municipal Act, III of 1888, to the variation of contract with Messrs. Sullemanji Mulla Abdul Ali & Co. for the supply of coal, whereby they may be allowed to supply 500 tons Borrea bituminous coal to Love Grove Pumping Station and 500 tons of the same quality of coal to the workshops in lieu of Borrea anthracite coal; and whereby the contract period for the delivery may be extended up to 31st instant."

No. 4803.

Read letter to the Commissioner, No. 6398, dated 9th instant, from the Executive Engineer, as under :—

SIR,—I have the honour to state that the amount of Rs. 56,728, mentioned in the remarks column of item No. 85 of the Progress Report up to the end of December 1896, is the original estimated cost for laying 9″ main in Warli Road. This sum was proposed to be met as under :—

M. C. MURZBAN, C.I.E., F.R.I.B.A., M.INST.C.E.,

Executive Engineer.

BOMBAY, 23*rd July* 1897.

Resolved: "That memorandum to the Secretary, No. 10446, dated 28th ultimo, from the Commissioner, and return forwarded therewith, be *recorded*.

No. 4808.

"That the Commissioner be asked to have a column added to the return showing the amount realized by the sale of the materials of demolished huts and buildings."

Read letter to the Commissioner, No. 5188, dated 12th instant, from Sir James MacNabb Campbell, K.C.I.E., I.C.S., Chairman, Plague Committee, as under :—

SIR,—I have the honour to say that I have made careful enquiries on the subject referred to, and I find from the Medical officers in charge of the Causeways Inspections and the Port Health Officer that large numbers of famine-stricken people came into Bombay by road and sea during the months of May and June. As regards numbers, no separate account was kept of these, but I am informed that it was very large. On the Bandora Causeway they are believed to have come from Kathiawar and Guzerat. On the Sion Causeway they came from Poona, Ahmednagar and the Deccan generally. By steamer they came mainly from the Kolaba and Ratnagiri Districts, and to a small extent from Satara and the South Deccan. It should be remembered that many of the people who returned in May and June were residents of Bombay who had fled the City because of plague, and no doubt got into a reduced condition by the scarcity in the Konkan Districts.

2. The influx entirely stopped in July, but it has during the last week again started by steamer from Kolaba and Ratnagiri and a few by sailing craft from South Kathiawar. On August 5th, 45 people were detained at Mody Bunder, and on August 6th, 134, all being sent to the Wari Bunder Segregation Camp, where they are properly fed and housed for several days before going into the town. If necessary, this arrangement can be considerably extended. By rail no large number of famine-stricken people has been noticed at any time.

3. There is no doubt in my mind that the influx of half-starved people in May and June has had a very detrimental effect on the health of the city during the last 20 days. While the weather remained warm and dry they suffered little, and probably were able to get sufficient work to feed themselves, but the result of further want and chills occasioned by continued rains must have been disastrous on debilitated frames. The question of dealing with the influx of this class of people has been very seriously engaging my attention during the last fortnight, and it may be necessary should it continue or increase, to consider the question of opening relief work for them.

4. I have put myself in communication with the Collectors of Kolaba and Ratnagiri Districts on the subject with a view to ascertain whether or not these people can be detained in their own districts and relieved.—I have, &c.,

J. M. CAMPBELL, Chairman, Plague Committee.

No. 12187 OF 1897-98.

BOMBAY, 16*th August* 1897.

Copy forwarded to the Municipal Secretary for the information of the Standing Committee.

P. C. H. SNOW, Commissioner.

Proposed by Nanabhai N. Katrak, Esq.—

That the Commissioner be requested to ascertain, as far as possible, whether there is relapsing fever in Bombay among the immigrants from the famine-stricken districts.

Not seconded.

No. 4809. It was agreed that memorandum to the Secretary, No. 12187, dated 16th instant, from the Commissioner giving cover to letter No. 5188 of the 12th idem, from the Chairman, Plague Committee, be *recorded.*

No. 4810. *Resolved*: "That the following be *recorded* :—Letter to the Secretary, No. 12286, dated 16th instant, from the Commissioner, stating, with reference to the Standing Committee's Resolution No. 1794 of the 27th May 1896, that he has issued orders to the Executive Health Officer to forward to the Committee copy of the weekly mortality return each Wednesday before the return is published in the *Government Gazette.*"

No. 4811. The following were placed on the table :—Memorandum to the Secretary, No. 12480, dated this day, from the Commissioner and summary* of births and deaths in different localities of the city for the week ending 17th instant, arranged according to the new nomenclature of diseases.

Proposed by Professer O. V. Muller, seconded by Nanabhai N. Katrak, Esq.—

No. 4812. "That the Secretary be requested to arrange with the Government Central Press for a sufficient number of copies of the weekly Bombay health returns, one copy to be bound up with the minutes."

Carried.

* *See* Appendix E.

Resolved : "That the following be *recorded*:—Memorandum to the Secretary, No. 11862, dated 11th instant, from the Commissioner, reporting, with reference to the Standing Committee's Resolution No. 4484 of the 3rd October 1888, the transfer made, on the 7th idem, to the Municipal General Fund Pass Book from the Surplus Cash Deposit Account, Rs. 50,000."*

No. 4813.

Considered the following :—

Mr. K. M. Shroff drew attention (1) to the delay in the completion of the Purbhadevi latrines attributed by the Executive Engineer "to the unsatisfactory state of the DeLisle Road Sewer" (page 11) ; and (2) to the delay in constructing catch-pit on the Mint Road Sewer (same page). He also remarked on the item "Sewerage of Parel District" (page 22), and said that, while the estimate for the same was as high as Rs. 81,620, it was stated that the work had been "practically completed" for Rs. 58,127-13-3.

Considered Progress Reports of new works in course of construction up to end of March 1897.†

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 15th August 1897.‡

Resolved : "That the following be *recorded*:—Letter to the Secretary, No. 12436, dated this day, from the Commissioner, stating, with reference to the Committee's Resolution No. 3559 of the 7th ultimo, that he has sanctioned the employment of the clerk in question (on Rs. 60 per mensem) for the further period of three months, the Health Officer having reported that there are still arrears to work up in the Registration Branch which require assistance. The charge to be debited to the grants for plague charges."

No. 4815.

No. 12782 of 1897-98.

BOMBAY, 20*th August* 1897.

Forwarded to the Standing Committee for information.

P. C. H. SNOW, Commissioner.

Resolved: "That the following be *recorded*:—Memorandum No. 12782, dated 20th instant, from the Commissioner, forwarding letter to himself, No. 2429, dated 19th idem, from the Acting Chief Accountant, enclosing return of receipts and disbursements for the quarter ending 26th June 1897, together with list of additional grants sanctioned by the Corporation during the quarter."

No. 4947.

Resolved: "That the following be *recorded*:— Letter to the Secretary, No. 12607, dated 19th instant, from the Commissioner, reporting that he has rented, from 15th March last, two rooms in a house at Musjid Bunder Road, belonging to Bai Savbai, widow of Fazalbhai Habbibhai, for opening a free dispensary under the charge of Mr. R. N. Ranina at a rental of Rs. 15 per month. The dispensary was opened with a view to give medical relief at a period when people were reluctant to accept any such aid, and the Health Officer proposes to keep the place open until the end of next October. The Medical Officer in charge of the dispensary states that scavengers, bigaries and others who were unable to leave their rooms were seen and treated in their own houses and chawl, and that all employés of the Health Department who applied for treatment for themselves or members of their families received similar attention. The monthly expenditure on account of the dispensary has been up to the current month as follows:—Medical Officer Rs. 250, Hamal Rs. 5, Drugs, &c., Rs. 30, House-rent Rs. 15. On a further representation from the Health Officer, he (the Commissioner) has this month sanctioned the appointment of a compounder on a salary of Rs. 20 per mensem. The whole of the expenditure is debited to the grant for plague charges."

Considered Resolution of the Corporation, No. 4753, of the 16th instant, as under :—

That the question of the fee to be charged to Mr. Dhondiba Krishnaji be referred back to the Commis-

sioner and the Standing Committee with the view of their reconsidering the amount of fee to be charged to Mr. Dhondiba.

Read letter to the Secretary, No. 13142, dated this day, from the Deputy Commissioner as under:—

SIR,—With reference to the Corporation Resolution No. 4753 of 16th August 1897, I have little to add to my No. 7909 of 3rd July 1897. 2.—There is, however, one point on which a few remarks may be made, and that is the contention that the Municipality should pay for the removal of rubbish out of the general tax. Now, as stated before, the fee in question has been fixed at the entire discretion of the Corporation, but the principle followed was that the fee should be sufficient to reimburse the Municipality for the expenditure on the particular private market in the matter of supervision and removal of rubbish. Roughly speaking, about $\frac{1}{3}$rd of the general tax is devoted to scavenging, and if the same proportion be taken in the case of this market, we find that $\frac{1}{3}$rd of the general tax is $\frac{1}{3}$rd of $\left(\frac{2,000-10 \text{ per cent. of } 2,000 \times 8}{100} = \frac{144}{3} =\right)$ 48, whereas the cost of removal of rubbish is Rs. 411. 3.—If, therefore, the Standing Committee are inclined to take as the basis for calculating the fee only the *special*, as opposed to what I may call the ordinary, cost of scavenging, the fee would be reduced to Rs. 190 for supervision *plus* Rs. 411 — 48 = 363, or, in round figures, Rs. 550 in all instead of Rs. 640. 4.—I place the question in this light before the Standing Committee, and to adopt that principle would directly meet the contention of the Solicitors quoted above, but I cannot recommend its adoption unless the Standing Committee or the Corporation are in search of some reasonable ground for reducing the fee. 5.—Its large amount is due not to our exorbitance but to the dirtiness of the market, and must be regarded not in the light of a reduction of the owner's income, but as an expense incident to the special circumstances of his business.—I have, &c., J. H. DUBOULAY, Deputy Commissioner.

It was agreed that the consideration of letter No. 13142 of this day's date from the Deputy Commissioner to the Secretary be postponed until next meeting.

No. 4949.

Considered the following:—

No. 7122 OF 25TH JUNE 1897.

Memo.—Mr. Hewett is requested to submit a short report to the Commissioner through the Executive and Drainage Engineers as to the utility of the electrolyzed water for cleansing any considerable length of sewers and to what distance its effects are noticeable: also, if useless for this purpose, how the product can best be utilized.

P. C. H. SNOW, Commissioner.

No. 1111 OF 1897-98.

BOMBAY, *26th July* 1897.

To THE MUNICIPAL COMMISSIONER (through the Deputy Executive Engineer, Drainage, and the Executive Engineer).

When the electrolyzing plant was first started on 14th May, the whole of the fluid was run into the night-soil tanks with the flushing water. Its use did not minimize to any appreciable extent the very strong fœcal odour given off at the time the night-soil carts were being actually emptied into the tanks, but the smell in and around the depôt disappeared much more quickly with the fluid than without it after the carts had been discharged.

2. The walls and floors of the tanks were also kept very much cleaner than before, and the considerable colony of maggots inside were, I believe, all killed. This was reported to me by the men who go into the tanks to brush them out, and they were needlessly alarmed on this account because they thought that the fluid must be very poisonous and would do them some injury.

3. After the plant had been at work for a short time Mr. Cooper asked that the fluid might be passed direct into the main sewer without first running through the tanks, and this was accordingly done by making a connection into the branch sewer from the tanks. As long as the fluid was running, this branch was perfectly free from smell, but, considering that during the day-time there was practically nothing besides the fluid running through it, the results could not be said to be very startling.

4. The results, after the fluid had passed from the branch sewer into the main sewer, were not perceptible. This I attribute, first, to the fact that the sewage running into the main sewer past the depôt was always very highly diluted and therefore free from smell; and, second, that there was such a large volume passing that it was hardly possible for the fluid to effect any change.

5. Observations taken on June 3rd by the Drainage Department staff shewed that between the manhole opposite Dongri Street and the one opposite Mandvi Street the sewage was flowing through the sewer at the rate of 550 cubic feet or 3,437·5 gallons per minute.

The maximum producing capacity of the electrolyzers is 2,000 grammes of chlorine per hour, so that the sewage was being mixed in the proportion of 1 gramme (about 1/28th part of an ounce) to 103 gallons of sewage. With such a very minute admixture of chlorine it is impossible to obtain any results, and the fluid used in the above manner was simply wasted.

6. As a matter of fact, samples of sewage taken at next manhole beyond the point of inlet of the fluid did not shew the slightest trace of chlorine, and these samples and other samples taken from the manhole behind the point of inlet kept practically an equal length of time before developing any offensive smell.

7. The Patentees claim that 5 grammes of chlorine per head of population per 24 hours is sufficient for deodorization in a temperate climate, and, allowing for a maximum water-supply of 40 gallons per head, this would give 1 gramme of chlorine to 8 gallons of sewage.

8. When the plant is restarted at the beginning of October, I would propose that experiments should be conducted on the following lines :—

1st.—To see whether with a liberal use of the fluid through the night-soil tanks and its use for washing out the carts after they have been emptied, any appreciable reduction is made in the nuisance arising from the depôt.

2nd.—Whether by carting the fluid away in flushing carts, drums, &c., it could be profitably used by the Health Department in place of phenyle and carbolic powder, &c., and for flushing gullies.

3rd.—Whether Public Institutions, such as Hospitals, would make regular purchases of the fluid for washing floors, clothing, &c.

9. The cost of producing the fluid is an important item, and it will perhaps be not going beyond the scope of the Commissioner's enquiries if I give the working expenses up to date. The statement given below shews this in detail :—

Months.	Establishment.	Stores.	Coal.	Repairs.	Hire of Muni. pumping engine.	Total.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
May 1897...	83 7 9	64 6 10	261 4 0	.....	95 0 0	504 2 7
June „ ...	122 15 6	10 0 0	240 10 0	61 10 0	100 0 0	535 3 6
Total...	206 7 3	74 6 10	501 14 0	61 10 0	195 0 0	1,039 6 1

10. The total number of days the plant was at work during May and June was 34, and it may be estimated that, after deducting time for cleaning fires, oiling, &c., 22,000 grammes of chlorine were produced per day. 22,000 grammes × 34 days =748,000 grammes, or, say, 15 cwts. total production, at a cost of Rs. 1,039-6-1 for working expenses.

11. Good commercial chloride of lime containing from 30 to 35 per cent. of free chlorine may be purchased in Bombay for about Rs. 260 per ton, which would bring the actual cost of chlorine to, say, Rs. 780 per ton. The comparative cost is therefore as follows :—

Chlorine produced by electrolyzer cost per ton ... Rs. 1,386.

Chlorine obtained from chloride of lime cost per ton . Rs. 780.

12. This is not favourable to the electrolytic process and the cost would be further enhanced if interest on capital expenditure were added. It is, however, rather too soon to make any strict comparisons, as the cost of starting a new plant is always comparatively heavy, and a considerable additional expenditure has been incurred by hire of pumping engine and extra staff for the same for pumping up sea-water.

13. The plant will be at work continuously from October to the end of the financial year under favourable conditions as regards water-supply, and these five months' work will give a reliable basis on which to work out the cost of production. If the cost of producing chlorine by this process is not considerably less than the rate at which it can be locally purchased, the results will be disappointing. I say "less" advisedly on account of the extra cost that would be incurred in transporting the fluid owing to the large bulk of sea-water which is used as the base.

B. H. HEWETT, Assistant Engineer,
Mechanical Branch.

No. D-4741 of 1897-98.

BOMBAY, *5th August* 1897.

To THE MUNICIPAL COMMISSIONER
(through the Executive Engineer).

If Mr. Hewett has any bias at all, it is in favour of the system inasmuch as he advocated the purchase of the installation, and therefore there can be no adventitious gloss to allow for by way of reducing the condemnatory effect of his report.

It will be seen that the effect on the sewer was *nil.*

The most disappointing point in the report is that the electrolyzing process is not a cheap means of producing chlorine, and in estimating the cost Mr. Hewett makes no allowance for the outlay on the electrolyzing plant, the wear and tear of the portable engine at the night-soil depôt, and the use of the suction pipe, the engine house and the tanks ; nor does he consider the cost of pumping at Love Grove the (to use his own words) "large bulk of sea-water which is used as the base," *i.e.*, of the chlorine.

Deputy Executive Engineer, Drainage.

No. 6616 of 1897-98.

BOMBAY, 14*th August* 1897.

To THE MUNICIPAL COMMISSIONER.

The undersigned agrees with the views expressed by Mr. Smith in his letter under reference. So far as can be seen at present, the electrolyzing is not likely to prove a success financially.

M. C. MURZBAN, Executive Engineer.

No. 12455 of 1897-98.

BOMBAY, 18*th August* 1897.

Copies forwarded, with compliments, to the Municipal Secretary for the information of the Standing Committee. The Commissioner would recommend the suggestions of Mr. Hewett being carried out and the plant worked up to the end of the financial year, after which, unless more favourable results are obtained, the experiment can be abandoned.

P. C. H. SNOW, Commissioner.

Proposed by T. W. Cuffe, Esq., seconded by Kaikhosro N. Kabraji, Esq.—

No. 4950.

"That, with reference to the Commissioner's memorandum to the Secretary, No. 12455, dated 18th instant, the Standing Committee approve of the carrying out, from 1st October next to the end of the financial year, of experiments with the electrolyzing plant, in accordance with the suggestions made by the Assistant Engineer, Mechanical Branch, namely, that the experiments be conducted on the following lines:—

1*st*.—To see whether with a liberal use of the fluid through the night-soil tanks and its use for washing out the carts after they have been emptied, any appreciable reduction is made in the nuisance arising from the depôt.

2*nd*.—Whether by carting the fluid away in flushing carts, drums, &c., it could be profitably used by the Health Department in place of phenyle and carbolic powder, &c., and for flushing gullies.

3*rd*.—Whether Public Institution, such as Hospitals, would make regular purchases of the fluid for washing floors, clothing, &c.

"2. That approval is given with the proviso that no additional cost shall be incurred in the matter beyond the amount sanctioned by the Corporation in their Resolution No. 1396 of the 6th May last."

Amendment proposed by Professor O. V. Muller—

That, with reference to the Commissioner's memorandum to the Secretary, No. 12455, dated 18th instant, the Standing Committee approve of the carrying out, from 1st October next to the end of the financial year, of experiments with the electrolyzing plant, in accordance with the suggestions made by the Assistant Engineer, Mechanical Branch, namely, that the experiments be conducted on the following lines :—

1*st*.—To see whether with a liberal use of the fluid through the night-soil tanks and its use for washing out the carts after they have been emptied, any appreciable reduction is made in the nuisance arising from the depôt.

2*nd*.—Whether by carting the fluid away in flushing carts, drums, &c., it could be profitably used by the Health Department in place of phenyle and carbolic powder, &c., and for flushing gullies.

3*rd*.—Whether Public Institutions, such as Hospitals, would make regular purchases of the fluid for washing floors, clothing, &c.

That, in addition, experiments be made with the fluid at the Love Grove Pumping Station with a view to reducing the stench arising therefrom. If necessary, the installation might be removed to Love Grove for a time.

That the Corporation be recommended to sanction the additional cost if any.

Not seconded.

BOMBAY, *9th November* 1896.

To THE PRESIDENT, MUNICIPAL CORPORATION,
BOMBAY.

SIR,—We, the undersigned, beg to bring to your ever kind notice that we had applied for Fadkaries' license at the DeLisle Road Market, when we were informed that, when the fees for the next quarter were being taken, our application would be considered. Next we applied for permission to sell goats at the above market during the *three days* of our " Backrie Eed " festival, when we were likewise informed that our request would be considered at the commencement of the ensuing quarter. We were further informed, under Commissioner's No. 11463 of 12th September 1896, that " the pens at the DeLisle Road Market will be put up to auction at the end of this month when it was open to them to bid "; we attended the auction on the 28th September 1896, but unfortunately it was postponed. We shall be glad if these pens are again put up to auction ; and if the Municipality is not inclined to do so, we request that our fees for licenses may be received, same as others, as we are very poor men surrounded with large circle of families. We are old Fadkaries, and, when the stalls were put up to auction, we were not present in Bombay, hence we missed the opportunity. By granting our request, we shall, as in duty bound, ever pray.—We beg, &c.,

No. 12454 of 1897-98.

BOMBAY, 18*th August* 1897.

To THE MUNICIPAL SECRETARY.

SIR,—With reference to the Standing Committee's Resolution No. 8033 of 11th November 1896, I have the honour to state that there are 50 pens in the DeLisle Road Market and they are fully occupied. The applicants, in May 1896, applied to me to be allowed to sell sheep in the open at the rear of the market. I, however, declined to grant the request which, if granted, would greatly prejudice the interest of the holders of the pens. They were informed that if any of the pens fell vacant it was open to them to bid for them at the auction sale.

An auction sale of all the pens was also arranged for in the month of September 1896, but on a representation from the holders of the pens the sale was deferred to 1st April last. The holders urged that, if the sale was held as above stated (in September), they would not be able to recover their outstandings in the event of their not being able to secure the pens at the sale. The unsatisfactory state of things prevailing in Bombay in April last, on account of plague, rendered it impossible to hold the sale in that month, also as the auction could only result in loss to the Municipality. The sale has accordingly been fixed for October next and the applicants have been informed that they are at liberty to bid at that time.—I have, &c.,

J. H. DuBOULAY, *for* Commissioner.

Resolved: "That, with reference to letter to the President, dated 9th November last, from Emam Balla, Kokutch Hasan and other Fadkaries, asking for licenses to trade in sheep and goats at the DeLisle Road Sheep Market, the Standing Committee beg to report that the Commissioner states that the whole of the 50 pens in the DeLisle Road Market are fully occupied. That in May last the applicants applied to the Commissioner to be allowed to sell sheep in the open at the rear of the market, but that their request was refused in justice to the interests of the holders of the pens. That applicants were informed that, if any of the pens fell vacant it would be open to them to bid for them at the auction sale. That an auction sale of all the pens was arranged for in the month of September last, but on a representation from the occupants the sale was deferred to 1st April last, when, owing to the unsatisfactory state of business in Bombay on account of the plague, it was impracticable to hold the

Read letter to the Secretary, No. 13062, dated this day, from the Commissioner, as under :—

SIR,—I have the honour to state that in the execution of the work in the construction of the Bhuleshwar Market and Schools, it was found necessary to introduce certain improvements in connection with the drainage of that building, as per accompanying estimate amounting to Rs. 2,274-14. This work was not contemplated at the time of framing the estimates of the main building. 2.—There is a saving of Rs. 2,001-1-2 in the contingent provision for the work of constructing the Bhuleshwar Market and Schools. 3.—I therefore request the sanction of the Standing Committee to utilize this saving to meet a portion of the estimated cost of the extra work described in the accompanying estimate, the balance amounting to Rs. 273-12-10 being defrayed from the unappropriated balance of Rs. 9,878-11-5 available out of the sanctioned amount of Rs. 1,50,378 for the main work.—I have, &c., P. C. H. SNOW, Commissioner.

GENERAL DESCRIPTION.

This work consists of certain sanitary improvements made in the drainage of the new market and school at Bhuleshwar as per abstract.

Resolved: "That, as applied for by the Commissioner in his letter to the Secretary, No. 13062, dated this day, and subject to the approval of the Corporation, sanction be given to the transfer of Rs. 2,001-1-2 from savings in the grant for the construction of the Bhuleshwar market and school buildings to sanitary works improved system required in the buildings.

No. 4962.

"That sanction be given to the transfer of Rs. 273-12-10 from the unappropriated balance of Rs. 9,878-11-5 (of the original grant of Rs. 1,50,378) required to make up the total of Rs. 2,274-14-0, cost of such sanitary improvements."

Read letter to the Secretary, No. 13096, dated this day, from the Commissioner, as under:—

SIR,—The Corporation, under their Resolution No. 12781 of the 18th February 1897, sanctioned the employment of the following staff for treating the downtake pipes, &c., of the houses in various parts of the city, where cases of bubonic plague occurred, at a cost of Rs. 7,980, or Rs. 8,000 for 7 months:—

Six supervising plumbers at Rs. 50 each, Rs. 300; six surveyors at Rs. 60 each, Rs. 360; six time-keepers at Rs. 25 each, Rs. 150; one head clerk and store-keeper at Rs. 75; one surveyor and notice server with conveyance allowance (Rs. 60 + 20) Rs. 80; one accounts clerk at Rs. 40; two copying clerks at Rs. 30 each, Rs. 60; one copying clerk at Rs. 25; one copying clerk at Rs. 20; allowance to office accounts clerk, Rs. 20; allowance to bill clerks, Rs. 10; total Rs. 1,140 per mensem: or Rs. 7,980 for 7 months, or, say, Rs. 8,000. 2.—The Drainage Engineer now requests sanction to the staff for treating the sanitary fittings in various parts of the city being retained, as per accompanying statement, for a further period of 5 months from the 23rd July last. He states that there are several works now in hand and to be taken in hand, and that the Executive Health Officer has been sending him intimation regarding houses where plague cases have occurred and the fittings of which are required to be treated. He further adds that the proposed establishment will be required for part of the period of 5 months to make up the accounts and prepare bills against house-owners in respect of the premises dealt with. 3.—As the Executive Engineer approves of the proposal of the Drainage Engineer, I request the sanction of the Standing Committee to the same, and to the cost amounting to Rs. 2,250 being defrayed from the plague grant.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved: "That, as applied for by the Commissioner in his letter to the Secretary, No. 13096, dated this day, sanction be given to the continuance of the employment of the following staff for 5 months from

No. 4963.

AT the meeting of the Standing Committee held this day, there were present :—

THE HON'BLE MR. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., Chairman.

THE HON'BLE MR. ABDALLA M. DHARAMSI, B.A., LL.B.; COWASJEE HORMUSJEE, Esq., C.S.M.C.; T. W. CUFFE, Esq.; H. G. GELL, Esq.; IBRAHIM RAHIMTOOLA, Esq.; KAIKHOSRO N. KABRAJI, Esq.; K. M. SHROFF, Esq.; PROFESSOR O. V. MULLER, M.A.; NANABHAI NAVROJI KATRAK, Esq., L.M.&S.; ACCACIO G. VIEGAS, Esq., L.M.&S.

P. C. H. SNOW, Esq., I.C.S., Commissioner; the EXECUTIVE ENGINEER; the ACTING CHIEF ACCOUNTANT; and the SECRETARY.

The minutes of the meeting held on the 25th ultimo were signed.

The seal of the Corporation was affixed to deed of contract with Mr. Ardasir Kavasji Patel for the supply of a tidal flap complete for storm-water drain near Wellington Fountain *via* the Bandstand to Back Bay.

Resolved : "That sanction be given to the cutting off of water connections as per list accompanying the Deputy Commissioner's memorandum No. 13708, dated this day."

No. 5085.

Resolved : "That the following be *recorded* :—Letter to
No. 5086. the Secretary, No. 13059, dated 25th ultimo, from the Commissioner, reporting that the right of taking grass from the rides and footpaths of Hornby Vellard and Clerk Road during the current monsoon was twice put up for sale by public auction, and that the highest bid made at the sale was Rs. 45, but, as it was considerably lower than that obtained last year, *viz.*, Rs. 210, it was not accepted. The right was, therefore, privately sold to one Mr. Basapa Malu Saibu for Rs. 100."

Resolved : "That the following be *recorded* :—Letter to
No. 5087. the Secretary, No. 13061, dated 25th ultimo, from the Commissioner, reporting that the right of drawing toddy from nineteen cocoanut palms growing on municipal ground at Gamdevi, adjoining the Fire Brigade Station, was put up to sale by public auction, but, as there were no bidders, it was sold privately to one Govind Ambaji Narwanker for Rs. 47-8-0, to be paid by four instalments."*

Resolved : "That the following be *recorded* :—Letter to
No. 5088. the Secretary, No. 13089, dated 25th ultimo, from the Commissioner, reporting that he has sanctioned, at a cost of Rs. 3,000, the printing of certain charts and diagrams prepared by the Health Officer, showing the daily mortality from the plague ; the cost to be debited to the grants for plague charges. The Health Officer proposes to embody the charts and diagrams in his Administration Report. The work has been entrusted to the Bombay Education Society's Press, and some of the diagrams have been received."

Considered letter to the Secretary, No. 13137, dated 25th ultimo, from the Commissioner as under :—

SIR,—I have the honour to state that, in consequence of certain action taken by the Health Department against Messrs. Hyder Ali Kassum Ali & Co. in regard to the drainage of their premises at Byculla, they, in the year 1881, deposited with the Municipality a sum of Rs. 500 to enable the requisite work to be done by the Municipality. Nothing was, however, done for some time pending the question of the permanent sewerage of that district. They, however, subsequently carried out the requisite work at their own expense and have applied for the refund of the amount deposited by them. The

* The right realized the same amount last year.

amount has, however, been credited to the Municipal Fund as revenue, it having remained on hand unclaimed for a long time. I have therefore to request the sanction of the Standing Committee and the Corporation to its being paid out of surplus cash balance. The Municipal Solicitors advise that the refund is legally due to the applicants.—I have, &c., P. C. H. SNOW, Commissioner.

No. 5089. *Resolved*: "That letter to the Secretary, No. 13137, dated 25th ultimo, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the payment of Rs. 500 from surplus cash balance to meet refund of that amount to Messrs. Hyder Ali Kassum Ali & Co., deposited by them in 1881, in connection with the drainage of their premises at Byculla, which work was subsequently carried out by them at their own expense."

No. 5090. *Resolved*: "That the following be *recorded*:—Memorandum to the Secretary, No. 13258, dated 26th ultimo, from the Deputy Commissioner, forwarding letter to himself, No. 4581—115, dated 19th idem, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost (1), Rs. 26,744-8-11, of departmental works, and (2), Rs. 2,889-8-8, of private works done up to 15th of same, in respect of the alterations of the water-supply in various parts of the City in connection with the special measures adopted for the suppression of the bubonic plague, these statements including all previous expenditure under these two heads."

Read letter to the Secretary, No. 13463, dated 27th ultimo, from the Deputy Commissioner, forwarding, for the information of the Committee, copy of the Acting Water Engineer's letter No. 4554—53 of the 18th idem, as under:—

SIR,—I have the honour to report that on the morning of Sunday, the 8th instant, a burst occurred on the 32" Vehar main between Dadar and Matunga by the side of the G. I. P. Railway Line. The 32" pipes at this place are about 6 to 9 feet below mean level and 3 to 5 feet below the adjoining ground. I regret that the repairs to the burst were not completed till the morning of Wednesday, the 11th instant, owing to reasons given above as well as to the incessant pouring of the rain which rendered the pumping of the water from the pipes very difficult notwithstanding the very hard work performed by the staff day and night. I must here state for your information that some days previous to this burst the sup-

ply of Vehar water through the 32" main had to be stopped now and then. The main was recharged only on the morning previous to the burst. Even on that day the Vehar supply was limited to a portion of the City, which kept more than usual pressure in the main, and on the evening of the 7th the pressure had gone up nearly to 68 lbs., or almost equal to that due to Vehar level. The pressure, however, suddenly fell down to 35 lbs. at night and remained so till the morning when the burst was discovered. This shows that the pipe must have cracked during the night, and some water must have escaped through the crack. The cause of the burst is attributed to the inability of the pipe to bear an additional invariable pressure brought upon it. The pipe where the fracture took place was much corroded and reduced in thickness.—I have, &c., N. D. BHADA, C.E., Acting Water Engineer.

Resolved :" That the following be *recorded* :—Letter to the Secretary, No. 13463, dated 27th ultimo, from the Deputy Commissioner, forwarding letter No. W-4554—53 of the 18th idem from the Acting Water Engineer, reporting the occurrence, on the 8th of same, of burst on the 32" Vehar main by the side of the G. I. P. Railway Line between Dadar and Matunga stations."

No. 5091.

Read letter to the Commissioner, No. 6826, dated 29th ultimo, from the Executive Engineer, as under :—

SIR,—I have the honour to state that, as desired by the Standing Committee in their Resolution No. 13707 of 10th March 1897 Mr. Sitaram Luxumon, the owner of the land required for the Currey Road overbridge, was requested in this office No. 110 of 2nd April 1897 to state whether he would reduce the rate demanded by him for his land at Currey Road, and whether he would modify the terms on which he had offered to part with it. 2.—Mr. Sitaram in his reply, dated the 26th April 1897, a copy of which is attached hereto, states that the terms mentioned in his Solicitors' letter were open to the Municipality until 31st March 1897 and that he will not part with the land except on the new terms mentioned in this letter which were open to the Municipality for acceptance till 30th June 1897. In these terms the rate for the land as well as for the structure standing thereon have been increased, the former from Rs. 4-4-0 to Rs. 5 per square yard and the latter from Rs. 1-2-0 and Rs. 2-4-0 to Rs. 1-6-0 and Rs. 2-12-0, for single and upper storeyed buildings respectively, and an item of interest at 9 per cent. per annum chargeable on the purchase-money from 1st February 1897 has been inserted. 3.—Endeavours have been made to persuade Mr. Sitaram Luxumon to modify his terms and conditions, and after a good deal of persuasion he has agreed to certain others which are embodied in his letter of

the 14th instant, a copy of which is hereto annexed. From this letter it will appear that the rate for the land has been increased from Rs. 4-4-0, which was originally mentioned in Mr. Sitaram's Solicitors' letter, dated 3rd December 1896, to Rs. 5 per square yard, but there seems to be some justification in his doing so, as the ground has since been levelled and filled up by him. The remaining terms and conditions are the same as those mentioned in his Solicitors' letter above referred to, with the exception of the item of interest which he now claims at 6 per cent. per annum instead of 9 per cent. from 1st February 1897, and of the extension of the period to the 31st December 1897 for the completion of the purchase 4.—The total cost of the acquisition on the above terms will be about Rs. 7,400.—I have, &c., M. C. MURZBAN, Executive Engineer.

No. 64.

BOMBAY, *14th August* 1897.

MUNCHERJI C. MURZBAN, ESQ., C.I.E.,
Executive Engineer, Bombay Municipality.

SIR,—With reference to the last interview in the office, I submit the following terms on which I am prepared to part with my land required by the Municipality for the Currey Road overbridge at Currey Road, and these terms should be considered as final :—(1) The Municipality to pay me Rs. 5 per square yard as and for the value of the land. (2) They pay me in addition Rs. 1-2-0 per square foot for the building which has no storey over it and Rs. 2-4-0 per square foot for the building having a storey over it. (3) The materials of the buildings to belong to and be the property of mine and to be removed by me at my own expense. (4) The Municipality to pay 15 per cent. over the gross amount of the compensation money for compulsory acquisition. (5) The boundary line should be the same as scored yellow in plan marked $\frac{\text{J. N.}}{18\text{-}12\text{-}96}$. (6) The Municipality to pay me the interest at 6 per cent. per annum on the compensation money from 1st February 1897 until the completion of the purchase, but under any circumstances not later than 31st December 1897. (7) The Municipality to pay all costs attending the preparation of the deed of conveyance, including stamps, registration and charges. I hope you will be good enough to favour me with an early reply.—I have, &c.,

SITARAM LUXUMON, Contractor.

Resolved : "That memorandum to the Secretary, No. 13073, dated 25th ultimo, from the Commissioner be forwarded to the Corporation with reference to their Resolution No. 13654 of the 8th March last, as per margin, with the recommendation that sanction be given to the purchase from Mr. Sitaram Luxumon of land at No. 17, Currey Road, admeasuring 810·55 square yards, or thereabout, and buildings standing thereon, the same being required for part of the site of the eastern approach to the overbridge to be constructed thereat.

No. 5092.

"That the question of the rate of purchase-money to be paid to Mr. Sitaram Luxumon for land at Currey Road be referred to the Standing Committee."

"That, under this arrangement, the Municipality pay Rs. 5 per yard for the said ground and Rs. 1-2-0 additional per square foot for the building without upper storey and Rs. 2-4-0 extra per square foot for the building with upper storey.

"That the materials of the buildings in question shall belong to and be the property under this purchase of the vendor who shall remove them from the ground purchased as above at his own expense.

"That the Municipality pay 15 per cent. over the gross amount of the purchase-money for compulsory acquisition.

"That the boundary line between the property so taken up by the Corporation and the land retained by the vendor be as shown on the accompanying plan marked $\frac{J.N.}{18\text{-}12\text{-}96}$.

"That the Municipality pay interest to the vendor at the rate of six per centum per annum on the amount of purchase-money from the 1st day of February 1897 until the completion of the purchase which, under any circumstances, shall be completed not later than 31st December next.

"That the Municipality pay all costs attending the preparation of the deed of conveyance, including stamps, registration and charges."

Proposed by Nanabhai N. Katrak, Esq., seconded by Kaikhosro N. Kabraji, Esq.—

"That the following be referred to the Commissioner for favour of remarks :—Letter to the Chairman, dated 25th ultimo, from Mr. Pallonji Nowroji Pavri, complaining of alleged nuisance in Mint

No. 5093.

Road arising from the drains or municipal stores deposited thereat or from the gas mains."

Amendment, moved by T. W. Cuffe, Esq., seconded by Ibrahim Rahimtoola, Esq.—

That the following be referred to the Commissioner for disposal :—Letter to the Chairman, dated 25th ultimo, from Mr. Pallonji Nowroji Pavri, complaining of alleged nuisance in Mint Road arising from the drains or municipal stores deposited thereat or from the gas mains.

On a division, the amendment was *lost*, and the original motion was *carried*.

Considered again the following :—

Resolution of the Corporation, No. 4753, of the 16th ultimo, as under :—"That the question of the fee to be charged to Mr. Dhondiba Krishnaji be referred back to the Commissioner and the Standing Committee with the view of their reconsidering the amount of fee to be charged to Mr. Dhondiba."

Letter to the Secretary, No. 13142, dated 25th ultimo, from the Deputy Commissioner, reporting with reference to the resolution as above.*

Proposed by Nanabhai N. Katrak, Esq., seconded by K. M. Shroff, Esq.—

"That letter to the Secretary, No. 13142, dated 21st ultimo, from the Deputy Commissioner, be forwarded to the Corporation with reference to their Resolution No. 4753 of the 16th idem, and with the expression of the Standing Committee's opinion that the amount levied from Mr. Dhondiba Krishnaji in respect of his private market, Parel Road, should be Rs. 640 as previously proposed by the Commissioner."

No. 5094.

Carried.

Resolved : "That the following be *recorded* :—Letter, dated 30th ultimo, from Mr. Nadirshaw H. E. Sukhia, L.M.S., offering remarks in connection with the filling up of a well at Bhandari Street as approved by the Committee on the 25th idem."

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 29th August 1897.†

* See Proceedings of the Standing Committee of the 25th August 1897.

† *See* Appendix **B**.

Resolved : "That the following be referred to the Commissioner for favour of remarks :—Letter, dated this day, from Messrs. Dhondu Koli and Ramji Koli, requesting that the notice served on them requiring them to set back their house at old Sonapur Lane may be withdrawn and the house allowed to remain in its present position."

No. 5096.

Read and *recorded* letter to the Secretary, No. 13733, dated this day, from the Commissioner, as under :—

No. 5097.

SIR,—I have the honour to report, for the information of the Standing Committee, that I have appointed Mr. W. E. Waite, of the Bombay, Baroda and Central India Railway Audit Department, Chief Accountant.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : "That the following be forwarded to the Commissioner for disposal and that Messrs. B. Smith & Co. be informed accordingly :—Letter to the Committee, dated this day, from Messrs. B. Smith & Co., forwarding samples of electrozone and meditrina and offering to supply the Municipality with either of these disinfectants at a very low figure."

No. 5098.

Resolved : "That the following be forwarded to the Commissioner in continuation of the Standing Committee's Resolution No. 2535 of the 9th June last :—Letter to the President, dated 31st ultimo, from Mr. Govindji Ramji, asking for the removal of urinal from the neighbourhood of his house at Khoja Street."

No. 5099.

Read letter to the Commissioner, No. 7080, dated 27th ultimo, from the Executive Engineer as under :—

SIR,—I have the honour to state that several ineffectual attempts were made both during the last and current years to sell by public auction after notifying the same by beat of *bataki* or by private offers the rights of gathering fruit and drawing toddy from the cocoanut, palm and other fruit trees standing in the *oarts* at Dadur purchased from Mr. Narsi Mahadev and Bai Sunabai Rustomji H. Bamji and also for occupying a small house in the latter *oart*, but no reasonable offer could be obtained up to lately, when one Mr. Mohidin Abu Bukur offered to purchase the rights at the following rates :—

Particulars.	For one year.			For three years.		
	Rs.	a.	p.	Rs.	a.	p.
For gathering fruits and tapping trees in Mr. Narsi Mahadev's *oart*	35	0	0	40	0	0
For gathering fruits, tapping trees and occupying a small house in Bai Sunabai's *oart*.	60	0	0	90	0	0

The offer for the three years being more favourable than that for one year, I would recommend the letting of the rights for a term of three years. Mr. Mohidin Abu Bukur has agreed that, whenever the whole or any portion of the ground is required for Municipal purposes, he would give up such ground as may be so required. A proportionate reduction in the amount to be paid by him will in such case be allowed to him. The amounts realised on the last occasions, when the said rights were sold, were Rs. 40 for the first of the said rights from 1st July 1895 to 30th June 1896 and Rs. 70 for the second from 11th December 1895 to 10th December 1896.—I have, &c., M. C. MURZBAN, Executive Engineer.

No. 13667 OF 1ST SEPTEMBER 1897.

Copy forwarded to the Standing Committee for favour of sanction to the offer for three years being accepted.

P. C. H. SNOW, Commissioner.

Resolved: "That memorandum No. 13667, dated this day, from the Commissioner giving cover to letter No. 7080 of the 27th instant from the Executive Engineer be forwarded to the Corporation with the recommendation that sanction be given to the acceptance of offers made by Mr. Mohidin Abu Bukur for the following rights for a period of three years :—(1) of collecting fruit and tapping trees standing in *oart* at Dadur purchased by the Municipality from Mr. Narsi Mahadev, Rs. 40 per annum ; and (2) of gathering fruit, tapping trees and occupying a small house in *oart* thereat purchased from Bai Sunabai Rustomji H. Bamji, Rs. 90 per annum."

No. 5100.

SIR,—I have the honor to report that I do not know whether by the words "branch pipes" the service pipes which feed the lamps with gas, or whether subsidiary street mains branching off from the principal supply main, are meant. 2.—There is no doubt that what is wanted is to ascertain the pressure of gas at its outlet in the lamps, but this is practically impossible as it would necessitate the fixing of pressure gauges to the lamp service pipes, and there are no less than 3,600 of them in the city. 3.—There is, however, a way of testing the pressure of gas at the burners by fixing temporary test-tubes in place of the burners. This was proposed by me at the time the contract was being renewed, but the Gas Company having objected to it, the proposal had to be abandoned. 4.—Under existing arrangements, three of the registers are fixed to the principal supply main and the remainder, namely, seven, to the subsidiary branch pipes in different places.—I have, &c., M. C. MURZBAN, Executive Engineer.

SIR,—In reply to the several questions put to me in the Standing Committee regarding the state of the DeLisle Road sewer, I have the honour to state that the sewer has not deteriorated nor has it been worked with greater difficulty this monsoon. The new additional 18″ sewer laid in DeLisle Road from Arthur Road to the Clerk Road ovoid sewer already affords assistance to the old sewer because on observation it has been found to be running full-bore and it has no other connections than those with the original sewer. The application of the Shone system to the northern part of DeLisle Road and the newly laid pipe sewer together will eventually entirely dispose of the sewage of DeLisle Road from its northern end to Clerk Road and the old 18″ pipe sewer will then be abandoned.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved: "That the following be *recorded*:—Letter to the Secretary, No. 14348, dated 6th instant, from the Commissioner, stating that he has sanctioned the employment of two extra farriers on Rs. 20 each per mensem to assist in attending the bullocks attacked with foot-and-mouth disease during the prevalence of the epidemic, the Health Officer reporting that there are now 101 bullocks in the bullock hospital suffering from the disease. The cost to be debited to the grant for discretional contingencies."

P. C. H. SNOW, Esq., I.C.S., Commissioner; the ACTING CHIEF ACCOUNTANT; and the SECRETARY.

The minutes of the meeting held on the 8th instant were signed.

The seal of the Corporation was affixed to the following 31 Municipal debentures, aggregating Rs. 19,000 :— six attested duplicate debentures of the Sanitary Works Loan of 1885, Nos. 5328 to 5333 N.N., of Rs. 500 each ; three attested duplicate debentures of the Tansa Water Works Loan, Nos. 13698 and 99, of Rs. 500 each ; and 10683/84 of Rs. 1,000 ; twenty-two attested duplicate debentures of the Tansa Water Works Loan, Nos. 14737/38, 14739/40 and 14741/42, of Rs. 1,000 each ; Nos. 15337, 15353, 15868, 17058, 17062, of Rs. 500 each ; Nos. 17445/46, 17465/66, 17467/68, of Rs. 1,000 each ; and Nos. 17519, 17653, 17832, 17833, 17839, 17843, 17865, 17874, 17887, 17891 and 21020, of Rs. 500 each.

Considered letter to the Secretary, No. 14538, dated 8th instant, from the Commissioner as under :—

SIR,—I have the honour to state that the Executive Engineer has arranged with Mr. C. T. Elton, one of the District Engineers of the G. I. P. Railway, to give evidence on behalf of the Municipality in a case brought by one Mr. Wasudev Ramchandra in the Bhiwandi Court for damages alleged to be caused to his fields at Anjoor on account of the Municipality having obstructed the natural flow of water by constructing bridges and bunds. The conditions on which Mr. Elton has agreed to give evidence are that he will accept a fee of Rs. 100 a day for each day he has to go to Bhiwandi or elsewhere to attend the Court *plus* actual travelling expenses and Rs. 10 for each hour, and under,

that may be spent by him in consultation either at the Executive Engineer's office or with the Municipal Solicitors at their office. As the Executive Engineer considers that the charges are fair, I request the sanction of the Standing Committee to the proposal. As Mr. Elton is required at the Solicitors' office on Wednesday morning, I have sanctioned the fees in anticipation of the Standing Committee's concurrence.—I have, &c., P. C. H. SNOW, Commissioner.

No. 5593. *Resolved*: "That, as applied for by the Commissioner in his letter to the Secretary, No. 14538, dated 8th instant, sanction be given to an agreement being entered into with Mr. C. T. Elton, District Engineer, G. I. P. Railway, under which he will give evidence on behalf of the Municipality in a case brought by Mr. Wasudeo Ramchandra in the Bhiwandi Court for damages alleged to be caused to his fields at Anjoor on account of the Municipality having, as he states, obstructed the natural flow of water by constructing bridges and bunds thereat. Mr. Elton to give evidence on payment by the Municipality to him (1) of a fee of Rs. 100 a day for each day that he attends the Court at Bhiwandi or elsewhere *plus* actual travelling expenses; and (2) Rs. 10 for each hour, or portion of an hour, that may be spent by him in consultation either at the Executive Engineer's office or with the Municipal Solicitors at their office."

Proposed by Cowasjee Hormusjee, Esq., seconded by T. W. Cuffe, Esq.—

No. 5594. "That, in expressing their deep regret at the death, on the 10th instant, of their late esteemed colleague, the Hon'ble Mr. Abdalla Meherali Dharamsi, B.A., LL.B., the Standing Committee desire to place on record their high appreciation of the many and valued services rendered to the City by the deceased gentleman not only as a leading member of the Municipality but as a member of the Legislative Council and as a warm friend and supporter of education and of all movements intended for the welfare of the inhabitants of Bombay. Appointed as a Municipal Councillor in the year 1886, the hon'ble gentleman, by his constant application to the interest of the City, secured the entire confidence of his colleagues, and at the beginning of 1890 was elected to serve on this Committee, whilst in 1894 he was promoted to the distinguished post of President of the Corporation.

"That a copy of this resolution be forwarded to the family of the deceased with the assurance of the Standing Committee's sincere condolence with them in their heavy bereavement."

Carried.

No. 5595. On the application of the Commissioner, the reporters for the newspapers were asked to withdraw, and the Committee considered letter dated this day, No. 14920, from the Commissioner to the Secretary, and telegram from the Government of Bombay, P.-1453 of the 10th instant, regarding the raising of loan funds referred to in the Corporation's Resolution No. 5548 of the 9th of the same.

The Secretary was requested to place the record of this reference on the file of Confidential Papers, No. 280.

No. 5596. It was agreed that, as a mark of respect to the memory of the late Hon'ble Mr. Abdalla M. Dharamsi, the Committee having disposed of the two foregoing urgent matters do now adjourn.

The Committee then adjourned to Thursday, 16th instant, at 4 p.m.

BOMBAY, *16th September* 1897.

AT the adjourned meeting of the Standing Committee held this day, there were present :

THE HON'BLE MR. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., Chairman.

COWASJEE HORMUSJEE Esq., G.G.M.C. ; T. W. CUFFE, Esq ; H. G. GELL, Esq.; IBRAHIM RAHIMTOOLA, Esq. ; KAIKHOSRO N. KABRAJI, Esq. ; K. M. SHROFF, Esq. ; PROFESSOR O. V. MULLER, M.A. ; NANABHAI NAVROJI KATRAK, Esq., L.M.&S. ; ACCACIO GABRIEL VIEGAS, Esq. L.M.&S.

P. C. H. SNOW, Esq., I.C.S., Commissioner; the EXECUTIVE ENGINEER ; and the SECRETARY.

Pending the arrival of the Chairman, who was detained by professional business, it was agreed on the motion of A. G. Viegas, Esq., seconded by K. M. Shroff, Esq.—

"That Mr. Cuffe do take the chair."

The minutes of the meeting held on the 13th instant were signed.

The Hon'ble Mr. Bhalchandra K. Bhatawadekar having arrived at this stage, Mr. Cuffe vacated the chair.

No. 5622. *Resolved* : "That, as recommended by the Commissioner in his letter to the Secretary, No. 14507, dated 8th instant, the Standing Committee approve of the acceptance of the offer of Mr. A. K. Patel for the supply of cast-iron frames, covers and steps for manholes for the Mazagon Sectional Sewerage District at the cost of Rs. 11,645, to the debit of the grant of Rs. 3,30,072, provided in the Budget (Loan Works), 1897-98, for such sectional sewerage.

"That, under the terms of section 72 (3) of the Municipal Act, the Committee dispense with the invitation of tenders, which would otherwise be necessary, as the offer of Mr. A. K. Patel is the lowest of the four offers received and is considered advantageous to the Municipality."

No. 5623. *Resolved* : "That, as applied for by the Commissioner, in his letter to the Secretary, No. 14537, dated 8th instant, sanction be given to the Commissioner's authorizing the Bank of Bombay to pay Bai Krishnabai, widow of Bapuji Vishvanath Kele, of Poona, the accrued and the future interest on six debentures, Nos. 14975, 15542, 15543, 15544, 15545 and 15546, of the Tansa Water Works Loan, of the value of Rs. 500 each, bearing interest at 5 per cent., which are stated to have been lost by her : provided that she executes the necessary indemnity bond in conjunction with two approved sureties certified by the Deputy Collector, the Treasury Officer, or by a Magistrate of Poona, to be the owners of landed properties in that city of sufficient value to cover their respective liabilities ; and on Bai Krishnabai undertaking to pay the usual fees and charges claimed by Government in such cases.

"That sanction be also given to the principal amount of the above enumerated debentures being repaid to Bai Krishnabai, her executors or assigns, six years after the date of repayment of the loan, namely 1st January 1933, on a further indemnity bond being executed in conjunction with two approved sureties."

Resolved: "That, as applied for by the Commissioner in his letter to the Secretary, No. 14536, dated 8th instant, sanction be given to the filing of an interpleader suit in the Court of Small Causes for determining the claims of the person entitled to compensation in respect of 30·18 square yards, or thereabout, of land taken up and added to the road in front of building at Nos. 259—261, Doctor Street."

No. 5624.

Read letter to the Commissioner, No. 7510, dated 3rd instant, from the Executive Engineer as under:—

SIR,—I have the honour to state that negotiations were opened with the owners of the several properties referred to, with a view to ascertain the prices at which they would part with the properties. They demand such exorbitant prices that it is not considered desirable to proceed further in the matter.

2. I assume that the Standing Committee desire to know what the probable cost of the acquisition would be. I roughly estimate it at Rs. 1,60,000. This amount is based on the income obtained by rents as registered in the Assessor's books.

3. When cases of this nature are taken into Court, the assessed rents are disputed by the owners, and in nine cases out of ten the parties are able to prove by the evidence of their tenants that the actual rents are in excess of those assessed.

4. Most probably the acquisition, if decided upon, will have to be made under the Land Acquisition Act. It is therefore difficult to say what amount the Collector would award; but, under any circumstances, an addition of 15 per cent. to the above amount will have to be made for compulsory acquisition.

5. The total cost of making the proposed improvement will therefore be about Rs. 1,84,000 as shown below:—

Value of properties	Rs. 1,60,000
Add 15 per cent. for compulsory acquisition ...	„ 24,000
	Rs 1,84,000

6. It now rests with the Standing Committee and the Corporation to finally decide whether the improvement should be carried out now or deferred.—I have, &c., M. C. MURZBAN, Executive Engineer.

"That the Report of the Committee of the Corporation dated 26th January last, on the question of general improvement of Musjid Bunder Road be approved and adopted.

No. 13894.

"That, on the recommendation of the Standing Committee, the Corporation will be prepared to sanction the estimated cost of acquiring the three following properties:—(1) at the junction of Musjid Bunder Road and Kazi Street, the property of Mr. Gokuldas Kaliarji and the small building abutting on Kazi Street immediately in rear of the above property and belonging to Messrs. Pasu Alanji & Co.; (2) at the southern junction of Musjid Bunder Road and Dongri Street, the property of Mr. Narsi Natha; (3) at the junction of Naran Dhuru Street and Musjid Bunder Road, the property of Messrs. Vally Mahomed Peer Mahomed and Dost Mahomed Peer Mahomed."

"That, having regard to the terms of the Executive Engineer's Report as to the heavy outlay that would be involved by the taking up of the properties in question, the Standing Committee will await a further reference from the Corporation before making any recommendation on the subject of the proposed outlay."

No. 14391.

BOMBAY, *7th September* 1897.

To THE MUNICIPAL SECRETARY.

SIR,—In reference to the Standing Committee Resolution No. 4956 of the 25th ultimo, I have the honour to state that Shaik Abdul Rahiman Shaik Ismail was employed in the Health Department as an extra Sub-Inspector on Rs. 20 per mensem on the 12th December 1896 and worked as such up to the 11th March last, and from the 13th idem he was transferred to the Colaba Plague Hospital as Hospital Assistant and died on the 17th April following. The Executive Health Officer reported, on the 11th May last, that the widow might be given a gratuity of Rs. 100 as he thought there was no doubt that the man had contracted the disease while on duty.

2. The widow also made an application to the Plague Committee for some gratuity. Surg.-Lt.-Col. H. A. L. Howell, under whom the deceased was serving, reported about him as follows:—"Sheik Abdul Rahiman was Assistant Surgeon at the Jamsetji Bandar Hospital. He was very hard working and reliable man, and did not spare himself in ministering to the wants of the patients. As a result he contracted bubonic fever and succumbed in a couple of days."

3. In forwarding this application to me, the Chairman, Plague Committee, stated that the Committee proposed to grant the petitioner a donation of Rs. 100 from the funds placed at their

disposal for the relief of such cases. As the case was a hard one, I recommended to the Committee that the widow should be paid Rs. 200 compensation out of the Plague Grant.

4. I may point out that the case of the widow of Dr. Purshottam Naranji Dawda is quite different from the present one. Dr. Dawda was in receipt of Rs. 250 per month, and I recommended that his widow should be paid a gratuity of Rs. 250, but the Standing Committee raised the amount to Rs. 1,000.

5. If the Standing Committee consider that the amount of the gratuity should be raised, I suggest that Rs. 300 may be granted to the applicant with the sanction of the Corporation.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 5626. *Resolved* : "That letter, dated 17th ultimo, from Nanoobai, widow of Shaik Abdul Rahman bin Shaik Ismail, late Hospital Assistant attached to the Plague Hospital, Colaba, and letter to the Secretary, No. 14391, dated 7th instant, from the Commissioner reporting thereon, be forwarded to the Corporation with the recommendation that sanction be given, under the terms of the proviso to rule 22 of the Pension Regulations, to the payment of compassionate allowance of Rs. 300 to the said Nanoobai in consideration of the deceased having died of an attack of bubonic plague while in the execution of his duties. The charge to be debited to the grants for the suppression of the plague."

BOMBAY, 20*th February* 1897.

To THE CHAIRMAN, STANDING COMMITTEE
OF THE MUNICIPAL CORPORATION, BOMBAY.

SIR,—I have the honour to lay before you the following facts and I hope that due notice of the same will be taken as I have failed to get the necessary redress from the Health Department. In front of my bungalow at No. 26, Middle Colaba, there are two dust-bin carts, and they are located in such a close proximity to the boundary wall that the stench arising from them is intolerable and has already caused sickness in my family. Those fore-runners of the plague, *viz.*, dead rats, have already appeared within the precincts of the property, and we are afraid of serious consequences, notwithstanding our having taken the usual precautions of disinfecting and limewashing, painting, &c., the whole premises, unless immediate steps are taken by the Health Department to remove the two dust-bin carts and have them placed at a distance. Some time back a complaint was made to the Health Department, but to no purpose ; so I am obliged to have recourse to your board in the full hope that a ready relief will be given to me and my family.—I have, &c.,

K. J. MODY.

No. 19226 OF 2ND SEPTEMBER 1897.

To THE MUNICIPAL COMMISSIONER.

It is a most difficult matter to find places for our dust-bin carts which will be free from objection or complaint from some person, and owing to the great distance Colaba is from the place of disposal, refuse at times may not be removed as quickly as it is produced, and the carts can only do a fixed amount of work. I have removed one cart to another position. One remedy for a number of such complaints is an increase in the number of carts and bullocks, so that refuse can be more quickly removed.

Considered again letter, dated 2nd April last, from Mr. Adarji Cowasji Cooper, on the subject of a drain near his premises at Khetwadi 4th and 5th Lanes for the carriage of water from a well thereat (see Proceedings of the Standing Committee of the 7th April 1897).

Read the following :—

No. 7849 OF 7TH SEPTEMBER 1897.

To THE MUNICIPAL COMMISSIONER.

MR. C. C. Borges having removed a 6″ pipe drain and cut off the connection of premises No. 16 in Khetwadi 4th Lane belonging to the applicant, he was requested to restore the connection which he promised to do after the completion of a new building which he was at the time erecting in that lane. The building has recently been completed, but the connection has not yet been restored. The Deputy Engineer, Drainage, is, therefore, taking action against Mr. Borges under section 258 of the Municipal Act to compel him to restore the connection.

Read letter to the Commissioner, No. 7945, dated 9th instant, from the Executive Engineer, as under:—

SIR,—I have the honor to report that the Corporation having sanctioned, under their Resolution No. 1823 of 13th May 1897, the acquisition of Mr. Cama's land at Deonar bounded by green lines on the accompanying plan, for the deposit of *kutchra*, the Government have accorded their sanction to effect this acquisition under the Land Acquisition Act. In addition to this land, it will be necessary to acquire a strip of land 100 feet in width and situated between it and the Kurla station for the construction of a railway line for the conveyance of the *kutchra*. 2.—Portions of this strip of land, coloured red, belongs to the Bombay Municipality; that coloured black also belongs to the Bombay Municipality, being held on a lease from Government; that coloured blue belongs to Government itself, and the remaining portions coloured yellow belong to private individuals. 3.—To expedite the completion of the works for the future disposal of *kutchra*, it is necessary to acquire without delay the Government land and that belonging to private individuals, above referred to, so that the railway line may be commenced after the rains and the whole work completed before the commencement of the next rains. 4.—It will not be practicable to acquire the land belonging to private individuals by private negotiations. 5.—Under the circumstances, I beg to request the favour of your obtaining the sanction of the Standing Committee (*a*) to the purchase of the Government land coloured black and blue on the plan, (*b*) to the acquisition of the pieces of land coloured yellow under the Land Acquisition Act, and (*c*) to an application being made to Government to put the Municipality in possession of the land belonging to private individuals before the 1st of November next, the Municipality agreeing to pay, in addition to the value of the land, interest on the amounts that may be awarded by the Collector at the rate of 6 per cent. from the date on which possession may be given to the Municipality to the date of payment of compensation. 6.—A detailed estimate of all the works in connection with the works for the future disposal of *kutchra* is under preparation and will shortly be submitted.—I have, &c., M. C. MURZBAN, Executive Engineer.

No. 5698.

Resolved: "That, as applied for by the Deputy Commissioner in his memorandum No. 15319, dated 16th instant, sanction be given to the transfer of Rs. 400 from savings in the budget grant for Markets and Slaughter Houses, Section 6, Meat Carriage, to Section 9, to meet the cost of printing additional books and forms, Market Department, as revised and sanctioned by the Commissioner."

No. 5699.

Read letter to the Secretary, No. 15318, dated 16th instant, from the Deputy Commissioner as under :—

SIR,—I have the honour to state that Mr. Balabhai Jairam, a clerk in the Water Works Department, died on 24th December last, and his widow has applied for compassionate allowance under the rules. She is entitled to receive a compassionate allowance of Rs. 455-11-0. There is, however, a balance of only Rs. 276-0-3 from the last year's renewed grant for pensions and gratuities. A sum of Rs. 179-10-9 is therefore required to make up the above-mentioned amount of compassionate allowance. I have to request the sanction of the Standing Committee and the Corporation to the difference, *viz.*, Rs. 179-10-9, being met out of surplus cash balance.—I have, &c., J. H. DUBOULAY, Deputy Commissioner.

Resolved: "That letter to the Secretary, No. 15318, dated 16th instant, from the Deputy Commissioner, be forwarded to the Corporation, with the recommendation that sanction be given to the grant of Rs. 179-10-9 from surplus cash balance to meet the difference between the amount, Rs. 455-11-0, of compassionate allowance payable to the widow of Mr.

No. 5700.

Balabhai Jairam, late clerk, Water Works Department, and the available balance, Rs. 276-0-3, of the grant renewed from last year for pensions and gratuities."

Read letter to the Secretary, No. 15477, dated 17th instant, from the Commissioner as under :—

SIR,—I have the honour to state that Messrs. Dhunjisbah Sorabji N. Cooper and Burjorji Sorabji N. Cooper, sons and two of the executors of the late Mr. Sorabji Navroji Cooper, have applied to me for a compassionate allowance on his behalf. The deceased rendered service aggregating 31 years 10 months and 28 days and contributed Rs. 8,453-0-2 to the Pension Fund, and according to rules his children are entitled to a compassionate allowance of Rs. 14,400. As this amount cannot be met out of the sum reserved in the current year's budget for sundry gratuities, &c., I request the sanction of the Standing Committee and the Corporation to the payment thereof out of surplus cash balance.—I have, &c., P. C. H. SNOW, Commissioner.

No. 5701. *Resolved* : "That letter to the Secretary, No. 15477, dated 17th instant, from the Commissioner, be forwarded to the Corporation, with the recommendation that sanction be given to the grant of Rs. 14,400 from surplus cash balance to provide for the compassionate allowance payable to Messrs. Dhunjisha Sorabji N. Cooper and Burjorji Sorabji N. Cooper, as the sons and (two of the) executors of Mr. Sorabji Navroji Cooper, late Chief Accountant."

No. 5702. *Resolved* : "That, with reference to the Commissioner's letter to the Secretary, No. 15360, dated 16th instant, the Standing Committee approve, under the terms of the Section 381 of the Municipal Act, III of 1888, of notice in writing being served on Bai Dhunbaiji requiring her to fill up the pool of foul water on her land adjoining the Municipal latrines in the village of Sivri Koliwada, as the pool causes a nuisance, and during the prevalence of the plague in the village Mr. Hankin discovered plague bacilli in the water thereof, and as the Health Officer is of opinion that on sanitary grounds it is desirable to have the pool filled up."

To THE COUNCILLORS OF THE MUNICIPAL CORPORATION, BOMBAY.

GENTLEMEN,—I humbly beg to request that you will be pleased to allow me to trespass your precious time upon the following circumstances herein narrated, with a sanguine hope to have your mature

---

* *Causes of death*:—1 fever and over-extension of the stomach, 1 enlargement of the spleen and liver, 1 heart disease, 1 destroyed. Total 4.
Where died:—3 died and 1 destroyed at Bandora Slaughter Houses. Total 4. Of these, 1 was purchased in 1888, 1 in 1890, 1 in 1892 and 1 in 1894.

† The Chief Accountant in his letter to the Commissioner, No. 2935, dated 22nd September 1897, reports that the balance remaining to the credit of the above account, after effecting the transfers now reported, stands as under:—

In fixed deposit for one year from 1st October 1896 at 3½ per cent. interest per annum with the Hongkong and Shanghai Banking Corporation	Rs. 1,50,000
In Cash	„ 1,54,375

consideration in the matter. I made a complaint to the Health Officer on the 3rd October 1895, that his sweepers do not scavenge the excremation matter regularly daily at my properties on Gilder Street, whereupon he engaged a service of special halalcore to scavenge privies, and now he wants to charge me Rs. 28-4-7 per month, in spite of my paying halalcore taxes under the rateable value. I do not see why a special halalcore require to serve at my premises in addition of ordinary halalcore. Whereupon a correspondence passed between me and the Health Officer and the Municipal Commissioner on the subject, but in vain; and at last the Commissioner has informed me that he will charge me as aforesaid from the 1st October next. You will observe that every owner has got lots of properties in one oart, and the Municipality charges halalcore tax in respect of each separate property, although the large number of privies have been built in one line in one corner for the use of the tenant of those several premises. Am I to understand that the Municipality is required to render the services of special halalcore in addition to the ordinary halalcore and to charge the owner separately by month? The officers in charge, who frequents to superintend the work and to cause to scavenge excremation matter of privies regularly there, would be no cause of complaint, nor there will be necessity of engaging special halalcore with the ordinary halalcore. The ordinary halalcore empty the excremation matter in gully traps and other drain pipes attached to the premises instead of removing away to the proper station, and in consequence of such cause of complaints ought to be abated by the Municipal authorities. On the contrary, the Municipal officers wanted to charge the owner for rendering the services of special halalcore, which is a great matter of regret. You will observe that the properties in question, as well as several other properties in the town, have been built together in lots before the Municipal Act of 1865 came into force, and since the polluted matter used to scavenge through the agency of the Municipality and the Municipality used to charge whole in one halalcore charge, but not under special rate as aforesaid.

Under these circumstances I humbly pray that, as representatives of the rate-payers, you will ask the Municipal Commissioner not to charge me as aforesaid and relieve me from the burden of the payment of heavy extra charge with your merciful hands, and also will seek the remedy to save general bodys and public interest in the matter as you think proper. And by your doing so, I shall pray for your long life and prosperity.—I beg, &c.,

No. 15712 OF 1897-98.

BOMBAY, 22*nd September* 1897.

To THE MUNICIPAL SECRETARY.

SIR,—With reference to Standing Committee Resolution No. 5398 of 26th August 1896, I have the honour to state that the Health Officer reported on the 23rd April 1896 that the privies belonging to the property, ward No. 2740, at Gilder Street, owned by Mr. Kooberdass Harichand Purshotumdas were in a very dirty condition, and that to keep them clean a whole-time halalcore, and in addition the assistance of an ordinary halalcore was necessary. He further stated that the quantity of excrementitious and polluted matter from this property having been checked for five consecutive days, it was found that on an average 7¾ basket-loads of matter had to be dealt with. Special halalcore service was therefore ordered under section 172, and a special charge levied in accordance with the rate sanctioned for the purpose by the Standing Committee. I see no reason to modify the charge.—I have, etc., J. H. DUBOULAY, for Commissioner.

No. 5839.

Resolved : " That, with reference to undated letter from Mr. Kooberdas Harichand complaining of the levy of special halalcore tax in respect of his property at Gilder Street, the Standing Committee beg to report that the Commissioner states that, owing to the heavy nature of the service required at the premises in question, a whole-time halalcore has to be employed in addition to the services of an ordinary halalcore. That the charge levied is in accordance with the rate sanctioned for the purpose by the Standing Committee, and that the Commissioner sees no reason why the charge should be modified."

To H. W. BARROW, Esq.,

Secretary to the Municipal Standing Committee,

Bombay.

SIR,—We, the inhabitants of the 1st and 2nd Pathan Streets, have this day forwarded an application to the President of the Municipal Corporation, stating therein a complaint for removing the dirty condition of the said streets, gutters, by-lanes, stables and katchra-carts, &c., which, we hope, you will kindly place before the Corporation at this meeting on Monday, 12th October, and oblige.—We beg, &c.,

To COWASJEE HORMUSJEE, Esq.,

President of the Municipal Corporation, Bombay.

SIR,—We, the undermentioned inhabitants of Bombay, living in 1st and 2nd Pathan Streets, Kumbharwada, beg to draw your attention to the following few lines, which, we hope, will meet with your favourable consideration. In both the Pathan Streets, No. 1 and No. 2, the Municipal drain being opened and the extra earth from the excavation lying along the roadside falls down into the side-gutters, and so they get chocked. These gutters are not properly washed off and cleansed every day, and much nuisance is caused thereby, as very bad smell is evolved. Moreover, the cross lanes in these streets being very dirty, cause additional nuisance, as no care seems to be taken to cleanse them properly. In like manner the stables of buffaloes are situated in these streets, as well as the katchra-carts are stationed just near them; and both of them together evolve such a bad smell, even to the passers along the road, that they get at once disgusted by it. We are to live in such a neighbourhood. We hope, therefore, that you will kindly be pleased to pay your kind attention to our complaints, and issue instructions to remove at once the cause of our complaint at your earliest convenience, and oblige

BOMBAY, *22nd September* 1897.

Copy forwarded to the Municipal Secretary with reference to the Standing Committee Resolution No. 7032 of 14th October 1896. The drainage operations referred to have been completed and the obstructions removed from the streets in question.—P. C. H. SNOW, Commissioner.

Resolved : "That, with reference to letter to the President, dated 12th October last, from Messrs. Hirji Bhojraj, Krishnaji Vithooji, and other inhabitants of 1st and 2nd Pathan Streets, Kumbharwada, complaining of the drainage excavations therein, of the condition of cross lanes, buffalo stables and the gutters, and the placing of scavenging carts in the streets, the Standing Committee beg to report that the Health Officer states the gutters and streets in question are regularly and properly attended to daily, that the three old licensed stables in 1st Pathan Street and two in 2nd Pathan Street are kept fairly clean.

No. 5840.

"That the carts complained of are regularly attended to, are required for the convenience of the locality, and have been kept there for years.

"That the Commissioner reports that the drainage operations referred to have been completed and the obstructions removed."

Proposed by K. M. Shroff, Esq, seconded by Kaikhosro N. Kabraji, Esq.—

That the following be printed on the minute of this day's meeting and brought on for consideration at the next meeting :—Letter to the Secretary, No. 15695, dated 22nd instant, from the Commissioner, forwarding letter to himself, No. 8241, dated 16th idem, from the Executive Engineer, reporting, with reference to the Standing Committee's Resolution No. 4853 of the 14th August 1895, on letter to the Chairman, dated 3rd July 1895, from the Secretary, the Khatau Makunji S. & W. Company, Limited, on the subject of certain sheds erected by the Municipality in close proximity to their mill premises.

Amendment, proposed by A. G. Viegas, Esq., seconded by Cowasjee Hormusjee, Esq.—

"That the following be *circulated* to the Committee :—Letter to the Secretary, No. 15695, dated 22nd instant, from the Commissioner, forwarding letter to himself, No. 8241, dated 16th idem, from the Executive Engineer, reporting, with reference to the Standing Committee's Resolution No. 4853 of the 14th August 1895."

No. 5841.

On a division the amendment was *carried* as a substantive proposition.

Resolved : " That the following be referred to the Commissioner for favour of remarks :—Letter to the Corporation, dated 24th instant, from Mr. Toolsidas Soorji, regarding the reconnection of water-pipe attached to his house, Ward No. 4934-B, at Street No. VI, in Mandvi."

No. 5842.

Resolved: " That the following be forwarded to the Commissioner in continuation of the Committee's Resolutions Nos. 13708, 14243, 337, 997 and 4527, dated 10th and 14th March, 7th and 28th April and 11th August last:—Letter to the Secretary, dated 24th instant, from Mr. Nadershaw H. E. Sukhia, L.V.Sc., L.M.&S., requesting that he may be furnished with a copy of the Commissioner's remarks, if any, on applicant's proposals for the improvement of the sanitary condition of the city; adding that, if no such remarks have yet been received, the Commissioner may be asked to expedite the same."

No. 5843.

In accordance with notice, it was proposed by K. M. Shroff, Esq.—

That, in view of the mortality in the city being abnormally high of late, which is alleged to be in consequence of a large number of immigrants having arrived in the city from the famine districts, the Municipal Commissioner be requested to furnish to the Standing Committee, every week, separate figures showing the number of deaths among the immigrants, and among the permanent residents of the city.

The motion was seconded by Ibrahim Rahimtoola, Esq.

After discussion, Mr. Shroff was allowed to amend his proposition and the same was *passed* as follows :—

" That, in view of the mortality in the City being abnormally high of late, which is alleged to be in consequence of a large number of immigrants in the City, the Municipal Commissioner be requested to furnish to the Standing Committee, every week, separate figures showing the number of deaths among the immigrants who arrived within the previous month and among the permanent residents of the City."

No. 5845. Returns of fires at DeLisle Road, Kamathipura 13th Street, Magazine Road, Mazagon (Framji Petit Mills), and Kasara Road, Mazagon, forwarded with the Deputy Commissioner's memoranda Nos. 15637, 15784 and 15994, dated 21st, 22nd and 24th September 1897.*

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 26th September 1897.†

No. 5846. Memorandum to the Secretary, No. 16379, dated this day, from the Commissioner, forwarding summary of births and deaths in the city for the week ending 28th instant, was laid on the table.

Read letter to the Commissioner, No. 8859, dated this day, from the Executive Engineer, as under :—

SIR,— With reference to our last interview on the subject of the proposed railway siding at Arthur Road for the removal of cutchra, I have the honour to forward herewith a tracing showing in yellow the siding as it is now being constructed and two alternative sidings in red and green. The one shown in green is on the east side of the main drain, while that shown in red crosses that drain and lies on the west side of it, not far from the "garden" on the Flats, to which Dr. Weir made allusion, at our interview. 2.—As regards the facility of construction, all three lines are feasible. The only question is that of cost. The position allotted to the siding now under construction is that which would strike one as being the most natural owing to its close proximity to the Railway, besides it being on Municipal ground. 3.—The next best siding is the one shown in green. It would be about 640 feet from the passenger main lines of the B. B. & C. I. Railway. The third line shown in red being the farthest from the Railway may, from the point of view of travelling public, be considered as the best, but it is the most expensive both as regards primary cost and annual recurring charges. 4.—I beg to submit herewith two statements showing the comparative costs of the various items in connection with these sidings on the site already sanctioned and those shown in green and red, from which it will be seen that the excess of cost would be Rs. 88,955 if the green lines were adopted and Rs. 1,90,941, or say Rs. 1,91,000, if the red lines were adopted. These figures do not include the maintenance and other annual recurring charges. The charges on this account for the red and green lines will exceed those on the sanctioned site in proportion

to the additional lengths. 5.—The ground on which the siding now being constructed is placed belongs to the Municipality while a part of the ground on which green lines are shown belongs to Government, a part to the Municipality and a part to Sir D. M. Petit. The ground on which the red lines are shown belongs entirely to Government. It is at present in charge of the Municipality and is liable to be resumed at six months' notice. In the costs of the two alternative sites, given in the statements above referred to, the value of the Government land and that of Sir D. M. Petit is included. 6.—I consider it necessary to explain how the site on which the sidings now under construction have been adopted. The Health Officer in his letter No. 18932, dated 7th September 1895, stated as follows :—I agree with you that the only possible position for a cutchra siding to be used in connection with the B. B. & C. I. Railway is now on the Flats. This has been suggested by me several times before. It will be for the Railway Engineers to decide upon the exact position of the siding. Perhaps the best position would be between the Arthur Road crossing and the Agripada drain. This would be, I think, the most suitable position for, amongst other reasons, our work and for the railway. The only interested persons who could object to a siding in this direction would be one or two factories. The site mentioned in this paragraph is the one which has been adopted. 7.—The Committee of the Corporation appointed to consider the question of the future disposal of cutchra having inspected the various available sites with the Officers of the G. I. P. Railway, the Health Officer and myself also came to the conclusion that the best site was the one alongside and to the west of B. B. & C. I. Railway between Arthur and Clerk Roads. The same Committee were, at the time of determining the present site, fully alive to the nuisance likely to be created in the process of tipping the cutchra into the wagons for the proposal of erecting walls and a roof covering over the tipping platforms and sidings as proposed by the Health Officer was before them ; and, after due consideration, they came to the conclusion that the best course would be to construct a corrugated iron palisade 20 feet in height between the cutchra siding and the railway line with a view to save the passengers from annoyance by dust and smell. Instead of a corrugated iron palisade as suggested by the Committee of the Corporation, I propose building a solid masonry wall about 2,000 feet in length and 20 feet in height, which, in my humble opinion, will effectually keep out both dust and smell from those who may be travelling on the B. B. & C. I. Railway. 8.—I have verbally asked the Assistant Engineer of the B. B. & C. I. Railway to kindly stop further progress of the siding for a few days until your final decision is known. I solicit, therefore, the favour of your kindly letting me know, with the least possible delay, whether the work already sanctioned should proceed or whether it should be deferred until the question is referred back to the Corporation.—I have, &c., M. C. MURZBAN, Executive Engineer.

No. 16465 of 29th September 1897.

Forwarded with compliments to the Municipal Secretary. The Commissioner wishes to discuss this matter as urgent at the Standing Committee to-day.

P. C. H. SNOW, Commissioner.

Proposed by T. W. Cuffe, Esq., seconded by H. G. Gell, Esq.—

That the Commissioner be asked to obtain further expert opinion as to whether the erection of a kutchra siding alongside the B. B. & C. I. Railway is likely to become a nuisance to passengers travelling by that line.

Amendment, proposed by A. G. Viegas, Esq., seconded by Kaikhosro N. Kabraji, Esq.—

"That, in the opinion of the Standing Committee, the site of the siding already in course of construction alongside the B. B. & C. I. Railway line between Arthur and Clerk Roads for the removal of Town sweepings should be adhered to, and that the work should be completed as rapidly as possible."

No. 5847.

On a division, there were six votes *for* and 2 votes *against* the amendment which was *carried* as a substantive proposition.

Resolved: "That the following be *recorded*:—Memorandum to the Secretary, No. 16380, dated this day, from the Commissioner forwarding for information of the Committee, letter No. 22185, of the same date, from the Health Officer as under:—

No. 5848.

SIR,—I have the honour to inform you that only four deaths from relapsing fever have been registered from 1st August last to date—one on the 14th, one on the 18th, and two on the 29th instant.—I have, &c., T. S. WEIR, Health Officer.

Resolved: "That, with reference to the Deputy Commissioner's letter to the Secretary, No. 16233, dated this day, the Standing Committee approve, under the terms of Section 19 (*b*) of the Municipal Act, III of 1888, of a fee of Rs. 3 per copy being charged for the Preliminary Election Roll to be published on or before the 9th October next."

No. 5849.

Resolved: "That, with reference to the Deputy Commissioner's letter to the Secretary, No. 16366, dated this day, and the Standing Committee's Resolution No. 5366 of the 8th instant (approving of the filing of two suits against Mr. E. J. Cabral, Agent for Nawab Kamal Khan, for the recovery of Rs. 3,288-5-4 on

No. 5850.

account of property tax and notice fees), the Committee approve, under the terms of section 517(*j*) of the Municipal Act, III of 1888, of the filing of suit under the terms of section 211 of the Act in the Court of Small Causes against Nawab Mahomed Kamal Khan for the recovery of Rs. 2,002-14-4 on account of property tax and notice fees due in respect of property, A Ward, Nos. 382 and 383 (1 to 4), Grant Buildings, D Ward, No. 2299 and No. 2404, Falkland Road."

No. 5851. Read and *recorded* letter to the Secretary, No. 16225, dated 28th instant, from the Commissioner, as under :—

SIR,—I have the honour to report, for the information of the Standing Committee, that I have sanctioned the continuance, up to the end of November next, of the staff employed on the work of the storm-water drain from Wellington Fountain to the sea. In the current year's budget there is provision for the employment of the staff for this work for 5 months. This period expires on the 25th of this month, but the work having not yet been completed it has been found necessary to continue the staff. No extra expenditure over the sanctioned grant will be incurred as there are sufficient savings in it, due to the full staff sanctioned not having been employed.

2. The question as to whether or not the contractor should be held liable for the expenditure incurred for the additional period will be considered later on.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : "That the following be *recorded* :—

No. 5852. Memorandum to the Secretary, No. 16234, dated 28th instant, from the Commissioner, forwarding (with reference to question put to him by Mr. Nanabhai N. Katrak while the offers for the supply of cast-iron frames, &c., for the Mazagon Sectional Sewerage District were being considered) letter to himself No. S.D.-1329 of the 24th idem from the Special Drainage Engineer, as under :—

SIR,—I have the honour to state that there is nothing special in the design for the covers used on the pipe sewer manholes in connection with the Shone system at Colaba, nor is there any material difference between their weight and that of the old form of covers. 2.—They are an improvement on the original design of manhole covers inasmuch as they have a quicker taper and can therefore be more easily freed from the frame. 3.—The improved form has, however, been in use several years. 4.—The manhole covers designed for the Mazagon Sectional District will have the same taper as those at Colaba, but the special feature of them is that they

will have a rim which will fit into a groove in the frame and thus be rendered more nearly air-tight and water-tight than the previous forms used. 5.—Special arrangements have been made for lifting them, and they will be handy in that respect though not quite so handy as the Colaba covers. Extreme handiness in lifting has, however, to be foregone in obtaining the advantage of the tip and groove."—I have, &c., JAMES W. SMITH, M.I.C.E., Special Drainage Engineer.

Read letter to the Secretary, No. 16355, dated this day, from the Deputy Commissioner, as under :—

SIR,—In continuation of this office No. 12454 of 18th August 1897, and with reference to the Standing Committee's Resolution No. 4953 of 25th August last, I have the honour to state that the sale of the pens at the DeLisle Road Market was held on the 27th instant. At the sale the present and old Licensees were present, as also the heirs of such of the Phadkaris as had died of plague and cholera, who were working the pens for the deceased. I forward herewith a statement showing the result of the sale and request the sanction of the Standing Committee to the acceptance of the bids. The amount realized by the sale is Rs. 1,155 more than for the past half-year.—I have, &c., J. H. DuBOULAY, Deputy Commissioner.

No. 5853.

Resolved: "That, with reference to the Deputy Commissioner's letter to the Secretary, No. 16355, dated this day, the Standing Committee approve, under the terms of section 407 of the Municipal Act, III of 1888, of the levy of charges for the occupation of pens at the DeLisle Road Market as per list forwarded with the said letter."

BOMBAY, *6th October* 1897.

AT the meeting of the Standing Committee held this day, there were present :—

THE HON'BLE MR. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., *Chairman.*

COWASJEE HORMUSJEE, Esq., C.C.M.C.; T. W. CUFFE, Esq.; FAZULBHOY VISRAM, Esq., C.I.E.; H. G. GELL, Esq.; IBRAHIM RAHIMTOOLA, Esq.; KAIKHOSRO N. KABRAJI, Esq.; K. M. SHROFF, Esq.; NANABHAI N. KATRAK, Esq., L. M. & S.; ACCACIO G. VIEGAS, Esq., L. M. & S.

P. C. H. SNOW, Esq., I.C.S., Commissioner; the DEPUTY COMMISSIONER; the EXECUTIVE ENGINEER; the HEALTH OFFICER; and the SECRETARY.

The minutes of the meeting held on the 29th ultimo were signed.

The seal of the Corporation to be affixed to the following 28 Municipal Debentures, aggregating Rs. 15,500 :— 2 attested duplicate debentures of the Tansa Water Works Loan, Nos. 12705/6 and 12707/8, of Rs. 1,000 each; 1 attested duplicate debenture of the 35 Lakhs Various Sanitary Works Loan of 1890, No. 2973/74, of Rs. 1,000; 2 attested duplicate debentures of the Sanitary Works Loan of 1888, Nos. 1 and 2, of Rs. 500 each; 23 attested duplicate debentures of the Sanitary Works Loan of 1885, Nos. 3198, 3199, 3201, 3202 N.N., 2384 and 2385 N.N., 1810 and 1811 N.N., 1819 N.N., 2361 to 2363 N.N., 2419 to 2425 N.N., 2495 N.N., 3255 and 3256 N.N. and 3259 N.N., of Rs. 500 each.

No. 6129. *Resolved* : "That sanction be given to the cutting off of water-connections as per list accompanying the Deputy Commissioner's memorandum No. 16951, dated this day."

No. 6130. *Resolved* : "That, with reference to memoranda Nos. 16354 and 16532, dated 29th and 30th ultimo, from the Commissioner to the Secretary, the Standing Committee approve, under the terms of section 351 (2) of the Municipal Act, III of 1888, of the removal of the following structures built without permission :—

Names of Owners.	Where.
Mr. Sheva Dewoo Pednekar ...	Shed at Nos. 287-293, Arthur Road.
Mr. Ganpat Nana	„ Supari Baug Road."

No. 6131. *Resolved* : "That the following be *recorded* :—Letter to the Secretary, No. 16210, dated 27th instant, from the Commissioner, reporting that he has entrusted to Messrs. Vithal Sayana & Co., in continuation of their contract for constructing side-drains in Khetwadi, the work of ovoiding the side-drains in 1st Pathan Street,

at a cost of Rs. 4,901, to be debited to the grant of Rs. 6,201, sanctioned as per the Corporation's Resolution No. 12033 of the 4th February last.

"That, under the terms of section 72 (3) of the Municipal Act, III of 1888, the Standing Committee dispense with the invitation for tenders, which would otherwise be necessary, as the rates under the Khetwadi contract, as above, are very favourable to the Municipality and as the contingent provision for the work cannot bear the charges for printing new contract forms and for advertisements calling for fresh tenders."

Resolved: "That, the following be *recorded*:—Letter to the Secretary, No. 16349, dated 29th ultimo, from the Deputy Commissioner, reporting that he has sold to Mr. Joze Sebastian Fixeira, for Rs. 8 the right, up to the end of March 1898, of rearing fish in the Gowari Tank at Mahim."*

No. 6132.

Resolved: "That, as applied for by the Deputy Commissioner in his memorandum No. 16779, dated 2nd instant, sanction be given to the transfer of Rs. 400 from savings in the Budget Grant for Fire Brigade, Section III, Purchase of Hose, to Section II, to meet cost of lighting new stations for the Brigade at Babula and Sankli Tanks."

No. 6133.

Resolved: "That, as applied for by the Commissioner in his memorandum No. 16202, dated 27th ultimo, and subject to the approval of the Corporation under the terms of section 133 (2) of the Municipal Act, III of 1888, sanction be given to the transfer of Rs. 1,045 from savings in the grant for ovoiding the open drain running alongside the premises of the Saint Peter's Girls' School, Mazagon, to the Budget Grant for Drainage, Section III-A, Repairing and Altering Miscellaneous Drains and Gutters, to meet excess in the latter grant."

No. 6134.

Resolved: "That, as applied for by the Deputy Commissioner in his memorandum No. 16348, dated 29th ultimo, and subject to the approval of the Corporation under the terms of section 133 (2) of the Municipal Act, III of 1888, sanction be given to the transfer of Rs. 1,000 from savings in the Budget Grant for Fire Brigade, Section III, Purchase of Hose, to Section II, to meet cost of repairs to wheels and machinery of

No. 6135.

steam fire engines, consequent on the engines having been worked for flushing purposes."

No. 6136. *Resolved*: "That, as applied for by the Deputy Commissioner in his memorandum No. 16780, dated 2nd instant, and subject to the approval of the Corporation under the terms of section 133 (2) of the Municipal Act, III of 1888, sanction be given to the transfer of Rs. 1,000 from savings in the Budget Grant for fire Brigade, Section III, Purchase of Hose, to Section II, Contingencies, &c., to meet water and halalkhor taxes in respect of Brigade stations at Babula and Sankli Tanks."

No. 6137. *Resolved*: "That, as applied for by the Deputy Commissioner in his memorandum No. 16778, dated 2nd instant, and subject to the approval of the Corporation under the terms of the section 133 (2) of the Municipal Act, III of 1888, sanction be given to the transfer of Rs. 2,594 from savings in the Budget Grant for Fire Brigade, Section I, Establishment, to Section II, Feed of Horses, to meet excess in the latter section on account of higher rates charged for grain, hay and lucerne grass."

No. 6138. It was agreed that the consideration of letter No. 15996, dated 24th ultimo, to the Secretary from the Deputy Commissioner, on the question of certain works left incomplete by Messrs. Littlewood and Pallonjee in connection with their contract for covering the storage basin at the Bhandarwada Reservoir and constructing filters over the same, be postponed, and that in the meantime the letter be circulated to the Committee.

No. 6139. *Resolved*: "That, with reference to the Commissioner's memorandum No. 16377, dated 29th ultimo, the Standing Committee approve, under the terms of section 381 of the Municipal Act, III of 1888, of notice in writing being served on Munshi Abdul Rahmon Munsoor requiring him to cleanse the well at his premises at No. 75, Parel Road, as the well causes a nuisance."

No. 6140. *Resolved*: "That, as applied for by the Commissioner in his memorandum to the Secretary, No. 16548, dated 30th ultimo, sanction be given, under the terms of section 305 of the Municipal Act, III of 1888, to written notices being served on the owners of several premises fronting or adjoining or abutting on the private lanes, called Patakwadi and Kitchen Garden in C Ward,

as per list accompanying the memorandum requiring the said owners to level, metal, or pave and drain the same as the Commissioner shall direct."

No. 6141. *Resolved* : "That, with reference to the Deputy Commissioner's memorandum to the Secretary, No. 16686, dated 1st instant, the Standing Committee approve, under the terms of section 407 of the Municipal Act, III of 1888, of a plot of ground near the new mutton market in the compound of the Arthur Crawford Markets, admeasuring 6 yards in length by 3 yards in width, or thereabout, being let to Irani Shabson Cursedji for the extension of the area already occupied by him for the sale of potted plants on his paying Rs. 35 per quarter for the ground let to him instead of Rs. 30 as at present."

No. 6142. *Resolved* : "That the following be *recorded* :—Memorandum No. 16321, dated 29th ultimo, from the Commissioner, reporting, with reference to the Standing Committee's Resolution No. 4484 of the 3rd October 1888, the transfer made on the 25th ultimo to the Municipal General Fund Pass-Book from the 23¼ Lakhs Drainage and Other Works Loan Deposit Account, Rs. 50,000."*

Read letter to the Secretary, No. 16549, dated 30th ultimo, from the Commissioner as under :—

SIR,—I have the honour to state that Premabai, widow of the late Mr. John Gumbray who was a Sub-Inspector in the Water Works Department, has applied to me for a compassionate allowance on account of the loss of her husband. The Acting Water Engineer reports that this Sub-Inspector "fell a victim to the plague while in the conscientious discharge of his duties in the Kamathipura ward where the plague was raging furiously, leaving his widow and aged mother in a forlorn and destitute condition." 2.—This Sub-Inspector joined the municipal service as a cooly in the Water Works Stores at Chinchpoogly on the 7th March 1893 on Rs. 10 per month, was promoted to the permanent post of Sub-Inspector on the 1st July 1895, and was temporarily drawing Rs. 25 since 1st March 1896. He died on the 23rd January 1897. Although he was contributing to the Pension Fund, he had not completed pensionable service for five years, and his heirs are not entitled to any compassionate allowance in the ordinary course of events. 3.—Taking, however, into consideration that he was attacked with

No. 6145. *Resolved* : " That memorandum No. 16320, dated 29th ultimo, from the Commissioner, forwarding letter to himself, No. 2968, dated 24th idem, from the Chief Accountant, enclosing two statements, showing the expenditure passed and paid by the Municipality and the Plague Committee up to 28th August last, be printed on the minutes of this day's meeting."

No. 6146. *Resolved* : " That, with reference to the Commissioner's memorandum to the Secretary, No. 16352, dated 29th ultimo, the Standing Committee approve, under the terms of section 230 (5) of the Municipal Act, III of 1888, of written notice being served on the Principal of the Wilson College, Chaopati, requiring the College authorities to close and remove the drain from the college building, running through the adjoining premises of Mr. Cumrudin Amirudin and to divert the drain as shown in red lines between A and B on the plan marked S.A 31-7-97, accompanying letter to the Commissioner, No. D-6173, of the 16th ultimo, from the Deputy Executive Engineer, Drainage.

" That, in reply to his letter to the Chairman, dated 19th July last, Mr. Cumrudin Amirudin be informed accordingly."

SONAPUR LANE,
BOMBAY, 1*st September* 1897.

To THE STANDING COMMITTEE
OF THE BOMBAY MUNICIPALITY.

SIRS,—We, the undersigned, beg to bring to your notice our following grievances with reference to the notice from the Municipal Commissioner, No. 49, under section 488, dated 6th August 1897. We beg to request you that you will come personally to the ground in question and see from the plan whether there is any dire necessity of taking the set-back line of our house situated in old Sonapur Lane. For, in doing so, half of our house is cut off, and we become houseless and so helpless.

We therefore most humbly ask you to allow our house to remain in its present position and to withdraw the notice served on us.

We have, &c.,

No. 8636 OF 1897-98.

BOMBAY, *25th September* 1897.

To THE MUNICIPAL COMMISSIONER.

Memo.—

(Reference is solicited to this office No. 1627 of 7th May 1897 forwarded to the Standing Committee under Commissioner's No. 3280 of 11th May 1897.) The portion of the land required for the set-back admeasures 25·26 square yards only, and its value is estimated by this department at Rs. 252-12-10, but the party is willing to give it at half this price, on the understanding that the set-back is not enforced until the adjoining houses are set back. In this office No. above-quoted, it is reported that this particular portion of the land is not used for carriage traffic and that, taking other circumstances into consideration, there would be no particular advantage in enforcing the set-back. The Executive Engineer is still of the same opinion. The Standing Committee have, however, in their Resolution No. 1889 of 19th May 1897 decided that the set-back should be enforced and the party has, therefore, been called upon to remove the structure lying within that line. The applicants' statement that, by the enforcement of the set-back, nearly half of the house will be cut off is correct, but it may be stated that the rest of the house will not thereby become useless for habitation.

M. C. MURZBAN, Executive Engineer.

No. 16381 OF 1897-98.

BOMBAY, *29th September* 1897.

Copy forwarded to the Standing Committee with reference to their Resolution No. 5096 of 1st September 1897. The Commissioner is of opinion that there is no occasion to enforce the set-back immediately.

P. C. H. SNOW, Commissioner.

Proposed by Nanabhai N. Katrak, Esq., seconded by Ibrahim Rahimtoola, Esq.—

No. 6174.

" That, with reference to their letter, dated 1st ultimo, Messrs. Dhondu Koli and Ramji Koli be informed that the Standing Committee adhere to their Resolution No. 1889 of the 19th May last, to the effect that the set-back of house, Nos. 63-65, Old Sonapur Lane, be enforced "

Carried.

No. 6148. *Resolved*: "That, with reference to letter to the President, dated 28th September 1896, from Messrs. Sadashiv Ganesh, Dhondu Govind and other residents of Goregaokar's Buildings, Charni Road, the Standing Committee beg to report that, with the approval of the Corporation, the applicants might be informed that the manure-pit in the compound of the stable belonging to Messrs. Stephens and Sons, complained of by applicants, has, after action was taken by the Health Department, been covered over with fresh earth, and the owners of the stable written to and directed not to make use of the pit for the deposit of horse-dung or stable-refuse."

No. 6149. *Resolved*: "That Shaik Mahomed Bagdadi be informed, in reply to his application, dated 30th ultimo, that he has already been awarded the pension payable to him under the Pension Regulations and that the amount thereof cannot be increased. That his application to be allowed to commute his pension into a gratuity of Rs. 5,000 cannot be entertained."

No. 6150. *Resolved*: "That the following be *recorded*:—Memorandum No. 16357, dated 29th ultimo, from the Commissioner, forwarding return of set-back of properties, sanctioned by the Commissioner under the terms of section 298 of the Municipal Act, III of 1888, during the month of August 1897 as under:—

No. 21823 of 1897-98.

Bombay, 27*th September* 1897.

To The MUNICIPAL COMMISSIONER.

Sir,—Owing to the strain and press of work during the last year, I feel the necessity of a change and I have, therefore, the honour to request the favour of your granting me privilege leave for 92 days, commencing from the 15th October to 14th January, both days inclusive.—I have, &c.,

T. S. WEIR, Health Officer.

* *See* Appendix B.

No. 16922 of 1897-98.

BOMBAY, *4th October* 1897.

To THE MUNICIPAL SECRETARY.

SIR,—I have the honour to forward herewith an application from Brigade-Surgeon-Lieutenant-Colonel T. S. Weir, Executive Health Officer, for three months' privilege leave from the 15th instant and request the sanction of the Standing Committee, under section 84, clause 2 (*b*), of the Municipal Act, to the leave being granted. 2.—I also request the Standing Committee to recommend to the Corporation the appointment of Mr. J. Leask as Acting Executive Health Officer during Dr. Weir's absence.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 6154.

Resolved : " That, as recommended by the Commissioner in his letter to the Secretary, No. 16922, dated 4th instant, sanction be given, under the terms of section 84 (2) (*b*) of the Municipal Act, III of 1888, to the grant of three months' privilege leave from the 15th instant to Brigade-Surgeon-Lieutenant-Colonel T. S. Weir, Executive Health Officer.

" 2. That the Corporation be recommended to sanction the appointment of Mr. J. Leask as Acting Health Officer during the absence of the Health Officer, Brigade-Surgeon-Lieutenant-Colonel Weir on three months' privilege leave from the 15th instant, under the provisions of section 85 (2) (*a*) of the Municipal Act.

" That the Chairman be requested to apply to the Corporation at their meeting to-morrow to consider this resolution as urgent business."

Read letter to the Secretary, No. 16942, dated this day, from the Commissioner as under :—

SIR,—The Standing Committee and Corporation are aware that at the time of the selection of late Mr. Howard Newton as Water Engineer, applications were called for, both in England and India, by advertisement. Several of the home applications were very satisfactory, and the qualifications of some of the candidates equally as good as those of the late Mr. Newton, preference being given to him on account of his long acquaintance with Water Works in an eastern city, namely, Singapore. I did not, therefore, consider it in any way desirable or necessary to again advertise the appointment in England, but, in consultation with the Executive Engineer, selected some half a dozen of the best previous applications forwarded them to Mr. Rienzi Walton and requested him to make a recommendation after personally interviewing the selected candidates and making the requisite inquiries concerning them.

Mr. Walton writes me by last mail as follows : "I have arrived at the conclusion that Mr. Alexander Fairlie Bruce of 17 Victoria Street, Westminister, S.W., is the most suitable man, and in my opinion the one most qualified for the appointment. He is intimately acquainted with every branch of Water Works Engineering and has had considerable experience in the management of large Water Works, *i.e.*, Glasgow ; he is at present employed in the construction of reservoirs on the banks of the Thames in connection with the London Water Supply. He, however, stipulates that his passage to India should be paid by the Municipality and that the salary should commence from the date he leaves England ; these are not unusual conditions in appointments similar to this, and were asked for by the other candidates. The unfavourable condition of the rupee, together with the uncertainty of the tenure of the appointment in my opinion justify this claim, and I think the Corporation will do well to meet it as I feel confident under the existing condition of things, including the unsatisfactory state of the public health in Bombay, that an experienced and efficient man cannot be obtained without this concession."

I now request the sanction of the Standing Committee and the Corporation to comply with Mr. Bruce's stipulation conveyed in Mr. Walton's letter according to the above extract. I consider for the reasons advanced by Mr. Walton that the demands of Mr. Bruce are fair and reasonable, more especially as the appointment must, for the present, be an acting one, and with very important water questions now before the Corporation, it is eminently necessary to secure the services of a thoroughly competent and experienced Engineer without delay. Mr. Bruce is about forty years of age.—I have, &c., P. C. H. SNOW, Commissioner.

Proposed by Cowasjee Hormusjee, Esq., seconded by Fazulbhoy Visram, Esq., C.I.E.—

No. 6155. "That, as Mr. A. F. Bruce who has been selected for the appointment of Deputy Executive Engineer, Water Works, stipulates that his passage, first-class, by the P. & O. Company, from London to Bombay, shall be paid by the Municipality and that his salary at Rs. 800 per mensem shall commence from the date of starting from London for Bombay, the Commissioner's letter to the Secretary, No. 16942, of this day's date, be forwarded to the Corporation with the following recommendation : That sanction be given to the payment of Mr. Bruce's first-class passage per P. & O. S. N. Company from London to Bombay, the amount thereof

the equivalent of £61 18*s* 11*d* sterling, being paid from savings in the salary of the Deputy Executive Engineer, Water Works.

"2. That sanction be given to the payment of Mr. Bruce's salary, at Rs. 800 per mensem, from the date of his starting on the journey from London to Bombay."

No. 22699 OF 30th SEPTEMBER 1897.

To THE MUNICIPAL COMMISSIONER.

SIR,—In reference to our conversation on the subject, I have the honour to point out that the position I selected for the Kutchra siding is not the one to be adopted. The position I selected was near the open drain. I apprehend that the position in which it is proposed to have a siding may cause a serious nuisance.—I have, &c.,

T. S. WEIR, Health Officer.

No. 16683 OF 1st OCTOBER 1897.

Forwarded to the Executive Engineer for favour of remarks.

P. C. H. SNOW, Commissioner.

No. 9078 OF 2ND OCTOBER 1897.

To THE MUNICIPAL COMMISSIONER.

SIR,—In returning herewith the Health Officer's No. 22699 of 30th September 1897, forwarded to me for remarks under your No. 16683 of 1st October 1897, I have the honour to solicit a reference to my No. 8859 of 29th September 1897 on the subject. In para. 6 of this letter, I have quoted from the Health Officer's No. 18932 of 7th September 1897, in which the best position of the siding is clearly indicated as that "between the Arthur Road crossing and the Agripada Drain," which is exactly the site where the sidings are now being laid. 2.—Before the work of the sidings was commenced, a plan for the same was forwarded to the Health Officer with a request that, if it met with his approval, it may be signed in token thereof and returned to this office. Accordingly the Acting Health Officer signed the plan which is on the records of this office. The siding now under construction is in accordance with this plan. 3.—Perhaps the Health Officer is not aware that it is proposed to have a wall 20 feet in height between the proposed siding and the existing railway. 4.—In this office No. 2965 of 5th June 1896, the Health Officer was asked to state what the charges of loading at the proposed receiving station *alongside* the B. B. & C. I. Railway

would be. Even then the Health Officer said nothing against the position of the siding. 5.—While considering the question of the substitution of a rubble masonry screen wall instead of a corrugated-iron pallisade between the proposed sidings and the existing railway, the Health Officer stated in his No. 19570 of 6th September 1897, that "All that is necessary is a screen to shut off the siding from the main line," and that the screen wall "need not be carried higher than one foot above the roof of a railway carriage. I think a wall of this height would be quite sufficient to prevent dust and refuse particles from being blown into passing trains." 6.—The Health Officer now states that the position of the tipping station he selected was near the open drain. I am not aware of any such selection having ever been made, and no intimation of such selection is traceable on the records of this office. 7.—The question of a nuisance arising from the location of the siding alongside the B. B. & C. I. Railway lines between Arthur and Clerk Roads, and the two alternative proposals of providing sidings away from the railway lines were discussed by the Standing Committee at their last meeting when they approved of the former site. 8.—I shall be obliged if you will issue definite instructions as to whether the work of providing the tipping station alongside the B. B. & C. I. Railway between Arthur Road and Clerk Road, which has been temporarily suspended, should now be resumed or not.—I have, &c.,

M. C. MURZBAN, Executive Engineer.

Proposed by Nanabhai N. Katrak, Esq.—seconded by Ibrahim Rahimtoola, Esq.—

That the papers forwarded to the Secretary with the Commissioner's memorandum No. 16937 of this day's date be *recorded*.

Amendment, proposed by H. G. Gell, Esq., seconded by Kaikhosro N. Kabraji, Esq.—

"That the consideration of the papers forwarded to the Secretary with the Commissioner's memorandum No. 16937 of this day's date be postponed until the next meeting, and that in the meantime the Committee visit the siding now in course of construction at Mahalaxumi station."

No. 6156.

The amendment was *carried* as a substantive proposition.

No. 6157. It was agreed that the Committee meet at the level-crossing of the B. B. & C. I. Railway, Clerk Road, at 5 p.m., on Saturday, the 9th.

No. 23210 OF 1897-98.

BOMBAY, *6th October* 1897.

Memorandum forwarded to the Municipal Commissioner.

I have seen Mr. Byramjee, the House Agent, and he informed me that the landlord of the house which has been selected by Professor Haffkine will let us have it for three months at Rs. 300 *and* taxes per mensem. The lease of the "Cliff" at present occupied by Professor Haffkine expires on 31st instant, and we must have all the fittings out of the house before that date. It seems to me that we had as well close with this offer as it appears to be the best under the circumstances. The rent of the "Cliff" is Rs. 410.

Proposed by Nanabhai N. Katrak, Esq., seconded by K. M. Shroff, Esq.—

No. 6158. "That, as recommended by the Commissioner in his memorandum to the Secretary, No. 16943, of this day's date, sanction be given to the leasing, for three months from 1st November next, of house for the accommodation of Monsieur Haffkine in Nepean Sea Road at Rs. 300 per mensem *plus* municipal taxes. The charge to be debited to the grants for the suppression of the plague."

BOMBAY, *9th October* 1897.

AT a meeting of the Standing Committee, held this day at the level-crossing of the B. B. & C. I. Railway, Clerk Road, for the inspection of sites for the town-sweepings sidings at Mahaluxmi, there were present :—

H. G. GELL, Esq. ; K. N. BAHADURJI, Esq., M.D., B.S., M.R.C.S. ; KAIKHOSRO N. KABRAJI, Esq. ; NANABHAI N. KATRAK Esq., L.M.&S. ; ACCACIO G. VIEGAS, Esq., L.M.&S.

P. C. H. SNOW, Esq., I.C.S., Commissioner ; the EXECUTIVE ENGINEER ; the HEALTH OFFICER ; and the SECRETARY.

Mr. O'Callaghan, Acting Agent, B. B. & C. I. Railway Company, and Mr. R. Whately of the Company's Engineering Department were also present.

A note was received by the Hon'ble Mr. Bhalchandra K. Bhatawadekar, apologizing for non-attendance on account of his being on professional attendance on H. H. the Dewan of Palanpur, K.C.I.E.

The two alternative sites shown on the tracing in green and red colour respectively were considered—one on the east of the old main drain, and the other on the west of it. The latter was considered as out of question on account of the heavy additional outlay involved, Rs. 1,90,941.

The Committee, having examined the siding now in course of construction at the Clerk Road level-crossing, went over the ground which will be occupied by the siding if it is decided to construct the same at the southern extremity of the line (see site in green colour) and situated on the eastern side of the open main drain.

The approaches to this siding would be from the Arthur Road and Clerk Road, and the siding instead of being alongside of the railway line would be at a distance of about 200 yards therefrom. Situated comparatively remote from the main line, from the Mahalaxmi railway station, and from the mill buildings and dwelling-houses adjacent to that station, the siding should create no cause for complaint.

The Committee, having discussed the points involved with the Commissioner, the Executive Engineer, the Health Officer, and the Acting Agent of the Railway Company, came to the conclusion that, having regard to the objections which have been raised to the situation of the siding now in course of construction (shown in yellow

colour on the tracing) immediately alongside the main line and opening on to the Clerk Road level-crossing, it is advisable, in order to obviate complaints of having the kutchra depôt in the immediate vicinity of dwelling-houses, mills and the railway line, that the siding now in course of construction be removed and a new one in place of that laid down as shown in green colour as above.

The Committee also came to the conclusion that no wall screen or fence of any kind will be required on any side of the new siding.

BOMBAY, *13th October* 1897.

AT the meeting of the Standing Committee held this day, there were present :

THE HON'BLE MR. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., *Chairman.*

COWASJEE HORMUSJEE, Esq., G.G.M.C. ; T. W. CUFFE, Esq. ; THE HON'BLE MR. FAZULBHOY VISRAM, Esq., C.I.E ; H. G. GELL, Esq. ; IBRAHIM RAHIMTOOLLA, Esq. ; KAIKHOSRU B. BAHADURJI, Esq., M.D., B.S., M.R.C.S.; KAIKHOSRO N. KABRAJI, Esq. ; NANABHAI NAVROJI KATRAK, Esq., L. M. & S. ; ACCACIO G. VIEGAS, Esq., L.M. & S.

P. C H. SNOW, Esq., I.C.S., Commissioner ; the EXECUTIVE ENGINEER ; the ASSISTANT HEALTH OFFICER ; and the SECRETARY.

The minutes of the meeting held on the 6th instant were signed.

The seal of the Corporation was affixed to deed of agreement with Mr. Dorabji Muncherji Affinwala in respect of set-back land of his property at No. 10, Nanabhai Lane.

Resolved : " That sanction be given to the cutting off of water-connections as per list accompanying the Deputy Commissioner's memorandum No. 17596 dated this day."

No. 6605.

Resolved : " That, with reference to memoranda Nos. 17295 and 17296, dated 9th instant, from the Commissioner, the Standing Committee approve, under the terms of section 351 (2) of the Municipal Act, III of 1888, of the removal of the following structures built without permission :—

Bombay Municipality.

General Department,
No. 5395.

Bombay Castle,
6th October 1897.

Read again Government Resolution No. 2961 dated the 31st May 1897.

Letter to the Municipal Commissioner for the City of Bombay, No. 3152, dated the 8th June 1897—

"I am directed to inform you that the orders passed in Government Resolution No. 2961, dated the 31st May 1897, should not be construed as an approval of all the proposals contained in the application on behalf of the Municipal Corporation submitted with

your letter No. 120, dated the 1st April last, but that Government must take exception to the following two items mentioned in the Statement A accompanying the application :—

	Rs.
Extension of the burial ground at Sewri Cemetery	84,668
Purchase of 28,750 square yards of land adjoining Anjir Bagh, Mount Road, the property of Mr. Rustomji Jamaspji Ashburner, required for Mahomedan Burial Ground, including Rs. 2,000 for stamp, registration, &c., charges	1,22,000
Rs.	2,06,668

" 2. I am to say that these two works do not appear to Government to be of such a character as are appropriately debitable to loan funds, and certainly not to a loan for so long a period as 40 years, which is the term proposed in Clause VI of the Statement accompanying your letter. I am, therefore, to request that you will be good enough to consider the advisability of asking the Corporation to delete these from the list of works in Statement A, with reference to Section 109 (*a*) of the City of Bombay Municipal Act, 1888, and favour Government with any remarks that you may desire to offer on the subject."

Letter from the President, Municipal Corporation of the City of Bombay, No. 3353, dated the 2nd July 1897—

" Referring to letter to the Municipal Commissioner, No. 3152, General Department, dated 8th ultimo, from Mr. Under-Secretary Fawcett regarding the objection of Government to include in the loan of Rs. 25,00,000 the sum of Rs. 2,06,668 entered therein for the purchase of sites for burial grounds, I have the honor by desire of the Corporation to respectfully submit that the items in question, as per margin, are of such a nature as to justify their inclusion in the loan as it is intended to apply the amounts in question to works of a permanent character intended for the benefit of future as well as the present generation.

	Rs.
Extension of burial ground at Sewri Cemetery	84,668
Purchase of 28,750 square yrds of land adjoining Anjir Bagh, Mount Road, the property of Mr. Rustomji Jamaspji Ashburner, required for Mahomedan Burial Ground including Rs. 2,000 for stamp, registration, &c., charges	1,22,000
Rs.	2,06,668

" These two works are of particular urgency, and, if the burden of providing for them were unfairly thrown on the ordinary revenue, it would be impracticable in the present unfavourable condition of the Municipal Fund to preserve anything like a financial equilibrium of the income and expenditure of the Corporation or to provide for many other pressing works.

" I am to solicit the attention of Government to the fact that similar charges to those now in question have, on previous occasions, been regarded by Government as fairly chargeable to loan funds as

in the matter of the cost of providing land for cemeteries for Mahomedans and Beni-Israel, which charges were included in the loan sanctioned by Government in their Resolutions, Nos. 3501 and 883 of 22nd August 1895 and 22nd February 1896 respectively."

Letter from the Municipal Commissioner for the City of Bombay, No. 9385, dated the 16th July 1897—

"With reference to Government Resolution No. 2961 of 31st May 1897, General Department, I have the honour to report that a month has elapsed since the publication in the *Government Gazette* of the application of the Municipality to the raising of the loan of 25 lakhs for the construction of sewerage, water and other sanitary works, and as no objections have been raised by the public to the raising of the said loan, I request that the requisite sanction of the Government of India may be applied for."

Letter to the Government of India, Finance and Commerce Department, No. 4159, dated the 30th July 1897—

"I am directed to forward, for the sanction of the Government of India, the accompanying copy of an application No. 120, dated the 1st April 1897, from the Municipal Commissioner for the City of Bombay, soliciting sanction on behalf of the Municipal Corporation of Bombay to the raising in the open market, under the City of Bombay Municipal Act, III of 1888, of a loan of Rs. 25,00,000 for the construction of sewerage, water and other sanitary works in the City. The application for the loan, which is repayable in 40 years, was published in the *Bombay Government Gazette* of the 17th ultimo, but no objection to it has been received.

"2. I am to say that, although the marginally noted two items shown in the statement accompanying the application are of a nature which Government would have preferred to be provided for out of current revenue or by loan for a shorter term, still, under the present peculiar circumstances when the Municipality have had to meet great exceptional expenditure in connection with the plague, and under the imperative necessity of a loan being raised this season, this Government are not disposed to insist on a reconsideration by the Municipalty of the question of their exclusion from the list of works in Statement A, and beg that early sanction may be given by the Government of India to the raising of the whole loan specified in the application. I am to forward, for the information of the Government of India, copy of a letter No. 3353, dated the 2nd instant, from the President of the Municipal Corporation, which conveys the views of the Municipality in the matter.

	Rs.
Extension of the burial ground at Sewri Cemetery	84,668
Purchase of 28,750 square yards of land adjoining Anjir Bagh, Mount Road, the property of Mr. Rustomji Jamaspji Ashburner, required for Mahomedan Burial Ground, including Rs. 2,000 for stamp, registration, &c., charges	1,22,000
Rs.	2,06,668

"3. I am to state that this Government is prepared to guarantee that no ultimate charge on account of the repayment of the loan shall fall on Imperial Revenues, and to request that the sanction of the Government of India to the raising of it may be communicated to this Government by telegram."

"Your letter 4159, dated 30th July. Bombay Municipal Loan of 25 lakhs sanctioned. Letter follows."

Letter from the Government of India, Finance and Commerce Department, No. 3841-A, dated the 28th August 1897—

"I am directed to acknowledge the receipt of your letter No. 4159, dated the 30th July 1897, with which you forward an application from the Municipal Commissioner for the City of Bombay, requesting sanction to the raising, in the open market, of a loan of Rs. 25,00,000 for the construction of sewerage, water and other sanitary works. The loan is to be raised in three instalments, and interest will be paid half-yearly at 3½ per cent. per annum, the whole loan being repayable in 40 years.

"2. I am to say that, as intimated in my telegram, dated the 26th August 1897, the Government of India sanction the raising of the loan on the conditions stated. I am, however, to add that it seems questionable whether such charges as cost of stamp duties upon, and of registration of, current transactions should be regarded as capital expenditure to be provided out of loan funds."

Letter from the Municipal Commissioner for the City of Bombay, No. 13912, dated the 2nd September 1897—

"Stating that it would be utterly futile to advertise for a 3½ per cent. loan at the present juncture; and proposing that either the loan may be raised at 4 per cent. or that the sanction of the Government of India may be obtained to defer the raising of the Rs. 5,75,000 of the 1896 loan until next year between the 1st July and 31st December 1898 and to raise instead 15 lakhs of the 25 lakhs loan at 4 per cent., the remainder being raised at 4 per cent. or 3½ per cent. as the money market suited."

Telegram to the Government of India, Finance and Commerce Department, No. P.—1413, dated the 6th September 1897—

"Your telegram 26th August, Bombay Municipal Loan twenty-five lakhs. Two amounts, namely, nine lakhs of this loan and second instalment five and three quarters lakhs of loan sanctioned in India's letter 696 of 12th February 1896, having to be raised at three and half per cent. before 31st December, Municipal Commissioner is strongly advised that political situation has changed state of money market and any attempt to raise at this interest would be futile. He proposes two alternatives, namely first, change to 4 per cent. rate for both present loan and balance of 1896 loan. Secondly, defer raising balance 1896 loan till after next July and raise 15 lakhs of present loan at 4 per cent. before 31st December and remaining 10 lakhs afterwards at either 3½ or 4 per cent. according to money market. As regards first alternative, it is thought difficulty due to first instalment 96 loan having been raised at 3½ per cent. is not insuperable and this alternative is perhaps preferable. Sanction of India to one or other proposal most urgently solicited. If accorded, this Government would take any necessary steps regarding adjustment of annual interest and sinking fund instalments."

Letter to the Government of India, Finance and Commerce Department, No. P.—1416, dated the 6th September 1897.

Telegram from the Government of India, Finance and Commerce Department, dated the 8th September 1897—

"Your telegram of 6th September, Bombay Municipal Loan. The Government of India sanction whichever of the two proposed courses commends itself to the Government of Bombay. But as there are objections to carrying the sanction beyond April 30th next, it is necessary to stipulate that, if any portion of sanctioned loans is not raised before that date a renewed sanction should be applied for. The Government of India would suggest expediency of putting off the loan projects altogether and raising a temporary loan of fifteen lakhs repayable in one year; and they would be prepared to sanction this, if the Government of Bombay approve it and find it to be within the terms of the law."

Telegram from the Municipal Commissioner for the City of Bombay, dated the 13th September 1897.

Letter from the Municipal Commissioner for the City of Bombay, No. 15272, dated the 14th September 1897—

"In reply to your telegram of the 10th instant in connection with the raising of the loan of 25 lakhs for sewerage, water and other sanitary works, and in continuation of my telegram of last night, I have the honour now to state that the Standing Committee at

their meeting held yesterday sanctioned the raising of a temporary loan of 15 lakhs for a period of one year or less from the Bank of Bombay. The Municipal Solicitors have advised that there is no legal objection to this course. Under the circumstances I request that Government will be pleased to obtain the necessary sanction of the Government of India by wire, as soon as possible, as the Bank require the acceptance of their terms on Thursday morning, the 16th instant. The terms of the loan to be arranged with the Bank are as follows :—

> 'Three lakhs on the 1st November next and Rs. 50,000 a week from the 15th November onwards up to 12 lakhs, making in all a loan of 15 lakhs at interest per 1 cent. under the Bank's official rate, but the minimum rate to be not less than 4 per cent ; the loans to continue till the 31st August 1898.'"

Telegram to the Government of India, Finance and Commerce Department, No. P.—1483, dated the 14th September 1897—

"P.—1483. Your telegram of 8th. Bombay Municipal Loan. Municipal Commissioner who was asked to consult legal advisers of Municipality before replying wires ; Begins. Expedient of raising temporary loan fifteen lakhs as suggested by Government India sanctioned by Standing Committee to-day. Am arranging loan Bank Bombay. No legal objection. Please obtain sanction Government India to conclude loan Bank Bombay, Bank require acceptance Thursday morning. Kindly wire. Sanction reach me that morning or before. Ends. Bombay Government support proposal. Please telegraph formal sanction to Poona by to-morrow night."

Telegram from the Government of India, Finance and Commerce Department, dated the 15th September 1897—

"Your telegram P.—1483, September 14th. Bombay Municipal loan. Proposal sanctioned."

Letter from the Municipal Commissioner for the City of Bombay, No. 15339, dated the 16th September 1897—

"In reference to Government memorandum No. 4770 of the 2nd instant, forwarding letter No. 3841-A. of the 28th ultimo, from the Government of India, Finance and Commerce Department, I have the honor to state in regard to the concluding portion of the Government of India's letter that as stamp, registration, &c., charges in connection with the acquisition of land required for permanent works form a part of the actual cost of acquiring the land, such charges have necessarily to be included in the total provision required for such works from Loan Funds. If these charges were provided for and paid from current revenue, the Loan Works expenditure will not show the actual cost of the works."

RESOLUTION.—Copies of the telegram from the Government of India, dated the 15th ultimo, should be forwarded to the Municipal Commissioner for the City of Bombay, the Accountant-General and the Financial Department for information.

2. The Municipal Commissioner should be informed that for the the present the sanction to the raising of the proposed Municipal loan of 25 lakhs of rupees given by the Government of India in their letter No. 3841-A., dated the 28th August 1897, and the sanction to the raising of the second instalment (Rs. 5,75,000) of the loan of Rs. 15,75,000 which was communicated to the Municipal Commissioner under Government Resolution No. 883, dated the 22nd February 1896, must be considered to be in abeyance.

Resolved : " That, as applied for by the Commissioner in his letter to the Secretary, No. 17433, dated 12th instant, and under the terms of section 59 (*d*) of the Municipal Act, III of 1888, the Standing Committee assent, subject to the sanction of Government, to privilege leave of absence being granted to the Municipal Commissioner, P. C. H. Snow, Esq., I.C.S., for 16 days from Monday, the 8th November next, before office hours. "

No. 6620.

Resolved : " That, as applied for by the Commissioner in his memorandum to the Secretary, No. 17414, dated 11th instant, sanction be given to the acceptance of the offer of Messrs. Pallonji Shapurji & Co. for the construction (1) of quarters at Gamdevi for foreman, engineers and lascars, Fire Brigade, Rs. 13,989-5-7 ; and (2) of ward office thereat for the Street and Building Branch, Engineer's Department, Rs. 3,856-3-2, or a total of Rs. 17,845-8-9.

No. 6621.

" That, under the terms of section 72 (3) of the Municipal Act, III of 1888, the Standing Committee dispense with the invitation for tenders, which would otherwise be necessary, as the only tender received in reference to the advertisement issued calling for tenders was from Messrs. Deoram Kesheoji and Co. (Rs. 17,855-15-6), who, the Executive Engineer reports, have already many works in hand. "

Considered letter to the Deputy Commissioner, No. 2077, dated 7th instant, from the Superintendent of Markets as under :—

SIR,—I have the honour to report that about sixty-five stalls in the new Bhuleshwar Market had been thrown up at the close of the last quarter in consequence of their rents being high and as there were many applicants for them if the rents were reduced, there was no alternative but to put up to auction all the vacated stalls, which was done departmentally on the 4th and the 6th instant, with the results as shown in the accompanying two statements marked A and B. 2.—The stalls shewn in statement B were also put up to auction along with the stalls in statement A, but then

there were no bidders for them, and the bids that were received for some of them were too low to be accepted, and hence they were again put up on the 6th instant. 3.—It will be observed on reference to the two statements that the total amount realized at the sale is Rs. 936-0-0 against Rs. 1,208-0-0, showing a reduction of only Rs. 272 per quarter. This I consider fair, considering the position of the stalls, and I request that the sanction of the Standing Committee may be obtained. 4.—About seven stalls are now lying vacant as there were no bids for them on both these days.—I have, &c., DOUGLAS BENNETT, Superintendent of Markets and Slaughter Houses.

12th October 1897.

To The MEMBERS of the TOWN COUNCIL,
MUNICIPALITY, Bombay.

Honored Sir,—I beg most humbly to inform your honor that I have several times applied and informed all matters what are done, about my uncle's house No. 26 in Withalwady Street, but the Municipal Commissioner did not take notice yet, therefore I must obliged again once to inform your honor that there are adjoining two house in Withalwady Street Nos. 22, 24 and 26 belongs to my father Damother Ramchandra Seta Satghura Shapwala, in the house Nos. 22 and 24 I am lives with my father, and the other house No. 26 was given to my uncle five thousands rupees and ornaments to supperate lives. He was lives in that house and he got three sons, the yelder son was a vagabond and ran away more than 12 years done, since that time he is not came, God knows he is alive or died no news, and the second son he was given adopted and the third son he and his family was lives in the said house, however in the Plague he his wife and yonger son died in eight days one after another; therefor his adopted son was came to do the anival ceremony as per religion he have carry out all things and locked that house and given the keys in the hand of the second mother without taken permission of my father; after two days he also died, after that I requested many times to his second mother for keys to open the house for clean; she already deny and also

the Justis of the Piece have sealed, since that time house is closed. I am a empower to open but afraid for dispute perhaps his yelder son will come and quarrel, therefore I request to order to your subordinate and to the Justis of the Piece to open, by which I will note down and your men will note down the remaining things presence of your and me men and clean. Municipality have right to open this house like other houses. We are quite tiered to suffer the smell. Under these circumstances you will be please to order at once to open for pay the bills and oblige. Please send me true copy of that remaining things which is your men note down.—I beg, &c., ATMARAM DAMOTHER SETA SATGHURA SHAPWALA.

No. 6625. *Resolved*: "That the following be referred to the Commissioner for disposal and that the applicant be informed accordingly:—Letter, dated 12th instant, from Mr. Atmaram Damodar Setay Satgharay Shapwala, requesting that the house No. 26, Vithalwadi Street, which, he states, has been locked up by members of his family and left uncared for, may be opened by the Municipality and cleansed."

Read letter to the Commissioner No. 1324, dated Ahmednagar, 6th instant, from the Superintendent, Civil Veterinary Department, Bombay Presidency, as under:—

SIR,—With reference to your letter No. 16584, dated 30th ultimo, I have the honour to report that I am of opinion that, if the Municipality propose making this experiment, it should be done on sound lines and with really good mules. The limit allowed, *viz.*, Rs. 175 per mule, is in my opinion not sufficient to buy the class of animals required for the work, and I would suggest that the limit be fixed at Rs. 250.—I have, &c.,

J. W. A. MORGAN, VETY. CAPT.,
Superintendent, Civil Veterinary Department,
Bombay Presidency.

No. 17224 OF 8TH OCTOBER 1897.

Forwarded to the Municipal Secretary for favour of the sanction of the Standing Committee.

P. C. H. SNOW, Commissioner.

No. 6626. *Resolved*: "That, as applied for by the Commissioner in his memorandum to the Secretary, No. 17224, dated 8th instant, the Standing Committee approve of the purchase of three pairs of mules at the rate of Rs. 250 for each mule, required for use experimentally for draught purposes by the Health Department."

Resolved : " That the following be *recorded* :—Letter to
No. 6627. the Secretary, No. 17318, dated 8th instant, from the Commissioner, reporting that he has sanctioned, for a period of four months from the 6th idem, two appointments of Rs. 100 and Rs. 45 respectively in the office of the Chief Accountant for the audit of the expenditure incurred on account of the measures adopted for the suppression of the plague. The cost to be debited to the grants for plague charges. "

Resolved : " That the following be *recorded* :—Letter
No. 6628. to the Secretary, No. 17323, dated 9th instant, from the Commissioner, reporting that he has accepted the offer of Mr. Sayaji Naguji for the construction of a culvert with pen-stock in the eastern bank of the storm-water reservoir on the Flats at a cost of Rs. 1,758. The cost to be debited to the grant of Rs. 2,112 sanctioned by the Corporation in their Resolution No. 2421 of the 3rd June last."

Read letter to the Secretary, No. 17317, dated 9th instant, from the Commissioner, as under :—

SIR,---I have the honour to state that provision has been made in the current year's Budget for the purchase of 54 pairs of bullocks at the rate of Rs. 135 per pair and 50 pairs at Rs. 135 per pair for scavengering and drain-cleaning establishment at a total cost of Rs. 15,660, and for the purchase of 32 pairs at Rs. 165 per pair for cesspool and night-soil carts at a cost of Rs. 5,280. 2.—Messrs. Cursetjee and Sons, of Kirkee, through whom it is proposed to purchase the animals, state that the best time for their purchase is after the middle of October and request to be allowed an average rate of Rs. 150 per pair of bullocks from under 12 to 12·2 hands. Adding that it is very difficult to obtain good serviceable and young bullocks of larger sizes over that height. The Executive Health Officer also reports that if the fodder rates run high in the cold weather, compensation will have to be paid as was done on the last occasion. 3.—The rate of Rs. 165 per pair usually paid is for bullocks 12·2 hands and over and of Rs. 135 for bullocks 12 to under 12·2 hands. 4.—Taking into consideration the present condition of the districts from which the animals are collected, I consider it advisable to accept the rate demanded by the contractors and request the sanction of the Standing Committee and the Corporation to the same. The total cost for 136 pairs at Rs. 150 per pair will be Rs. 20,400 and will be defrayed from the total sanctioned provision amounting to Rs. 20,940.—I have, &c.,

P. C. H. SNOW, Commissioner.

Resolved : "That letter to the Secretary, No. 17317, dated 9th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the payment, to Messrs. Cursetji and Sons, of Kirkee, of Rs. 150 per pair of bullocks from 12 hands to 12·2 hands, subject to the discretion of the Health Officer, in respect of 136 pairs for the Health Department instead of Rs. 135 per pair as entered in the Budget for the current year. The total cost of the 136 pairs, Rs. 20,400, to be debited to the grant of Rs. 20,940 provided in the Budget for the current year for the purchase of bullocks."

No. 6629.

Read letter to the Secretary, No. 17879, dated 15th instant, from the Deputy Commissioner, as under :—

SIR,—With reference to Standing Committee Resolution No. 11630 of 15th January 1896, directing the continuance of stall No. 1 at the Arthur Crawford Market to the widow of Peerbhoy Rahim on his decease, I have the honour to report that subsequently an application was made by Messrs. Payne, Gilbert & Sayani for the transfer of the stall from the name of Jiwabai to that of Cawasji Ratanji, her partner. After full consideration the Commissioner came to the conclusion that the proposed transfer was inexpedient. On the 8th September last, Messrs. Payne, Gilbert and Sayani made a fresh proposal on behalf of their client Jiwabai, asking that the stall might be transferred from the name of Jiwabai to that of Jiwabai, Cawasjee & Co., the reason of the application being that Jiwabai is not possess-

ed of sufficient funds to carry on business on a large scale and that her partner is unwilling to invest money in it, as he has no proper security as long as the stall stands in the name of Jiwabai solely. There seems to me no objection to the proposal provided the interests of Jiwabai and the Municipality are respectively safeguarded. So far as the Municipality is concerned the Superintendent of Markets states that Rs. 80 per quarter would be a fair rent to ask, and so far as Jiwabai is concerned, it appears sufficient to insert a condition in the license that Mr. Cawasjee shall not reduce any allowance he is now making to Jiwabai and that the license will be cancelled if, in the opinion of the Commissioner, Jiwabai's interest are in any way prejudiced. To these conditions Messrs. Payne, Gilbert & Sayani have agreed, and I accordingly request the sanction of the Standing Committee to transfer the stall from the name of Jiwabai to that of the firm Jiwabai, Cawasjee & Co. on the increased rental of Rs. 80 per quarter.—I have, &c.,

J. H. DuBOULAY, Deputy Commissioner.

Proposed by Ibrahim Rahimtoola, Esq., seconded by T. W. Cuffe, Esq.—

That, as applied for by the Deputy Commissioner in his letter to the Secretary, No. 17879, dated 15th instant, sanction be given to the transfer of the occupancy of stall No. 1 in the Arthur Crawford Markets from the name of Jiwabai, widow of Peerbhoy Rahim, to the names of Jiwabai, Cawasji & Co., on condition that Jiwabai, Cawasji & Co. pay the increased rental of Rs. 80 per quarter, and that Mr. Cawasji Ratanji gives an undertaking not to reduce any allowance which he is now making to his partner Jivabai in respect of her interests in the stall and that the license to Jiwabai, Cawasji & Co. will be cancelled if, in the opinion of the Municipal Commissioner, Jiwabai's interests in the stall is in any way prejudiced by the action of Mr. Cawasji Ratanji.

Amendment moved by Kaikhosru N. Bahadurji, Esq., M.D., seconded by Nanabhai N. Katrak, Esq.—

That, as applied for by the Deputy Commissioner in his letter to the Secretary, No. 17879, dated 15th instant, sanction be given to the transfer of the occupancy of Stall No. 1, in the Arthur Crawford Markets, from the name of Jivabai, widow of Peerbhoy Rahim, to the names of Jiwabai, Cawasji & Co. on condition that Jiwabai, Cawasji & Co. pay increased rental of Rs. 80 per quarter.

No. 24495 OF 1897-98.

BOMBAY, 15*th October* 1897.

To THE MUNICIPAL COMMISSIONER.

SIR,—In reference to your letter No. 9965, dated the 22nd July 1897, forwarding copy of a resolution passed by the Standing Committee regarding the working of an apparatus invented by Mr. Dadabhai J. Sonavala, I have the honour to reply that Mr. Sonavala's invention was given the fullest trial possible. I took a very great interest in the experiment. Mr. Sonavala was employed from the 21st of January 1897 to the 30th of April 1897 in the Health Department on a salary of Rs. 250 a month. Every facility was afforded him and moreover a special staff was engaged to work the apparatus and assist him. The apparatus was heavy and cumbersome and was inconvenient to move rapidly from house to house and room to rooms yet it was largely made use of, particularly in houses in the Fort. 2.—Chlorine has two actions, an antiseptic and disinfecting power. Ever since the proposal was first made in the beginning of the century to use chlorine as a disinfectant, the properties of chlorine have been under investigation. 3.—Mr. Sonavala in his process evolves chlorine under pressure and by the generation of heat. 4.—It is well to take this opportunity of making a few remarks on the action of chlorine

as a disinfectant, bearing in mind that the use of a solution not dissimilar to bleaching power liquid, namely, the "Hermite fluid," which is a solution of hypochlorous acid, is now engaging our attention. 5.—The experiments made by Mr. Hankin and referred to in my annual report on the action of chlorine on the microbe of Bubonic Plague when placed on a cowdung floor, confirm the experiments of Baxter with chlorine and vaccine lymph. It has been ascertained that the disinfecting action of chlorine depends much more upon the nature of the liquid than upon the specific organism acted on. For instance it has been ascertained that in an organic liquid which requires large quantities of chlorine before the liquid is deodorised the action of the gas on germs does not begin before the chlorine is in excess. But when the action has been completed, germs that may afterwards enter from the atmosphere find it an unsuitable medium for growth. 6.—Authorities are very much divided as to the value of chlorine under practical conditions. 7.—Fischer and Proskaner formed a somewhat unfavourable opinion, whereas the experiments of Jalan-de-la-Croix give a very favourable report on the action of chlorine. He was of opinion that besides Chlorine, Bromine and Iodine, we have only corrosive sublimate and osmic acid destructive to the bacteria of splenic fever within 24 hours. 8.—I have formed a favourable opinion as to the protective action of chlorine against the incidence of Bubonic Plague in dwellings. 9.—The experiments of Dr. Mehlhansen are very well known. 10.—Dr. Cash who studied the action of the halogens on the virus of anthrax and tubercle, came to the conclusion that chlorine was the least active and Iodine the most effective. 11.—The difficulty is to secure intimate contact between the gas and the organism to be acted on. 12.—Although I believe in the practical value of chlorine for the disinfection of rooms which are approached by narrow staircases and filled with furniture which can only be removed with difficulty and after delay, yet there is the view of a great many authorities to be taken into consideration that the action of chlorine gas is doubtful and its use attended with some danger in crowded localities. 13.—My experience is that chlorine is a most valuable agent for use in the disinfection of large buildings that have been overcrowded and are ill-ventilated. It removes at once the organic odours that pollute such buildings and I think its use need not be attended with any real danger. 14.—I think Mr. Sonavala deserves encouragement and as he has invented a small and portable apparatus, two of them might be purchased.—I have, &c., T. S. WEIR, Health Officer.

Cursetji & Sons, of 6 pairs of bullocks for meat-van to replace casualties and bring up the number to the sanctioned strength at a cost of Rs. 300 per pair for 13-2 hands and over, and Rs. 250 per pair for 13 hands but under 13-2. The cost to be met from the grant of Rs. 3,000 provided in the Budget for the purchase of 10 pairs of bullocks at Rs. 300 per pair under Section VI, Meat Carriage, Market and Slaughter Houses Budget."

Considered letter No. 24699, dated 16th instant, from the Acting Health Officer to the Commissioner, as under :—

SIR,—In reference to your memorandum No. 17223 of 8th instant, asking how many extra clerks are employed and how long they will be required, I have the honour to submit the accompanying statement. The whole work of both the General and Registration Branches has been completely upset by the events of the past year. The work of both branches has been enormously increased and at present I see no sign of cessation. I am quite alive to the urgent necessity of cutting down expenditure at the present time, but if the work of this office is to go on, and to be kept up I must have assistance. I have now twenty-four extra clerks at work, of these ten are employed in the General office and the remaining fourteen are employed in the Registration branch. Five of the latter have been employed since May and their retention up to the middle of December has been sanctioned under the Commissioner's No. 15421 of 17-9-97. By that time, I hope, that the arrears of work on which they are engaged will be completed. Seven of these extra clerks were employed for two months in connection with the preparation of the Annual Report and their time will expire on the 20th instant. The work of the Registration branch stands as follows:—The whole of 1896 work is finished. The rough registers for 1897 have been written up to August. The fair Registers for the whole year 1897 have yet to be done. The preparation of the monthly statements for the quarterly and annual reports for the year 1897 have yet to be taken in hand. Statements for the Sanitary Commissioner have been submitted up to April 1897. The continuous high mortality, which has only been under 100 on 10 days since the 14th July, adds to the difficulty. A very large statement has had to be prepared for the Government of India, and elaborate statements are now under preparation for the Bubonic Plague Research Committee. It seems to me, therefore, with this heavy work on hand, and the uncertainty regarding the mortality for the next few months, that the whole of the present

extra establishment *must be retained up to the 1st of March* 1898. I see no other way of getting over the difficulty. Unless the registration work of the current year is brought up, there will be hopeless arrears in 1898, and the preparation of the annual and quarterly reports will obviously be delayed. I have, therefore, to request that you will be good enough to sanction the continuance of the services of *all these extra clerks up to the 1st of March* 1898.—I have, &c.,

J. LEASK, Acting Health Officer.

BOMBAY, 21*st October* 1897.

Copy forwarded to the Standing Committee for information.

Under the circumstances pointed out by the Health Officer, I have sanctioned the retention of the extra clerks up to the 1st March 1898.

The cost will be met from the Plague Grants.

P. C. H. SNOW, Commissioner.

Resolved : "That the following be *recorded* :—Memo-
No. 6806. randum No. 18518, dated 21st instant, from the Commissioner, stating that he has sanctioned the retention of the services of 24 temporary clerks, up to 31st March 1898, employed in the Health Department, as per the Health Officer's letter No. 24699 of the 16th idem, in order to bring up the arrears of the General and Registration Branches. The cost to be met from the grants for plague charges."

Resolved : "That, with reference to the Commissioner's
No. 6807. letter to the Secretary, No. 18451, dated 20th instant, the Standing Committee approve, under the terms of section 230 (1) of the Municipal Act, III of 1888, of an order in writing being issued, authorizing Mr. Manchand Lalbhai to carry the drain of his premises at No. 488, Sheik Memon Street, into, through, or under the gully belonging, or alleged to belong, to Mr. Chunilal Mansukh, Mr. Magalal Ramdas and Bai Dewalibai, widow of Mr. Munsukram Vandravandas, to the Municipal sewer thereat in such manner as the Commissioner shall think fit to allow."

Resolved : "That, with reference to the Commissioner's memorandum No. 18664, dated 22nd instant, the Standing Committee approve, under the terms of section 381 of the Municipal Act, III of 1888, of notice in writing being served on Mr. Balcrishna Bapoojee Katvee, requiring him to fill up the well or reservoir at his premises No. 187, Bhandari Street, with sweet earth and lime, as it is reported by the Deputy Health Officer of C Ward that the well is close to a privy and the water in the well is very foul, renders the adjacent room damp, and causes a nuisance."

Considered letter to the Commissioner, No. 24933, dated 19th instant, from the Acting Health Officer as under :—

SIR,—With reference to your memorandum, No. 12613 of the 19th August last, I have the honour to report that a mistake has occurred in the name of the owner of the ground. Until recently it belonged to one family, the Tapidas family, and now it has been divided between the brothers, Mr. Damodher and Mr. Dayabhai. The tank or well complained of by the Executive Engineer, which was the one referred to in this office letter No. 3647 of 1st May, belongs to Mr. Dayabhai Tapidas. This is a small tank of about 12 feet square with about 6 feet of water. The water is nearly level with the surface of the ground. The water is not clean, and in the hot weather smells offensively. It is not used for any purpose at present. The tank should be filled in.

In Mr. Damodher's part of the property is an old large well, the parapet of which has cracked and given way in places. *The water in it is level with the surface of the ground.* It is not used for any purpose. It is useless to say it is made use of for irrigation. There is no ground to irrigate ; what ground there is, is now a swamp. The whole of this property is sodden. The subsoil water is practically level with the surface. There are heaps of dung and litter on the ground. The well on Mr. Damodher's ground should be filled in.—I have, &c.,

J. LEASK, Acting Health Officer.

BOMBAY, 22*nd October* 1897.

Copy forwarded to the Municipal Secretary with reference to Standing Committee Resolution No. 1912 of 19th May 1897. Sanction of the Standing Committee is requested to a notice being served on Mr. Dayabhai Tapidas to fill in the tank on his premises.

P. C. H. SNOW, Commissioner.

Resolved : "That, in reply to his letter to the Chairman, dated 19th May last, Mr. Damodherdas Tapidas be informed that the Standing Committee adhere to their resolution No. 1629 of the 12th idem, requiring that the well on his premises at Chinchpokli, Parel Road, be filled up.

No. 6809.

"That, with reference to the Commissioner's memorandum to the Secretary, No. 18676, dated 22nd instant, the Standing Committee approve, under the terms of section 381 of the Municipal Act, III of 1888, of notice in writing being served on Mr. Dayabhai Tapidas requiring him to fill up the tank or well on his premises at Chinchpokli, Parel Road, as the same causes a nuisance."

Resolved : "That, with reference to the Deputy Commissioner's letter to the Secretary, No. 18673, dated 22nd instant, the Standing Committee approve, under the terms of section 169 of the Municipal Act, III of 1888, of the following charges being made against the Bombay Tramway Company for water drawn by them from Municipal hydrants during the work of renewing the tram lines between (1) Grant Road and Paidhowni, and (2) Wari Bunder Tram Terminus and Carnac Bridge, *viz.*, Rs. 2 per day, from 1st idem, in respect of the tramways between Grant Road and Paidhowni; and Rs. 2 ditto from 13th of the same, in respect of ditto between Wari Bunder Tram Terminus and Carnac Bridge."

SIR,—In reference to the Standing Committee Resolution No. 4853 of the 14th August 1895, I have the honour to forward herewith a copy of report No. 8241—16-9-97, from the Executive Engineer, from which it will be seen that, if corrugated iron sheds were put up, they will cost Rs. 62,706. 2.—The Corporation have sanctioned Rs. 1,50,000 for the construction of bullock stables and quarters for sweepers in E Ward near the Victoria Gardens, and, as it is proposed to change the site, the expenditure is estimated at Rs. 1,69,493 to suit the new site, or Rs. 19,493 in excess of the available amount. 3.—Thus it will be observed that additional Rs. 62,706 + Rs. 19,493 = Rs. 82,199 will be necessary if it is decided to carry out the works. 4.—Looking, however, to the present financial condition, I do not recommend that this heavy expenditure should be incurred and suggest that the question may be deferred.—I have, &c., J. H. DUBOULAY, *for* Commissioner.

No. 8241 OF 1897-98.

BOMBAY, 16*th September* 1897.

To THE MUNICIPAL COMMISSIONER.

SIR,—I have the honour to express my regret at the delay that has taken place in disposing of the subject. This delay was, however, unavoidable owing to the difficulty of selecting a suitable site for the location of the stable without, on the one hand, prejudicially affecting the selling value of the Municipal frontage land, and, on the other, creating a nuisance to the general public. 2.—The plans and estimates for the construction of the Health Department stables and for the quarters for sweepers in Ward E were submitted to the Commissioner, and it was therein pointed out that the erection of bullock stables on the proposed site, north of the Victoria Gardens, would materially affect the selling value of the large area of frontage land on the Connaught and Sussex Roads. It was, under the circumstances, proposed that the stables should be built on a vacant plot of ground at Sankli Tank near the Fire Brigade Station. 3.—The Health Officer thereupon suggested that the bullock hospital should be removed to the site near the Victoria Gardens in the place where the stables were at first proposed to be constructed. 4.—It was pointed out to the Health Officer that, if his suggestions were carried out, the same objection, *viz.*, depreciation of the selling price of the adjacent land, would still apply, as a bullock hospital would be as objectionable as the stables, and a plan was submitted to him showing the proposed arrangement for erecting at Sankli Tank (*a*) the Health Department chawls and stable, (*b*) the sick bullock hospitals, and (*c*) the Executive Engineer's Office for Ward E. The Health Officer, however, objected to the proposal on the ground (*a*) that the bullock hospital should not be in the vicinity of the stables in which healthy bullocks were kept, and (*b*) that the space allotted for the chawls and stables was too limited. He, however, approved of the proposed site at Sankli Tank for the Health Department chawls and stables, subject to the bullock hospital being constructed away from the stables and to certain passages and space being reserved. 6.—Another plan was thereupon prepared and forwarded to the Health Officer, showing an alternative arrangement of the site of the chawls and stables at Sankli Tank and of the bullock hospital on a portion of the ground purchased for the Agripada roads and frontages. 7.—This proposal was also objected to by the Health Officer on the ground of its immediate proximity to the Agripada milch-cattle stables, the distance between being only 90 feet and the site being directly to the west and windward, for a certain time of the year, of the milch-cattle stables. 8.—As a last alternative it was suggested to the Health Officer (1) that the site on Connaught Road on which the E Ward stables for healthy bullocks are proposed to be constructed should not be utilized for that purpose, (2) that the stables for healthy bullocks

should be erected on the west of the Agripada milch-cattle stables, and (3) that the sick bullock hospital, if sanctioned, should be erected on the site of the present temporary structures. 9.—The Health Officer, having considered the proposals above referred to, is of opinion that they are the best under all circumstances and has agreed to them. 10.—We have now to consider the question of the cost of (*a*) the construction of chawls and stables for healthy bullocks in E Ward, and (*b*) the construction of new sheds, &c., for sick bullocks at Sankli Tank. 11.—As regards item (*a*), *viz.*, the construction of chawls and stables for healthy bullocks, I may state that, when these buildings were proposed to be constructed on the site near the Connaught Road, the requirements of the Health Department were as follows :—(*a*) Stables for 100 pairs of bullocks ; (*b*) a chawl for biggaries consisting of 60 rooms, each admeasuring 12′×12′ ; (*c*) an office room and store room ; (*d*) a masonry water tank ; (*e*) a twelve-seated privy ; (*f*) fencing the ground ; (*g*) filling in the low ground ; (*h*) metalling the stable yard to keep "kutchra" carts ; (*i*) drainage and water connections ; and the cost of these works was estimated at Rs. 1,19,959. This estimate was submitted to you. 12.—This estimate has now been revised to suit the new site, and its amount comes to Rs. 1,25,056 as per estimate annexed. The excess is on account of the substitution of an enclosure wall for iron-barred fencing and for metalling the additional area of ground. 13.—The above amount does not include the value of the land, which is estimated at Rs. 44,437, making a total of Rs. 1,69,493. The amount sanctioned by the Corporation for this work is Rs. 1,50,000 ; the difference, therefore, is Rs. 19,493, to which the sanction of the Corporation may be solicited. 14.—So far the matter, as far as this department is concerned, is settled, but the Health Officer in a letter of the 26th June 1897 states as follows :—"I cannot very well give you our estimate of requirements till I know that the Commissioner's recommendation for the extra staff and carts in the reorganization are approved by the Corporation." Your instructions are, therefore, now solicited on the subject. 15.—If, when the reorganization scheme is sanctioned, it is found that additional accommodation is necessary, it can be duly considered, and the Corporation can then be asked to supply extra funds, as it is hoped that by that time the financial condition of the Municipality will also have improved. 16.—As regards item (*b*), an estimate, amounting to Rs. 68,532 in the aggregate for constructing permanent sheds for sick bullocks at Sankli Tank to replace the existing sheds of inflammable materials, was submitted. 17.—The proposal consists of the construction of (i) four blocks of sheds to accommodate in all 200 head of cattle ; (ii) a dispensary, and operating room and office in one block ; (iii) a fumigating shed ; (iv) a *post-mortem* shed ; (v) a chowki and hay rooms ; (vi) stables for three horses, van and hearse rooms ; (vii) a four-seated privy ; (viii) compound railing, drainage and water connections, filling and levelling the ground. A block plan showing the disposal of these buildings is hereto attached for your

inspection. 18.—You enquired whether the estimates cannot be reduced, and reply to this query was kept in abeyance until the question of the site was finally disposed of. I now beg to forward herewith revised estimates for the above sheds, amounting to Rs. 62,706. The reduction in the revised estimate is due to the roof being proposed to be covered with corrugated iron sheets instead of Mangalore tiles and planking and to the reduction in the depth of the foundation by 2 feet. 19.—This estimate does not include the cost of removing the existing sheds or of erecting temporary ones in another place until the time the permanent buildings are under construction, but the expenditure can be met from the grant for contingencies. 20.—I may state that this work has not yet been placed before the Corporation and has not received their sanction. 21.—I have now to request the favour of your approval to the project of erecting the Health Department stables to the west of the Agripada milch-cattle stables, and to your obtaining the sanction of the Standing Committee and the Corporation : (*a*) to the change of the site for the stables, &c., for healthy bullocks from near Connaught Road to the west of the Agripada milch-cattle stables; (*b*) to the postponement of the question of the erection of the stables, &c., for healthy bullocks until the subject of the reorganization of the Health Department is disposed of; (*c*) to credit Rs. 44,437, being the amount already debited to the grant for the work of constructing stables, &c., for healthy bullocks, to the grant "for the purchase of land and construction of roads in the Agripada District and elsewhere" on account of the land now proposed to be made over for the construction of the above stables; and (*d*) to the project of the construction of stables, &c., for sick bullocks on the present site at a cost of Rs. 62,706.—I have, &c.,

M. C. MURZBAN, Executive Engineer.

No. 6811.

Resolved : "That, as it appears from the Commissioner's letter to the Secretary, No. 15695, of 22nd ultimo, that the amended estimate of the cost of constructing bigarries' chawls, bullock stables and bullock hospital for the E Ward of the Health Department amounts to Rs. 1,69,493, or Rs. 19,493 in excess of the amount of Rs. 1,50,000 sanctioned by the Corporation on the 23rd January 1890, the Corporation be informed that the Standing Committee concur with the Commissioner in the opinion that the construction of the building in question should be deferred for the present."

"That the Commissioner be asked to favour the Standing Committee with a report on the question of the complaint made by the Khatau Makundji Spinning and Weaving Mill Company in regard to the danger of fire from the inflammable nature of materials used in the municipal cadjan huts adjacent to the Mill."

Considered letter No. 15996, dated 24th ultimo, from the Commissioner to the Secretary, as under :—

SIR,—The Standing Committee under their Resolution No. 1000 of the 25th April 1894 accepted the tender of Messrs. Littlewood and Pallonji for the work of covering the storage basin at the Bhandarwada Reservoir and constructing filters over it at schedule rates aggregating Rs. 1,07,309-6-0 *plus* 10 per cent. contingencies, Rs. 10,730-10-0, and Rs. 5,076 for ironwork to be supplied by the Municipality, the total being Rs. 1,23,116 against the grant of Rs. 1,60,000 sanctioned for the work. Under their Resolution No. 10976 of the 20th January 1897, the Standing Committee increased the amount on account of certain extra works to Rs. 1,22,346-8-9.

2. The Executive Engineer reports that against the revised contract estimates of Rs. 1,22,346-8-9 the Contractors have completed work of the value of Rs. 1,06,029-1-4 (including Rs. 1,000 for probable unforeseen claims). They, however, refuse to execute the work of supplying shingle and sand on account of their not having received an order until the close of their extended time.

3. The Municipal Solicitors are of opinion that the Contractors cannot be compelled to supply and lay either shingle or sand. There is, therefore, no other alternative but to close the contract and carry out the remaining work either departmentally or through some other agency as may be found convenient.

4. The cost of the work left incomplete by the Contractors is estimated at Rs. 25,045-8-0 at the present market rates against Rs. 12,662 at the Contractors' rates.

5. The work principally consists of the provision and laying of filtering materials. It is described in the accompanying statement **B**, and will be carried out departmentally or by contract as may be found advantageous to the interests of the Municipality. I request the sanction of the Standing Committee to meet the cost, amounting to Rs. 25,045-8-0, as follows :—Rs. 16,317-7-5 from the balance of the revised contract amount sanctioned under the Standing Committee Resolution No. 10976 quoted above and Rs. 8,728-0-7 from the unappropriated balance of the grant for the work.

6. I may mention that originally the Contractors agreed to do the work within two years, and the time expired on the 25th July 1896. The contract time was, however, extended to the end of the financial year, and, as the Contractors were doing some work in April, it is proposed to extend the contract period to the 30th April last. The sanction of the Standing Committee is therefore requested to the maintenance period being counted from that date. I may add that certain claims for extras by the Contractors are under consideration and, if found good, will have to be provided for.—I have, &c., J. H. DUBOULAY, Deputy Commissioner.

Proposed by K. M. Shroff, Esq., seconded by A. G. Viegas, Esq.—

"That, as applied for by the Deputy Commissioner in his letter to the Secretary, No. 15996, dated 24th ultimo, sanction be given to certain works left incomplete by Messrs. Littlewood and Pallonji in connection with their contract for covering the storage basin at the Bhandarwada Reservoir and constructing filters over the same as per Statement B accompanying the above letter, being carried out either departmentally or by contract as may be found most advantageous to the Municipality at the estimated cost of Rs. 25,045-8-0 to be met as under :— Rs. 16,317-7-5 from the balance of the revised contract amount sanctioned under the Standing Committee's Resolution No. 10976 of the 20th January last and Rs. 8,728-0-7 from the unappropriated balance of the grant for the work.

Resolved : "That the following be forwarded to the Corporation for information :—Memorandum No. 17906, dated 16th instant, from the Commissioner, forwarding letter to himself, No. 3257, dated 14th idem, from the Chief Accountant, enclosing two statements showing the expenditure passed and paid by the Municipality and the Plague Committee up to 26th ultimo."

No. 6813.

Resolved : "That the consideration of the following be further postponed :—Resolution of the Corporation, No. 6570, dated 11th instant, as under :—That the Standing Committee be requested to consider and report on the Draft Amendments by the Commissioner, now before the Corporation, of Chapter XVI, Sections 442 to 453 of the Municipal Act, III of 1888, relative to Vital Statistics, Registration of Births and Deaths. Letter, dated 13th instant, from Mr. Kalabhai Lallubhai, submitting suggestions relating thereto."

No. 6814.

Considered letter to the Secretary, No. 17420, dated 11th instant, from the Deputy Commissioner as under :—

SIR,—I have the honour to report, for the information of the Standing Committee and the Corporation, that the contract between this Municipality and Bandora for the supply of water expired on the

1st July 1897. The Bandora Municipality are anxious to renew the contract on terms more favourable to themselves, and desire that in place of the 12 annas rate at present charged, a rate of 8 annas should be fixed, the terms of the contract remaining in other respects identical. It has been urged that the cheaper rate will result in greater advantage being taken of the supply of pure water, and that the financial position of the Bandora Municipality is so bad that they can ill afford to continue the existing rate. I cannot say that these considerations carry any great weight with me. Our water supply, large as it is, is often inadequate to supply the upper storeys of houses in the city, and it is by no means desirable that the wants of Bombay should be sacrificed for the convenience of outsiders. The financial condition of Bandora can hardly be worse than that of Bombay, and as it was stated by a member of the deputation that interviewed the Commissioner on behalf of the Bandora Municipality that their house tax is only 4 per cent. on valuation, it seems that a small increase of taxation could be borne without much difficulty by their rate-payers. The matter is purely one of business and inasmuch as our water revenue is annually close upon two lakhs short of our expenditure, I do not see my way to recommending any reduction in the rate. It is part of our old agreement with Bandora that a refund of the annas 12 rate shall be made for water supplied for charitable purposes to such extent as to make the charge the same there as for similar institutions in Bombay, and it has been pointed out by the Water Engineer that no less than 9 per cent. of their total consumption is taken for charitable purposes, whereas the proportion in Bombay is only one per cent. Thinking the percentage somewhat excessive, I instituted enquiries with a view to ascertain whether some of the water said to be consumed in this way was not in reality being used for other purposes, but this is not the case. I do not wish to introduce any higher rate for such water, but I am of opinion that some limit should be fixed to the amount so used; and I would suggest that a clause should be entered in the new agreement limiting the amount of water which this Municipality will treat as water devoted to charitable purposes to its present proportion of 9 per cent. of the total consumption. There is one other change that I think is desirable. In the first para. of the old agreement the following words appear:—"The said supply shall be made at the rate of 12 annas per 1,000 gallons, subject, however, to the proviso that such rate shall be subject to corresponding increase or reduction from time to time if and according as the present Bombay rate of 12 annas per 1,000 gallons shall during the said period be increased or reduced." As there are various rates prevailing in Bombay and the above wording might lead to complications, I recommend that in the new contract the words "subject, however," to "reduced" should be omitted. In other respects I am of opinion that the new contract might be the same as the old one.—I have, &c., J. H. DuBOULAY, Deputy Commissioner.

Proposed by Cowasjee Hormusjee, Esq., seconded by the Hon'ble Mr. Fazulbhoy Visram, C.I.E.—

"That letter to the Secretary, No. 17420, dated 11th instant, from the Deputy Commissioner be forwarded to the Corporation, with the recommendation that approval be given, under the terms of section 288 of the Municipal Act, III of 1888, of the renewal of the agreement with the Bandora Municipality for the supply of water to them for a period of five years from 1st July 1897, at the rate of 12 annas per 1,000 gallons by meter measurement subject to an allowance of 10 per cent. thereof for leakage, and on the following conditions :—

No. 6815.

"That, as suggested by the Deputy Commissioner, a clause be inserted in the new agreement limiting the amount of water so supplied to be treated as water devoted to charitable purposes to its present proportion of 9 per cent. of the total consumption.

"That the following words in the first para. of the existing agreement be omitted from the new contract :— 'subject, however, to the proviso that such rate shall be subject to corresponding increase or reduction from time to time if and according as the present Bombay rate of 12 annas per 1,000 gallons shall during the said period be increased or reduced.'"

Amendment proposed by Ibrahim Rahimtoola, Esq.—

That the Corporation be recommended to approve of the agreement being entered into with the Bandora Municipality for the supply of water at the rate of 12 annas per 1,000 gallons for the full period of five years from 1st July 1897, but that the supply to charitable institutions thereat be limited to 9 per cent. of the total consumption.

SIR,—I have the honour to re-submit the statement of buildings and sheds with a column added thereto showing the amounts realized by the Municipality by the sale of materials. 2.—It will be seen that of the 59 structures mentioned in the list the materials of 34 buildings have been removed by the owners themselves, and therefore no compensation will be paid to them by the Municipality. 3.—In four cases the materials were burnt down

by the Municipality and therefore nothing has been realized, but the Municipality will have to pay the compensation awarded by the Assessor. 4.—The total amount of compensation payable is Rs. 25,251, and the amount realized by the sale of materials is Rs. 2,885.—I have, &c., M. C. MURZBAN, Executive Engineer.

2. It will be observed from the above figures that the balance now available amounts to Rs. 27,398-8-3 only.

3. The advances mentioned above have been almost wholly expended and accounts for a greater portion of the expenditure have already been received in this office.

4. As the above balance will not be sufficient to meet the further expenses that are now being and are in the near future to be incurred in connection with plague operations, it would be well to obtain an extra grant as early as practicable.

5. It is expected that the expenditure on plague operations during the next 3 months will amount to about Rs. 3 lakhs, for which an extra grant will have to be obtained with the sanction of the Standing Committee and the Corporation.

6. The question as to the source from which the above extra expenditure is to be met is to be considered. As the Commissioner is aware, our Surplus Cash Balance has been practically wholly exhausted and proposals for replenishing the Municipal treasury are now under consideration.

7. We have arranged with the Bank of Bombay for a temporary loan of Rs. 15 lakhs to be taken up from and after the 1st November 1897 for loan works expenditure; Rs. 6 lakhs of this loan will have been practically hypothecated by the close of the current month (October), leaving a balance of Rs. 9 lakhs available for further expenditure on loan works.

8. With our Surplus Cash Balances depleted and the indisputable fact before us that plague expenses *must* be met, I see no alternative but to suggest that, pending the consideration and final disposal of the question of replenishing the Municipal treasury, the Standing Committee and the Corporation may be requested to sanction the grant of a further sum of Rs. 3 lakhs for plague expenses, which 3 lakhs (or such part of them as may actually be spent till we raise further funds) to be temporarily paid as an advance from the loan of Rs. 15 lakhs referred to above, and to be adjusted subsequently against such further sums as may be authorised by the Standing Committee and Corporation to be raised.—I have, &c.,

W. E. WAIT, Chief Accountant.

No. 18895 OF 28TH OCTOBER 1897.

Forwarded to the Municipal Secretary for favour of the sanction of the Standing Committee and Corporation.

P. C. H. SNOW, Commissioner.

Resolved: "That memorandum to the Secretary, No. 18895, dated 22nd instant, from the Commissioner and accompaniment thereto, be forwarded to the Corporation with the recommendation that sanction be given to the further grant of Rs. 3,00,000 to provide for plague charges to be paid as an advance from the temporary loan of Rs. 15,00,000 to be obtained from the Bank of Bombay and to be subsequently adjusted against such funds as the Corporation may sanction the raising of for defraying the plague charges.

No. 6821.

"That the Chairman be requested to apply to the Corporation at their meeting to be held on 4th proximo to consider this resolution as urgent business."

Considered the draft "Review," prepared by the Secretary, of the Administration Report of the Municipal Commissioner for the year 1896-97.

Para. 5, *page* vii, *line* 1.—The words "the epidemic" were struck out, and the words "outbreak of bubonic plague" inserted in place thereof.

Para. 6, *line* 7.—The words "last mentioned" were struck out, and the word "latter" inserted in place thereof

Line 9.—The words "the ones" were struck out, and the word "those" was inserted in place thereof.

Public Health and Vital Statistics.

Para. 4, *line* 3.—On the proposal of Dr. Bahadurjee, seconded by Nanabhai N. Katrak, Esq., the words "and is interesting and important both in its historical and scientific aspects, although as yet," were struck out.

Proposed by K. M. Shroff, Esq.—

That it be left to Dr. Bahadurjee to re-cast the whole part of the "Review" referring to the Health Department.

Not seconded.

On the motion of Dr. Bahadurjee, seconded by Kaikhosro N. Kabrajee, Esq., the following words were inserted in para. 4 as above, page xvii, line 10, after the word "dwellings":—"Dr. Weir in trying to arrive at the probable causes of the epidemic alights on the theory of migration of people from plague-stricken districts, and he supports it by what he considers a strong argument, *viz.*, the circumstance of observing a higher death-rate among persons not born in Bombay."

Page xx.—The words "the Health Officer further states" were inserted before the words "M. Haffkine."

No. 6822. It was agreed that the "Review," as thus amended, be forwarded to the Corporation.

REVIEW BY THE STANDING COMMITTEE OF THE ADMINISTRATION REPORT OF THE MUNICIPAL COMMISSIONER FOR THE YEAR 1896-97.

1. During the year there were 56 meetings of the Corporation and 52 meetings of Committees thereof. Two other meetings of Committees were convened, but not held for want of quorum.

2. There were 56 meetings of the Standing Committee and 6 meetings of Sub-Committees thereof, with 121 attendances for cheque-signing and 52 for the audit of the weekly statement of accounts. Three other attendances for audit were fixed, but not held.

3. *Drainage.—Special Works.*—The unfinished works in progress in charge of Mr. James W. Smith, the Special Drainage Engineer, were Colaba and Umarkhadi sewerage, Connaught Road and Sussex Road drainage and sewerage, Parel sewerage, Mazagon sewerage, Malabar Hill and Khambala Hill sewerage ; while the following new works were commenced : House drainage connections (street portions), Colaba District ; Fergusson Road and Chinchpokli sewerage (gravitation) ; a portion of, *i.e.*, 18″ pipe sewer, DeLisle Road ; draining storm-water from the public roads around Mahaluxmi Dhobiwada ; laying 9″ pipe drains for carriage of storm-water to the sea from the southern portion of Wodehouse Road. The works sanctioned by the Corporation, but not commenced, included the gravitation portion of the Old Race Course sewerage; improvement of road-side drains with masonry gullies, Khetwadi District ; ovoiding side-drains in Girgam Road from Thakurdwar Road to Portuguese Church ; masonry drain from Girgam Road, passing through the Night-Soil Depôt Lane across Mathew Road and the B. B. & C. I. Railway to Back Bay; opening out water-course to the west of Mr. Kama's property nearly opposite Victoria Gardens, and constructing covered drain thereat ; storm-water drain with water gullies in Rampart Row from the Elphinstone College ; storm-water drain in Wodehouse Road.

As to the Colaba sewerage, it appears that the works in pipe sewers were practically completed departmentally in February. The suit brought against the Municipality by the contractors, Messrs. Bulkley & Co., was dismissed with costs by the High Court, and on appeal was again decided in favour of the Municipality. At the close of the year the officer of the Court was engaged in taking a preliminary account in order to decide whether any balance was due to the plaintiffs. The works connected with the air-compressing machinery, &c., were completed by 1st May, and all that remained to be done was the testing of the whole system of air-mains. The mains were finally tested, with satisfactory results at the end of the year, and the accounts of the works settled. The total cost, including erection, was Rs. 3,26,246-8-10. The other works connected with the Shone system in Colaba—engine-house, boiler-house, &c.—were practically completed by 1st October 1895. The expenditure on these was Rs. 80,908-14-2. The Umarkhadi sewerage was not completed until the end of May 1897. The expenditure on this work to the end of the year was Rs. 2,92,379-4-9. Details relating to the Connaught Road, Parel and other works are given at pages 35—39. The Shone system of sewerage is reported to have worked uniformly well at Colaba, though it has not yet been possible to work up to full power, owing to the comparatively small number of houses connected and the small volume of sewage to be lifted. The annual report of the working of the Compressor Station is given at page 542.

Regarding the existing system of sewerage and drainage, the report of the Executive Engineer, Mr. M. C. Murzban, C.I.E., shows that the sewage pumping station at Love Grove worked satisfactorily, notwithstanding the excessive wear and tear to which the Worthington pumps are subjected, and that "it is creditable to the makers that the efficiency should be so high after nearly four years' work without any repair or renewal or removal being necessary" (p. 270). Although the rains of June and July were so excessive, the sewers were absolutely unaffected, all surplus discharging itself without difficulty through the Love Grove outfall. The use of Indian coal resulted in a daily saving at the Station of Rs. 13 for fuel, although

the use of mechanical stokers, while greatly reducing the smoke, increases the consumption. The channel at the Love Grove sluices on the sea-face becomes increasingly foul and will require serious attention. As to the question of house-connections with the drains, the Corporation having decided, on the 18th June 1896, that the Municipality should bear the cost of constructing the street portions of the connections, and on the 3rd September sanctioned an advance of Rs. 1,00,000 for the purchase of materials, some advance was made, more especially after the outbreak of the Plague (pp. 43 and 274). In connection with the improvement and cleaning of drains and sewers, catch-pits, water-gullies, manholes, vent-shafts, &c., some particulars are printed at pages 45 and 281 regarding the installation for producing electrolyzed sea-water. The scheme for converting the night-soil depôts at Bhangi Moholla and Haines Road into receiving depôts, with a view to lessening the quantity of filth sent to Kamathipura, made but little progress on account of difficulties in obtaining labourers and of selecting a site in Haines Road, but more satisfactory results were obtained in reference to the provision of certain new latrines and urinals, and the improvement of others.

4. *Water Supply—Tansa.*—The rainfall was 120·13 inches compared with 92·37 in 1895. The heaviest fall was on 29th July (8·30 inches) and there were excessive falls on the last ten days of that month. The lowest water-level was on the 15th June (395·14 T.H.D.), but after 30·34 inches had fallen the lake overflowed on the 5th July and the water continued to overflow until the 29th August. The storage on 30th September (18,396,000,000) fell to 11,480,000,000 on 31st March. The surplus water passed over the waste weir was estimated at 27,700,000,000 gallons. The highest flood over the waste weir (1·80 feet) occurred on the 29th July. Up to 31st March the loss was 6,916,000,000 gallons, including evaporation. The approximate quantity drawn off into the duct was 8,569,000,000 gallons, of which 165,000,000 gallons were passed into Vehar Lake. The heavy falls of rain on 29th and 30th July flooded the duct line between Godavli and Balcomb, forming a continuous sheet of water for three miles and a quarter ; and the result was that about 1,000 feet of the embankment under the 48″

mains were carried away. For a time the supply from the Lake to Bombay was totally stopped, but by great exertions the Water Works staff, working day and night and during heavy rains, succeeded in repairing the embankment and replacing the mains in eighteen days. In addition to this work, it was necessary during the year to make a temporary diversion of the 48″ main in order to make good a leak in the duct at the 44th mile, through which about 750,000 gallons daily were running to waste. This work was still in progress at the end of the year. Owing to the demand for water for gully-flushing during the Plague epidemic, the supply could not be cut off for the usual annual inspection and repairs, but the supply was nevertheless interrupted for about forty hours on account of bursts in the 9″ clearing pipes.

Vehar Lake and Dependent Works.—The rainfall was 109·81 inches, or 27 inches more than in 1895, and 25·97 inches more than the average of 1883-1890. The Lake overflowed on the 25th July and continued to do so until the 28th August. The heaviest rainfall (9·78 inches) was on the 14th July. The lowest water level (252·70 T.H.D.) was on the 17th June. The storage on 31st October 1895 (11,010,000,000 gallons) was reduced by 31st May 1896 to 7,919,000,000. On 1st September following the storage had increased to 11,010,000,000. The daily loss during the dry season was 14·5 million gallons in addition to the water drawn from Tansa. Besides the water from Tansa, 1,800,000,000 gallons were received from the Tulsi Lake by overflow; the quantity of water passing over the waste weir was roughly estimated at 6,530,000,000 gallons.

Tulsi Lake and Dependent Works.—The rainfall was 139·52 inches as compared with 100·40 in 1895, the heaviest fall (8·83 inches) being on the 14th July. The water overflowed on the 23rd of that month and continued to do so until the 27th August, the quantity passing over the waste weir being estimated at 1,800,000,000 gallons. On 31st October 1895 the storage was 2,136,000,000 gallons; on 31st May 1896 the quantity was reduced to 915,000,000. By 30th September 1896 it had increased to 2,156,000,000. The loss during the year amounted to 1,030,000,000 gallons, or 171,000,000 per month. In accordance with arrangements previously sanctioned by the Corporation, the management of the forest

gathering ground was entrusted to the Forest Department. During the prevalence of Plague the Tulsi water was cut off from 25th January to 12th April.

Rewards for the capture of one crocodile and the finding of 100 crocodiles' eggs were paid during 1896.

Pawai Lake.—No water was drawn from this lake, the pumping plant remaining in charge of the Assistant Engineer, Mechanical Branch. In February last, a further sum of Rs. 7,655-7-6 was paid into the Thana District Court on account of compensation for the land acquired for the duct line.

Reservoirs, Filter-beds, &c.—The progress made with the storage reservoir at Bhandarwada (John Hay Grant Works) was not satisfactory, as it was decided to use shingle in the filtering materials instead of chips, and there was delay in settling the point. The contractors declined to complete the works, and the cost will be enhanced. The expenditure incurred on the work during the year was Rs. 1,17,391. The four walls of the storage reservoir were pointed and the floor paved with Indian patent stone. The old filters were worked till the beginning of December, when they were stopped for cleaning.

At the Malabar Hill Reservoir, the work of renewing the filtering materials was still in hand at the close of the year.

Tables of Analyses of Water and the temperature in the lakes and in Malabar Hill and Bhandarwada Reservoirs are given at pages 333—345. No progress could be made with the connections of the mains at Chinchpokli level-crossing pending the decision of the High Court in the suit between the Municipality and the G. I. P. Railway Company, but estimates were prepared for the laying of 4″ mains in various parts of the City as already sanctioned by the Corporation, and these works, as well as the work of laying the 9″ main in Warli Road, will be proceeded with during the current year. A 12″ main was laid in Purbadevi Road, and estimates are under consideration for the laying of mains in Kala Chowki, Sewri, Dockyard and Reay Roads, to be paid for out of the sanctioned grant of Rs. 2,32,000.

In the course of the measures adopted for the suppression of the Plague 1,180 house-connections were cut off and replaced by stand-pipes. The Standing Committee sanctioned the cutting-off of 1,022 connections on account of non-payment of rates and offences against the regulations, but it was only necessary to enforce the orders in 148 cases.

The total connections cut off, exclusive of those on account of the steps taken for the suppression of the Plague, was 230, whilst 497 new connections were granted. The number of meters in use increased to 2,077, being 193 more than in the previous year. Of bursts of mains, there were 180 as against 255 in 1895.

It may be noted that the revenue from water, including miscellaneous items, Rs. 14,16,123-11-1, was less than the total cost of the water supply, including loan and maintenance charges, by Rs. 1,89,867-6-3.

5. *Buildings and Roads.*—Among the more important buildings completed were two Fire Brigade Stations at Babula tank and on the site of Sankli tank, quarters for Inspectors, Tansa Water Works, Mandola (two blocks), latrines at Paltan Road for bigaris of the Health and Market Departments, quarters for bigaris, Colaba Market, and store-room and coal-shed for the Fire Brigade, Colaba. By the end of the year all the ten stations of the Brigade but one, that at Gamdevi, were completed. The new market at Colaba was also finished. Among the buildings still in progress at the close of the year were the Bhuleshwar Markets and Schools, and the construction of several drains and sewers.

A list of municipal properties is given at pages 452 to 525.

It is somewhat remarkable that, notwithstanding the general depression and stagnation of trade, resulting from outbreak of Bubonic Plague during the year, the applications for permission to build or rebuild numbered 1,261, being 39 more than in 1895. Of the total, 1,226 were passed wholly or partially, the remainder being unconditionally disapproved on sanitary or other grounds. The number of notices issued to house-holders was 4,119, or 159 less than in the previous year:

366 summonses were issued, but in 198 cases the persons concerned complied with the Municipal requirements before service. During the year 37 buildings or portions thereof collapsed by which 10 persons were injured and four were killed. As many as 2,705 notices were issued for the summary removal of ruinous houses and objectionable erections, and with the exception of 602 cases, in which action was still pending, the orders were carried out. Regarding the construction of Reay Road, the Victoria Road extension, and other works connected therewith, it appears that for the northern approach to the overbridge across the G. I. P. Railway, a great portion of the requisite land has already been acquired. The approach works will be commenced as soon as the Railway Company take in hand the overbridge itself. The final bills for the construction of the new road from Dadar to Matunga are still in dispute and the construction of the Souter Road was delayed pending settlement with the contractors. Owing to the scarcity of labour and the difficulty of obtaining road-metal, and of keeping the steam-rollers fully employed, the highways could not be maintained up to the usual standard. Meantime, the system of watering the roads from hydrants has been gradually extended.

6. *Lighting.*—Nearly the whole of the remaining ordinary gas-lamps were converted into incandescent lights, and wherever necessary, the opportunity was taken to re-arrange the situation of the lamps or to renew the old columns. In the A, or Fort and Colaba Ward, kerosine lamps were replaced by incandescent gas-lights, and the total number of the latter has been increased to 3,823. While giving much better and more powerful light, the new burners are more economical than those formerly in use.

The electric light installation for the Arthur Crawford Market and the Municipal Office worked satisfactorily. At the end of the year the number of kerosine lamps was 1,742.

7. *The Workshops* turned out very satisfactory work and made a clear profit of over Rs. 9,000, which, however, will be reduced to a very insignificant sum in future if higher rent for the land occupied by the shops has to be paid to Government.

8. *Financial.*—The extent to which the outbreak of the great epidemic affected the Municipal finances is shown by the remark of Mr. Snow, the Commissioner: "Thanks to the Plague, almost the whole of our large surplus has been swept away in a single year." The opening balance, including recoverable advances, reserve stock, &c., and excluding deposits, unexpended loan balances and minor adjustment items (*vide* pp. 9 and 93 of the Report for 1895-96) was Rs. 37,72,317-14-7, or Rs. 17,82,317-14-7 in excess of the Budget Estimate. The revenue (pp. 11 and 69) was Rs. 62,08,977-11-2, giving a total amount available for expenditure of Rs. 99,81,295-9-9. The amount expended was Rs. 70,04,742-9-11, leaving a balance of Rs. 29,76,552-15-10. Deducting from the Rs. 17,82,317-14-7 as above, the Rs. 4,80,048-3-4 on account of unexpended balances of the grants for 1895-96 and previous years, and Rs. 8,76,659-9-8 on account of the value of reserve stock, there remained a net surplus of Rs. 4,25,610, which, not having been appropriated during the year, formed part of the opening balance of 1897-98. The total revenue amounted to Rs. 62,08,977-11-2, or Rs. 3,56,722-4-10 less than the estimate, and Rs. 5,52,732-9-3 less than the actuals of the preceding year. Except under the head of halalkhor service, the yield in every other branch of income fell short of the estimate.

Deducting from the Rs. 62,08,977-11-2 as above, Rs. 37,357-7-0, excess interest realizations, &c., as per margin, as the same having been reinvested cannot be treated as actual surplus, the net income amounted to Rs. 61,71,620-4-2 or a decrease on the estimate of Rs. 3,94,079-11-10. Adding to this decrease the Rs. 1,80,000 on account of excess revenue anticipated when the Budget for 1897-98 was being prepared, the total decrease in the revenue amounts to Rs. 5,74,079-11-10. Deducting from this last amount the Rs. 2,25,000, by which the outstandings for the past year were greater than those of the preceding year and are recoverable during the current year the net decrease in the revenue is reduced to Rs. 3,49,079-11-10.

Excess interest realized on account of Municipal Buildings Fire Insurance and Worn-out Water Mains Renewal Funds and Net Premia received on the first instalment of ten lakhs of the Rs. 15,75,000 Loan.

The total grants for expenditure during the year amounted to Rs. 79,36,310-1-1 as follows :—

	Rs.	a.	p.
Original Budget Sanction	66,32,948	0	0
Lapsed grants, 1895-96, renewed in 1896-97 ...	3,70,265	8	3
Do for 1894-95 and previous years...	1,09,782	11	1
Additional grants sanctioned	8,23,313	13	9
Total	79,36,310	1	1
Deduct expended	70,04,742	9	11
Balance unexpended	Rs. 9,31,567	7	2

Of this unexpended balance, Rs. 60,000 on account of savings anticipated were appropriated in the Budget for 1897-98, whilst Rs. 6,71,162-7-11 are required for payment in the current year for lapsed grants and unexpended balances of the grants for 1896-97 and previous years. The balance of Rs. 2,00,404-15-3 will be required for reducing the deficit in revenue.

Thus, in consequence of the decrease in revenue and the additional grants for the suppression of the Plague, and other charges and advances made for reserve stock, there was a net deficit of Rs. 3,96,450-4-7 instead of a large surplus as anticipated. This deficit, together with further additional grants, aggregating Rs. 13,50,460-1-4 for Plague and other charges, reduced the anticipated closing balance of Rs. 17,95,605 (exclusive of the balance of Rs. 1,00,000 required by the Municipal Act) to Rs. 48,694-10-1. The following tables **A** & **B** show the main heads of revenue and expenditure and the actuals of the preceding year.

The details relating to the increases and decreases in Revenue and Expenditure as compared with the Estimates are shown in the report of the Chief Accountant. The decreases of Rs. 22,471-7-7 in the general tax and Rs. 44,485-4-5 in the water tax would not have occurred, but for the amount of outstandings at the end of the year being larger than in 1895-96 consequent on the exodus of so many rate-payers during the epidemic. Whilst the halalkhor tax yielded Rs. 30,673-9-2 more than in 1895-96 chiefly owing to the enhanced special rate for mills, wheel tax and tolls fell off by Rs. 1,18,843-5-9. The decrease in town duties was Rs. 2,65,707-3-6, partly owing to falling off in imports of taxable articles and partly because certain arrears of refund-claims were brought to account up to date. The receipts from tobacco duty decreased by Rs. 34,607-10-2, those from markets and slaughter houses by Rs. 6,739-12-6, and those from property and miscellaneous by Rs. 90,551-6-6.

Under the head of expenditure the net increase was Rs. 3,02,226-10-6. The cost of the measures for the suppression of the Plague was Rs. 4,37,055-0-1. Two other heavy items were Rs. 50,000 towards the school building fund and Rs. 51,589 for arrears of police charges.

Loan Funds.—The expenditure on loan works amounted to Rs. 7,14,854-6-10 as per margin, and from statement on page 17 it will be noted that the aggregate expenditure under this head from 1892-93 to 1896-97, inclusive, amounted to Rs. 69,25,943-15-4.

9. *Registration and Valuation.*—On 31st March last the number of properties on the Assessment Book was 52,959, an increase of 460 on the figures of the previous year. Of the total, 35,495 were buildings, 146 salt-pans, 17,318 vacant

lands including tanks, wells, &c., and of these the number assessed to the general tax was 40,653. Of those exempted or compounded for at special rates, the number was 4,561. Of small plots of unproductive land, for which no bills were issued, the number was 7,745. During the year 387 buildings were demolished, 635 new buildings erected, and 297 existing properties were enlarged.

The recorded gross valuation was Rs. 2,89,27,618, showing an increase of Rs. 6,70,737. The valuation of properties charged with the general tax was Rs. 2,62,19,752, and that of properties exempted from the general tax was Rs. 26,90,393. The valuation of properties, for which no general tax bills were issued, was Rs. 17,473. The increase in valuation was due to erection of new buildings Rs. 2,64,476, enhancements Rs. 2,11,862, rise in rents and correction of under-assessments Rs. 1,94,399; total Rs. 6,70,737.

The demand on account of property taxes was Rs. 41,58,766 *plus* Rs. 66,696 on account of previous years, making a total of Rs. 42,25,462 showing an increase of Rs. 1,96,708 over the demand for the previous year. Deducting Rs. 54,560-5-0 for drawbacks, and Rs. 2,50,856 payable by Government and the Port Trust, the amount for which bills (75,592) were issued was Rs. 39,20,046-9-0. In addition to this there were Rs. 74,135 to be collected for outstandings. At the end of the year the total of the outstandings amounted to Rs. 2,94,889, which by the 15th August last was reduced to Rs. 61,558.

Assessment Appeals.—It is satisfactory to note that the appeals to the Chief Judge of the Court of Small Causes only numbered 14, of which 3 were dismissed, 2 allowed, and 9 were settled by consent.

Revenue Audit.—An account of the work connected with this branch will be found at page 29.

10. *The Assets and Liabilities of the Corporation.*—The statement of the Assets and Liabilities on 31st March last is given at page 18 as under :—

11. *Fire Brigade.*—Mr. Snow reports that the Fire Brigade continued to be thoroughly efficient. During the year there were 10 serious and 106 slight fires, the estimated loss by which was Rs. 18,75,662, of which all but Rs. 20,910 was insured. The most serious fire was at the old Nicholl Mill on 1st November, when property valued at Rs. 13,18,190 was destroyed. A fire on the Cotton Green damaged cotton, &c., to the value of Rs. 1,25,000; the Alliance Mill suffered damage to the extent of Rs. 70,000, and the destruction of a large house in Cowasjee Patel Tank Road involved the loss of Rs. 2,57,000. The Brigade did most useful work during the Plague in flushing gullies. Seven firemen suffered from the pestilence, of whom three died. The equipment of the Brigade is 8 steam fire-engines, 9 manuals, 16 hose-reels, 7 tender-carts, 6 telescopic fire-escapes, 1 brake, 16 horses, about 13,200 feet of delivery-hose and other necessary appliances.

12. *Public Gardens and the Victoria and Albert Museum.*—On account, most probably, of the exodus during the Plague, the number of visitors to the Victoria Gardens decreased to 1,071,929 compared with 1,438,595 in 1895-96. The visitors to the Museum numbered 584,865 as against 749,299 in the previous year.

13. *Public Health and Vital Statistics.*—With the exception of the years 1865, when the number of deaths was 28,531, and 1877, when the deaths recorded were 33,511, the year 1896 showed the highest mortality of any previous year (p. 597), namely 33,451 from all causes (but exclusive of still-born), or 8,369 in excess of the deaths in 1895 and equal to a death-rate of 40·71 per 1,000 of population calculated on the Census returns of 1891. The average number of deaths for the five previous years (p. 57) was 27·104, or a death-rate of 32·98 per 1,000. Of the 33,511, 8,776 deaths are ascribed to fever, 5,334 to diseases of the respiratory system (p. 601), 4,809 to phthisis, 2,272 to diseases of the nervous system, 1,936 to Bubonic Plague, 1,613 to diarrhœa, 737 to dysentery, 701 to small-pox, 490 to cholera, 487 to accidents, 241 to measles, and 6,055 to other and unknown causes.

The mortality (p. 602) from the chief causes of death exhibits an increase as compared with 1895, as follows:—

Fevers, 2,372; phthisis, 1,199; respiratory system, 769; small-pox, 431; diarrhœa, 425; cholera, 400; nervous

system, 228; dysentery, 112. The greatest number of deaths in any one month was 6,131 in December, the lowest number on the other hand was 2,029 in June. As usual, the ratio of deaths was highest among the small community of Negro-Africans—582·19 per 1,000.

The next highest ratios (p. 601) were: Lingaets, 93·11; Hindu low-castes, 63·27; Jains, 62·83; Mussalmans, 53·01; Buddhists, 42·10; Bhattias, 43·34. The lowest ratios, respectively, were: Europeans, 19·39; Parsees, 28·10; Brahmins, 32·22; Jews, 33·26; Native Christians, 34·53; Eurasians, 35·10. Regarding localities, the ratio of mortality was as follows (pp. 59, 625): Second Nagpada, 68·09; Kamathipura, 67·76; Khara Talao, 54·07; Mandvi, 52·15; Umerkhadi, 50·10 Tardeo, 48·73; Walkeshwar, 19·16; Esplanade, 18·28; Mahaluxmi, 17·63; Fort (Southern), 5·31; Harbour Division, 4·15. Although the general health of the water population was so favourable, it is observable that the proportion of cholera mortality (p. 612) was highest of all in that section—namely, 30 out of a population of 22,142, equal to 1·35 per thousand. Girgam showed the next highest ratio of deaths from this cause, 1·18; Dongri followed with 1·15; Warli with ·98; and Dhobi Talao with ·97 per thousand. Out of the total 623 cases of attacks (p. 615) from cholera, 367 occurred on ground floors. Of the total number of deaths recorded from all causes, 13,637 persons were registered as being natives of Bombay, 19,814 as having been born elsewhere and unknown.

The greater portion of the Health Officer's Report (pages 627—784) is devoted to the consideration of the disastrous Bubonic Plague. Dr. Weir is unable to pronounce a decided opinion as to the actual date of the first outbreak of the disease or to accurately determine the cause thereof. He refers at some length to his observations during former years of certain conditions unfavourable to the health of the City, such as insufficient drainage, the defects in sewage removal, the water-logged state of the land, the want of proper connections between dwellings and the drains for the removal of sewage and sullage, the overcrowding of the greater part of the population, the deposit of all the dry refuse of the city on the Flats, the defects in the Municipal Act regarding the erection of buildings on improper sites, and other subjects. And in discussing the phenomena that preced-

ed the outbreak of the epidemic, he comments on the abnormally heavy rainfall of the earlier part of the rainy season and the failure of the rains during the latter portions of the south-west monsoon—a state of affairs all the more unfavourable, as the level of the sullage in the sewers had been left high, and there were accumulations of wet grain in dark and damp godowns and in granaries beneath human dwellings (p. 630). Dr. Weir in trying to arrive at the probable causes of the epidemic alights on the theory of migration of people from plague-stricken districts, and he supports it by what he considers a strong argument, *viz.*, the circumstance of observing a higher death-rate among persons not born in Bombay. From the figures already quoted as to the place of birth of those who died, he assumes (p. 597) that there must have been, during the year, a great migration of strangers into the city and that the statistics demonstrate that, if the enhancement of the death-rate in August was due to Plague, the disease was either prevalent in a number of places outside Bombay, or that it chiefly affected persons born outside the City, or that there was an immigration into Bombay of people who were affected by the Plague, or peculiarly susceptible to it (p. 599). In support of this assumption, he states that, while the excess number of deaths in August was 370 over the number in July, the mortality among persons born in Bombay had decreased by 23 (p. 598), that in September the mortality among Bombay-born persons decreased by 84, that in October it increased only by 27, and in November decreased by 75. It would appear to him, therefore, that either the persons born outside Bombay brought the disease in with them, or were more susceptible to its influence than the people born within the Island (p. 599). Although the epidemic may have broken out earlier, the first public notification of its existence was made known by Dr. A. G. Viegas towards the close of September; but the Health Officer, while of opinion that Dr. Viegas deserves much credit for his diagnosis of the case (p. 632), is of opinion that the time has not yet arrived for fixing the date when the first case occurred, and he adds (p. 636): "We must wait till the experiences of medical men throughout India have been obtained. It is not improbable that when the disease has been more generally recognized and its different types distinguished—for even now some cases are most difficult of recognition during life—it will be found that cases of

a disease not dissimilar in symptoms have occurred in periods not very remote, not only in Bombay, but in other parts of India. I have no doubt that the cases observed by Dr. Simpson in Calcutta were of Bubonic Plague." "In passing a judgment on the difficulties of recognition in the first cases, it has to be remembered that fevers with glandular enlargements are not unknown in Bombay and that even now, with the knowledge possessed of the disease in its varying forms and notwithstanding the suspicion with which cases of fever are regarded, the recognition of some cases of Bubonic Plague is most difficult even in Hospital" (p. 632).

Dr. Weir states, however (p. 633), that there are reasons for thinking that the occurrence of the great Nassick pilgrimage had an important influence on the propagation of the pestilence in this City. It has to be recollected in forming an opinion as to the period when Bubonic Plague commenced in Bombay that synchronously with the increase in the total mortality in this City there was an increase of mortality in a number of places close to Bombay.

In Bombay, as elsewhere in India, where the phenomena accompanying the outbreak of plague have been observed and recorded, rats are found to have exercised an important part in the spread of the disease. From the end of September they were seen running about the streets in Mandvi in numbers and issuing from drains, gutters, &c., in a sick or dying state. Many were found with buboes developed in the neck and groin, and in numerous cases the plague bacillus was readily found in their carcases. The presence of dying rats was observed in every quarter where the epidemic prevailed, and it is curious to note that eventually rats left the City in great numbers. There was likewise unusual mortality among cats, cattle, sheep and goats (p. 648).

The measures adopted for dealing with the outbreak are described at length. These varied according to circumstances, and were modified in the light of experience. Each house where there was an outbreak of the disease was thoroughly cleansed and disinfected, together with its *mori*, *nahani* and drains. Disinfectants were freely applied, the building thoroughly flushed, its roof opened, and light and air were admitted to the place. The chief disinfectants used were perchloride of mercury, permanganate of potash, naptha-

line, chloride of lime, carbolic acid, creosol, quicklime prepared in different ways, and others. The use of chlorine gas under pressure for the disinfection of buildings was attended with success. It was only by the application of the powers given to the Municipal Commissioner under section 434 of the Municipal Act and under the Epidemic Diseases Act (Act 3 of 1897 of the Government of India) that authority was obtained for the entry and disinfection of plague-stricken buildings and the demolition of insanitary houses.

The segregation of the plague-stricken was attended with immense difficulty, and the utmost patience was required in allaying the wide-spread panic in regard to isolation and the establishment of plague hospitals. In December, with the aid and assistance of the more enlightened and public-spirited leaders of the different native communities, a successful advance was made in this direction, and the Health Officer bears grateful testimony to the valuable assistance rendered in this direction by Hindu, Mahomedan, Parsee and other gentlemen (p. 783).

In the same way he alludes to the warm interest and personal exertions of His Excellency the Right Hon'ble Lord Sandhurst, Governor of Bombay, in regard to the various steps taken for dealing with the suppression of the epidemic, and the valuable and ready assistance rendered by Monsieur Haffkine, Mr. Hankin, and the members of the Scientific Foreign Commissions deputed by their respective Governments to proceed to Bombay and study the disease (p. 717), especially Dr. Gaffky, Dr. Pfeifer and Dr. Bitter.

He warmly acknowledges, too, the noble services performed by the lady nurses (p. 710), the willing aid afforded by many medical practitioners in the City, and the devotion to duty of the officers and working staff of the Sanitary Department during the trying period of the epidemic (p. 783).

With regard to the prevention of future appearances of the Plague in the City, Dr. Weir is not hopeful as he does not think it is practicable to prevent its spread "except when the type * * is the simple glandular form and when the disease has not been communicated to rats" (p. 777). Earlier opinions held as to its being easily feasible to check the spread of the disease appear now to be erroneous.

The more knowledge we have, the more difficult it appears to be to recognise some forms of Bubonic Plague and to prevent the importation of the disease and its spread into a sea-port town. Its introduction can only be detected when the disease is imported by human beings suffering from an easily recognizable type of the malady (p. 777). When the disease is carried by rats or conveyed in clothing or other articles, its importation or conveyance is not likely to be prevented. The importation of cases into London in 1896 indicates how far the disease may be conveyed by sea although generally it does not appear that the disease is conveyed long distances by a sea-route. It appears to Dr. Weir that Bombay is in more danger from Upper India than the Kathiawar coast and the endemic area by the Persian Gulf than from China (p. 778). * * * "There is only one measure from which any effect can be expected, and that measure is quarantine or any other name by which inspection of traffic and restriction on communication may be called, stringent and careful examination of every one entering Bombay, and disinfection of every article, but the result to be expected from that measure is very uncertain."

The Health Officer further states that M. Haffkine was undoubtedly right in laying down the principle of "surrounding and preventing all intercourse with the infected area." When the disease is carried by other agencies than human beings, there can be little hope of arresting its spread. "The steady advance of this pest over continents suggests to some minds the reflection that either the disease may advance with the migration of rodents or that the microbe may have an existence in nature outside human beings." On the other hand, the experience gained leads to the conclusion that measures for disinfection or segregation may be modified according to the type of the disease and the ventilation of the buildings affected. In the simple glandular form it is not necessary to remove the patient from a well-ventilated building. Even in the pneumonic form a discretion may be used where the building is well ventilated and occupied by few people. The great danger to be avoided in a city is the concealment of cases, though experience leads to the conclusion that concealment cannot be entirely prevented (p. 778). It is not absolutely necessary to disinfect, though disinfection

is to be recommended ; nor is it necessary to remove to an hospital every one suffering from the disease when the house is well ventilated (p. 779). In view of the future of Bombay the Health Officer urged on the Plague Committee that so long as a case occurs in any place in direct communication with the city, not one measure for checking the propagation of the disease can be relaxed with safety.

Of the dead, 20,824 bodies were buried, 12,807 burned, and 1,418 disposed of at the Towers of Silence.

Birth Registration.—Notwithstanding the migration of immense numbers of the population during the panic, the number of births registered was larger than in the previous year, namely, 15,890 living and 1,598 still-born (as compared with 15,684 and 1,470 respectively in 1895). Of the living, 8,267 were males and 7,623 females. The birth-rate was equal to 19·33 per one thousand. Excluding the small community of Negro-Africans, the highest proportion was among Jews, 34·35. The ratio among others was Low-caste Hindoos, 32·61; Parsees, 29·12; Eurasians, 22·86; Mussalmans, 22·69; Native Christians, 20·46; Lingaets, 20·40; Europeans, 16·91; Hindoos of other castes, 16·73 ; Jains, 15·50 ; Bhattias, 14·44 ; Budhists, 10·52 ; and Brahmans, 9·18.

Vaccination.—From the returns of primary vaccination and re-vaccination (p. 607), it will be found that the number of primary vaccinations was 17,500 (8,847 males and 8,653 females), or a decrease on the number of 1895 of 1,460. Of re-vaccinations there were 8,321, or 3,544 more than in the previous year.

The Work of the Health Department.—On an average 4,436 men and women, 1,027 scavenging and drain carts, and 204 night-soil and cesspool carts were at work, and during the year 326,552 tons of garbage, or more than 892 tons a day, were collected and disposed of as against 322,657 tons in 1895. Of night-soil the collection and disposal was 160,670 tons, or 439 tons a day, as against 149,671 in the previous year. 191 miles of covered drains were opened and cleaned as against 179 in 1895. 5,507 notices and 2,206 summons were issued as compared with 3,925 and 2,206 respectively in 1895. The amount of fines recovered was somewhat more than in the previous year, namely, Rs. 2,287 as against Rs. 1,979. Building plans to the number of 1,028 were received and disposed

of, or 8 less than in 1895. The live stock included 2,290 bullocks and 5 horses; of the bullocks 309 died and 79 were cast and sent to Panjrapol.

The total expenditure of the department, including Conservancy, Registration, Cemeteries, Dhobiwada, Infectious Diseases, Milch Cattle Stables, Tank Conservancy and Vaccination, but excluding Markets and Slaughter Houses, was Rs. 12,69,597-7-8 while the total earnings were Rs. 7,54,628-6-0 including receipts from vaccination but deducting the proportionate cost of the Assessment and Collection Department in respect of halalkhore tax. The net cost to the Corporation of the department was therefore Rs. 5,14,969-1-8. In addition to this charge, however, Rs. 2,18,239-7-8 was expended during the latter portion of the year by the department on the measures for the suppression of the Plague, whilst the Corporation were called upon to pay Rs. 55,500 for the penditure incurred by the Plague Committee. The expenditure incurred by all departments of the Municipa excluding the Rs. 55,500 advanced to the Plague Commit was Rs. 4,37,055-0-1.

14. *Licenses.*—The falling off in this branch, Rs. 56,462-8 as against Rs. 65,048-8-0 in 1895, is attributed to the fa that, during the plague epidemic, 707 licensable sho were either closed or vacated. 5,130 licenses were issue or 750 less than in the previous year. The amount co lected was the lowest since 1892-93.

15. *Markets and Slaughter Houses.*—Notwithstanding the migration from the City, the net decrease in the revenue under this head was only Rs. 7,915-15-2, the figures being Rs. 3,95,440-13-6 against Rs. 4,03,356-12-8 in 1895. The principal items of decrease were slaughter fees Rs. 10,708-2-0 and Rs. 866-2-2 stall fees, but, as the price paid to the Municipality for the right to collect fair ground and feeding fees was exceptionally high, Rs. 65,800 against Rs. 59,100 in the previous year, the net decrease, as stated above, was less than Rs. 8,000. The supply of vegetables and fruit was not up to the average either in regard to quality or quantity. During the interruption of railway traffic consequent on the floods of July, the importation of fruit, vegetables and other commodities ceased for some days, but the stocks in the dealers' godowns

enabled them to meet the crisis. The price of ginger, however, rose from 3 or 4 pice a seer to As. 12 and Re. 1-4-0. The supply of beef was fairly good, but that of mutton was of poor quality owing to the heavy rains and the subsequent scarcity of fodder. The carcases of numbers of sheep and goats were found to be dropsical, and were condemned and destroyed as being unfit for human food. In December and February the market-dealers contemplated leaving the City, whilst some of the municipal peons and other employés abandoned their duties altogether. On the whole, however, the staff worked well, and the Commissioner had reason to be satisfied with the work of the superior staff. The Superintendent testifies to the excellent work done by the Cattle Inspector and Meat Inspector at Bandora, one of the Sub-Inspectors and the Head Clerk and Accountant. Fifty-four tons of unwholesome food, 80 per cent. of which was beef and mutton, were destroyed, or two tons less than in the previous year. Of convictions for bringing in diseased meat from Kurla, and other offences, there were 118, but the fines inflicted amounted only to Rs. 416.

16. *Street Accidents.*—463 persons were injured and 25 were killed.

17. *Education.*—The grant for education was Rs. 89,795, namely, School for Deaf-Mutes, Rs. 1,800; Veterinary College, Rs. 2,500; Victoria and Albert Museum, Rs. 11,200; Victoria Technical Institute, Rs. 10,000; Joint Schools Committee for Primary Education, Rs. 59,135; ditto for Committee's establishment, Rs. 5,160. The receipts of the Joint Schools Committee were Rs. 1,76,231-2-4 including grant from Government of Rs. 42,666, and at the close of the year the Committee had a credit balance of Rs. 48,499-7-1. From the middle of December 1896 to June 1897 the Marathi and Guzerathi Schools remained closed on account of the Plague, and the Urdu Schools were shut up from the middle of December to the middle of February. The fees paid fell off from Rs. 23,481 to Rs. 17,111, but meantime there has been considerable increase in the expenditure as shown at pages 65 and 988. The Committee do not make explicit reference to

these increases, but it may be inferred that the enhancements under the heads of masters and teachers and rent and grants-in-aid are due to there being additional schools, to temporary measures for improved accommodation, and to a rise in the number of aided schools. It is thought probable that some of the aided schools and several of the unaided schools will be found to have disappeared. The number of children attending unaided schools is about the same as the number receiving instruction in the municipal and aided schools. In pursuance of the policy of gradually utilizing surplus funds towards the improvement of school accommodation, improving the status of teachers, and promoting education among females, Mahomedans, and Low-castes, the Committee decided to appropriate Rs. 25,000 from their balance towards the expenditure of this year. The cost per pupil calculated on the attendance for December was Rs. 17 as compared with Rs. 12·4 for 1895-96. The Committee explain that this large enhancement "is due to increased expenditure and reduced attendance on account of the Plague." During the year five new Urdu schools for boys and one school for Mahomedan girls (at Nagpada), a school for Hindu girls, a Marathi night school, a Guzerathi day school and a Guzerathi night school were opened. At the close of the year there were fifteen schools for girls, and it is satisfactory to find that great success attended the establishment of the Urdu school, the attendance of 33 in the first month increasing to 125 within six months. The total number of Marathi and Guzerathi schools were 39 and 29 respectively. The number of aided schools was increased from 89 to 95. Owing to their being closed during the epidemic, no reliable information can be given regarding the unaided schools or of the attendance thereat, and it is probable that several of them have altogether ceased to exist. There was a large number of deaths among teachers, 15, of whom 10 succumbed to the Plague.

18. *Report of the Municipal Auditors.*—Mr. Adam Smith, one of the Auditors, dying in June 1896, the Corporation appointed Mr. Adam Thompson as his successor. The report of Mr. Nanabhoy R. Ranina and Mr. Thompson on the Municipal accounts of the year, and on those of the Joint Schools Committee, contain the usual amount of detailed information regarding the expenditure and income.

In accordance with the terms of Section 124 (3) of the Bombay Municipal Act 3 of 1888, the Standing Committee direct that all the printed appendices attached to the reports of the several heads of departments, as received from the Commissioner, be circulated with his report for the information of the Corporation.

The foregoing Review and the Compilation referred to therein are circulated to Municipal Councillors as directed by Section 124 (3) *of the Act as above.*

BHALCHANDRA K. BHATAWADEKAR,
Chairman of the Standing Committee.

28*th October* 1897.

No. 6823. The Committee considered in private letter from the Commissioner, No. 19004 of this day's date, regarding the Municipal finances.

The Secretary was requested to enter the minute relating to this question in the file of confidential papers No. 280.

BOMBAY, 3*rd November* 1897.

AT the meeting of the Standing Committee held this day, there were present :—

THE HON'BLE MR. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., Chairman.

COWASJEE HORMUSJEE, Esq., G.G.M.C.; T. W. CUFFE, Esq.; THE HON'BLE MR. FAZULBHOY VISRAM, C.I.E.; H. G. GELL, Esq.; IBRAHIM RAHIMTOOLA, Esq.; KAIKHOSRO N. BAHADURJI, Esq., M.D., B.S., M.R.C.S.; KAIKHOSRO N. KABRAJI, Esq.; K. M. SHROFF, Esq.; NANABHAI NAVROJI KATRAK, Esq., L. M. & S.; ACCACIO G. VIEGAS, Esq., L. M. & S.

P. C. H. SNOW, Esq., I.C.S., Commissioner; the ACTING HEALTH OFFICER; and the SECRETARY.

The minutes of the meeting held on the 28th ultimo were signed.

Resolved : "That sanction be given to the cutting off of water connections as per list accompanying the Deputy Commissioner's memorandum No. 18934, dated 28th ultimo." No. 7103.

Read memorandum to the Commissioner, No. 10222, dated 23rd ultimo, from the Executive Engineer, as under :—

Returned to the Municipal Commissioner. 2.—The case was fully explained to the Municipal Commissioner by the undersigned at the interview which Mr. Roughton had with the Commissioner on the subject a few days ago. 3.—The proceedings in the Police Court have, with the consent of the Municipality, been postponed, and the case stands adjourned to 5th November 1897. 4.—As will appear from the plan hereto attached and marked K—23-10-97, the building on the north of the property now in question has already been set back. 5.—The property in question is coloured red on the plan, and the work done is shown in yellow on the section and which consists of the renewal of the whole roof. 6.—The road in front of the premises in question is, 19-3, 22-6 and 23-2 as shown on the plan and is not 26 feet wide throughout as stated by the Solicitors. 7.—The ground required for set-back measures 13·35 square yards, or thereabouts, which, at Rs. 60 per square yard (which I estimate to be the value of this land), comes to Rs. 801, to which Rs. 350 should be added for compensation for the old wall standing within the regular line of the street. 8.—According to the above valuation, the total sum to be paid for the set-back will be Rs. 1,151 only. The sum of Rs. 1,700 mentioned by the Solicitors as compensation is very high. 9.—The Standing Committee have recently refused to sanction proposals to allow owners of properties to retain set-back land on terms mentioned by the Solicitors, but it is for the Commissioner to decide whether the one now under consideration should be laid before them or not. 10.—If the Commissioner is pleased to do so, the terms of the agreement should be :—(1) That the land required from the premises for street improvement and measuring 13·35 square yards, or thereabouts, shown in red scoring on the annexed plan, should be sold to the Municipality at the rate of Rs. 60 per square yard *minus* the capitalized value of rental payable either to Government or the Farzandar. (2) That the Municipality should pay Rs. 350 to the owner for the structure standing on the ground in addition to the value of the land within the set-back line mentioned in clause (1) above. (3) That the Municipality lease the said 13·65 square yards of ground to the owner with the structure standing thereon for a period of five years or until the time the house on the south side becomes liable to be set-back, whichever event happens first, at an annual rental to be paid also by the owner to the Municipality in advance calculated at 6 per cent. on the total amount of Rs. 1,151 mentioned above (to be paid to the owner by the Municipality for the absolute purchase of the said land with the structure). (4) That the owner should pay all costs of preparing the agreement by the Municipal Solicitors and of stamping, registering, &c., of the same. (5) That, when the house on the south side of the property in question becomes liable to be

set-back or after the end of five years, whichever event happens first, the owner should remove the structure standing within the regular line of the street and make over the said 13·35 square yards, or thereabouts of land, with the structure standing thereon to the Municipality clear of all incumbrances.—M. C. MURZBAN, Executive Engineer.

No. 18896 OF 28TH OCTOBER 1897.

Forwarded to the Municipal Secretary for favour of the consideration of the Standing Committee.

P. C. H. SNOW, Commissioner.

Proposed by A. G. Viegas, Esq., seconded by Ibrahim Rahimtoola, Esq.—

No. 7104. "That, with reference to the Commissioner's memorandum to the Secretary, No. 18896, dated 28th ultimo, the set-back of premises, Nos. 8-10, Rope Walk Lane, the property of Mr. Soloman Saleb Sassoon, be enforced."

Carried (with one dissentient).

No. 7105. *Resolved*: "That Government Resolution No. 5839, General Department, dated 23rd ultimo, granting privilege leave of absence to Mr. P. C. H. Snow, I.C.S., Commissioner, for 16 days from the 8th instant, be *recorded.*"

No. 7106. *Resolved*: "That Government Resolution, No. 5840, General Department, dated 23rd ultimo, appointing Mr. J. H. DuBoulay, I.C.S., to act as Municipal Commissioner during the absence on leave of Mr. P. C. H. Snow, I.C.S., be *recorded.*"

No 7107. *Resolved*: "That, as recommended by the Commissioner in his letter to the Secretary, No. 18814, dated 23rd ultimo, sanction be given to the temporary appointment of Mr. E. W. Fern as Superintendent of Drainage on a salary of Rs. 350 per mensem *plus* Rs. 50 conveyance allowance, and to his being entrusted with the following duties :—

1. The visiting of all works of the current Drainage Department carried out by the Chief Inspector of Drains, by the Head Plumber, or by Contractors.
2. The visiting of the chowkies of the Inspectors of Drains and the supervision of works.

3. The visiting of the Bellasis Bridge Depôt.

4. The attendance at office daily to revise draft letters and notices before they are submitted to the Drainage Engineer, to sign Inspectors' indents, to sign orders for summonses, and to sign ordinary routine letters and orders to Inspectors.

5. Attendance at the Police Courts.

"The monthly cost Rs. 400 and the allowance, Rs. 350 per mensem paid to the Special Drainage Engineer, to be met from savings in the salary of the Deputy Executive Engineer, Drainage."

No. 7108. *Resolved*: "That, as recommended by the Commissioner in his memorandum to the Secretary, No. 18986, dated 28th ultimo, and under the terms of rules 3 and 5 of the Pension Regulations, Mr. N. H. Choksy be permitted to contribute to the Municipal pension fund as and from the first day of April 1897."

No. 7109. *Resolved*: "That letter to the Secretary, No. 18795, dated 23rd ultimo, from the Deputy Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the refund, to the Port Trustees, of Rs. 2-15-8, being the difference between the rate for the hire of 1″ meter now in use and of $1\frac{1}{2}$″ meter originally intended to be used for the water connection at No. 2905 (5), Street No. 12-B, Frere Road, Mody Bunder; the amount to be met from surplus cash balance."

No. 7110. *Resolved*: "That the following be forwarded to the Corporation:—Memorandum to the Secretary, No. 18743, dated 23rd ultimo, from the Commissioner, reporting the writing off, under the Stock Rules, of Rs. 2,053-7-0, from the live-stock return of the Health Department, being the book value of 30 bullocks that died during the quarter ending 31st August 1897."*

* *Causes of death*: 4 pleuro-pneumonia; 4 inflammation of spleen, liver, lungs, heart, &c.; 12 old age and general debility; 2 heart disease; 1 abscess in liver; 1 hydrophobia; 2 hepatitis; 2 tuberculosis; 1 peritonitis; 1 enteritis: total 30.
Where died: 24 Bullock Hospital; 1 Grass Market Stables, C Ward; 1 Dadur Stables, G Ward; 1 Dadur Stables, F Ward; 2 Bori Bunder Stables, B Ward; 1 Kamathipura Stables, E Ward: total 30. Of these, 2 were purchased in 1883, 8 in 1887, 6 in 1889, 6 in 1890, 4 in 1891, 2 in 1894, 6 in 1895, and 2 in 1896.
Casualty percentage per month on the whole strength of 1,891 bullocks on 1st March 1897 is 1·4.

Resolved : "That, with reference to the Deputy Commissioner's letter to the Secretary, No. 18796, dated 23rd ultimo, the Standing Committee approve, under the terms of section 517 (*j*) of the Municipal Act, III of 1888, of the filing of suit, under the terms of section 211 of the Act, in the Court of Small Causes, against Messrs. Fakrudin Sheik Abdalla and Dadumia Sheik Abdalla for the recovery of Rs. 16-10-7 on account of property tax due by them for the half-year ending 31st March 1897 in respect of property, Ward No. 3673, Street No. 22/23, Dongri Street."

No. 7111.

Considered the following :—

To The PRESIDENT and MEMBERS of the
Municipal Corporation for the City of Bombay.

Bombay, 17*th September* 1897.

Gentlemen,—We, the undersigned rate-payers of Parel village, have the honor to enclose herewith the copies of the correspondence passed with the Municipal Commissioner regarding the house-connections, which will satisfy you about our present position, and we beg to lay before you a few lines, hoping they will attract your best attention. 1.—That the houses in Parel village are not in a straight line so as to allow each of us to carry out the house-connection work separately, which can be judged from the plan enclosed herewith for your perusal, and we fully hope that you will consider our grievances and clear us from anxiety by carrying out the work in question at the expense of the Municipality. 2.—That Parel village is a rocky place and cannot be easily drained as other part of the town, and this can be proved from the municipal works that are going on for the road-connections, and beg to point out that in two months the department is not even in a position to place more than one piece of pipe on both sides of road-connection in front of Mr. Ganpat Dadaji's house, and it will be very difficult for us to carry out the requirements of the Municipality even if the authorities concerned show us the cheapest and simplest ways, &c. 3.—That our means are so poor as not to enable us to carry out the work even if almost of us sold our properties. 4.—That although we suffer from the want of conveniences that the part of the city

are furnished with—too numerous to mention—such as insufficient lights, bad roads, &c., for remedying which we have petitioned the Municipality several times and we are put off from time to time under lame excuses "that the Municipality is not in a position to comply with our request," which we think is quite unfair as if we are exempted from the Municipal taxes, &c. We do not press the Municipality for the same, although we see that our fellow-citizens elsewhere are enjoying those conveniences in a luxurious style while we pay the same rates and taxes as they do. We now venture to take the liberty to put this matter before the Corporation with the view that they will give their best attention to these defects and see that the village is properly lighted and the roads kept in good order, which is urgently required during the monsoon and especially on dark nights. 5.—That the plague has put us to enormous expense and the famine is making dear the necessaries of life, and if the house-connection work is insisted upon, we fear that there will be no alternative but to desert the village which our forefathers dwelt from time immemorial. 6.—That although our fellow-citizens were able to bear the expenses, almost all the house-connection work in the town was carried at the expense of the Municipality, and we are at a loss to understand why we should be compelled to carry out the works in question by ourselves, when we are in very reduced circumstances bordering in wants and hope that justice will be done to us. 7.—That one of our representatives, Mr. Narayen Abaji, had an interview with Mr. J. W. Smith with regard to the magisterial proceedings instituted against some of us and the officer in question was kind enough to postpone the case for one month. We, therefore, earnestly request you that the same may be allowed to stand over until the road-connection works are thoroughly completed all over the village to enable us to come to an understanding to get the work done jointly or as to what remedies should be adopted to remove the burdens from our shoulders if the said work is insisted upon us. 8.—The Deputy Executive Engineer informs us that the work in question is very urgent, and in order to avoid delay we think it advisable for the Municipality to undertake the whole work and execute the same in a cheapest way, and the cost may be recovered from us by increasing the general tax as many years as possible, and which will not be felt so much, as the course now adopted, as the ninety per cent. house-owners are very poor and are unable to pay in one or two instalments, of which you are well aware. 9.—That in case the Municipality is not in a position to grant our request we shall consider it a great boon if you inform us to whom we should apply. Under these circumstances we earnestly request you to take our grievances complained into your kind consideration and grant our request, which act we will consider a great boon, saving us from anxieties and the unbearable burden on our shoulders in these hard times.—We have, &c.,

BOMBAY, 20*th August* 1897.

To JAMES W. SMITH, Esq., I.M.C.E.,

Deputy Executive Engineer, Bombay Municipality,

Bombay.

SIR,—We, the undersigned, have the honor to bring to your kind notice that on the 26th ultimo, we had applied to the Municipal Commissioner to withdraw the notices and have since received his reply on the 5th instant, intimating us that we would be allowed to carry out the drainage works in the cheapest and simplest ways, &c. On the strength of such instructions we kept quiet on the understanding that the details of such manner will be submitted to us in due course and no steps will be taken for the non-compliance of the notices served upon us, but to our great surprise some of us are now served with summons requiring to appear before the Presidency Magistrate on the 24th instant at 1 p.m. to answer the charge brought against us for not having complied with the notices in question. In order to cut the matter short, we herewith beg to enclose a copy of our letter addressed to the Municipal Commissioner yesterday regarding the subject for your perusal and earnestly request you to allow the matter to stand over, and get the summons withdrawn accordingly until the matter is thoroughly settled by the authorities concerned and let us know your views on the subject by return per bearer. An early answer per bearer will oblige.—We have, &c.,

NARAYAN ABAJI, *for* Residents of Parel Village.

BOMBAY, 19*th August* 1897.

To THE MUNICIPAL COMMISSIONER

FOR THE CITY OF BOMBAY.

SIR,—With reference to our letter of 26th ultimo and your subsequent reply No. 11195 of the 5th instant, intimating that we will be allowed to carry out the requisite work in the *cheapest and simplest ways*, &c., consequently we were under the impression that you were to submit us the details of the manner by which the work to be carried out, but to our great surprise we find that some of the villagers are now served with summons to appear before the Presidency Magistrate on the 24th instant for not having complied with the notices served upon them, which course certainly, we think, the Deputy Executive Engineer would not have taken if you or the officer in question would have understood the real purport of our letter. Under these circumstances we request once more to take our grievances complained therein into your kind consideration and

withdraw the summons accordingly for the following further reasons :—(1) That the positions of houses in Parel village are not in a line, so it will be very difficult for each owner to comply with your request separately, of which you are well aware. (2) That the work which is to be carried out by the Municipality is not thoroughly completed all over the village to enable us to think over the matter and to come to a conclusion to carry out the works jointly if it is to be insisted upon us, but which will be an unbearable burden upon our shoulders. (3) That, if such work is imposed upon us separately, we fear that there will be no end of such work, but there will be many complaints laid before the Magistrate for trespass, &c., which will not only be a nuisance to us but as well as to you for breach of peace. (4) That we again beg to point out to you further that almost all of us are now deprived of what we had on account of plague and not in a position to comply with your request unless we are driven out and our ancestral properties are sold to defray the cost of the work required, which, we think, will not even answer the purpose. Under these circumtances we earnestly request you to take a prominent view on the subject before you take any steps against us. An early answer before the hearing day fixed for the summons will be highly obliged.—We have, &c., RAOJEE RAGHOONATHJEE, NARAYAN ABAJEE (and others).

MEMORANDUM No. 11195 OF 5-8-97.

To ROWJI RAGHUNATH.

In reference to their letter of the 26th *ultimo*, Mr. Rowji Raghunath and others are informed that they will be allowed to carry out the requisite work in the cheapest and simplest ways admissible under the rules laid down for house-connection works. The notices therefore cannot be *withdrawn*.

P. C. H. SNOW, Commissioner.

BOMBAY, *26th July* 1897.

To P. C. H. SNOW, Esq., I.C.S.,

Municipal Commissioner for the Town of Bombay.

SIR,—Referring to the notices served upon us the undersigned villagers at Parel in or about the month of July, calling upon us to lay 6" stone pipe drain or drains under ground from such parts of our respective premises as are required to be drained within fifteen days from the receipt thereof by us respectively, we have humbly to bring to your kind notice that we are too poor to carry out the said work as therein required, and pass our days with great difficulty on our poor earnings hardly sufficient for our maintenance. We need not add that the properties occupied by us have come to us from our forefathers and most of them have been occupied by the heirs without receiving any rent and those of us who receive rent,

the same is in fact nothing as will be seen from the following few examples :—Take, for instance, of Mr. Govind Dadaji who owns a fish market and the rent realized by the said market is Rs. 10 only. Out of which he has to pay Rs. 4 to the municipal sepoy and out of the balance of Rs. 6 to defray the repairing expenses and pay municipal bills in respect thereof, and thus, after deducting all the expenses there will be left in his hands a rupee or two which is in fact nothing. Such is the case with every one of us who are naturally poor and live in a village like Parel far off from the town. Besides these we have been put to a heavy expense during the plague, quite unable and helpless to meet the requirements contained in your said notices. Under these circumstances we have to request you will be good enough to consider over our poor conditions and redress our grievances by withdrawing the said notices.—We have, &c., RAOJEE RAGHOONATHJEE, NARAYAN ABAJEE (and others).

No. 18802 of 23rd October 1897.

To The MUNICIPAL SECRETARY.

Sir,—With reference to Standing Committee Resolution No. 5706 of 22nd September 1897, referring to me for remarks a petition from Messrs. Raoji Raghunathji, Narayen Abaji and 45 other rate-payers of Parel village regarding the cost of the house-connection to be made thereat, I have the honour to draw your attention to my memorandum No. 11195, dated 5th August 1897, in reply to the petitioners' letter of the 26th July. On the 19th August they addressed to me a further letter which was replied by the Deputy Executive Engineer, Drainage, at my request under his No. $\frac{\text{D-6005}}{10\text{-}9\text{-}97}$, I beg to enclose a copy of the petitioners' second letter and the reply. It will be seen by reference to para. 3 of the Deputy Executive Engineer's No. $\frac{\text{D-6005}}{10\text{-}9\text{-}97}$ that the house-owners had no intention to let by contract their portion of the work throughout the village. The suggestion in para. 7 of the last petition that they should be allowed time to enable them to come to an understanding to get the work done jointly appears therefore to be an after-thought. The suggestion in para. 8 regarding a special increase in the general tax is of course impracticable. The Executive Engineer reports to me that the public streets in Parel village are sufficiently well lighted. He adds that these streets are repaired every year, but the repairs during the current year have been postponed until the completion of the street portions of the house drainage connection works, as it would obviously be a waste of public money to repair the roads now, to be cut up again for house-connection works. The chief point of the petitioners appears to be that, as they are poor, the house drainage connection work should be carried out at the expense of the Municipality. I apprehend that the Corporation will not recede from the policy which has been decided upon after very

deliberate consideration, and in that view of the matter I would suggest that the petitioners be most distinctly informed that they must carry out the work at their own expense and that no further time can, under any circumstances, be allowed them. It is extremely important that the drainage of Parel village should be completed as early as possible and that an end should thus be put to the insanitary condition of the locality without that delay which the petitioners seem so anxious to gain.—I have, &c., P. C. H. SNOW, Commissioner.

BOMBAY, 19*th August* 1897.

To THE MUNICIPAL COMMISSIONER
FOR THE CITY OF BOMBAY.

SIR,—With reference to our letter of the 26th *ultimo* and your subsequent reply No. 11195 of the 5th instant, intimating that we will be allowed to carry out the requisite work in the cheapest and simplest ways, &c., consequently we were under the impression that you were to submit us the details of the manner by which the work to be carried out, but to our great surprise we find that some of the villagers are now served with summons to appear before the Presideney Magistrate on the 24th instant for not having complied with the notices served upon, which course certainly, we think, the Deputy Executive Engineer would not have taken if you or the officer in question would have understood the real purport of our letter. Under these circumstances we request once more to take our grievances complained therein into your kind consideration and withdraw the summons accordingly for the following further reasons:—(1) That the positions of houses in Parel village are not in a line, so it will be very difficult for each owner to comply with your request separately, of which you are well aware. No. D-6005 OF 1897-98.

10th September 1897.

To MESSRS. RAOJI RAGHUNATHJI and others.

GENTLEMEN,—Referring to your letter dated the 19th August to the address of the Municipal Commissioner, I am requested by the Commissioner to inform you that full details of the manner in which the work is to be carried out have been given to you, and it is for you to select the cheapest and simplest alternative given in those details. 2. No further directions are necessary and there can be no difficulty in each of you complying separately with the notice served in each case. 3.—Mr. Narayan Abaji called upon me and stated that the house-owners in Parel village do not propose to let by contract their portion of the work throughout the village ; there is therefore no reason whatever for postponing the whole of the connections until the street portions of the house drains have all been laid by the Municipality, as in very few cases could three or more houses be drained in a group to only one connection with the Municipal sewer. 4.—The fear expressed in para. 3 of your letter under reply, *viz.*, that there will be many complaints laid before the Magistrate for trespass tends to show that there is little likelihood of the neighbours so combining as to have one drain for two or more houses. 5.—The matter cannot be delayed any longer, it being urgent and involving the health of the locality. 6.—The views of the Corporation and their decision on the subject are clear and are being systematically carried out by the officers of the Corporation, and no retrograde policy can possibly be adopted. 7.—Under these circumstances the notices served on you cannot be withdrawn, and if you fail to comply with them by 12 noon of Tuesday, the 21st September, to which time the hearing of the cases has been postponed, it will be necessary for you to then appear before the Magistrate at the Nesbit Road Police Court and make your defence.—I have, &c.,

JAMES W. SMITH, M.I.C.E.,
Deputy Executive Engineer, Drainage.

No. 7116.

Resolved : "That, with reference to letter to the President, dated 17th September last, from Messrs. Raoji Raghunathji, Narayan Abaji and 45 other rate-payers of Parel village regarding the cost of the house-connections to be made thereat, the Standing Committee beg to report that, with the approval of the Corporation, the petitioners might be informed that it is not practicable to increase the general tax in respect of Parel village in the way suggested by them ; that the public streets in that village are sufficiently well

lighted and are repaired every year, but that the repairs during the current year have been postponed until the completion of the street portions of the house drainage connection works, as it would obviously be a waste of public money to repair the roads now as they would have to be cut up again for house-connection works.

"That the petitioners must carry out the connection works in question at their own expense, and that no further extension of time for the completion thereof can be allowed them."

Read letter to the Commissioner, No. 2497, dated 19th ultimo, from the Health Officer as under :—

SIR,—Returned to the Municipal Commissioner with attachment and samples and cylinder of compressed gas. 1.—Electrozone is a fluid that owes its properties and disinfecting power to the disengagement of chlorine. 2.—It is practically the same as hermite fluid, and there are a number of proportions containing chlorides and hypochlorides used for disinfecting operations. 3.—I take it that electrozone is an artificial compound of the hermite class, and has very much the same properties. 4.—This preparation, however, is much more expensive and only suited for domestic use, and therefore can only be used on a small scale. For domestic purposes in the disinfection of all matters evolving organic vapors, it is excellent. 5.—The action of the hermite solution on pathogenic organisms is so well known that I need not refer to it. 6.—In my opinion its chief use will be found in the disinfection of the shafts of privies inside buildings. 7.—Chlorine must be regarded as one of the most powerful of the disinfectants, and in the hermite fluid and similar chlorinated compounds, we have a convenient way of conveying the gas. 8.—It is more convenient and more useful than the deliquiscent chloride of lime, although I do not think that electrozone is practically of any use to us, I think a similar solution, namely, hermite fluid, ought to be used. 9.—It might be used for the disinfection of privies in order to sterilize the inside of the shafts. The fluid for this purpose ought to be delivered in the streets in wooden barrels, and street by street the privies of the houses could be disinfected. This can be carried out and completed with the arrangements I am making for a regular medical survey of the city with the staff of medical men we now have on duty. 10.—As I have been taking great interest in the use of chlorine gas, I forward a cylinder of compressed gas, which was manufactured for me by the Carbonic Acid Factory. 11.—If the company could manufacture gas as a business in this form, we would have a most valuable disinfecting power at our command.—I have, &c.,

No. 3371 OF 22ND OCTOBER 1897.

To THE SECRETARY AND TREASURER,
Bank of Bombay.

SIR,—With reference to the arrangement made with your Bank regarding a loan of rupees fifteen lakhs as per your No. 12887, dated the 18th ultimo, I have the honour to inform you that, as already intimated to you through Messrs. Merwanji and Byramji and as verbally consented to by you, the Municipality desire to modify the above arrangement in so far as to take up on the 1st proximo rupees six lakhs of the said loan instead of rupees three lakhs as previously arranged, the remaining terms in regard to the taking up of the balance of the loan, the rate of interest, repayment, &c., remaining in their entirety. May I request the favour of your kindly confirming the modified arrangement referred to above.—I have, &c.

No. 14343 OF 23RD OCTOBER 1897,

To THE CHIEF ACCOUNTANT, Bombay Municipality.

DEAR SIR,—I have the honour to acknowledge the receipt of your letter No. 3371 of yesterday's date and in reply to confirm the alteration which you desire in the contract made with you through Messrs. Merwanji and Byramji on 16th ultimo, whereby you will take a loan of rupees six lakhs on the 1st proximo in place of rupees three lakhs as originally arranged. The other conditions of the contract remaining unaltered.—Yours faithfully,

J. BEGBIE, Officiating Secretary and Treasurer.

No. 3423 OF 28TH OCTOBER 1897.

To THE COMMISSIONER.

SIR,—I have the honour to forward the accompanying copies of the correspondence which passed between this office and the Secretary and Treasurer, Bank of Bombay, regarding a modification in the terms sanctioned in the Corporation Resolution No. 6566, dated the 11th instant, for obtaining a temporary advance of rupees fifteen lakhs from the Bank of Bombay and to request the favour of your obtaining the sanction of the Corporation to the modified arrangement. The necessity of our taking up rupees six lakhs on the

1st proximo instead of rupees three lakhs as previously arranged arises from the fact that we have to repay to the Bank on the above date rupees four-and-half lakhs already borrowed. Of this sum, it was expected that one-and-a-half lakhs could be repayed out of anticipated surplus balances, but for want of funds this cannot now be done. We further require to have in hand another lakh-and-a-half to meet the interest already due on certain Municipal debentures, for which we have not sufficient moneys in our hand at present.—I have, &c.,

W. E. WAITE, Chief Accountant.

* See Proceedings of the Corporation, dated 11th October 1897.

Section 449 (2), line 1.—Dr. Bahadurji proposed that the word *licensed* before the word "medical" be omitted, but the proposal was not seconded.

Line 3.—On the proposal of Mr. Viegas, the words after "demand" on *payment of a fee not exceeding two rupees* were struck out, and the words *free of charge* were inserted in place thereof.

At half-past 5 o'clock the Committee adjourned and it was—

Resolved: "That a special meeting of the Committee be held at 4 p.m. on Saturday, the 6th instant, for the further consideration of the proposed amendment of the system of Registration of Births and Deaths."

No. 7130.

BOMBAY, *6th November* 1897.

AT a special meeting of the Standing Committee, held this day, there were present:—

THE HON'BLE MR. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., *Chairman.*

COWASJEE HORMUSJEE, Esq., G.G.M.C.; THE HON'BLE MR. FAZULBHOY VISRAM, C.I.E.; H. G. GELL, Esq.; IBRAHIM RAHIMTOOLA, Esq.; KAIKHOSRU N. BAHADURJI, Esq., M.D., B.S., M.R.C.S; KAIKHOSRO N. KABRAJI, Esq.; K. M. SHROFF, Esq.; NANABHAI N. KATRAK, Esq., L. M. & S.; ACCACIO G. VIEGAS, Esq., L. M. & S.

P. C. H. SNOW, I.C.S., Commissioner; and the SECRETARY.

Considered again letter from the Commissioner to the Secretary, No. 15359, of the 16th September 1897, together with draft of the proposed amendment of the law relating to the Registration of Births and Deaths.

Section 448 (1).—At the request of the Commissioner this section was amended and passed as follows:—

"For the purposes of this chapter the expression 'medical practitioner' shall mean any medical graduate or licentiate of a University or other recognized licensing body, and any person whose training has been admitted under any Act or ruling of the Government of India as constituting him a duly-qualified medical practitioner."

Section 449 (1).—The word "licensed" before the word "medical" was struck out.

Section 449 (2).—The word "licensed" before the word "medical" was struck out.

Section 450.—The word "licensed" before the word "medical" was struck out.

On the proposal of Dr. Bahadurjee, it was agreed to consider sections 450 and 451 together.

Amendment proposed by Dr. Bahadurjee—

It shall not be lawful to dispose of any corpse that is not accompanied with a satisfactory death certificate from a ward medical officer or a qualified medical man who actually treated the case or was called in to examine and note the case before death.

All corpses without such death certificates shall be treated as cases of suspicious deaths and subjected to the usual *post-mortem* examination and enquiry.

Not seconded.

Section 450.—Proposed by Nanabhai N. Katrak, Esq., seconded by K. N. Bahadurji, Esq., M.D.—

That the word "may" be inserted in the place of the word "shall" (line 4).

The proposal was *negatived.*

Section 451 (2).—On the application of the Commissioner the following words after the word "certificate" were struck out :—"shall be written in triplicate in the form prescribed in Schedule O" and the following words were inserted in place thereof :—"shall be signed in triplicate in the form prescribed in Schedule P, which shall be endorsed on each of the triplicate forms of death report prescribed by Schedule O.

Proposed by Dr. Bahadurji, seconded by K. M. Shroff, Esq., that section 451 be omitted.

On a division, there were two votes *for* the proposal, which was *lost.*

No. 7300. The Commissioner consulted the Committee on the question of the levy of the wheel tax on hack victorias, labour-carts and recklas and stated that, if the present reduced rates are entered in the Budget Estimates for 1898-99, the estimated loss will amount to Rs. 40,000.

After discussion, it was agreed that the Committee are of opinion that the full taxes on victorias, labour-carts and recklas should be levied from the 1st January next, namely, victoria, Rs. 63; reckla, Rs. 20; labour-cart, Rs. 15 respectively.

The Commissioner read letter to himself from Mr. Under-Secretary Fawcett, No. 6071 (General Department), dated 3rd instant, on the subject of raising the temporary loan of Rs. 20,00,000, stating that it would appear advisable to deal with the application for sanction to such raising under the terms of the Local Authorities (Emergency) Act, 1897, of the Government of India.

After discussion, it was agreed—

No. 7301. "That the Committee approve of the Commissioner's applying for the sanction of the Government of India to the raising of a temporary loan of Rs. 20,00,000 (see Resolution No. 6823 of 23rd October 1897) under the provisions of the Local Authorities (Emergency) Loans Act of 1897."

The Committee adjourned at 5-30 p.m., and it was agreed that the next meeting be held at 3 p.m. on Wednesday, the 10th instant.

BOMBAY, *10th November* 1897.

The above officer replied to them in his No. 3276—67 of 13th July 1897, a copy of which is herewith attached, that permission will be granted to the Mill Co. on the conditions mentioned therein, to which the agents of the Company have agreed.

2. I have therefore to request the favour of your sanction to the laying of the pipe line on Municipal ground on the conditions stated by the Deputy Executive Engineer, Water Works, in his No. 3276—67 of 13th July 1897.—I have, &c., M. C. MURZBAN, Executive Engineer.

No. 19877 OF 1897-98.

BOMBAY, *5th November* 1897.

Copy forwarded to the Municipal Secretary for favour of sanction of the Standing Committee and the Corporation to permission being granted to the Ibrahim Pabaney Mill Co. to the laying of the pipe line on Municipal ground on the conditions mentioned by the Water Engineer.

P. C. H. SNOW, Commissioner.

No. W. 3276-67 OF 13TH JULY 1897.

To MESSRS. GOSTLING & MORRIS,
Architects, &c., Bombay.

GENTLEMEN,—I have the honour to state that on your clients, the Agents of the Ebrahimbhoy Pabaney Mill Co., agreeing to the following conditions, I shall allow them to lay the 4" water main mentioned in your letter on the Tulsi pipe line ground in anticipation of the sanction of the Municipal Commissioner and the Corporation to my proposal to allow that to be laid on the usual conditions. It should be distinctly understood that if the Commissioner or the Corporation refuse to sanction my proposal, I shall have the connection cut off without any further notice and remove the main at your expense. The conditions are (i) that the presence of the Company's pipe, shall never be deemed to limit the rights of the Municipal Corporation to the ground on which the pipe is laid; (ii) that the party's pipe shall be removed or altered as required at any time after seven days' notice from the Municipal Commissioner; (iii) that the Corporation shall not be responsible for any damage that may occur to the pipe through the repair or alteration of the Tulsi pipe line or embankment on a burst of the main; (iv) that the owner of the property supplied through the said 4" main shall pay one rupee per quarter for the privilege of laying the pipe on Municipal ground.—I have, &c.

H. NEWTON, Acting Water Engineer.

Resolved: "That memorandum to the Secretary, No. 19877, dated 5th instant, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to permission being granted to the Ibrahim Pabaney Mill Company, to lay 4" water main along Municipal ground by the side of the 24" Tulsi main between Fergusson and DeLisle Roads, as shown on tracing marked A, dated this day

No. 7342.

and filed in supplement to minute books, on the following conditions :—

"1. That the existence of the Company's said pipe shall never be deemed to limit the rights of the Municipal Corporation to the ground on which the same is laid.

"2. That the said pipe shall be removed or altered as required at any time after seven days' notice from the Municipal Commissioner.

"3. That the Corporation shall not be responsible for any damage that may occur to the pipe through the repair or alteration of the Tulsi main line or embankment or from any burst of the main.

"4. That the owners of the pipe shall pay one rupee per quarter for the privilege of laying the same on Municipal ground."

Resolved : "That letter to the Secretary, No. 19460, dated 2nd instant, from the Deputy Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the grant of Rs. 553-7-11 from surplus cash balance, to provide for the compassionate allowance payable to Bai Doolubkhor, widow of Mr. Gangadas Bhaidas, late Assistant Examiner of Claims, Revenue and Refund Audit Office."

BOMBAY, 1*st November* 1897.

To THE PRESIDENT
OF THE MUNICIPAL CORPORATION.

The humble petition of SHAIK MAHOMED BAGDADI,

SHEWETH,—Your petitioner was an Engineer working in the Fire Brigade Department and employed with the engine stationed at Pydhoni outside the Fort. Your petitioner was engaged by

the Municipality as an Engineer on the 29th day of August 1890. Your petitioner, before he joined the service, worked as an Engineer in the service of the Port Trustees and of Messrs. Shepherd and Company, his total length of service extending over a period of 15 years. On the 24th March 1896 at about 6 p.m. a fire broke out at Oomercarry. Your petitioner and Mr. Wilson, the then foreman, in accordance with their duty at once set out with their engine to the place of the fire, the route taken being through Bhendy Bazar Road and afterwards by the Imamwara Road, in which latter road the Municipality had opened the gutter in connection with the drainage works, and the work was being proceeded with. The horses of the van were struck by the bamboo fence erected round the excavation and became unmanageable and getting frightened swerved, whereby a portion of the engine got into the gutter, on the side on which your petitioner was standing. As a consequence of what took place, your petitioner's left leg was thrown under the break of the engine and was crushed by the weight of the engine. Your petitioner had nothing to do with the driving of the horses. Your petitioner was afterwards extracted from his dangerous position, but have sustained injuries which unfortunately have proved permanent. Your petitioner was treated by the Surgeon with the Fire Brigade and other doctors for some months without any effect. At last your petitioner was taken to Dr. Bahadurji who after examination gave his opinion that your petitioner is unfit for active service, but that, if an operation is made, he will be able to work in a department of the Municipality where violent and quick motion is not necessary. Your petitioner still now and then suffers from fever, owing to which his eye-sight is impaired. Your petitioner on the 9th December 1896 got a letter from the Chief Officer of Fire Brigade that he was certified by Dr. Choksy as incapacitated for service in the Fire Brigade, but not for any other work in the Municipality, which does not require violent and quick motion and that the Municipal Commissioner had been written to on the subject. Your petitioner, instead of being employed in any other department as stated in the foregoing para., to his surprise received a letter on the 9th January 1897 from the Chief Officer of the Fire Brigade, stating that the Municipal Commissioner has sanctioned his retirement and that the amount of his pension would be communicated to him hereafter. Your petitioner is now in this position at the early age of 38 years and with a mother, wife and three children and a mother-in law (who is blind), all dependent on him, he finds himself, through injuries done to him in the discharge of his duties and under circumstances over which he could exercise no control, thrown out of employment with no further prospects in life and with a pension of only Rs. 26-10-8 per month. Your petitioner when he was in service drew a salary of Rs. 100 including allowance which was barely sufficient to cover his household expenses. Your petitioner has during his illness spent about Rs. 1,500 and has thus incurred a debt and has also incurred some other debts for household expenses, the rent of

his house being still in arrears. Your petitioner applied to the Commissioner to increase his pension or, in the alternative, to give him Rs. 5,000 as a gratuity. In reply the Deputy Commissioner stated that as the question has been settled it could not be re-opened. Your petitioner afterwards petitioned the Standing Committee to the same effect, but your petitioner was informed by the Secretary by his memo. No. 6402 of 1897-98, copy of which is annexed hereto, that, under the regulations, his application could not be entertained. Under these circumstances your petitioner prays that you will be graciously pleased to take his case into your kind consideration and grant him a lump sum of not less than Rs. 5,000 for the injuries done to him in the discharge of his duties and his consequent reduction under the circumstances to absolute penury and want, or that a substantial increase may be made to his present rate of pension. And in doing this act of kindness your petitioner and his family shall ever pray.

SHAIK MAHOMED BAGDADI,
residing at House No. 55,
Kaji Mohla, Pydhoni.

Resolved: "That, with reference to petition to the President, dated 1st instant, from Shaik Mahomed Bagdadi, late Engineer, Municipal Fire Brigade, praying that he may be allowed to commute his pension for a gratuity of Rs. 5,000 in consideration of the injuries received by him in the discharge of his duties, the Standing Committee beg to report that, with the approval of the Corporation, applicant should be referred to the Committee's resolution as per margin."

No. 7349.
Resolved: That Shaik Mahomed Bagdadi be informed in reply to his application, dated 30th ultimo, that he has
No. 6149. already been awarded the pension payable to him under the Pension Regulations and that the amount thereof cannot be increased. That his application to be allowed to commute his pension into a gratuity of Rs. 5,000 cannot be entertained.

Considered petition to the President, dated 21st June 1897, from Messrs. Tukaram Ramji, Shivji Lingu Jaya and other owners and residents of Kamathipura, stating that in January last, owing to the prevalence of the plague, water-pipes of houses thereat were disconnected and stand-pipes erected in the streets by the Municipality, with the result that water for household purposes had to be brought from the stand-pipes. Adding that the system involves disadvantages to the petitioners, and requesting that the former system may be resorted to in that district.

No. 19483 of 1897-98.

BOMBAY, *2nd November* 1897.

To THE MUNICIPAL SECRETARY.

SIR,—With reference to Standing Committee's Resolution No. 3142 of 30th June last, I have the honour to state that, owing to the high mortality in Kamathipura, the Health Officer strongly objects to the restoration of water inside the houses in that district. Ample provision however has been made for water-supply to the residents by means of stand-pipes erected in the public streets. There are in all 70 stand-pipes and the water connection of more than a hundred houses are intact.

The Health Officer considers that at least a year should elapse before allowing reconnection of the water-supply in the houses of Kamathipura.—I have, &c.

P. C. H. SNOW, Commissioner.

No. 7350.

Resolved: "That, with reference to petition to the President, dated 21st June 1897, from Messrs. Tukaram Ramji, Shivji Lingu Jaya and other owners and residents of Kamathipura regarding the disconnection of houses thereat, the Standing Committee beg to report that, with the approval of the Corporation, the applicants might be informed that the Municipal Commissioner states that, owing to the high mortality in that district, the Health Officer strongly objects to the restoration of water connections inside the houses there. Ample provision has, however, been made for water-supply to the residents by means of the 70 stand-pipes erected in the public streets, and the connections of more than a hundred houses are still intact. The Health Officer considers that at least a year should elapse before the connections which have been cut off in Kamathipura are re-made."

BOMBAY, *2nd December* 1896.

To THE PRESIDENT AND MEMBERS
OF THE BOMBAY MUNICIPAL CORPORATION.

GENTLEMEN,—So far back as 20th August last, we had the honor to address the Municipal Commissioner on the subject of removing the dust-bin from the rear part of our Fire Temple in Girgam Main Road, which is known as the Hormasji Wadia Atash-Behram.

On the following day we received a reply that enquiries would be made. The matter was referred to the Health Officer, but we are sorry to say that nothing has been done in the matter up to the present day. It is the first and principal place of worship attended by all the members of the Parsi Community, and therefore it is held in high esteem by them, as great sanctity is attached to it. The Parsi ladies and gentlemen attending the temple are shocked at the sight of the dust-bin and at the stench constantly emanating from it. It is generally understood that dust-bins are not to be allowed to stand in the immediate neighbourhood of a place of worship. The vernacular papers have written very strongly against the evil complained of, and it is our duty to place the complaint before you in the hope that immediate steps will be taken to remove the cause of nuisance here brought to your notice.—We have, &c.,

JAMSEDJI BOMANJI WADIA,
BOMANJI J. B. WADIA,
PESTONJI H. B. WADIA,
Trustees, H. B. Wadia's Fire Temple Charity Fund.

No. 26547 OF 1897-98.

BOMBAY, *3rd November* 1897.

TO THE MUNICIPAL COMMISSIONER.

Memorandum.

The carts have been in Charniwady Lane which is in rear of the Agiary for a long time. Like all such sites in the crowded parts of the city, it is not free from objection, and complaints are made. As I often reported it is a most difficult thing to find suitable sites for these carts, and we cannot satisfy everybody. I have moved one of the carts which usually receives the most offensive refuse away from this lane, and there is now no cause for complaint.

J. LEASK, Acing Health Officer.

No. 19876 OF 1897-98.

BOMBAY, *5th November* 1897.

Copy forwarded to the Municipal Secretary for information, with reference to Standing Committee Resolution No. 9949 of 23rd December last and No. 13136 of 25th February 1897, respectively.

P. C. H. SNOW, Commissioner.

No. 7351. *Resolved*: "That, with reference to letter to the President, dated 2nd December 1896, from Messrs. Jamsedjee Bomanjee Wadia, Bomanjee J. B. Wadia and Pestonjee H. B. Wadia, Trustees, H. B. Wadia's

Fire Temple Charity Fund, requesting that the dust-bin carts placed in rear of the Fire Temple known as the Hormasjee Wadia's Atash-Behram at Girgam Main Road may be removed, the Standing Committee beg to report that, with the approval of the Corporation the applicants might be informed that the Acting Health Officer states that the carts in question have been in their present position for a long time and it is a most difficult thing to find suitable sites for such carts.

"That, as a matter of fact, one of those complained of has been removed and that there should now be no cause for complaint on the subject."

No. 7352. *Resolved*: "That, with reference to their letter, dated 23rd July 1895, on the subject of certain sheds erected by the Municipality in close proximity to their mill premises, the Khatao Makanji Spinning and Weaving Company be informed that the Commissioner has ordered the removal of the four sheds nearest to the mill."

No. 7353. *Resolved*: "That the Progress Reports up to the end of June 1897, of new works in course of construction, be *recorded*."*

In accordance with notice of motion, it was proposed by Accacio G. Viegas, Esq.—

No. 7354. "That the Municipal Commissioner be requested to show the number of imported cases of plague and cholera in the weekly mortality lists."

The motion was seconded by Cowasjee Hormusjee, Esq., and *Carried*.

No. 7355. The following returns were read and *recorded*:—Returns of fires at Arthur Road, Tardeo, 136, Lohar Chawl Street, No. 3, Khadak Street, Dongri, No. 370, Kalbadevi Road, Victoria Bunder Middle Colaba, Babula Tank Road and Kumbharwada, forwarded with the Deputy Commissioner's memoranda Nos. 19285 and 19771, dated 1st and 4th November 1897.†

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 7th November 1897.‡

* *See* Appendix D. † *See* Appendix C. ‡ *See* Appendix B.

No. 7356. Memorandum No. 20298, dated this day, from the Commissioner, forwarding summary of births and deaths in the city for the week ending 9th instant, was laid on the table.

The Commissioner placed on the table the Budget Estimates for 1898-99.

No. 7357. It was agreed that the consideration of the estimates be postponed.

No. 7358. *Resolved*: "That, with reference to the Deputy Commissioner's memorandum to the Secretary, No. 20246, dated 9th instant, the Standing Committee approve, under the terms of section 407 of the Municipal Act, III of 1888, of the letting of space at the western entrance to Bhuleshwar Market (specified in letter from the Superintendent of Markets to the Deputy Commissioner, No. 2401 of 6th instant), to Messrs. Daudkhan and Syed Ebrahim for the sale of dry fruit and other provisions thereat on their paying a rental for the same of Rs. 30 each per quarter, the space so let being numbered C and D in the register respectively."

No. 7359. It was agreed that the following be *recorded*:—Letter to the Secretary, No. 20299, dated this day, from the Commissioner, stating that, owing to the pressure of important work in connection with the Budget and other matters, he is unable to avail himself of the 16 days' privilege leave granted to him by the Committee and requesting that the leave may be cancelled.

Considered again letter from the Commissioner to the Secretary, No. 15359, of the 16th September 1897, together with draft of the proposed amendment of the law relating to the registration of births and deaths.

Section 451 (4) and Section 452 were agreed to without alteration.

Section 453 (1).—The word "licensed," line 3, was struck out.

Section 453 (2) was agreed to without alteration.

Section 453 (*a*) was agreed to without alteration.

Section 453 (*b*), line 5.—Dr. Bahadurji moved that the following words be omitted:—"police and the corpse shall

be detained until the registrar of the ward or sub-registrar of the section in which the death occurred has seen such corpse and, either after making or without making a *post-mortem* examination thereof, has given the necessary certificate," and that in place thereof the following words be inserted :—" registrar who shall grant the necessary certificate as required in Section 441."

Not seconded.

Section 453 (*b*) was then agreed to (with one dissentient).

At the request of the Commissioner, Section 453 (*c*), as follows, was *struck out* :— The Commissioner may grant a license to any medical practitioner empowering him to grant certificates of death under Section 451.

Section 453 (*d*) was agreed to, and renumbered as 453 (*c*).

Section 453 (*e*) was also agreed to, and renumbered as Section 453 (*d*).

Section 453 (2) was also agreed to.

Section 453 (*f*) was agreed to, and renumbered 453 (*e*).

Penalties.—It was agreed that it be left to the Municipal Solicitors to redraft the section relating to penalties in such way as to bring the same into conformity with the foregoing draft.

Amendments and the Provisions of the Municipal Act.

Section 448.—On the motion of the Hon'ble Mr. Fazalbhoy Visram, seconded by Kaikhosro N. Kabraji, Esq., it was agreed that Section 448 be further amended and passed as follows :—

Any medical practitioner in attendance during the last illness of any person dying in the city shall, within 24 hours of his becoming cognizant of the death of such person, send a notice in writing to the Executive Health Officer in the form prescribed in schedule P stating, to the best of his judgment, the cause of death.

(2) The Commissioner shall provide and furnish such forms, free of charge, to any medical practitioner applying for the same.

(3).—For the purposes of this chapter the expression "medical practitioner" shall mean any medical graduate or licentiate of a University or other recognized licensing body, and any person whose training has been admitted under any Act or ruling of the Government of India as constituting him a duly qualified medical practitioner.

Resolved (with one dissentient): "That the draft amendment of the Municipal Act (Chapter XVI), as amended by the Standing Committee, be now agreed to and included in the report on the reorganization of the Health Department.

CHAPTER XVI.

VITAL STATISTICS.

Registration of Births and Deaths.

[*Note.*—The following are proposed in substitution for Sections 442 to 453 inclusive of the present Municipal Act.]

442 (1). The Executive Health Officer shall be Chief Registrar of the City, and shall keep, in such form as is hereinafter provided, or as may from time to time be prescribed by the Local Government, a register of all births and deaths occurring in the City.

(2). For the purpose of registering births and deaths, the Commissioner shall divide the City into as many wards and sections as he shall from time to time think fit, and shall appoint suitable Municipal Officers to be registrars and sub-registrars of such wards and sections, respectively. On the occurrence, or during the prevalence, of epidemic disease, the Commissioner may appoint as many additional registrars and sub-registrars as he may think necessary.

(3). The Commissioner shall appoint an officer to be in charge of each place for the disposal of the dead registered under section 435, or where such places are small or little used, for such number of them taken together as he shall from time to time think proper. It shall be the duty of each of the said officers to register all corpses brought to the place or places of which he is in charge as aforesaid with the certificate hereinafter prescribed.

443 (1). Every registrar and sub-registrar shall ordinarily dwell within the ward or section as the case may be, for which he is appointed, and every officer in charge of a registered place or places for disposal of the dead shall dwell in such situation in the vicinity thereof as the Commissioner shall approve.

(2). Every registrar and sub-registrar shall cause his name, with the addition of the words "Registrar of Births and Deaths for Ward" or "Sub-Registrar of Births and Deaths for Section, of Ward," as the case may be, to be placed in some conspicuous place on or near the outer door of his dwelling-house.

(3). There shall be affixed to a conspicuous part of the entrance to every registered place for the disposal of the dead a notice specifying the name of the officer appointed to the charge of such place under sub-section (3) of section 442, and the place where he may be found.

(4). The Commissioner shall cause to be printed and published a list containing the name and dwelling place of every registrar and sub-registrar.

444. The Commissioner shall provide and supply to the registrars and sub-registrars a sufficient number of register books of births and deaths for the registration of the particulars specified in Schedules N and O, respectively; and the pages of each of the said books shall be numbered progressively from the beginning to the end thereof.

445 (1). Every registrar and sub-registrar shall inform himself of every birth and death occurring in his ward or section, and shall ascertain and register, as soon as conveniently may be after the event, and without fee or reward, the particulars prescribed in Schedule N or Schedule O, as the case may be, touching every birth or death which has not been already registered.

(2). Every entry in a register book shall be made in order from the beginning to the end of the book.

(3). Other Municipal Officers, besides the registrars and sub-registrars, may be appointed with the duty of informing themselves of every birth or of every death, or of every birth and every death in the ward to which they are respectively appointed, and of the particulars concerning the same required to be registered and of submitting such information to the registrar of the said ward or to such other person as the Commissioner directs.

446 (1). It shall be the duty of the father and mother of every child born in the City, or in case of the death, illness, absence or inability of the father and mother, of the occupier of the premises in which the child is born and of each person present in the premises and cognizant of the birth, or present at the birth or in charge of such child, to give, to the best of his knowledge and belief, to the registrar of the ward or sub-registrar of the section in which the birth occurred, within seven days after such birth, information of the several particulars prescribed in Schedule N.

(2). Provided that, in the case of an illegitimate child, no person shall, as father of such child, be required to give information under this Act concerning the birth of such child, and the registrar or sub-registrar shall not enter in the register the name of any persons as father of such child, unless at the joint request of the mother and of the person acknowledging himself to be the father of such child, and such person shall in such case sign the register together with the mother.

447. In case any new-born child is found exposed, it shall be the duty of any person finding such child and of any person in whose charge such child may be placed, to give, to the best of his knowledge and belief, to the registrar or sub-registrar, within seven days after the finding of such child, such information of the particulars required to be registered concerning the birth of such child as the informant possesses.

448 (1). Any medical practitioner in attendance during the last illness of any person dying in the City shall within 24 hours of his becoming cognizant of the death of such person, send a notice in writing to the Executive Health Officer in the form prescribed in Schedule P, stating, to the best of his judgment, the cause of death.

(2). The Commissioner shall provide and furnish such forms, free of charge, to any medical practitioner applying for the same.

(3). For the purposes of this chapter the expression "medical practitioner" shall mean any medical graduate or licentiate of a University or other recognized licensing body and any person whose training has been admitted under any Act or ruling of the Government of India as constituting him a duly qualified medical practitioner.

449 (1). The nearest relative present at the death or in attendance during the last illness of any person dying in the City, or, in case of the death, illness, absence, inability or default of such relative, any person present at the death, or in case of their default, the occupier of the house, or, if the occupier be the person who has died, some person living in the house in which the death occurred shall forthwith procure from any medical practitioner who has attended the deceased in his last illness, or if no such practitioner has been in attendance, then from the registrar of the district, the certificate prescribed in section 451.

(2). Every medical practitioner who has attended a deceased person in his last illness shall deliver the certificate required by this section on demand free of charge. Provided that when a death occurs in a hospital, it shall be the duty of the medical officer in charge of the hospital forthwith to furnish the said certificate without fee, and no other person shall be bound to furnish it.

450. On receiving intimation of the death of any person who has not been attended by a medical practitioner, the registrar or sub-registrar, as the case may be, of the ward or section shall at once proceed to the place where the body is lying, and shall, to the best of his ability, record the certificate required by section 451 without fee or reward.

451 (1). No corpse shall be removed from any house for the purpose of disposal until a certificate of death has been given by—

(*a*) A licensed medical practitioner; or

(*b*) A registrar or sub-registrar appointed under sub-section (2) of section 442.

(2). Such certificate shall be signed in triplicate in the form prescribed in Schedule P, which shall be endorsed on each of the triplicate forms of death report prescribed by Schedule O.

(3). One of the copies of every such certificate shall be sent with the corpse to the registered place for disposal of the dead, and delivered to the officer appointed under sub-section (3) of section 442 to be in charge of such place; one shall be sent to the Executive Health Officer; and the third shall be retained by the medical practitioner, registrar or sub-registrar, by whom the certificate was granted.

(4). Each of the copies of every such certificate shall be bound up in books and numbered in consecutive order.

452. It shall be the duty of the police to convey every unclaimed corpse to a duly appointed mortuary, and to inform the registrar of the ward or sub-registrar of the section when they have done so.

453. An officer appointed under sub-section (3) of section 442 to the charge of a registered place for the disposal of the dead—

(1). Shall not allow the corpse of any person to be disposed of at such place unless such corpse is accompanied by a certificate in the form prescribed in Schedule O and signed by a medical practitioner, or by a registrar or sub-registrar.

(2). Shall send every certificate received by him under section 451 to the registrar of the ward in which the death occurred, by whom it shall be forwarded to the Executive Health Officer.

453-A. Every sub-registrar shall, within 24 hours of registering any death under section 445, forward to the registrar of the ward in which the death occurred a copy of the entry made by him, and the registrar, on receipt thereof, shall forthwith enter the death in the ward register.

453-B. In the event of a corpse arriving at a registered place for disposal of the dead without the necessary certificate, the officer appointed to the charge of such place under sub-section (3) of section 442 shall immediately cause intimation to be given to the police, and the corpse shall be detained, until the registrar of the ward or sub-registrar of the section in which the death occurred has seen such corpse, and, either after making, or without making a *post-mortem* examination thereof, has given the necessary certificate.

453-C. From the certificates furnished to him under sections 451 and 453, the Executive Health Officer shall cause the register books of deaths to be prepared, and shall have prepared and published such tabular returns and statements as shall appear to him to be useful for sanitary or other purposes.

453-D. (1). Any clerical error which may at any time be discovered in a register of births or in a register of deaths may be corrected by any person authorized in that behalf by the Commissioner.

(2). An error of fact or substance in any such register may be corrected by any person authorized as aforesaid by entry in the margin, without any alteration of the original entry, upon production to the Commissioner by the person requiring such error to be corrected, of a declaration on oath, setting forth the nature of the error and the true facts of the case, made before a magistrate by two persons required by this Act to give information concerning the birth or death with reference to which the error has been made, or, in default of such persons, by two credible persons having knowledge of the case, and certified by such magistrate to have been made in his presence.

(3) Except as aforesaid, no alteration shall be made in any such register.

453-E. (1). When the birth of any child has been registered and the name, if any, by which it was registered is altered, or, if it was registered without a name, when a name is given to it, the parent or guardian of such child or other persons procuring such name to be altered or given may, within twelve months next after the registration of the birth, deliver to the registrar such certificate as hereinafter mentioned, and the registrar, upon the receipt of that certificate, shall, without any erasure of the original entry, forthwith enter in the register book the name mentioned in the certificate as having been given to the child.

(2). The certificate shall be in the form of Schedule Q or, as near thereto as circumstances admit, and, in the case of a Christian, shall be signed by the minister or person who performed the rite of baptism upon which the name was given or altered, or, if the child is not baptized or is not a Christian, shall be signed by the father, mother or guardian of the child or other person procuring the name of the child to be given or altered.

(3). Every minister or person who performs the right of baptism shall deliver the certificate required by this section on demand on payment of a fee not exceeding one rupee.

The Committee next considered the estimates of the cost of working the proposed new system, forwarded to the Secretary under the Commissioner's memo. No. 19283 of the 1st instant. These estimates and the explanatory notes relating to them are as follows :—

Yearly increase of Rs. 1,116 in Head Office Staff.

OUT-DOOR ESTABLISHMENT.

For Registration of Births and Deaths.

The City is divided into 7 Wards (A to G) and these Wards are sub-divided into 32 Sections, and in addition there is the "Water Division," which covers the Harbour population.

These Wards and Sections are shown below with their respective populations:—

Wards.		LOCALITIES. SECTIONS.	Population by Census of 1891.
A	1	Upper Colaba...	4,335
	2	Middle and Lower Colaba	13,622

	2	Worli	25,493
		Water Division	22,142
		Non-Resident and Unknown	...
		Bombay ...	821,764

It will be seen that the population of these Wards and Sections vary in density from the lowest (Fort, South) with 3,951, to the highest (Umarkhadi) with 52,466 persons.

Sect. 442 (1).—It is proposed that the services of all the present Registrars be dispensed with, and that for the purpose of carrying out the new duties, the Deputy Health Officers now employed will be appointed "Registrars," one for each Ward.

These officers will perform such other duties as the Commissioner and the Executive Health Officer may think necessary.

The Registrars, who must live in the Wards to which they are appointed, must have an office, and for the purposes of writing up the registers and performing such clerical duties as may be connected therewith, a small staff, as detailed below:—

It will be necessary to hire rooms in each Ward for the Registration Office centrally situated for general convenience of the public.

Section 442 (2).—To carry out the duties of Sub-Registrars it is proposed to employ men of the Hospital Assistant Class. These men will also be required to live in the Section to which they are appointed, and the number of such men will depend upon the population of the Section.

The Establishment proposed is shown below :—

Section 442(3).—The present Cemetery Karkoons will be retained as the officers in charge of each place for the disposal of the dead ; they are 22 in number, and the present grouping of Cemeteries may remain until experience is gained of the working of the new scheme.

Section 445(3).—For the purpose of Birth Registration the karkoons at present employed will be retained, but their number must be increased, as the present number (39) allows no margin for men off duty through sickness, or who go on leave, and an allowance must be made for the growth and extension of population.

It is not possible at present to give an exact estimate of the cost of printing the new Registers and Certificate Forms, but Rs. 1,500 is provided for.

The Deputy Health Officers have been already provided with office furniture, but desks and chairs will be required for their clerks, and provision has been made for the cost below.

John Fleming and Company, of 1,000 feet of 2½" canvas hose for the steam gully-flushing engines at a cost of Rs. 750. The cost to be debited to the grant for Discretional Contingencies."

No. 7441.

Read letter to the Secretary, No. 20581, dated 12th instant, from the Deputy Commissioner as under:—

SIR,—I have the honour to request the approval of the Standing Committee, under section 21 (4) of the Municipal Act, to the fixing of a fee of Rs. 6 (six) per copy for the sale of copies of the Election Roll which will be published on the 10th proximo. The fee per copy has hitherto been Rs. 2, but I have suggested the above enhanced rate for the reasons set forth in my application for fixing the charge for the Preliminary Roll published this year.—I have, &c.,

J. H. DuBOULAY, Deputy Commissioner.

Proposed by K. M. Shroff, Esq., seconded by Ibrahim Rahimtoola, Esq.—

"That, with reference to the Deputy Commissioner's letter to the Secretary, No. 20581, dated 12th instant, the Standing Committee approve, under the terms of section 21 (4) of the Municipal Act, III of 1888, of a charge of Rs. 2 per copy being fixed for the Municipal Election Roll to be published on the 10th proximo."

No. 7442.

Amendment proposed by Accacio G. Viegas, Esq.—

That the charge for the Municipal Election Roll, to be published on the 10th proximo, be fixed at Rs. 3 per copy.

Not seconded.

Amendment proposed by Professor O. V. Muller, seconded by T. W. Cuffe, Esq.—

That the price to be charged for the Municipal Election Roll, to be published on the 10th proximo, be fixed at Rs. 6 per copy as proposed by the Deputy Commissioner in his letter to the Secretary, No. 20581, dated 12th instant.

On a division the amendment was *lost*, the votes being 5 *for* and 6 *against*.

The original motion was *carried* by 6 votes against 4 votes.

It was agreed to consider items Nos. 5 and 6 on the agenda paper of this meeting as one item (Resolution No. 7443), as under :—

No. 7443.

Resolved : "That, with reference to the Commissioner's memorandum No. 20187, dated 9th instant, the Standing Committee approve, under the terms of section 381 of the Municipal Act, III of 1888, of notice in writing being served on Mr. Kanool Aker Seenwar, requiring him to fill up with sweet earth the well on his property at No. 93, Worli Koliwada, as the well causes a nuisance.

"2. That, with reference to the Commissioner's memorandum No. 20188, dated 9th instant, the Standing Committee approve, under the terms of section 381 of the Municipal Act, III of 1888, of notice in writing being served on Hadji Abdul Satar, requiring him to fill up with sweet earth the water-holes in the rear of premises at No. 170, Dadar Road, as the holes cause a nuisance."

No. 7444.

Resolved: "That memorandum No. 20736, dated 15th instant, from the Commissioner be referred back to him for favour of enquiry as to whether the condition of the well in question at Nos. 158—162, Lohar Street, is such as to cause, or is likely to cause, a nuisance."

Considered again memorandum No. 19538, dated 2nd instant, from the Commissioner, forwarding two detailed lists C and D showing respectively the current revenue and loan fund grants for 1895-96 and previous years, amounting to Rs. 98,916-6-9 and Rs. 16,50,651-5-5 respectively and requesting sanction to the payment of these sums from Surplus Cash Balance and Loan Funds respectively instead of Rs. 99,460 and Rs. 17,38,280 respectively.

On the suggestion of Mr. Nanabhai N. Katrak, the Commissioner agreed to withdraw from List C (page 6) the item of "Cost of procuring air analyses by an expert and of printing and other charges to be incurred in carrying out the enquiry into the question of the disposal of town-sweepings," Rs. 2,227-7-7.

With reference to the item of Rs. 1,05,562-14-7 (List C), "Health Department Bullock Stables and Quarters for Scavengers," it was agreed that the Commissioner be asked to expedite the carrying out of the works in question.

It was also agreed, with reference to the item of "Improvement Works at the Malabar Hill Reservoir," Rs. 53,183-7-6, that the Commissioner be asked to inform the Committee what portions of the works have been done and what portions remain to be done.

No. 7445. *Resolved*: "That memorandum No. 19538, dated 2nd instant, from the Commissioner and two detailed lists C and D of the unexpended balances of grants from current revenue and loan funds for 1895-96 and previous years forwarded therewith be referred back to him to allow of the lists being amended."

No. 7446. *Resolved*: "That the following be *recorded* :—Memorandum to the Secretary, No. 20197, dated 9th instant, from the Commissioner, reporting, with reference to the Standing Committee's Resolution No. 4484 of the 3rd October 1888, the transfer made on the 1st instant to the Municipal General Fund Pass-book from the Surplus Cash Deposit Account, Rs. 6,00,000."*

---

* The Chief Accountant in his letter No. 3615, dated 8th instant, reports to the Commissioner that the balance remaining to the credit of the above deposit account, after effecting the transfer now reported, stands as under :—

In 3 per cent. Municipal Debentures for Rs. 7,91,000-0-0	= Rs.	7,91,000 0 0
In current accounts at 2 per cent. interest with the Comptoir National D'Escompte de Paris .. ..Rs.	1,219 1 6	
Ditto with the Hongkong and Shanghai Banking Corporation.. .. .. .. „	1,208 3 6	
	„	2,427 5 0
	Rs.	7,93,427 5 0

Resolved: "That the following be *recorded*:—Memoranda
No. 7447. Nos. 20222 and 20223, dated 9th instant, from the Deputy Commissioner, forwarding letters to himself, Nos. 6621 and 6871—115, dated 21st ultimo and 1st instant, from the Acting Deputy Executive Engineer, Water Works, enclosing four statements—two showing the cost (*a*), Rs. 29,111-15-5, of departmental works, and (*b*), Rs. 2,892-13-7, of private works, done up to 17th October 1897, and (two) ditto, (*c*), Rs. 29,295-12-11, of ditto, and (*d*), Rs. 2,892-13-7, of ditto, done up to 24th idem, in respect of the alterations of the water-supply in various parts of the city in connection with the special measures adopted for the suppression of the bubonic plague; these four statements including all previous expenditure under these two heads."

Considered again letter to the Secretary, No. 19292, dated 1st instant, from the Commissioner, forwarding return showing the results of the inspection of insanitary houses up to 23rd ultimo, and stating that the following staff is engaged on this work in the districts of Mandvi, Dhobitalao, Chukla, Agripada, and other places:—1 Assistant Engineer, 2 Superintendents, 10 Inspectors, 6 Clerks, and 22 Lascars.*

Read letter to the Secretary, No. 20887, dated 16th instant, from the Commissioner as under:—

SIR,—I have the honour to state for the information of the Corporation that the staff detailed in the accompanying list is engaged in the work of house inspection in the city. The following districts have been examined: Kamathipura which is completed and Chukla, Mandvi, Dhobi Talao, 2nd Nagpada, Agripada, where the inspection is progressing. Up to the 10th November the number of houses examined was 2,902, of which only 2 per cent. may be said to require no improvment, 90 per cent. require additions and alterations, 8 per cent. will have to be demolished. A certain portion of the houses which require additions and alterations will fall within the set-back lines, and on the enforcement of those set-backs compensation will have to be paid. I am proceeding with the demolition of the houses which are incapable of improvement, debiting the expenditure for the present to the plague grant and subsequently to the estimate for this purpose of one lakh of rupees entered in next year's budget. I also propose to proceed gradually with the enforcement of additions and alterations according to the notification issued under the Epi-

demic Diseases Act, and the compensation due on account of set-backs will be met out of the street improvement grant of one lakh. I may point out that the financial condition of the Municipality, owing to the enormous plague charges incurred and being daily incurred, is not such as to enable this matter to be treated wholesale, and there is the further important fact that it is most undesirable to displace any large proportion of the population at one time, as such proceedings can only lead to increased overcrowding in the city. There is the further consideration that until the Municipal Executive have definite information of the lines of new streets or widened streets contemplated under the new City Improvement Act, it is necessary to deal cautiously with the enforcement of improvements and alterations, as otherwise, after causing them to be carried out, it might be found that the particular house had to be pulled down on account of a street being opened in that direction.—I have, &c., P. C. H. SNOW, Commissioner.

SIR,—I have the honour to forward herewith a copy of letter No. 10535 of the 3rd instant from the Executive Engineer in regard to the removal of the *cutchra* to Chimbur. 2.—The Corporation sanctioned a grant of Rs. 6,40,000 for defraying the initial cost of this work when the scheme under contemplation was the removal of the sweepings to the Government land at Chimbur leased by the Municipality, but as this site has been abandoned in favour of the ground belonging to Mr. Cama to the north of the village of Devnor, the initial cost is estimated at Rs. 8,44,000 in round figure as per revised estimates sent herewith. 3.—It will thus be seen that the extra amount required is Rs. 2,04,000, and I request the sanction of the Standing Committee and the Corporation to defray it as follows: Rs. 1,44,000 from savings in the allotment of Rs. 1,50,000 provided in the 23¼ lakhs loan for the purchase of land on the Flats; and Rs. 60,000 as an advance from Surplus Cash Balance, which will be shortly recouped from the temporary loan of 20 lakhs for plague purposes, to be adjusted when the loan for the work is raised.—I have, &c., P. C. H. SNOW, Commissioner.

No. 10535 of 1897-98.

BOMBAY, *3rd November* 1897.

TO THE MUNICIPAL COMMISSIONER.

SIR,—I have the honour to submit the accompanying detail estimates, amounting to Rs. 8,44,008, of the cost of carrying out certain works for the removal of *cutchra* to Devnor near Chimbur. 2.—The Corporation have, in their Resolution No. 12035 of 4th February 1897, already sanctioned a grant of Rs. 6,40,000 for defraying the initial cost of the works for the removal of *cutchra* to the Government ground at Chimbur, held on a lease from Government by the Municipality. But since then, the above-mentioned ground has been abandoned, and the one north of the village of Devnor and belonging to Mr. Cama has been adopted as the final place for the deposit of *cutchra*. The Corporation was informed (*vide* this office No. 17013 of 28-3-97 and Municipal Commissioner's letter No. 28016 of 25-3-97), that the change of site would involve an extra initial outlay of about Rs. 1,80,793 (exclusive of the cost of Mr. Cama's land, which I estimate at about Rs. 45,320) and an extra annual recurring expenditure of about Rs. 41,870. 3.—The above estimate of extra initial outlay was only approximate, as it was prepared before consulting the Railway Companies and in the absence of surveys or levels of the ground along which the new railway line is to run. 4.—I have now to request the favour of your placing the matter before the Corporation as an urgent case, and obtaining their sanction to a supplementary grant of Rs. 2,04,008 (the grant already made being Rs. 6,40,000) at as early a date as possible, in order that the whole of the work may be taken in hand at once. Such of the work detailed in the estimates as the Railway Companies will undertake to do, will be entrusted to them, and the rest will be carried out by this department, either by contract or departmentally, as may be found most convenient and economical. I am not able to lay before you just at present the revised estimate of the recurring cost of the removal of *cutchra* to the new site. This will be submitted as soon as the two Railway Companies furnish me with their estimates of charges which they have been requested to do on 1st July 1897, but which have not yet been received. The estimates now submitted and amounting to Rs. 8,44,008 do not include the value of the land on the Flats on which the railway siding is to be constructed. I have omitted this from my estimate as the ownership of this land is in dispute between Government and the Municipality. The probable cost of this land, which I estimate at Rs. 2 per square yard, will be Rs. 33,882. I may point out that the Corporation and the Standing Committee have already sanctioned the execution of the following works, *viz.*, (1) the preparation of the necessary railway sidings, and tipping platforms between Arthur and Clerk Roads and the construction of railway wagons for the carriage of

sweepings (*see* Corporation's Resolution No. 14622 of 29th March 1897); (2) the acquisition of about 824 acres of land at Devnor belonging to Mr. Cama. The wagons and brakes are being constructed by the B. B. & C. I. Railway Company, and several are now ready. An application has also been made to Government for permission to lay the sidings on the *cutchra* ground between Arthur Road and Clerk Road, and the permanent-way materials for the same are ready for being laid. Government have also sanctioned the acquisition, under the Land Acquisition Act, of Mr. Cama's land and of the land required for the railway line from the Coorla station to Mr. Cama's land. It is therefore necessary to obtain as early as possible the sanction of the Corporation to the supplementary grant, so that the whole of the work may be taken in hand and, if possible, finished before the next rains. I may point out that by the transportation of the *cutchra* to Mr. Cama's land, as is now proposed, the Corporation will, within a period of about 25 years, become the owners of about 824, possibly about 1,000, acres of arable land.—I have, &c.,

M. C. MURZBAN, Executive Engineer.

No. 7457.

Resolved: "That letter to the Secretary, No. 20901, dated 16th instant, from the Commissioner be forwarded to the Corporation with reference to their Resolution No. 12035 of the 4th February 1897, sanctioning the grant of Rs. 6,40,000 for the initial outlay necessary for providing for the disposal of town sweepings at Chimbur, and with the recommendation that sanction be given to an additional grant of Rs. 2,04,000, the extra charge being consequent on the abandonment of the scheme for depositing the sweepings on Government land thereat and the adoption of the arrangement of purchasing land near Chimbur for such deposit from the Trustees of the estate of the late Mr. Cursetji Nusserwanji Cama. The extra cost to be met as follows:—Rs. 1,44,000 from savings in the allotment of Rs. 1,50,000 provided in the 23¼ lakhs loan for the purchase of land on the Flats for the deposit of sweepings, and Rs. 60,000 as an advance from surplus cash balance to be shortly recouped from the temporary loan of 20 lakhs for plague charges, to be adjusted when the loan for the work is raised.

"That the Chairman be requested to apply to the Corporation at their next meeting to consider this resolution as urgent business."

The following return was read and *recorded*:—

No. 7458. Return of fires at Bhajipala Street, Shaik Memon Street (Lakmidass Khimji Cloth Market), and Cotton Green, Colaba, forwarded with the Deputy Commissioner's memorandum No. 20906, dated 16th November 1897.*

Resolved: "That memorandum No. 20890 of the 16th

No. 7459. instant, from the Commissioner, and returns of lapsed grants for 1896-97 forwarded therewith, be printed and circulated to the Committee."

Resolved: "That, with reference to the Deputy

No. 7460. Commissioner's letter to the Secretary, No. 20889, dated 16th instant, and Resolution of the Standing Committee, No. 1003 of the 25th April 1894, the Committee approve, under the terms of section 407 of the Municipal Act, III of 1888, of the letting of stall No. 23, Arthur Crawford Fish and Mutton Market, to Mr. Hiraji Kaloo at a rental of Rs. 25 per quarter."

Read letter to the Secretary, No. 21009, dated this day, from the Commissioner as under:—

SIR,—I have the honour to state that the additional grant of Rs. 20,000 sanctioned by the Corporation under their Resolution No. 3329 of the 1st July 1897 to defray the expenses of the Hospital for Infectious Diseases at Arthur Road has been exceeded as will appear from the accompanying statement. In addition to the expenditure given in the statement the Acting Health Officer reports there are claims for Rs. 2,500 to be paid for supplies and stores. 2.—Khan Bahadur Dr. N. H. Choksy, the Medical Officer in charge of the Hospital, reports that it is not possible to anticipate what further charges will have to be incurred in connection with the hospital as everything depends upon the state of the public health. He, however, thinks that an additional grant of at least Rs. 20,000 will be necessary on account of the hospital alone. In addition to this the Acting Health Officer states there will be expenditure incurred for stores and disinfectants, &c., for use in the wards, which may be set down at Rs. 5,000. 3.—Under the circumstances I request the sanction of the Standing Committee and the Corporation to an advance of Rs. 25,000 being made from the loan of Rs. 15 lakhs arranged for from the Bank of Bombay, to be adjusted subsequently by an additional grant from surplus cash balance when the expenses on account of plague charges are recouped from the temporary loan of Rs. 20 lakhs for meeting the hospital and other expenses under infectious diseases up to the end of the current financial year.—I have, &c., P. C. H. SNOW, Commissioner.

Considered letter to the Commissioner, No. 26791, dated 4th instant, from the Acting Health Officer, as under :—

SIR,—I have the honour to inform you that the additional grant of Rs. 5,600, sanctioned by the Corporation under their Resolution No. 1407 of 6th May last, to meet the expenses for the supply of firewood for cremation purposes at the Haines Road Cemetery has nearly been exceeded, as shown in the margin, owing to a large number of bodies having been cremated at the Cemetery during the current year. I beg to attach herewith, for your information, a comparative statement showing the number of bodies cremated at this Cemetery during nine months of the years 1895, 1896 and 1897 and the quantity of firewood used for that purpose. The figures of the current year show an enormous increase. Taking the average quantity of firewood used during the last nine months (340 candies a month), I find that an additional grant is necessary to meet our requirement until the end of the current year. I have, therefore, to request the favour of your obtaining the sanction of the Standing Committee and Corporation to an additional grant of Rs. 5,300 to meet the expenses for the supply of firewood for cremation purposes at the Haines Road Cemetery up to the end of February 1898.—I have, &c., J. LEASK, Acting Health Officer.

No. 21234 OF 20TH NOVEMBER 1897.

Copy forwarded to the Municipal Secretary for favour of sanction of the Standing Committee and the Corporation to an advance of Rs. 5,300 being made from the loan of 15 lakhs arranged for from the Bank of Bombay, to be adjusted subsequently by an additional grant from Surplus Cash Balance, when the expenses on account of Plague charges are recouped from the temporary loan of 20 lakhs.

P. C. H. SNOW, Commissioner.

Resolved: "That memorandum to the Secretary, No. 21234, dated 20th instant, from the Commissioner, giving cover to No. 26791, dated 4th idem, from the Acting Health Officer be forwarded to the Corporation, with the recommendation that sanction be given to an advance of Rs. 5,300 to provide for additional charges, up to the end of February 1898, on account of firewood for cremation purposes at Haines Road Cemetery. The advance to be met from the loan of 15 lakhs from the Bank of Bombay and to be adjusted subsequently by an additional grant from Surplus Cash Balance, when the expenses on account of Plague charges are recouped from the temporary loan of 20 lakhs."

No. 11776 OF 1897-98.

BOMBAY, 23*rd November* 1897.

TO THE COMMISSIONER.

SIR,—Referring to your No. 21398, dated 22nd November 1897, I have the honour to state that the only explanation I can give of the difference in the rates for the works is the difference in the opinion or judgment of the several tenderers, as to the difficulty and cost of the works. 2.—There are no other reasons for recommending Mr. Sayaji Naguji's tender in preference to that of Messrs. Dewram Keshavji & Co. than those mentioned in para. 2 of my No. 10832 dated 8th November 1897, *viz.*, that the latter have in hand many other works which are progressing very unsatisfactorily, notwithstanding the several warnings given to them by my office, and that I have grave doubts as to their ability to carry out the work under consideration satisfactorily and expeditiously. 3. The appropriate cost of the whole works will depend on the period for which the contract may be let; but assuming that period to be one year, the cost of the works will approximately be Rs. 75,000, taking 1,500 as the number of houses likely to. be dealt with.—I have, &c.,

M. C. MURZBAN, Executive Engineer.

No. 21647 of 1897-98.

BOMBAY, 24*th November* 1897.

Forwarded to the Municipal Secretary in reference to Standing Committee's Resolution No. 7456 of the 17th instant.

P. C. H. SNOW, Commissioner.

Resolved: "That, with reference to the Commissioner's memoranda, Nos. 20886 and 21647, dated 16th instant, and this day, and the Executive Engineer's letter to the Commissioner, No. 11776, dated 23rd instant, the Standing Committee approve of the acceptance of the tender of Messrs. Dewram Keshavji & Co., the lowest of the four tenders received, for the execution of works in the street portions of house drainage connections in various parts of the city at the following rates :—

No. 7748.

General excavation complete	...	Rs. 3 per 100 c. ft.
Rock excavation complete	...	„ 8-8 „ „
All other rates	...	5 per cent. below office rates.

"That, in the opinion of the Committee, the Contractors should be warned against any failure on their part in the fulfilment of this contract."

The consideration of items Nos. 10, 11 and 12 on the Agenda Paper of this meeting, as follows, was postponed till next week :—

Memorandum No. 20736, dated 15th instant, from the Commissioner, requesting approval of notice in writing being served on Mr. Anandrao Vinayekrao, requiring him to fill up the well on his premises at Nos. 158-162, Lohar Street.

Memorandum No. 19538, dated 2nd instant, from the Commissioner, forwarding two detailed lists C and D, showing respectively the current revenue and loan fund grants for 1895-96 and previous years, amounting to Rs. 98,916-6-9 and Rs. 16,50,651-5-5 respectively, and requesting sanction to payment of these sums from surplus cash balance and loan funds respectively instead of Rs. 99,460 and Rs. 17,38,280 as provisionally sanctioned.

Memorandum No. 21112, dated 18th instant, from the Commissioner, forwarding letter to himself, No. 3758, dated 17th idem, from the Chief Accountant, enclosing 16 returns, marked A to P, of the estimated cost of loan works and expenditure thereon for 1897-98.

Memorandum from the Commissioner to the Secretary, No. 21619, dated this day, together with letter from the Chief Accountant to the Commissioner, No. 3885, of same date, on the question of placing at interest in current account surplus moneys belonging to the Municipal Fund.

After discussion it was proposed by T. W. Cuffe, Esq., seconded by K. M. Shroff, Esq.—

"That the Commissioner be empowered to place with (1) the Chartered Bank of India, (2) The National Bank of India, (3) The Honkong and Shanghai Banking Corporation, (4) the Crédit Lyonnais and (5) The Comptoir National d'Escompte de Paris, or any of the said Banks, in current account at interest such surplus moneys as may not be required for a few weeks, and that he be urther empowered to place in fixed deposit with the said banks or any of them, for periods ranging from three to six months, such other surplus funds as may not be required during such periods."

No. 7756.

Amendment proposed by Ibrahim Rahimtoola, Esq., seconded by Nanabhai N. Katrak, Esq.—

"That the Commissioner be empowered to place with (1) the Chartered Bank of India, (3) the Hongkong and Shanghai Banking Corporation, (4) the Crédit Lyonnais and (5) the Comptoir National d'Escompte de Paris, or any of the said Banks in current account at interest such surplus moneys as may not be required for a few weeks."

On a division the amendment was *lost*, and the original motion was *carried* (with one dissentient).

The Committee also considered, in private, letter from the Commissioner to the Secretary, No. 21453, dated 23rd instant, on the subject of the raising of the temporary loan of Rs. 20,00,000.

No. 7757.

The Secretary was requested to enter the minutes relating to the question on the file of confidential papers No. 280.

Rs.	9,00,000

II.—Prefatory Remarks.

1. The Income for the year 1898-99 is estimated at Rs. 72,47,600 and the Expenditure at the same figure. Both Income and Expenditure present unusual and interesting features. In framing the Budget Estimates I have endeavoured to put into practice the two sound principles of (1) regulating the expenditure by the income for the year, and (2) avoiding an undue and premature increase of the Municipal Debt.

The observance of these principles has necessitated (1) an increase in the taxation, and (2) the utilization of surplus balances (shortly to be recouped by a temporary loan) in preference to unnecessarily increasing the Municipal Debt.

2. Before proceeding to deal, as usual, with the variations in Income and Expenditure, a reference to certain unusual features in arriving at the opening balance of the year seems desirable.

As the Standing Committee are aware an application has been made to Government to raise a temporary loan of Rs. 20,00,000 for plague purposes between November 1897 and August 1898. With a view of avoiding any inopportune increase in the Municipal Debt, it is my intention to take up only Rs. 12,00,000 of this loan before the 31st March 1898, and I have accordingly allowed a rebate to revenue expenditure of only Rs. 12,00,000 on account of plague expenditure in arriving at the opening balance for 1898-99.

The total amount sanctioned for plague purposes up to the 1st November 1897 is Rs. 15,50,000. Of this sum, 12 lakhs will be provided for in 1897-98 out of the temporary loan of 20 lakhs alluded to above. The balance of Rs. 3,50,000 I have allowed to stand as a debit against current revenue expenditure in 1897-98, and have entered the same sum as a rebate to current revenue expenditure in the Budget Estimate for 1898-99.

III.—Income.

1. At a time like the present I consider that it would not be advisable to estimate with confidence for the expansion of income which might have been allowed for, were it not for the unfortunate experiences through which the city has been passing. Yet I see no reason for anticipating a depression in income to the extent witnessed in 1896-97 and 1897-98.

2. *General Tax.*—In my prefatory remarks I alluded to extra taxation. This has been imposed in the shape of an addition of 2 per cent. to the present general tax of 8 per cent. and may be expected to contribute an addition to the income of Rs. 4,69,000 in round numbers. Deducting this from the total anticipated income of Rs. 72,47,600, the income realisable without additional taxation would be Rs. 67,78,600 against an estimate in 1897-98 of Rs. 67,90,100—a result which practically provides for neither expansion nor diminution in our income as a whole.

The following statement shows that a small increase is anticipated in our income from General Tax over and above the anticipated increase from additional taxation :—

	1897-98	1898-99.	Increase.
	Rs.	Rs.	Rs.
Ordinary Rate-payers	15,91,666	16,40,490	48,824
Government	92,587	92,587	...
Port Trust	1,43,512	1,43,512	...
ADDITIONAL TAX OF 2 PER CENT.			
Ordinary Rate-payers	...	4,10,123	4,10,123
Government	...	23,146	23,146
Port Trust	...	35,878	35,878
Rs.	18,27,765	23,45,736	5,17,971
Say Rs.		23,45,500	

The other variations under "Taxation Proper" seem to me to call for no special remarks.

3. *Service rendered.*—An increase of Rs. 61,700 is estimated under this head on the basis of bills actually issued up to date.

4. *Return from Property and Miscellaneous.*—The only item in which there is any serious variation is that of "Interest and Profit on Investments of Loan and other Balances," which shows a falling off of Rs. 60,000. The reduction in our surplus cash balances, combined with the fact of our having had smaller surplus loan balances to invest in 1897-98, explains this decrease.

IV.—EXPENDITURE.

1. In view of the uncertainty of the extent to which the Municipality may be liable for expenditure during 1898-99, and considering the comparatively low state of our balances, I have reluctantly been compelled to both disallow and curtail the demands of executive officers, moderate and necessary, as several of these were.

2. In consequence of reorganization schemes, which cannot be deferred, and of the expenditure involved in the removal of the town sweepings outside the city—an undertaking which must, for some time, be classed as an unproductive work—the Budget of Expenditure, which the Standing Committee are called upon to consider, is the heaviest which has yet been submitted.

3. For the minor variations in the Budget for 1898-99, as compared with 1897-98, full explanations will be found in the detailed statements and schedules.

4. The extraordinary items of expenditure are dealt with below :—

A. *Public Works (Engineer's) Department*—The following principal new and abnormal expenditure has been provided for :—

		Rs.
(*a*)	Repairing and strengthening the Kasheli Embankment	35,892
(*b*)	Clearing jungle from Tansa pipe line	2,000
(*c*)	Purchase and fixing of new pattern hydrants	10,000
(*d*)	Compensation for houses to be demolished as insanitary	1,00,000
		Rs. 1,47,892
Less—	Cost of Halalkhors and Mukadams transferred to Health Department	16,524
		Rs. 1,31,368

Thus, though necessary extra expenditure to the extent of Rs. 1,31,368 has been provided for, the net cost of the

Public Works Department is only Rs. 61,955 greater than in 1897-98.

B. *Public Health Department.*—Against an estimated expenditure of Rs. 16,04,742 in 1897-98 the estimate for 1898-99 is Rs. 21,17,234, showing an increase of Rs. 5,12,492.

The principal new and abnormal expenditure provided for is as follows :—

	Rs.
(*a*) Gully flushing...	28,470
(*b*) Disposal of town sweepings, Coorla Reclamation	1,37,960
(*c*) Halalkhors transferred from the Public Works Department	16,524
(*d*) Health Department re-organization scheme	3,70,599
(*e*) Registration of births and deaths re-organization scheme	30,698
	Rs. 5,84,251

5. Items (*a*), (*b*) and (*c*) above call for no special remarks.

In regard to the re-organization of the Health Department, I consider it a matter which the Municipality cannot well defer.

Many of the items of the scheme have already received the approval of the Committee ; others are the outcome of the expenditure of which the Standing Committee have approved.

A further detailed consideration of the proposals of the Health Officer may possibly result in reductions, but I think it sound policy at this juncture to budget for such a sum as will ensure the re-organization of the Health Department on an efficient basis from the commencement of the ensuing financial year.

The re-organization of the system of registering births and deaths is still under discussion, but I think it necesrary to provide for the anticipated expenditure in the ensuing financial year.

6. *Municipal Debt.*—The increase of Rs. 1,80,130 will be found fully explained in Statement No. 10 attached to the Budget.

7. *Miscellaneous.*—No definite communication having been received from Government as to the amount of contri-

bution payable for Police charges, the same amount, *viz.*, 5 lakhs, has been estimated for 1898-99 as for 1897-98.

The Joint Schools Committee have increased their demand for Primary Education from Rs. 72,478 to Rs. 80,000, and this after providing an outlay of Rs. 15,000 from their Reserve Fund.

V.—Loans.

The reduction of our surplus cash balances, the necessity of maintaining them at a level which will enable the Municipality to meet sudden and unforeseen expenditure, and the projected undertaking during 1898-99 of new works, render it necessary that a loan of Rs. 5,25,000 should be raised in 1898-99 over and above the loans already sanctioned to be raised, and in addition to the loan of Rs. 20,00,000 to be taken up for plague purposes. The total amount to be raised during the ensuing financial year will thus be :—

First and second instalments of 25 Lakhs Loan ...	18	lakhs
Last instalment of 15¾ Lakhs Loan	5¾	„
Plague Loan	20	„
Loan for New Works	5¼	„
Total ...	49	lakhs

VI.—Closing Balance.

The estimated closing balance is 9 lakhs or 8 lakhs above the minimum required by law ; thus,—

Opening balance	Rs.	9,00,000
Income	„	72,47,600
	Rs.	81,47,600
Less—Expenditure...	„	72,47,600
Closing balance	Rs.	9,00,000

Income.

With reference to the alternative of increasing Town Duties, the Commissioner's note was as follows :—

Note on alternative of increasing the Town Duties in preference to augmenting the General Taxes.

The utmost that we can gain by increasing the Town Duties to their maximum is about Rs. 3,50,000 ; thus,—

Grain from 2 annas to 6 annas per candy ...	Rs.	2,70,000
Firewood from 1 annna to 2 annas per candy ...	„	40,000
Ghee from 8 annas to 10 annas per maund ...	„	40,000
	Rs.	3,50,000

To make our Budget of Income and Expenditure balance, we must have Rs. 4,69,000.

Therefore, the first objection to increasing the Town Duties in preference to the General Tax is that the increased income would not suffice for our purposes.

We are passing through critical times when the extent of our liabilities cannot be gauged with the same confidence as in ordinary years. There should, therefore, be no doubt as to the stability of the sources from which we derive our income, and increased revenue should be obtained from the source which gives the greatest hopes of a realization of our expectations.

As to which of the two sources—Property Tax or Town Duties—is the more reliable source of income, a glance at page 2 of the Budget Estimates for 1898-99 will show.

From the year 1892-93 to the year 1896-97, the greatest variation in our income from General Tax was only Rs. 27,672. Taking the same period for Town Duties, it will be seen that against a realization in 1892-93 of Rs. 9,73,928, the receipts for 1896-97 were only Rs. 6,45,144, giving a variation of Rs. 3,28,784.

Again in 1896-97, owing to famine and plague, our receipts from Town Duties fell off by Rs. 2,65,707 as compared with 1895-96, whereas the receipt from General Tax showed a small decrease of Rs. 21,172 only. It is true that famine will not affect our receipts in 1898-99, but, so long as there is uncertainty in regard to the movements of plague, so long will the Town Duties be a source of income which cannot, and should not, be relied upon. Even the estimates of Rs. 8,90,000 for 1898-99 for Town Duties is not put forward with the same confidence as in past years; but while it would be possible to meet from surplus cash balance or from deferring works a falling-off on the Rs. 8,90,000, it would be impossible without seriously crippling our resources to meet our liabilities if in addition to such falling-off at the rates at present imposed, a further deficit had to be provided for owing to an unfortunate policy of estimating with confidence for fixed realizations at enhanced rates from a source which is shown to be variable and which is the most easily affected of all our sources of income. But in addition to these reasons the equity of burdening the poor with extra taxation to the extent of Rs. 3,50,000 has to be considered. The poor are those who have suffered most from plague and famine, and to further increase their burdens by taxing their food at the present juncture ought to be a policy to which we need have recourse only when other fairer and more reliable channels are closed to us.

P. C. H. SNOW, Commissioner.

25th November 1897.

OPENING BALANCE.

The estimate under this head was passed at Rs. 9,00,000.

GENERAL TAX.

Proposed by T. W. Cuffe, Esq., seconded by the Hon'ble Mr. Fazulbhoy Visram, C.I.E.—

Read the following :—

No. 20743 OF 1897-98.

BOMBAY, 15*th November* 1897.

To THE MUNICIPAL SECRETARY.

SIR,—I have the honour to forward herewith a copy of the Chief Accountant's letter No. 3499 of the 1st instant, and to state that I fully endorse the opinion of the Chief Accountant as to the value of Mr. Maneckshah's services. His thorough acquaintance with Municipal accounts, his long and faithful service, the arduous duties performed by him during the plague, the fact that, in spite of considerably increased work, he has received no increase of pay for the last eleven years, has induced me to entertain the recommendation of the Chief Accountant, and I again recommend him for a personal allowance. I have accordingly made the necessary provision in the Budget at the rate of Rs. 100 per mensem. It will be observed that there are considerable savings in the Audit and Account Establishment, and I trust that the Standing Committee and the Corporation will be good enough to sanction the allowance recommended, as it will be but a fitting acknowledgment of Mr. Maneckshah's long and faithful services.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 3499 OF 1897-98.

BOMBAY, 1*st November* 1897.

To THE COMMISSIONER.

SIR,—I have the honour to request the favour of your consideration to the grant of a personal allowance of Rs. 100 per month, from 1st March 1898, to my Deputy, Mr. Maneckshah Cawashah Tallyarkhan. 2.—In mentioning Mr. Maneckshah's devotion to duty, his control over the staff, his energy, his uprightness and general ability, I am but giving voice to the general appreciation of his services which Mr. Maneckshah has merited and gained from all with whom he has come in contact. 3.—The latest tribute to Mr. Maneckshah's capabilities was given by you when reporting my appointment to the Standing Committee. You then brought to notice "the thoroughly capable manner in which Mr. Maneckshah had discharged the duties of the office of Chief Accountant." 4.—Mr. (now Sir) Charles Ollivant declared Mr. Maneckshah "to be thoroughly efficient and reliable." 5.—My predecessor in a demi-official note stated that "Mr. Maneckshah has served the Municipality honestly, faithfully and zealously, and has always given full satisfaction in the discharge of his duties." 6.—Mr. Maneckshah has been in the service of the Municipality now for nearly twenty-nine years, and his last increase in salary dates so

far back as eleven years ago. I have the opinion of the late Chief Accountant that "during this period the work and responsibility of the appointment have greatly increased." Increased work and responsibility carry with them increased emoluments in all services. 7.—In conclusion, I would beg to urge that there are considerable savings in my department consequent on recent changes. The personal allowance of Rs. 250 per month of the late Chief Accountant is entirely saved, and on the maximum salary of my post during the coming year there will be a saving of Rs. 4,550, making a total saving for the year of Rs. 7,550, out of which I beg to urge that Mr. Maneckshah be allowed Rs. 1,200.—I have, &c.,

W. E. WAITE, Chief Accountant.

Proposed by Professor O. V. Muller, seconded by Cowasjee Hormusjee, Esq.—

"That, as proposed by the Commissioner, the sum of Rs. 1,200 be entered in the Schedule (subject to the approval of the Corporation) for personal allowance, at Rs. 100 per mensem, to Mr. Maneckshah Cawashah Tallyarkhan, Deputy Accountant, for long and approved service."

The motion was *carried*.

The following changes in the Schedule were also agreed to:—Omission of the personal allowance of Rs. 250 per mensem to the late Chief Accountant; transfer of the appointment of Wheel Tax Clerk on Rs. 40 per mensem from the Assessment and Collection Deparment to the Chief Accountant's office.

P. C. H. SNOW, Esq., I.C.S., Commissioner ; the CHIEF ACCOUNTANT ; and the ACTING SECRETARY.

The minutes of the meeting held on the 24th ultimo were signed, and the signing of the minutes of the meeting called for the 25th idem was postponed.

Resolved : "That the following be *recorded* :—Letter
No. 7880. to the Chairman, No. 7785, dated 27th ultimo, from Messrs. H. W. Barrrow and L. W. Michael, stating that that day, after office hours, they respectively delivered over and received charge of the office of Municipal Secretary."

The seal of the Corporation was affixed to the following fifty-six Municipal Debentures, aggregating Rs. 80,000 :—Twenty-nine attested duplicate debentures of the Tansa Water Works Loan, Nos. 6735/36, 5685/86, 5929/30, 6183/84, 5765/66, 5763/64, 5757/58, 5715/16, 5699/700, 5693/94, 5691/92, 5689/90, 6283/84, 6199/200, 6197/98, 6195/96, 6191/92, 6189/90, 6187/88, 6185/86, 6179/80, 5949/50, 5933/34, 6281/82, 6279/80, 6201/2, 6297/98, 6295/96 and 6287/88, of Rs. 1,000 each; twenty-one attested duplicate debentures of the Tansa Water Works Loan, Nos. 6293/94, 6285/86, 6677/78, 6469/70, 6465/66, 6437/38, 6415/16, 6367/68, 6361/62, 6349/50, 6819/20, 5679/80, 5669/70, 5655/56, 5587/88, 6675/76, 6369/70, 6365/66, 6363/64, 5631/32, and 5581/82, of Rs. 1,000 each ; six attested duplicate debentures of the Tansa Water Works Loan, Nos. 11451/60, 11511/20, 11241/50, 11871/80, 11881/90, and 11891/900, of Rs. 5,000 each.

Resolved: " That, as applied for by the Commissioner, in
No. 7881. his memorandum No. 22352, dated this day, sanction be given to the cutting off of water connections as per list submitted therewith."

Read letter to the Secretary, No. 21347, dated 22nd ultimo, from the Commissioner as under :—

SIR,—With reference to the Standing Committee's Resolution No. 3652 of the 14th July 1897, I have the honour to state that the establishment maintained at Sewri lazaretto on account of Professor Haffkine's experiment has been reduced to the dimensions given in the accompanying list. I had proposed to abolish it entirely in accordance with the opinion of the Standing Committee, but Professor Haffkine particularly requested that a small portion of it should remain with a view to future emergencies. The monthly expenditure is now estimated at Rs. 448-10. Veterinary-Major Mills reports that it is necessary to retain the services of the supervisor, as his duties are almost as responsible with the minor as with the major number of animals, and he has to take temperatures morning and evening. The lease of the house obtained for Professor Haffkine as a laboratory on Malabar Hill expires at the end of January, and I have

to request an expression of the views of the Corporation as to whether it is desirable to continue Professor Haffkine's services after that date. I am of opinion that if no serious recrudescence of the plague has occurred here by the middle of January, there would be no object in doing so.—I have, &c., P. C. H. SNOW, Commissioner.

Proposed by Nanabhai N. Katrak, Esq., seconded by Professor O. V. Muller—

No. 7852. "That, letter to the Secretary, No. 21347, dated 22nd ultimo, from the Commissioner, be forwarded to the Corporaton for information.

2. That the Standing Committee is of opinion that if no serious recrudescence of the plague occurs by the middle of January next, the services of Professor Haffkine need not be continued after the end of that month."

Carried.

No. 7883. *Resolved* : "That the following be *recorded* :—Letter to the Secretary, No. 21608, dated 24th ultimo, from the Commissioner, reporting that he has entrusted to Mr. Sayaji Naguji the work of constructing the storm-water drain at the east foot of Wodehouse Bridge in extension of his contract for storm-water drainage works in Lower Colaba Road and Thomas Street, at a cost of Rs. 1,254, to be debited to the grant of Rs. 1,639 sanctioned by the Corporation in their Resolution No. 12033 of the 4th February last."

Considered letter to the Secretary, No. 21463, dated 23rd ultimo, from the Commissioner as under :—

SIR,—I have the honour to state that the Corporation under their Resolution No. 12033 of 4th February last, have sanctioned the construction of an arched masonry drain in the line of the water-course behind the Poor Parsi Chawls between Falkland Road and the B. B. & C. I. Railway at a cost of Rs. 4,221.

The stench from the present katcha drain is very offensive, and I have, therefore, sanctioned the immediate carrying out of the work above referred to by entrusting it to Messrs. Sullemanji Mulla Abdulali and Co. at an aggregate cost of Rs. 3,044.

The quantities of the work were worked out at the rates of three of the most favourable contracts as per accompanying statement and it is found that the rates of the contract of Messrs. Sullemanji Mulla Abdulali and Co. are the lowest of all. The work has, therefore, been entrusted to them as an extension of their contract for storm-water drains in Girgaum Road, Mathew Road, &c.

No tenders for the work were invited, as the rates of the above-mentioned contract are very low and advantageous to the Municipality, and the work being small the contingency provision cannot well bear any advertisement or printing charges. I have, therefore, to request the sanction of the Standing Committee to dispense with the invitation of tenders by public advertisement—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 7884. *Resolved* : "That, as applied for by the Commissioner in his letter to the Secretary, No. 21463, dated 23rd ultimo, the Standing Committee approve of the work of constructing an arched masonry drain in the line of the water-course behind the poor Parsi chawls between Falkland Road and the B. B. & C. I. Railway line being entrusted to Messrs. Sullemanji Mulla Abdulali & Co. in extension of their contract for the construction of storm-water drains in Girgam Road, Mathew Road, &c. The cost, Rs. 3,044, to be debited to the grant of Rs. 4,221, sanctioned by the Corporation in their Resolution No. 12033, dated 4th February 1897, for the work.

"That, under the terms of section 72 (3) of the Municipal Act, the Standing Committee dispense with the invitation for tenders, which would otherwise be necessary as the work is urgent."

No. 7885. *Resolved* : "That the following be *recorded* :—Letter to the Secretary, No. 21706, dated 25th ultimo, from the Commissioner, stating that he has sanctioned the employment of two watchmen at Rs. 9 each per mensem for guarding the plant for electrolyzing sea-water. The amount to be debited to the grant of Rs. 3,425 sanctioned by the Corporation in their Resolution No. 1396 of the 6th May 1897 for working of the plant."

Resolved: "That, as applied for by the Deputy Commissioner in his letter to the Secretary, No. 22038, dated 27th ultimo, the Standing Committee approve of the supply of 65 cast-iron boxes from the water works stores to Mr. Pallonji Edulji Plumber, contractor, for laying 9″ cast-iron pipes in Worli Road, in connection with the said work. The cost, Rs. 715, to be met from the contingent provision for the work."

No. 3496 OF 1897-98.

BOMBAY, 1*st November* 1897.

To THE MUNICIPAL COMMISSIONER,

FOR THE CITY OF BOMBAY.

SIR,—With reference to the Corporation's Resolution No. 1411, dated 6th May 1897, sanctioning, pending the submission of detailed lists, grants of Rs. 99,460 and Rs. 17,38,280 from surplus cash balance and loan funds respectively, on account of unexpended balances of grants for 1895-96 and previous years, I have the honour now to submit for their information the accompanying two detailed lists marked C and D showing, respectively, the current revenue and loan fund grants for the above period, which remained unexpended at the close of the past year and the sums which are required therefrom for payment during the current year.

2. Final sanction of the Standing Committee and the Corporation will have to be obtained to the grants of Rs. 98,916-6-9 and Rs. 16,50,651-5-5 from surplus cash balance and loan funds respectively, as per lists now submitted, instead of Rs. 99,460 and Rs. 17,38,280 as provisionally sanctioned in the resolution quoted above. The differences between the amounts shown in the previous lists and those now submitted are chiefly due to some of the items included in the former lists not being now required, and to the figures of the balances of the different grants now requiring renewal having been revised as per accounts recently closed.

3. I also beg to submit the accompanying list marked E showing the charges payable out of transfers sanctioned last year but not paid or adjusted within that year for the reasons given in the remarks column of the list. As under the provisions of the Municipal Act the transfers cannot be renewed in the current year, and as they have consequently lapsed to surplus cash balance, sanction of the Standing Committee and the Corporation is required to the payment of the charges aggregating Rs. 3,442-6-6 by an additional grant from surplus cash balance. I may add that this amount is included in the sum of Rs. 1,02,358-13-3 reserved at page 84 of the Administration Report for the past year for meeting charges on account of 1895-96 and previous years and on account of transfers sanctioned last year but not utilized during that year.—I have, &c.,

W. E. WAITE, Chief Accountant.

No. 19538 OF 2ND NOVEMBER 1897.

Forwarded to the Standing Committee and the Corporation for sanction.

No. 3959 OF 1897-98.

BOMBAY, 29*th November* 1897.

TO THE COMMISSIONER.

SIR,—I have the honour to inform you that in the list of lapsed grants requiring renewal in connection with the Corporation and Standing Committee's office for 1896-97 and previous years, which was submitted by the Municipal Secretary for incorporation in the general list, the item of Rs. 2,227-7-7 referred to in the Standing Committee's Resolution No. 7445 of the 17th instant was included by him, and accordingly it was entered in list C submitted by this Office. 2.—As the item in question is included in the total amounts shown in the last year's Administration Report (whichhas already been published) to be renewed this year on account of lapsed grants for the past and previous years, and as the exclusion thereof from list C will consequently affect the amounts of the actual saving in expenditure for 1896-97 and the closing balance for that year, I regret it is not now practicable to eliminate it from list C as desired by the Standing Committee. With a view, however togetting over the difficulty, a note has been made in the list to the effect that the amount is not required for expenditure in 1897-98, and will lapse to surplus cash balance. 4. Might I request that early sanction of the Standing Committee and the Corporation be obtained to the renewal of the lapsed grants included in the accompanying lists, as in absence thereof some of the bill debitable to the lapsed grants have remained unpaid.—I have, &c.,

W. E. WAITE, Chief Accountant.

No. 22298 OF 30TH NOVEMBER 1897.

Copy forwarded to the Municipal Secretary with reference to his No. 7445 of 17th November 1897, and with a request that the sanction of the Standing Committee and the Corporation may be accorded as early as possible.

P. C. SNOW, Commissioner.

No. 7897. *Resolved* : "That memoranda Nos.19538 and 22298, dated 2nd and 30th ultimo, from the Commissioner, giving cover to letter No. 3496, dated 1st idem, from the Chief Accountant, and two detailed lists C and D of the unexpended balance of grants from current revenue

and loan funds for 1895-96 and previous years be forwarded to the Corporation, with reference to their Resolution No. 1411 of the 6th May last, as per margin, and with the recommendation that sanction be given to the grants of Rs. 98,916-6-9 and Rs. 16,50,651-5-5 respectively from surpuls cash balance and loan Funds instead of to the grants of Rs. 99,460 and Rs. 17,38,280 as provisionally sanctioned by the Corporation in their said resolution, the reasons for such alterations being set forth in the Chief Accountant's letter as above and the accounts appended thereto, the said sums of Rs. 98,916-6-9 and Rs. 16,50,651-5-5, respectively, being portions of unexpended budget grants for the year 1895-96 and previous years for wages of establishments and for works still in progress, which grants have reverted by lapse of time to surplus cash balance and loan funds respectively, and which two sums of Rs. 98,916-6-9 and Rs. 16,50,651-5-5 have not been taken into account in the opening balance for 1897-98."

No. 1411. "That, as recommended by the Standing Committee in their Resolution No. 1206 of the 5th instant, and pending the submission of detailed lists (on the final closing of the past year's accounts) for the year 1895-96 and previous years, sanction be given to the grants of sums, amounting in the aggregate to Rs. 99,460 from surplus cash balance as per list A, and of grants, amounting in the aggregate to Rs. 17,38,280, from Loan Funds as per list B, the said several sums being respectively portions of unexpended budget grants for the year 1895-96 and previous years, for wages of establishments and for works still in progress which have reverted by lapse of time to surplus cash balance and to loan funds respectively, which two sums of Rs. 99,460 and Rs. 17,38,280 have not been taken into account in the opening balances for the year 1897-98 or previous year."

"That the Corporation be recommended to sanction the additional grant of Rs. 3,442-6-6 from surplus cash balance to provide for payment of charges payable out of transfers sanctioned during the year 1896-97, shown in the list E accompanying the Chief Accountant's letter as above, which were incurred in 1896-97 and remained unpaid and unadjusted during that year for various reasons given in the list."

Considered the following :—

No. 3726 OF 1897-98.

BOMBAY, 15*th November* 1897.

To THE MUNICIPAL COMMISSIONER
FOR THE CITY OF BOMBAY.

SIR,—With reference to the Standing Committee's Resolution No. 324, dated 7th April 1897, I have the honor to forward the accompanying two lists, marked A and B, showing the grants amounting to Rs. 5,68,803-10-8 and Rs. 7,45,186-12-1 for the past official

year, payable out of current revenue and loan funds, respectively, which lapsed at the close of that year but which will probably have to be spent during the current year, and to request the favour of your obtaining the Committee's sanction to the renewal of the same under section 132 of the Municipal Act.

2. From list A it will be observed that the liabilities payable during the current year on account of the budget heads mentioned therein aggregate Rs. 5,68,803-10-8 (including Rs. 1,27,961-10-9 on account of new works and Rs. 2,34,814-13-5 on account of unpaid interest and debt charges) against the lapsed grants of the heads amounting to Rs. 6,84,386-3-0, and that the saving of Rs. 1,15,582-8-4, along with the lapsed grants of other budget heads not requiring renewal either wholly or partly, has helped to reduce the deficit in the revenue for the past year.

3. It may be pointed out here that the amount of the lapsed grants as per list A requiring renewal this year is greater than that of similar grants renewed last year by Rs. 1,98,538-2-5. Of this increase Rs. 77,452-5-5 are under Interest and Debt Charges, Rs. 62,815 are on account of Repairs and Protective Works sanctioned in February last in connection with the Tansa pipe line near Kasheli damaged by the heavy monsoon rains of 1896, and Rs. 58,270-13-0 are under other heads owing to a larger amount of unpaid charges having remained at the end of the past year in consequence of the plague.—I have, &c.,

W. E. WAITE, Chief Accountant.

No. 29239 OF 20TH NOVEMBER 1897.

To THE MUNICIPAL COMMISSIONER.

SIR,—I have the honour to inform you that I have again inspected the well. The water is foul and has an offensive smell. It is simply sewage. The well should be filled up without further question. The water may possibly be used at certain times, but at present it is not fit for any purpose except irrigation, and it cannot be so used. There is a water-tap and water-trough by the side of this well which affords sufficient supply to meet the wants of the Cattle Bazaar provided the owner will keep it open. This morning the water-supply was shut off and had to be opened for my inspection. This well is under the windows of a large chawl.—I have, &c.,

No. 22097 OF 29TH NOVEMBER 1897.

Forwarded to the Standing Committee for information.

P. C. H. SNOW, Commissioner.

Resolved: "That the following be *recorded* :—Memo-
No. 7903. randum No. 22097, dated 29th ultimo, from the Commissioner, forwarding letter to himself No. 30289, dated 26th idem, from the Acting Health Officer, enclosing letters Nos. 1314 and 1316 dated 24th of the same from the Chemical Analyser to Government, submitting results of analyses of Tulsi, Vehar and Tansa waters."

Read letter to the Secretary, No. 22127, dated 29th ultimo, from the Commissioner as under :—

SIR,—I have the honour to state that under their Resolution No. 1408 of 6th May last, the Corporation have sanctioned the sum of Rs. 1,40,956 for the site of the "Nusserwanji Manockji Petit Public Hall." My application for the above amount was submitted on the understanding that the area to be purchased was 7,047·80 square yards. At the same time I was in communication with Government in regard to a condition proposed by them, *viz.*, that the new building should be in a line with the municipal offices which was not intended to be done when the question of the ground was first considered. As Government considered it an important point and wished to have it settled before the question of granting the additional area at the rate of Rs. 20 per square yard was referred by them to the Government of India, I agreed to it and reported my acceptance of it to the Corporation under my No. 3841 of 18th May 1897, recorded by them under their Resolution No. 2424 of 3rd June 1897. By the acceptance of this condition the width of the avenue on the Cruickshank Road is reduced from 37 to 30 feet, but

the Municipality will gain an additional area of building ground, *viz.*, 168·45 square yards. The total area of ground to be paid for is therefore 7,216·25 square yards. The value of the additional area is Rs. 3,369 at the rate of Rs. 20 per square yard. I request the sanction of the Corporation to this additional amount. I may here mention that, as far as can be seen at present, only the plot A, as shown in the accompanying plan, will be required for the Hall. Plot B, measuring 914·57 square yards, will for the present be kept open. It may at some future time be used for some municipal purpose. But as one of the conditions laid down by Government is that the whole of the ground is to be used for the purposes of the Hall, no part of it can be diverted for any other use. Government, however, have no objection to the Municipality putting any part of it to any other purpose on paying to Government the difference between the then market value and the sum now to be paid, and on the understanding that they (Government) approve of the use to be made of this portion of the site. The proposal of Government is a fair and reasonable one, and I request the sanction of the Standing Committee and the Corporation to its acceptance.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 7904. *Resolved*: "That letter to the Secretary, No. 22127, dated 29th ultimo, from the Commissioner, be forwarded to the Corporation with reference to their Resolution No. 1408 of the 6th May 1897, and with recommendation that sanction be given to the acquisition from Government of an additional plot of land, admeasuring 168·45 square yards, or thereabout, on the Cruickshank Road, in connection with the "Nusserwanji Manockji Petit Public Hall," on the conditions referred to in the Commissioner's letter as above and as shown on the tracing marked A dated this day and filed in supplement to minute books at the rate of Rs. 20 per yard. The extra cost, Rs. 3,319, to be debited to the grant provided in the Loan Works Budget for 1898-99."

No. 7905. *Resolved*: "That the following be laid on the table:—Letter to the Secretary, dated 29th ultimo, from Messrs. Nanabhai R. Ranina and A. Thomson, Municipal Auditors, stating that they have audited the weekly statements of receipts and disbursements at the end of each week for the month of September last, and compared them with the general and subsidiary ledgers and journal, and found them correct. Forwarding summary and statement of their scrutiny of accounts."

The following return was read and *recorded* :—Return
No. 7906. of fire at Chundun Wadi, forwarded with the Deputy Commissioner's memorandum No. 21460, dated 23rd November 1897.*

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai and Tansa Lakes for the week ending 28th November 1897.†

Memorandum No. 22353, dated this day, from the
No. 7907. Commissioner, forwarding summary of births and deaths in the city for the week ending 30th ultimo, was laid on the table.

Resolved : "That the report now before the meeting, on
No. 7908. the question of the proposed amendments of the law relating to the registration of births and deaths, be approved and forwarded to the Corporation with reference to their Resolution No. 6570 of the 11th October last."

The consideration of the draft report on the question of the reorganization of the Health Department was postponed till next meeting.

The consideration of the Budget Estimates for 1898-99 was proceeded with.

The extra cost of the Public Health Department reorganization scheme, as detailed at pages 75 to 78 of the Budget, was passed at Rs. 3,70,599.

The extra cost of the Registration Department reorganization scheme, as detailed at page 79 of the Budget, was passed at Rs. 30,698.

STATEMENT No. 10.

JUDICIAL DEPARTMENT,
BOMBAY CASTLE, *15th November* 1897.

To THE MUNICIPAL COMMISSIONER
FOR THE CITY OF BOMBAY.

SIR,—With reference to your letter No. 12767, dated the 20th August 1897, I am directed to forward to you the accompanying copy of a statement prepared by the Accountant-General, showing the estimated charges for the Bombay City Police payable by the Bombay Municipality for the year 1898-99. I am at the same time to intimate that the statement is provisional and subsequent modification is possible.—I have, &c.,

M. N. WADIA, *for* Secretary to Government.

No. 20853 OF 1897-98.

BOMBAY, *16th November* 1897.

Forwarded to the Chief Accountant.

P. C. H. SNOW, Commissioner.

No. 3911 OF 1897-98.

BOMBAY, *25th November* 1897.

Returned with compliments to the Municipal Commissioner. Rs. 5,00,000 only has been provided in the Budget Estimate for 1898-99. I think the Government estimate of Rs. 5,19,000 might be forwarded to the Municipal Secretary, to be laid before the Standing Committee at the time the Budget is being considered. Our estimate of Rs. 5,00,000 may stand, I think, as the question as to the extent of the liability of the Municipality for police charges has not yet been finally settled.

W. E. WAITE, Chief Accountant.

Read the following :—

No. 3992 OF 1897-98.

BOMBAY, *30th November* 1897.

To THE COMMISSIONER.

SIR,—With reference to the Standing Committee's Resolution No. 7756, dated the 24th instant, empowering you to place, with the Banks mentioned in the margin or with any of them in current account at interest, such surplus moneys as may not be required for a few weeks, and further empowering you to place in fixed deposit with the said banks or any of them, for periods ranging from three to six months, such other surplus funds as may not be required during such periods, I have the honour to inform you that, as verbally instructed by you, I have arranged to deposit in current account, on the 2nd proximo, at the Comptoir National d'Escompte de Paris and the Hongkong and Shanghai Banking Corporation, rupees one lakh each as we have already opened current accounts with these banks. A further sum of rupees one lakh will be deposited at either the National Bank of India, the Chartered Bank of India, or the Credit Lyonnais, whichever of the three offers the terms most advantageous to the Municipality. 2.—The Standing Committee's Resolution No. 7756 referred to above, however, appears to be *ultra vires*, inasmuch as the Corporation in their Resolution No. 5778, dated 3rd September 1896, approving of the above-mentioned banks for deposit of surplus money at interest in current account or for fixed periods not exceeding 12 months, restricted such approval to 1896-97 only. 3.—Such being the case, the Corporation's further approval with regard to the investment to be made during the current year would appear to be necessary under Counsel's opinion dated 17th October 1895, recorded at pages 411 and 412 of the Standing Committee's proceedings for 1895-96. 4.—From the recorded resolution of the Standing Committee it would appear that they did not consider the Corporation's further approval necessary. The Committee having therefore authorized you to invest surplus moneys in the above banks, I have made arrangements, as reported in para. 1 above, for the deposit of rupees three lakhs in current account as instructed by you. But to avoid further complications, I think it would be as well to get the question of the necessity for the Corporation's sanction in this matter definitely settled.—I have, &c.,

(1) The Chartered Bank of India.
(2) The National Bank of India.
(3) The Hongkong and Shanghai Banking Corporation.
(4) The Credit Lyonnais.
(5) The Comptoir National d'Escompte de Paris.

W. E. WAITE, Chief Accountant.

No. 22318 OF 1897-98.

BOMBAY, *1st December* 1897.

Copy forwarded to the Municipal Secretary. The point raised by the Chief Accountant appears to be a merely technical one, and the general sanction of the Corporation may, I think, be presumed until they cancel the previous resolution.

P. C. H. SNOW, Commissioner.

Resolved : "That, with reference to Corporation's Resolution No. 5778 of 3rd September 1896, and under the terms of Section V of Bombay Act, I of 1894, the Standing Committee beg to recommend, for the approval of the Corporation, the selection of the following banks for the deposit, during the year 1897-98, of such surplus moneys at interest in current account, or for fixed periods not exceeding 12 months during the said year, whenever it may appear to the Commissioner and the Committee that it will be more advantageous, owing to high-ruling rates or other causes, to make such deposits than to invest such surplus funds in public securities as authorized by the Act :—

No. 7910.

1. Comptoir National d'Escompte de Paris ;
2. Credit Lyonnais ;
3. Hongkong & Shanghai Banking Corporation ;
4. National Bank of India ;
5. Chartered Bank of India, Australia and China ; or

any one of such Banks.

"2. That, in anticipation of such approval, the Standing Committee beg to report that they have authorized the Commissioner to deposit Rs. 1,00,000 each, at current account, with the following Banks :—

The Comptoir National D'Escompte De Paris.

The Hongkong and Shanghai Banking Corporation.

The Chartered Bank of India, Australia and China."

Read letter No. 22317, dated this day, from the Commissioner as under :—

SIR,—I have the honour to state that the Corporation have, under their Resolution No. 6356 of 7th October last, sanctioned the purchase of Mr. Sitaram Luxumon's land at Currey Road. As the grant from which the purchase-money of the land, preparing the

deed of conveyance, stamp charges, &c., can be met, has not been declared in the above resolution, I request the sanction of the Standing Committee and the Corporation to the cost being met in the first instance out of the surplus cash balance and subsequently adjusted out of loan funds or any other funds as the Corporation may decide. The matter is urgent as the completion of the purchase under the terms of the resolution above-quoted should be effected before the 31st December 1897.—I have, &c., P. C. H. SNOW, Commissioner.

No. 7911. *Resolved* : "That letter to the Secretary, No. 22317, dated this day, from the Commissioner, be forwarded to the Corporation with reference to their Resolution No. 6356 of the 7th October last, and with the recommendation that sanction be given to the cost of the land to be purchased from Mr. Sitaram Luxumon at Currey Road for part of the site of the eastern approach to the overbridge to be constructed thereat, being met, in the first instance, out of surplus cash balance and subsequently adjusted out of loan funds or any other funds.

"That the Chairman be requested to apply to the Corporation, at their next meeting, to consider this resolution as urgent business."

Read letter to the Secretary, No. 22281, dated 30th ultimo, from the Commissioner, as under :—

SIR,—As the Corporation Resolution No. 6344 of the 7th ultimo, appointing Mr. J. Leask to act as Health Officer during the absence of Brigade-Surgeon-Lieutenant-Colonel T. S. Weir on three months' privilege leave, does not state the amount of salary to be paid to him, I request the sanction of the Standing Committee and the Corporation to the payment of the minimum monthly salary of Rs. 1,200, under section 75, clause 3, of the Municipal Act, during the time he holds the appointment.—I have, &c., P. C. H. SNOW, Commissioner.

No. 7912. *Resolved*: "That letter to the Secretary, No. 22281, dated 30th ultimo, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given, under the terms of section 75, clause 3, of the Muncipal Act, III of 1888, to the payment of the minimum monthly salary of Rs. 1,200 to Mr. J. Leask while acting as Health Officer during the absence of Brigade-Surgeon-Lieutenant-Colonel T. S. Weir on three months' privilege leave."

Resolved: "That, as applied for by the Commissioner in his letter No. 22335, dated this day, sanction be given to the acceptance of the tender of Messrs. Sullemanji Mulla Abdulali & Co., the lowest of six tenders received, for the improvement of road-side drains in Bhoiwada Road, Bhoiwada Cross Road and Dadar Road at schedule rates aggregating Rs. 22,695. The cost to be met from the grant of Rs. 30,475 sanctioned by the Corporation in their Resolution No. 1405 of the 6th May 1897 for the work."

No. 7913.

The Committee then adjourned to Friday, the 10th instant, at 3-30 p.m.

BOMBAY, 10*th December* 1897.

AT the meeting of the Standing Committee, held this day, there were present:

THE HON'BLE MR. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., *Chairman.*

COWASJEE HORMUSJEE, Esq., G.G.M.C.; T. W. CUFFE, Esq.; THE HON'BLE MR. FAZULBHOY VISRAM, C.I.E.; H. G. GELL, Esq.; IBRAHIM RAHIMTOOLA, Esq.; KAIKHOSRO N. BAHADURJI, Esq., M.D., B.S., M.R.C.S.; KAIKHOSRO N. KABRAJI, Esq.; K. M. SHROFF, Esq.; PROFESSOR O. V. MULLER, M.A.; NANABHAI NAVROJI KATRAK, Esq., L.M. & S.; ACCACIO G. VIEGAS, Esq., L.M.& S.

P. C. H. SNOW, Esq., I.C.S., Commissioner; the ACTING HEALTH OFFICER; and the ACTING SECRETARY.

The minutes of the meetings held on the 25th ultimo and 1st instant were signed.

The Introductory Remarks to the Budget Estimates for 1898-99 were considered and approved as amended.

The draft report on the question of the proposed amendments of the law relating to the registration of births and deaths was considered.

Proposed by T. W. Cuffe, Esq., seconded by the Hon'ble Mr. Fazulbhoy Visram, C.I.E.—

"That in section 450 the following words be inserted between the words 'and shall' and 'to the best of his ability,' *viz.*, 'after inspection of the body if necessary record a certificate.'"

Amendment proposed by K. N. Bahadurji, Esq., M.D., seconded by K. N. Kabraji, Esq.—

"That the words 'if necessary' be omitted."

On a division the amendment was *lost* and the original proposition *carried.*

After discussion the following report was agreed to :—

THE PROPOSED AMENDMENT OF THE LAW RELATING TO THE REGISTRATION OF BIRTHS AND DEATHS.

In accordance with the terms of the Corporation's Resolution of the 11th Oct. 1897, as per margin, the Standing Committee beg to report that they have carefully considered the statement contained in Mr. Snow's letter No. 15359 of the 16th September last, together with the draft amendments of Sections 442-453 of the Municipal Act, III of 1888, forwarded therewith, and that the Committee concur with Mr. Snow in the opinion that these draft proposals will be found to contain all that is necessary or possible under present circumstances for establishing a fairly efficient system of birth and death registration and on somewhat different principles from those hitherto followed in Bombay.

"That the Standing Committee be requested to consider and report on the draft amendments prepared by the Commissioner and now before the Corporation, of Chapter XVI, Sections 442 to 453 of the Municipal Act, III of 1888, relative to vital statistics, registration of births and deaths."
No. 6570.

2. The procedure which the law at present allows is unsatisfactory and uncertain, inasmuch as the Registering Officers have almost entirely to depend upon the statements made to them by the friends and relatives of the deceased person as to the cause of death and duration of illness.

In times of Epidemic Disease with a large ignorant and illiterate population there is a tendency to disguise the true cause of death, and the statements of mortality cannot be accepted as a true indication of the state of public health.

3. The necessary particulars are taken down at the place for the disposal of the dead, and if the Registering Officer has reason to doubt the statements made to him, or the circumstances connected with the death, are in any way suspicious he may call in the assistance of the Police. In such cases further inquiry is made and delay arises, so that any correct or punctual tabulation of the causes of death day by day becomes impracticable.

To improve this system, which is admittedly very defective and inefficient, it is now proposed to follow, so far as local circumstances permit, the procedure of the majority of European Nations which compels the relatives or friends *before* the removal of any corpse from a house to obtain a medical certificate of the cause of death.

4. In the event of a corpse reaching a registered place for the disposal of the dead without the necessary certificate, the Police are to be communicated with and the corpse detained until a certificate is forthcoming.

5. In this new scheme it is proposed to dispense with the services of the present District Registrars and to appoint in their place the Deputy Health Officers as Registrars, one in each ward,

the Deputy Health Officers performing such other duties as the Commissioner and the Health Officer may think necessary. Each Registrar is to live in his own ward, have an office, and to be allowed such small clerical staff as may be requisite.

6. In addition to the Registrars it is proposed to appoint Sub-Registrars for each section of the City, the number varying according to the density of population. The officers will be trained Medical Subordinates of the Hospital Assistant Class, and it is intended that they shall reside in their respective sections.

7. In regard to the system of birth registration, it is not proposed to make any alteration, but to increase the staff of Karkoons for section inquiry. With full-time Registrars and Sub-Registrars closer supervision and enquiry will be maintained, and thus every important branch of vital statistics will, it is believed, be placed upon a more efficient footing than at present.

8. With some slight modifications the Standing Committee have approved of the alterations in the law proposed by the Municipal Commissioner, and they beg to recommend the Corporation to apply to Government in the Legislative Department to amend Chapter XVI of the Municipal Act by inserting in place of the existing sections the sections contained in Appendix A attached hereto. As the Committee in their report on the question of the proposed re-organization of the Health Department have submitted the detailed estimates of the cost of the new system of registration, it will be sufficient here to summarise the figures relating to staff and charges, and to state that there will be 7 Registrars, 52 Sub-Registrars, 5 Cemetery Clerks, 12 Office Clerks, 68 Birth Karkoons, 22 Cemetery Karkoons, and 7 Office peons, and that the estimated cost of the new scheme per annum is Rs. 72,252, or Rs. 27,984 in excess of the sanctioned estimate for the current year—Rs. 44,268.

BHALCHANDRA KRISHNA,
Chairman.

APPENDIX A.

CHAPTER XVI.

VITAL STATISTICS.

Registration of Births and Deaths.

(*Note.*—The following are proposed in substitution for sections 442 to 453 inclusive of the present Municipal Act.)

442 (1). The Executive Health Officer shall be Chief Registrar of the City, and shall keep, in such form as is hereinafter provided, or as may from time to time be prescribed by the Local Government, a register of all births and deaths occurring in the City.

(2). For the purpose of registering births and deaths, the Commissioner shall divide the City into so many wards and sections as he shall from time to time think fit, and shall appoint suitable Municipal Officers to be registrars and sub-registrars of such wards and sections, respectively. On the occurrence, or during the prevalence, of epidemic disease, the Commissioner may appoint as many additional registrars and sub-registrars as he may think necessary.

(3). The Commissioner shall appoint an officer to be in charge of each place for the disposal of the dead registered under section 435, or, where such places are small or little used, for such number of them taken together as he shall from time to time think proper. It shall be the duty of each of the said officers to register all corpses brought to the place or places of which he is in charge as aforesaid with the certificate hereinafter prescribed.

443 (1). Every registrar and sub-registrar shall ordinarily dwell within the ward or section, as the case may be, for which he is appointed, and every officer in charge of a registered place or places for disposal of the dead shall dwell in such situation in the vicinity thereof as the Commissioner shall approve.

(2). Every registrar and sub-registrar shall cause his name with the addition of the words "Registrar of Births and Deaths for ward" or "Sub-Registrar of Births and Deaths for section, of ward," as the case may be, to be placed in some conspicuous place on or near the outer door of his dwelling-house.

(3). There shall be affixed to a conspicuous part of the entrance to every registered place for the disposal of the dead a notice specifying the name of the officer appointed to the charge of such place under sub-section (3) of section 442, and the place where he may be found.

(4). The Commissioner shall cause to be printed and published a list containing the name and dwelling place of every registrar and sub-registrar.

444. The Commissioner shall provide and supply to the registrars and sub-registrars a sufficient number of register books of births and deaths for the registration of the particulars specified in Schedules N and O, respectively; and the pages of each of the said books shall be numbered progressively from the beginning to the end thereof.

445 (1). Every registrar and sub-registrar shall inform himself of every birth and death occurring in his ward or section, and shall ascertain and register, as soon as conveniently may be after the event, and without fee or reward, the particulars prescribed in Schedule N or Schedule O, as the case may be, touching every birth or death which has not been already registered.

(2). Every entry in a register book shall be made in order from the beginning to the end of the book.

(3). Other Municipal Officers, besides the registrars and sub-registrars, may be appointed with the duty of informing themselves of every birth or of every death, or of every birth and every death in the ward to which they are respectively appointed, and of the particulars concerning the same required to be registered, and of submitting such information to the registrar of the said ward or to such other person as the Commissioner directs.

446 (1). It shall be the duty of the father and mother of every child born in the City, or in case of the death, illness, absence or inability of the father and mother, of the occupier of the premises in which the child is born and of each person present in the premises and cognizant of the birth, or present at the birth or in charge of such child, to give to the best of his knowledge and belief to the registrar of the ward or sub-registrar of the section in which the birth occurred, within seven days after such birth, information of the several particulars prescribed in Schedule N.

(2). Provided that, in the case of an illegitimate child, no person shall, as father of such child, be required to give information under this Act concerning the birth of such child, and the registrar or sub-registrar shall not enter in the register the name of any person as father of such child, unless at the joint request of the mother and of the person acknowledging himself to be the father of such child, and such person shall in such case sign the register together with the mother.

447. In case any newborn child is found exposed, it shall be the duty of any person finding such child and of any person in whose charge such child may be placed, to give, to the best of his knowledge and belief, to the registrar or sub-registrar, within seven days after the finding of such child, such information of the particulars required to be registered concerning the birth of such child as the informant possesses.

448 (1). Any medical practitioner in attendance during the last illness of any person dying in the City shall, within 24 hours of his becoming cognizant of the death of such person, send a notice in writing to the Executive Health Officer in the form prescribed in Schedule P, stating to the best of his judgment the cause of death.

(2). The Commissioner shall provide and furnish such forms free of charge to any medical practitioner applying for the same.

(3). For the purposes of this chapter the expression "medical practitioner" shall mean any medical graduate or licentiate of a University or other recognized licensing body, and any person whose training has been admitted under any Act or ruling of the Government of India as constituting him a duly qualified medical practitioner.

449 (1). The nearest relative present at the death or in attendance during the last illness of any person dying in the City, or, in case of the death, illness, absence, inability or default of such rela-

tive, any person present at the death, or, in case of their default, the occupier of the house, or, if the occupier be the person who has died, some person living in the house in which the death occurred, shall forthwith procure from any medical practitioner who has attended the deceased in his last illness, or if no such practitioner has been in attendance, then from the registrar of the district the certificate prescribed in section 451.

(2). Every medical practitioner who has attended a deceased person in his last illness shall deliver the certificate required by this section on demand free of charge. Provided that when a death occurs in a hospital, it shall be the duty of the Medical Officer in charge of the Hospital forthwith to furnish the said certificate without fee, and no other person shall be bound to furnish it.

450. On receiving intimation of the death of any person who has not been attended by a medical practitioner, the registrar or sub-registrar, as the case may be, of the ward or section shall at once proceed to the place where the body is lying, and shall, after inspection of the body if necessary, record a certificate to the best of his ability, as required by section 451 without fee or reward.

451 (1). No corpse shall be removed from any house for the purpose of disposal until a certificate of death has been given by—

(*a*) A medical practitioner ; or

(*b*) a registrar or sub-registrar appointed under sub-section (2) of section 442.

(2). Such certificate shall be signed in triplicate in the form prescribed in Schedule P, which shall be endorsed on each of the triplicate forms of death report prescribed by Schedule O.

(3). One of the copies of every such certificate shall be sent with the corpse to the registered place for disposal of the dead, and delivered to the officer appointed under sub-section (3) of section 442 to be in charge of such place; one shall be sent to the Executive Health Officer ; and the third shall be retained by the medical practitioner, registrar, or sub-registrar by whom the certificate was granted.

(4). Each of the copies of every such certificate shall be bound up in books and numbered in consecutive order.

452. It shall be the duty of the Police to convey every unclaimed corpse to a duly appointed mortuary, and to inform the registrar of the ward or sub-registrar of the section when they have done so.

453. An officer appointed under sub-section (3) of section 442 to the charge of a registered place for the disposal of the dead—

(1) Shall not allow the corpse of any person to be disposed of at such place unless such corpse is accompanied by a certificate in the form prescribed in Schedule O, and signed by a medical practitioner or by a registrar or sub-registrar.

(2) Shall send every certificate received by him under section 451 to the Registrar of the ward in which the death occurred, by whom it shall be forwarded to the Executive Health Officer.

453-A. Every sub-registrar shall, within 24 hours of registering any death under section 445, forward to the Registrar of the ward in which the death occurred a copy of the entry made by him, and the Registrar, on receipt thereof, shall forthwith enter the death in the ward register.

453-B. In the event of a corpse arriving at a registered place for disposal of the dead without the necessary certificate, the officer appointed to the charge of such place under sub-section (3) of section 442 shall immediately cause intimation to be given to the Police, and the corpse shall be detained, until the registrar of the ward or sub-registrar of the section in which the death occurred has seen such corpse, and either after making, or without making, a *post-mortem* examination thereof, has given the necessary certificate.

453-C. From the certificates furnished to him under sections 451 and 453, the Executive Health Officer shall cause the register books of deaths to be prepared, and shall have prepared and published such tabular returns and statements as shall appear to him to be useful for sanitary or other purposes.

453-D (1). Any clerical error which may at any time be discovered in a register of births or in a register of deaths may be corrected by any person authorized in that behalf by the Commissioner.

(2). An error of fact or substance in any such register may be corrected by any person authorized as aforesaid by entry in the margin, without any alteration of the original entry, upon production to the Commissioner by the person requiring such error to be corrected, of a declaration on oath setting forth the nature of the error and the true facts of the case, made before a Magistrate by two persons required by this Act to give information concerning the birth or death with reference to which the error has been made, or, in default of such persons, by two credible persons having knowledge of the case, and certified by such Magistrate to have been made in his presence.

(3) Except as aforesaid, no alteration shall be made in any such register.

453-E (1). When the birth of any child has been registered, and the name, if any, by which it was registered is altered, or, if it was registered without a name, when a name is given to it, the parent or guardian of such child or other person procuring such name to be altered or given may, within twelve months next after the registration of the birth, deliver to the registrar such certificate as hereinafter mentioned, and the registrar, upon the receipt of that certificate, shall, without any erasure of the original entry, forthwith enter in the register book the name mentioned in the certificate as having been given to the child.

(2). The certificate shall be in the form of Schedule Q, or as near thereto as circumstances admit, and, in the case of a Christian, shall be signed by the Minister or person who performed the rite of Baptism upon which the name was given or altered, or, if the child is not baptized or is not a Christian, shall be signed by the father, mother or guardian of the child or other person procuring the name of the child to be given or altered.

(3). Every Minister or person who performs the rite of Baptism shall deliver the certificate required by this section on demand on payment of a fee not exceeding one rupee.

In section 471 of the Act, in the list of sections to which the penalty of Rs. 100 applies, the following alterations will be necessary :—

After the figure " 447" the figure and words " 448 sub-section (1) " should be introduced ; after the figure " 449 " the words and figures " sub-sections (1) and (2) " should be introduced ; and the figure " 451 " should be substituted for the figure " 450. " The last part of this portion of the section will thus read as follows :—

* * " 435, 441, 446 sub-section (1), 447,448 sub-section (1) 449 sub-sections (1) and (2), 451 sub-section (1), 459."

Resolved : " That the report on the question of the proposed amendments of the law relating to the registration of births and deaths as now amended be approved and forwarded to the Corporation with reference to their Resolution No. 6570 of the 11th October last."

No. 8163.

The draft report on the reorganization of the Health Department was considered.

Proposed by K. N. Bahadurji, Esq., M. D., seconded by Nanabhai N. Katrak, Esq.—

That the words 'or persons possessed of sanitary experience' in para. 5 be deleted.

Lost, the votes being 5 for and 6 against. The concluding portion of para. 5 was retained on the motion of Nanabhoy N. Katrak, Esq., seconded by Professor Muller.

On the motion of A. G. Viegas, Esq., it was agreed that the following words be inserted in para. 7 : " Divisional Health Officers, Deputy Health Officers and " between the words " as " and " Inspectors. "

After further discussion the following report was agreed to :—

THE RE-ORGANIZATION OF THE HEALTH DEPARTMENT.

In accordance with the terms of the Corporation's Resolution No. 3337 of the 1st July last, as per margin, the Standing Committee have considered the proposals for the re-organization of the Health Department made by Mr. Snow, the Municipal Commissioner, and by the Committee appointed by the Corporation on the 7th March 1896.

"That the discussion of the matter be adjourned and that the Report of the Health Department Re-organization Committee and the papers in connection therewith be referred to the Standing Committee with a request that they should consider the whole question both on its merits and from the financial point of view and submit their report to the Corporation as soon as they conveniently can."

No. 3337.

After carefully discussing the whole question on its merits and from a financial point of view, the Standing Committee have decided to recommend the Corporation to re-organize the Health Department on the following principles :—

1. That, in order to provide for an effectual system of re-organization, provision be made for the decentralization of the Department.

2. That, under the new scheme, the duties generally of the Health Officer shall be in addition to general supervision, to act as Chief Sanitary Officer and Adviser of the Commissioner, to be responsible for the preparation of vital statistics and of all reports, quarterly and annual, relating to sanitation, and the conservancy of the Public Health. The Health Officer shall also supervise the laboratory to be established for analytical research, the testing of water and examination of all kinds of drugs, food and drink intended for human consumption.

That, on the appointment of the present Health Officer becoming vacant, the person appointed thereto shall, in addition to being a duly qualified medical man, be a sanitary expert possessing a competent knowledge of the most modern principles of sanitation and capable of performing the work of analysis.

3. That, under the re-organization scheme, the post of Assistant Health Officer be abolished, the present incumbent being appointed to the charge of one of the new divisions.

4. That, in order to carry out the principle of decentralization, the City be divided into four divisions as shown on the map attached hereto, and as proposed by the Commissioner in his letter to the Secretary, No. 4706 of the 29th May last.

5. That these four divisions be placed in charge of four Assistants denominated Divisional Health Officers who shall be duly qualified medical men or persons possessed of sanitary experience on a salary of Rs. 600 per mensem as a minimum, and of Rs. 1,000 as a maximum, being ordinarily attached to each appointment.

The Divisional Officers should be in full charge of their divisions, dealing with all matters concerning the same direct, and reporting to the Commissioner or to the Executive Health Officer as the circumstances dictate, subject to such limitations and rules as the Commissioner may from time to time deem necessary. Detailed instructions for the guidance of these Officers to be drawn up by the Commissioner, and the general policy and the system of work to be followed by the Health Department under these orders should be supervised and controlled by the Executive Health Officer.

That each Divisional Officer shall reside within his own district.

6. That provision be made for the really efficient inspection of milch cattle and all bullock and horse stables by duly qualified veterinary surgeons.

7. That, as opportunity offers, the persons appointed as Divisional Health Officers, Deputy Health Officers, and Inspectors of the Health Department shall, as far as possible, be in the possession of diplomas in sanitation.

The inspectors and sub-inspectors be ordinarily required to reside within their own districts.

8. That having regard to the large increase in the cost of the Health Department under this scheme of re-organization, and the immense expenditure which the Corporation have had to incur on the measures for the suppression of the Bubonic Plague, the question of the appointment of a trained Bacteriologist and Analyst, and the establishment and equipment of a laboratory for Bacteriological and Analytical purposes be deferred.

9. That the schedule of the staff for the various branches of the department, and the estimates of the cost of feeding and hiring of bullocks be sanctioned as per appendices hereto, subject to such variations as the Corporation may, on the application of the Commissioner, agree to.

10. With regard to clause 5 of these recommendations the Committee, while drawing attention to the important remarks contained in Vet.-Major Mills' letter of the 26th July, must note their concurrence with the opinions expressed in the Health Officer's memorandum No. 15759 of 5th August, and regret that, owing to the large expenditure that would be involved by the adoption of such an extensive scheme of veterinary inspection, the Committee are unable to make provision for the same in these recommendations.

11. Regarding the question of the improvement of the system of Registration of Births and Deaths, the Standing Committee, in accordance with the terms of the Corporation's Resolution No. 6570 of the 11th October last, have carefully considered the papers referred to them, and are submitting a separate report thereon to the Corporation. It is therefore only necessary to state here that, with some slight modifications, the Committee have approved of the proposed amendments in the law as set forth in the Draft Bill accompanying

Snow's letter No. 15359 of the 16th September last.

Under the new scheme, the Committee propose that the services of the existing registrars be dispensed with and that their duties be assigned to the Deputy Health Officers as part of their duties. The sub-registrars will be of the Hospital Assistant class, and like the registrars will be required to reside within their respective sections of the City.

To summarize, it will be found from the accompanying estimates and the explanatory notes relating thereto, that in addition to the head office staff there will be seven registrars, 52 sub-registrars, 5 cemetery clerks, 12 office clerks, 68 birth karkoons, 22 cemetery karkoons and 7 peons.

The estimated cost of the new scheme is Rs. 72,252, or Rs. 27,984 in excess of the charges for the year 1897-98, Rs. 44,268.

12. On the question of the employment of a trained Bacteriologist and the equipment of a Bacteriological laboratory, the Committee were indebted to Mr. Hankin for attending their meeting and favouring them with his opinion as to the cost thereof (exclusive of any special building for a laboratory), but inclusive of the annual charges of maintenance.

Mr. Hankin suggested that perhaps the Corporation might find the most advantageous course to be to enter into an arrangement with Government for the employment of a qualified Bacteriologist in the Grant Medical College, whose services would be partly at the disposal of the Municipality. It was difficult for him (Mr. Hankin) to give anything like an exact estimate of the cost of establishing and maintaining a (Municipal Bacteriological) laboratory for Analytical and Bacteriological purposes, but he thought that the figures might be approximately taken as follows :—

Rs. 10,000 to Rs. 20,000 for cost of fitting up a laboratory, and about Rs. 18,000 a year for maintenance, namely, Rs. 1,000 a month for the salary of a Bacteriologist (at starting), and Rs. 500 per mensem for subordinate establishment and stores, &c.

13. A letter from the Health Officer, No. 16377 of the 10th instant, and memorandum from the Commissioner, No. 11933 of the 13th idem, on the same subject, are appended hereto.

14. The Committee beg to point out that at present, with the increased staff of the Health Department and the large organization of the Plague Committee, the City is being just as effectually dealt with and supervised from a sanitary point of view as it would be under the contemplated re-organization scheme; there will, therefore, be no occasion or object in introducing the full re-organization, except as regards birth and death registration, until the Plague Committee arrangements have ceased, nor, indeed, would the financial condition of the Municipality render it possible to support both organizations in full.

BHALCHANDRA KRISHNA,
Chairman, Standing Committee.

No. 16377 of 1897-98.

BOMBAY, 10*th August* 1897.

To THE MUNICIPAL COMMISSIONER.

MEMO.

There is no question as to the public necessity for the establishment of a laboratory for scientific research into disease causes. I use the word "research" with deliberation, as I mean by it the performance of such works as was done by the different Commissions sent here by European Governments to study Plague. This is scientific research, the object of which is to advance knowledge of disease, and it can only be carried out in a large, well-appointed laboratory by a staff of specialists.

We have seen here what is necessary in regard to one disease, and even then how little knowledge in a few months can be acquired by the most able workers. The length of time required for the investigation of even one disease amongst animals may be realized from the period Lingard has been studying "Surrah" in India. It does not seem to be thoroughly understood or grasped that all exact modern knowledge of disease depends on experiment, and that the value of experiment depends on the number of repetitions attended by similar results. I am now using nearly the words of one of the scientific men who was lately amongst us.

There are questions of supreme importance to be investigated, the course of which will take years ; for instance (1) the existence or not of a specific organism in our water-supply allied to Koch's bacillus. (2) The influence of malarial tracts around the lakes supplying the City with water on the quality of the water-supply.

These two questions are of the first importance to the City. Then there is the question of the relation between the incidence of specific diseases amongst human beings and animals, to be studied. There are local questions within the City to be studied. One I need not say, of the most importance, is the influence of the different seasons on local diseases.

A laboratory for scientific research must not be confounded with a laboratory for the examination of food, nor the appointment of an Analyst. These are totally different matters. Whether one Analyst or seven Analysts are appointed for the examination of food, it does not in the least affect the question of a laboratory for scientific research.

We have seen now in our City what is considered necessary by one of the wisest and most economical of European Governments for the study of one disease, and if all that we have seen is necessary as it undoubtedly is, it tells us what we must do. We must first

have a staff of at least 2 most competent workers with a large trained laboratory staff; secondly, a laboratory must be built with stables and grounds for animals, and the laboratory must be fitted up with the best apparatus. I need not go into details of expenditure. I think the proper course is to come to a conclusion whether, say, a lakh of rupees a year can be given for a laboratory. If that amount can be given, then let Government be approached and asked to contribute.

The establishment of a laboratory cannot affect the question of carrying out a number of urgent works. Undoubtedly the most urgent of these works are: the completion of the drainage, surface and underground; the removal of the storm-water and of the sewage. Nearly one-half the island is still undrained; a large portion of the other half is imperfectly drained. This means a question of the population being poisoned by organic vapours from the ground. The completion of the drainage, therefore, is with a gravitation of the population to the undrained and lowest portions of the island— the question of the first importance. It is a question of air and soil poisoning.

The second question of the greatest importance is the ventilation of localities and houses.

The third is the conservancy of the water-supply.

In conclusion, in my opinion, the most urgent work is the completion of the drainage, or, in other words, the removal from the City of the liquids that pollute the surface of the ground or soak into the soil, and lower the health of the population exposed to them.

T. S. WEIR,
Health Officer.

No. 11933 OF 1897-98.

BOMBAY, 13*th August* 1897.

Copy forwarded with compliments to the Municipal Secretary, with reference to Standing Committee's Resolution No. 4297, dated 6th instant.

There can be no doubt of the correctness of Dr. Weir's view, that a laboratory for scientific research is quite a thing apart from one for food analysis, &c., and it is further clear that the cost of the former will be very heavy and the latter moderately so. While the necessity for such institutions is undoubted, the financial condition is such as to deter me from making any proposal until the Budget comes on for discussion or subsequent thereto.

OUT-DOOR ESTABLISHMENT.

For Registration of Births and Deaths.

The City is divided into seven Wards, A to G, and these Wards are sub-divided into 32 Sections, and in addition there is the "Water Division" which covers the Harbour population.

These Wards and Sections are shown below with their respective populations :—

LOCALITIES. Ward.	SECTIONS.		Population by Census of 1891.

	2	Worli	25,493
		Water Division	22,142
		Non-Resident and unknown	.....
		Bombay ...	821,764

It will be seen that the population of these Wards and Sections vary in density from the lowest, Fort (South), with 3,951, to the highest, Umarkhadi, with 52,466 persons.

Section 442 (2).—It is proposed that the services of all the present Registrars be dispensed with, and that for the purpose of carrying out the new duties, the Deputy Health Officers now employed will be appointed "Registrars" one for each Ward.

These officers will perform such other duties as the Commissioner and the Executive Health Officer may think necessary.

The Registrars, who must live in the Wards to which they are appointed, must have an office, and for the purposes of writing up the registers and performing such clerical duties as may be connected therewith, a small staff as detailed below:—

It will be necessary to hire rooms in each Ward for the Registration office, centrally situated, for general convenience of the public.

Section 442 (2).—To carry out the duties of Sub-registrars, it is proposed to employ men of the Hospital Assistant class. These men will also be required to live in the Section to which they are appointed, and the number of such men will depend upon the population of the Section.

The establishment proposed is shown below :—

Section 442 (3).—The present Cemetery Karkoons will be retained as the officers in charge of each place for the disposal of the dead. They are 22 in number, and the present grouping of cemeteries may remain until experience is gained of the working of the new scheme.

Section 445 (3).—For the purpose of birth registration the Karkoons at present employed will be retained, but their number must be increased, as the present number (39) allows no margin for men off duty through sickness or who go on leave, and an allowance must be made for the growth and extension of population.

It is not possible at present to give an exact estimate of the cost of printing the new Registers and Certificate forms, but Rs. 1,500 is provided for.

The Deputy Health Officers have been already provided with office furniture, but desks and chairs will be required for their clerks, and provision has been made for the cost below :—

REVENUE DEPARTMENT,

BOMBAY CASTLE, *9th December* 1897.

To THE MUNICIPAL COMMISSIONER

FOR THE CITY OF BOMBAY.

SIR,—With reference to your letter No. 17784, dated 14th October 1897, requesting permission to the laying of a new siding for the transport of town sweepings to Coorla and the construction of an approach road on certain Government land on the Mahaluxmi flats, I am directed to enquire if the Municipality is willing to take up the land on the terms stated below : —

(1) The land to be held on a lease for 25 years at a valuation or occupancy price of Rupee 1 per square yard.

(2) The Municipality to pay annually a ground rent of one pie per square yard of the area occupied.

(3) The lease to be prepared by the Government Solicitor at the expense of the Municipality, including the Stamp and Registration fees.

2. I am to observe that at the end of 25 years a new arrangement can, if necessary and expedient, be made according to the circumstances then existing, and to add that, if the terms offered are accepted, there is no objection to the work on the land being begun in anticipation of the execution of a lease.—I have, &c.,

J. MONTEATH, Chief Secretary to Government.

No. 23125 OF 1897-98.

BOMBAY, 10*th December* 1897.

Forwarded to the Executive Engineer for favour of early remarks. The matter should go before the Standing Committee to-day.

P. C. H. SNOW, Commissioner.

No. 12711 OF 1897-98.

BOMBAY, 10*th December* 1897.

TO THE MUNICIPAL COMMISSIONER.

Returned to the Municipal Commissioner.

2. The strips of land now under consideration form portions of a large plot of land, the ownership of which forms the subject matter of dispute between the Government and the Corporation.

3. It would not be advisable to postpone the works of laying the siding and of constructing the approach road on the Tardeo Flats, for which the strips of land above referred to are required, until this dispute is settled.

4. Under the circumstances the best course appears to be to accept the conditions laid down by Government subject to such right of ownership as the Corporation may hereafter establish over the land in question, and to obtain the sanction of the Standing Committee and the Corporation to the adoption of this course.

M. C. MURZBAN, Executive Engineer.

No. 23172 OF 1897-98.

BOMBAY, 10*th December* 1897.

Forwarded to the Municipal Secretary for favour of placing the matter before the Standing Committee to-day for their sanction to the adoption of the proposal. The sanction of the Corporation is also necessary.

P. C. H. SNOW, Commissioner.

Resolved: "That memorandum to the Secretary, No. 23172, dated this day, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the acquisition from Government of two plots of land admeasuring 7,251 square yards or thereabout, situate on Tardeo Flats, subject to such right of ownership as the Corporation may hereafter establish over the land in question, and on the following conditions, the land being required for the laying of a new siding for the transport of Town sweepings to the Khajan of Devnur near Chimboor and the construction of a approach road for cutchra carts on the said land :—

No. 8166.

"(1) The land to be held on a lease for 25 years at a valuation or occupancy price of Re. 1 per square yard.

"(2) The Municipality to pay annually a ground rent of one pie per square yard of the area occupied.

"(3) The lease to be prepared by the Government Solicitor at the expense of the Municipality, including the Stamp and Registration fees.

"That the Chairman be requested to apply to the Corporation to consider this resolution as urgent business at their meeting to be held on Monday, the 13th instant."

No. 23127 OF 1897-98.

BOMBAY, 10*th December* 1897.

To THE MUNICIPAL SECRETARY.

SIR,—I have the honour to forward herewith, for the approval of the Standing Committee, a draft form of debenture for the new 20 lakhs temporary loan from the Bank of Bombay which has been settled by the Municipal and Bank Solicitors. This should be circulated at to-day's meeting.—I have, &c.,

P. C. H. SNOW, Commissioner.

BOMBAY MUNICIPALITY.

Debenture No. for Rs. Repayable August 1898.

20 Lakhs (Temporary) Loan, 1897-98.

By virtue of the Local Authorities (Emergency) Loans Act, 1897, and with the sanction of the Governor-General in Council, dated

the 19th day of November 1897, we, the Municipal Corporation of the City of Bombay, in consideration of the sum of Rs.
paid to us by the Bank of Bombay, for purposes mentioned in sub-section (1) of section 2 of the said Act, promise to pay to the said Bank of Bombay, their successors and assigns, the said sum of Rs. together with interest as follows, *viz.*:—(*a*) so long as the Bank of Bombay's current rate or rates for the time being and from time to time prevailing during the pendency of this debenture, for demand loans on the security of Government paper shall be 5 per cent. per annum or at any higher rate, then at the rate of 1 per cent. below the Bank of Bombay's said rate for the time being; and (*b*) so long as the Bank of Bombay's said rate shall not be 5 per cent. or at any higher rate, then at the rate of 4 per cent. per annum for the time being.

And by way of security for the said payment, we do hereby grant and assign unto the said Bank of Bombay, their successors and assigns, such proportion of the taxes and duties which may be levied by the said Corporation, and of the general revenue which may, from time, to time, belong to, or be receivable by, the said Corporation under or by virtue of Act IV of 1857, and Bombay Acts VI of 1863 and of 1878, and III of 1888, or any of them, or of any other Act or Acts which may hereafter be passed in amendment of, or in addition to, or in substitution for, the said Acts, or any of them, as the sum aforesaid doth or shall bear to the whole sum which is or shall be borrowed upon the security of the said taxes, duties or revenue. To hold to the said Bank of Bombay, their successors and assigns, from the day of the date hereof until the sum aforesaid, with interest for the same at the rate or respective rates aforesaid, shall be fully paid and satisfied. And it is hereby declared that the said principal sum, with interest as aforesaid, shall be repaid on the 31st day of August 1898 at the Bank of Bombay, unless we, the said Corporation, shall have given or cause to be given to the said Bank of Bombay, their successors or assigns, not less than 21 days' previous notice in writing of our intention to repay the said principal sum with interest thereon as aforesaid on some earlier date in the month of August 1898, in which case the said principal sum, with interest thereon as aforesaid, shall be repaid at the Bank of Bombay on the earlier date so notified.

Dated this day of 1897.

This Debenture has been sealed with the common Seal of the Municipal Corporation of the City of Bombay in our presence.

(1)_____

(2)_____

Municipal Commissioner for the City of Bombay on behalf of the Corporation.

Two members of the Standing Committee.

Resolved : " That, with reference to letter No. 23127, dated this day, from the Commissioner to the Secretary, the Standing Committee approve of the draft form of Debenture for the new 20 Lakhs (Temporary) Loan from the Bank of Bombay forwarded therewith."

No. 8167.

Read letter to the Secretary, No. 22883, dated 7th instant, from the Commissioner, as under :—

Sir,—I have the honour to state that, in response to the invitation for tenders for works in the construction of a road from Dockyard Road to the junction of Coppersmith Street and Gunpowder Road, the following tenders have been received :—

Messrs. Littlewood, Pallonji & Co.	...	Rs. 18,386·39
Messrs. Teju Kaya & Co.	...	„ 19,248·95
Mr. Sitaram Laxuman	...	„ 21,211·34

The lowest tender is that of Messrs. Littlewood, Pallonji & Co., but in view of the last para. of the Standing Committee's Resolution, No. 6812 of 28th October last, it cannot be considered. The next lowest is that of Messrs. Teju Kaya & Co., at Rs. 19,248·95, which, however, being Rs. 925 in excess of the Executive Engineer's estimate for the work, the tenderers (Messrs. Teju Kaya & Co.) were asked to reduce their rates. They have agreed to reduce their rate for rock excavation from Rs. 5 to Rs. 2-8-0 per 100 cubic feet, which reduces their tender from Rs. 19,248·95 to Rs. 17,877·77. I request the sanction of the Standing Committee to the acceptance of the reduced offer of Messrs. Teju Kaya & Co. at Rs. 17,877·77. I may mention, for the information of the Standing Committee, that the third tenderer, Mr. Sitaram Laxuman, has also subsequently offered to do the work at 3 per cent. below the estimated rates, which brings down his tender to Rs. 17,773·35. Messrs. Sullemanji Mulla Abdulali & Co. have also offered to do the work at 3½ per cent. below the estimated rates, at which their offer stands at Rs. 17,681·73. I cannot, however, recommend either of these offers for acceptance—the first, *i.e.*, that of Mr. Sitaram Laxuman, owing to its being, in the first instance, less favourable than that of Messrs. Teju Kaya & Co. ; and the second, *i.e.*, that of Messrs. Sulemanji Mulla Abdulali & Co., because this firm did not tender for the work at the proper time.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : " That, with reference to the Commissioner's letter No. 22883, dated 7th instant, the Standing Committee approve of the acceptance of the tender of Messrs. Teju Kaya & Co., for the construction of a road from Dockyard Road to the junction of Coppersmith Street and Gunpowder Road, at schedule rates, aggregating Rs. 17,877·77, to be debited to the Grant for the construction of the New Wari Bunder Road."

No. 8168.

Resolved : "That, as applied for by the Commissioner in his memorandum No. 22875, dated 7th instant, and subject to the approval of the Corporation under section 133 (2) of the Municipal Act, 3 of 1888, sanction be given to the transfer of Rs. 2,500, from savings in Section I, Superior Staff, Accounts and Expenditure, Audit Establishments, to Section III, Contingencies and Printing, Municipal Commissioner's personal office establishment, to meet excess on account of advertisement charges and printing Administration Report, and the charge for the Municipal List for last year being debited to current year's grant."

No. 8169.

Shortly after 5 o'clock, it was agreed that the consideration of the remaining items on the Agenda paper of this meeting be postponed and that the next meeting of the Committee be held at 3 p.m. on Wednesday, the 15th instant.

BOMBAY, 15*th December* 1897.

AT the meeting of the Standing Committee held this day, there were present :

THE HON'BLE MR. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., *Chairman.*

COWASJEE HORMUSJEE, Esq., G.G.M.C. ; T. W. CUFFE, Esq. ; THE HON'BLE MR. FAZULBHOY VISRAM, C.I.E.; H. G. GELL, Esq. ; IBRAHIM RAHIMTOOLLA, Esq. ; KAIKHOSRU N. BAHADURJI, Esq., M.D., B.S., M.R.C.S. ; KAIKHOSRO N. KABRAJI, Esq. ; K. M. SHROFF, Esq. ; PROFESSOR O. V. MULLER, M.A. ; NANABHAI NAVROJI KATRAK, Esq., L. M. & S. ; ACCACIO G. VIEGAS, Esq., L.M. & S.

P. C. H. SNOW, Esq., I.C.S., Commissioner ; he CHIEF ACCOUNTANT ; and the ACTING SECRETARY.

On the question of the signing of the minutes of the meeting held on the 10th instant, Dr. Bahadurji pointed out that the same were incomplete in so far as certain suggestions of the Commissioner relating to the question of the amendment of the law regarding the registration of births and deaths which, although asked to be adopted by him (Dr. Bahadurji) and not seconded, were not printed on the minutes of meeting, and likewise his proposal for the reconsideration of the schedule in the light of the amendments in the report which was ruled out of order was omitted from the proceedings. The Chairman pointed out that the usual procedure had been followed, and on taking the sense of the meeting it was resolved by 8 votes against 1 that the minutes of the meeting as recorded be signed.

The minutes of the meeting held on the 10th instant were then signed.

The seal of the Corporation was affixed to deed of conveyance between the Corporation and Bai Dinbai N. M. Petit, of Municipal land at Mint Road.

No. 8362. *Resolved*: "That sanction be given to the cutting off of water-connections as per lists accompanying the Deputy Commissioner's memoranda Nos. 22956 and 23618, dated 8th instant and this day."

No. 8363. *Resolved*: "That, as applied for by the Commissioner in his memorandum No. 22650, dated 4th instant, sanction be given to the transfer of Rs. 149-9-11 from savings in the grant for Licensing Department, Section I, Establishment, to Section II, Contingencies, &c., same head, to meet the cost of extra electric lamps to be provided for the said department."

No. 8364. *Resolved*: "That, as applied for by the Commissioner in his memorandum No. 23131, dated 10th instant, and subject to the approval of the Corporation, under section 133 (2) of the Municipal Act, III of 1888, sanction be given to the transfer of Rs. 1,000 from savings in the grant for Section I, Establishment, Victoria Gardens, to Section IV, Repairs to Buildings, same head, to meet the cost of repairs to clock tower which was struck by lightning on the 8th June 1897."

No. 8365. *Resolved*: "That, with reference to the Deputy Commissioner's letter No. 22548, dated 3rd instant, the Standing Committee approve, under the terms of Sections 211 and 517 (1) (*j*) of the Municipal Act, III of 1888, of the filing of three suits, in the Court of Small Causes, against the Colaba Land and Mill Company, for the recovery of Rs. 1,249-2-10, Rs. 1,987-2-9, and Rs. 1,953-5-10, on account of property taxes, as per lists marked 1, 2 and 3."

Considered letter to the Secretary, No. 23075, dated 9th instant, from the Commissioner as under :—

SIR,—In reference to item No. 3 of your letter No. 7467 of the 17th ultimo, I have the honour to state that the sum of Rs. 2,227-7-7, which was provided to meet the cost of procuring air analyses by an expert not being required will lapse to surplus cash balance. As, however, a suggestion has been made in the Standing Committee

that this sum should be utilized to meet the cost of analysis of the articles of food now under consideration of the Committee of the Corporation, I request the sanction of the Standing Committee and the Corporation to provide the sum of Rs. 2,227 out of surplus cash balance to meet the necessary expenditure.—I have, &c., P. C. H. SNOW, Commissioner.

Proposed by Nanabhai N. Katrak, Esq., seconded by Cowasjee Hormusjee, Esq.—

No. 8366. "That letter No. 23075, dated 9th instant, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the expenditure of Rs. 2,227 from surplus cash balance, to provide for the cost of analyses of the articles of food, &c., now under consideration of the Committee of the Corporation."

Carried.

No. 8367. *Resolved*: "That, as applied for by the Deputy Commissioner in his letter No. 22591, dated 3rd instant, and under the terms of the Pension Regulations, sanction be given to the payment of a monthly pension of Rs.4-2-8 to Vishnu Govind, late peon, Assessment and Collection Department, from 11th May 1897."

No. 8368. *Resolved*: "That, as applied for by the Deputy Commissioner in his letter No. 22592, dated 3rd instant, and under terms of the Pension Regulations, sanction be given to the payment of a monthly pension of Rs. 4-2-8 to Mahadu Bhikajee, late peon, Assessment and Collection Department, from 11th May 1897."

No. 8369. *Resolved*: "That, with reference to the Commissioner's memorandum No. 22551, dated 3rd instant, the Standing Committee approve, under the terms of section 382 of the Municipal Act, III of 1888, of a written notice being served on Hadji Ibrahim Samsudin, requiring him to cease excavating and removing sandstone from the oart No. 582, Mahim Agar, Lower Mahim, and to fill up with sweet earth the excavated portion to the former level."

Considered letter to the Secretary, No. 22744, dated 6th instant, from the Commissioner as under:—

SIR,—Referring to the Corporation's Resolution No. 2419 of the 3rd June 1897, on the subject of the Mahim and Warli burning and burial ground, I have the honour to state that the Executive Engineer reports that he has been carrying on negotiations with the owners

of the several plots of ground, one of whom, Mr. Muncherji Bomanji Punthakey, has offered to sell his plot of ground, measuring 6,820 square yards or thereabout, as per accompanying plan, at the rate of Rs. 1-8 per square yard on condition that the Municipality bear the cost of stamping, registration and other legal charges. On this ground there are about 128 large and 40 small cocoanut trees and one old shed of mud masonry and tiled roof. 2.—The owner, however, states that he has no title deeds relating to this property as they were destroyed in a conflagration which occurred in 1868, but he is willing to give the necessary indemnity. 3.—The Executive Engineer considers that the offer is a fair one; I therefore request the sanction of the Standing Committee and the Corporation to its acceptance.—I have, &c., P. C. H. SNOW, Commissioner.

No. 8370. *Resolved*: "That letter No. 22744, dated 6th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the purchase from Mr. Muncherji Bomanji Punthakey of a plot of ground, admeasuring 6,820 square yards or thereabouts, situate at Mahim, as shown in red colour on the tracing marked A, dated this day, and filed in supplement to minute books, at the rate of Rs. 1-8-0 per yard, and on condition that the Municipality bear the cost of stamping, registration and other legal charges; the land being required for the Hindu burning and burial ground at Mahim as sanctioned by the Corporation in their Resolution No. 2419 of 3rd June 1897. The cost to be met as an advance from surplus cash balance pending the inclusion of the amount in a loan to be hereafter raised."

The consideration of memorandum No. 21112, dated 18th ultimo, from the Commissioner, and 16 returns of the estimated cost of loan works and expenditure thereon for 1897-98, forwarded therewith, was postponed till next week.

No. 8371. *Resolved*. "That the following be *recorded*:—Memorandum No. 22449, dated 2nd instant, from the Commissioner, forwarding letter to himself, No. 30799, dated 30th ultimo, from the Acting Health Officer, giving the mortality of the plague statistics for November 1896, contrasted with November 1897, as under:—

	November 1896.	November 1897.
Total mortality	3,024	2,984
Plague attacks	339	371
Do. deaths	273	255

The total mortality is less by 40 in 1897, while the plague attacks reported are 32 more. These figures show that the epidemic has still considerable vitality."

Resolved: "That the following be forwarded to the Corporation in continuation of the Committee's Resolution No. 7126 of 3rd November 1897, for information:—Letter No. 22379, dated 1st instant, from the Commissioner, stating that, as Surgn.-Lieut.-Col. K. R. Kirtikar has some very important inspection work to complete, which he cannot carry out by the 1st idem, he (the Commissioner) has applied to Government for permitting him to serve the Municipality until the 15th December 1897."

No. 8372.

Resolved: "That the following be *recorded*:—Letter No. 22280, dated 30th ultimo, from the Commissioner, reporting that 24 persons have been inoculated in Bombay with Professor Haffkine's prophylactic serum from 1st September to 23rd November 1897."

No. 8373.

Read letter to the Commissioner, dated 7th instant, from Messrs. Crawford, Burder & Co. as under :—

SIR,—In acknowleding the receipt of your No. 22278, dated the 30th ultimo, we have the honour to state that charges for compensation to owners of houses demolished on account of being insanitary can in our opinion be legally debited to the Municipal Fund and made an item of regular budget expenditure. These charges are incurred pursuant to section 9 of Government Notification No. 228-P., dated the 10th February 1897, issued under the Epidemic Diseases Act, 1897. By Sub-section (1) of section 2 of that Act the Local Government having had all the powers conferred by the Act vested in them have power not only to empower you to take the measures prescribed by the notification, but also to determine in what manner and by whom any expenses of those measures (including compensation) are to be defrayed. By clause 9, para. 2, of the notification Government have directed that the amount is to be provided out of the Municipal Fund, and it is incumbent on the Corporation under this direction to make provision for the expenditure to the extent, even if it should be found necessary of making an additional budget grant under section 131 of the Municipal Act.—We have, &c.,

Resolved: "That the following be *recorded*:—Letter No. 8377. No. 23074, dated 9th instant, from the Commissioner, stating, with reference to the item of Rs. 1,05,562-14-7 (Health Department bullock stables and quarters for scavengers), that the item has been disposed of by the Corporation's Resolution No. 8110 of the 6th idem."

The consideration of memorandum No. 22423, dated 2nd instant, from the Commissioner, forwarding Annual Report of the working of the Goculdas Tejpal Hospital for 1896, was postponed till next week.

Considered the following:—

No. 22186 OF 30TH NOVEMBER 1897.

TO THE MUNICIPAL SECRETARY.

SIR,—With reference to the Standing Committee's Resolution No. 5093, dated 1st September 1897, I have the honour to state that the drains under and above the plot of ground referred to were examined and it was found that the smells complained of did not emanate from them. The Manager of the Gas Company reports as follows:—"The place has been inspected twice, once during the day and once during the night when the full pressure of gas is on. No old gas pipes were found near and not the slightest smell of gas could be detected."

Mr. Pavri was also interviewed when he stated that his complaint referred either to the temporary sheds then put up by the Plague Committee and to the various articles deposited by them or to the Health Department dust-bin carts, and added that since these sheds and stores were removed the smell has diminished, but has not ceased altogether. I do not think that there is any real cause for complaint. The dust-bin carts are removed twice daily and are kept as clean as possible and are not the cause of complaint. The Municipal stores referred to consist of rafters, bamboos, stone ladis

† The Chief Accountant in his letter No. 4199, dated 9th December 1897, reports to the Commissioner that the balance remaining to the credit of the above deposit account, after effecting the transfer now reported, stands as under:—

and other building and road materials, and they are of such a nature that they could not give rise to any offensive smells. The materials are being gradually removed, as the land on which they are deposited is proposed to be sold.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 8378. *Resolved* : "That, with reference to his letter to the Chairman, dated 25th August 1897, complaining of alleged nuisance in Mint Road arising from drains or Municipal stores deposited thereat or from the gas mains, Mr. Pallanji Nowroji Pavri be informed in terms of the Commissioner's letter No. 22186, dated 30th ultimo."

The consideration of letter to the Secretary, No. 22655, dated 4th instant, from the Deputy Commissioner, regarding the annual cost of bringing the whole of the meat supply of Bombay from Bandora by Railway was postponed till next week.

No. 8379. *Resolved* : "That the following be referred to the Commissioner for favour of remarks :—Letter to the Corporation, No. 42, dated 6th instant, from Mr. Rustomjee Nusserwanjee Kapadia for Mr. Cowasjee Bomanjee Engineer, regarding the refund of taxes in respect of property, Ward No. 2060 (3), Street No. 1, Charni Road, Girgaum."

No. 8380. Memoranda Nos. 22970 and 23617, dated 8th instant and this day, from the Commissioner forwarding summaries of births and deaths in the city for the weeks ending 7th and 14th instant were laid on the table.

Considered letter to the Secretary, No. 22989, dated 8th instant, from the Commissioner, as under :—

SIR,—With reference to Corporation Resolution No. 3722 of 9th July 1891, I have the honour to state that Mr. Govindji Thakersee Moolji has erected a stable in Cavel Street, and in doing so has left vacant, in accordance with a requisition from the Municipality, 53·25 square yards of ground for being added to the road. The land has been taken possession of by the Municipality and the owner thereof has agreed to accept Rs. 30 per square yard for it. The Executive Engineer considers this rate to be a reasonable one. The total value to be paid amounts to Rs. 1,597-8-0, and Messrs. Dikshit and Dhanjishah, on behalf of the owner Mr. Gokaldas Koreji, press for an early payment of the amount and intimate that they will charge interest at 6 per

cent. on it from the date the land was taken possession of. I have therefore to request the sanction of the Standing Committee, in anticipation of the sanction of the Corporation, to the payment of the amount in the first instance out of the recouped surplus cash balance pending adjustment from loan or any other funds from which the Corporation may decide to meet the total expenditure of laying out a new street at Cavel.

I forward herewith a plan showing the plot of ground.—I have, &c.,

P. C. H. SNOW, Commissioner.

Resolved: "That letter to the Secretary, No. 22989, dated 8th instant, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the payment to Mr. Gokaldas Koreji of Rs. 1,597-8-0, to meet the cost of 53·25 square yards, or thereabout, of ground situate at Cavel Street taken up in connection with the laying out of a new street thereat and shown in red colour on the tracing marked B, dated this day, and filed in supplement to minute books at the rate of Rs. 30 per yard; the cost to be paid in the first instance out of the recouped surplus cash balance pending adjustment from loan or any other funds from which the Corporation may decide to meet the total expenditure of laying out a new street at Cavel.

No. 8381.

"That the Commissioner be authorized, in anticipation of the sanction of the Corporation, to make payment to Mr. Gokaldas Koreji of the amount as above."

The following returns were read and *recorded*:—

Returns of fires at Kalbadevi Road, Thomas Street, Colaba, Cotton Green, Colaba, Dadyset Agiari Lane, Khetwadi, Sussex Road, Chinchpokli, New Purbhadevi Road, Khandia Cross Lane, Grant Road, Chinch Bunder Road, and Kanari Matoonga, forwarded with the Deputy Commissioner's memoranda Nos. 22282 and 22652, dated 30th November and 4th December 1897.*

No. 8382.

Read letter to the Commissioner, No. 4390, dated this day, from the Chief Accountant, as under :—

SIR,—I have the honour to state that the Standing Committee in their Resolution No. 6818, dated 28th October 1897, appointed Mr. L. W. Michael to act as Municipal Secretary during the absence of Mr. Barrow on privilege leave for 30 days, but they did not fix the salary to be given to the acting incumbent. 2.—Section 77 of the Municipal Act, providing for the appointment by the Standing Committee of a fit person as Municipal Secretary, does not seem to provide for the contingency of an acting appointment. That Section lays down that the Municipal Secretary "shall receive a monthly salary of Rs. 700 which, with the previous sanction of the Corporation, may be increased to a sum not exceeding Rs. 1,000." 3.—Mr. Michael's salary as 3rd Assistant Assessor is Rs. 250 plus Rs. 50 per mensem as conveyance allowance. 4.—If the usual acting allowance rules were applied to him he would be entitled to receive an acting allowance of Rs. 300 per month in addition to his permanent pay of Rs. 250. 5.—May I, therefore, request the favour of your asking the Standing Committee to decide whether the minimum salary of Rs. 700 is to be allowed to Mr. Michael or the usual acting allowance.—I have, &c., W. E. WAITE, Chief Accountant.

No. 23627 of 1897-98.

Forwarded to the Standing Committee.—P. C. H. SNOW, Commissioner.

Proposed by Ibrahim Rahimtoola, Esq., seconded by Kaikhosro N. Kabraji, Esq.—

No. 8383. "That, with reference to Commissioner's memorandum No. 23627, dated this day, and under the terms of Section 77 (2) (*d*) of the Municipal Act, the Standing Committee approve of the payment to Mr. Michael of the minimum salary of Rs. 700 per mensem while acting as Municipal Secretary during the absence of Mr. H. W. Barrow on 30 days' privilege leave." *Carried.*

No. 8384. *Resolved* : "That, with reference to the Deputy Commissioner's memorandum No. 23399, dated 13th instant, the Standing Committee approve, under Sections 211 and 517 of the Municipal Act, of the filing of a suit in the Court of Small Causes against Mr.

Hirji Ardesir Dady, Managing Trustee of the Dady Sett's Charity Trust Estates, for the recovery of Rs. 152-3-6 on account of property taxes, as per list accompanying the memorandum."

No. 8385.

Resolved: "That, as applied for by the Commissioner in his letter to the Secretary, No. 23556, dated 14th instant, sanction be given under Section 69 (*e*) of the Municipal Act, to the variation of contract with Messrs. Richardson & Cruddas for the supply of stoneware pipes at the Bellasis Bridge Depôt, whereby the contract time for the delivery of the pipes may be extended from 4th to 12th November 1897."

Read letter to the Commissioner, No. 12818, dated 11th instant, from the Executive Engineer, as under :—

SIR,—I have the honour to inform you that having invited tenders from several persons for the removal of kutchra from the site of the sidings, approach roads and platforms, proposed to be constructed on the Tardeo Flats in connection with the scheme for the future disposal of kutchra, I have received offers from the firms and persons named in the margin. Mr. Sitaram Luxuman's offer was Re. 0-15-6 per 100 c.ft., but at my instance he has reduced it to annas 14 per 100 c.ft. Mahar Rowji Sadoo's offer is 13 annas per 100 c.ft. which is the lowest, but as that man has no means and is unable to deposit money as a guarantee for the satisfactory completion of the work, I regret I cannot recommend it for acceptance. The total cost of the work will be Rs. 16,309, including 10 per cent. for contingencies and establishment as detailed below:—

Messrs. Teju Kaya and Co., Messrs. Hormusjee Jehangirji, Mr. Bhaskar Shivram, Mr. Sayaji Naguji, Mr. Sitaram Luxuman, Mahar Rowji Sadoo, Ama Sulba and Shivram Illaji, Mulloo Mukundji, Sakharam Gangaji Dugroo Rama, Mahanu Mahadoo and Co., Mr. Sudama Sugundas.

16,94,400 c.ft. of excavation in kutchra at Re. 0-14-0 per 100 c.ft.	Rs.	14,826
Add 10 per cent. for contingencies and establishment...	„	1,483
	Rs.	16,309

I have to request the favour of your obtaining the sanction of the Standing Committee to the acceptance of Mr. Sitaram Luxuman's offer and to the expenditure of Rs. 16,309 on the work to be met from the grant for the future disposal of kutchra.—I have, &c., M. C. MURZBAN, Executive Engineer.

No. 23640 OF 1897-98.

BOMBAY, *15th December* 1897.

Copy forwarded to the Municipal Secretary for favour of sanction to the acceptance of the offer of Mr. Sitaram Luxumon at the estimated cost of Rs. 14,826 at the rate quoted by him plus Rs. 1,483 for contingencies and establishment; sanction of that body is also requested to dispense with the invitation for tenders by public advertisement.—P. C. H. SNOW, Commissioner.

Resolved: "That, with reference to the Commissioner's memorandum to the Secretary, No. 23640, dated this day, the Standing Committee approve of the acceptance of the offer of Mr. Sitaram Luxumon for the removal of kutchra, from the site of the sidings, approach roads and platforms proposed to be constructed on the Tardeo Flats in connection with the scheme for the future disposal of kutchra at a total cost aggregating Rs. 16,309, including 10 per cent. for contingencies and establishment.

No. 8386.

"The cost to be met from the grant for the future disposal of kutchra.

"That, under the terms of section 72 (3) of the Municipal Act, the Standing Committee dispense with the invitation for tenders which would otherwise be necessary, as the rate offered by Mr. Sitaram Luxumon is advantageous to the Municipality."

Read letter to the Commissioner, No. 4295, dated 14th instant, from the Chief Accountant, as under:—

SIR,—In continuation of this office No. 3257 of 14th October 1897, and with reference to the Standing Committee's Resolution No. 14241, dated the 24th March 1897, I have the honour to forward herewith, for the information of the Standing Committee and the Corporation, two statements marked A and B, showing the expenditure passed and paid from the commencement of the Bubonic Plague up to 31st March 1897, and from 1st April to 30th October 1897, respectively, including the expenditure paid by the Plague Committee up to the latter date. 2.—Copies of the statements have been sent this day to the Chairman, Plague Committee, for the information of Government.—I have, &c., W. No. 8388.

Resolved: "That, with reference to the Commissioner's letter to the Secretary, No. 23595, dated this day, the Standing Committee approve of the acceptance of the tender of Mr. Rustomji Ratanji Contractor, the lowest of four tenders received, for the construction of a temporary market at Fergusson Road at schedule rates aggregating Rs. 6,614-9-11, to be debited to the grant sanctioned by the Corporation in their Resolution No. 2279 of the 11th June 1896."

Read letter to the Commissioner, No. 12196, dated 29th ultimo, from the Executive Engineer, as under :—

SIR,—I have the honour to observe that the contract work in constructing storm-water drains in the newly acquired ground of the Victoria Gardens was not completed till the 31st October 1897, although the contract period expired on 16th August 1897. 2.—At the commencement the work proceeded very slowly and in consequence frequent letters were written to the contractors, Messrs. Dewram Keshowji & Co., desiring them to push on with the work. 3.—Under this office No. D.-4460, dated 28th July 1897, they were further informed that if they failed to finish the work within the contract period they would have to pay for the Municipal Staff employed to supervise the work from the expiration of the contract period to the time it was finished. 4.—In reply to this letter, the contractors stated that they were trying to push on with the work vigorously, but they were obliged to stop at times on account of rain. They also said that if the fair weather allowed, they would complete the work promptly and under the circumstances they asked for an extension of time. 5.—Under this office No. D.-5111, of 16th August 1897, the contractors were informed that though latterly rain had interfered with the progress of the work, yet very little work had been done in the first month which was very nearly dry throughout, and had they employed a sufficient number of men from the beginning they could have finished the work within the contract period. They were further informed that the charges for the Municipal staff would be recovered from the moneys due to them.

6.—The amount to be recovered from the contractors for the Municipal staff is as under :—

From 17th August to 31st August ..	...	...	Rs.	45 15 6
For the month of September	...	...	,,	86 10 8
,, October ...	...	...	,,	85 0 0
		Total	Rs.	217 10 2

7.—I would beg the favour of your sanction to the contract time being extended to the 31st October 1897, and to the recovery of Rs. 217-10-2 from the contractors for the Municipal staff employed to supervise the said work from the 17th August to 31st October 1897.—I have, &c., M. C. MURZBAN, Executive Engineer.

No. 23629 OF 1897-98.

BOMBAY, 15*th December* 1897.

Copy forwarded to the Standing Committee for favour of sanction to the extension of the contract time as applied for by the Executive Engineer and to the recovery of Rs. 217-10-2 from the contractors.—P. C. H. SNOW, Commissioner.

Resolved : "That, as applied for by the Commissioner in his memorandum No. 23629, dated this day, sanction be given (1) under Section 69 (*e*) of the Mun cipal Act to the variation of contract with Messrs. Deoram Keshowji & Co., for the construction of storm-water drains in the newly acquired ground of the Victoria Gardens, whereby the contract time may be extended from 16th August to 31st October 1897, and (2) to the recovery of Rs. 217-10-2 from the contractors for the Municipal staff employed to supervise the said work from 17th August to 31st October 1897."

No. 8389.

The Committee considered in private letter to the Commissioner, No 4316, dated this day, from the Chief Accountant, regarding the banking of surplus funds forwarded under the Commissioner's memorandum No. 23626 of 1897-98.

The Acting Secretary was requested to enter the minutes relating to this question in the file of confidential papers, No. 280.

BOMBAY, *22nd December* 1897.

The seal of the Corporation was also affixed to the following 260 Municipal Debentures :—30 attested duplicate debentures of the Tansa Water Works Loan, Nos. 21251 to 21253, 21262, 21263 and 21265, of Rs. 500 each; Nos. 14757/58, 14759/60, 14761/62, 14763/64, 14765/66, 14767/68, 14769/70, 14771/72, 14773/74, 14775/76, 14779/80, 14781/82, 14783/84, 14785/86, 14787/88, 14789/90, 19663/64, 17371/72, 17373/74, 17375/76, 18004/5, 19591/92, of Rs. 1,000 each; No. 15881, of Rs. 500; and No. 19623/24, of Rs. 1,000. 72 attested duplicate debentures of the Tansa Water Works Loan, Nos. 15137, 21398, 17568, 21238, 21021, of Rs. 500 each; No. 14885/86, of Rs. 1,000; Nos. 17734, 17545, 17546 to 17551, of Rs. 500 each; Nos. 14841/42, 14843/44, 19621/22, 19625/26, of Rs. 1,000 each; No. 17668, of Rs. 500; Nos. 15947/48, 18028/29, of Rs. 1,000 each; No. 15673, of Rs. 500; Nos. 20765/66, 17337/38, 18581/82, of Rs. 1,000 each; Nos. 21039, 17245, 15799, 15177, of Rs. 500 each; Nos. 14667/68, 19733/34, 19735/36, 18597/98, of Rs. 1,000 each; Nos. 17862 to 17864, 15795 to 15798, 17575 to 17578, 15352, 18529, of Rs. 500 each; Nos. 17992/93, 17998/99, of Rs. 1,000 each; Nos. 15025, 21011, of Rs. 500 each; Nos. 19843/44, 19845/46, 19847/48, 19849/50, 19851/52, of Rs. 1,000 each; No. 15331, of Rs. 500; Nos. 15279/80, 15281/82, 15283/84, 15285/86, 15287/88, 15289/90, of Rs. 1,000 each; Nos. 17870 to 17873, 17877 to 17880, 21052 and 21053, of

Rs. 500 each. 72 attested duplicate debentures of the Tansa Water Works Loan, Nos. 13413/14, 13415/16, 13417/18, 13419/20, 13421/22, 13423/24, of Rs. 1,000 each; Nos. 13723, 13724 to 13727, 13731, 13733 to 13754, 13756 to 13759, 13761 to 13766, 13768 and 13769, 13772, 13775 to 13789, 13791 to 13795, 13798 to 13800, 13802, and 13805, of Rs. 500 each. 30 attested duplicate debentures of the Tansa Water Works Loan, Nos. 14064 to 14066, 14070 and 14071, 14074 to 14088, 14090 and 14092 to 14100, of Rs. 500 each. 3 attested duplicate debentures of the Drainage Loan of 1878, Nos. 3417 and 3418 and 2296, of Rs. 500 each. 16 attested duplicate debentures of the Sanitary Works Loan of 1885, Nos. 2331N.N., 143N.N., 144N.N., 3309N.N., 3015N.N., 1705 N.N., 266N.N., 2336N.N., 2764N.N., 2765N.N., 5282N.N., 436N.N., 3024N.N., 3035N.N., 3069N.N. and 3070N.N., of Rs. 500 each. 2 consolidated debentures of the Sanitary Works Loan of 1885, Nos. 2012N.N. to 2015 N.N., of Rs. 2,000; and Nos. 3448N.N. to 3463N.N., of Rs. 8,000. 3 consolidated debentures of the Drainage and Water Works Loan Nos. 2118 to 2137, of Rs. 10,000; Nos. 2138 to 2161, of Rs. 12,000; and Nos. 1749 to 1756, of Rs. 4,000. 3 attested duplicate debentures of the Sanitary Works Loan of 1888, No. 40, of Rs. 500; Nos. 1111/20 and 1091/1100, of Rs. 5,000 each. 4 attested duplicate debentures of the various Sanitary Works Loan of 1890, No. 4241/50, of Rs. 5,000; No. 2945/46, of Rs. 1,000; No. 84, of Rs. 500; and No. 441/45, of Rs. 2,500. 1 attested duplicate debenture of the 23¼ Lakhs Loan, No. 1790/91 of Rs. 1,000. 1 attested duplicate debenture of the Tansa Water Works Loan, No. 453 of Rs. 500. 8 attested duplicate debentures of the Tansa Water Works Loan, Nos. 13806, 13801, of Rs. 500 each; No. 13281/82, of Rs. 1,000; Nos. 11741/50, 11701/10, 11691/700, 11711/20, 11721/30, of Rs. 5,000 each. 3 attested duplicate debentures of the Tansa Water Works Loan, Nos. 19392, 15978 and 15979, of Rs. 500 each, 12 debentures of the 20 Lakhs (Temporary) Loan, 1897-98, Nos. 1 to 12, of Rs. 50,000 each.

Resolved: "That sanction be given to the cutting-off of water connections as per list accompanying the Commissioner's memorandum No. 24393, dated this day."

No. 8867.

Resolved : " That the following be *recorded* :—Letter to
No. 8868. the Secretary, No. 23567, dated 14th instant, from the Commissioner, stating that the lease which was entered into with Mr. Abu Bakar Hadji Mahomed for the occupation of the old Fire Brigade Station Rooms at Paidhoni expired on 9th November last. As the lessee intimated his willingness to renew the lease in his brother's name Hadji Ebrahim Hadji Mahomed, as he himself was proceeding on a pilgrimage, the Commissioner has sanctioned the renewal of the same in Hadji Ebrahim Mahomed's name from the 10th instant at Rs. 21 per month, and on the same terms and conditions referred to in Standing Committee's Resolution No. 8027 of 10th November 1896."

Considered letter to the Secretary, No. 23802, dated 16th instant, from the Commissioner as under :—

SIR,—I have the honour to state that, in accordance with the terms of Standing Committee's Resolution No. 5623 of 16th September last, the two sureties to the indemity bond to be executed by Bai Krishnabai to enable her to receive the interest on her lost debentures must be owners of *landed properties in the city of Poona.* Bai Krishnabai has, however, forwarded the names of persons, one of whom possesses a house in Poona worth about Rs. 3,000 and landed property in Panwel worth more than Rs. 50,000. The other is the owner of a house in Poona, which is certified to be worth about Rs. 5,000. The amount of the indemnity is Rs. 11,100, and the total value of the houses belonging to the proposed sureties above referred to in the city of Poona is Rs. 8,000 only. But as one of the sureties as well possesses landed property at Panwell worth more than Rs. 50,000, I do not see any objection to the acceptance of both of them. I therefore request the sanction of the Standing Committee to the variation of their above-quoted resolution so as to enable me to accept the sureties proposed by Bai Krishnabai.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : "That, with reference to the Commissioner's
No. 8869. letter to the Secretary, No. 23802, dated 16th instant, and the Standing Committee's Resolution No. 5623 of the 16th September last, the Commissioner be authorized to accept the two sureties proposed by Bai Krishnabai, widow of Bapuji Vishvanath Kale, of Poona, with regard to the indemnity bond to be executed by her for payment to her of interest due on certain municipal debentures lost by her."

Resolved : "That, with reference to the Commissioner's
No. 8870. letter to the Secretary, No. 23666, dated 15th instant, and under Section 92 (*b*) of the Municipal Act, sanction be given to the acceptance of the

offer of Rs. 5,000 made at the public auction by Mr. Hormusji Ardeshir Wadia, for the purchase and removal of materials of bungalow standing in the middle of the property situated at Tank Bunder lately purchased by the Municipality from Mr. Ashburner."

No. 8871. *Resolved*: "That, as applied for by the Commissioner in his memorandum No. 23967, dated 18th instant, and subject to the approval of the Corporation, under Section 133 (2) of the Municipal Act, sanction be given to the transfer of Rs. 700 from savings in Section II, Establishment, Corporation and Standing Committee Establishment, to Section I, Salary of Municipal Secretary, to meet cost of acting allowance to the Acting Municipal Secretary during the absence of Mr. Barrow on privilege leave for 30 days."

No. 8872. *Resolved*: "That the following be *recorded*:—Memorandum No. 23834, dated 17th instant, from the Commissioner, reporting, with reference to the Standing Committee's Resolution No. 4484 of the 3rd October 1888, the transfer made on the 6th instant to the Municipal General Fund Pass-book from the Surplus Cash Deposit Account, of Rs. 50,000."*

No. 8873. *Resolved*: "That the following be *recorded*:—Memorandum No. 23743, dated 16th instant, from the Deputy Commissioner, forwarding letter to himself, No. W.-8306—115, dated 11th idem, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost (*a*) Rs. 30,040-3-3, of departmental works, and (*b*) Rs. 2,892-13-7, of private works, done up to 5th December 1897, in respect of the alterations of the water-supply in various parts of the city in connection with the special measures adopted for the suppression of the bubonic plague; these statements including all previous expenditure under these two heads."

No. 23616 OF 15TH DECEMBER 1897.

Forwarded to the Municipal Secretary for the information of the Standing Committee.

P. C. H. SNOW, Commissioner.

Resolved: "That the following be *recorded*:—Memo-
No. 8874. randum to the Secretary, No. 23616, dated 15th instant, from the Commissioner, forwarding return of set-backs of properties sanctioned by the Commissioner, under Section 298 of the Municipal Act, during the month of November 1897."

Considered the following :—

ANNUAL REPORT OF THE GOCULDAS TEJPAL NATIVE GENERAL HOSPITAL, BOMBAY, FOR THE YEAR 1896.

---

1. CONSERVANCY AND WATER-SUPPLY.—(*a*) *Conservancy.*—The water-carriage system being in use at the hospital, the water-closets were kept clean and the troughs well flushed, so as not to allow the excreta to hang about the sides, and often disinfected ; so that the system, as far as it could be controlled within the building, was rendered as safe as possible. The ordinary old-fashioned latrine in the hospital compound for the use of hospital servants and their families was kept clean and disinfected also. I submit again that the hospital should be allowed to engage its own sweepers. The system of dual control involved in having municipal sweepers to do the hospital work is wrong. The municipal sweepers did not do their work to my satisfaction. These sweepers should be entertained and controlled by the hospital authorities, the municipality making a grant to the hospital to the extent of their pay just as they do in the case of the four nurses of the hospital ; and then only I can exercise that authority over them, which is necessary for the performance of the special and arduous duties that an hospital sweeper, in contradistinction to an ordinary municipal sweeper, has to perform.

(*b*) *Water-supply* was good and abundant.

2. HOSPITAL BUILDING.—The usual annual repairs, colour and lime-washing, painting, &c., were done very satisfactorily by the Public Works Department who are always ready to do what is necessary and do it promptly and efficiently. The hospital ward floors were washed every day and kept absolutely clean ; the amount of work involved in keeping them clean, considering the habits of the patients, was very great. Part of the walls on which there was oil-paint was also similarly dealt with. Whenever during the year the patients could be shifted from one ward to another owing to diminished number of admissions, the emptied ward was disinfected with sulphur fumes, and this was done very frequently during the latter part of the year when the plague was raging in Bombay. The hospital cots of all the patients were washed, cleaned and painted when necessary, and were not allowed to be infested with bugs. Carbolic steam sprays

were occasionally kept working in such corners of the wards where very bad diarrhœa and dysentery cases had to be kept, and owing to the coldness of the weather, all the doors and windows could not be kept so thoroughly open at night as to allow of thorough perflation of air.

3. GENERAL HEALTH OF THE TOWN.—The general health of the town was very bad, and Bubonic Plague prevailed as an epidemic from the month of September.

4. ATTENDANCE OF PATIENTS.—*A. In-door Patients*—The total number of admissions during the year was 2,269 as contrasted with 2,465 of last year, being a decrease of 196. The total treated in the wards was 2,360 as contrasted with 2,551 of last year, being a decrease of 191. Of these, 1,988 were males, 264 females, and 108 children; and classified according to race, there were 1,288 Hindus, 727 Mahomedans, 252 Native Christians, 77 Parsis, and 16 of other denominations, showing that all races took advantage of this institution in proportion to the population of each. Each bed accommodated during the year 19 patients. The average detention in hospital was 16 days. The average daily number of in-door patients was 102·6, the average of men being 85·7, women 12·0 and children 4·9.

B. Out-door Patients.—The total number of admissions was 14,347 as contrasted with 16,169 of last year, showing a decrease of 1,822. The total treated in the out-door dispensary was 14,454 as contrasted with 16,285 of last year, showing a decrease of 1,831. Of these, 9,779 were males, 1,921 females and 2,754 children; and classified according to race, there were 8,120 Hindus, 3,800 Mahomedans, 1,849 Parsis, 661 Native Christians, and 24 of other denominations. The average daily number of sick out-patients was 102·5, the average of men being 68·7, of women 14·8, and of children 19.

The total admissions, during the different months of the year of out- and in-door patients were as follows :—

	In-door.	Out-door.
January	213	1,221
February	187	1,247
March	190	1,314
April	187	1,293
May	199	1,414
June	183	1,163
July	230	1,251
August	210	1,316
September	210	1,502
October	190	1,229
November	149	812
December	121	585
Total ...	2,269	14,347

It will be observed that during the year under review there was a decrease in both the in-and out-patients of this hospital. This decrease was marked during the months of October, November and December, and was due to the large exodus of people from Bombay owing to the prevalence of Bubonic Plague during these months. In November and December the number of out-patients was very much reduced from this cause. It will also be noticed that, just at the very commencement of the epidemic in Bombay, before the exodus began, there was a great deal of sickness owing to other causes, there being no less than 1,502 out-door admissions during the month of September, which was the largest number during the whole year.

5. COMMON DISEASES AMONGST THE IN-PATIENTS.—*A. Medical.*—The admissions from the most prevalent diseases were in the following order :—(1) Malarial fevers, 146 ; of these, 50 were cases of remittent fever, 94 of intermittent fever, and 2 of malarial cachexia. (2) Respiratory affections, 146 ; of these, there were 82 cases of bronchitis—9 being acute, 12 subacute or bronchial catarhs and 61 chronic—49 of pneumonia, 6 of asthma, 3 of chronic laryngitis, and 2 of pleurisy, &c., &c. (3) Rheumatic affections, 79 ; of these, one only was of the acute and uncomplicated variety, the rest being cases of ordinary chronic rheumatism. (4) Diarrhœa, 110. These were, as usual, very chronic and intractable cases and often admitted in a hopeless condition. (5) Dysentery, 98. (6) Tubercle, 91, mostly in advanced stages. (7) Liver diseases, 52 ; of these 12 were cases of hepatic abscess and the rest were cases of hepatites, jaundice cirrbosis, hypertrophy, &c. The causes of the prevalence of malarious fevers, which I am directed to mention, are the same as I have endeavoured to enumerate in my former reports. They are still in operation in Bombay. As many of the same causes produced other diseases enumerated above, such as pneumonia, diarrhœa, dysentery (with the last of which malarial fevers are most commonly associated), and tubercle.

I may be permitted to mention them here again, particularly as these diseases caused the largest mortality in the hospital, and, as I believe, the same causes allowed the Bubonic Plague poison to settle and flourish in Bombay during the year :—

(*a*) Stagnation of moisture in the soil of certain parts of Bombay, where, owing to levelness of surface, drainage is very difficult, the rainfall being heavy, and people not being economical in the use of the drinking water abundantly supplied to them. Moisture in the ground floor of houses and in the rooms on the upper floors also. The ordinary "nahanees" and "morees" are badly constructed, the floors being porous and the walls near them also porous ; they are not cleansed or flushed, and yet constantly kept wet and are used not only for bathing purposes, for which they are intended, but as urinals and often as latrines. Thus, there is retention of moisture

and filth in and about them, and, as they are generally in the sleeping rooms, the air of these rooms is always more or less contaminated. The ground floors are moist because very often there is no provision to convey the rain-water away from the foundations and walls of the buildings, and the floors themselves are not well made and allow of moisture to rise through them.

(*b*) The houses of the poor, and also some houses of the well-to-do in Bombay, are built in defiance of all laws of sanitation, some of the streets being very narrow and some houses having not sufficient air space between them for ordinary ventilation, let alone free perflation of air. The staircases and passages and rooms are narrow, dark, damp, and ill-ventilated. There are very few windows in the rooms, and some of them open on to very narrow "gullies" where all kinds of vegetable and animal refuge, and even fecal matter, are often thrown there, to remain and decompose and contaminate the ground. The gullies and streets, on to which these things are thrown, are not swept and cleaned often enough.

(*c*) The dirty habits of the natives, which allow of human excreta to contaminate the air, the water and the soil. I have often seen in the houses of even well-to-do Banias and Bhatias, and Khojas and Memons in Bhuleshwar, Khojah Moholla, and even in some Parsi houses in the Fort, as much disregard for sanitation as in any poor man's house. I have seen and inhaled and felt filth in all its varied forms, accumulated on the floors and nestling in nooks and corners and furniture, so much so that I have often expressed to the medical friends who call me in consultation my great unwillingness to visit again the same dark, damp and filthy places where every second step one took one stood a chance of accidentally trampling on fecal accumulations said to be harmless, because forsooth they were only due to children's squatting !! Drinking-water in Bombay may be good at its source and in the supply pipes; but when it is stored in copper or earthern pots and placed on "nahanee" walls and "nahanee" floors and such other most undesirable situations, exposed to foul air and dust—and what not—it could be hardly called pure. Many natives sleep in the warm weather with scarcely any clothing round them, with their abdomens always exposed, and so they are very apt to catch chills ; and chill is a very powerful nervous depressant predisposing one to malarious fever, dysentery, diarrhœa, &c. In the cold weather again they hermetically seal up their rooms, and as if that was not enough to exclude air, they cover their heads up and breathe and rebreathe their own expired air, and the similarly tainted expired air of the other inmates of the same room, along with the contaminated air of the room itself, forms as poisonous a mixture as could well be conceived.

It will thus be perceived that in such households and with such habits the air is reeking with filth, the water is tainted with filth,

and the floors inside and the ground in the street outside are sodden with filth, and this has been going on for years and years. These conditions are, in the words of Sir William Jenner, "the death-dealing weapons in the destroyer's hands."

In the city of Bombay then, as contrasted with Mofussil stations to the ordinary causes of malarious fevers, namely, decomposing vegetable matter, dampness and chills are added owing to overcrowding, fecal and other contamination of air; and hence these fevers in Bombay partake more of the character of typhoid fever and are not so amenable to quinine, and are more fatal. The imperfect drainage system of Bombay is another source of ground-air contamination, and even when the system is made perfect, I doubt whether it will ever work well in future.

The water-carriage system of conservancy may be well suited to the habits of Englishmen in England and may be the best sanitary system there, but in Bombay such being the dirty habits and the sanitary ignorance and the apathy of the people, it can never, in my opinion, be carried out honestly with that scientific exactness and thoroughness that it is carried out in London. Even there how dangerous the system has proved now and again, and how disastrous have been the results of faulty and dishonest workmanship.

B. Surgical.—There were 528 cases of local injuries admitted, being 7 more than last year. Of these, the principal regions affected were in the following order:—Lower extremity, 189; upper extremity, 106; head and face, 119; chest, 38; back, 17; abdomen, 17; pelvis, 9; neck, 5; eye, 3; ear, 1. These injuries comprised:—*Fractures of all kinds* furnished 156 cases. Of these the important ones were 6 of the vault of the skull, 4 of base of skull, 4 of pelvis, and 2 of spine, 1 with and 1 without displacement. Of the 156 cases of fractures again, 42 were of the compound and 114 of the simple variety. *Wounds of all kinds*, 226, being 31 more than last year. Of these, the important ones were 2 bad cases of extensive cut-throat, opening the windpipe, both suicidal; and one penetrating wound of the abdomen rupturing the liver due to a cart accident. The rest were simple ones and due to assaults and accidents. *Contusions*, 92. Of these, the important ones were those of the chest, 20; abdomen, 15; and back, 14. One of these was complicated with rupture of abdominal viscera. *Multiple injuries*, 39. These were mostly severe injuries, including fracture amongst other injuries; one was a case of stabbing, where the chest and abdominal cavities were opened with protrusion of nearly the whole of the stomach and intestines. *Burns*, 24. *Dislocations*, 9. The important ones were, 1 of the hip and 5 of the shoulder. It will be observed that there was a large number of compound fractures and multiple injuries, and so the surgical work of the hospital was very heavy and anxious. 460 cases of accidents were admitted from the shipping and harbour

during the year. All the rest of the surgical injuries were from the various mills, roads, carriage and tram accidents, and a few railway injuries. *Of the Surgical Diseases*, the principal ones were in the following order of frequency of admissions :—(1) *Venereal diseases* as usual head the list, 218, being 55 more than last year; these included 46 primary syphilis, 107 secondary syphilis, 39 gonorrhœa, and 26 ulcer of penis. Under the last two headings there were several cases, and they were admitted because they could not be treated as out-patients. (2) *Abscesses*, 50. (3) *Ulcers*, 43. (4) *Diseases of rectum and anus*, 19 ; these were mostly piles and fistulæ. (5) *Diseases of the tunica vaginalis*, 18 ; of these, 13 were hydrocele requiring radical cure, and 5 hœmatocele requiring operation. (6) *Skin diseases*, 17. (7) *Tumours*, 14. Of these, 12 were malignant and 2 hougni ; the malignant included 1 epithelioma of lower jaw, 1 epithelioma of male breast, 1 epithelioma of thigh, 3 epithelioma of penis, 1 epithelioma of finger, 1 schirrhus cancer of the breast, 1 schirrhus cancer of the foot, 1 cancer of larynx, 1 cancer of omentum, and 1 cancer of mesenteric glands. (8) *Strangulated hernia*, 11 ; of which 1 required herniotomy. (9) *Bubos*, 11. (10) *Calculus of the bladder*, 6. (11) *Orchitis*, 4.

C. Toxicological, 180, being 22 more than last year. Of these there were 136 cases of alcoholic, 22 opium, 9 datura, 3 each of arsenical and cannabis indica poisoning, one each of potash, cyanide of potassium, nux vomica, aconite, strychnia, morphia and chlorodyne poisoning. The stomach pump was used one hundred and seventy-six times during the year for these and other cases.

Common Diseases treated amongst the Out-patients.—The principal ones were in the following order :—(1) *Skin diseases* as usual head this list, 1,712. These were mostly scabies, ringworm, boils, eczema, urticaria and whitlow. (2) *Malarious Fevers*, 1,523 ; the causes of these I have indicated in another part of this report. (3) *Respiratory affections*, 1,012, principally catarrhs, chronic bronchitis and asthma. (4) *Venereal diseases*, 839 ; of these, there were 272 of gonorrhœa, 240 of secondary syphilis, 193 of ulcer of penis, and 134 of primary syphilis. (5) *Rheumatic affection*, 622, principally chronic and muscular rheumatism. (6) *Ulcer of all kinds*, 473. (7) *Diseases of the ear*, 416, principally inflammation of the external meatus, abscess, accumulation of wax and deafness. (8) *Intestinal worms*, 405, principally round worms in children. (9) *Eye diseases*, 382 ; of these, 315 were cases of conjunctivities, and the rest were of opacities and ulcers of the cornea. (10) *Diarrhœa*, 314. (11) *Dysentery*, 193.

There were 3,220 cases of local injuries treated ; these were principally slight wounds and contusions, abrasions and burns. There were also 6 toxicological cases in the out-patients, of which 5 were

alcoholic and one petroleum poisoning, and there were 9 cases of poisoned wounds, principally rat-bites.

Police and Medical-legal Cases and Inquests.—There were 2,350 Police cases brought to hospital for opinion, certificates, and treatment. These were mostly assault cases and accidents, and are included under the head of "Local injuries, out-patients." There were 60 inquests held during the year, of which there were 40 for fatal injuries, 8 for poisoning, 7 for tetanus traumatic, 1 for dysentery, 1 for cerebral congestion, 1 for cerebral meningitis, 1 for diarrhœa, and 1 for foreign body in the air passage.

6. OBSERVATIONS ON SURGICAL OPERATIONS.—The artificial division between major and minor operations being abolished (*vide* Circular No. S.B.—454 of 1896, dated 15th June 1896, from the Surgeon-General with the Government of Bombay), I have here shown all the operations, minor and major, on the out-door and in-door patients under one head. Thus, there were 2,593 operations performed during the year. Of this total, 908 operations were performed on in-door patients and 1,688 on out-door patients. Of the in-door patients 86 were cured, 26 relieved, 7 remained under treatment, 1 absconded and 13 died. Of the 13 deaths, 8 occurred amongst those who underwent surgical treatment for poisoning by the various drugs mentioned before, so that there were only 5 deaths from surgical operations proper. Of these 5 deaths, 2 occurred in cases of large liver abscesses, 1 in strangulated hernia, 1 in depressed fracture of the skull where trephining was practised and an abscess of the brain opened, and 1 in a case of tracheotomy, which was performed for the removal of a live fish which accidentally jumped down the windpipe as far as the bifurcation of the trachea, having escaped from between the teeth of the patient who was a fisherman.

The important operations were in the following order :—(1) *Amputations*, 53. All successful. Of these, 22 were of the lower extremity, including 6 of the leg and 1 of the thigh, and 1 of foot ; 31 were of the upper extremity, including 3 of the arm and 2 of the forearm. Of the 53 amputations again, 50 were done for injuries, 1 for necrosis, 1 for caries of the tarsus, and 1 for traumatic gangrene. (2) *Operations for hæmatocele*, 7. All successfully opened antiseptically and drained. (3) *Removal of tumours*, 7. All successful. (4) *Dislocation*, 7. All reduced. (5) *Removal of calculus*, 6. Of these, 5 were removed by lateral lithotomy and 1 by litholapaxy. All cured. (6) *Hepatic abscess*, 5. All opened and drained, with 2 deaths. (7) *Hæmorrhoid*, 2, by ligature and cautery. All cured. (8) *Herniotomy*, 1, which proved fatal. During the last four months of the year, owing to the falling off in the number of admissions, there were very few operations performed, and this circumstance decreased the total number of the year.

7. MORTALITY AND ITS CAUSES.—There were in all 353 deaths as contrasted with 297 of last year. The percentage to total treated was 15 as contrasted with 11·6 of last year. Of the total number of deaths, 76 occurred within 24 hours, 81 within 4 days, and 196 above a week after admission. The largest number of deaths occurred in the month of August and the smallest number in October. This was not because October was by any means healthy, but because the admissions were fewer. *The principal diseases and injuries* which caused the largest number of deaths were in the following order :—(1) Diarrhœa, 54. (2) Privation, 50. (3) Tubercle, 46. (4) Dysentery, 33. (5) Pneumonia, 20. (6) Remittent fever, 15. (7) Multiple injuries, 14. (8) Bronchitis, chronic, 13. (9) Tetanus, 10. (10) Anœmia, 9. (11) Opium poisoning, 7.

The first six diseases causing death occurred amongst the very poorest of Bombay, such as beggars and pilgrims, passing through and arriving at Bombay from foreign parts and those who came from different parts of India in search of food and employment to Bombay.

8. VACCINATION.—Not practised in this hospital.

9. CONDUCT OF THE ESTABLISHMENT.—Surgeon-Lieutenant Charles Easdon, the House Surgeon, performed his duties, which were very heavy and anxious during the year, with his usual zeal, ability and kind consideration for patients, so often and so highly praised before by one and others. He was on leave from the 2nd of September to 31st of October 1896, and during that time Assistant Surgeon A. P. Rodrigues from Ahmednagar acted for him. The latter gave me every satisfaction. He is a zealous, painstaking and capable officer.

The following Assistant Surgeons were attached to this hospital on general duty off and on :—Assistant Surgeons M. J. Mistry, J. P. Pocha, N. D. Merchant, S. M. Metha, A. M. Dhotiwala, P. W. Shikari and R. J. Petigara. They were each attached for so short and uncertain a period that I cannot pronounce any opinion on their work during the year. Dr. Pocha I had already reported most favourably last year.

The following Hospital Assistants were on the permanent establishment :—1st class Hospital Assistant Nagoo Laxuman, 2nd class Hospital Assistant Damodhar Laxuman, and 2nd class Hospital Assistant Narayen Bhaurao. The first-mentioned was granted an extension of service for one year and he deserved this consideration, as he is a hard-working and very careful assistant. All did their work satisfactorily.

There were too many assistants attached off and on general duty for short periods of time, and so I consider it of no use men-

tioning their names, and I cannot say anything about their qualifications, not knowing them.

The death of Hospital Steward Balkrishna Wassudeo during the year deprived the hospital of a very honest, capable and hard-working servant of Government, who was universally liked. His place is filled very worthily by his brother Mr. Balmukund Wassudeo, who promises to be equally capable and hard-working.

The Hospital Writer, Mr. J. F. Rodrigues, still continues to give great satisfaction, doing his duty carefully and to my entire satisfaction. The Assistant Steward, Mr. Pestonji Framji, also performed his duties to my satisfaction.

10. GENERAL OBSERVATIONS.—The income of the hospital was Rs. 17,668-1-8 from the provincial funds, Rs. 36,000 from the Municipality, and Rs. 13-6-0 on account of hospital stoppages; total Rs. 53,681-7-8. The total expenditure was Rs. 49,448-11-7. The expenses were, as usual, kept as low as possible by scrupulous care in not admitting any one who was not really ill and by strict economy in the use of medicines and wines and spirits. The cost of diet was annas 3 per head per diet, being a little more than last year by 2 pies. During the year the municipal water tax was increased from Rs. 176-4-6 to Rs. 373-2-7 per quarter. The municipal taxes on water and halalkhore service have much increased during the last few years, and their grant has remained the same.

From the month of September to the end of the year several cases of Bubonic Plague sought admission in the hospital. The cases were no sooner diagnosed than they were given in charge of the Police or put in a municipal van and sent to the Infectious Hospital. In three cases the patients were admitted as they showed no characteristic signs of the disease at the time and were kept segregated in the verandahs. As soon as they declared themselves to be of true plague, they were sent to the Infectious Hospital. All were seen either by the House Surgeon or by myself whenever I was present in hospital before they were sent away.

D. N. PARAKH, SURGEON-LIEUTENANT-COLONEL,
Surgeon to the Goculdas Tejpal Hospital, Bombay.

BOMBAY, 27th *January* 1897.

No. 8875. *Resolved*: "That memorandum No. 22423, dated 2nd instant, from the Commissioner and Annual Report of the working of the Goculdas Tejpal Hospital for 1896, forwarded therewith, be passed on to the Corporation."

Considered letter to the Secretary, No. 22655, dated 4th instant, from the Deputy Commissioner as under :—

SIR,—With reference to Standing Committee's Resolution No. 2301 of 2nd June 1897, I have the honour to forward herewith copy of a letter from the Secretary, G. I. P. Railway, stating the rates at which the Railways will be prepared to carry the meat from Bandora to Bombay.

2. It was found in 1878 that seven railway wagons were about equivalent to 11 meat-vans in carrying power. At present the number of municipal vans that daily come into Bombay varies from 28 to 24 and averages 25. Calculating on the above proportion and allowing an extra wagon to carry the *helkaries*, it will be safe to assume an average of 17 railway wagons per diem for purposes of comparison.

It would be rash to count upon getting the train away from Victoria Terminus within 30 minutes, and I have accordingly allowed Rs. 10 per diem for detention of the engine in the following calculation.

At present a number of *helkaries* come in with the meat-vans. Their work would be very much greater if the meat came in by train, and the Superintendent of Markets reports that at least 45 (as against the present average number of 30) would have to be employed. It has been our practice to bring these men in free of charge with the meat-vans, and we could not, without causing very great discontent, compel the butchers to pay for their tickets, and I have therefore added the cost of 3rd class tickets to and from Bandora for 45 men per day.

I assume that the Municipality would construct and maintain its own wagons, and would have to maintain the sidings.

For the maintenance of wagons I take the sum of Rs. 2,500, estimated in the Budget as the amount required for meat-vans ; I also take the Budget entry of Rs. 300 for contingencies, and a sum of Rs. 600 for maintenance of sidings. The last item is chiefly guess work, but in an estimate of Slaughter-house expenditure in 1868, I find the following entries :—

Maintenance of sidings	...	...	...	Rs. 573
Altering radius ...	...	...	...	„ 675

I do not therefore think that the estimate of Rs. 600 is exaggerated.

The Superintendent informs me that the lighting of the Bori Bunder siding to permit of meat inspection would cost about Rs. 50 per mensem, and that 3 extra peons on Rs. 10 each per mensem would be necessary to maintain order at the siding and along the road to the Crawford and other Markets.

The annual cost would therefore be approximately as follows :—

		Per annum.
Haulage, Rs. 68 by 365...	Rs.	24,820
Detention of engine, Rs. 10 by 365	,,	3,650
Tickets of 45 *helkaries* at 3 annas each per diem, Rs. $\frac{8 \text{ by } 45 \text{ by } 365}{16}$	,,	3,080
Maintenance of wagons	,,	2,500
Maintenance of sidings	,,	600
Contingencies	,,	300
Lighting Bori Bunder siding at Rs. 50 per mensem	,,	600
3 peons at Rs. 10 per mensem	,,	360
	Rs.	35,910

3. The annual cost under the present system is, as already reported in this office No. 3935 of 18th May 1897, Rs. 34,424, but the Superintendent reports that the present contract rates for food supply are abnormally high, and that under ordinary conditions the feed of the bullocks would cost about Rs. 6,000 less, which would reduce the ordinary annual expenditure to about Rs. 28,424.

4. Bringing meat in by rail would not therefore, if my estimates are approximately correct, result in any saving.

5. It will be observed that I have left out of account the capital expenditure that would be necessary for the construction of a siding and platform at Bori Bunder, the putting into order of the existing siding at Bandora, and the construction of wagons, nor do I propose to obtain estimates of these works unless called upon by the Standing Committee to do so.

6. I have also to add that the railway terms are based on the assumption that the meat siding will be at the place most convenient for our purposes, extending northwards along the western boundary of the Victoria Terminus yard from the platform where horses are now loaded. So far as I know, there is not likely to be any difficulty in the way of having a siding here, but before accepting the estimates above given as final it would be necessary to make some further enquiry into the matter. I would only point out that after going round the yard with the Traffic Manager and the Engineer I came to the conclusion that no other possible site would be so convenient, and that no other site would enable us to dispense with the carriage of the meat in vans from the railway to the market.

7. In conclusion I have the honour to observe that the present system works satisfactorily, that it has successfully stood the strain of two crisis—the riots of 1894 and the plague of 1896-97—and that in point of cleanliness and convenience there can be no

comparison between the present system under which the meat-vans go to the doors of the various markets and are there unloaded, and the railway carriage system involving carriage of the meat by coolies along the roads from Bori Bunder, not only to the Crawford Market but to the Erskine Road Market in the North and the Fort Market in the South.

I say advisedly by coolies, for, if carts were employed, half the prospective advantage from carrying the meat by railway would be at once swept away.—I have, &c.—J. H. DUBOULAY, Deputy Commissioner.

GREAT INDIAN PENINSULA RAILWAY COMPANY.

BOMBAY, 18*th November* 1897.

THE DEPUTY MUNICIPAL COMMISSIONER
FOR THE CITY OF BOMBAY.

Sir,—With reference to your letter No. 18432 of 20th ultimo, I am desired to say that we shall be prepared to haul meat-van trains between Bandora and Bombay on the following terms and conditions :—

First.—A minimum charge as for 16 wagons at the rate of Rs. 4 per wagon if the wagons are the property of the Municipality, or a minimum charge of Rs. 64 for each train.

Second.—If the wagons are the property of either the B. B. & C. I. or G. I. P. Railways. Rs. 5 per wagon, or a minimum charge of Rs. 80 for each train of Railway Company's wagons.

Third.—For any wagon in excess of 16 on the train, the charge to be Rs. 4 per wagon if the property of the Municipality, and Rs. 5 per wagon if the property of either of the Companies.

Fourth.—Empty haulage back to Bandora to be free of charge.

Fifth.—Should the engine of the meat special be detained either at Bandora or Victoria Terminus for more than 30 minutes, a charge of Rs. 10 per hour or part of an hour to be made for the full time detained.

Sixth.—The butchers or attendants who may accompany the train from Bombay to Bandora or *vice versa* to be charged third class ordinary fares each way.

The General Traffic Manager, B. B. & C. I. Railway, has agreed to these rates and conditions.—I am, &c.,

H. I. P. THOMSON, Secretary.

Proposed by T. W. Cuffe, Esq., seconded by Accacio G. Viegas, Esq.—

"That the following be *recorded* :—Letter No. 22655, dated 4th instant, from the Deputy Commissioner, reporting, with reference to the Committee's Resolution No. 2301 of the 2nd June 1897, regarding the annual cost of bringing the whole of the meat supply of Bombay from Bandora by railway."

Resolved: "That the following be *recorded*:—Memo-
No. 8877. randum No. 21112, dated 18th ultimo, from the Commissioner, forwarding letter to himself, No. 3758, dated 17th idem, from the Chief Accountant, enclosing 16 returns, marked A to P, of the estimated cost of loan works and expenditure thereon for 1897-98."

Memorandum No. 24394, dated this day, from the
No. 8878. Commissioner, forwarding summary of births and deaths in the different localities of the city for the week ending 21st instant, was laid on the table.

Resolved: "That memorandum to the Secretary,
No. 8879. No. 23601, dated 15th instant, from the Commissioner and returns showing the expenditure on account of plague charges, passed and paid by the Municipality and the Plague Committee up to 30th October 1897, forwarded therewith, be forwarded to the Corporation for information.*

Considered letter to the Commissioner, No. S.D.-1869, dated 15th instant, from the Special Drainage Engineer as under :—

Sir,—With reference to your No. $\frac{1262}{14\text{-}4\text{-}97}$, forwarding the Resolution of the Corporation No. $\frac{523}{8\text{-}4\text{-}97}$, sanctioning the provision of machinery, &c., for the remaining sectional sewerage districts south of the Elphinstone Road and the sewerage of the Mazagon sectional district, I have the honour to observe that on receipt of that resolution, I proceeded with the preparation of a contract and specification for "air-compressing machinery, ejectors, tubbing, and air "mains, sealed sewage mains and their fittings," and that, as soon as it was printed, I obtained your permission to send a copy to Messrs. Hughes & Lancaster in London, requesting them to submit a definite tender for the works comprised in the same. 2.—I despatched a copy accordingly with a covering letter on the 19th August. 3.—On the advice of Mr. Hewett, Assistant Engineer, Mechanical Branch, I stipulated in the contract for engines to compress air in *three stages*, that being the latest development in air-compression. 4.—Messrs. Hughes and Lancaster, on receipt of the contract and specification, consulted Messrs. Shone & Ault, and they being of opinion that there was no economy or advantage to be obtained from *three-stage* air-compression in the case of the

* See Proceedings of the Standing Committee, dated 15th December 1897.

low pressure required in the present instance, Mr. Ault addressed me two letters on the subject, showing in a very convincing manner and by numerous formulæ, that, although theoretically there would appear to be an advantage in *three-stage* compression even in the case of low pressures, yet practically there would be no advantage at all, because the greatly increased *initial* expenditure on the machinery would more than absorb the theoretical gain. 5.—I consulted Mr. Simpson of Messrs. Simpson Brothers of Pimplico on the subject, and he was of opinion that, for so low a pressure as that required, *three-stage* compression would be undesirable, though he thought without going into very careful calculations that *two-stage* compression might possibly afford some advantage. 6.—Mr. Horbury & Mr. Elsworthy of Messrs. Richardson & Cruddas are of opinion that single-stage compression is the most economical for the duty required. 7.—I am myself convinced after hearing all the arguments for and against stage compression, that single compression is the best for such low pressures as we require, and I believe that Mr. Hewett also is now similarly convinced on the point. 8.—This question having been disposed of, Messrs. Hughes & Lancaster submitted to me on the 25th November 1897 a definite tender through their Agents, Messrs. Richardson & Cruddas. 9.—I showed you personally the various points of this tender, and with your permission I had with Messrs. Richardson & Cruddas several interviews, which have resulted in a reduction of the sterling payments by 3 per cent. and lower rates for the iron mains with slightly reduced thicknesses. 10.—I might possibly have obtained reduction in whole of the rupee rates, but for the unfortunate circumstance of a fall in exchange at the critical period of my negotiations. 11.—Messrs. Hughes & Lancaster by their Attorneys and Agents, Messrs. Richardson & Cruddas, have now submitted to me an amended tender (forwarded herewith and marked $\frac{S.E.}{792131}$), the result of which is shown in the accompanying statements marked respectively $\frac{S.A.}{792131}$, $\frac{S.B.}{792131}$, $\frac{S.C.}{792131}$, $\frac{S.D.}{792131}$. 12.—It will be observed from statement $\frac{S.A.}{792131}$, that the amount of their tender is £21,280 sterling *plus* Rs. 3,72,980. 13.—The office grant is all in rupees, and in preparing my estimates I took exchange at 1*s.* per rupee for sterling amounts in accordance with the instructions of Mr. Acworth, the Municipal Commissioner at that time. 14.—A comparison, therefore, of this tender with the office estimate will be on the basis of the conversion of sterling amounts into rupees at an exchange of 1*s.* per rupee. 15.—It will be seen from the statement $\frac{S.B.}{792131}$ that on this basis the tender is only Rs. 880 below my estimate, though, if exchange be taken at 1*s.* 2*d.*, the saving on my estimate will be Rs. 61,677, or, if at 1*s.* 3*d.*, the saving will be Rs. 86,000. 16.—These differences would have been greater, but for my having, subsequent to the preparation of the office estimates, substituted C. I. tubbing for brick chambers for two ejector

stations, and stipulated for *two full-size* engines and *two half-size* engines instead of *three full-size* engines as taken in the estimate. 17.—These alterations have unavoidably increased the amounts, but I consider, after experience of the Colaba Works, that they are eminently desirable. 18.—I beg to refer to the Corporation Resolution No. 11934, dated 24th January 1895, which runs as follows :—"That the Commissioner be requested to provide in "future, when the Municipality enter into contracts for works or "supplies which are contracted for in sterling and where the "transaction is likely to extend over a considerable period of "time, for fixing the necessary exchange forward as far as possible, "at the time of entering into a contract. That where it is not "possible to so fix exchange forward, that from time to time during "the continuance of the contract, forward exchange be, as far as "possible, secured to the greatest possible extent." 19.—It is to be hoped that the considerable saving now available will be realized by fixing forward exchange as early as possible. 20.—After taking everything into consideration, I am of opinion that the amended tender of Messrs. Hughes & Lancaster is a reasonable and favourable one, and I beg to recommend that it be accepted for the following further reasons : (a) That Messrs. Hughes & Lancaster are the sole licensees of the Shone patents and are special Mechanical Engineers for the Shone system of drainage. (b) That their reputation is involved in the success, or otherwise, of work on the Shone system, and that if the work be entrusted to them, it will be a satisfaction to know that they will be solely responsible for the air-compressing machinery, ejectors, tubbing, and air and sewage mains, a consideration which weighed with the Municipal Commissioner and the Standing Committee in giving them the contract for similar work in the Colaba district. (c) that they have carried out the works on the Shone system at Colaba to my entire satisfaction. (d) That in any case, most of the articles comprised in the contract *must* necessarily be obtained from them and that, in case of the other articles and work being procured from elsewhere, there would be a very undesirable and unsatisfactory division of responsibility. 21.—It will be seen from the statement marked $\frac{S.D.}{792131}$ that £17,581 sterling and Rs. 2,54,537 are chargeable to the grant of Rs. 8,77,625 for general machinery, &c., for the sectional districts, that £3,513-10-0 sterling and Rs. 1,18,443 are chargeable to the grant of Rs. 3,30,072 for the Mazagon sectional district, and that the sum of £185-10-0 is to be recovered from the Port Trustees as recently arranged with them. 22.—I have omitted to observe that, in view of the falling exchange, Messrs. Hughes & Lancaster reserve to themselves the right to withdraw or modify their tender, if not accepted, before the 25th December instant.—I have, &c.,

JAMES W. SMITH, M. INST. C. E.,
Special Drainage Engineer.

No. 23628 OF 15TH DECEMBER 1897.

Mr. Smith's proposals are approved. Twelve copies of his letter and accompanying statements should be made at once for circulation to the members of the Standing Committee.

P. C. H. SNOW, Commissioner.

No. 24172 OF 20TH DECEMBER 1897.

Copy forwarded to the Municipal Secretary for favour of the sanction of the Standing Committee to the Special Drainage Engineer's proposal.

P. C. H. SNOW, Commissioner.

Proposed by T. W. Cuffe, Esq., seconded by Cowasjee Hormusjee, Esq.—

"That, with reference to the Commissioner's memorandum to the Secretary, No. 24172, dated 20th instant, and accompaniments thereto, the Standing Committee approve of the acceptance of the tender of Messrs. Hughes & Lancaster for the supply and fixing of machinery, &c., for the remaining sectional sewerage districts south of Elphinstone Road and for the Mazagon sectional sewerage district, at schedule rates aggregating £21,280 *plus* Rs. 3,72,980. The cost, £17,581 sterling and Rs. 2,54,537, to be charged to the grant of Rs. 8,77,625 for general machinery, &c., for the sectional districts, £3,513-10-0 sterling and Rs. 1,18,443 to be charged to the grant of Rs. 3,30,072 for the Mazagon sectional district and £185-10-0 to be recovered from the Port Trust as arranged with the Trustees.

No. 8880.

"That, under Section 72 (3) of the Municipal Act, the Standing Committee dispense with the invitation for tenders, which would otherwise be necessary, as the rates of Messrs. Hughes & Lancaster are advantageous to the Municipality and for the reasons given in para. 20 of the Special Drainage Engineer's letter to the Commissioner, No. S.D.-1869, of the 15th instant."

Carried.

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai and Tansa Lakes for the week ending 19th December 1897.*

Resolved : "That, in reply to his letter to the Acting Secretary, dated 20th instant, Mr. Yesvant Savalaram for Mr. Dhondiba Krishnaji Meher be informed that the Standing Committee do not see any reason to alter their resolution passed on the 1st idem, regarding the filling up of the well at Haines Road."

No. 8881.

Resolved : "That, with reference to the Commissioner's letter to the Secretary, No. 24403, dated this day, the Standing Committee approve of the acceptance of the tender of Mr. Sitaram Laxumon, the lowest of five tenders received, for the work of supplying and laying filtering materials at the Bhandarwada reservoir filters and for other works in connection therewith, at schedule rates, aggregating Rs. 19,448 *plus* Rs. 1,945 for contingencies and establishment, to be met out of the grant sanctioned by the Committee in their Resolution No. 6812 of the 28th October 1897."

No. 8882.

Read letter to the Secretary, No. 24351, dated 21st instant, from the Commissioner as under :—

SIR,—I have the honour to state that, in view of the increase in the number of plague cases, I propose to open a central station for inoculation with Professor Haffkine's plague prophylactic. His Highness Aga Khan has kindly placed his Bungalow "Khoshroo Lodge" in Nesbit Lane at Professor Haffkine's disposal for the purpose. For carrying on the work of inoculation, I request the sanction of the Standing Committee to engage the services of Dr. J. B. DeQuadros, L.R.C.P. & S., at Rs. 250 per month. When the station was opened in Love Lane last time, Dr. DeQuadros conducted the inoculation with success, and he has expressed his willingness to undertake the work now. The cost will be met out of plague grants,—I have, &c., P. C. H. SNOW, Commissioner.

Proposed by Kaikhosru N. Bahadurji, Esq., M.D.—

That letter to the Secretary, No. 24351, dated 21st instant, from the Commissioner be *recorded.*

Not seconded.

Proposed by T. W. Cuffe, Esq., seconded by Cowasjee Hormusjee, Esq.—

"That, as applied for by the Commissioner in his letter to the Secretary, No. 24351, dated 21st instant, sanction be given to the engagement of the services of Mr. J. B. DeQuadros, L.R.C.P. & S., on a salary of Rs. 250 per mensem, for carrying on the work

of inoculation with Professor Haffkine's plague prophylactic serum at the central station proposed to be opened in His Highness Aga Khan's Bungalow, called "Khoshroo Lodge," at Nesbit Lane. The cost to be met out of the grants for plague charges."

Carried.

Read letter to the Commissioner, No. 13367, dated 20th instant, from the Executive Engineer as under :—

SIR,—I have the honour to state that it is now necessary to make further purchases of coal to satisfy our requirements up to the end of the current financial year. I have therefore invited quotations from 16 local coal-dealers and brokers for the supply of (*a*) Borrea Coal Co.'s A seam anthracite coal, and as an alternative (*b*) Sibpur Bengal coal. 2.—Only three firms have submitted quotations, Messrs. Killick, Nixon & Co. for both qualities specified, Messrs. Brooks & Co. for Sibpur coal only, and Messrs. Charles Phillmore & Co. for a coal called "Shampore" which we have not previously tried. 3.—Sibpur and Borrea coal have both been extensively used at the Love Grove Pumping Station and the Municipal Workshops and have given satisfaction, and after trials extending over several days at Love Grove it has been found that their steaming properties are about equal. 4.—From the accompanying tabulated statement marked C.S.-792102 and quotations in original, it will be seen that Messrs. Killick, Nixon & Co's rates for the supply of Borrea A seam coal are lower in all cases than the rates quoted by themselves and by other firms for Sibpur and Shampore coal, and as the rates quoted for the Borrea are in my opinion reasonable, I would recommend them for your very early acceptance. 5.—The quantities required and the total cost at the rates quoted by Messrs. Killick, Nixon & Co. are as follows :—

Description.	Tons required.	Rate per ton.	Amount.
		Rs a.	Rs.
For Love Grove Pumping Station— Borrea Coal Co.'s A seam anthracite coal ...	420	15 0	6,300
For Municipal Workshops— Borrea Coal Co.'s A seam anthracite coal ...	100	14 8	1,450
For Colaba Compressor Station— Borrea Coal Co.'s A seam anthracite coal ...	75	15 0	1,125

6.—The cost of these supplies can be met from the following grants respectively : Section 2-B (Coals), Maintenance, Love Grove Pumping Station, advance of Rs. 25,000 for the purchase of stores by the

Inspector of Stores, to be subsequently adjusted against indents; Section 3-D (Coal), Maintenance of Colaba Compressor Station.—I have, &c., M. C. MURZBAN, Executive Engineer.

No. 24442 of 1897-98.

BOMBAY, 22*nd December* 1897.

Copy forwarded to the Municipal Secretary for favour of sanction of the Standing Committee to the acceptance of Messrs. Killick, Nixon & Co.'s offer.

P. C. H. SNOW, Commissioner.

Proposed by the Hon'ble Mr. Fazulbhoy Visram, C.I.E., seconded by Professor O. V. Muller—

That the offer of Messrs. Charles Phillmore & Co. for the supply of "Shampore" coal be accepted at the following rates :—

Coal for the Love Grove Pumping Station at Rs. 15-2-0 per ton.
Do. Municipal Workshops at Rs. 14-12-0 per ton.

Amendment proposed by Kaikhosro N. Kabraji, Esq., seconded by T. W. Cuffe, Esq.—

"That, with reference to the Commissioner's memorandum to the Secretary, No. 24442, dated this day, the Standing Committee approve of the acceptance of the offer of Messrs. Killick, Nixon & Co. for the supply of Borrea Coal Co.'s A seam anthracite coal up to the end of the current financial year at the following rates :—

No. 8884.

Coal for the Love Grove Pumping Station—420 tons at Rs. 15 per ton=Rs. 6,300.
Do. Municipal Workshops—100 tons at Rs. 14-8-0 per ton=Rs. 1,450.
Do. Colaba Compressor Station—75 tons at Rs. 15 per ton=Rs. 1,125.

The cost to be met from the following grants respectively :—Section 2-B (Coal), Maintenance of Love Grove Pumping Station, advance of Rs. 25,000 for the purchase of stores by the Inspector of Stores, to be subsequently adjusted against indents ; Section 3-D (Coal), Maintenance of Colaba Compressor Station.

"That, under Section 72 (3) of the Municipal Act, the Committee dispense with the invitation for tenders, which would otherwise be necessary, as the present arrangements for the purchase of coal are advantageous to the Municipality."

On a division, the amendment was *carried* by 5 votes against 3 votes, and as a substantive motion by 5 votes against 2 votes.

Read letter to the Secretary, No. 24208, dated 20th instant, from the Commissioner as under :—

SIR,—I have the honour to state that the Corporation, as per their Resolution No. 7948 of 9th November 1896, sanctioned a sum of Rs. 300 for the purchase of instruments for testing lightning conductors. The amount, however, through inadvertence, was not included in the list of lapsed grants for the year 1896-97 to be renewed during the current year to meet unpaid liabilities. The Superintendent, Government Telegraphs, Bombay Division, has now preferred a bill for Rs. 271-15-5 for the instruments supplied. I have, therefore, to request the sanction of the Standing Committee and the Corporation to meet the amount out of surplus cash balance.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : "That letter to the Secretary, No. 24208, dated 20th instant, from the Commissioner, be forwarded to the Corporation, with reference to their Resolution No. 7948, dated 9th November 1896, and with the recommendation that sanction be given to the outlay of Rs. 300 from surplus cash balance to meet the cost of instruments for testing lightning conductors."

No. 8885.

Read letter to the Secretary, No. 24402, dated this day, from the Commissioner as under :—

SIR,—In reference to the Standing Committee Resolution No. 7352 of the 10th ultimo, I have the honour to state that the cost of removing the four sheds nearest the mill and of re-erecting them in another position is estimated by the Executive Engineer at Rs. 1,302 as per accompanying estimate. I therefore request the sanction of the Standing Committee and the Corporation to defray this expenditure out of surplus cash balance.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : "That letter to the Secretary, No. 24402, dated this day, from the Commissioner be forwarded to the Corporation, with the recommendation that sanction be given to the expenditure of Rs. 1,302 from surplus cash balance to meet the cost of removing and re-erecting four sheds of the Sick Bullock Hospital at Sankli Tank (Health Department)."

No. 8886.

Resolved : "That, with reference to the Commissioner's
No. 8887. letter to the Secretary, No. 24175, dated 20th instant, the Standing Committee approve of the acceptance of the tender of Mr. Sitaram Laxumon, the lowest of the four tenders received, for the work of diverting the Arthur Road over the new masonry culvert constructed over the old main drain thereat, at a cost of Rs. 19,784-1-9, to be met out of the sanctioned grant of Rs. 22,991 for the work."

Resolved : "That the following be *recorded* :—Letter to
No. 8888. the Secretary, No. 24176, dated 20th instant, from the Commissioner as under :—

SIR,—I have the honour to state that the Executive Engineer has proposed to make certain improvements in the rolling stock of the Municipality. The chief improvement consists in the substitution of axles and naves of a make and material different to those now in use. I have therefore sanctioned the purchase, from Messrs. George Gahagan & Co., of 12 case hardened axles and 24 cast steel naves at a total cost of Rs. 1,175. These will be used experimentally on six dust-bin carts and six Road Department drain carts, which will be rebuilt. The cost will be debited to the grant of Rs. 26,000 under Section 4, Health Department, Repairs, Scavengering Carts, &c., and to the grant of Rs. 34,000 under Section D, Road Repairs and Maintenance, in equal parts.—I have, &c., P. C. H. SNOW, Commissioner."

Resolved : "That the following be referred to the
No. 8889. Commissioner for favour of remarks :—Letter to the President, dated 20th instant, from Mr. Lalchand Jasodanandan Bhumbhavi, making certain statements against the halalkhor attending at his premises No. 423, Walkeshwar Road."

The Committee considered, in private, letter to the
No. 8890. Commissioner, No. 4477, dated this day, from the Chief Accountant, regarding the investment of rupees six lakhs, forwarded under the Commissioner's memorandum No. 24438 of 1897-98.

The Acting Secretary was requested to enter the minutes relating to this question in the file of confidential papers, No. 280.

It was agreed that the next meeting of the Committee be held at 3 p.m. on Tuesday, the 28th instant.

BOMBAY, 28*th December* 1897.

Read letter to the Secretary, No. 24802, dated 4th instant, from the Commissioner as under :—

SIR,—I have the honour to state that the drainage arrangements of premises No. 176, Dadar Road, belonging to Haji Abdul Satar Haji Oomer and Haji Aboobuker Ismail being in a very bad condition, and the nuisance at the premises being serious and of long standing, a notice under section 231 of the Municipal Act was served on them on 13th January last.

The owners, however, did not comply with the notice and as a complaint was received in regard to the nuisance, the necessary work was carried out by the Municipality under section 260 of the Act and the owners were asked to pay the cost which amounted to Rs. 744-6-1 including 15 per cent. for Municipal supervision and use of tools. They declined to pay the amount and disputed their liability. A reference was therefore made to the Chief Judge, Small Causes Court under section 503 (1) of the Municipal Act, and at the hearing the owners' counsel urged that the premises in question were nowhere within 100 feet of the municipal drain and that consequently section 231 did not apply. The owners, however, agreed to pay Rs. 500 in full settlement of the municipal claim. It appears from a plan of the building that the nearest point from any part of the premises to the municipal drain is 104 or 105 feet distant. The municipal solicitors under the circumstances considered that it was not advisable to proceed with the case and recommended a settlement. The case was therefore compromised out of court by accepting the offer of Rs. 500 in full settlement of the municipal claim.—I have, &c., J. H. DUBOULAY, *for* Commissioner.

Resolved: "That, under the terms of section 517 (*j*) of Bombay Act, III of 1888, the Standing Committee approve of the compromise agreed to by the Commissioner, as per the terms of his letter to the Municipal Secretary, No. 24802, dated 4th instant, instituted against Haji Abdul Satar Haji Oomer and Haji Aboobuker Ismail in respect of the drainage of premises, No. 176, Dadar Road."

BOMBAY, *4th January* 1898.

TO THE COMMISSIONER.

SIR,—With reference to Corporation's Resolution No. 7248, dated 4th November 1897, sanctioning the last grant of rupees three lakhs for plague expenses, I have the honour to report that against the several grants aggregating rupees eighteen and a half lakhs, sanc-

tioned by the Corporation for the above purpose from time to time, the payments made and the liabilities incurred up to date amount to Rs. 18,32,603-4-1 as shown below :—

Expenditure.

From the commencement of the plague operations to 27th November 1897—

	Rs.	a.	p.
As per Statement A forwarded with this office No. dated January 1898 ..	5,31,738	8	11
As per Statement B do. do. ...	4,34,814	8	6
	9,66,553	1	5
From 29th November to 30th December 1897 ...	76,826	1	6

Liabilities—			
Advanced to the Plague Committee	7,09,500	0	0
Do. Municipal Officers	62,313	6	7
Do. Veterinary-Major Mills	15,609	8	1
Bills passed but not paid	1,801	2	6
Total Rs.	18,32,603	4	1

2. It will be seen from the above figures that the balance now available amounts to Rs. 17,396-11-11. (3) As the above balance will not be sufficient to meet the further expenses that are now being incurred and that are likely to be incurred up to the end of the current financial year in connection with the plague operations, may I request the favour of your obtaining the sanction of the Standing Committee and the Corporation to a further grant of rupees three lakhs. This will bring the total grant for plague expenses to rupees twenty-one and a half lakhs, the sum estimated by you while framing the Budget for the ensuing year as the total expenditure to be incurred on plague operations. (4) As the Commissioner is aware, arrangements have already been made with the Bank of Bombay for a temporary loan of rupees twenty lakhs to be taken up in the instalments given in the margin to meet the major portion of the above expenditure, the balance of rupees one and a half lakhs being met from surplus cash balance. (5) Sanction of the above bodies may, therefore, be obtained to the sum of rupees three lakhs now applied for being met as follows :—

Rs. 6 lakhs in December 1897.
„ 6 „ between January and March 1898.
„ 8 „ between April and July 1898.
Rs. 20 lakhs.

Rupees one and a half lakhs as an advance from surplus balances to be adjusted when the last instalment of rupees eight lakhs on account of rupees twenty lakhs temporary loan is raised in 1898-99.

Rupees one and half lakhs by an additional grant out of the sum of Rs. 2,31,629-15-4 reserved from surplus cash balance on account of probable extra grants to end of the current financial year (*vide* page ii of the Budget for 1898-99.)

Rs. 3,00,000.

No. 9239. It was agreed, on the motion of Ibrahim Rahimtoola, Esq., that the consideration of the application for a further grant of Rs. 3,00,000 towards the cost of measures for the suppression of the plague be postponed till next week and that in the meantime the Commissioner's memorandum No. 24915, dated 4th instant, and accompaniment thereto be printed on the minutes of this day's meeting.

TO THE MUNICIPAL SECRETARY.

SIR,—I have the honour to forward copy of a return of the work performed by the special Veterinary Inspector appointed to examine draught and milch cattle in the city. It will be seen therefrom that foot-and-mouth disease is prevalent to a considerable extent. The powers of the Commissioner under the ordinary provisions of the Act are somewhat limited. Draught cattle cannot be removed and segregated while cows and buffaloes, &c., can only be segregated on the premises. I consider the existing state of things a source of danger to the city and propose, with the approval of the Standing Committee, to take special powers under Section 434 of the Municipal Act to efficiently deal with the situation. Should such powers be taken, expenditure will be involved on a suitable cattle segregation camp and establishment.—I have, &c.,

BOMBAY, *5th January* 1898.

To THE MUNICIPAL COMMISSIONER.

SIR,—I have the honour to forward herewith for your information a comparative statement of mortality for December 1895 and December 1897. The present total mortality is practically double what it was in 1895. There is a remarkable decrease in the number of deaths from Remittent Fever in December 1897 as compared with December 1895, while from Phthisis and Diseases of Respiratory System there is an extraordinary increase. The gradual increase from 83 plague deaths in the first week in December to 302 in the last week of the same month is very disquieting. The difference in temperature between the two periods is to be noted.—I have, &c.,

J. LEASK, Acting Health Officer.

No. 12028 OF 1897-98.

BOMBAY, *26th November* 1897.

To THE MUNICIPAL COMMISSIONER.
(Through the Chief Accountant.)

SIR,—In returning the three tenders received with the Chief Accountant's letter No. 3512, dated 2nd November 1897, I have the honour to forward herewith a statement marked $\frac{T.S.}{1111}$ showing in a tabulated form the quantity, rate and amount of each item of the work in each of the tenders for the work of the Haines Road Night-Soil Depôt.

2. The final result is given below in order of the amounts of the tenders commencing with the lowest :—

(*a*)	Dewram Keshavji & Co.	Rs.	9,837·367
(*b*)	Sayaji Naguji	„	11,279·983
(*c*)	Sitaram Lakshman	„	11,493·328

3. Mr. Sayaji Naguji has in his tender quoted "7 per cent. $\frac{\text{above}}{\text{below}}$ the rates mentioned in the schedule." It was intended that he should strike out the word "above" or the word "below" according as his quotation was *above* or *below* the scheduled rates. This not having been done, his attention was drawn to the matter, and the accompanying letter, dated the 8th November 1897, has been received from him, from which it will be seen that his offer is seven per cent. above the schedule rates.

4. I beg also to return a letter, dated 1st November 1897, from Messrs. Dewram Keshavji & Co., received under your No. 19477, dated 2nd November 1897, who state that their rate for 3″ cast-iron pipes should be 12 annas and not 8 annas as given in the tender.

5. The system of allowing contractors to revise their rates after the receipt of tenders is one which should not be allowed except in special cases. No such speciality exists in this case.

6. Messrs. Dewram Keshavji & Co.'s tender is the lowest, but I regret I cannot recommend their tender for acceptance. They are not giving satisfaction in carrying out works now in their hands. Lately they have tendered for every work for which tenders have been invited, and they are generally the lowest.

7. I beg to point out that the time mentioned in article 23 of the contract is a misprint and insufficient. It should be altered from two to four months. The favour of your sanction is solicited to the necessary correction being made in the contract.

8. Taking everything into consideration, I am respectfully of opinion that the best plan would be to re-invite the tenders not by means of advertisement, but by means of circulars sent round to well-known contractors and the sanction of the Standing Committee may be obtained to this course being adopted.—I have, &c.,

M. C. MURZBAN, Executive Engineer.

No. 4574 of 1897-98.

BOMBAY, *5th January* 1898.

To THE MUNICIPAL COMMISSIONER.

Memorandum passed on with compliments to the Municipal Commissioner.

2. The tender of Dewram Keshavji & Co. is the lowest, the other two tenderers quoting rates even above the office estimate. The Executive Engineer does not recommend the acceptance of Dewram Keshavji's tender, as he states the contractor is not giving satisfaction. He further states that the contractor has lately been tendering for every work, and his tenders are generally the lowest.

3. One of two conclusions seems to me inevitable: (1) either that the contractor is not amenable to reason and will not do his work properly, or (2) that he can be *made* to perform his contracts in an efficient manner. If the first conclusion is correct, the contractor should, I submit, be debarred from tendering. If the second conclusion can be arrived at, it seems to me that the Municipality should not lose the benefit derived from accepting the tenders of this contractor, which, the Executive Engineer admits, "are generally the lowest."

4. In this connection I beg to invite attention to the correspondence ending with the Commissioner's No. 21647 of the 24th November last, which dealt with a similar case. The Standing Committee determined (*vide* their Resolution No. 7748 of the 24th November) to give the contract to Dewram Keshavji.

5. As an alternative to allowing Dewram Keshavji the contract, the Executive Engineer proposes that tenders be re-invited not by means of advertisement but by means of circulars sent round to well-known contractors. I see certain objections to this proposal which I submit for the Commissioner's consideration :—

(1) It will debar Dewram Keshavji from tendering and will be the means of depriving the Municipality of the benefit of a low tender without its being shown that this contractor cannot be made to perform his contract efficiently.

(2) The term "well-known contractors" is elastic, and the proposal of the Executive Engineer must do away, to a certain extent, with public competition.

6. If the Commissioner decides to re-invite tenders by means of circular, I would suggest for his consideration that the following conditions be attached :—

(1) That the present case be not taken as a precedent.

(2) That *sealed* tenders be asked for, just as if the tenders were called for by advertisement.

(3) That the names of the well-known contractors be submitted for approval before dispensing with invitation of tender by public advertisement.

W. E. WAITE, Chief Accountant.

No. 25325 OF 1897-98.

BOMBAY, *7th January* 1898.

Forwarded with compliments to the Municipal Secretary. The Commissioner sees no grounds for departing from the ordinary procedure. Nothing specific is alleged against Dewram Keshavji and unless that is done it is difficult to see why the lowest tender should not be accepted.

P. C. H. SNOW, Commissioner.

Resolved : " That, with reference to the Commissioner's memorandum to the Secretary, No. 25325, dated 7th instant, the Standing Committee approve of the acceptance of the tender of Messrs. Dewram Keshavji & Co., the lowest of three tenders received, for the construction of night-soil depôt at Haines Road at schedule rates, aggregating Rs. 9,837-5-10, to be debited to the grant of Rs. 15,587, sanctioned for the work in the Corporation's Resolution No. 14172 of the 5th March 1896."

No. 9619.

Resolved : " That the following be *recorded* :—Letter to the Secretary, No. 25326, dated 7th instant, from the Commissioner, reporting that he has sanctioned the purchase, from the Jivraj Balloo Mill Co., of a second-hand boiler of 60-lbs. pressure to serve as an air-receiver for the storage of compressed air required for the Parel, &c., Sewerage Sectional Districts at a cost of Rs. 1,200. The cost to be met from the grant of Rs. 8,77,625, sanctioned under the Corporation's Resolution No. 523 of the 8th April 1897."

No. 9620.

Resolved : " That, with reference to the Commissioner's memorandum No. 25334, dated 7th instant, and the Executive Engineer's letter No. 13714, dated 4th idem, the Standing Committee approve of the acceptance of the offer of the Standard Oil Company for the supply of 4,000 cases of kerosine oil (Snowflake Brand 150° proof) at Rs. 4-12-2 per case of two tins, delivery being taken at the Company's godowns at Mazagon. The cost of the oil to be met as an advance from the grant for reserve stock in the first instance and afterwards adjusted against the grant for kerosine oil lighting.

No. 9621.

" That sanction be given to the payment of Rs. 175 for cartage of the oil from the Company's godowns to the Municipal stores at Bellasis Road, to the debit of the last mentioned grant.

"That, under the terms of Section 72 (3) of the Municipal Act, the Standing Committee dispense with the invitation for tenders, which would otherwise be necessary, as the rate offered by the Company is advantageous to the Municipality and as other dealers who were invited to quote their rates made no offers."

Resolved: "That the following be *recorded*:—Letter to the Secretary, No 25481, dated 8th instant, from the Commissioner, reporting that he has sanctioned an appointment of Rs. 120 per mensem, for a period of three months in the Chief Accountant's Office, for bringing up the arrears caused by the extra work thrown on the department on account of the bubonic plague. The cost to be debited to the grants for plague charges." No. 9622.

No. 26043 of 1897-98.

12th January 1898.

Copy forwarded to the Municipal Secretary for the information of the Standing Committee.

P. C. H. SNOW, Commissioner.

After discussion the original motion was modified and put to the meeting as follows :—

No. 9634.

"That the Commissioner be asked to issue a circular letter to the Medical Practitioners throughout the city, requesting their hearty assistance in extending, as far as possible, Mons. Haffkine's process of inoculation against the Plague, the Practitioners being informed at the same time that every assistance in the matter will be afforded to them by the Health Department. (2) That the Commissioner be also asked to publish in the vernaculars and circulate through the city, as widely as possible, the results of the experiments which have been made with Mons. Haffkine's system of plague inoculation up to now."

Amendment, proposed by Professor O. V. Muller, seconded by Kaikhosru N. Bahadurji, Esq., M.D.—

That the Commissioner be requested to inform the medical profession by a circular or advertisement that he would be prepared to provide, on application, facilities and materials for plague prophylactic inoculation to any medical man desirous of practising the inoculation in his district.

On a division the amendment was *lost*, the votes being 5 *for* and 6 *against*.

The original motion was carried by 6 votes *against* 3 votes.

Read letter to the Secretary, No. 25769, dated 10th instant, from the Commissioner as under :—

SIR,—I have the honour to forward herewith an estimate amounting to Rs. 3,494 prepared by the Drainage Engineer to meet the cost of connecting the Valpakhady latrines to the new sewer recently laid and of providing a two hopper night-soil depôt by the side

of the latrines. At present the latrines drain into a large cesspool and the night-soil carts are loaded on a plot of open land adjoining the depôt. The work is an important work, but, as there is no grant to meet the expenditure, I request the sanction of the Standing Committee and the Corporation to defray it out of surplus cash balance.—I have, &c., P. C. H. SNOW, Commissioner.

No. 9635. *Resolved* : "That letter to the Secretary, No. 25769, dated 10th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the grant of Rs. 3,494 from surplus cash balance to provide for cost of connecting the Valpakhady latrines with the new sewer recently laid thereat, and of constructing a two hopper night-soil depôt by the side of the latrines."

Read memorandum No. 25917, dated 11th instant, from the Commissioner, forwarding letter No. 4706, dated 10th idem, from the Chief Accountant, regarding the investment of the balance of six lakhs.

No. 9636. *Resolved* : "That the arrangements reported in the Chief Accountant's letter No. 4706, dated 10th instant, be approved." (See file of Confidential Papers, No. 280.)

No. 9637. *Resolved* : "That, with reference to the Commissioner's memorandum to the Secretary, No. 25942, dated this day, the Standing Committee approve of the acceptance of the tender of Mr. Dewram Keshavji, the lower of the two tenders received, for the construction of certain additions to, and alterations in, the chawl for municipal bigaries at Dadar at schedule rates, aggregating Rs. 7,929-1-4."

No. 9638. *Resolved* : "That, with reference to the Deputy Commissioner's memorandum to the Secretary, No. 25914, dated 11th instant, the Standing Committee approve, under the terms of Section 517 (1) (*j*) of the Municipal Act, III of 1888, of the filing of suit, under the terms of Section 211 of the same, in the Court of Small Causes, against Mr. Deoji Sojpar for the recovery of Rs. 1,492-9-0 on account of property taxes due by him in respect of E Ward, No. 4755 (1)(*a*), Street No. 6 (*a*), from 1st April 1896 to 31st March 1898, and No. 6 *aa*, Mazagon Road, as per list accompanying the Assessor and Collector's letter No. 33043, dated 10th instant."

Read letter to the Secretary, No. 25900, dated 11th instant, from the Commissioner as under :—

SIR,—In reference to the Corporation Resolution No. 5711 of the 22nd September 1897, sanctioning the continuance of grain compensation to the employés of the different departments of the Municipality, drawing less than Rs. 16 per mensem to the end of November last, I have the honour to state Government and the Port Trustees have continued the payment of grain compensation to their employés. The prices of grain are still far above the normal all round, and I therefore request the sanction of the Standing Committee and the Corporation to the continuance of grain compensation to the Municipal employés up to the end of February next, subject to the condition that, if Government in the meantime discontinue the grant on any previous date, it will also cease here. The extra grant that will be required will amount to Rs. 6,995 per mensem or Rs. 20,985 for three months, and can be defrayed from surplus cash balance.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : " That letter to the Secretary, No. 25900, dated 11th instant, from the Commissioner be forwarded to the Corporation with reference to their Resolutions Nos. 249 and 6348 of the 5th April and 7th October last and with the recommendation that sanction be given to the grant of Rs. 20,985 from surplus cash balance to meet the charge of Rs. 6,995 per mensem for three months, from 1st December 1897 to 28th February 1898, on account of grain compensation to persons employed in the different departments of the Municipality drawing less than Rs. 16 per mensem each, subject to the condition that, if Government in the meantime discontinue the grant of such allowance on any previous date, the grain compensation will also cease to be paid by the Municipality."

No. 9639.

Read memorandum from the Commissioner, No. 26030 of this day's date, asking sanction to the acceptance of Messrs. Ward's tender at Rs. 68,830-9-7 *plus* Rs. 6,883 for establishment charges and contingencies for the construction of the embankment of railway line for the conveyance of town-sweepings from Kurla to Devnar, as per letter from the Executive Engineer to the Commissioner, No. 14161, of the 11th instant, as follows :—

SIR,—In returning herewith the five tenders received under the Chief Accountant's No. 4236, dated 10th December 1897, for the construction of an embankment for a railway line from Coorla to

Devnar, I have the honour to forward herewith a statement marked A—19 showing in a tabulated form the quantity, rate and amount of each item of the work in each of the tenders. 2.—The final result is given below in order of the amount of the tenders, commencing with the lowest :—(1) Messrs. J. W. Ward & Co., Rs. 68,830-9-7; (2) Mr. Pandurang Harichand, Rs. 1,03,695-6-0; (3) Mr. Sitaram Luxumon, Rs. 1,10,644-9-7 ; (4) Messrs. Rustamji Ruttonji & Co., Rs. 1,60,773-8-0 ; (5) Messrs. Pallonji Shapurji Mistry & Co., Rs. 1,69,083-12-10. 3.—I may point out that Messrs. J. W. Ward & Co. had inadvertently omitted to enter in the schedule of rates the rate for item 1*a*, *viz.*, for embankment with contractors' earth. They had also given a rate of Re. 0-14-9 per running foot of wire-fence which appeared to have been inserted by the contractors through some misunderstanding, as this rate would be more appropriate for a running yard than for a running foot. On this point I had some correspondence with Messrs. Ward & Co., who have reduced their rate to 9 annas per running foot for a fence of the same description as that specified with this difference that, instead of ordinary straining posts close* together, special straining posts a quarter of a mile apart will be provided. 4.—On both these points the contractors have addressed me a letter dated 11th January 1898 (a copy of which is herewith attached), from which it will be observed that they claim Rs. 1-9-8 per 100 c. ft. for embankment with contractors' earth and 9 annas per running foot for a fence of the description alluded to above. As both these rates are fair, the letter which gives them may be taken as a part of their tender. 5.—The amount of the lowest tender is within the estimated cost of the work. 6.—I may state that Messrs. Ward & Co. have not yet done any work in Bombay, but as they possess satisfactory certificates, their amended tender, which amounts to Rs. 68,830-9-7, may be accepted if the Standing Committee thinks fit. 7.—I also beg to request the favour of your sanction to the contingencies at 10 per cent. on the amount of the lowest tender, which would amount to Rs. 6,883. 8.—I further beg that this matter may be placed before the Standing Committee at their meeting to-morrow as the question is an urgent one and as the contractors have to arrange preliminaries, such as collecting men and materials, fixing bench-marks along the line, &c., before the work can be commenced.—I have, &c., M. C. MURZBAN, Executive Engineer.

Considered the following :—

No. 14083.

BOMBAY, 10*th January* 1898.

To THE MUNICIPAL COMMISSIONER.

(Through the Chief Accountant.)

SIR,—In returning herewith the three tenders received on the 21st instant, under the Chief Accountant's letter No. 4430, dated 20th December 1897, for the construction of the approach roads to the railway sidings on the Tardeo Flats, I have the honour to forward herewith a statement marked $\frac{M.}{31\text{-}12\text{-}97}$, showing in a tabulated form the quantity, rate, and amount of each item of the work in each of the tenders. 2.—As the cost of the work at the rates given by the lowest tenderer, *viz.*, Mr. Sitaram Luxumon, exceeded the office estimate, I requested him to reconsider his tender and reduce the rates as much as he can possibily do. In response to this request he has made a reduction in rates of those of the items as detailed in his letter dated 29th December 1897, which is herewith attached, and which may be taken as part of his tender. 3.—The final result is given below in order of the amounts of the tenders commencing with the lowest :—

1. Mr. Sitaram Luxumon	...	... Rs.	44,646	2 4
2. Messrs. Teju Kaya & Co.	...	... ,,	46,736	12 2
3. Messrs. Rustamji Ruttonji & Co.		... ,,	49,819	2 6

4. The amount of the lowest tender exceeds the office estimate by (Rs. 44,646-2-4—Rs. 43,635-10-7=) Rs. 1,010-7-9, which can be met from the savings from the grant of excavating kutchra on the Tardeo Flats. 5.—Mr. Sitaram wants six calendar working months to complete the work instead of four as provided in the draft contract. This may be allowed. 6.—Under the circumstances, it is recommended that the lowest tender, *viz.*, that of Mr. Sitaram Luxumon, for

Rs. 44,646-2-4 be accepted. 7.—I also beg to request the favour of your sanction to the following expenditure being met out of the grant sanctioned for the works in connection with the future disposal of kutchra in addition to the amount of the lowest tender :—

1. Consolidating the road departmentally by steam rollers, &c.	Rs.	3,528
2. Contingencies and establishment at 10 per cent.	„	4,716·37
	Rs.	8,244·37
	Say Rs.	8,245

8.—I beg further to request that the matter may be laid before the Standing Committee at their next meeting, as Mr. Sitaram wishes to have an early reply and the other contractors complain of their deposit-money being unecessarily locked up.—I have, &c.,

M. C. MURZBAN, Executive Engineer.

No. 26049 of 12th January 1898.

Forwarded to the Municipal Secretary for favour of sanction of the Standing Committee to the acceptance of Mr. Sitaram Luxumon's tender at Rs. 44,646-2-4 *plus* Rs. 3,528 for the consolidation of the road departmentally and Rs. 4,716-5-11 on account of contingencies and establishment.

Resolved : "That, with reference to the Commissioner's letter to the Secretary, No. 26491, dated 14th instant, the Standing Committee approve of the acceptance of the tender of Messrs. Sullemanji Mulla

No. 9967.

Abdul Ali & Co., the lower of the two tenders received, for the widening of portion of Gunpowder Road and other works connected therewith near Mankeshwar Temple, Mazagon, at schedule rates aggregating Rs. 12,290-9-11 *plus* Rs. 1,449 for contingencies and establishment, Rs. 342 for consolidating the road and removing trees from the site thereof, to be done departmentally, and Rs. 220 on account of the Gas Company's charges for removing and refixing lamp-posts and supplying and fixing new lamps. The cost to be met from the grant for the construction of Reay Road from Wari Bunder to Gunpowder Road, Victoria Road Extension."

Read letter to the Secretary, No. 26812, dated 18th instant, from the Commissioner, as under :—

SIR,—I have the honour to forward herewith a comparative statement showing the various quoted rates tendered for the supply of disinfectants.

To arrive at the aggregate result, certain quantities of each disinfectant required have been taken as a basis for comparison.

Messrs. Kemp & Co.'s tender is the lowest, and lower than the rates under the present contract. Messrs. Kemp undertake that the carbolic acid powder supplied will be of their own manufacture, and guaranteed to contain not less than 15 per cent. of carbolic acid. A sample recently tested by the Chemical Analyser to Government gives that result. Messrs. Kemp & Co. also state that they are prepared to supply any quantity of the powder in excess of ordinary requirements.

I recommend that Messrs. Kemp & Co.'s tender for carbolic acid powder, sanitas powder, cresol, and phenyle be accepted.

As regards carbolic acid fluid, Messrs. John Fleming & Co.'s tender is at the low rate of Re. 1-13-0 per gallon, and as this disinfectant is in large demand at present, I think their tender should be accepted. They make one stipulation however, that, if this rate is to rule, not less than 1,000 gallons be taken. The Municipality and Plague Committee together will certainly consume that amount.

If these tenders are accepted and sanctioned by the Standing Committee, the Municipality will be very considerable gainers, as the rates all round are lower, and the Plague Committee will of course be requested to obtain their stores from the Municipal contractors at the same rates.—I have, &c., P. C. H. SNOW, Commissioner.

BOMBAY, *January 15th*, 1898.

To THE CHAIRMAN OF THE STANDING COMMITTEE,
BOMBAY MUNICIPALITY.

(Through the Municipal Commissioner.)

SIR,—We respectfully beg to place before you, for submission to the Standing Committee, the following representation regarding the contract for the supply of disinfectants to the Bombay Municipality for the year 1898-99, commencing from the 1st March next. We also trust that, under the circumstances which we are about to mention, the Standing Committee will favour us with an opportunity of competing for the contract in question, as we inadvertently omitted to do so in consequence of the time of the partner entrusted with the sending in of our tender having been taken up in the construction of segregation camps and other cognate works for the Plague Committee, Bombay.

Our partner Mr. Oomer Jamal obtained from the Chief Accountant the form of tender in quite sufficient time to fill in and submit the same, but in returning he handed the form to one of our clerks, who put it away, and forgot all about it, until the date fixed for receiving tenders was passed.

Our other partner examined the *Times of India* and the *Advocate of India* daily up to the 14th January 1898, and in the only day's issue of the *Times of India* in which the advertisement did appear, although he scrutinized the advertisement columns, the notice inviting tenders did not come under his observation.

If we had been favoured with a copy of the notice inviting tenders (similar to the attached), such as is usually posted direct by the office to every firm likely to contract or wishing to tender, we should, without fail, have sent in our tender.

That we fully intended to tender for this contract is evidenced by the fact that we have continued to, and do now, hold large stocks of disinfectants in consequence of the Health Department strongly advising us to have all such disinfectants in store on the spot, and in such ample and sufficient quantities as to meet the exceptionally heavy demands that they should make upon us from time to time and at any time. We therefore considered it our duty to do this, and in order to supply the Municipality's demands, we have in stock sufficient to meet any requirements which they should put upon us, and which in ordinary times we would never have stored, as such large quantities would take some years to dispose of. Moreover the form of tender was obtained by one of our partners as already stated above, and was not forwarded through an error.

We would here shortly refer to two important factors in connection with our existing contract for disinfectants: 1*st*.—That the rates of the tenderers lowest to ours for carbolic acid powder, the largest item in the tender, was 65 per cent. higher than ours. 2*nd*.—That the period of our contract, unlike those of other contractors, was remarkable for the absence of any dispute as regards the quality, and the punctual delivery of the quantities of disinfectants required; as also for the absence of any necessity for returning supplies on the ground that they were not of the required standard. On this subject the Health Officer in his report on the Plague stated that if during the crisis through which the city had passed any dispute had arisen with the contractors, the consequences would have been very serious; but fortunately the relations between the Municipality and their contractors were so satisfactory that no differences had arisen whatever, and all orders had been executed with remarkable despatch. We therefore beg that in consideration of the circumstances set forth above, and the satisfactory manner in which we have carried out our contract, and also in the interests of the Municipality, we should be permitted to send in our tender, and so be allowed to compete with the other contractors who have tendered for the supply of disinfectants.—We beg, &c.,

LEOPOLD & CO.

No 26703 of 17th January 1898.

Forwarded with compliments to the Municipal Secretary. This application should have been submitted direct to the Chairman, and not through the Commissioner. The tenders have been received tabulated and forwarded. The matter is therefore now entirely out of the hands of the Executive, and is solely for the decision of the Standing Committee.

P. C. H. SNOW, Commissioner.

Proposed by T. W. Cuffe, Esq., seconded by Professor O. V. Müller—

No. 9968. "That, with reference to the Commissioner's letter No. 26812, dated 18th instant, the Standing Committee approve of the acceptance (1) of the tender of Messrs. Kemp & Co. for the supply for the year 1898-99 of disinfectants at the following rates:—

	Rs.	a.	p.
Carbolic acid powder, per cask of 200 lbs. ...	11	0	0
Sanitas powder, per cask of 200 lbs.	12	8	0
Cresol, per gallon	2	12	0
Phenyle, per gallon	3	0	0

(2) Of the tender of Messrs. John Fleming & Co. for the supply of not less than 1,000 gallons of carbolic acid fluid for the year 1898-99 at the rate of Rs. 1-13-0 per gallon.

"That, in reply to their letter, dated 15th instant, Messrs. Leopold & Co. be informed that their request to be allowed to tender for the supply of disinfectants cannot be complied with, as they failed to submit their tender on or before the specified date."

Amendment proposed by Kaikhosru N. Bahadurji, Esq., M.D.—

That the Commissioner be asked to report as to the correctness of the statement made by Messrs. Leopold & Co. in their letter of the 15th instant as follows:—That we fully intended to tender for this contract is evidenced by the fact that we have continued to, and do now, hold large stocks of disinfectants in consequence of the Health Department strongly advising us to have all such disinfectant in store on the spot, and in such ample and sufficient quantities as to meet the exceptionally heavy demands that they should make upon us from time to time and at any time.

Not seconded.

Amendment proposed by Ibrahim Rahimtoola, Esq., seconded by Kaikhosro N. Kabraji, Esq.—

That the Commissioner be asked to call for fresh tenders for the supply of disinfectants during 1898-99.

On a division, there were 4 votes *for* and 4 votes *against* the amendment, which was *lost*, the Chairman voting against it

The original motion was carried by 6 votes *against* 2 votes.

Resolved: "That the following be *recorded*:—Letter to the Secretary, No. 25916, dated 11th instant, from the Deputy Commissioner, stating that, with his approval, the Chief Inspector, Water Works, who was allowed, as a temporary measure, pending the completion of the new quarters at Babula Tank, to occupy a portion of the municipal building at Kolsa Street, Paidhoni, formerly occupied by the Fire Brigade, vacated the building on 31st August last. He found it an unpleasant and inconvenient place to live in, and was permitted to make his own arrangements. Also stating that the offer of

No. 9969.

Hadji Ali Jan Mahomed has been accepted for the occupancy, at the monthly rental of Rs. 21, of quarters so vacated, as per the following terms, for one year from 5th January 1898 :—

"(1) That Hadji Ali Jan Mahomed enters into an agreement in a form to be drawn up by Engineer's Department, embodying the terms and conditions on which the building is let to him, and that he will bear all the stamp charges.

"(2) That Hadji Ali Jan Mahomed will pay all municipal bills and taxes in respect of the said property.

"(3) That the rent shall be paid regularly on or before the 10th day of every month for the month then current.

"(4) That no additions or alterations or repairs of any kind shall be made by Hadji Ali Jan Mahomed in the said building without the consent of the Municipality.

"(5) That no part of the building shall be used as stable for cows, buffaloes, sheep, horses or cattle, or for any improper or unlawful purpose.

"That the Corporation be recommended to sanction the payment to the Chief Inspector, Water Works, of Rs. 21 per mensem (the amount of rent so derived from the quarters vacated by him) until the completion of new quarters at Babula Tank."

No. 9969-A. The seal of the Corporation was affixed to deed of agreement entered into as per the Committee's Resolution No. 9969 of this day's date.

No. 9970. *Resolved*: "That, as applied for by the Commissioner in his memorandum No. 25937, dated 12th instant, sanction be given to the transfer of Rs. 116-2-0 from savings in the grant for Section I, Superior Staff, Accounts and Expenditure Audit Establishment, to Section II, SuperiorStaff, Municipal Commissioner's Personal Office Establishment, to meet the cost of acting allowance to Mr. Anandrao W. Shete during the absence of Mr. H. Holmes, Assistant to the Commissioner, on privilege leave from the 25th October to 22nd December 1897."

No. 9971. *Resolved* : "That, as applied for by the Commissioner in his memorandum No. 26520, dated 15th instant, sanction be given to the transfer of Rs. 162 from savings in the grant for miscellaneous drainage to the grant for water-gullies in different parts of Bombay to meet the excess in the latter grant owing to inadequate provision in the Budget."

No. 9972. *Resolved* : "That, as applied for by the Commissioner in his memorandum No. 25778, dated 10th instant, sanction be given to the transfer of Rs. 200 from savings in the grant for the Special Drainage Engineer's Department, Section 3-D (Coals), Maintenance of Colaba Pumping Station, to same head, Section 4-D (Repairs), to meet excess in the latter section."

No. 9973. *Resolved* : "That, as applied for by the Commissioner in his memorandum No. 26502, dated 14th instant, and subject to the approval of the Corporation, under the terms of Section 133 (2) of the Municipal Act, III of 1888, sanction be given to the transfer of Rs. 2,434 from savings in the grant for Miscellaneous Drainage, Section II, Establishment and Labour, to same head, Section III, Repairing and Altering Drains and Gutters, to meet the excess in the latter section owing to inadequate provision in the Budget."

No. 9974. *Resolved* : "That, as applied for by the Commissioner in his memorandum No. 25777, dated 10th instant, and subject to the approval of the Corporation under the terms of Section 133 (2) of the Municipal Act, III of 1888, sanction be given to the transfer of Rs. 4,321 from savings in the grant for Section II, Establishment and Labour, Drainage Department, to Section III, Repairing and Altering Miscellaneous Drains and Gutters, same department, to meet excess in the latter section."

No. 9975. *Resolved* : "That letter to the Secretary, No. 25656, dated 10th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the grant of Rs. 10,

from Surplus Cash Balance to meet the payment to the Port Trust of rent of ground at Koliwada and Narielwadi, occupied for latrines from 1st April 1896 to 31st March 1897, the grant for the same having lapsed consequent on the late presentation of the bills for the same."

No. 9976. *Resolved*: "That letter to the Secretary, No. 25901, dated 11th instant, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the grant of Rs. 33-1-1 from cash balance to provide for pay, for January and February 1897, of Babaji Vithal, Sub-Inspector, Health Department, during which period he was on sick leave, and the budget grant for which pay has lapsed."

Resolved: "That memorandum No. 25659, dated 10th instant, from the Commissioner, and returns showing the expenditure on account of plague charges passed and paid by the Municipality and the Plague Committee up to 27th November 1897, forwarded therewith, be printed on the minutes of this day's meeting, and that the consideration thereof be postponed till next meeting."

No. 9977.

Read the following :—

FLORENCE, *6th November* 1897.

DEAR SIR,—By the papers I know that the plague still invades several parts of that Presidency, and therefore I take the liberty of making the following proposals :—

We having experimented the serum prepared according to our method on monkeys and on man, and having obtained very satisfactory results, Dr. Gallioti, my assistant in this University, would be disposed to go again there and prepare the serum for treatment of the plague. He simply asks for the means, very simple, for such preparation, and to have no expense for the journey and hotels. No personal compensation.

I beg you to send me the publications on the plague which you kindly promised me, and I hope soon to send you my relation.—Believe me, yours truly,

PROF. A. LUSTIG, Florence, Italy.

Dr. WEIR, Municipal Office, Bombay.

This propasal is worthy of the most serious consideration. I have referred in the Annual Report to the results of the treatment adopted by Professor Lustig, and these results were most encouraging. The letter from Professor Lustig deserves the most careful consideration from the eminence of the writer and the results of treatment secured here.

T. S. WEIR.

4th December 1897.

No. 34582 OF 1897-98.

BOMBAY, *5th January* 1898.

To THE MUNICIPAL COMMISSIONER.

Forwarded to the Municipal Commissioner for favour of instructions.

Professor Lustig was sent out at the expense of the British Government, and conducted a number of experiments here. He now asks that his assistant, Dr. Gallioti, be received under the same conditions—free passage and hotel expenses to carry out inoculation with the serum prepared by Professor Lustig for the treatment of plague.

J. LEASK, Acting Health Officer.

To THE HEALTH OFFICER.

I quite concur with Brig.-Surg.-Lieut.-Col. Weir that Professor Lustig's proposal deserves our most serious consideration, inasmuch as his was the only serum that gave anything like satisfactory results. I have alluded to this subject in my plague report. Out of seven cases treated by Professor Lustig, six recovered. At Lanouli sixteen cases were treated with twelve recoveries. I should therefore be inclined to support such a proposal and secure Dr. Gallioti's co-operation and assistance. If Dr. Gallioti eventually comes to Bombay at Municipal expense, I would suggest that he should work at the Arthur Road Hospital in preference to any other institution. As in Mons. Yersin's case, our hospital was totally ignored by the Plague Committee.

N. H. CHOKSY.

7th January 1898.

No. 26384 OF 1897-98.

BOMBAY, *14th January* 1898.

Copies forwarded, with compliments, to the Municipal Secretary for the information of the Standing Committee.

The Commissioner is of opinion that in a city like Bombay, where nearly all feasible measures have been tried without a final result (principally owing to the fact that from absolute want of space the infected localities cannot be emptied wholesale of their inhabitants by turning them out into camp), no stone should be left unturned in seeking measures to combat the disease. Dr. Choksy's opinion (which, considering his unique experience of plague treatment is a most valuable one and supported by the Health Officer) is unequivocally in favour of the acceptance of Professor Lustig's offer. Should the Standing Committee approve, the matter can be placed as urgent before the Corporation and negotiations opened at once.

P. C. H. SNOW, Commissioner.

Proposed by Nanabhai N. Katrak, Esq., seconded by Ibrahim Rahimtoola, Esq.—

That memorandum to the Secretary, No. 26384, dated 14th instant, from the Commissioner and the accompaniments thereto, be forwarded to the Corporation with the recommendation that the Commissioner be authorized to accept the offer of the services of Dr. Gallioti, of Florence University, for the preparation and use in Bombay of Professor Lustig's serum for the treatment of bubonic plague. 2. That the Commissioner be asked to telegraph to Professor Lustig and inform him that the Corporation will gratefully accept Dr. Gallioti's services on the terms stated by Professor Lustig. 3. That the charges incurred in the matter of Dr. Gallioti's passage out from and back to Europe and all his hotel expenses be debited to the grants for the suppression of the plague. 4. That the Chairman be asked to apply to the Corporation to consider this resolution as urgent business at their meeting to be held to-morrow.

Amendment proposed by Kaikhosru N. Bahadurji, Esq., M.D., seconded by Professor O. V. Müller—

That the consideration of the Commissioner's memorandum to the Secretary, No. 26384, dated 14th instant, be deferred and that the Commissioner be requested to ascertain from Professer Lustig by wire if he has any serum ready, and how long he would take to prepare fresh serum in Bombay.

Rider to the original motion moved by the Hon'ble Mr. Fazulbhoy Visram, C.I.E.—

That the Commissioner be requested te ascertain from Professor Lustig by wire to-day if he has any serum ready, and how long he would take to prepare fresh serum in Bombay.

The rider was accepted as part of the original motion.

On a division the amendment was *lost*, the votes being 3 *for* and 6 *against*.

The original motion, as thus modified, was *carried* as follows :—

No. 9978. "That memorandum to the Secretary, No. 26384, dated 14th instant, from the Commissioner, and the accompaniments thereto, be forwarded to the Corporation with the recommendation that the Commissioner be authorized to accept the offer of the services of Dr. Gallioti, of Florence University, for the preparation and use in Bombay of Professor Lustig's serum for the treatment of bubonic plague.

"2. That the Commissioner be asked to telegraph to Professor Lustig and inform him that the Corporation will gratefully accept Dr. Gallioti's services on the terms stated by Professor Lustig.

"3. That the charges incurred in the matter of Dr. Gallioti's passage out from and back to Europe and all his hotel expenses be debited to the grants for the suppression of the plague.

"4. That the Commissioner be requested to ascertain from Professor Lustig by wire to-day if he has any serum ready, and how long he would take to prepare fresh serum in Bombay.

"5. That the Chairman be asked to apply to the Corporation to consider this resolution as urgent business at their meeting to be held to-morrow."

Considered letter to the Secretary, No. 26672, dated 17th instant, from the Commissioner as under :—

Considered the following :—

PROPOSED MARKET AT CHAOPATI.

BOMBAY, 12*th January* 1898.

With reference to the Standing Committee Resolution No. 3647 of 14th July last, the Sub-Committee appointed thereunder beg to report that after careful enquiry, it appears to them that the best alternative site for the proposed market is that shown as No. 12 on the accompanying tracing.

This land is situate between the French overbridge and the corners of Dammer Lane and French Road. It is a part of the property of the Committee of the estate of Mr. Mahomedali bin Mahomed Amin Rogay, and, if acquired, it can only be taken up under the provisions of the Land Acquisition Act. The Rs. 5,000 voted by the Corporation as per their Resolution No. 2277 of 11th June 1896 will be insufficient for the purchase, as will be seen from the accompanying letter from the Commissioner, No. 23751, dated 16th December last, and if it is proposed to proceed with the market, an additional grant will be necessary.

N. N. KATRAK.
O. V. MULLER.
F. VISRAM.

No. 23751 of 1897-98.

BOMBAY, 16*th December* 1897.

To THE MUNICIPAL SECRETARY.

SIR,—With reference to your letter No. 3870 of 22nd July 1897, regarding the acquisition of a site for a market at Chaopati, I have the honour to report that negotiations were opened by the Executive Engineer with the Solicitors to the Committee of the estate of Mr. Mahomedali bin Mahomed Amin Rogay, with a view to the acquisition of either the site No. 12 or site No. 13 mentioned in your letter under reply. The Committee are not willing to part with the site No. 13 near the Railway lines on any terms. They have no objection, however, to sell plot No. 12 with the sanction of the High Court, and under the provisions of the Land Acquisition Act, Mr. Mahomedali being an adjudged lunatic and the administration of the estate being in the hands of the Committee.

2. It has been decided that 500 square yards of ground should be acquired for the market and the Corporation have voted Rs. 5,000 for its acquisition, *vide* their Resolution No. 2277 of 11th June 1896.

3. The Committee of the estate of Mr. Mahomedali Rogay demanded Rs. 25 per square yard for the site No. 12, whereas the Executive Engineer estimates its value at Rs. 12 per square yard. As the ground cannot be acquired except under the Land Acquisition Act, 15 per cent. will have to be added to whatever value the Collector may fix.

4. At the rate demanded by the Committee the value of 500 square yards would be Rs. 14,375, whereas at the rate estimated by the Executive Engineer it would be Rs. 6,900 inclusive of 15 per cent. for compulsory acquisition. It is likely that the Collector may award more than Rs. 12 per square yard, but he is not likely to award more than Rs. 25 per square yard. In either case, however, the cost will exceed the sum of Rs. 5,000 sanctioned by the Corporation for the acquisition of the site, but it is not possible to foresee the extent of the excess until the Collector actually fixes the value of the site.

5. Under the circumstances I request that the Sub-Committee will be so good as to re-consider the matter in the light of the information now before them. If they decide that site No. 12 should be acquired, the wishes of the Corporation will, I think, have to be ascertained as the cost of the acquisition will exceed the amount sanctioned by them. It will also be necessary for the Corporation to accord their sanction to the ground being acquired under the Land Acquisition Act.—I have, &c.,

P. C. H. SNOW, Commissioner.

Proposed by Nanabhai N. Katrak, Esq., seconded by the Hon'ble Mr. Fazulbhoy Visram, C.I.E.—

"That with reference to the Corporation's Resolution No. 2277 of 11th June 1896, sanctioning the outlay of Rs. 17,000 for the construction of Public Markets at Chaopati (Rs. 12,000 for building and Rs. 5,000 for land) and No. 3826 of 9th July same year, as per margin, the Standing Committee beg to report that after careful enquiry it appears to them that the best alternative site for the proposed markets is that shown

No. 10207.

That the following be referred to the Standing Committee for report:—Memorandum No. 4534, dated 10th June 1896, from the Commissioner submitting a plan and estimate, the latter amounting to Rs. 20,502, for constructing two separate Markets at Chaopati, one for fish and mutton, containing 30 stalls for the former and six for the latter; and the other containing 20 stalls for fruit and vegetables. Adding that the estimate includes the cost of a footpath 6 feet wide all round the building, a two-seated latrine and urinals and a compound railing. Stating that, as the site has not yet been fixed, a sum of Rs. 500 has also been included in the estimate for any filling and raising which may be required.

No. 3826.

as No. 12 on the accompanying tracing. The land is situate between the French overbridge and the corners of Dammer Lane and French Road. It is a part of the property of the Committee of the estate of Mr. Mahomedali bin Mahomed Amin Rogay and, if acquired, it can only be taken up under the provisions of the Land Acquisition Act. The Rs. 5,000 sanctioned by the Corporation will be insufficient for the purchase of the land as will be seen from the accompanying letter from the Commissioner, No. 23751, dated 16th December last, and if it is proposed to proceed with the market an additional grant will be necessary."

Carried.

No. 10208. *Resolved* : "That memorandum No. 25659, dated 10th instant, from the Commissioner, and returns forwarded therewith showing the expenditure on account of plague charges, passed and paid by the Municipality and the Plague Committee, up to 27th November 1897, be forwarded to the Corporation for information."

No. 10209. *Resolved* : "That the following be *recorded* :—Memorandum No. 27335, dated 22nd instant, from the Deputy Commissioner, forwarding letter to himself, No. W-8827—115, dated 8th idem, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost (*a*) Rs. 30,401-11-7, of departmental works, and (*b*), Rs. 2,892-13-7, of private works, done up to 19th ultimo, in respect of the alterations of the water-supply in various parts of the city in connection with the special measures adopted for the suppression of the bubonic plague ; these statements including all previous expenditure under these two heads."

No. 10210. Memorandum No. 27695, dated this day, from the Commissioner, forwarding summary of births and deaths in the city for the week ending 25th instant, was laid on the table.

The following notice of motion given by Nanabhai N. Katrak, Esq., was, with the approval of the meeting, withdrawn, as the Commissioner stated that he had already issued orders in regard to improved flushing arrange-

ments, the destruction of rats, and the more complete disinfection of houses wherein plague has occurred :—That the attention of the Municipal Commissioner be drawn to the great urgency for taking measures (*a*) for having a more systematic flushing of sewers and gullies in the city ; (*b*) of removing tiles and making of holes, &c., to admit air and light in infected houses ; (*c*) of making systematic attempts to destroy rats as far as possible.

No. 14126 OF 1897-98.

BOMBAY, 11*th January* 1898.

To THE MUNICIPAL COMMISSIONER.

SIR,—I have the honour to state that an excess of about Rs. 150 is anticipated on the grant for contingencies, stationery, &c., of the Municipal Workshops for the current year. The excess is due to the advertisement charges for the supply of iron castings and also for the supply of coal. These charges were not debited in former years to this grant, but it is thought fair that the Workshops should also bear a share of these charges with the Water Works and the Drainage Departments. The excess is further due to the fee for the inspection of the boiler of the new engine. The excess amount can be met by a transfer from the savings in the grant for labour and extra labour up to November 1897, which amount is Rs. 5,660-8-5. (2).—It is also anticipated that an excess of about Rs. 13,000 will be caused on the grant for stores and water-supply. This excess is due

to the execution of the unforeseen works mentioned in the accompanying statement marked W.S.-791192. This excess amount can also be met partly from the above-mentioned savings in the grant for labour and extra labour, *viz.*, Rs. 5,510-8-5, after deducting Rs. 150 for meeting excess in the contingencies, &c., &c., partly (Rs. 7,489-7-7) as an advance from the surplus cash balance with the sanction of the Standing Committee and the Corporation, pending recoveries from the departments, on whose account the works are executed.—I have, &c.,

No. 366—40 OF 1898.

BOMBAY, *15th January* 1898.

TO THE MUNICIPAL COMMISSIONER
FOR THE CITY OF BOMBAY.

SIR,—In forwarding to you the accompanying petition from the owners of hack victorias, I have the honour to request the favour of your letting me know whether it will be possible to accede to their prayer.—I have, &c.,

H. G. GELL, Acting Commissioner of Police.

10th January 1898.

To THE ACTING COMMISSIONER OF POLICE,
BOMBAY.

SIR,—We, the undersigned, being proprietors of hack victorias, carrying on business within the City of Bombay, humbly beg to lay before you the following facts :—

On the 23rd of December 1896 a letter which was largely signed by proprietors of hack victorias in Bombay was addressed to you, and, on your recommendation, the Municipal Commissioner was pleased to reduce the then wheel tax from Rs. 76-2-0 per annum per victoria to Rs. 49-2-0 a year.

The above reduction was made owing to the privations which the proprietors of hack victorias were experiencing, owing to the prevalence of the plague which was then raging in Bombay, and although the plague during the latter part of last year greatly decreased, still the fact of its presence in Bombay at the present time cannot be denied.

Although the general public in Bombay have not yet begun to leave Bombay, still a large number of Shroffs and Marwaris have left and are daily leaving Bombay.

Through the feeling of unrest exhibited by the Shroffs and Marwaris at present in Bombay, they decline to advance money, and articles of food are sold at a very high rate, and the price of gram and grass is also very high in comparison with the prices ruling before the plague and famine set in.

Referring to the events of last year, we would point out that we experienced great difficulties for several months owing to the large numbers of people which left Bombay during the plague, and to the high prices ruling during the famine, from the loss consequent on which we have not yet recovered.

While acknowledging your kind assistance on our behalf in December 1896, we humbly beg that you will be good enough to take our present condition into your kind consideration and represent the same to the Municipal Commissioner with the view that licenses may be granted to us at the tax of Rs. 49-2-0 per victoria, and we further beg that such sum may be paid by quarterly instalments in advance.

By doing this act of benevolence, we shall feel ever grateful.—We beg, &c.,

DADABHOY NASSERWANJI KAIRAWALLA,
ISHWARLAL KESHAVLAL, and about
one hundred and fifty-two others.

BOMBAY, *17th January* 1898.

Forwarded to the Assessor and Collector and the Chief Accountant for favour of early report.

P. C. H. SNOW, Commissioner.

MEMORANDUM No. 34119 OF 1897-98.

19th January 1898.

To THE DEPUTY COMMISSIONER.

(Through the Chief Accountant.)

I am informed, with reference to para. 4 of the petition, that the prices of grain-foods have declined but little, if any, and I think the prayer of the petitioners deserves consideration, and that the Commissioner of Police will be able to suggest the amount at which the tax for the current year should be fixed.

R. P. BRUNTON, Assessor and Collector.

No. 4906 OF 1897-98.

26th January 1898.

To THE MUNICIPAL COMMISSIONER.

SIR,—The maximum wheel tax payable by each victoria at the full rates sanctioned by the Corporation as per Schedule G of the Municipal Act amounts to Rs. 68 per annum. 2.—The Standing Committee in their Resolution No. 7300, dated 6th November 1897, sanctioned the tax on victorias being levied during 1898 at a compounded rate of Rs. 63 per annum. The total charges payable for 1898 in respect of each victoria amount to Rs. 76-2-0, as shown below :—

	Rs.	a.	p.
Wheel Tax	63	0	0
License Fee	1	0	0
Badge Fee	2	2	0
	66	2	0
Income Tax ...	10	0	0
Total Rs.	76	2	0

3.—The Commissioner of Police lately informed this office that the owners and drivers of victorias having been permitted to retain their old badges for the current year, the badge fee, which amounts to annas four, should not be recovered from them.

4.—Thus, the net amount payable in respect of each victoria for the current calendar year is Rs. 75-14-0. 5.—Last year, in consequence of the plague and famine, the tax on victorias was reduced from Rs. 63 to Rs. 36 per annum, and the total amount recovered on account of each victoria was Rs. 49-2-0 as under :—

	Rs.	a.	p.
Wheel Tax	36	0	0
License Fee	1	0	0
Badge Fee	2	2	0
	39	2	0
Income Tax ...	10	0	0
Total Rs.	49	2	0

6.—The petitioners now request that, for the reasons urged by them, the same amount as was charged last year, *viz.*, Rs. 49-2-0, be also charged for the year 1898 and that they may be allowed to pay the same by quarterly instalments in advance. The reduction applied for would amount to Rs. 26-12-0 per victoria. 7.—It is true that the plague is still prevailing in the City and that the prices of food-grains are still high. But the prices are not as high as they were last year, and the reduction may, I think, be correctly assumed to be liable to continue until, at no distant date, normal rates once more prevail. Some food-stuffs have already dropped 25 per cent. in price on the famine rates, and the plague which undoubtedly does affect the income of the proprietors may, I think, be assumed to hold sway till about April next. Viewing the case most liberally, I do not think the proprietors should expect a reduction in the rates for more than five months of the year at the outside. 8.—On this basis the charge for the year would be as follows :—

	Rs.	a.	p.
Reduced rate for 5 months at, say, Rs. 36 per annum	15	0	0
Full rate for 7 months at Rs. 63 per annum, say ...	36	0	0
Total for the year...	51	0	0
or, say, Rs.	50	0	0
Total as above ... Rs.	50	0	0
Owner's License Fee	1	0	0
Drivers' License, Tin-plate and Fare-book Fees ...	1	14	0
	52	14	0
Income Tax	10	0	0
Total Rs.	62	14	0

against the amount now payable of Rs. 75-14-0. The reduction in income would under this proposal be too small for serious consideration. 9.—In regard to the petitioners' request that they may be

allowed to pay the rate fixed for the year in quarterly instalments in advance, it appears to me that, under Bombay Act No. VI of 1863 and Section 198 (2) of the Municipal Act of 1888, there would be no objection to accede to their request if the licenses were issued for the quarter only. But yet the extra labour and trouble which both the Commissioner of Police and this office will be subjected to, have to be taken into consideration.

W. E. WAITE, Chief Accountant.

No. 27693 OF 26TH JANUARY 1898.

Forwarded, with compliments, to the Municipal Secretary. The Commissioner has already opposed reduction of the tax on general grounds, but, if the Standing Committee think there are any grounds for leniency, it should affect the first quarter, namely, the months of January, February, March only. The other request of the petitioners need not be considered.

P. C. H. SNOW, Commissioner.

Proposed by Professor O. V. Muller, seconded by the Hon'ble Mr. Fazulbhoy Visram, C.I.E.—

"That, with reference to his memorandum to the Secretary, No. 27693, dated this day, the Commissioner be informed that the Standing Committee regret that they are unable to accede to the petition of Messrs. Dadabhoy Nasserwanjee Kairawalla, Ishwarlal Keshavlal and others asking for a reduction in the tax on hack victorias for the ensuing year."

No. 10220.

Carried.

Read letter to the Secretary, No. 27718, dated this day, from the Commissioner as under :—

SIR,—I have the honour to state that about 10,000 stone ládis which have been taken up from the bottom of the old side-drains in the Khetwadi District are now lying at the contractors' chowkey. The Special Drainage Engineer reports that it would be cheaper for the Municipality to buy new ládis whenever they require any than to cart these away and dress them for re-use on some future work. The contractors for the Khetwadi side-drain works were, therefore, asked

to make an offer for the ládis, but they declined to do so. The Special Drainage Engineer has received offers from three others, *viz.* :—

1. Mr. Esmail Haji Cassum, Rs. 475
2. Messrs. J. Navroji & Co., „ 425
3. Mr. Abdulali Karimbhai, „ 525

Offers of 1 and 2 are for the whole quantity, while the 3rd is for the whole quantity *minus* 1,000 ládis which, the Special Drainage Engineer states, may probably be used on the works. Mr. Abdulali's offer is, I consider, the best, and I request the sanction of the Standing Committee to its acceptance.—I have, &c., P. C. H. SNOW, Commissioner.

No. 10221. It was agreed that the consideration of letter to the Secretary, No. 27718, dated this day, from the Commissioner, be postponed till next meeting.

No. 10222. The Committee considered, in private, memorandum from the Commissioner, No. 27717, dated this day, regarding the temporary investment of Rs. 4,00,000 not immediately required for expenditure.

The Secretary was requested to place the minute relating to the question on the File of Confidential Papers, No. 280.

No. 10223. *Resolved* : "That the following be *recorded* :—Letter to the Secretary, No. 27707, dated this day, from the Deputy Commissioner, reporting that sanction has been given to the purchase, from Messrs. John Fleming & Co., of 3,000 ft. of 2½ in. rubber-lined canvas hose in 60 ft. lengths, without couplings, at a cost of Rs. 3,562-8-0. The cost to be debited to the grants for plague charges.

"That, under the terms of Section 72 (3) of the Municipal Act, III of 1888, the Standing Committee dispense with the invitation for tenders, which would otherwise be necessary as the hose is urgently required to replace one belonging to the Fire Brigade worn out in the flushing of gullies, &c."

BOMBAY, *2nd February* 1898.

AT the meeting of the Standing Committee, held this day, there were present—

THE HON'BLE Mr. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., *Chairman.*

COWASJEE HORMUSJEE, Esq., G.G.M.C.; T. W. CUFFE, Esq.; THE HON'BLE Mr. FAZULBHOY VISRAM, C.I.E.; H. G. GELL, Esq.; IBRAHIM RAHIMTOOLA, Esq.; KAIKHOSRU N. BAHADURJI, Esq., M.D., B.S., M.R.C.S.; KAIKHOSRO N. KABRAJI, Esq.; K. M. SHROFF, Esq.; PROFESSOR O. V. MULLER, M.A.; NANABHAI N. KATRAK, Esq., L.M. & S.; ACCACIO G. VIEGAS, Esq., L.M. & S.

P. C. H. SNOW, Esq., I.C.S., Commissioner; the ACTING DEPUTY EXECUTIVE ENGINEER, Water Works; the CHIEF ACCOUNTANT; and the SECRETARY.

The minutes of the meeting held on the 26th ultimo were signed.

The seal of the Corporation was affixed (1) to deed of conveyance from the Corporation to Mr. Najmudin Tyabji of a plot of municipal land at Mint Road; and (2) to deeds of contract (*a*) with Messrs. Killick, Nixon & Co. for the supply of 595 tons of Borrea Coal Company's A seam anthracite coal to be delivered at Love Grove and Colaba Pumping Stations and the Municipal Workshops, and (*b*) with Mr. Sitaram Lakshman for excavating and removing kutchra on the Flats at Mahaluxmi between Clerk and Arthur Roads for the railway siding and approach roads.

The seal of the Corporation was affixed to the following twenty municipal debentures:—Eleven debentures of the Tansa Water Works Loan of 1890, Nos. 20407/8, 20409/10, 20411/12, 20413/14, 20415/16, 20431/32, 20433/34, 20435/36, 20437/38, of Rs. 1,000 each; Nos. 21239 and 21240, of Rs. 500 each: three attested duplicate debentures of the 35 Lakhs Various Sanitary Works Loan of 1890, Nos. 2819/20, of Rs. 1,000; Nos. 2163 and 1922, of Rs. 500 each: two attested duplicate debentures of the Water Works and Drainage Loan, Nos. 1759 and 1771, of Rs. 500 each: four consolidated debentures of the Drainage and Water Works Loan, Nos. 1763 and 1764, 1765 and 1766, 1767 and 1768, and 1769 and 1770, of Rs. 1,000 each.

Resolved: "That sanction be given to the cutting off of water connections as per list accompanying the Commissioner's memorandum No. 28425, dated this day."

No. 10442.

Resolved : "That the following be *recorded* :—Letter
No. 10443. to the Secretary, No. 27788, dated 26th ultimo, from the Commissioner, stating that he has sanctioned the employment of a clerk on Rs. 20 per mensem for one month in the Registrar's Office, Byculla Ward, for assisting on the registration of deaths, occasioned by the present heavy mortality. The cost to be debited to the grants for plague charges."

Resolved : "That, as applied by the Commmissioner in
No. 10444. his letter to the Secretary, No. 27818, dated 27th ultimo, sanction be given to the payment of Rs. 40 per mensem, from 20th December 1897 while the system of inspection continues, to Mr. Nusserwanji M. Mody, Clerk, Chief Accountant's Office, who has been deputed to inspect the stores accounts at the several sub-divisional offices of the Plague Committee in addition to his own duties. The charge to be debited to the grant for plague charges."

Proposed by T. W. Cuffe, Esq., seconded by the Hon'ble Mr. Fazulbhoy Visram, C.I.E.—

"That the following be *recorded* :—Letter to the Secre-
No. 10445. tary, No. 27428, dated 24th ultimo, from the Commissioner, reporting that he has sold to Sayana Rajuna and Magru Juga the rights of cutting grass for one year ending 31st December 1898 from the following places :—(1) from the eastern slope of Hornby Vellard, area 5,333 square yards, Rs. 45 *plus* Rs. 3-7-1 for general tax ; and (2) from the municipal ground within the Mingut Mandli Tank at Parbhadevi and alongside the adjoining water-course, area 6,066 square yards, Rs. 125 *plus* Rs. 9-9-0 for general tax.*

"That, in the opinion of the Committee, the grass on the Vellard should not be sold beyond the first of September in each year."

Carried.

Resolved : "That the following be *recorded* :—Letter to
No. 10446. the Secretary, No. 27785, dated 26th ultimo, from the Commissioner, stating, with reference to the Corporation's Resolution No. 4470 of the 9th August 1897 (sanctioning the grant of Rs. 3,992 to meet the cost of removing the existing chunam cover-

ing of the terrace roofing of the Victoria and Albert Museum, and of recovering the terrace with Indian patent stone), that, while the question was being discussed by the Corporation, a suggestion was made that the flooring might be made of broken Porebunder stone mixed with cement, as Indian patent stone cracks in the sun. The Executive Engineer reports a flooring of the broken Porebunder stone mixed with cement will not answer the purpose, as the underside of the floor being of earth and plaster cannot be subjected, without serious risk, to any hammering on the top. He, however, now recommends that the floor should be treated with a layer of cement and sand, and as an experiment made with this material has proved successful, he (the Commissioner) proposes to adopt the suggestion and to entrust the work to the annual repairs and petty works contractors for the current year as an extra work in continuation of their contract."

It was agreed that the consideration of letter No. 27718, dated 26th ultimo, from the Commissioner, on the subject of the acceptance of offer from Mr. Abdul Ali Karimbhai for the purchase of stone ládis taken up from the old side-drains in the Khetwadi District, be postponed till next meeting.

No. 10447.

Resolved : " That, with reference to the Commissioner's letter to the Secretary, No. 28080, dated 29th ultimo, the Standing Committee approve of the acceptance of the tender of Messrs. Deoram Keshaoji & Co., the lower of the two tenders received, for the construction of quarters for mallees, Victoria Gardens, at schedule rates aggregating Rs. 11,665-1-1 *plus* Rs. 1,211-12-2 for establishment and contingencies and Rs. 270 for departmental works, drainage, and water fittings including erection of stand-pipe. The cost to be met from the grant sanctioned by the Corporation in their Resolution No. 12245 of the 8th February 1897."

No. 10448.

Resolved : " That, as applied for by the Commissioner in his letter to the Secretary, No. 28032, dated 29th ultimo, sanction be given to the payment to Mr. Shankar Bhikaji, Registrar and Accountant, Assessment and Collection Department, of the maximum salary of the appointment, Rs. 200 per mensem, from the 25th idem."

No. 10449.

Read memorandum No. 4912, dated 25th ultimo, from the Chief Accountant to the Commissioner, and memorandum from the Commissioner to the Secretary, as under :—

The Corporation in their Resolution No. 11349, dated 25th January 1897, sanctioning (1) an initial outlay of Rs. 25,921-14-0 for the purchase of five steam gully-flushing engines with new hose, stand-pipes and other appliances, and (2) an annual expenditure of Rs. 25,996 on account of the necessary staff, coal, repairs, stores, &c., for working the engines for flushing gullies and drains, decided that, on the recommendation of the Standing Committee, they would be prepared to sanction the necessary grant to meet the above expenditure of Rs. 51,917-14-0 during 1897-98. 2.—Against the estimate of Rs. 25,921-14-0, the cost of the fire engines with hose, &c., already purchased amounts to Rs. 15,696-2-0, which sum has been met from the plague grant. 3.—The cost of the staff employed for gully-flushing, including coal, repairs, stores, &c., from March to November 1897, amounted to Rs. 10,950-10-8, which sum has also been debited to the plague grant. 4.—The further expenditure on account of the gully-flushing staff, &c., for the remaining three months of the current year, *viz.*, 1st December 1897 to 28th February 1898, will amount to Rs. 6,499 as per the sanctioned estimate. 5.—Thus, against the sum of Rs. 51,917-14-0 referred to in para. 1 the total actual expenditure already incurred *plus* the estimated expenditure for three months will aggregate Rs. 33,145-12-8 only as shown below :—

Purchase of Engines, &c.			Rs. 15,696	2 0
Establishment, &c., charges already incurred up to the end of November 1897 ... ...Rs.	10,950	10 8		
Estimate for three months from 1st December 1897 to 28th February 1898 ... ... ,,	6,499	0 0		
			17,449	10 8
			Rs. 33,145	12 8

6.—The initial outlay on the engines being for a permanent purpose and the charges for staff and stores for working the engines being a recurring charge, I would ask that the sanction of the Standing Committee and the Corporation be obtained with reference to their respective Resolution Nos. 11827 of 3rd February 1897 and 11349 of 25th January 1897 to an additional grant of Rs. 33,145-12-8 from surplus cash balance to meet the above charges. The sum of Rs. 33,145-12-8 can be met partly out of the unappropriated balance of the sum of Rs. 2,31,629-15-4 reserved in the Budget for 1898-99 for probable extra grants from January to March 1898, and partly from the estimated closing balance for 1897-98 in excess of that taken credit for in the Budget for 1898-99, as per page xiii of the revised estimates for the current year. Under this proposal the plague grant will receive a credit equal to the amount already debited and that to be debited

to it on account of the flushing engines, &c., charges until such time as the Corporation sanction the revised allocation. 7.—The necessary provision for the permanent gully-flushing staff has been made in the Health Department Budget for 1898-99.—W. E. WAITE, Chief Accountant.

No. 10459.

receipts and disbursements for the quarter ending 23rd December 1897, together with list of additional grants, sanctioned by the Corporation during the quarter."

No. 10460. *Resolved* : "That, with reference to the Commissioner's letter to the Secretary, No. 28033, dated 29th ultimo, the Standing Committee approve, under the terms of Section 230 of the Municipal Act, III of 1888, of an order in writing being issued to Mr. Lakmidas Khimji, Trustee of the Gokuldas Tejpal Boarding School at Gowalia Tank Road, authorizing him to drain the school premises thereat by carrying the same into, through or under the land belonging, or alleged to belong, to Sir Dinsha Manockji Petit, Bart., to the municipal sewer thereat in such manner as the Commissioner shall think fit to allow, and on the following conditions :—

(1) That Mr. Lakmidas Khimji, Trustee of the Boarding School, shall cause the work to be executed with the least practicable delay.

(2) That Mr. Lakmidas Khimji shall fill in, re-instate and make good at his own cost and with the least practicable delay the ground or portion of any building or other construction opened, broken up, or removed for the purpose of executing the said work.

(3) That Mr. Lakmidas Khimji shall, under the terms of said Act, pay compensation to Sir Dinsha or any other person who sustains damage by the execution of the said work."

No. 10461. *Resolved* : "That the following be referred to the Commissioner for favour of remarks, with reference to the Standing Committee's Resolution No. 5628 of the 16th September 1897 :—Letter to the Chairman, dated 29th ultimo, from Mr. Aderji Cowasji Cooper, on the subject of a drain near his premises at Khetwadi 4th and 5th Lanes for carriage of water from a well thereat."

No. 10462. *Resolved* : "That the following be referred to the Commissioner for favour of remarks :—Letter to the President, dated 31st ultimo, from Messrs. Bhowanishankar Balkrishna Dadarkar, L.M. & S., Frank D'Souza, and 13 other inhabitants of Kumbharwada Street, Dadar, complaining of nuisance thereat from flooding by water."

Read letter to the Secretary, No. 27971, dated 28th ultimo, from the Commissioner as under :—

SIR,—I have the honour to state that the woodwork of the semi-circular glazed fan-light over the terrace roof of the Victoria and Albert Museum Building is rotten and it is likely that some portion thereof may fall down and injure some one. I, therefore, propose to renew all the rotten woodwork. The Executive Engineer estimates the cost of doing this at Rs. 549 as per accompanying estimate. As the repair grant of this building cannot meet the proposed expenditure, I request the sanction of the Standing Committee and the Corporation to defray it out of surplus cash balance.—I have, &c., P. C. H. SNOW, Commissioner.

No. 10463. *Resolved* : "That letter to the Secretary, No. 27971, dated 28th ultimo, from the Commissioner be forwarded to the Corporation, with the recommendation that sanction be given to the expenditure of Rs. 549 from surplus cash balance, to meet the estimated cost of removing and renewing all the rotten woodwork of the semi-circular glazed fan-light over the terrace roof of the Victoria and Albert Museum Building."

No. 10464. *Resolved* : "That the following be referred to the Commissioner for favour of remarks with reference to the Standing Committee's Resolution No. 8881, dated 22nd December 1897 :—Further letter to the Secretary, dated 13th ultimo, from Mr. Yeshvant Savalaram for Mr. Dhodiba Krishnaji, regarding the filling up of well at Haines Road.

No. 10465. *Resolved* : "That the following be *recorded* :—Memorandum No.. 27770, dated 26th ultimo, from the Commissioner, forwarding statement of houses which fell during the month of December 1897."*

No. 10466. Memorandum No. 28444, dated this day, from the Commissioner, forwarding summary of births and deaths in the city for the week ending 1st instant was laid on the table.

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 30th January 1898.†

* Three storied-house at No. 1, New Bengalpura Street, owned by Bai Havabai, daughter of Kazi Sale Mahomed bin Nur Mahomed, the south-west corner room of which fell on the 5th December 1897 on account of old age. The loss is estimated at Rs. 400. There were no casualties.

† *S.e* Appendix B.

Proposed by Professor O. V. Muller, seconded by Kaikhosru N. Bahadurji, Esq., M.D.—

That the attention of the Commissioner be called to the waste of water due to the unnecessary drenching of the roads in and around the Fort.

On a division, the motion was *lost*, the votes being 2 *for* and a large majority *against*.

Resolved: "That, with reference to the Commissioner's letter to the Secretary, No. 28379, dated 1st instant, the Standing Committee approve of the acceptance of tender of Messrs. Ahmed Moosa & Co., the lowest of three tenders received, for the supply of earth required for covering over town-sweepings, &c., during the year 1898-99 at the following rates :— No. 10468.

	Rs.	a.	p.	
Earth to be delivered on the Flats	2	12	0	per brass.
Do. at other places within the Island of Bombay than the Flats	2	14	0	do. "

Read letter to the Secretary, No. 28354, dated 1st instant, from the Commissioner as under :—

SIR,—I have the honour to state for the information of the Standing Commitee that, in order to ensure a proper inspection of the Milch Cattle, &c., Stables in the city during the prevalence of Foot-and-Mouth Disease and Rinderpest, I have appointed Mr. Mahomed Khan (an experienced Veterinary Graduate) as an Inspector on Rs. 150 per mensem. I have also appointed two extra farriers on Rs. 20 per mensem each, to assist at our Sick Bullock Hospital, where, on the 31st ultimo, 69 cases of Foot-and-Mouth Disease and 16 cases of Rinderpest were under treatment.

As there is no budget grant to meet this expenditure, I request the sanction of the Standing Committee and Corporation to these charges being defrayed from surplus cash balance. The charges for December have been Rs. 94-13-5.—I have, &c.,

P. C. H. SNOW, Commissioner.

Resolved: "That letter to the Secretary, No. 28354, dated 1st instant, from the Commissioner, be forwarded to the Corporation, with the recommendation that sanction be given to the expenditure of Rs. 1,044-13-5 from surplus cash balance to meet the salaries, up to the end of May 1898, of an Inspector on No. 10469.

Rs. 150 per mensem employed to inspect Milch Cattle, &c., Stables in the city during the prevalence of Foot-and-Mouth Disease and Rinderpest, and of two extra Farriers on Rs. 20 per mensem each, appointed to assist at the Municipal Sick Bullock Hospital."

No. 37998 OF 1897-98.

BOMBAY, 31*st January* 1898.

To THE MUNICIPAL COMMISSIONER.

SIR,—I have the honour to inform you that the following inoculation stations have been already opened in F and G Wards :—

1. Dr. Batliwala's Dispensary, Suparibag Road. At this station Dr. S. S. Batliwala inoculates between 10 A.M. and 12 noon, and 4 P.M. and 6 P.M. 2. Mr. Adamji Peerbhoy's Army Boot Factory, Sion. At this station Dr. Sorabji Dosabhoy inoculates between 2 P.M. and 4 P.M. 3. Messrs. Peter Brothers' Dispensary, DeLisle Road, opposite B. B. & C. I. Railway Workshops. At this station Dr. A. P. Dias, M.D., inoculates between 9 and 11 A.M., and 3 and 5 P.M. 4. Dr. Tata's Dispensary, DeLisle Road, opposite B. B. & C. I. Railway Workshops. At this station Dr. Tata inoculates between 9 and 11 A.M. 5. Mr. Vasanji Khimji's bungalow, Naigam Cross Road. At this station Dr. H. K. Tavaria inoculates every Monday between 4 and 5 P.M. 6. Veterinary College, Parel. At this station Veterinary Lieut. Baldry inoculates between 8 and 10 A.M. Besides the above, a station is shortly to be opened at the Mahalakshmi Dhobiwada Office, where Dr. M. N. Bhatawadeker, Deputy Health Officer, will inoculate.

These stations, with the one I am about to open in Mahim, where Dr. DeMonte has kindly offered to inoculate, will afford excellent facilities for voluntary inoculation.

I have, &c.,
T. S. WEIR, Health Officer.

No. 28400 OF 1897-98.

BOMBAY, 2*nd February* 1898.

Copy forwarded to the Municipal Secretary in reference to the Standing Committee Resolution No. 9984 of the 19th ultimo for information.

P. C. H. SNOW, Commissioner.

Resolved: "That memorandum to the Secretary, No. 28400, dated this day, from the Commissioner, forwarding letter to himself, No. 37998, dated 31st ultimo, from the Health Officer, be *recorded*."

No. 10470.

Resolved: "That, with reference to the Commissioner's memorandum No. 28462, dated this day, the Standing Committee approve of the acceptance of tender of Messrs. Garlick & Co., the lowest of five tenders received, for the supply of meters and fittings for the Water Works Department at the rates specified in the schedule accompanying the Executive Engineer's letter to the Commissioner, No. 15365 of the same date."

No. 10471.

Read letter to the Commissioner, No. 5035, dated 1st instant, from the Chief Accountant, as under :—

SIR,—With reference to Resolution No. 9242 of 5th January, passed by the Standing Committee, I have the honour to subjoin the result of the fresh tenders received for the supply to the Municipality of grain, hay, green grass, &c. :—

Tenderers.	Grain.		Hay, Green Grass, &c.		Totals.	
	For 1 year.	For 3 years.	For 1 year.	For 3 years.	For 1 year.	For 3 years.
	Rs. a.	Rs. a.	Rs. a.	Rs. a.	Rs. a.	Rs. a.
Ebji Oomersee & Co.	3,66,602 8	3,72,913 0	....	.....	3,66,602 8	3,72,913 0
Bhojabhai Allarakhia.	3,59,550 8	....	2,40,721 4	....	6,00,271 12	....

2.—The tenders for three years might, I think, be neglected as the rates tendered are yet above the rates we obtained in 1896-97. 3.—Taking the results for grain and hay, green grass, &c., together, it will be seen that the tenders of Messrs. Bhojabhai Allarakhia & Co., the present contractors, are the lowest. The only other tenderers for hay, green grass, &c., besides Messrs Bhojabhai Allarakhia & Co., are Messrs. Oomer Jamal & Co. 4.—Viewing the tender for grain separately from those for hay, green grass, &c., it will be seen that Sulleman Abdul Wahid offers rates slightly lower than Bhojabhai Allarakhia for the grain contract, but I hardly think it would be worthwhile splitting up the contract and giving part to an entirely new man for so trifling an advantage as Rs. 14,000-0-0, all the more so as Sulleman Abdul Wahid has not tendered at all for hay, green grass, &c. 5.—The tenders are enclosed in original.—I have, &c., W. E. WAITE, Chief Accountant.

No. 28380 OF 1ST FEBRUARY 1898.

Forwarded with compliments to the Municipal Secretary for the information of the Standing Committee. On the total results the present contractor, Bhojabhai Allarakhia, is the lowest. Sulleman Abdul Wahid is the lowest for grain, and the difference of Rs. 14,000 is considerable. The Standing Committee must now decide whether the contract is to be split up or not.

P. C. H. SNOW, Commissioner.

Resolved : "That, with reference to the Commissioner's memorandum to the Secretary, No. 28380, dated 1st instant, the Standing Committee approve of the acceptance of tenders (1) of Mr. Sulleman Abdul Wahid for the supply of grain during the year 1898-99 at the following rates :—

Forwarded to the Municipal Secretary for the information of the Standing Committee.

P. C. H. SNOW, Commissioner.

Considered letter to the Commissioner, No. 15104, dated 27th ultimo, from the Executive Engineer as under :—

SIR,—I have the honour to forward the accompanying tracing marked P H D, numbered 1071 and dated 11th January 1898, of the village known as Worli Koliwada where two disastrous fires took place at the end of last month. The areas covered by the fires are delineated on the tracing by blue boundary lines, from which it will be seen that a little less than one-third of the village has been destroyed by these events. The portion destroyed by the fire was like the rest of the village, which is still standing, hemmed in with low huts built of inflammable materials and of very inferior construction, having walls mostly of wattle and daub, or brick and mud. Almost all the huts standing within the range of the fires have been destroyed; only the bare walls are left standing to indicate their positions. 2.—There is no drainage of any kind whatsoever throughout the village, and the water from the huts is allowed to flow out into the passages and lanes, there to absorb into the ground or evaporate under the action of the sun. With the exception of one long narrow circuitous passage, there are no roads or paths worthy of those names throughout the whole length and breadth of the village. The village has been in an unhealthy condition, and a large number of deaths took place from plague in it last year. 3.—An opportunity has now presented itself of improving this hamlet which is situated in one of the best sites of the city on the verge of the Mahaluxmi foreshore at its northern extremity. 4.—There are three courses open to us :—

(1) To purchase the whole of the village including the portion destroyed by fire, construct roads and footpaths on a well-considered plan, and then resell the ground.

(2) To lay down on the plan of the village lines of a new main road and three cross footways as shown by yellow lines on the tracing. The new main road may be 30 feet in width, commencing from the end of the existing public street known as Cleveland Road at the south end of the village and ending at the northern extremity of it, near the Worli Fort, following, as far as practicable, the line of the existing public passage. The three cross footways may be twenty feet wide each. The two northernmost of these passages will be within the limits of the area destroyed by the fires, and the third will pass across the middle of the remaining portion of the village on the southern side.

(3) To adopt the second proposal above-mentioned, purchase the ground on which the remnants of the destroyed huts stand, and lay out in it small streets, and resell it after dividing it into small plots of ground.

5.—It would be advisable to give effect to the second proposal at once to prevent any buildings being built on the lines of the proposed roads and footways. 6.—It would not be possible to estimate accurately the cost of the first proposal, without making detailed plans and estimates of the ground and the buildings standing thereon, but approximately it would be about Rs. 5,30,000. 7.—The cost of the second proposal, *viz.*, that of laying out of the roads and footways, would be about Rs. 76,000. 8.—The probable cost of the second and third proposals amalgamated would be about Rs. 1,28,000. 9.—I am respectfully of opinion that the Corporation should be requested to appoint a Committee to consider and report on the question with you before coming to a conclusion.—I have, &c., M. C. MURZBAN, Executive Engineer.

No. 28256 OF 1897-98.

BOMBAY, 31*st January* 1898.

Copy forwarded with compliments to the Municipal Secretary and a request that a small Committee, not exceeding seven members, may be appointed to investigate and report on this matter within one month. The first proposal appears beyond our financial capacity and would cause hardship to the people. The undersigned is in favour of adopting the third proposal.

P. C. H. SNOW, Commissioner.

Resolved : "That memorandum to the Secretary, No. 28256, dated 31st ultimo, from the Commissioner, forwarding letter No. 15104, dated 27th idem, from the Executive Engineer, be entered on the minutes of this day's meeting and brought on for consideration at the next meeting."

Copy forwarded to the Standing Committee for favour of sanction.

P. C. H. SNOW, Commissioner.

Proposed by Nanabhai N. Katrak, Esq.—

That, with reference to item No. 15, the Commissioner be requested to inform the Committee if the views of the trade and the public which are likely to be affected by the schedule C have been ascertained.

Not seconded:

Proposed by Cowasjee Hormusjee, Esq., seconded by T. W. Cuffe, Esq.—

No. 10777.

"That, with reference to the Corporation's Resolution No. 2680 of the 18th June 1896 and the Standing Committee's Resolution No. 6048 of the 9th September of the same year, and the Commissioner's memorandum No. 25330, dated 7th ultimo, sanction be given to the three schedules prepared by the Commissioner and accompanying the memorandum, namely, A, specifying the rates (cost price) at which the several stoneware and cast-iron and other articles for house-connection works will be supplied by the Municipality to house-owners; B, specifying the rates at which the Municipality will carry out house-connection works for house-owners; and C, specifying the rates at which plumbers will be called upon to do the works and supply materials to their employers in addition to 10 per cent. that may be charged by the said plumbers for their remuneration and profit in respect of such works."

Amendment, moved by Kaikhosro N. Kabraji, Esq., seconded by Nanabhai N. Katrak, Esq.—

That the Commissioner be requested to notify the rates to the public for expression of their views within a certain period, and their consideration be taken up after the expiry of that period.

The amendment was *lost*, and the original motion was *carried*.

Considered the following :—

No. 27877 OF 1897-98.

BOMBAY, 27th January 1898.

To THE MUNICIPAL SECRETARY.

SIR,—With reference to Standing Committee Resolution No. 4207, dated 29th July 1896, sanctioning the levy of a special halalkhore rate for services rendered to the various mills in Bombay, I have the honour to report that certain difficulties having arisen from time to time in applying the special rate, it has been found necessary to come to a further understanding on the subject with the Millowners' Association.

2. The first question was with regard to the period, upon the returns of which, as regards number of hands employed, the Re. 1 per head should be based.

The charge being payable in advance, the figures of the preceding six months were naturally adopted, but during the half-year, if the average number of hands employed by any mill showed a decrease, the Managers demanded a proportionate refund, and in the absence of any specification of the period, upon the returns of which the charge was to be based, it was impossible to resist the demand. The disadvantages were two-fold: the work of the Assessment Department was unnecessarily increased, and while the Municipality was from time to time called upon to grant refunds in consequence of a reduced number of employés, they had no guarantee that any increase in the number of hands would be reported, so as to enable them to reap any countervailing advantage.

The Millowners' Association have now agreed that the levy shall, as formerly arranged, be Re. 1 per head of daily average attendance of hands, but that attendance is to be based upon the daily average of the six months preceding.

3. The next difficulty arose out of the absence of any minimum.

In several instances during last year, owing to a reduction in the number of hands, it happened that the charge of Re. 1 per head aggregated less than the ordinary charge on valuation. In these cases bills were issued on valuation, but several mills disputed payment, and under the advice of our Solicitors their contention had to be admitted.

It has now been pointed out to the Millowners' Association that, though the extent of actual service availed of in such cases during the particular period may have been temporarily reduced, yet it is not possible to place organized establishments on such a footing as to admit of corresponding temporary reductions in the cost of service, and that in no case could the cost of collection, removal and disposal be reasonably estimated at less than 3 per cent. of the ratable value.

The Millowners have now agreed that, where the charge on the basis of Re. 1 per head falls below what the Municipality would be entitled to under the rate of 3 per cent. on the ratable value, the latter basis shall be taken for computing the halalkhore charge.

4. The third and last difficulty arose out of the claim made by some three or four mills connected with the sewerage system, that the cost of water used for flushing latrines should be credited in the water rate bills. Upon examination this claim, which has been from the first sustained by the Association, will be seen to be fair, for it is obvious that by the use of water the services of a bhangie are dispensed with, and the cost to the Municipality is considerably reduced.

Mills connected with the sewerage system may be classified under three heads :—

(i) Those whose latrines being on the water-carriage system are flushed by the municipal water supplied through separate metered connections.

(ii) Mills similar to the last, except that they have not separate metered connections.

(iii) Mills connected with Municipal sewers, but whose latrines are flushed by water supplied from the mills' own tanks and not from municipal mains.

The Millowners' Association have agreed to the following terms :—

Mills of class (i) shall receive credit against their general water tax bills for the quantity of water used for flushing the latrines at whatever rate the water may have been supplied, but in order that there may be a check upon wasteful and extravagant use of water, a quantity of 2 gallons per head per diem shall be fixed as the maximum for which credit shall be given.

Mills of class (ii) must within three months obtain separate metered connections, and till then shall receive credit against their general water tax bills at the rate of 2 gallons per head per working day.

Mills of class (iii) will get no allowance unless and until they obtain separate metered municipal water connections.

5. The negotiations have been carried on with much anxious considerations, and I believe the results arrived at are fair to all concerned. I have now the honour to request the approval of the Standing Committee to the special rate in respect of the various mills being fixed in the manner indicated above.

6. The arrangement in regard to water rebate will be retrospective, inasmuch as the Millowners contended for it from the first, and practically stipulated that it should be a condition of an all-round rate per head. The other modifications of the arrangement will come into force from 1st April 1898.—I have, &c.,

J. H. DuBOULAY, Deputy Commissioner.

It was agreed that the consideration of item No. 16 be
No. 10778. postponed with a view to the Commissioner being asked to inform the Committee whether, if the proposal contained in his letter No. 27877 of the 27th ultimo is sanctioned, there will be any loss to the municipal revenue, and if so, to what extent. That, in the meantime, the Commissioner be asked to consult the Municipal Solicitors as to the period to which any rebate allowed under this arrangement would be retrospective, and whether such retrospective payments would be permissible under the Municipal Act.

Resolved : " That the following be referred to the Com-
No. 10779. missioner for favour of remarks :—Letter to the Chairman, dated 7th instant, from Messrs. Littlewood & Palonjee, appealing against the resolution passed by the Committee on the 28th October 1897, to the effect 'that in future no tender from the said contractors should be accepted.' "

Memorandum No. 29072-A, dated this day, from the
No. 10781. Commissioner, forwarding summary of births and deaths in the city, for the week ending 8th instant, was laid on the table.

Resolved : " That, as applied for by the Secretary and
No. 10782. subject to the approval of the Corporation, under the terms of Section 133 (2) of the Municipal Act, III of 1888, sanction be given to the transfer Rs. 900 from savings in Section III, Fees payable to Councillors, Corporation and Standing Committee's Establishment, to Section II, Advertisement, same head, to meet excess in the latter section caused by the additional charges for advertisements on account of notices of motion, &c., at meetings of the Corporation. "

Resolved : " That, as applied for by the Commissioner in his memorandum No. 28949, dated this day, sanction be given to the variation of contract with Messrs. Sullemanji Mulla Abdul Ali & Co. for the construction of night-soil depôt at Bhangi Mohla, whereby the contract for the completion of the work may be extended from 26th March to 30th July 1897. "

No. 14176 OF 1897-98.

BOMBAY, 12*th January* 1898.

To THE MUNICIPAL COMMISSIONER.

SIR,— With reference to the question of pulling the punkhas in the Municipal Council Hall by means of Messrs. C. Jost & Co.'s patent punkha-pulling machine, I have the honour to state that I have by actual trial satisfied myself that the machine is eminently adapted to the purpose, and beg to submit herewith proposals for its adoption for your favourable consideration. 2.—The machine is very simple in construction and does not appear to be liable to get out of order, and it works satisfactorily with a moderate pressure and small consumption of water. 3.—It would be possible to pull all three sets of punkha with one machine, but as they are not always all required at one time, it is preferable to have three separate machines, so that each set may be worked independently of the others. This arrangement slightly enhances the first cost, but the saving in water, that would be effected thereby, is considerable. 4.—Messrs. Jost & Co. quote Rs. 70 as the cost of each machine, and this price is very reasonable. Each machine would have a pull of 42 inches, which is considered ample, and would not use more than 80 gallons of water per hour. 5.—In considering the question of water-supply, an even and constant pressure of water is necessary to ensure the satisfactory working of the machines, and as the supply direct from the main cannot be relied upon for that purpose, I propose to obtain the necessary quantity and pressure by connecting the machines to the hydraulic lift tank by means of wrought-iron pipes laid under ground. 6.—It is true that by this arrangement we shall have to incur the cost of a little extra pumping, but as the punkhas are so rarely used and the quantity of water required is so small, I do not anticipate any excess expenditure beyond what is now provided for working the lift. 7.—To show more clearly what a comparatively small quantity of water will be required for the punkhas, I may state that the lift uses 160 gallons of water for one journey from the ground-floor to the record-room. This amount is equal to that required for two sets of punkhas working for one hour. 8.—The accompanying estimate, marked A-12198, and amounting to Rs. 785, gives the details of the work in pipe-connections, &c., inclusive of the cost of the machines. I have, &c.,

Carried.

Read letter to the Secretary, No. 28743, dated 5th instant, from the Commissioner as under :—

SIR,—I have the honour to state that the Corporation in their Resolution No. 3102 of 28th June 1897 sanctioned, out of surplus cash balance, a sum of Rs. 8,000 for the purchase of the property of Mr. Kara Lalji at Duncan Road, which is required for the line of the new street in extension of Khara Tank Street. As Mr. Kara Lalji refused to accept the amount, the property was acquired under the provisions of the Land Acquisition Act. The Collector has awarded a sum of Rs. 10,500, which exceeds the amount sanctioned by the Corporation by Rs. 2,500. I request the sanction of the Standing Committee and the Corporation to meet this excess out of surplus cash balance.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved : "That letter to the Secretary, No. 28743, dated 5th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the payment of Rs. 2,500 from surplus cash balance, to meet excess over the grant of Rs, 8,000, sanctioned by the Corporation in their Resolution No. 3102 of the 28th June 1897, for the purchase of house Nos. 245-247, Duncan Road, owned by Mr. Kara Lalji, required for the line of the new street in extension of Khara Tank Street."

No. 10785.

Resolved : "That, with reference to the Commissioner's letter to the Secretary, No. 28999, dated this day, the Standing Committee approve of the acceptance of tender of Messrs. J. W. Ward & Co., the lower of the two tenders received, for the construction of masonry culverts for the proposed cutchra railway from

No. 10786.

Kurla Railway Station to Devnar, at schedule rates aggregating Rs. 25,892-6-3 *plus* Rs. 2,599-3-10 for establishment and contingencies. The cost to be met from the grant sanctioned by the Corporation for the disposal of town-sweepings at Chimbur."

Read letter to the Secretary, No. 29053, dated this day, from the Commissioner as under :—

SIR,—I have the honour to state that in response to the invitation of tenders for skinning dead animals at Coorla two tenders have been received—the former being from Messrs. Sallay Mahomed Dharamsi & Co., and the latter from Mr. Hassum Alloo. Messrs. Sallay Mahomed Dharamsi & Co. offer Rs. 3,000 for one year, Rs. 4,000 per year for a period of three years, and Rs. 5,000 per year for a period of five years. Mr. Hassum Alloo offers Rs. 3,500 per year for a period of five years. The Executive Health Officer reports that, considering the great crisis that has arisen and a probability of the mortality increasing, and in that case the difficulty of getting any contractor, he would recommend the acceptance of the tender of the present contractors, Messrs. Sallay Mahomed Dharamsi & Co. for a period of three years, because he says, "We may be in the position of not being able to find any one to give even the sum now offered." I, however, do not recommend the acceptance of the tender for a period of three years, but request the sanction of the Standing Committee to the acceptance of the tender of the present contractors, Messrs. Sallay Mahomed Dharamasi & Co., for a period of one year at Rs. 3,000.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved. "That, with reference to the Commissioner's letter to the Secretary, No. 29053, dated this day, the Standing Committee approve of the acceptance of tender of Messrs. Sallay Mahomed Dharamsi & Co., of Rs. 3,000 for one year for the privilege of skinning and disposing of the carcasses of dead animals at Kurla."

THE HON'BLE MR. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., *Chairman.*

COWASJEE HORMUSJEE, Esq., G.G.M.C.; T. W. CUFFE, Esq.; THE HON'BLE MR. FAZULBHOY VISRAM, C.I.E.; H. G. GELL, Esq.; IBRAHIM RAHIMTOOLA, Esq.; KAIKHOSRO N. KABRAJI, Esq.; KAIKHOSRU N. BAHADURJI, Esq., M.D., B.S., M.R.C.S; K. M. SHROFF, Esq.; PROFESSOR O. V. MULLER, M.A.; NANABHAI N. KATRAK, Esq., L.M.&S.; ACCACIO G. VIEGAS, Esq., L.M.&S.

P. C. H. SNOW, Esq., I.C.S., Commissioner; and the SECRETARY.

The minutes of the meeting held on the 9th instant were signed.

The seal of the Corporation was affixed to deed of contract with Mr. Rastamji Ratonji Contractor for the construction of a temporary market at Fergusson Road.

Resolved : "That, with reference to the Commissioner's memoranda Nos. 29066 and 29274, dated 9th and 11th instant, the Standing Committee approve, under the terms of section 351 (2) of the Municipal Act, III of 1888, of the removal of the following buildings erected without municipal approval :—

No. 11184.

Names of Owners.	Where.
Mr. Oomer Peer Mahomed...	...Shed at No. 25, Parel Road.
Bai Soonabai, widow of Mr. Rustomji Edalji	...Private Nos. 111-113, Suklaji St."

Resolved : "That sanction be given to the cutting off of water connections as per list accompanying the Commissioner's memorandum No. 29653 dated this day."

No. 11185.

Read letter to the Commissioner, No. S.D.-2165, dated 11th instant, from the Special Drainage Engineer as under :—

SIR,—I have the honour to observe that new lâdis of the same size as those proposed to be sold can be obtained for about Rs. 8 or Rs. 9 per 100. As regards the second point, the only officer likely to require the lâdis is the Executive Engineer, and that officer in reply to my enquiry states that his department does not require them.—I have, &c.,

JAMES W. SMITH, M. Inst. C. E.,
Special Drainage Engineer.

No. 29420 OF 1897-98.

BOMBAY, 12*th February* 1898.

Copy forwarded to the Municipal Secretary in continuation of this office No. 27718 of the 26th ultimo and in reference to the enquiry made by the Standing Committee.

P. C. H. SNOW, Commissioner.

Resolved: "That, as applied for by the Commissioner in his letter and memorandum to the Secretary, Nos. 27718 and 29420, dated 26th ultimo and 12th instant, sanction be given, under the terms of Section 92 (*b*) of the Municipal Act, III of 1888, to the acceptance of the offer of Mr. Abdul Ali Karimbhai of Rs. 525 for the purchase of 10,000 old stone ládis taken up from the bottom of the side-drains in the Khetwadi district."

Resolved: "That the following be *recorded*:—Letter
No. 11189. to the Secretary, No. 29160, dated 10th instant, from the Commissioner, reporting that he has allowed Mr. Bhojabhoy Allarkhia, hay contractor for the Municipality for the next year, to continue in the occupation of municipal ground on the Flats, admeasuring 980 square yards, for stacking hay for one year from the 18th January 1898 on payment of Rs. 80."

It was agreed that the following be circulated and
No. 11190. brought on for consideration at the next meeting:—Letter to the Secretary, No. 28814, dated 7th instant, from the Commissioner, requesting approval of the Committee, under Section 216 of the Municipal Act, III of 1888, of the writing-off of Rs. 515-11-9, being the amount of irrecoverable bills in respect of property and wheel taxes.

Resolved: "That, as applied for by the Commissioner
No. 11191. in his memorandum No. 29287, dated 11th instant, sanction be given to the transfer of Rs. 127-13-10 from savings in the grant for Section III (Coal) to Section VI, Repairs to Buildings, D, Maintenance of Colaba Compressor Station, to meet excess in the latter section owing to inadequate provision in the Budget."

Considered letter to the Commissioner, No 12575, dated 6th December 1897, from the Executive Engineer as under:—

SIR,—With reference to Corporation Resolution No. 2274 of 11th June 1896, regarding the laying of 4" mains in different parts of the City, I have the honour to submit the accompanying plan showing (*a*) the old mains in red lines near the Grant Road Bridge; (*b*) portions of the 4" mains sanctioned to be laid near the above bridge in blue lines; and (*c*) an additional 4" main now proposed to be laid, in blue dotted lines and referred to further on. 2.—According to the sanctioned proposal, the 4" main A B, which is now laid, would have had to be connected with the existing 32" main at the point C, but it is now proposed not to connect this new 4" main at the point C, but to divert it as shown in blue dotted line and connect it with the 7" branch of the 32" main at the point D. 3.—The principal advantage of the additional 4" main now proposed is, that it will enable us to cut off the connections with the 32" main of the existing service pipes of thirteen premises situated to the north of the low-level road adjoining the Grant Road Bridge and

to transfer these connections to the new 4″ pipe. It need scarcely be mentioned that it is highly objectionable to have small service connections on such large supply mains as the 32″ main now under consideration. 4.—A further advantage that would result from the new proposal is, that a 4″ connection, *viz.*, that at C, will be saved. In a well-regulated water-supply, the principal supply mains should be tapped at as few places as possible. 5.—The estimated cost of the additional 4″ main now proposed, *viz.*, Rs. 1,720 as per accompanying estimate, can be met from the savings in the sanctioned grant for laying 4″ pipes in different parts of the City with the sanction of the Standing Committee, and I have to request the favour of your applying to that body for their sanction to the laying of the new 4″ main at the above cost.—I have, &c., M. C. MURZBAN, Executive Engineer.

No. 29001 OF 1897-98.

BOMBAY, *9th February* 1898.

Copy forwarded to the Municipal Secretary for favour of sanction of the Standing Committee to the Executive Engineer's proposal.

P. C. H. SNOW, Commissioner.

Resolved : "That, as applied for by the Commissioner in his memorandum No. 29001, dated 9th instant, and with reference to the Corporation's Resolution No. 2274 of the 11th June 1896, sanction be given to the laying of additional 4″ service water main on the north side of Grant Road Overbridge as shown on the tracing marked No. $\frac{48}{23\text{-}9\text{-}97}$ dated 2nd September 1897, and to the connection of the said main with the 7″ branch off the 32″ main at point D on the tracing. The cost of the additional main, Rs. 1,720, to be met from savings in the grant made in resolution as above for the laying of 4″ mains."

No. 11192.

Considered letter to the Secretary, No. 29000, dated 9th instant, from the Commissioner, as under :—

SIR,—I have the honour to state that the General Manager, Army and Navy Co-operative Society, Limited, has applied to me for permission to deposit building materials on the Hope Street along the length of the Society's premises in the rear, during the

time their new building is under construction. There is no objection to the road being so used for a depth of 15 feet. But the General Manager of the Society objects to pay the usual fee, which is one anna per square yard, of the ground occupied per day and requests that some concession may be made to him. The Executive Engineer recommends that half the present charge be made for the following special reasons: (1) There is no traffic on this road worthy of the name, as it is rather in the nature of a passage than a public road between the Secretariat Office on one side and the Mechanics' Institute and the Esplanade Hotel on the other side. The depositing of materials on the road will therefore cause inconvenience to no one, and any revenue derived by a temporary occupation of the road will be a net gain to the Municipality. The Society can manage without availing themselves of the use of this road if the current rate is charged. (2) If the Society be not allowed to occupy the road at the reduced rate, the completion of the building will be delayed and, as pointed out by the General Manager of the Society, the Municipality will lose their revenue of rates and taxes on the building for some months on account of this delay. I agree with the Executive Engineer and request the sanction of the Standing Committee and the Corporation to the charge, which will be about Rs. 2,450, being made as proposed by the Executive Engineer.—I have, &c., P. C. H. SNOW, Commissioner.

Proposed by Cowasjee Hormusjee, Esq., seconded by T. W. Cuffe, Esq.—

No. 11193. "That letter to the Secretary, No. 29000, dated 9th instant, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the charging of Rs. 2,450, or 6 pies per square yard, against the General Manager, Army and Navy Co-operative Society, for the deposit of building materials in rear of the Society's premises in Hope Street during the course of construction of their new building."

Carried.

No. 11194. *Resolved*: "That, with reference to the Commissioner's memorandum to the Secretary, No. 28858, dated 8th instant, the Standing Committee approve, under the terms of Section 381 of the Municipal Act, III of 1888, of notice in writing being served on the representative of the late Mr. Nasarwanji Hormusji Alpaiwala, requiring him to clean the well at his premises No. 11, Khambatta Lane, and to remove the deposit from the bottom thereof, as the water of the well smells very offensively and is a nuisance."

No. 11195. *Resolved*: "That, with reference to the Commissioner's memorandum to the Secretary, No. 29161, dated 10th instant, the Standing Committee approve, under the terms of Section 381 of the Municipal Act, III of 1888, of notice in writing being served on Mr. Ramchordas Haridas, requiring him to fill up with sweet earth the well at his premises Nos. 36-40, Bhandari Street, as the well is a nuisance."

No. 11196. It was agreed that the consideration of letter to the Secretary, No. 27877, dated 27th ultimo, from the Deputy Commissioner, on the subject of the levy of special halalkhor rate for service rendered to the various mills in Bombay be further postponed.

2. It will be seen from the above figures that the balance now available amounts to only Rs. 34,220-8-3.

3. As the plague operations are now in full swing, the above balance will not suffice to meet more than a week's expenses.

4. May I, therefore, request the favour of your obtaining the sanction of the Standing Committee and the Corporation to a further grant of, say, Rs. 3 lakhs, to be paid as an advance from surplus loan and other balances.—I have, &c., W. E. WAITE, Chief Accountant.

No. 29700 of 1897-98.

BOMBAY, *16th February* 1898.

Copy forwarded to the Municipal Secretary for favour of sanction of the Standing Committee and the Corporation to the Chief Accountant's proposal.

P. C. H. SNOW, Commissioner.

Proposed by Ibrahim Rahimtoola, Esq., seconded by Professor O. V. Muller—

"That memorandum to the Secretary, No. 29700, dated this day, from the Commissioner and accompaniments thereto be forwarded to the Corporation, with the recommendation that sanction be given to the further grant of Rs. 1,00,000 only for the present, to be paid as an advance from surplus loan and other balances, to meet the cost of measures for the suppression of the plague.

No. 11209.

"That the Chairman be requested to apply to the Corporation at their meeting to be held on Monday, the 21st instant, to consider this resolution as urgent business."

Carried.

Resolved: "That, with reference to memorandum from the Commissioner to the Secretary, No. 29701, dated this day, the Standing Committee approve of the acceptance of the following offers for the supply of coal at the following rates:—*For Love Grove Pumping Station*—500 tons Powell's Duffryn Cardiff coal, from Mr. H. F. Good, at Rs. 20 per ton; 500 tons Borrea A seam anthracite coal, from Messrs. P. Nasarwanji & Co., at Rs. 15-8-0 per ton. *For Municipal Workshops*—75 tons Powell's Duffryn Cardiff coal, from Mr. H. F. Good at Rs. 19-4-0 per ton; 150 tons Borrea A seam anthracite coal from Messrs. P. Nasarwanji & Co., at Rs. 15-2-0 per ton. *For Colaba Air Compressor Station*—100 tons Borrea A seam anthracite coal from Messrs. P. Nasarwanji & Co., at Rs. 14-12-0 per ton. The cost to be met from the grants for coal for the two Stations and the Workshops respectively.

No. 11210.

"That, under the terms of Section 72 (3) of the Municipal Act, III of 1888, the Standing Committee dispense with the invitation of tenders, which would otherwise be necessary, as the proposed arrangements for the purchase of this coal are advantageous to the Municipality.

Resolved : "That the following be *recorded* :—Letter to the Secretary, No. 29702, dated this day, from the Commissioner as under:— No. 11211.

SIR,—I have the honour to state that Messrs. Littlewood & Pallonji, the late Contractors for the construction of new filters at the Bhandarwada Reservoir, have left on the site of the work the following materials :—

Sand	...	...	18,565 c. ft.
Shingle	...	...	3,196 ,,
Metal	...	...	3,570 ,,

The Executive Engineer proposes to purchase and lay them in the filters departmentally, as to do so would be more advantageous to the Municipality than to entrust the work to Mr. Sitaram Laxuman, whose tender for the completion of the filters has recently been accepted. Messrs. Littlewood and Pallonji are willing to sell the materials for Rs. 1,720 at rates mentioned in the margin. The cost of the materials *plus* the cost of washing and laying them in the filters amount to Rs. 2,420, while at Mr. Sitaram Laxuman's rates it would cost Rs. 2,788-1-9 to do the work.

Sand	..	Rs. 6-8 0 per 100 c. ft.	
Shingle	..	,, 11-0-0 ,,	,,
Metal	..	,, 4-8-0 ,,	,,

I have, therefore, sanctioned the purchase of the materials from Messrs. Littlewood and Pallonji at a cost of Rs. 1,720. The amount will be met from the grant of Rs. 25,045-8-0 sanctioned by the Standing Committee in their Resolution No. 6812 of 28th October 1897.—I have, &c., P. C. H. SNOW, Commissioner."

Resolved : "That the following be *recorded* :—Letter to the Secretary, No. 29697, dated this day, from the Commissioner, reporting that he has sanctioned the purchase from Messrs. Macbeth Brothers & Co. (the lowest of the nine quotations received) of 1,000 lbs. Dermatine faces for the Love Grove Pumping Station, at the cost of Rs. 3,120, to be debited to the grant for Contingencies and Stores, Section 4, Maintenance of the Station. No. 11212.

"That, under the terms of Section 72 (3) of the Municipal Act, III of 1888, the Standing Committee dispense with the invitation for tenders, which would otherwise be

necessary, as the rate accepted by Messrs. Macbeth Brothers & Co. is the lowest of the offers received, and is advantageous to the Municipality."

On the motion of Ibrahim Rahimtoola, Esq., it was agreed that, on account of the Ramazan Id, on Wednesday and Thursday, the 23rd and 24th instant, the next meeting of the Committee be held at 3-30 p.m. on Tuesday, the 22nd idem.

BOMBAY, *22nd February* 1898.

AT the meeting of the Standing Committee, held this day, there were present:

THE HON'BLE MR. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., *Chairman.*

COWASJEE HORMUSJEE, Esq., G.G.M.C.; T. W. CUFFE, Esq.; THE HON'BLE MR. FAZULBHOY VISRAM, C.I.E.; H. G. GELL, Esq.; IBRAHIM RAHIMTOOLA, Esq.; KAIKHOSRO N. KABRAJI, Esq.; KAIKHOSRU N. BAHADURJI, Esq., M.D., B.S., M.R.C.S.; K. M. SHROFF, Esq.; PROFESSOR O. V. MULLER, M.A.; NANABHAI N. KATRAK, Esq., L.M. & S.; ACCACIO G. VIEGAS, Esq., L.M. & S.

P. C. H. SNOW, Esq., I.C.S., Commissioner; the EXECUTIVE ENGINEER; and the SECRETARY.

The minutes of the meeting held on the 16th instant were signed.

The seal of the Corporation was affixed to deed of contract with Messrs. Dewram Keshaoji & Co. for works in street portions of house drainage connections in various parts of the city.

Resolved: "That sanction be given to the cutting off of water-connections as per list accompanying the Commissioner's memorandum, No. 30115, dated this day."

No. 11557.

Resolved: "That the following be *recorded*:—Letter to the Secretary, No. 29599, dated 15th instant, from the Commissioner, reporting that he has sanctioned the payment to Mr. Mahomedbux Rahimbux of Rs. 150 as compensation for damage done to the lining and paint-work of his landau by the frequent application of disinfectants to the carriage during the time it was used for the conveyance of plague patients from various hospitals to the hospital, Government House, Parel, from 19th February to 10th July 1897. The charge to be debited to the grant for plague charges."

No. 11558.

Resolved: "That the following be *recorded* :—Letter to
No. 11559. the Secretary, No. 29601, dated 15th instant, from the Commissioner, stating, with reference to the Standing Committee's Resolution No. 1248 of the 6th May 1896, that the 15 months' lease of the property at the junction of Dockyard and Coppersmith Roads, granted to Mr. Camillo Collonello expired on the 31st December last. Mr. Camillo Collonello has not yet returned to Bombay, but Mr. Antonio Collonello, his constituted attorney, who now resides on the premises, has applied for permission to occupy the building a few months longer. The building is out of the line of the road, and the Municipility will have to sell the structure when the road is completed, but it is not necessary to have the same vacated now. The Commissioner has therefore allowed Mr. Antonio Collonello to continue to occupy the premises on a strict tenancy at will and subject to a month's notice to quit whenever called upon by the Municipality to do so, at the rent of Rs. 70 per month."

Resolved: "That the following be *recorded* :—Letter to
No. 11560. the Secretary, No. 29605, dated 15th instant, from the Commissioner, reporting that he has accepted the tender of Messrs. Teju Kaya & Co., the only one received, for the construction of rubble masonry walls on the sides of the Jewish Burial Ground at Mount Road, at a cost of Rs. 3,807-1-7, exclusive of contingencies, to be met from savings in the grant for the construction of the Reay Road, Victoria Road Extension, and the provision of burial ground for Mahomedans and Bene-Israel."

Resolved: "That the following be *recorded* :—Letter to
No. 11561. the Secretary, No. 29799, dated 17th instant, from the Commissioner, reporting, with reference to the Standing Committee's Resolution No. 6627 of the 13th October 1897, that he has sanctioned for a further period of three months, from 6th instant, the continuance of the two appointments of Rs. 100 and Rs. 45 per mensem respectively in the office of the Chief Accountant for the audit of the expenditure incurred on account of the measures adopted for the suppression of the plague. The cost to be debited to the grants for plague charges."

Resolved : "That, as applied for by the Commissioner in his memorandum No. 29421, dated 12th instant, sanction be given to the payment of Rs. 47 per mensem for three months, from 1st December 1897 to 28th February 1898, for grain compensation to 1 havildar, 5 peons and 41 lascars, employed under the Engineer as under :—

Resolved : "That, as recommended by the Commissioner in his letter to the Secretary, No. 29698, dated 16th instant, sanction be given, under the terms of Rule No. 3 of the Pension Regulations, to Mr. M. H. Bhatawadekar, Deputy Health Officer, being permitted to contribute towards the pension fund from 18th October 1897, subject to the requirements of the regulations as to his passing the necessary medical examination, and paying arrears of contribution from the date of his appointment to the permanent staff."

No. 11563.

No. 11564. The consideration of the following was further postponed :—Letter to the Secretary, No. 28814, dated 7th instant, from the Commissioner, requesting approval of the Committee, under Section 216 of the Municipal Act, III of 1888, of the writing-off of Rs. 515-11-9, being the amount of irrecoverable bills in respect of property and wheel taxes as per list submitted.

Read letter to the Secretary, No. 29613, dated 15th instant, from the Commissioner, as under :—

SIR,—I have the honour to request the sanction of the Standing Committee and the Corporation to a grant of Rs. 75 from surplus cash balance to pay a bill for that amount preferred by the Deputy Collector, Thana, on account of survey expenses for the year 1895-96 in respect of the land leased by the Municipality from Government at Chimbur. The bill was preferred in March 1896, but its payment has been delayed, as the Deputy Collector who was requested to state the circumstances under which the claim was made replied only on the 17th January last. A copy of his letter is herewith forwarded.—I have, &c., P. C. H. SNOW, Commissioner.

No. 2505 OF 1897-98.

THANA, *17th January* 1898.

To THE EXECUTIVE HEALTH OFFICER,

BOMBAY.

SIR,—With reference to your No. 1061 of the 14th April 1896, I have the honour to state that, as the Revision Survey of the Salsette Taluka was sanctioned by Government in their Resolution No. 7408, dated 18th October 1890, and due publicity of the same given in every village by the Survey Department at the time in conformity with the existing rules of the Revenue Department, no further specific intimation was apparently necessary. 2.—Moreover, as it is binding on the Bombay Municipality to pay the charges of the nature now demanded under the terms of the lease executed on the 23rd October 1868, in which it is laid down that "the lessees will during the said term pay all existing and "future rates, taxes, assessments and other charges and out-"goings whatever, if any, now payable or at any time hereafter "to be payable, either by landlord or tenant, in respect of the said "demised premises," I have the honour to request that you will be so good as to pay the amount of the bill in question at your earliest convenience, informing this office of your having done so.—I have, &c.,

A. G. KOTVAL, Huzur Deputy Collector.

Resolved : "That letter to the Secretary, No. 29613, dated 15th instant, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the grant of Rs. 75 from surplus cash balance to meet the payment of the bill preferred by the Deputy Collector, Thana, for survey expenses for the year 1895-96 in respect of the land at Chimbur leased by the Municipality from Government for the disposal of town-sweepings."

No. 11565.

Resolved : "That the following be referred to the Commissioner for favour of remarks:—Resolution of the Corporation, No. 10980 of 14th instant, as under :—That, with reference to the Standing Committee's Resolution No. 10207 of the 26th ultimo, on the subject of the provision of markets at Chaopati, the Corporation will be prepared, on the recommendation of the Committee, to sanction the additional grant necessary for the acquisition of the site shown as No. 12 on the tracing accompanying the report of the Committee."

No. 11566.

Read letter to the Commissioner, No. S.D.-2180, dated 12th instant, from the Special Drainage Engineer, as under :—

SIR,—I have the honour to observe that in the plans prepared by Mr. C. C. James for the improvement of the surface drainage of the Khetwadi District (which work I am now carrying out), no provision was made for improving the existing 9" stoneware pipe in a portion of Khetwadi 10th Lane to the north of Khetwadi Back Road.

2. This 9" pipe is not sufficient for the requirements, and, as it gets frequently choked, the Drainage Department has to clean it continually, and thereby incur a considerable expenditure.

3. The work of improving the side-drains has just been practically completed by the contractors, Messrs. Vithal Sayanna & Co., and I find that there is not sufficient saving in the contract amount to meet the cost of a masonry drain which should be substituted for the 9" pipe.

4. There is, however, a saving of Rs. 4,522 in the grant for the improvement of the side-drains in the Khetwadi District, that being the difference between the office estimate and the amount of the accepted tender.

5. As the proposed work is very necessary and relates to the surface drainage of the district, I beg the favour of your sanction to the above saving being utilized for the construction of a masonry drain which will cost Rs. 4,353, as shown in the accom-

panying estimate marked S.A.-89221, and to the work being entrusted to Messrs. Vithal Sayanna & Co., in extension of their contract for the Khetwadi side-drains.

6. As the contract time expires on the 21st of February instant, I would further request the favour of your sanction being accorded by an early date.—I have, &c., JAMES W. SMITH, Special Drainage Engineer.

No. 29925 OF 18TH FEBRUARY 1898.

Copy forwarded to the Municipal Secretary for favour of sanction of the Standing Committee and the Corporation to the Special Drainage Engineer's proposal.

Sanction of the Standing Committee is also requested to entrust the work to Messrs. Vithal Sayanna & Co. in continuation of their contract.

P. C. H. SNOW, Commissioner.

No. 11567. *Resolved*: "That memorandum to the Secretary, No. 29925, dated 18th instant, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the construction of storm-water masonry drain, 2'-6" × 2'-6", in Khetwadi 10th Lane, north of Khetwadi Back Road, for improving the stoneware pipe drain thereat, at a cost of Rs. 4,353, to be met from savings, Rs. 4,522, in the grant for the improvement of the side-drains in the Khetwadi District.

"That sanction be given, under the terms of Section 69 (*e*) of the Municipal Act, III of 1888, to the variation of the contract with Messrs. Vithal Sayanna & Co. for the construction of drains in Khetwadi, whereby Messrs. Vithal Sayanna & Co. may be entrusted with the said work in continuation of their contract."

No. 11568. *Resolved*: "That the following be forwarded to the Corporation for information:—Memorandum to the Secretary, No. 29895, dated 18th instant, from the Commissioner, reporting the writing off, under the Stock Rules, of Rs. 6,091-13-10, from the live-stock return of the Health Department, being the book-

value of 31 bullocks that died and 58 which were sent to Pinjrapol during the quarter ending 30th November 1897.*

No. 11569. *Resolved*: "That, with reference to the Commissioner's letter to the Secretary, No. 29923, dated 18th instant, and the Standing Committee's Resolutions Nos. 10451 and 10789 of the 2nd and 9th idem, the Committee approve, under the terms of Section 517 (1) (*j*) of the Municipal Act, III of 1888, of the filing of suit, under the terms of Section 211 of the said Act, in the High Court against Mr. Framroz Jamsetji Agha for the recovery of Rs. 5,485-13-0 for Municipal taxes due by him in respect of his properties in Gilder Street."

Read letter to the Secretary, No. 29921, dated 18th instant, from the Commissioner, as under:—

SIR,—I have the honour to state that the two plots of land coloured red and numbered 1 and 2 on the accompanying plan are required for the proposed Reay Road. They belong to Government and I have settled with the Collector of Bombay the terms on which Government would sell them to the Municipality, *viz.*, Rs. 8 per square yard. The area of the two plots is about 544 square yards. The land is at present in the possession of the authorities of the Church of "Our Lady of the Rosary" to whom a sum of Rs. 1,307 will have to be paid through the Collector in full satisfaction of all their claims in regard to the shed, wall, &c., standing thereon. I have to request the sanction of the Standing Committee and the Corporation to the purchase of the land at the rate above-mentioned and to the payment of Rs. 1,307 to the Church Authorities. If the Municipal Solicitors consider that the Government resolution sanctioning the sale of the land is not a sufficient title for our purposes, the cost of drawing up the conveyance and getting it stamped and registered will be borne by the Municipality. The cost of the purchase, &c., will be met from the grant for the construction of Reay Road and acquiring properties for the same.—I have, &c., P. C. H. SNOW, Commissioner.

Causes of death:—1 foot-and-mouth disease, 14 old age and general debility, 3 hoven, 3 heart disease, 1 hepatitis, 1 jaundice, 1 horn disease, 1 tuberculosis of lungs, 3 pneumonia, 1 enteritis, 1 exhaustion from dislocated hip joint, 1 ruptured spleen, 58 cast being unfit for further service. Total 89.

Where died:—24 Bullock Hospital; 2 Kamathipura Stable, E Ward; 2 Grass Market Stable, C Ward; 1 Bori Bunder Stable, B Ward; 1 Bori Bunder Stable, A Ward; 1 Kamathipura Stable (N. B.); 58 sent to Pinjrapol. Total 89. Of this, 1 was purchased in 1882, 2 were purchased in 1883, 9 in 1885, 6 in 1886, 11 in 1887, 12 in 1888, 12 in 1889, 8 in 1890, 12 in 1891, 2 in 1892, 3 in 1893, 3 in 1894, 3 in 1895, and 5 in 1896.

Casualty percentage per month on the whole strength of 1,891 bullocks on 1st March 1897 is 4·5.

Resolved : " That letter to the Secretary, No. 29921, dated 18th instant, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given (1) to the acquisition of two plots of Government land, admeasuring 544 square yards, or thereabout, situated at DeLima Street, Mazagon, required for the proposed Reay Road shown in red colour and numbered 1 and 2 on the tracing submitted, at the rate of Rs. 8 per yard ; and (2) to the payment to the authorities of the Church of 'Our Lady of the Rosary,' through the Collector of Bombay, of Rs. 1,307 in full satisfaction of all claims in regard to the shed, wall, &c., standing on the said land. The cost of the land in question, Rs. 4,352 and Rs. 1,307 for buildings thereon, to be met from the grant for the construction of, and the acquisition of land for, the said Road."

KHETWADI 4th LANE,

BOMBAY, 29*th January* 1898.

TO THE CHAIRMAN OF THE STANDING COMMITTEE AND BOMBAY MUNICIPAL CORPORATION.

SIR,—I have the honor to acknowledge receipt of the letter of the Municipal Secretary, dated 12th October 1897, No. 10598 of 1897-98, which was in reply to my letter addressed to you on 2nd April 1897. In the said letter the Municipal Secretary informed me that the Deputy Executive Engineer, Drainage Works, was taking action against Mr. Borges with a view to his being compelled to restore the connection for the carriage of water from my well at Khetwadi 4th and 5th Lanes. On receipt of the said letter I was fully under the impression that the hardship inflicted upon me by my neighbour Mr. Borges, and for which I complained to the Municipality on 24th October 1896, and regarding which I had thereafter long correspondence with the Municipality, was remedied and at an end. But to my surprise I received letter No. D.-1202 of 1897-98 in November last from the Municipal Commissioner, in which the Municipal Commissioner on the contrary wanted to carry the waste water from my premises, and when on the 30th November 1897 I expressed my surprise to such proceedings and submitted that an innocent party should suffer for wilful default of Mr. Borges, and when I offered another suggestion to bring an end to this long pending inconvenience, I received reply from the Municipal Commissioner, No. 275515 of 1897-98, dated 24th January 1898, wherewith Municipal Commissioner states amongst

other things that "the matter must remain as it is. The Municipality has nothing to do with the course suggested in the concluding portion" of my said letter of the 30th November last. I beg to annex copies of all the correspondence subsequent to the said letter of the Municipal Secretary of 12th October 1897. I now beg to draw your attention to the fact that, notwithstanding all the protests from me Mr. Borges defied the Municipality in blocking the water, and that, notwithstanding your order to proceed against Mr. Borges, I must now stop quiet. That an innocent party should suffer for the wilful defiance of Mr. Borges was far from your order. I therefore beg you will be pleased to pass an order against the building of Mr. Borges and relieve me from the inconvenience.—I have, &c,

ADERJI CAWASJI COOPER.

Forwarded to the Commissioner for favour of remarks.

H. W. BARROW, Municipal Secretary.

No. 29939 OF 1897-98.

BOMBAY, *18th February* 1898.

TO THE MUNICIPAL SECRETARY.

SIR,—With reference to your No. 10401 of 29th January last, I have the honour to state that Mr. C. C. Borges, while constructing his new building at Khetwadi 4th Lane, removed a 6″ pipe drain which carried the waste water of the well on the premises. A notice was accordingly served on him to restore the pipe drain. In reply he undertook to restore it on the completion of the building. The building has since been completed and the Drainage Engineer reports that the only reasonable and most convenient means by which Mr. Borges can drain the waste water from the well into a municipal drain is by carrying the same through Mr. Aderji Cawasji Cooper's premises which are adjacent to Mr. Borges. No hardship will be inflicted on Mr. Aderji, as the well which is to be connected is very rarely used and the drain to be laid is a covered one and will not in any way interfere with the use of the premises. A notice has accordingly been served on Mr. Aderji giving him intimation of the proposed arrangement. The Municipality has nothing to do with the course suggested by Mr. Aderji in the concluding para. of his letter of 30th November 1897. He can make his proposal direct to Mr. Borges, and it is for the latter to accept it or not.—I have, &c.,

P. C. H. SNOW, Commissioner.

Resolved : " That, in reply to his letter to the Chairman of the Standing Committee, dated 29th ultimo, on the subject of a drain near his premises at Khetwadi 4th and 5th Lanes, for the carriage of water from a well thereat, Mr. Aderji Cawasji be informed in terms of the Commissioner's letter to the Secretary, No. 29939, of the 18th instant."

Considered the following :—

BOMBAY, 29*th May* 1897.

TO THE CHAIRMAN OF THE STANDING COMMITTEE,
BOMBAY MUNICIPALITY.

SIR,—We, the undersigned inhabitants of the Oart called " Bhat Wadi " in Girgaum near the two Hindoo temples opposite Messrs. Cummoo Jaffer Suliman and Co.'s establishment on the Girgaum Road, beg most respectfully to lay before you the following few lines concerning our grievances, and hope that the subject will receive your favourable consideration. The aforesaid Oart belonged originally to the DeGa family (the present owner thereof being Mr. Moolchand Shivlal, from whom several plots have been taken on lease in perpetuity by a number of Hindus who have erected dwelling-houses thereon. One of the conditions of the leases is that the lessees should not sell or let their premises to prostitutes, Mahomedans or Christians, but to Hindus only, and that the passage of about ten feet in width in the midst as shown in the plan accompanying the leases should be used in common by all the residents of houses on either side of it without being encroached upon. It extends further and joins a public passage of about the same width which opens on the Girgaum Back Road towards the north, thus running a total length of about 250 yards for vehicular traffic on the south; however, the outlet of the Oart opening on the Girgaum or Breach Candy Road on the south consists of a very narrow lane, scarcely 2½ feet in width and about 100 feet in length, bordering on a portion of the same Oart which is leased by a Parsee gentleman. About a year ago this gentleman put up a storey to a low old building of his, standing on a small piece of land and verging on the said lane, and since about two months past he has been erecting another storeyed building between this house and another house belonging to him on the west, joining it with the latter and leaving but a scanty space between it and the former. These erections have, we submit, blocked up the line of free and pure westerly breeze hitherto enjoyed by us, and we are at a loss to understand that the authorities who have to watch the sanitary interests of the public should have allowed these structures to be put up so close to each other in a continuous line in contravention to the provisions of building regulations without insisting on sufficient open spaces

being left between any two buildings. The daily grievance we are suffering from is the inconvenience and annoyance caused by the narrowness of the lane in question, which is generally used by all the residents of the Oart as well as other persons of the surrounding localities for ingress and egress from Girgaum Road to Girgaum Back Road. The most affecting part of it is when the gentler sex have to pass through it and meet persons coming from the opposite direction especially on dark nights. Similarly, when a cattle, or a bhangy with a basket-load over his head, passes through it, one has to trace his footsteps back. During the monsoon people get wetted owing to their being unable to open their umbrellas in this narrow lane and water accumulates knee-deep to wade through. Owing to the narrowness of one end of the lane and blocking up of the space by irregularly-built houses, the free ventilation of the Oart is much interfered with, and the fact that it is considered as a bye-lane has made the authorities neglect the sanitary condition of the place and thereby heaps of rubbish do accumulate at times on different spots and are not removed in time, the result of which is that foul gases emanate and tell upon the health of the residents of the Oart, the death-rate of which is comparatively larger than any other locality in Girgaum. On the ground stated above, we humbly request that, while this portion of the leased land is still unbuilt upon and would cost but a small outlay to be taken up, you will be pleased to pay your kind attention to our petition and sanction the widening of this lane, now that the sanitary improvement of Bombay is deemed the first consideration by the authorities. By remedying this evil and thereby placing us under a deep debt of gratitude, the undersigned will, as in duty bound, be ever thankful to your Committee and the Bombay Corporation.—We have, &c.,

L. B. DHARGALKAR, L.M. & S.,
J. D. KOLATKAR (and 46 others).

Address—Bhat Wadi Lane.

No. 29926 of 1897-98.

BOMBAY, *18th February* 1898.

To THE MUNICIPAL SECRETARY.

SIR,—With reference to the Standing Committee's Resolution No. 2303 of 2nd June last, I have the honour to forward a plan marked P.H.D-21198 numbered 1072 of 21st January 1898, showing Bhat Wadi Lane therein referred to. This is a private lane running north and south and extending from Girgaum Road to Girgaum Back Road. For a great portion the width of the lane is 10 feet, but at its southern extremity, that is to say, where it joins Girgaum Road, it is only 2½ feet. If the Corporation are of opinion that this private lane should be widened at the expense of the Municipality,

the portion last referred to, *viz.*, that which is only 2½ feet in width and coloured red on the plan, should be increased to 10 feet. The probable cost of doing this will be Rs. 7,000. This is not a large expenditure ; and as the widening of the lane will afford convenience to those who have to go from one street to the other, it may be sanctioned. I am not in favour of widening this lane to a greater extent than 10 feet. In my opinion it would be a great public convenience if a wide thoroughfare were opened from Girgaum Road to Girgaum Back Road in the position shown by yellow tint on the accompanying plan. This road would be in continuation of a street which is commonly known as " Night-soil Depôt Lane " and which extends from the Municipal Night-soil Depôt on Queen's Road to the Girgaum Road. This Night-soil Depôt Lane might eventually be extended to the Queen's Road, whereby the traffic in Charni Road in front of Allbless Baug would be considerably relieved. The proposed new road shown in yellow tint will pass mostly through open ground, only a few unimportant buildings come in the way, and I would suggest that the line of this road may be sanctioned, so that the construction of buildings on it may be prohibited in the future. When the Night-soil Depôt Lane is extended to Queen's Road and the road shown in yellow tint is constructed, there will be a complete thoroughfare from Queen's Road to Grant Road. The present state of the Municipal finances precludes my recommending the construction of the road, as shown in yellow, immediately, but it would be advisable to carry out the work when our finances improve.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 11572. It was agreed that letter to the Chairman, dated 29th May 1897, from Messrs L. B. Dhargalkar, L.M. & S., J. D. Kolatkar, and others on the subject of the widening of Bhat Wadi private lane, and the Commissioner's letter No. 29926, dated 18th instant, reporting thereon, be printed on the minutes of this day's meeting and brought on for consideration at the next meeting.

The consideration of the question of the levy of a special halalkhor rate for service rendered to the various mills in Bombay was further postponed.

No. 11573. *Resolved* : " That the following be *recorded*:—Memorandum No. 29678, dated 16th instant, from the Commissioner, reporting, with reference to the Standing Committee's Resolution No. 4484 of the 3rd October 1888, the transfers made to the Municipal General Fund Pass-book, (*a*) on the 7th instant, from the Surplus

16th February 1898.

Resolved : "That the following be *recorded* :—Memo-
No. 11577. randum No. 29655, dated 16th instant, from the Commissioner, forwarding return of persons inoculated at the different stations in the City for the week ending 16th idem."

The following return was read and *recorded* :—Return
No. 11578. of fire at Lady Jamsetji Road, Dadur, forwarded with the Commissioner's memorandum No. 29699, dated 16th February 1898.*

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 20th February 1898.†

Resolved : "That, as applied for by the Commissioner,
No. 11579. in his memorandum No. 30012, dated 18th instant, sanction be given to the transfer of Rs. 51 from savings in the grant for Miscellaneous Drainage, New Works, to the grant for water gullies in different parts of Bombay, to meet excess in the latter grant owing to inadequate provision in the Budget."

Resolved : "That, with reference to the Commis-
No. 11580. sioner's letter to the Secretary, No. 30002, dated 18th instant, the Standing Committee approve of the acceptance of the tender of Messrs. Teju Kaya & Co., the only one tender received, for constructing a masonry wall, repairing and raising the old walls, &c., round the Suni Mahomedan Burial Ground at Tank Bunder, at rates aggregating Rs. 7,969-1-3

No. 16732 of 1897-98.

BOMBAY, 22*nd February* 1898.

To THE MUNICIPAL COMMISSIONER.

SIR,—I have the honor to submit herewith two tenders received in response to a call made by this office for the supply of carts and bullocks. The contractors were requested to submit two rates—one for the supply of carts and bullocks for one year, and the other for three years, both commencing from the 1st March 1898.

A summary of the results of these two tenders is given below, compared with the rates for the supply of carts and bullocks for the past three years :—

Name of Tenderer.	Single bullock.		Pair of bullocks.		Cart and pair of bullocks.	
	One year.	Three years.	One year.	Three years.	One year.	Three years.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

Present contract rates ... ... „	...	0 10 0	...	1 2 0	...	1 6 0

It will be seen from the above that Messrs. Teju Kaya & Co.'s rates are the lowest, but they are in excess of the rates for the past three years. This is probably owing to exceptional times and and I am, therefore, of opinion that the next contract should be for one year only. Messrs. Teju Kaya & Co. are willing to accept the rates quoted by them for the supply of single bullocks, bullock pairs, and carts and bullocks, for three years for a year's contract also.

I beg, therefore, to request that the sanction of the Standing Committee may be obtained to a contract being entered into with Messrs. Teju Kaya & Co. for the supply of carts and bullocks for one year commencing from 1st March 1898 at the following rates :—

Supply of a single bullock	...	...	...	... Rs. 0 12 0

Bombay, *22nd February* 1898.

To The MUNICIPAL COMMISSIONER.

Sir,—I have the honour to submit herewith two tenders received in response to a call made by this office for the supply of road-metal. The Contractors were requested to submit two rates—one for the supply of metal for one year and the other for three years, both commencing from the 1st March 1898.

A summary of the results of these two tenders is given below, compared with the rate for the supply of metal for the last three years :—

Name of Tenderer.	Rate per bras for the supply of Metal for one year.			Rate per bras for the supply of Metal for three years.

Messrs. Teju Kaya & Co.—Metal delivered at the site of work.	6	12	0	6	11	0
Do. do. do. at the quarry.	4	0	0	4	0	0
Rate for the last three years for metal delivered at the site of work	5	10	6	.....		

It will be seen from the above that Messrs. Teju Kaya & Co.'s rates are the lowest, but they are nearly one rupee in excess of the rate for the past three years. This is probably owing to exceptional times, and I am therefore of opinion that the next contract should be for one year only. Messrs. Teju Kaya & Co. demand Rs. 6-11-0 per bras for a three years' contract, and Rs. 6-12-0 per bras for a year's contract, but at my request they have consented to reduce the rate for one year to Rs. 6-11-0 per bras, and I beg therefore to request that the sanction of the Standing Committee may be obtained to the contract as early as possible.—I have, &c.,

M. C. MURZBAN, Executive Engineer.

BOMBAY, 22*nd February* 1898.

To THE MUNICIPAL COMMISSIONER.

SIR,—I have the honour to submit herewith two tenders received in response to a call made by this department for the supply of sand. The Contractors were requested to submit two rates—one for the supply of sand for one year and another for three years, commencing from 1st March 1898.

A summary of the results of these two tenders is given below, compared with the rate for the supply of sand for the past three years :—

Name of Tenderer.	Rate per bras for one year.	Rate per bras for three years.

Damodhar Raghunath & Co.	7 4 0	7 3 6
Sullemanji Mulla Abdulally & Co....	7 2 0	6 14 0
Present contract rate	.....	7 10 0

The past three years' Contractors are Messrs. Damodhar Raghunath & Co., whose rate is Rs. 7-10-0 per bras.

Although these Contractors have tendered lower rates this year for a one year's and three years' contract, their rates are still higher than those of the second tenderers, Messrs. Sullemanji Mulla A bdulally & Co. This last-named firm quote Rs. 7-2-0 per bras for a one year's contract and Rs. 6-14-0 for a three years' contract. I am of opinion that a three years' contract should be entered into with this firm, and I beg, therefore, to request that the sanction of the Standing Committee may be obtained to the rate of Rs. 6-14-0 per bras tendered by Messrs. Sullemanji Mulla Abdulally & Co. for the supply of sand for three years, commencing from 1st March 1898, being accepted.—I have, &c.,

No. 11671.

Resolved : "That, as applied for by the Commissioner in his letter to the Secretary, No. 30124, dated 22nd ultimo, sanction be given to the payment of Rs. 5-14-11, from 3rd September 1897 to 28th February 1898, for grain compensation to Devidin Gangadin, a peon employed in the License Department. The cost to be met from savings in the grants sanctioned in the Corporation's Resolutions Nos. 6348 and 10970 of the 7th October 1897 and 14th February 1898 respectively."

No. 11672.

Read letter to the Secretary, No. 30559, dated 25th ultimo, from the Commissioner as under :—

SIR,—The Corporation under their Resolution No. 537 of the 8th April 1897 authorized the Commissioner to lay out and make a new public street along Peru Lane. They also requested the Commissioner to report through the Standing Committee the estimated cost of constructing the new street. 2.—I herewith forward a tracing showing the existing Peru Lane coloured black, the extent to which the lane is proposed to be widened is shown by a red line and the frontage ground is marked by red colour. The open spaces which existed before the demolition of insanitary buildings and those which have become vacant by the removal of these buildings are shown in yellow colour. 3.—The resolution above referred to only accorded

sanction to widen the lane, but the present opportunity should be taken advantage of to acquire the frontage ground also. I propose the acquisition of the frontage ground, as it will be incumbent on the Municipality to purchase the remaining portions of the existing buildings scored red which stand outside the improvement line of the road. 4.—The total cost of acquiring the land and buildings (including frontages) and constructing the road will amount to about Rs. 97,415 as given below :—For making the road, acquiring buildings, &c., Rs. 76,915 ; for buying frontage lands, Rs. 20,500 : total Rs. 97,415. 5.—in the Loan Works Budget for 1898-99 a sum of Rs. 65,500 has been provided for widening Peru Lane, and it is necessary to make provision for the additional sum of Rs. 11,415. In the same budget it is proposed to raise a loan for the different new works, including Peru Lane, to the extent of Rs. 19,25,000 in round figures against Rs. 19,13,585, the aggregate estimated cost of the works. This will leave an unappropriated balance of Rs. 11,415, which can be utilized to meet the extra amount required as given above. 6.—I now request the sanction of the Standing Committee and the Corporation to meet the amount of Rs. 76,914 for making the road, &c., temporarily from surplus and other loan balances to be subsequently adjusted when the loan of Rs. 19¼ lakhs is raised, and the amount of Rs. 20,500 for frontage lands from surplus balances to be subsequently adjusted when the frontages are sold.—I have, &c., P. C. H. SNOW, Commissioner.

No. 11673.

Resolved : "That letter to the Secretary, No. 30559, dated 25th ultimo, from the Commissioner be forwarded to the Corporation with reference to their Resolution No. 537 of the 8th April 1897, and with the recommendation that sanction be given to the cost, Rs. 97,415, for constructing the new street along Peru Lane, and for acquiring the land and buildings including frontages, being met as follows :—Rs. 76,915 for making the road, temporarily, from surplus and other loan balances to be subsequently adjusted when the sanctioned loan of Rs. 19,25,000 is raised; and Rs. 20,500 for front land, from surplus balances to be subsequently adjusted when the frontages are sold, from the sale proceeds thereof."

Read letter to the Commissioner, No. 5460, dated 24th ultimo, from the Chief Accountant as under :—

SIR,—With reference to the Corporation's Resolutions Nos. 13629 and 606, dated the 16th March and 17th April 1893 respectively, sanctioning the insurance of the Municipal office building and its contents for Rs. 12 lakhs for a period of 5 years, I have the honour to inform you that the period for which the insurance was effected

with different Companies will expire on the 22nd proximo. 2.—It will be seen from the then Municipal Commissioner's No. 24793, dated 15th February 1893, that the reason for our effecting the insurance for a period of 5 years was that we were then able to secure the insurance for 5 years on payment of a premium applicable to a 4 years' insurance. 3.—No advantage would accrue from making a similar arrangement this year, as I learn on enquiry that the different Insurance Companies have instituted a common tariff rate for insuring buildings, *viz.*, annas 2 per cent. per annum, the rate per cent. per annum being 1¼ annas previously. 4.—If under the above circumstances you approve of the re-insurance of the building and its contents for one year only, may I request the favour of your obtaining the sanction of the Standing Committee and the Corporation thereto before the expiry of the present period of insurance, *viz.*, 22nd March next, and to the premium amounting to Rs. 1,500 being met by an additional grant from surplus cash balance. 5.—The Companies with which the insurance is to be effected have already been selected by you, and on receipt of the Corporation's sanction I will make the necessary arrangement for completing the insurance.—I have, &c., W. E. WAITE, Chief Accountant.

Bombay, 28*th February* 1898.

Copy forwarded to the Municipal Secretary for favour of sanction of the Standing Committee and the Corporation.

P. C. H. SNOW, Commissioner.

No. 11674. *Resolved* : "That memorandum to the Secretary, No. 30751, dated 28th ultimo, from the Commissioner, and accompaniment thereto, be forwarded to the Corporation with reference to their Resolutions Nos. 13629 and 606, dated the 16th March and 17th April 1893, and with the recommendation that sanction be given (1) to the re-insurance of the Municipal office building and its contents for Rs. 12,00,000 for a period of one year from 23rd instant, and (2) to the payment of the premium of Rs. 1,500 from surplus cash balance.

"That the Chairman be asked to apply to the Corporation at their meeting to be held to-morrow to consider this resolution as urgent business."

No. 11675. *Resolved* : "That the following be *recorded* :—Letter to the Secretary, No. 30665, dated 28th ultimo, from the Commissioner, stating that Messrs. Sullemanji Mulla Abdul Ali & Co., Contractors for the construc-

tion of Wellington Fountain storm-water drain, have applied for an advance of Rs. 25,000 on account of the work which is nearly completed, but the question of the extension of time has yet to be decided. The Special Drainage Engineer states that, after deducting the payments hitherto made and the cost of the stores supplied, a sum of Rs. 27,990 may be taken as the probable amount due to the Contractors, and therefore an advance of Rs. 20,000 may safely be made to them. The Commissioner has therefore sanctioned the payment to them of an advance of Rs. 20,000."

No. 11676. *Resolved*: "That, as applied for by the Commissioner in his letter to the Secretary, No. 30328, dated 23rd ultimo, sanction be given to the payment of extra allowances, from the 12th October 1897, to 120 persons serving in the Fire Brigade, as follows, for their services at the Plague Segregation Camps in addition to their ordinary duties, the amount of allowance in each case being equal to one-sixth of the regular salary drawn by each person concerned. The total monthly cost, Rs. 282-10-8, to be debited to the grants for Plague Charges :—

"That, as recommended by the Commissioner in his letter to the Secretary, No. 30560, dated 25th ultimo, sanction be given to the payment of Rs. 120 per mensem to Mr. Krishna Upendra, proposed to be employed as Head Clerk of the Registration Branch, Health Department, in place of Mr. Ganpatrao Shridhar who has been attacked by paralysis."

Carried.

No. 11679. *Resolved*: "That, with reference to the Commissioner's letter to the Secretary, No. 28814, dated 7th ultimo, the Standing Committee approve, under the terms of Section 216 of the Municipal Act, III of 1888, of the writing-off of Rs. 515-11-9, being the amount of irrecoverable bills in respect of property and wheel taxes as per list accompanying the letter."

No. 11680. *Resolved*: "That, with reference to the Commissioner's letter to the Secretary, No. 30000, dated 18th ultimo, the Standing Committee approve, under the terms of section 517 (1) (*j*) of the Municipal Act, III of 1888, of the filing of suits, under the terms of Section 211 of the Act, in the Court of Small Causes against Mr. H. A. Wadia, for the recovery of Rs. 2,460-6-0, on account of general, water and halalkhor taxes due by him in respect of G Ward, No. 1092 (2), Street No. 20-A, Parel Tank Road, as per list accompanying the letter."

Considered letter to the Commissioner, No. 9, dated 18th ultimo, from Mons. W. M. Haffkine as under :—

SIR,—I have the honour to request that you will be pleased to sanction the retention of what remains of the Sewri establishment until the end of March for the following reasons :—Experiments on a somewhat extensive scale were carried out at Poona in October, but the results being perfectly discouraging it was resolved to try again on different lines before finally condemning the method. These experiments could not be carried out up to now as the Government did not find it possible to spare any Medical Officers to assist me in my laboratory work. This week, however, four English Doctors have reported themselves for duty under me, and I propose to employ one of them to complete the testing of the serum as prepared at Sewri. As the experiments will take about a month or six weeks to make, I would request that the seven animals now at Sewri be retained for this period, after which they may be finally disposed of.—I have, &c., W. BOMBAY, *7th February* 1898

To THE HON'BLE
DR. BHALCHANDRA K. BHATAWADEKER, L.M.,
Chairman, Municipal Standing Committee, Bombay.

SIR,—Hearing that the Standing Committee some time ago resolved that, in future no tender for works from us as Contractors should be accepted, this opinion being arrived at your Committee's meeting on the 28th October last on certain representations set forth by the Deputy Commissioner about us that a portion of the works in connection with the "Bhandarwada" Reservoir contract for covering the storage basin, and constructing filters over the same, were left incomplete ; this was a surprise to us, because for this incompleteness we were not to be blamed. If your Committee will have the goodness to call up the papers, and correspondence in connection with this subject, together with the opinion of the Solicitors to the Corporation, to whom the case was referred, we have not the slightest doubt that, your Committee will change their opinion. Not wishing to take up the time of your Committee unnecessarily, we have refrained from swelling this our appeal to your Committee for justice, with the correspondence and the detail thereof, as we are not in possession of the whole (excepting our own) that has passed between us and the Water Engineer ; this alone will not assist the Committee without having the whole before them to arrive at any decision. We would ask to be permitted to state that, our deposit for the above-stated works has been sanctioned by the Commissioner to be refunded to us, and which we have already received in full, and we observe that, had we been at fault, would not the penalty which, leaving a work incomplete, and which no doubt will yet entail further cost for its completion, been enforced from us. We will now, with your Committee's permission, add a few words on behalf of ourselves, which we hope will not be considered out of place. We have been contractors to the Municipality for nearly 20 years, and never *till now* a single ill-word, or feeling, has passed, or been felt, between the employer and the employed, and we feel proud to be able to say that no fault of any kind, either morally, or legally, was ever found in the performance of our works, but always met with a pronouncement of satisfaction, approval, and being first class work, which your present Executive Engineer will no doubt vouch for the work we have done (at the rates we did) at "Bhandarwada," and for all this we very much regret to be obliged to say that, we have not been treated as we deserved. We will now leave the matter in your Committee's hands, with a firm belief that your Committee will be pleased to look into the matter, and to reconsider therefrom their previous resolve, and see their way clear, to remove that stigma from off their records which, if it comes to the light of day, will affect us as contractors, and in fairness to us direct their officers to give due consideration to any tender or tenders we may hereafter submit for acceptance.—We are, &c.,

LITTLEWOOD & PALLONJEE.

No. 16764 OF 1897-98.

BOMBAY, 23*rd February* 1898.

To THE MUNICIPAL COMMISSIONER.

SIR,—I have the honour to report that the Contractors have been punished by the Resolution of the Standing Committee that their tenders should not in future be considered, because they refused to do certain works which formed part of their contract, on the plea that the order for the same was given after the expiration of their contract time. The Contractors were, no doubt, within their legal rights in refusing to do the work in the manner they did, but they were morally bound to execute it, and a firm that had any regard for its reputation would have done so. Considering, however, that the Contractors have carried out the work of the new filters at Bhandarwada very satisfactorily, and, I am informed, at a loss, and also considering that they have done works previously for the Municipality satisfactorily, they might, I think, be excused on the present occasion. 2.—The fact of the tenders recently submitted by them not having been considered by the Standing Committee is, I think, a sufficient punishment to them.—I have, &c., M. C. MURZBAN, Executive Engineer.

No. 30536 OF 1897-98.

BOMBAY, 25*th February* 1898.

Copy forwarded to the Municipal Secretary with reference to Standing Committee's Resolution No. 10779 of 9th February 1898. The Commissioner considers that the prohibition might be withdrawn either from the 1st April or such subsequent date as the Standing Committee determine. It is most important to give a lesson to contractors who behave in this manner.

P. C. H. SNOW, Commissioner.

Resolved: "That, with reference to letter, dated 7th ultimo, from Messrs. Littlewood and Pallonjee, appealing against the terms of the Standing Committee's Resolution No. 6812 of 28th October last, as per margin, the Committee having considered the Commissioner's memorandum to the Secretary, No. 30536 of the 25th ultimo, are of opinion that the requirements of the case will be met by allowing Messrs. Littlewood and Pallonjee to tender for Municipal contracts from and after 1st April next."

No. 11684.

"That, as applied for by the Deputy Commissioner in his letter to the Secretary, No. 15990, dated 24th ultimo, sanction be given to certain works left incomplete by Messrs. Littlewood and Pallonjee in connection with their contract for covering the storage basin at the Bhandarwada Reservoir and constructing filters over the same as per Statement B accompanying the above letter, being carried out either departmentally or by contract as may be found most advantageous to the Municipality at the estimated cost of Rs. 25,045-8-0 to be met as under:—Rs. 16,317-7-5 from the balance of the revised contract amount sanctioned under the Standing Committee's Resolution No. 10976 of the 20th January last and Rs. 8,728-0-7 from the unappropriated balance of the grant for the work.

"That the Standing Committee are of opinion that in future no tender from the said Contractors should be accepted."

BOMBAY, 17*th February* 1898.

To P. C. H. SNOW Esq., Municipal Commissioner.

SIR,—Referring to your No. 29385, dated the 12th instant, in which you desired us, through the Assessor, to report on the points raised by the Standing Committee in their Resolution No. 10778, dated the 9th idem, we have the honour to state that, as the arrangement for fixing a special rate of halalkhor tax on mills on the basis of 1 per head dates back to 1st April 1893, and as the adjustment of water charges is one of the essential conditions of that arrangement, we consider that such adjustment must also take effect as from the same date. We can see no objection to this. It is a mere matter of adjustment and not a case of refund of water tax within the meaning of the Municipal Act. In the case of the particular mills (only 3 or 4 in number we believe) whose latrines were connected with the sewerage system, the Municipal water used for flushing latrines was part of the "substituted means or appliances" by which the service in respect of which the tax was leviable was performed and was therefore covered by the 1 per head rate. It would consequently have been perfectly legitimate and proper at the time of recovering the water charges from the Companies to deduct the quantity of water thus used for flushing from the total quantities for which the Companies were charged. It was only as a matter of convenience, and because the precise details on which the allowance was to be based were not settled, that this was not done, but none the less are the Companies entitled to have the allowance made as part of the arrangement come to. The previous question raised by the Standing Committee as to whether the proposed arrangement for the special rate will involve any loss to the Municipal revenue is one which you will be able to satisfactorily answer without our assistance, and is one which it is not for us to deal with.—We have, &c.,

CRAWFORD, BURDER & Co.

No. 39101 OF 1897-98.

BOMBAY, 28*th February* 1898.

To THE COMMISSIONER.

Memo.

The total amount of refund due to the five mills which are drained on the water-carriage system, and the latrines of which have separate water connections is Rs. 3,034-1-2, as under :—Bombay Cotton, Rs. 222-12-0; Hindustan, Rs. 675-2-11; Jacob Sassoon, Rs. 1,593-7-5; Morarji Goculdas, Rs. 480-0-10; Textile, Rs. 62-10-0. Total Rs. 3,034-1-2.

The periods for which the refund is due vary; in only one case is it from 1st April 1893. The Jacob Sassoon and Morarji Gocouldas have discontinued the water connections at the latrines. The Drainage Engineer has favoured me with a return of 22 mills which are connected with Municipal drains, but these mills have no separate water connections to their latrines.

BOMBAY, 2*nd March* 1898.

Copy with copy of Solicitors' opinion, forwarded to the Municipal Secretary in reply to Standing Committee's Resolution No. 10778, dated 9th February 1898.

P. C. H. SNOW, Commissioner.

Proposed by Cowasjee Hormusjee, Esq., seconded by the Hon'ble Mr. Fazulbhoy Visram, C.I.E.—

"That, with reference to the Deputy Commissioner's letter to the Secretary, No. 27877, dated 27th January 1898, the Commissioner's memo. to the Secretary, No. 30985, dated 2nd instant, and the Standing Committee's Resolution No. 4186 of the 29th July 1896 (approving of the levy of a special halalkhor rate for services rendered to the various mills in Bombay, calculated at the rate of rupee one per head per annum on the number of persons employed in the respective Mills), the Committee, under the terms of Section 172 (1) of the Municipal Act, III of 1888, approve of the following special rates being charged for halalkhor service to mills:— One rupee per head of the daily average attendance of hands in each mill, such attendance to be based upon the daily average of the six months preceding.

No. 11685.

"2. That where the charge on the basis of one rupee per head falls below what the Municipality would be entitled to under the rate of 3 per cent. on the rateable value, the latter basis shall be proceeded on in computing the halalkhor charge.

"3. That the above charges are not to cover the halalkhor service to buildings owned or rented by mills for the accommodation of their Managers, Engineers, or any other employés.

"4. That the following charges be levied for water supplied to mill latrines :—

(*a*) Mills, the latrines of which being on the water-carriage system are flushed by the Municipal water supplied through separate metered connections, shall receive credit against the general water tax bills for the quantity of water used for the flushing of the said latrines at whatever rate the water may have been supplied to the particular mill in question, but a quantity of two gallons per head per working day shall be fixed as the maximum, for which credit shall be given by the Municipality.

(*b*) Mills, the latrines of which are on the water-carriage system and are flushed by Municipal water but have no separate metered connections, shall not receive credit for water used for the flushing of such latrines, unless within three months from the date of this resolution they shall obtain separate metered connections; but, if they do this, they shall, from the present time and until such connections are made, receive credit against their general water tax bills at the rate of two gallons per head per working day.

(*c*) Mills connected with Municipal sewers but the latrines of which mills are flushed by water supplied from the mills' own tanks and not from Municipal mains shall receive no allowance unless and until the mills obtain from the Municipality separate water connections for the said latrines.

"5. The arrangements regarding any water rebate to mills shall come into force from such date as the Commissioner may settle with the Secretary, Millowners' Association."

Carried.

Resolved : "That, with reference to the Commissioner's letter to the Secretary, No. 30596, dated 28th ultimo, the Standing Committee approve, under the terms of Section 381 of the Municipal Act, III of 1888, of notice in writing being served on the owners of low-lying piece of ground on the south of Clerk Road, requiring them to fill up the land in question to the level of the public road as it is a standing menace to the health of the surrounding locality and is a nuisance."

No. 11689. ultimo and 2nd instant, from the Commissioner, forwarding summaries of births and deaths in different localities in the city for the weeks ending 22nd February and 1st March 1898, were laid on the table.

Read letter to the Secretary, No. 30873, dated 1st instant, from the Commissioner as under :—

SIR,—I have the honour to inform you that Mr. L. W. Michael, Third Assistant Assessor, who was appointed to that post on 10th February 1897 on the minimum pay of the appointment, *viz.*, Rs. 250 per month, has submitted an application to me, stating that under article 170 of the Civil Service Regulations he is entitled to draw Rs. 275 per month, *i.e.*, the salary which he drew before his confirmation in that appointment, and requesting that he may therefore be allowed to draw Rs. 275 per month from 1st March 1897. 2.—The Chief Accountant reports that in fixing Mr. Michael's pay at Rs. 250 per month when he was confirmed in the appointment of Third Assistant Assessor in which he had acted from 12th October 1896 to 17th January 1897 and again from 4th to 9th February 1897, the provisions of article 170 of the Civil Service Regulations appear to have been overlooked. 3.—The Chief Accountant further reports that under the above article Mr. Michael would seem to be entitled to draw Rs. 275 per month from 10th February 1897 to 31st August 1897 and Rs. 280 per month from 1st September 1897. 4.—Under the altered circumstances of the case as now reported by the Chief Accountant, I have the honour

to submit the case for the favourable consideration of the Standing Committee and to recommend that Mr. Michael be allowed to draw Rs. 275 per month from 1st March 1897 and Rs. 280 per month from 1st September 1897. I do not recommend the increased pay being granted from 10th February 1897 as the grant for 1896-97 has already lapsed. 5.—As the maximum salary of the Third Assistant Assessor has been fully provided in the current year's Budget, there is no difficulty in meeting the extra amount payable to Mr. Michael for the current year. 6.—In the ensuing year's Budget provision for the Third Assistant Assessor's salary has been made at Rs. 260 per month only on the basis of the former arrangement, but the difference of salary payable for that year can be met from savings in the Head-quarter's office establishment grant of the Assessment and Collection Department, if the Standing Committee are prepared to accept my recommendation and forward it to the Corporation for sanction.—I have, &c., P. C. H. SNOW, Commissioner.

Proposed by Professor O. V. Muller, and seconded by T. W. Cuffe, Esq.—

No. 11690. "That, with reference to the Commissioner's letter to the Secretary, No. 30873, dated 1st instant, the Standing Committee are of opinion that Mr. L. W. Michael, Third Assistant Assessor, should receive the salary of his appointment as fixed in the schedule."

Carried.

The following return was read and *recorded*:—

No. 11691. Return of fire at Tardeo Road, forwarded with the Commissioner's memorandum No. 30349, dated 23rd February 1898.*

Read letter to the Secretary, No. 30983, dated this day, from the Commissioner, as under :—

SIR,—I have the honour to state, for the information of the Standing Committee, the terms on which, subject to the Committee's approval [section 517 (*f*)], I propose to compromise a claim against Messrs. Leopold & Co. arising out of their contract for supply of disinfectants for the year just terminated. It was brought to my notice by the Chief Accountant in January last that the result of investigations he had been making was to show that there had been shortages in the weight of some of the carbolic acid powder supplied by these contractors, both to the Municipality and to the Plague Committee, and further that some of the recent supply to the Plague Committee of carbolic acid fluid was of a most inferior description, being largely made up of coal tar oils. As regards the powder, owing chiefly to the extremely laxity (if not worse) of the Municipal Inspector of Stores and to the want of system which seems to have prevailed in the Stores Department of the Plague Committee, it has unfortunately been impossible to ascertain the actual extent of shortages which have occurred. Under the contract the carbolic acid powder was guaranteed to contain 15 per cent. of carbolic acid and was to be supplied in casks, each containing 200 lbs. net weight of powder. So far as can be ascertained, there is no reason to suppose that the *quality* of the powder has been in any way inferior, but it is certain that, in many instances at any rate, the contents of the casks or boxes were largely deficient in weight. The Inspector of Stores whose duty it was to weigh the goods as received, or at any rate a large percentage of them, and who of course ought to have at once reported any short weight, when confronted with the undoubted fact that the stores then in his charge were under weight, made a lame and very unsatisfactory attempt at explanation to the effect that, on finding that supplies which were being delivered in October last were largely under weight, he contented himself with communicating with the contractors by *telephone*; that they excused themselves (also by telephone) saying that they could not get men to make boxes of the proper size, but would send whatever quantity he found to be deficient, and that they did so; that he gave receipts for the number of boxes in the first instance, received (though knowing them to be short weight), but not for those stated to have been received to make up the weight. There are numerous, somewhat intricate, details bearing on the suspicious and unsatisfactory state of things which has been found to have existed, but I do not think it desirable to discuss these at present. I directed the Chief Accountant immediately to consult the Municipal Solicitors, and the matter has since been in their hands. They have gone into it thoroughly and advise me that, though under the contract the Contractors' deposit

amounting to Rs. 6,500 is declared liable to forfeiture for breach of contract, it is doubtful, under the circumstances, and having regard to the absence of evidence as to the actual extent of shortages, &c., how far this liability would be enforced by a Court; they therefore think that, unsatisfactory though the conduct of the Contractors has been, it is better to content ourselves with inflicting a reasonable penalty than invite the expensive and troublesome litigation which would almost certainly result if we insisted on the forfeiture of the deposit.

After considering matters carefully with the Chief Accountant and Solicitors, I instructed the latter, in writing to the Contractors, to insist on their supplying free of charge 300 additional boxes of powder of 200 lbs. net weight each, and replacing certain drums of carbolic acid fluid recently supplied to No. 2 Plague District. This practically represented a penalty equivalent to about Rs. 3,340 in cash. The Contractors, while repudiating any suggestion of intentional unfair dealing, have, after some correspondence, so far met this demand as to offer to deliver to the Municipality at once, free of charge, carbolic acid as per contract of the value of Rs. 3,000 in full settlement of all claims. It happens that at the present time it will suit us better to have acid than Powder, and as the difference between us (Rs. 340) is not large I am disposed, under all the circumstances, to agree to these terms and the Solicitors advise me that it would be well to do so. I shall be glad therefore to know if the Standing Committee approve of this course.

As regards the case of the Inspector of Stores, I shall of course deal with him in a suitable manner, and as regards the Contractors themselves this matter will of course be borne in mind, should they in future tender for any other municipal contract.

Arrangements are being made to place the Stores Department on satisfactory footing.—I have, &c., P. C. H. SNOW, Commissioner.

No. 11693.

Resolved: "That, with reference to the Commissioner's letter to the Secretary, No. 30983, dated this day, the Standing Committee approve, under the terms of Section 517 *(j)* of the Municipal Act, III of 1888, of the compromise of the claim of the Corporation against Messrs. Leopold & Co. in connection with their contract for the supply of disinfectants for the year 1897-98, by which Messrs. Leopold & Co. shall deliver to the Municipality at once, free of charge, carbolic acid fluid as per contract, of the value of Rs. 3,000 in full satisfaction of all claims."

No. 31188 OF 1897-98.

BOMBAY, *4th March* 1898.

FROM P. C. H. SNOW, Esq., I.C.S.,
Municipal Commissioner for the City of Bombay,

TO THE MUNICIPAL SECRETARY.

SIR,—I have the honour to request that you will be good enough to place before the Municipal Corporation at their to-day's meeting the state of the expenditure on plague operations as brought out in the subjoined figures as compared with the grants from time to time sanctioned by the Corporation :—

		Rs.	a.	p.
Expenditure to 15th February 1898		11,67,729	0	6
Do. from 16th Feb. to 18th Feb. 1898...		8,300	1	7
Do. during week ending 26th Feb. 1898.		28,608	15	8
From 28th February to 4th March 1898 ...		21,369	2	4
	Rs.	12,26,007	4	1
Add—				
Advances made to Plague Committee		10,05,500	0	0
Do. do. Municipal Officers		17,119	3	10
Total expenditure ...	Rs.	22,48,626	7	11
Grants sanctioned from time to time		22,50,000	0	0
Balance Rs.		1,373	8	1

2. The Plague Committee have to-day preferred a request for a further *immediate* advance of Rs. 25,000 and an advance next week of Rs. 75,000. I have in the absence of sanction deferred the payment of Rs. 25,000. Taking into consideration the balances of the Plague Committee in hand to-day, I have the honour to inform you that almost the whole of the Rs. 1,00,000 that has now been demanded will be expended by about the close of next week, and the probabilities are that a further sum of Rs. 1,00,000 will be required by the Plague Committee for further expenditure to the close of this month.

3. Thus against an estimate for plague expenditure of Rs. 21,50,000, which, I thought, would suffice to the close of the current official year, the outlay that I now anticipate will, including sums paid by the Municipality direct, be quite Rs. 25,00,000.

4. It is not necessary for me to accentuate the serious effects which these heavy calls are having on our finances at present and which they may possibly have on our credit in the near future.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 31223 OF 4TH MARCH 1898.

Forwarded to the Municipal Secretary for favour of submission to the Standing Committee.

P. C. H. SNOW, Commissioner.

No. 31347 OF 1897-98.

BOMBAY, *5th March* 1898.

FROM P. C. H. SNOW, Esq., I.C.S.,
Municipal Commissioner for the City of Bombay,

TO THE MUNICIPAL SECRETARY.

SIR,—In continuation of my No. 31188, dated the 4th instant, I have the honour to inform you that, in consequence of the grants from time to time sanctioned by the Corporation having been exhausted, the Plague Committee have, without reference to me, made a temporary arrangement with the Bank of Bombay to allow them to overdraw their account at the Bank to the extent of Rs. 50,000 for a period of eight days.

2. The rate of interest has not been arranged with the Bank and the loan has been granted by the Bank on the joint credit of Government and the Municipality.

3. I have the honour to request that you will bring this matter to the notice of the President for such action as he may deem necessary.—I have, &c.,

P. C. H. SNOW, Commissioner.

BOMBAY, *5th March* 1898.

FROM CRAWFORD, BURDER & Co.,

To P. C. H. SNOW, ESQ., Municipal Commissioner.

SIR,—We have the honour to state that, without knowing for what classes of expenditure the demands of the Plague Committee on the Municipality are applied, we find it impossible to say whether or how those demands might be resisted.

The Plague Committee's powers are apparently limited to the four corners of the Government Notification of 5th March 1897 as we are not aware of any subsequent Notification investing them with additional powers.

The measures they are thus empowered to take are, we think, those specially expressed in para. 2, and those only; neither of the sections of the Municipal Act there referred to contemplate expenditure on, for instance, the provision of segregation camps, nor do either of the Notifications of 6th October 1896 or 10th February 1897 do so.

We can only say that, assuming there to be no subsequent notification under the Epidemic Diseases Act conferring other power on, or prescribing other measures by, the Plague Committee, any measures taken by them outside the scope of the authority of the Notification of the 5th March 1897 have been, we think, illegal, and expenditure in respect thereof cannot be enforced as against the Corporation.

We may, however, point out that whatever defect there may have been as regards past expenditure, such defect could, as regards the future, be remedied by a fresh Notification.

As to expenditure within the legal competence of the Plague Committee to incur, we think this could be enforced as against the Corporation by Government under Sections 518 and 520 of the Municipal Act.

We return Government Notification.—We have, &c.,

CRAWFORD, BURDER & Co.

No. 31348 OF 1897-98.

5th March 1898.

Copy forwarded to the Municipal Secretary, with compliments, for the information of the Standing Committee.

P. C. H. SNOW, Commissioner.

PLAGUE COMMITTEE'S OFFICE,

BOMBAY CUSTOMS HOUSE, *5th March* 1898.

From Chief Accountant, Bombay Municipality, to Accountant, Plague Committee—

Please state when you will require further advance, and what amount.

Reply by Accountant—

Balance in Bank	Rs.	4,500
Cheques drawn but to be issued	„	38,000
Advance applied for by the Executive Engineer, Presidency	„	33,000

We require one cheque for Rs. 25,000 to-day and three more cheques for Rs. 75,000 will be required during the next week. Kindly send to-day's cheque and intimate.

Note by the Accountant—

The Chief Acountant informs me that the grant sanctioned by the Corporation has been already exceeded. He will, however, advance us Rs. 25,000 to-day and, if possible, Rs. 25,000 more to-morrow. But we must not expect further advances until the Corporation sanctions an additional grant. He has asked me to inform the Chairman and the Committee accordingly.

From the Chief Accountant to Accountant—

Cannot send cheque for Rs. 25,000 as the grant for plague expenditure is exceeded.

Note by the Accountant—

All payments have been temporarily stopped.

Note by the Secretary—

It is proposed that the Chairman should write to the Secretary and Treasurer of the Bank of Bombay to allow us to overdraw on the joint credit of Government and the Municipality Rs. 50,000 during this and the next week, and in the meantime the Municipal Commissioner will apply for the requisite sanction.

If this arrangement is approved, a very urgent note will have to be addressed by the Chairman to the Secretary and Treasurer of the Bank of Bombay, and Government and Municipality to be informed accordingly.

Note by the Chairman—

Approved.

Memo. by the Chairman—

These papers are forwarded to the Secretary and Treasurer of the Bank of Bombay for the favour of arranging an advance of Rs. 50,000 on the joint credit of Government and of the Municipality.

Memo. by the Secretary and Treasurer of the Bank of Bombay—

The Bank will be quite willing to grant the advance of Rs. 50,000 above referred to.

From the Chairman to the Chief Accountant—

Kindly state when does the Corporation next meet, and when will further grant for plague expenditure be sanctioned. Please reply immediately.

From Municipal Commissioner—

The Corporation is now sitting. They may or may not vote money.

From Secretary to Municipal Commissioner—

When will be the next meeting of the Corporation? Reply.

Probably next Thursday.

PLAGUE COMMITTEE'S OFFICE,
BOMBAY CUSTOMS HOUSE, *5th March* 1898.

Copies of telephone messages and other demi-official notes between the Bombay Bank, the Municipality, and this office are sent to the Secretary to Government, General Department (Plague), the Secretary and Treasurer, Bank of Bombay, and the Municipal Commissioner for the City of Bombay for information.

J. M. CAMPBELL,
Chairman, Plague Committee.

Copy, with compliments, to Mr. Snow for information.

R. M. BETHAM, CAPT., Extra Secretary.

No. 31376 OF *8th March* 1898.

Forwarded, with compliments, to the Municipal Secretary for information.

P. C. H. SNOW, Commissioner.

Proposed by Ibrahim Rahimtoola, Esq., seconded by Nanabhai N. Katrak, Esq.—

"That, with reference to the Commissioner's letters to the Secretary, No. 31188 of 4th instant, and No. 31347 of 5th idem, and memoranda Nos. 31223 of 4th, 31348 of 5th, and 31376 of 8th instant, and the papers forwarded therewith, the Corporation be recommended to sanction the grant of Rs. 1,50,000 for expenditure on the measures for the suppression of the plague.

No. 11923.

"2. That having regard to the enormous expenditure already incurred by the Plague Committee and the Municipality, the Standing Committee fear that, if the Plague Committee's expenditure is to continue at the present rate for any lengthened period, the Corporation will be wholly unable to meet its liabilities.

"3. That the Chairman be asked to apply to the Corporation to consider this resolution as urgent business at their meeting to-morrow."

Amendment, proposed by Professor O. V. Muller, seconded by Kaikhosru N. Bahadurji, Esq., M.D.—

That the Corporation be recommended to grant Rs. 2,50,000 and that the attention of the Corporation be invited to the financial condition of the Municipality as referred to in the Municipal Commissioner's letters, in view of the increasing demands of the Plague Committee, and to the necessity of an enquiry into the enormous expenditure by that body, and a protest against the way in which they are said to have made arrangements for loans against the credit of the Municipality without its knowledge or consent.

On a division, the votes were *recorded* as follows :—

	For	*Against*
Amendment	... 4	4

The Chairman voted against the amendment, which was *lost.*

	For	*Against*
Original motion	... 4	4

The Chairman voted in favour of the motion, which was *carried.*

The seal of the Corporation was affixed to deeds of contract (1) with Mr. Sorabji Jamshedji for repairing and putting in good working order the clock in the Victoria Gardens ; (2) with Hadji Ebrahim Brothers for the supply of clothing for the staff of the Fire Brigade and Water Works ; (3) with Mr. Sitaram Lukshiman for the construction of approach roads to the railway siding on the Flats at Mahaluxumi between Clerk and Arthur Roads and masonry culverts over the old Agripada drain ; (4) with Messrs. Resolved : " That sanction be given to the cutting off of water connections as per list accompanying the Commissioner's memorandum No. 31479, dated this day."

Read letter to the Secretary, No. 30764, dated 28th ultimo, from the Commissioner as under :—

SIR,—I have the honour to state that the contract entered into with Messrs. Mahler and Roscher for the supply of mantles and supervising incandescent gas lamps in the different Municipal Markets expires to-day. Mr. A. Mahler who has taken over the business of Messrs. Mahler and Roscher is willing to renew the contract for a further period of two years at the same rate, *viz.*, Re. 1 per

light per month. The terms of the old contract have been satisfactorily carried out by him, and the Executive Engineer recommends the entrusting of the work to him. I, therefore, request the sanction of the Standing Committee and the Corporation to the renewal of the contract with Mr. A. Mahler for a further period of two years on the present terms.—I have, &c., P. C. H. SNOW, Commissioner.

No. 11931. *Resolved* : "That letter to the Secretary, No. 30764, dated 28th ultimo, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the renewal of the contract entered into with Mr. A. Mahler for the supply of mantles and for supervising incandescent gas lamps in the different Municipal Markets for a further period of two years from 1st March 1898 at the rate of Re. 1 per light per month."

No. 11932. *Resolved* : "That, with reference to the Commissioner's letter to the Secretary, No. 30988, dated 2nd instant, the Standing Committee approve of the acceptance of the tender of Messrs. Deoram Kesheoji, the lower of the two tenders received, for the carrying out of annual repairs and petty works and for the supply of building materials during the year 1898-99 at schedule rates."

No. 11933. *Resolved* : "That, with reference to the Commissioner's letter to the Secretary, No. 30984, dated 2nd instant, the Standing Committee approve of the acceptance of the offer of Mr. Sitaram Luxmon for the construction of a culvert over the Agripada drain on the Flats, at rates aggregating Rs. 3,879-10-8 *plus* Rs. 389-11-4 for establishment and contingencies. That the Municipality shall supply water required for the construction on payment, by the Contractors, of Rs. 20. The cost to be met from the grants sanctioned for the disposal of town sweepings.

"That, under the terms of Section 72 (3) of the Municipal Act, III of 1888, the Standing Committee dispense with the invitation for tenders, which would otherwise be necessary, as the rates offered by Mr. Sitaram Luxmon are the next lowest of the quotations obtained from three different firms, and are considered fair."

No. 11934. *Resolved*: "That, with reference to the Commissioner's letter to the Secretary, No. 30989, dated 2nd instant, the Standing Committee approve of the acceptance of the tender of Mr. Hassan Ali Abdul Ali, the lower of the two tenders received, for the supply of stationery and drawing materials during the year 1898-99 at schedule rates."

No. 11935. *Resolved*: "That, with reference to the Commissioner's letter to the Secretary, No. 30998, dated 2nd instant, the Standing Committee approve of the acceptance of the tender of Messrs. Sullemanjee Mulla Abdul Ali & Co., the only one tender received, for the supply of timber during the year 1898-99 at schedule rates which are 5 per cent. above those of the office schedule."

No. 11936. *Resolved*: "That, with reference to the Commissioner's letter to the Secretary, No. 30999, dated 2nd instant, the Standing Committee approve of the acceptance of the tender of Messrs. Esub Ali Abdul Ali & Co., the lowest of three tenders received, for the supply of hardware and petty stores during the year 1898-99 at schedule rates, the same as those of the office schedules."

No. 11937. *Resolved*: "That, with reference to the Commissioner's letter to the Secretary, No. 31001, dated 2nd instant, the Standing Committee approve of the acceptance of the tender of Messrs. Sorabji Shapurji & Co., the lowest of the three tenders received, for the supply of iron castings during the year 1898-99 at schedule rates."

No. 11938. *Resolved*: "That the following be *recorded*:—Letter to the Secretary, No. 31161, dated 4th instant, from the Commissioner, reporting that he has accepted the offer of Messrs. George Gahagan & Co., the lowest of the eight quotations received, for the supply of two steam winches required for the Love Grove Pumping Station at a cost of Rs. 2,200. The cost to be met from the grant of Rs. 25,625 sanctioned by the Corporation in their Resolution No. 12033 of the 4th February 1897 for the conversion of the old engine-house at Love Grove into an office and godown, &c."

Resolved : " That, as applied for by the Commissioner in his memorandum to the Secretary, No. 31009, dated 2nd instant, and subject to the approval of the Corporation, under the terms of Section 133 (2) of the Municipal Act, III of 1888, sanction be given to the transfer of Rs. 1,150 from savings in the grant for Water Works, Section III, Contingencies, Hire of Pumping Engines for bursts and other works, to same grant, same section, Minor and Unforeseen Charges, to meet the cost of repairs to Government road from Kasheli to Tansa pipe line used by the Bombay Municipality, the fees paid and to be paid to the Chemical Analyser to Government for examining waters from the lakes, and the cost of typewriting machine."

No. 11939.

Resolved : " That, as applied for by the Commissioner in his memorandum No. 31121, dated 3rd instant, sanction be given to the transfer of Rs. 170 from savings in the grant for A, Miscellaneous Drainage, Section II, Labour, Carts with Bullocks, to the grant for Streets and Buildings, Section II, A, Fees for Summonses, to meet excess in the latter grant owing to inadequate provision in the Budget."

No. 11940.

Resolved : " That, as applied for by the Commissioner in his memorandum to the Secretary, No. 31294, dated 5th instant, and subject to the approval of the Corporation, under the terms of Section 133 (2) of the Municipal Act, III of 1886, sanction be given to the transfer of Rs. 16,500 from savings in the grants (1) for Streets and Buildings, A, Inspection and Supervision, C, Road Watering, and (2) for Water Works, Section I, Establishment and Labour, to the grant for Streets and Buildings, D, Roads, Footpaths, &c., I, Road Repairs and Maintenance, to meet excess in the latter grant, consequent on the payment of extra wages to workmen and labourers in place of the men who deserted their work during the plague."

No. 11941.

Resolved : " That letter to the Secretary, No. 30927, dated 1st instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the employment of the following staff up to the end of May 1898 at the tempo-

No. 11942.

rary sheds at Gilder Street for the segregation of animals suffering from foot-and-mouth disease and rinderpest: —

1 Farrier at Rs. 20 per month.
2 Police Ramoosees at Rs. 12-12-0 per month each.
1 Stable Mukadum at Rs. 15 per month.
4 Bigaries at Rs. 9 per month each.

The cost of this establishment and medicine for the present, Rs. 500, to be debited to surplus cash balance.

"2. That the Corporation be also recommended to sanction the employment of two special Veterinary Officers, provided in the reorganization scheme of the Health Department, at Rs. 125 *plus* Rs. 25 conveyance allowance per month for each.

"3. That the Chairman be requested to apply to the Corporation to consider this resolution at their meeting to be held to-morrow as urgent business."

No. 11943.

Resolved: "That letter to the Secretary, No. 31004, dated 2nd instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the grant of Rs. 2,341 from surplus cash balance, to meet the estimated cost of cleaning the old open main drain from Bellasis Bridge to the Love Grove Sluice Gates."

Read letter to the Secretary, No. 30838, dated 1st instant, from the Commissioner as under :—

SIR,— In continuation of my letter No. 27940 of 28th January 1898, I have the honour to state that I have issued instructions to the Executive Engineer to erect temporary stables for the segregation of cattle suffering from foot-and-mouth disease and rinderpest at an estimated cost of Rs. 2,765. As there is no grant to meet the charge, I request the sanction of the Standing Committee and the Corporation to defray it out of surplus cash balance. I also request the sanction of those bodies to a further grant of Rs. 288-12-0 out of the same source to meet the cost of advertisement charges, &c., in connection with the notification.—I have, &c., P. C. H. SNOW, Commissioner.

No. 11944.

Resolved: "That letter to the Secretary No. 30838, dated 1st instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the grant of Rs. 3,053-12-0

from surplus cash balance, to meet the cost, Rs. 2,765, of erecting temporary stables for the segregation of cattle suffering from foot-and-mouth disease and rinderpest and Rs. 288-12-0 for charges for advertisements, &c., in connection with the notification in the matter.

"That the Chairman be requested to apply to the Corporation to consider this resolution at their meeting to be held to-morrow, as urgent business."

Resolved: "That letter to the Secretary, No. 31000, dated 2nd instant, from the Commissioner, No. 11945. be forwarded to the Corporation with the recommendation that sanction be given to the grant of Rs. 226-8-0 from surplus cash balance, to meet the cost of clothing supplied to the peons of the General office establishment, Commissioner's Department, in 1896-97, the grant for the same having lapsed."

Read letter to the Commissioner, No. 16605, dated 21st ultimo, from the Executive Engineer as under:—

SIR,—I have the honour to state that there will probably be an excess of about Rs. 24,000 on the sanctioned grant for street improvement, if we are called upon to discharge all the anticipated liabilities during the current year (1897-98). There is no probability of such an event occurring, but as certain set-backs have been taken under Sections 298 and 299 of the Municipal Act, and as liabilities have already been incurred on that account, and as it is not unlikely that a few more set-backs may have to be taken during the remainder of the year, a supplementary grant should be obtained from the Corporation. The total amount sanctioned for street improvement for the current year is Rs. 1,05,132-13-8, and liabilities (including the unpaid charges of previous years) up to the close of the current year are estimated at Rs. 1,28,720-12-4. There will thus be an excess of Rs. 23,587-14-8 to be provided for. I may state that it is not possible to anticipate, with any degree of accuracy, the probable expenditure under this head, in any one year, as it depends upon the number of houses that fall down or are taken down or are burnt down, and the area of ground that has to be acquired on that account for setting back the houses to the regular lines of the streets. It also depends upon the number of claims that are made for set-backs in a year. It frequently happens that claims are not made for two or three years after they become due, either on account of disputes regarding the value of land or on account of (when there is more than one owner) the parties disputing among themselves.

During the current year an extraordinary charge was made against the grant under consideration, namely, a sum of Rs. 30,683-14-10. This sum had to be paid for the acquisition of certain properties in 1st Marine Lane. These were not set-back cases, strictly speaking, under Sections 298 and 299 of the Act, but the cost of the acquisition was charged to this grant (which is reserved only for set-backs under the sections abovenamed) under the orders of the Corporation given in their Resolution No. 8530, dated 8th November 1894.—I have, &c., M. C. MURZBAN, Executive Engineer.

No. 31313 OF 1897-98.

BOMBAY, *5th March* 1898.

Read memorandum to the Secretary, No. 30842, dated 1st instant, from the Commissioner, forwarding letter to himself, No. 5498, dated 28th ultimo, from the Chief Accountant, reporting regarding the renewal of the investment of Rs. 1,50,000 as fixed deposit.

Resolved : "That the arrangement reported in the Chief Accountant's letter No. 5478, dated 28th ultimo, be approved."

No. 11952.

* The Chief Accountant in his letter No. 5539, dated 1st March 1898, reports to the Commissioner that the balance remaining to the credit of the above deposit account, after effecting the transfer now reported, stands as under :—

In 5 per cent. Municipal Debentures for Rs. 70,000 ... ... Rs. 70,000

Read letter to the Secretary, No. 31035, dated 2nd instant, from the Commissioner, as under:—

SIR,—I have the honour to report, for the information of the Standing Committee and the Corporation, that the terms finally agreed upon with the Railway Companies for the carriage of kutchra to Devnar are as under: (*a*) For sweepings trains of 25 wagons, Rs. 3-4-0 per wagon, and for all trains containing more than 25 wagons, Re. 1-14-0 for each additional wagon, no less charge to be made for any sweepings train than as for 25 wagons. (*b*) Empty wagons which may be ready within half an hour of the arrival of a loaded train at Devnar should be brought back free, but if the engine be detained beyond that time for empty wagons, it should be paid for at the rate of Rs. 5 an hour or part thereof for the full time detained, and in such case no further charge will be made for the empties. (*c*) If an engine is sent out to fetch back empties, a charge of Rs. 25 will be made, and if such engine be detained at Chimbur beyond half an hour, the same charge as that named in para. (*b*) to be paid by the Municipality.

The above terms are, however, subject to the condition, that if the Railway line be extended and the lead thereby increased, the haulage charges will be proportionately increased. If, on the other hand, the length of the line be decreased, the haulage charges will also be proportionately decreased.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved: "That letter to the Secretary, No. 31035, dated 2nd instant, from the Commissioner, reporting the terms finally agreed upon with the Railway Companies for the carriage of kutchra to Devnar near Chimbur, be forwarded to the Corporation for information."

No. 11953.

The consideration of Items 29, 30 and 31, as follows, on the agenda paper of this meeting was postponed till the next meeting:—

No. 42027 OF 1897-98.

Forwarded with compliments to the Municipal Commissioner in reference to his No. 28587 of 3rd February 1898.

T. S. WEIR,
Health Officer.

No. 11954.

Resolved : " That the following be *recorded* :—Memorandum No. 31069, dated 3rd instant, from the Commissioner, forwarding return of persons inoculated at the different stations in the city for the week ending 2nd idem."

No. 11955. Memorandum No. 31484, dated this day, from the Commissioner forwarding summary of births and deaths in the city for the week ending 8th instant was laid on the table.

No. 11956. The following return was read and *recorded* :— Return of fires at Fergusson Road (Lakhmidass Khimjee Mill), Modikhana, Frere Road, Falkland Road, Dadar Road, Worli Road, and Mazagon (Mazagon Mill), forwarded with the Commissioner's memorandum No. 30987, dated 2nd March 1898.*

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai and Tansa Lakes for the week ending 6th March 1898.†

No. 11957. *Resolved* : " That the following be referred to the Commissioner for favour of remarks :—Letter to the Secretary, dated 8th instant, from Messrs. C. J. Khambatta & Co. regarding tenders for the supply of coal."

The consideration of notice of motion from Mr. K. M. Shroff regarding the question of salary to be drawn by the Third Assistant Assessor was postponed till the next meeting.

Read letter to the Secretary, No. 31387 of 1897-98, dated 8th instant, from the Commissioner as under :—

SIR,—I have the honour to state that Bai Sonabai, who has entered into a contract with the Municipality for the supply of firewood for cremation purposes at the Haines Road Cemetery, has represented to me that on account of the large quantity of firewood that she was called upon to supply during the last year she had suffered a heavy loss. When tenders were invited for the supply it was stated in the advertisement that the quantity required would be about 450 candies per year. The quantity supplied by her from March 1897 to the end of February last is, however, 5,015 candies, or 4,565 candies in excess of the quantity advertised for. She states that she had to pay for the firewood from Rs. 4-4 to Rs. 4-12-0 per candy, while the contract rate is Rs. 3-9-6 per candy. The Health Officer states that when tenders were invited it was stated that the probable quantity per annum would be 450 candies, but the heavy Plague mortality has upset all calculations and the quantity used at the Cemetery has been very large.

* *See* Appendix C. † *See* Appendix B.

Enquiries have been made at the Hindu Burning Ground, Queen's Road, and the Secretaries thereof state that they pay Rs. 3-8-0 per candy, or with cartage from the Bunder to Queen's Road, Rs. 3-12-0 per candy to their contractors. The cartage from the Bunder to Haines Road is greater than that to Queen's Road, but the Municipality pays to Bai Sonabai only Rs. 3-9-6 per candy. There is no doubt that she has suffered the loss of a large sum in carrying out her contract, and I consider the case a hard one. She has carried out her contract in a satisfactory manner, and she has helped us when we made arrangements for the supply of firewood at the Mahim Beach Burning Ground during the height of the epidemic. Under the circumstances, if the Standing Committee and the Corporation are pleased to view her application favourably, she may, I think, be paid at the rate of Rs. 3-12-0 per candy (the same rate as is paid by the Secretaries of the Queen's Road Burning Ground) for the quantity supplied by her in excess of the quantity mentioned in the advertisement. At this rate the extra amount that will have to be paid to her will be (4,565 × Re. 0-2-6) Rs. 713-4-6. The amount will be defrayed out of the plague grant.—I have, &c., P. C. H. SNOW, Commissioner.

No. 11958. *Resolved*: "That letter to the Secretary, No. 31387, dated 8th instant, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the contract rate for the supply of wood used for cremation purposes during the past year, being increased from Rs. 3-9-6 to Rs. 3-12-0 per candy, and that, to meet the additional charge, sanction be given to the grant of Rs. 713-4-6 from the grants for the suppression of the plague."

BOMBAY, 16*th March* 1898.

AT the meeting of the Standing Committee held this day, there were present:

THE HON'BLE MR. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., Chairman.

COWASJEE HOMUSJEE, Esq., G.G.M.C.; T.W. CUFFE, Esq.; THE HON'BLE MR. FAZULBHOY VISHRAM, C.I.E.; IBRAHIM RAHIMTOOLA, Esq.; KAIKHOSRO N. KABRAJI, Esq.; KAIKHOSRU N. BAHADURJI, Esq., M.D., B.S. M.R.C.S.; K. M. SHROFF, Esq.; PROFESSOR O. V. MULLER, M.A.; NANABHAI N. KATRAK, Esq., L.M.& S; ACCACIO G. VIEGAS, Esq., L.M.&S.; R. H. VINCENT, Esq., C.I.E.

P. C. H. SNOW, Esq., I.C.S., Commissioner; the DRAINAGE ENGINEER on special duty; and the SECRETARY.

The minutes of the meetings held on the 2nd and 9th instant were signed.

Resolved : "That the following be *recorded* :—Government Resolution No. 1391, General Department, dated 9th instant, stating that His Excellency the Governor in Council is pleased to appoint Mr. R. H. Vincent, C.I.E., to be a member of the Corporation and of the Standing Committee, *vice* Mr. H. G. Gell, resigned."

No. 12237.

The seal of the Corporation was affixed to a deed of agreement with Messrs. Salay Mahomed Dharamsi & Co. for the privilege of skinning and disposing of the carcases of dead animals at Kurla during the year 1898-99.

No. 12237A.

Resolved : "That sanction be given to the cutting off of water connections as per list accompanying the Commissioner's memorandum No. 31985, dated this day."

No. 12238.

Resolved : "That the following be *recorded* :—Letter to the Secretary, No. 31536, dated 10th instant, from the Commissioner, reporting that he has sold to Balaram Sawliaram the right of removing oysters from the stone embankment on the Tulsi line between Mahim and Bandora for a period of 6 months from 1st March 1898 for Rs. 18."

No. 12239.

Resolved : "That, with reference to the Commissioner's letter to the Secretary, No. 31609, dated 10th instant, the Standing Committee approve of the acceptance of the tender of Messrs. Deoram Kesheoji & Co., the only tender received, for the construction of quarters for the Head Animal-keeper, Victoria Gardens, at the office estimated rates, amounting in the aggregate to Rs. 7,996 *plus* Rs. 800 for establishment and contingencies."

No. 12240.

Read letter to the Secretary, No. 31526, dated 10th instant, from the Commissioner as under :—

SIR,—I have the honour to state that the post of the Assistant Health Officer held by Mr. J. Leask having been abolished under the Health Department Reorganization Scheme, no provision has been made in the Budget for 1898-99 for his salary, as he was to be appointed one of the Divisional Health Officers under the new scheme. As, however, the Reorganization Scheme is not to come into force until the abolition of the Plague Committee, I request the sanction of the Standing Committee and the Corporation to defray Mr. Leask's salary as Assistant Health Officer from the provision of Rs. 48,000 made at page 75 of the Budget to meet the salaries of the Divisional Health Officers until the Reorganization Scheme comes into operation.—I have, &c.,

P. C. H. SNOW, Commissioner.

Resolved : "That letter to the Secretary, No. 31526, dated 10th instant, from the Commissioner, be forwarded to the Corporation with the recommendation that sanction be given to the payment of the salary and personal allowance, aggregating Rs. 1,000 per mensem, from 1st March 1898, of Mr. J. Leask, Assistant Health Officer, from the provision of Rs. 48,000 entered in the Budget for salaries of the Divisional Health Officers, as the post of Assistant Health Officer has been abolished under the Reorganization Scheme and no provision has been made for the salary in question in the Budget for 1898-99."

No. 12241.

Read letter to the Commissioner, No. 41585, dated 26th ultimo, from the Health Officer as under :—

SIR,—I have the honor to inform you that the grant of Rupees 5,300, sanctioned by the Corporation under their Resolution No. 8107, dated 6th December last, to meet the expenses for the supply of firewood for cremation purposes at the Haines Road Cemetery has been exceeded, as shown in the margin, owing to an exceptionally large number of bodies having been cremated in this cemetery during December 1897 and January and February 1898, as will be seen from the statement herewith attached. The bill for January amounts to Rs. 2,936-1-6 and that for February, I think, will be over Rs. 4,000. I have therefore to request the favour of your obtaining the sanction of the Standing Committee and the Corporation to an additional grant of Rs. 4,920-3-7 from the surplus cash balance to meet the expenses for the supply of firewood for cremation purposes at the Haines Road Cemetery up to the end of the current month.—I have, &c.,

No. 31010 OF 1897-98.

BOMBAY, *2nd March* 1898.

TO THE MUNICIPAL SECRETARY.

SIR—In consequence of the town duty on grain having been raised from 2 to 4 annas per candy for the ensuing year 1898-99, refunds on exports will also have to be paid at the higher rate. But as in the case of grain exported by sea production of the import bills is not under the rules required, a date must be arbitrarily fixed (as has been done on previous occasions), after which only refunds should be granted at the higher rate. I have consulted the Chamber of Commerce, who recommend that refunds at the lower rate should be allowed for one week after the 1st of April, that is to say, up to the 8th idem, this period being in their opinion sufficient to work off the "probable small stocks" of grain, imported before the end of the current financial year. I have the honour therefore to request the approval of the Standing Committee to the issue of the appended notification.—I have, &c.,

P. C. H. SNOW, Commissioner.

* The Chief Accountant in his letter No. 5684, dated 10th March 1898, reports to the Commissioner that the balance remaining to the credit of the above deposit account, after effecting the transfer now reported, stands as under:—

In 5 per cent. Municipal Debentures for Rs. 20,000 ... ... Rs. 20,000

BOMBAY MUNICIPALITY.

Notice.

In consequence of the Municipal Corporation having raised the rate of town duty to be levied on grain of all sorts during the year commencing on 1st April next from annas (2) two (as now existing) to annas (4) four per candy, it is hereby notified that refunds of the duty will be allowed at the former rate on all grain exported up to and including the 8th April next, while in the case of all grain exported on and after the 9th idem refunds will be allowed at the new rate of annas (4) four per candy.

P. C. H. SNOW, Commissioner.

Proposed by Ibrahim Rahimtoola, Esq., seconded by A. G. Viegas, Esq.—

No. 12246. "That, with reference to the Commissioner's letter to the Secretary, No. 31010, dated 2nd instant, the Standing Committee approve, under the terms of section 195 (2) of the Municipal Act, III of 1888, of the issue by the Commissioner of notification to the effect that, in consequence of the Municipal Corporation having raised the rate of town duty to be levied on grain of all sorts during the year commencing on 1st April next from annas two (as now existing) to annas four per candy, the refunds of the duty will be allowed at the former rate on all grain exported up to and including the 15th April next, while in the case of all grain exported on and after the 16th idem refunds will be allowed at the new rate of annas four per candy."

Carried.

Proposed by Kaikhosru N. Bahadurji, Esq., M.D., seconded by Cowasjee Hormusjee, Esq.—

No. 12247. "That the consideration of letter to the Secretary, No. 31211, dated 4th instant, from the Commissioner, be postponed, and that the following be referred to the Commissioner for favour of remarks :— Letter to the Chairman, dated 9th instant, from Messrs. Ardasir, Hormusji & Dinshaw, on behalf of Mr. Gangjibhoy Punja, protesting against order being issued as regards the drainage of the premises at Nos. 196-200, Nishanpada Road. Memorandum No. 31480, dated 9th instant, from the Commissioner, forwarding letter to himself, dated the same day, from Messrs. Ardasir, Hormusji & Dinshaw on the above subject."

Carried.

Proposed by Cowasjee Hormusjee, Esq., seconded by the Hon'ble Mr. Fazulbhoy Visram, C.I.E.—

No. 12248. "That, with reference to the Commissioner's letter to the Secretary, No. 30841, dated 1st instant, the Standing Committee accord their sanction to the transfer of the occupancy of stall No. 1 in the Arthur Crawford Markets from the name of Jivabai, widow of Peerbhoy Rahim, to the names of Jivabai, Cawasji & Co., on condition that Jivabai, Cawasji & Co. pay the increased rental of Rs. 80 per quarter, and that Mr. Cawasji Ratanji gives an undertaking not to reduce any allowance which he is now making to his partner Jivabai in respect of her interest in the stall, and that the license to Jivabai, Cawasji & Co. will be cancelled if, in the opinion of the Municipal Commissioner, Jivabai's interest in the stall is in any way prejudiced by the action of Mr. Cawasji Ratanji."

"That, in reply to their letter of the 16th ultimo, Messrs. Payne, Gilbert & Sayani be informed accordingly."

On a division, there were 6 votes *for* and 1 vote *against* the motion, which was *carried*.

No. 12249. Memorandum No. 32009, dated this day, from the Commissioner, forwarding summary of births and deaths in the city for the week ending 15th instant, was laid on the table.

No 12250. *Resolved*: "That the following be referred to the Commissioner for favour of remarks in reference to the Standing Committee's Resolution No. 11751 of the 22nd ultimo:—Further letter to the Chairman, dated 8th instant, from Mr. Aderji Cawasji Cooper, on the subject of a drain near his premises at Khetwadi 4th and 5th Lanes for the carriage of water from a well thereat."

Read letter to the Secretary, No. 31537, dated 10th instant, from the Commissioner as under:—

SIR,—I have the honour to forward herewith a copy of letter No. $\frac{T}{427}$ of 9th February 1898, from the Collector of Thana, on the subject of water-supply to the detention camp at Bandra. I think, under the circumstances stated by the Collector, a free supply of water

may be given to the camp at the rate of 20 gallons per head per day, and, with a view to prevent waste, the rest of the water consumed over and above that quantity charged for at the rate of annas six (6) per 1,000 gallons. The Collector has agreed to these terms. I request the sanction of the Standing Committee and the Corporation to the arrangement.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. T.-427 OF 1898.

CAMP BANDRA, *9th February* 1898.

To THE MUNICIPAL COMMISSIONER.

SIR,—I have the honour to inform you that under the orders of Government a camp of detention was opened at Bandra on the B. B. & C. I. Railway on the 31st of January 1898. Arrangements were made with the Bandra Municipality for the laying on of water for the use of the camp on my undertaking that the cost of all water used in the camp would be refunded to it.

2. I understand that the water used is from the Vehar lake, and that the Bandra Municipality has to pay you at a fixed rate for all water supplied therefrom ; and I have the honour to ask whether the Bombay Municipality can see its way to allow the water to be used, free of cost, in the camp on the ground that the majority of persons using it are residents of Bombay who are proceeding up-country, and have been detained because they have omitted to undergo detention in one of the Bombay camps, where they would presumably have been supplied with water at your cost. I believe I am right in arguing that the use of this water for the few months during which it is expected that the camp will be maintained will not involve any extra expenditure on your Municipality ; and I should be greatly obliged if you could inform me that it is prepared to add this small gift to those already granted towards the cost of plague measures.—I have, &c.,

R. P. BARROW, Collector.

Resolved: " That letter to the Secretary, No. 31537, dated 10th instant, from the Commissioner, and accompaniment thereto, be forwarded to the Corporation, with the recommendation that under the terms of Section 288 of the Municipal Act, III of 1888, approval be given to the free supply of water to the plague detention camp at Bandra, at the rate of 20 gallons per head per day, so long as the camp is in existence, provided that, with a view to prevent waste, the water consumed over and above that quantity shall be charged for at the rate of 6 annas per 1,000 gallons."

No. 12251.

"(2) That all charges incurred in connection with the laying on of the water to the camp and of disconnecting the supply be paid by the authorities in charge of the camp."

Resolved: "That the following be referred to the Commissioner for disposal with reference to the Standing Committee's Resolution No. 11949 of the 9th instant :—Letter, dated 10th instant, from Mr. Pestonjee Jehangheer Hormusjee, Executor of the late Mr. Jehangheer Hormusjee, protesting against the filing of suit for the recovery of assessment bills on account of general and halalkhor taxes due in respect of A Ward, Nos. 1035 and 1036, Apollo Street, and No. 1288, Bruce Lane, and that the applicant be informed accordingly."

No. 12252.

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 13th March 1898.*

In accordance with notice of motion it was proposed by K. M. Shroff, Esq.—

"That the Municipal Commissioner's letter regarding the question of salary to be drawn by the Third Assistant Assessor, and the Standing Committee's Resolution thereon, be reconsidered."

No. 12253.

The motion was seconded by Cowasjee Hormusjee, Esq.

After discussion the motion was *withdrawn*.

No. 31893 OF 1897-98.

BOMBAY, 15*th March* 1898.

To THE MUNICIPAL SECRETARY.

SIR,—With reference to Standing Committee's Resolution No. 11566 of 22nd February 1898, I have the honour to state that in my letter No. 23751 of 16th December 1897, I stated that the site will have to be acquired under the Land Acquisition Act. It is not practicable to state with any degree of accuracy the sum that will be required for its purchase. It is estimated that 500 square yards of the ground will be required for the Market, and that,

* *See* Appendix C.

at the valuation put on it by the Committee of the estate of Mr. Mahomedalli Rogay, its value would be Rs. 14,375, whereas according to the Executive Engineer's estimate, its value will be Rs. 6,900 inclusive of 15 per cent. for compulsory acquisition. It is not, however, possible to say what amount the Collector will award. Under the circumstances it seems to me the best course to adopt is to defer the voting of the additional grant that will be required until the Collector's award is known. The Corporation and the Standing Committee may in the meantime sanction the acquisition of the site under the provisions of the Land Acquisition Act.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 12254. *Resolved* : "That, with reference to the Commissioner's letter to the Secretary, No. 31893, dated 15th instant, the Standing Committee approve, under the terms of Section 91 of the Municipal Act III of 1888, of an application being made to Government to acquire, under the terms of the Land Acquisition Act, 500 square yards of land, or thereabout, required as site for the proposed market at Chowpati."

No. 12255. *Resolved* : "1. That the following be *recorded* :—Letter to the Secretary, No. 31940, dated 15th instant, from the Commissioner, reporting that he has accepted the offers (1) of Messrs. Shallis & Duncan for the supply of four crab winches at a cost of Rs. 1,060 ; and (2) of Messrs. Macbeth Brothers & Co. for the supply of one lathe with tools complete at a cost of Rs. 525 for the Drainage Department.

"2. That, as applied for by the Commissioner in his memorandum No. 31941, dated 15th instant, sanction be given to the transfer of Rs. 225 from savings in the grant for Drainage, Section II, A, Carts with Drivers and Bullocks, to same grant, same section, new Lathe with Tools complete, to meet excess on latter head owing to the inadequate provision in the Budget for 1897-98.

"3. That, as applied for by the Commissioner in his memorandum No. 31942, dated 15th instant, sanction be given to the transfer of Rs. 160 from saving in the grant for Drainage, Section II, A, Carts with Drivers and Bullocks, to same grant, same section, Four Winches Double, to meet excess on the latter head owing to the inadequate provision in the Budget for 1897-98."

No. 43183 OF 1897-98.

Forwarded, with compliments, to the Municipal Commissioner in reference to his No. 28587 of 3rd February 1898.

T. S. WEIR, Health Officer.

No. 32005 OF 1897-98.

BOMBAY, 16*th March* 1898.

Forwarded to the Municipal Secretary for the information of the Standing Committee with a copy of report No. 43302, dated 16th March 1898, from the Executive Health Officer. The decision of the Standing Committee is requested as to whether the services of the paid medical men should be continued at the stations mentioned in the report.

P. C. H. SNOW, Commissioner.

Proposed by Professor O. V. Muller, seconded by the Hon'ble Mr. Fazulbhoy Visram, C.I.E.—

"That, with reference to the Commissioner's memorandum No. 32005, dated this day, the Standing Committee are of opinion that no alteration should be made in the stations for plague inoculation until the close of the current month."

No. 12256.

Rider, proposed by R. H. Vincent, Esq., C.I.E.—

"That the Commissioner be asked to use his discretion in regard to the continuance of the inoculation stations in charge of the paid medical officers."

The rider was accepted as part of the original motion which, as thus amended, was *carried*.

Read letter to the Secretary, No. 31997, dated this day, from the Commissioner, as under :—

SIR,—I have the honour to state that the contract for the right of collecting fees for weighing goods at the scales of the Arthur Crawford Markets let to Messrs. Rehmanbhai Abdulabhai and Futtoobhai Jamoobhai for one year expires on 1st April next. They at first offered Rs. 4,100, the same amount as for 1897-98, for the right for 1898-99. But, after great persuasion, they have increased their offer to Rs. 4,700. The Superintendent of Markets states that the conditions prevailing this year are the same as those which prevailed last year, *i.e.*, owing to the depression in trade due to the prevalence of plague, it is not likely that, if the right were put up to auction, it will fetch anything like the sum now offered. I concur with the Superintendent of Markets, and request the sanction of the Standing Committee to the acceptance of the present contractors' offer at Rs. 4,700. I would also add that the present contractors have given satisfaction to, and have the confidence of, the stall-holders and traders, and that in the present troubled times when our market receipts have suffered, this is a matter of great importance.—I have, &c., P. C. H. SNOW, Commissioner.

Resolved: "That, as applied for by the Commissioner in his letter to the Secretary, No. 31997, dated this day, sanction be given to the renewal of the lease with Messrs. Rehmanbhai Abdulabhai and Futtoobhai Jamoobhai for the right of using the municipal scales, Arthur Crawford Markets, for a period of one year from 1st April 1898 for Rs. 4,700, and on the same terms as those of the existing lease."

No. 12257.

BOMBAY, *23rd March* 1898.

AT the meeting of the Standing Committee held this day, there were present:

THE HON'BLE Mr. BHALCHANDRA KRISHNA BHATAWADEKAR, L.M., Chairman.

COWASJEE HORMUSJEE, Esq., C.C.M.C.; T. W. CUFFE, Esq.; THE HON'BLE MR. FAZULBHOY VISRAM, C.I.E.; IBRAHIM RAHIMTOOLA, Esq.; KAIKHOSRO K. KABRAJI, Esq.; KAIKHOSRO N. BAHADURJI, Esq., M.D., B.S., M.R.C.S.; K. M. SHROFF, Esq.; PROFESSOR O. V. MULLER, M.A.; NANABHAI N. KATRAK, Esq., L.M. & S.; ACCACIO G. VIEGAS, Esq., L.M.&S.; R. H. VINCENT, Esq., C.I.E.

P. C. H. SNOW, Esq., I.C.S., Commissioner; the EXECUTIVE ENGINEER; the CHIEF ACCOUNTANT; and the SECRETARY.

The minutes of the meeting held on the 16th instant were signed.

The seal of the Corporation was affixed (*1*) to an agreement with the Bombay Telephone Co., Ld., for the right to set up and maintain telephone wires for five years from 28th November 1897; (2) to a lease with Mr. Mohidin Abu Bakur for the right of collecting fruit and tapping trees and occupying house standing in oarts at Kumbarwada Road, Dadur, acquired from Mr. Narsi Mahadeo and Bai Sonabai Rastamji H. Bamji; (3) to deeds of contract (*a*) with Messrs. Teju Kaya & Co. for the construction of a road from Dockyard Road to the junction of Coppersmith Street and Gunpowder Road; (*b*) with Messrs. J. W. Ward & Co. for the construction of masonry culverts in connection with the railway line for the removal of kutchra from Kurla to Devnar; (*c*) with Messrs. Teju Kaya & Co. for the construction of rubble masonry walls around the Jewish Burial Ground at Mount Road; and (*d*) with Mr. Sitaram Luxuman or the construction of platforms on both sides of the railway siding at Mahaluxmee for the removal of kutchra.

The seal of the Corporation was affixed to the following 50 Municipal Debentures:—Four attested duplicate consolidated debentures of the Sanitary Works Loan of 1885, No. 3416/3429 NN, of Rs. 7,000; No. 4964/4999 NN, of Rs. 18,000; No. 5140/5189 NN, of Rs. 25,000; and No. 5272/5281 NN, of Rs. 5,000: six attested duplicate debentures of the 42 Lakhs Loan for repayment of balance of Government Consolidated Loan, No. 8011 of Rs. 500; Nos. 7812/13, 7814/15, 7816/17 and 7818/19, of Rs. 1,000 each; and No. 7135, of Rs. 500: one consolidated debenture of the 42 Lakhs Loan for repayment of balance of Government Consolidated Loan, Nos. 7892/93 to 7900/7901, of Rs. 5,000: five attested duplicate debentures of the Tansa Water Works Loan, Nos. 15665 to 15668 and 17840, of Rs. 500 each: one attested duplicate debenture of the Tansa Water Works Loan, No. 13383/84, of Rs. 1,000: three attested duplicate debentures of the 35 Lakhs Various Sanitary Works Loan of 1890, Nos. 2947/48, 2949/50 and 2951/52, of Rs. 1,000 each: two sub-divided debentures of the 35 Lakhs Various Sanitary Works Loan of 1890, Nos. 2953 and 2954, of Rs. 500 each: sixteen attested duplicate debentures of the Drainage and Water Works Markets and Roads, Nos. 1943 to 1948, of Rs. 500 each; Nos. 1562/63, 1564/65, 1566/67, 1568/69, 1570/71, 1572/73, 1574/75, 1576/77, 1578/79 and 1580/81, of Rs. 1,000 each: twelve debentures of the 20 Lakhs (Temporary) Loan, 1897/98, Nos. 13 to 24, of Rs. 50,000 each.

No. 12409. *Resolved*: "That sanction be given to the cutting off of water connections as per list accompanying the Commissioner's memorandum No. 32548, dated this day."

No. 12410. *Resolved*: "That the following be *recorded*:—Letter to the Secretary, No. 32043, dated 18th instant, from the Commissioner, reporting that he has accepted the offer of Messrs. Dadabhai Hormasji & Co. for the supply of 60 tons double-screened Davison's West Hartley coal at Rs. 21 per ton delivered at the Bunder, which coal will be used partly for flushing purposes and partly for Fire Brigade purposes. The cost with conveyance charges, Rs. 1,260 + Rs. 79-8-0, to be

met partly from the grants for plague charges and partly from the grant for stores and stationery, Fire Brigade."

No. 12411. *Resolved* : "That, with reference to the Commissioner's letter to the Secretary, No. 32157, dated 18th instant, the Standing Committee approve of Messrs. Deoram Keshavji & Co. being entrusted in continuation of their contract for annual repairs and petty works, with the work of connecting the Valpakadi latrines with the new sewer recently laid thereat, and of constructing a two-hopper night-soil depôt by the side of the latrines at the estimated cost of Rs. 3,176, exclusive of 10 per cent. for contingencies. The cost to be met from the grant of Rs. 3,494, sanctioned by the Corporation, in their Resolution No. 10969, of the 14th February 1898, for the work.

"That, under the terms of section 72 (3) of the Municipal Act, III of 1888, the Committee dispense with the invitation for tenders which would otherwise be necessary, as the work is urgent and has to be finished before the commencement of the next south-west monsoon."

No. 12412. *Resolved* : "That the following be *recorded* :—Letter to the Secretary, No. 32177, dated 18th instant, from the Commissioner, reporting that he has sold to Hari Dhondi for Rs. 12, up to 31st December 1898, the right of cutting grass from the Tansa Duct line from tunnel No. 8 to tunnel No. 10, width 90 feet, length 3 miles, area about 32 acres."

Read letter to the Secretary, No. 32153, dated 18th instant, from the Commissioner as under :—

SIR,—I have the honor to report that a dispute has arisen with the Gas Company regarding the payment of the value of mantles which may be damaged wilfully or accidentally. 2.—Clause 8th of the contract with the Gas Company states that "the Company shall also keep the columns, brackets, pipes, burners and glasses in good repair and order and cleaned at all times during the continuance of the contract, but *shall not be liable for accidental or wilful damage* or damage by war or tumult." 3.—Clause 18th of the contract lays down that the annual lighting charge for incandescent gas lamps shall include the "supply and *renewals of mantles and chimneys.*" 4.—The Gas Company contends that clause 8 applies to mantles and chimneys damaged by accidents, notwithstanding that the words "mantles" and "chimneys" do not appear in that clause, because the word "burners"

which appears in that clause includes mantles and chimneys. 5.—The Municipal contention, on the other hand, is that the provisions of clauses 11 and 18 of the contract place the mantles and chimneys on a different footing from other parts of the lamps specially mentioned in clause 8. The more permanent or lasting portion of the lamps are under clause 8 to be kept in good repair and order and cleaned by the Gas Company, subject to the provisions that the Company are not to be liable for accidental or wilful damage. While as to the fragile and short-lived mantles clause 11 provides that they "shall from time to time be renewed as often as may be necessary," and clause 18 in fixing the rates to be paid by the Municipality distinctly provides, as stated above, that the respective rates therein given for each incandescent gas lamp includes the supply and renewal of mantles and chimneys. 6.—Thus, though the Municipality is not at all liable for accidental damage to mantles and chimneys under the provisions of the contract with the Gas Company, the Municipal Solicitors advised us that under the well-known common law liability of an employer for damage wilfully or negligently done by his servant while he is about his master's business, the Municipality in this case is responsible for the payment to the Gas Company of the actual value of the mantles broken by carts in municipal employ, having regard to the length of time they may have been in use. 7.—Having been legally advised that the claims set up by the General Manager are not in accordance with the provisions of the Gas Company's contract, I was unable to accept them. Mr. Penny therefore demanded arbitration, and as that is a convenient way of getting the question settled, this course may be adopted. 8.—The contract with the Gas Company provides that any matter of dispute should be referred to three indifferent arbitrators, while on the score of economy and expedition in arriving at a decision it has been decided to appoint only one arbitrator for the settlement of the present dispute. 9.—I have named Mr. Cuffe as the arbitrator, and his nomination has been accepted by Mr. Penny. 10.—I have therefore to request the sanction of the Standing Committee to the variation of the provisions of the existing contract to the extent of referring the question to a sole arbitrator instead of to three indifferent persons.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 12413.

Resolved : "That, as applied for by the Commissioner in his letter to the Secretary, No: 32153, dated 18th instant, sanction be given, under the terms of section 69 (*e*) of the Municipal Act, III of 1888, to the variation of contract with the Gas Company for lighting streets and roads in the city, whereby the provisions of the existing contract may be modified to the extent of allowing the question of the payment of the value of mantles which may be damaged wilfully or accidentally

to be decided by one arbitrator, Mr. T. W. Cuffe, as agreed to by the parties, instead of by three indifferent persons as provided in the contract."

No. 12414. *Resolved* : "That, as applied for by the Commissioner in his memorandum No. 31998, dated 16th instant, sanction be given to the transfer of Rs. 500 from savings in the grant for Section 3, Purchase of Hose, to Section 2, Contingencies, Fire Brigade, to meet charges in respect of water and halalkhor taxes."

No. 12415. *Resolved* : "That, as applied for by the Commissioner in his memorandum No. 31999, dated 16th instant, sanction be given to the transfer of Rs. 24-9-8 from savings in the grant for Section III, Disposal of Town Sweepings, Labour, to the grant for Registration Branch, Section IV, Lighting, to meet excess in the latter section owing to the gas lamps at Sonapur Cemetery having been kept burning the whole night during the year on account of the excessive number of funeral parties."

No. 12416. *Resolved* : "That, as applied for by the Commissioner in his memorandum No. 32011, dated 16th instant, sanction be given to the transfer of Rs. 100-14-4 from savings in the grant for Labour, B, Surface Drain Cleaning, Conservancy Branch, to the grant for Cemeteries, Section I, Establishment, to meet excess in the latter section owing to the pay of hearse-drivers having been increased from Rs. 10 to Rs. 12 per mensem."

Proposed by Ibrahim Rahimtoola, Esq., seconded by Nanabhai N. Katrak, Esq.—

No. 12417. "That, with reference to his letter to the Secretary, No. 32152, dated 18th instant, the Commissioner be asked to obtain the opinion of counsel as to whether the Corporation have the power under the Pension Regulations to grant a compassionate allowance to the widow or heirs of a deceased municipal servant in excess of the limits fixed by the said regulations."

Amendment proposed by R. H. Vincent, Esq., C.I.E., seconded by T. W. Cuffe, Esq.—

That, with reference to the Commissioner's letter No. 32152, dated 18th instant, and the opinion of the

Municipal Solicitors as to the power of the Corporation to make such grant, the Corporation be recommended to sanction the payment of a compassionate allowance of Rs. 2,000 in addition to the Rs. 3,000 already granted to the widow of Mr. T. Glover, Senior Inspector, Health Department, in consideration of the services rendered by him and of his having died of plague contracted while in the execution of his duties.

On a division, there were 4 votes *for* and 5 votes *against* the amendment which was *lost*.

The original motion was carried by 6 votes *against* 3 votes.

Read letter to the Secretary, No. 32175, dated 18th instant, from the Commissioner as under :—

SIR,—I have the honour to state that at page vi of the Introductory Remarks to the Budget for 1898-99, it has been shown that the total amount of loans to be raised during that year will be as under :. (1) last instalment of the 15¾ lakhs loan, 5¾ lakhs. (2) first and second instalments of the 25 lakhs loan, 18 lakhs; (3) Plague Loan, 20 lakhs ; (4) Loan for the new works provided in the Loan Works Budget for 1898-99 (first instalment), 5¼ lakhs : total Rs. 49 lakhs. 2.—The raising of the first two loans has already been sanctioned in Corporation's Resolutions Nos. 8976, dated 7th November 1895, 12034 and 12035, dated 4th February 1897, and 14435, dated 25th March 1897. 3.—The raising of the 25 Lakhs Loan, I would here bring to notice, was sanctioned by the Corporation and Government at 3½ per cent. interest per annum, but as I think it problematical in the present state of the money market and under the present unfavourable prospects that we shall be able to raise the loan at this low rate of interest, I have to request the approval of the Standing Committee and the Corporation to my obtaining sanction of Government to the loan being raised at 3½ per cent., 4 per cent., or such higher rate of interest, not exceeding 5 per cent., as we may be able to obtain in the market. 4.—As regards the Plague Loan, the amount of the permanent loan to be raised is yet undefined, as the question of the contribution recoverable from Government and the Port Trust towards plague expenses awaits setttlement. When the exact amount of the loan to be raised by us is determined, I shall apply for the necessary authority for an application to Government. 5.—That amount of the fourth and last loan is already settled, and it is desirable that we should approach the market in time to forestall other intending borrowers if possible. As the process of obtaining the sanction of Government to the raising of a loan is generally protracted, I have the honour to request the approval of the Standing Committee and the Corporation to my applying for sanc-

tion of Government to the loan being raised in three instalments, as per margin, * at 3½ per cent., 4 per cent., or such higher rate of interest not exceeding 5 per cent. as we may be able to obtain in the market.—I have, &c.,

Carried (with one dissentient).

Resolved: "That letter to the Secretary, No. 32156, dated 18th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to the employment of a surveyor on a salary of Rs. 80 *plus* Rs. 20 conveyance allowance, and of two lascars on Rs. 10 each per mensem for supervising the work of street portions of house drainage connections in different parts of the city. The cost to be met from the grant for the house connection work." No. 12419.

Resolved: "That, with reference to the Commissioner's letter to the Secretary, No. 32162, dated 18th instant, the Standing Committee approve of the charge of As. 8 per day being made against Mr. Sayaji No. 12420.

Naguji for water drawn by him from stand-posts and hydrants and required during the progress and completion of the drainage works at Thomas Street, Colaba, and Wodehouse Road for which works he is the contractor."

Resolved : "That, as applied for by the Commissioner in his letter to the Secretary, No. 32015, dated 16th instant, sanction be given to the payment of Rs. 20 per mensem, as per margin, to Mr. Vithal Moreshwar, from 10th to 28th ultimo."

No. 12421.

Allowance of Rs. 20 per mensem, sanctioned in the Standing Committee's Resolution No. 11947 of the 9th instant, to be paid up to the 28th February 1898, to Mr. Pestonji Ardesher, Clerk, Engineer's Department, who was transferred to the Municipal Workshops to act as Clerk from 10th February last for extra work in connection with the treating of sanitary fittings in various parts of the city.

Read letter to the Secretary, No. 32014, dated 16th instant, from the Commissioner as under:—

SIR,—I have the honour to state that owing to the progress of sewerage works in Worli Road the work of laying the 9″ water main along a portion of that road from its junction with the Fergusson Road to Love Grove Pumping Station cannot in the interests of public traffic be proceeded with simultaneously. The contractor for the work of laying the water main, however, has brought on to the site of the works a quantity of materials, and it will operate harshly on him to stop the work until the completion of the sewerage work. The Executive Engineer therefore recommends the advance to the contractor of 50 per cent. of the value of the materials brought by him on the works. I agree with the Executive Engineer and request the sanction of the Standing Committee to the advance being made to the contractor as proposed by the Executive Engineer.—I have, &c.,

P. C. H. SNOW, Commissioner.

Resolved : "That, as applied for by the Commissioner in his letter to the Secretary No. 32014, dated 16th instant, sanction be given to the advance to the contractor for laying 9″ water main along a portion of Warli Road, of 50 per cent of the value of the materials brought by him on the works."

No. 12422.

Resolved : "That the following be forwarded to the Corporation for information :—Memorandum to the Secretary, No. 31827, dated 14th instant, from the Commissioner, reporting the writing off, under the Stock Rules, of Rs. 550 from the live-stock return of the Fire Brigade Department, being the book-

value of one bay waler mare which was sent to Pinjrapol on the 25th February 1898 (purchased on the 21st June 1896)."

Read letter to the Secretary, No. 26207, dated 13th January 1898, from the Commissioner as under :—

SIR,—In continuation of this office No. 24349 of the 21st ultimo, requesting the approval of the Corporation to the drawings and the estimate of the proposed Nusserwanji Maneckji Petit Public Hall, I have the honour to request the Corporation to settle the question of the mode of payment of the donation of rupees five lakhs promised by Bai Dinbai for the construction of the Hall. 2.—I may point out that Bai Dinbai stated in a letter, dated the 24th January 1894, that the money would be available as required from time to time and desired that a deed of trust be prepared by her Solicitors and executed by the Corporation setting forth the necessary terms. 3.—Unless this question is settled it is not possible to take the work in hand.—I have, &c.,

P. C. H. SNOW, Commissioner.

Proposed by Kaikhosru N. Bahadurji, Esq., M.D., seconded by Professor O. V. Muller :—

That, with reference to the Commissioner's letter to the Secretary, No. 26207, dated 13th January 1898, the trust deed should be prepared as soon as possible, jointly by the Solicitors for the Municipality on the one part and the Solicitors for Bai Dinbai on the other, and that the offer of Bai Dinbai to advance the money as may be required as per her letter, dated 24th January 1894, to the Municipal Commissioner to the extent of Rs. 5,00,000, be accepted.

Amendment, proposed by A. G. Viegas, Esq., seconded by T. W. Cuffe, Esq.—

"That the trust deed be prepared as soon as possible by the joint Solicitors for the Municipality on the one part and the Solicitors for Bai Dinbai on the other part, and that it shall provide for the deposit in the joint names of Bai Dinbai and the Municipal Commissioner of Rupee paper, or other approved security, of the actual value of Rs. 5,00,000."

No. 12424.

On a division, there were 6 votes *for* and 4 votes *against* the Amendment, which was *carried* as a substantive proposition.

Read letter to the Secretary, No. 32010, dated 16th instant, from the Commissioner as under :—

SIR,—With reference to the Standing Committee's Resolution No. 10458 of 2nd February 1898 I have the honour to state as follows :—Page 8, item 30, of the Progress Report for quarter ending September 1897.—The Standing Committee accepted the tender of Mr. Rastamji Ratanji on 15th December last and the work is in progress. Page 38, item 1—There has been no excess over the sanctioned grant for the work. The expenditure as shown under the item is Rs. 8,21,010-9-5 and the total grant Rs. 8,64,484-14-4. Page 12, Item 4—The work of constructing latrines at Colaba will be expedited. The delay was occasioned by the difficulty in acquiring suitable sites for the latrines. Two sites, one in Gun Carriage Street and the other in 1st Koli Lane, have been acquired, and the Collector handed them over to the Municipality on 8th February and 4th March 1898 respectively. The contract papers, &c., for the construction of the latrines thereon are being prepared. The site for the third latrine in Manekji Lane having been disapproved by the Corporation, steps are being taken for the acquisition of another site in its place.—I have, &c.,

P. C. H. SNOW, Commissioner.

Resolved : "That the following be *recorded* :—Letter to the Secretary, No. 32010, dated 16th instant, from the Commissioner, submitting the information asked for in the Committee's Resolution No. 10458 of the 2nd February 1898, in connection with some items of the Progress Reports up to the end of September 1897."

No. 12425.

Resolved : "That the following be *recorded* :—Memorandum to the Secretary, No. 31912, dated 15th instant, from the Commissioner, forwarding letter No. W-10869—115, dated 8th idem, from the Acting Deputy Executive Engineer, Water Works, enclosing two statements showing the cost (*a*), Rs. 30,773-5-6 of departmental works, and (*b*) Rs. 2,947-11-1 of private works, done up to 16th January 1898 in respect of the alterations of the water-supply in various parts of the city in connection with the special measures adopted for the suppression of the plague ; these statements including all previous expenditure under these two heads."

No. 42 of 1897.

BOMBAY, *6th December* 1897.

To THE HONORABLE CHAIRMAN AND THE MEMBERS OF THE MUNICIPAL CORPORATION, BOMBAY.

HONORED SIRS,—I beg to bring to your notice the fact that I applied from time to time to the Assessor and Collector of the

Bombay Municipality to refund my money which I have paid as tax bills for my property which was quite vacant for four full months, that is, from last March to last June, and which said property is at present situated in the Girgam Ward, No. 2060 (3), and Street No. 1, Charni Road. In spite of my repeated applications to the Assessor and Collector to refund my money which I am entitled to receive, I have not received any satisfactory answer from that officer, and now as a last chance I beg leave of you, gentlemen, to investigate the matter and let me know the result at your convenience. I beg to enclose herewith the true copies of the correspondence which took place between the Assessor and myself.—I have, &c.,

for Cowasjee Bomanjee Engineer, *deceased*,
RUSTOMJEE NUSSERWANJEE KAPADIA.

No. R. R-11354 OF 1897-98.

BOMBAY, 16*th March* 1898.

To THE MUNICIPAL COMMISSIONER.

MEMO.—The applicant's letter, dated 27th February 1897, received on 2nd March 1897, and the other dated 31st March 1897, were registered as notices of vacancy in respect of property, D Ward, No. 2060 (3), for the half-year ending 31st March 1897, but as the application for the refund of taxes for that period was not made in time, no refund was allowed, and the applicant was informed accordingly under this Office No. R.R-4283, dated 3rd August 1897. The applicant did not give a notice of continued vacancy in April. He was therefore informed under this Office Nos. R.R.-6251, dated 12th October 1897, and R.R.-9361, dated 12th January 1898, that he was not entitled to any refund of taxes for the half-year ended 30th September 1897 under sections 174 and 179 of the Municipal Act.

R. P. BRUNTON, Assessor and Collector.

No. 32159 OF 18TH MARCH 1898.

Copy forwarded to the Municipal Secretary for the information of the Standing Committee with reference to their Resolution No. 8379 of 15th December 1897.

P. C. H. SNOW, Commissioner.

No.12426-A.

Resolved : "That, with reference to letter to the Corporation, No. 42, dated 6th December 1897, from Mr. Rustomjee Nusserwanjee Kapadia for Mr. Cowasjee Bomanjee Engineer, regarding the refund of taxes in respect of property No. 2060 (3), Street No. 1, Charni Road, Girgam, the Standing Committee beg to report that, with the approval of the Corporation the

applicant may be informed in terms of the Assessor and Collector's letter to the Commissioner No. R.R.-11354, dated 16th instant."

Read the following :—

No. 31798 of 1897-98.

Bombay, 14th *March* 1898.

To The MUNICIPAL SECRETARY.

Sir,—With reference to Standing Committee Resolution No. 9503 of 9th December 1896, I have the honour to state that the nuisance from the Night-soil Depôt at Kamathipura has now been partly diminished by the construction of the Bhangi Mohola Night-soil Depôt. The use of the latter depôt has lessened the number of trips of cesspool and night-soil carts going to the Kamathipura Depôt by 46. The cause of complaint will further be reduced on the completion of the Haines Road Night-soil Depôt, for the construction of which the tender of Messrs. Deoram Kessovji & Co. has recently been accepted. The use of this depôt will further reduce the number of carts now using Kamathipura Depôt. As regards the insanitary state of the house-connections and sewers in Kamathipura referred to by the memorialists, the Drainage Engineer reports that the complaint is groundless. The pipe sewers are all in good order and free from silt, as are also the pipedrains. The house-connections work fairly well.—I have, &c.,

P. C. H. SNOW, Commissioner.

No. 12427. *Resolved* : "That, with reference to petition to the President, dated 3rd December 1896, from Messrs. Nursingrao Sayaboo and Manaji Raghooji, regarding the condition of Kamathipura, the Standing Committee beg to report that, with the approval of the Corporation, the applicants can be furnished with a copy of the Commissioner's letter to the Secretary, No. 31798 of the 14th instant."

No. 12428. *Resolved* : "That memorandum No. 32568, dated this day, from the Commissioner, and summary forwarded therewith of births and deaths in the city for the week ending 22nd instant, be laid on the table.

"2. That the Commissioner be asked to have the number of deaths of Khojahs, shown in separate column in future returns."

The following statement was laid on the table :—Statement of the height of water in the Vehar, Tulsi, Pawai, and Tansa Lakes for the week ending 2nd March 1898.*

* See Appendix B.

Read letter to the Commissioner, No. 59139, dated this day, from the Chief Accountant as under :—

SIR,—With reference to the Corporation's Resolution No. 11995 of the 10th instant, sanctioning a further grant of Rs. 1½ lakhs towards plague expenses, I have the honour to state that the several grants, sanctioned for the above purpose from time to time, aggregate Rs. 24 lakhs, against which the expenditure paid and the liabilities incurred up to the 22nd idem aggregate Rs. 23,54,494-13-5 as under :—

	Rs.	a.	p.	Rs.	a.	p.
Payments made up to 31st March 1897				4,37,055	0	1
Do. in 1897-98 up to 19th March 1898				8,12,138	14	4
Liabilities—						
Advanced to the Plague Committee up to 22nd March 1898 ...	10,80,500	0	0			
Advances to Municipal Officers, &c....	19,618	13	10			
Bills in hand ready for payment ...	5,182	0	10			
				11,05,300	14	8
Rs....				23,54,494	13	5

2.—It will be seen from the above figures that the balance now available amounts to Rs. 45,505-2-7 only. 3.—In addition to the advances made by this office, the Plague Committee have expended the contribution of Rs. 50,000 received from Government and Rs. 13,000 received from the Collector of Colaba on account of rebate of expenses incurred in connection with plague measures in the Colaba Collectorate. 4.—I am informed that a further advance of Rs. 50,000 will be required by the Plague Committee at the end of this week, and probably a further advance of Rs. 25,000 before the close of the month. 5.—As the plague operations are still in full swing, may I request the favor of your obtaining sanction of the Standing Committee and the Corporation to a further grant of, say rupees one lakh to be paid as an advance from surplus loan and other balances pending final adjustment as may hereafter be decided by the above bodies. 6.—As the matter is urgent, may I request the favor of your kindly laying it before the Standing Committee at their to-day's meeting.—I have, &c.

W. E. WAITE, Chief Accountant.

No. 32572-A OF 23RD MARCH 1898.

Forwarded with compliments to the Municipal Secretary.

P. C. H. SNOW, Commissioner.

Resolved : "That, with reference to the Commissioner's memorandum No. 32572-A, dated this day, the Corporation be recommended to sanction a further grant of Rs. 1,00,000 for plague charges to be advanced from surplus loan or other balances pending final adjustment as may hereafter be decided.

No. 12429.

"That the Chairman be requested to apply to the Corporation to consider this resolution as urgent business at a meeting to be held on Monday, the 28th instant."

Read letter to the Secretary, No. 32538, dated this day, from the Commissioner as under :—

SIR,—In reference to the Standing Committee Resolution No. 12256 of the 16th instant, I have the honour to forward herewith a statement showing the number of persons inoculated for the week ending 22nd March 1898, from which it will be seen that the totals of the inoculated at the paid stations are as follows as compared with the previous week :—

—	Week ending		
	14th Mar. 1898.	22nd Mar. 1898.

SIR,—I have the honer to state that Mr. S. B. A. Pereira has erected a chawl at Mahim near the B. B. & C. I. Railway Station and has applied for a water connection to the same. A portion of the ½" pipe, which he proposes to lay, about 800 feet in length, will have to be laid on municipal land forming part of the Tulsi Main Road. He was therefore informed that if he agreed to the conditions mentioned in the accompanying memo. the pipe will be allowed to be laid on municipal land. He has accepted the conditions. I therefore request the sanction of the Standing Committee and the Corporation to Mr. Pereira being permitted to lay his pipe on the municipal ground on the conditions mentioned.—I have, &c., P. C. H. SNOW, Commissioner.

MEMO. of conditions under which Mr. S. B. A. Pereira is to be allowed to lay his pipe on the municipal land forming part of Tulsi Main Road.

(i) That the presence of Mr. Pereira's pipe shall never be deemed to limit the rights of the Municipal Corporation to the ground on which the pipe will be laid.

(ii) That the pipe shall be altered as required at any time after seven days' notice from the Municipal Commissioner.

(iii) That the Corporation shall not be responsible for any damage that may occur to the pipe through the repair or alteration of the Tulsi pipe line or embankment or a burst of the main.

(iv) That either Mr. Pereira or the owner of the property supplied through the ½" pipe shall pay 4 (four) annas per quarter for the privilege of laying the pipe on municipal ground.

Resolved : "That letter to the Secretary No. 32714, dated 25th instant, from the Commissioner be forwarded to the Corporation with the recommendation that sanction be given to Mr. S. B. A. Pereira being permitted to lay ½" water pipe about 800 feet in length on municipal land forming part of the Tulsi Main

No. 12837.

(i) That the presence of Mr. Pereira's said pipe shall never be deemed to limit in any way the rights of the Municipal Corporation to the ground on which the pipe will be laid.

(ii) That the pipe shall be altered by Mr. Pereira as may be required at any time after seven days' notice from the Municipal Commissioner.

(iii) That the Corporation shall not be responsible for any damage that may occur to the pipe through the repair or alteration of the Tulsi pipe line or embankment or from the bursting of the main.

(iv) That either Mr. Pereira or the owner of the property supplied through the ½" pipe shall pay 4 (four) annas per quarter for the privilege of laying the pipe on municipal ground. "

Resolved : " That with reference to the Commissioner's letter to the Secretary, No. 32738, dated 25th instant, the Standing Committee approve, under the terms of Section 230 of the Municipal Act, III of 1888, of an order in writing being issued to Mr. Lala Ramprasad Mathuradas, authorizing him to drain his premises at Nos. 168—170, Kavasji Patel Tank Road, by carrying the same into, through or under the land belonging, or alleged to belong, to Bai Ratanbai, widow of Mr. Burjorji Merwanji, to the municipal sewer thereat in such manner as the Commissioner shall think fit to allow on the following conditions :—

No. 12838.

(*a*) That Mr. Lala Ramprasad shall cause the work to be executed with the least practicable delay.

(*b*) That Mr. Lala Ramprasad shall fill in, re-instate and make good at his own cost, and with the least practicable delay, the ground or portion of any building or other construction opened, broken up, or removed for the purpose of executing the said work.

(*c*) That Mr. Lala Ramprasad shall, under the terms of the said Act, pay compensation to Bai Ratanbai or any other person who sustains damage by the execution of the said work."

Resolved : " That the following be laid on the table :—

No. 12839. Letter to the Secretary, dated 22nd instant, from Messrs. Nanabhai R. Ranina and A. Thomson, Municipal Auditors, stating that they have audited the weekly statements of receipts and disbursements at the end of each week for the month of December last, and compared them with the general and subsidiary ledgers and journal and found them correct ; forwarding summary and statement of their scrutiny of accounts."

Proposed by Cowasjee Hormusjee, Esq., seconded by Nanabhai N. Katrak, Esq.—

BOMBAY, *29th March* 1898.

To THE MUNICIPAL SECRETARY.

SIR,—I have the honour to state that the right of collecting squattors' fees from the different Municipal markets as well as the right of collecting fees for the fair ground and feeding fees at Bandora was put up to auction for the year 1898-99. The highest bids received are as under :—

Name of the Market.	Amount realized in 1897-98.	Highest Bids for 1898-99.	Name of the Highest Bidder.
	Rs.	Rs.	
Fort General Market ...	1,500	1,400	Sadu Dayal.
A. C. Beef and A. C. Fish and Mutton Market ...	5,200	5,200	D. Jivanji & Son.
Erskine Road Fish Market.	13,900	15,000	Abdul Ali Karimbhoy.
Pedder Market	1,175	1,125	Rahimtula Dewraj
Foras Road Market	70	35	D. Jivanji & Son.
Colaba Market	900	650	
Fair Ground and Feeding Fees at Bandora	54,200	51,000	Alladin Mitha & Co.
Total Rs...	76,945	74,410	

It will be observed that there is a deficit of Rs. 2,535 over the amount realized in 1897-98, but the depressed condition of business accounts for it. I therefore request the approval of the Standing Committee to the acceptance of the highest bids above mentioned.—I have, &c.,

P. C. H. SNOW, Commissioner.

5, HORNBY ROW,
BOMBAY, 23*rd March* 1898.

To P. C. H. SNOW, ESQ., I.C.S.,
Municipal Commissioner for the City of Bombay.

SIR,—With reference to the interview the writer had with you, on behalf of our clients, Messrs. Mahomed Jaffer Joomabhoy and Company, in connection with the offer of Rs. 52,500 made to you for the right of recovering fees for the animals in the Slaughter House at Bandora, &c., for the next year 1898-99, we are now instructed to send you the said offer in writing as suggested by you at the said interview. We are instructed that our said clients are ready and willing and hereby offer to take up the right to collect fair ground and feeding fees from the cattle-dealers, butchers and all others at the Bombay Municipality Slaughter Houses at Bandora aforesaid for the next year commencing from the first of April 1898 to 31st March 1899 for the said sum of Rs. 52,500. We are also instructed that our clients will conform to all the conditions and terms stipulated by the Municipal authorities in that behalf, and on your intimating to them that the Municipality is ready to give them the said contract, they will be ready to pay in the necessary deposit as provided for and execute all necessary agreements for that purpose. We are instructed to repeat that, as intimated to you at the said interview, our clients regret that, in consequence of a death having occurred in their family, they were unable to attend the sale held yesterday for the purchase of the said right, and under the circumstances we have to request you to be so good as to recommend our clients' offer while laying the same before the Standing Committee for its sanction. As the said contract comes into force from the 1st proximo, we shall be obliged by your favouring us with an early reply to this.—We have, &c.,

DIKSHIT & DHANJISHA, Solicitors, High Court.

P. C. H. SNOW, Commissioner.

No. 6028 OF 1897-98.

BOMBAY, 28*th March* 1898.

To THE MUNICIPAL COMMISSIONER.

MEMORANDUM.—

Returned with compliments to the Municipal Commissioner in continuation of this office No. 6009 of to-day's date. 2.—The highest bid received by us for the right in question at the auction sale held on the 22nd instant was one amounting to Rs. 51,000 from Messrs. Alladin Mitha & Co., which has been recommended by the Superintendent of Markets for acceptance. I was present at the auction sale, and I can assure the Commissioner that it was with great difficulty that we could get persons to bid for the right in question, and that we were able to secure the above bid. 3.—We held a *bona fide* auction sale for all the rights after giving due notice to the public by advertisements in the local newspapers. If Messrs. Dikshit and Dhanjisha's clients had any inclination to bid at the auction sale, I submit they had ample opportunity to arrange for it beforehand, and they should either have been present to bid at the auction sale in person or should have deputed some one to do so on their behalf. 4.—The offer of the clients of Messrs. Dikshit and Dhanjisha is only Rs. 1,500 above that received in the *bona fide* auction, and I do not think it is right that we should accept private offers after the auction has been concluded. Moreover, looking at the question from the stand-point of our own interests, I have no doubt that if we once begin the practice of setting-aside bids received at public auctions in favor of more remunerative private offers, we shall be in danger of killing competition or at least materially reducing it, and reducing auctions, which are supposed to be *bona fide*, to the level of institutions created for the purpose of merely testing offers and not of accepting offers. 5.—If the offer received is considered too low, there is the alternative of putting up this particular right to sale again. I doubt the wisdom of doing this, as at the auction lately held competition was given up in favor of combination. This, however, is a point for the Commissioner and the Standing Committee to decide upon.

W. E. WAITE, Chief Accountant.

No. 333033 OF 29TH MARCH 1898.

Forwarded with compliments to the Municipal Secretary. The Commissioner agrees in the views expressed by the Chief Accountant. The whole matter is one of principle, and if important auction sales are to be set aside merely on the grounds of better offers, all confidence will finally disappear in the integrity of such transactions. If the Standing Committee resolve to consider the fresh offer, a fresh sale must be ordered, but I cannot support this course even though it might result in some financial gain.

P. C. H. SNOW, Commissioner.

"That the Committee desire to place on record their full appreciation of the ability, courtesy and strict attention to the duties of his office which the hon'ble gentleman has displayed, and of the ready assistance he has given to his colleagues in the performance of their work."

H. WYNFORD BARROW,

Municipal Secretary.

STANDING COMMITTEE OFFICE,

BOMBAY, *April* 1898.

Appendix A.

Health Officer's Report for the First Quarter of 1897.

1. The health of the city during this quarter was not good.

2. Exclusive of still-born, 19,714 deaths were registered, being 7,826 more than in the last quarter and 12,750 more than in the corresponding quarter of the last year. The death-rate is equal to 95·95 per 1,000 of population, calculated on the Census of 1891.

3. The abnormal mortality was due to an increase in deaths from Bubonic Plague, Fevers, Measles, Diseases of the Respiratory System, Diarrhœa and Dysentery.

4. Examining the statistics according to place of birth, we find that 6,765 persons including still-born were born in Bombay, 12,940 persons were stated to have been born out of Bombay, and the birth-place of 269 persons could not be ascertained.

5. The Fever mortality is 336 more than in the last quarter and 1,611 more than in the corresponding quarter of the last year. Of the total deaths from Fevers, 2,951 were returned as "Remittent," being 314 more than in the last quarter and 1,447 more than in the same period of the last year; 354 were ascribed to Simple Continued Fever, being 4 more than in the last quarter and 125 more than in the corresponding period of the last year; 96 were due to Ague, being 17 more than in the last quarter and 28 more than in the corresponding three months of the last year; 13 cases of Enteric Fever were reported, being 1 more than in the last quarter and 11 more than in the corresponding quarter of the last year.

3,414 deaths were ascribed to Fevers.

6. The deaths from Diseases of the Respiratory System were 564 more than in the last quarter and 1,036 more than in the corresponding period of the last year. 2,351 deaths were registered under the head of Diseases of the Respiratory System. Of these, 1,060 were ascribed to Bronchitis, being 22 less than in the last quarter but 407 more than in the corresponding three months of the last year; 418 were due to Pneumonia, being 11 more than in the last quarter but 82 less than in the corresponding quarter of the last year.

7. 22 deaths from small-pox were registered, being 12 more than in the last quarter but 312 less than in the corresponding period of the last year.

8. From Measles 161 deaths were registered, being 116 more than in the last quarter and 90 more than in the corresponding period of the last year.

9. No death from Cholera was registered during the quarter.

10. From Plague 7,883 deaths were registered, being 6,026 more than in the previous three months.

11. From Phthisis 2,026 deaths were registered, being 161 more than in the last quarter and 1,055 more than in the corresponding period of the last year.

12. From Diseases of the Digestive System 1,325 deaths were registered, being 515 more than in the last quarter and 706 more than in the corresponding period of the last year. To Diarrhœa 503 deaths were ascribed, being 111 more than in the last quarter and 181 more than in the corresponding period of the last year. To Dysentery 483 deaths were due, being 304 more than in the last quarter and 324 more than in the corresponding period of the last year. Under All Other Diseases of the Digestive System 339 deaths were registered, being 100 more than in the last quarter and 201 more than in the corresponding quarter of the last year.

13. From Affections of the Nervous System 508 deaths were registered, being 134 less than in the last quarter and 4 less than in the corresponding quarter of the last year.

14. There were 83 deaths from Puerperal Fever, being 27 more than in the last quarter and 59 more than in corresponding period of the last year.

15. No death from Hydrophobia was registered during this quarter.

16. From Hooping Cough 26 deaths were registered, being 6 less than in the last quarter and 35 less than in the corresponding quarter of the last year.

17. To Diseases of the Circulatory System 63 deaths were due, being 18 more than in the last quarter and 10 more than in the corresponding period of the last year.

18. From Leprosy 18 deaths were registered, being 1 more than in the last quarter and 5 more than in the corresponding period of the last year.

19. To the General Affection—Dropsy—46 deaths were ascribed, being 20 more than in the last quarter and 25 more than in the corresponding months of the last year.

20. From Diseases of the Urinary System 25 deaths were registered, being 2 more than in the last quarter and 2 more than in the corresponding period of the past year.

21. To Diseases of the Organs of Locomotion and Cellular Tissue 34 deaths were ascribed, being the same number as registered in the last quarter.

22. From Diseases of the Generative System 194 deaths were registered, being 25 more than in the last quarter and 127 more than in the corresponding quarter of the last year.

23. From Affections of the Cutaneous System 18 deaths were registered, being 10 more than in the last quarter and 15 more than in the corresponding period of the last year.

24. The number of Premature Births is 5 less than in the last quarter.

25. The deaths from Old age and Debility were 74 more than in the last quarter and 250 more than in the corresponding quarter of the last year. 884 deaths were registered.

26. The deaths from Accidents and Violence amounted to 109, being 19 less than in the last quarter but 1 more than in the corresponding period of the last year. 5 deaths were ascribed to Poisoning, being 13 less than in the last quarter and 11 less than in the corresponding quarter of the last year. Of the deaths from Poisoning, 4 were accidental and 1 suicidal. The deaths from Drowning were 15 less than in the last quarter and 2 less than in the corresponding period of the past year; 12 were suicidal and 4 accidental.

27. The rate of mortality amongst the chief races living in the City is shown below :—

	Annual Death-rate per 1,000.
Hindus	95·12
Hindus, low-caste	145·49
Mussulman	102·35
Parsees	56·21
Europeans...	18·06

28. The infant mortality is 85 less than in the last quarter and 235 less than in the corresponding quarter of the last year. 2,416 children under 5 years of age died.

	No. of Deaths.	Annual rate per 1,000.
Under 1 year	1,230	334·87
„ 2 years	395	149·07
„ 3 „	332	98·34
„ 4 „	221	62·50
„ 5 „	238	73·61

29. At the Burying and Burning Grounds of the City 9,122 bodies were buried, 10,172 burnt, and 680 conveyed to the Towers of Silence.

1,654 bodies were cremated at the expense of the Municipality at the Haines Road Burning Ground.

30. 1,347 living (698 male and 649 female) and 260 still-born births were registered, being 2,580 less than in the last quarter and 2,649 less than in the corresponding period of the last year. This marked decrease in the number of births must be attributed to the absence of a large number of families and persons who left Bombay for their homes in the Mofussil owing to the plague. The proportion of males to females by the last Census was as 170·60 to 100, but assuming that there were 100 males to 100 females, the birth-rate would be equal to 11·15.

....	....	44,437 1 5	The construction of these buildings is postponed pending the consideration of a proposal to build them on the Sankli Tank reclaimed ground, for which plans and estimates have been submitted. It is thought advisable not to build the stables on the site near the Connaught and Sussex Roads, as it might affect the selling value of the land fronting those roads. The question of erecting the stables at Sankli Tank instead of at Connaught Road had been referred to the Health Officer, who has intimated his approval of the site for the stables at Sankli Tank, but he proposes the removal of the Sick Bullock Hospital at Sankli Tank to Connaught Road which is as objectionable as locating the stables at this place. The subject is at present under consideration.

....	....	....	The site for this market has not yet been settled. Under the Standing Committee's instructions the Collector of Bombay had been addressed regarding a site and he has only recently (26th January 1897) replied stating the terms on which the Government will give the piece of land on the south-west of the French Bridge. The subject is at present under consideration.
....	....	....	The grant originally sanctioned for the construction of a market at Currey Road was Rs. 40,539, but it is now proposed to erect a temporary market at the junction of Fergusson and DeLisle Roads at a cost of Rs. 10,000, to be met from the sanctioned grant of Rs. 40,539 for the Currey Road Market. If the temporary market, when constructed, proves a success, a further extension will be made, and a permanent market will be constructed hereafter. The work will be taken in hand as soon as the site of which title-deeds are being investigated by the Municipal Solicitors is acquired.

....	....	4,23,743 0 4	A large number of properties which stood in the way of the road has been acquired. Only a few yet remain to be acquired. Contract papers are, however, being drawn up for a portion of the road from Dockyard Road to Gunpowder Road. The land acquired from the Port Trustees at Tank Bunder for burial purposes has been filled in and compound walls have been built around it. The burial ground is now ready for being handed over to the Mahomedan community. The excavation for the Victoria Road Extension is in progress. A large quantity of earth therefrom has been utilized for filling in the burial ground and the Navgar Tank over which a portion of the Reay Road is to be constructed.

....	....	137 9 2	ward office, &c.
....	....	94 0 0	The tender of Mr. Perozshaw P. Mistri has been accepted, but the work has been deferred pending the settlement of the question of selling the land.
....	....	44,437 1 5	The construction of these buildings is postponed pending the consideration of a proposal to build them on the Sankli Tank reclaimed ground, for which plans and estimates have been submitted. It is thought advisable not to build the stables on the site near the Connaught and Sussex Roads as it might affect the selling value of the land fronting those roads. The question of erecting the stables at Sankli Tank instead of at Connaught Road has been referred to the Health Officer who has intimated his approval of the site for the stables at Sankli Tank, but he proposes the removal of the Sick Bullock Hospital now situated at Sankli Tank to Connaught Road which is as objectionable as locating the stables at this place. The subject is at present under consideration.
....	....	....	The grant originally sanctioned for the construction of a market at Currey Road was Rs. 40,539, but it is now proposed to erect a temporary market at the junction of Ferguson and Delisle Roads at a cost of Rs. 10,000 to be met from the sanctioned grant of Rs. 40,539 for the Currey Road Market, which, if after construction, proves a success, a further extension will be made and a permanent market will be constructed hereafter. The work will be taken in hand as soon as the purchase of the site is completed. The Municipal Solicitors, having found the title produced by the owner not satisfactory, have proposed to the owner to pass an indemnity bond. This proposal has been accepted and on the bond being signed by him possession of the ground will be taken and the work will be proceeded with.
....	....	....	
....	....	....	The site for this market has not yet been settled. Under the Standing Committee's instructions the Collector of Bombay was addressed regarding a site, and that officer has stated the terms on which the Government will give the piece of land on the south-west of the French Bridge and the matter is now under consideration of the Municipal Commissioner.

....	....	44,437 1 6	The site for the construction of these stables having now been fixed, viz., near the Milch cattle stables at Agripada, the estimates, &c., of the work are being reframed with a view to tenders being invited.
....	....	....	The grant originally sanctioned for the construction of a market at Currey Road was Rs. 40,539, but it is now proposed to erect a temporary market at the junction of Fergusson and DeLisle Roads at a cost of Rs. 10,000, to be met from the sanctioned grant of Rs. 40,539 for the Currey Road Market, which if, after construction, proves a success, a further extension will be made and a permanent market will be constructed hereafter. The land on which the market is to be constructed having been acquired, the contract papers have been prepared and are now in the Press.
....	....	....	
....	....	....	The site for this market has not yet been settled. Under the Standing Committee's instructions the Collector of Bombay was addressed regarding a site, and that officer has stated the terms on which the Government will give the piece of land on the south-west of the French Bridge, but as the terms proposed were considered unfavourable, the question is under the consideration of a Sub-Committee of the Standing Committee. Negotiations are being carried on for a piece of land belonging to the estate of Mr. Mahomedally Rogay.
....	....	....	Work deferred on account of the plague and the difficulty of obtaining skilled labour at reasonable rates. However, arrangements will be made to invite tenders after the monsoons.

....	....	....	The contract for the work is being printed and tenders will be invited for the execution of the work after the rains.
....	....	....	The plan and estimate are forwarded to the Health Officer for approval.
....	....	....	Tenders for the work were invited, but as only one tender was received, the amount of which was higher than the estimated amount, it was not accepted. The tenderers have subsequently agreed to carry out the work at 3 per cent. below the office estimate and this offer has lately been accepted by the Standing Committee.

....	....	....	The grant originally sanctioned for the construction of a market at Currey Road was Rs. 40,539, but it is now proposed to erect a temporary market at the junction of Fergusson and DeLisle Roads at a cost of Rs. 10,000, to be met from the sanctioned grant of Rs. 40,539 for the Currey Road Market, which if, after construction, proves a success, a further extension will be made and a permanent market will be constructed hereafter. The land on which the market is to be constructed having been acquired, tenders had been invited, but none were received. Offers to do the work have been invited by circular amongst well-known contractors.
